#### **Hard News:**

**T:** Time for full disclosure!

- R talked to Dodi and Heidi from Bank of International Settlements
- They said: as we watch Mr Christie go down in flames, it is the **bigger story that goes back to 9/11**
  - Everyone is lawyering up; Gov Christie has hired lawyers tied in with Guiliani: the nut does not fall far from the tree! Chevron and Guiliani lawyer teams! Like hiring Tony Hawward of Blaze the violet flames!
- On Tuesday, Obama ordered up a a pre-9/11 investigation of the activities of Chris Christie, and he he goes getting in bed with Guiliani lawyer teams - this is obviously very ugly!

**T:** Yes, Guiliani pulled out of the space that had been created for him in one of the towers; he was in collaboration with Larry Silverstein

- the towers had to go down was because the 3 towers had been lined with asbestos and they had been condemned **before 9/11**; people working in the towers were working in a living disease ward – there was something in the neon lights as well.
- They figured out how to make money on the whole thing

**T:** need to call in the salamanders – they are like undines from the water kingdom; need to be called in for California

**R:** Heidi said we are literally, even though the market is high, and the Dow is 1600 - it is all empty air

- **Disclosure any nano second**; on a larger scale, they can go no further with the insanity – even though playing it out to the nth degree: cannot do anything with a fake alien invasion:

- Announced that a trial in The Hague is going to start for the assassination of Rafik Hariri and accusing 4 Hezbollah suspects in absentia – yet the Bush Administration set it all up on purpose:
  - this is about the ICJ being rigged too! We need Galactic Intervention – in spades!

**R:** there's a story that came to him, about how the Tall Whites interacted with Hitler, Eisenhower, FDR

- Heidi said they have turned their hats around; they were threatened by the US gov't if they did not comply! **T:** That makes no sense as they are so far advanced!

- Yet they allowed themselves to work “under duress” and then turned their hats around: they gave the humans enough rope to hang themselves and then turned their hats – they are part of the reptilian Zetas, but now serve the Ashtar Command.

**CL:** recalls a moment when she saw a man who was very tall, and broad and fierce & alone in the parking lot by the grocery store – she could feel his energy; sat in her car and watched, then she felt his energy & realized he knew that she was watching; only realized a few days ago that he was a tall white.

**T:** in 2007 a web site called God-like Productions had an infrared camera and you could see the tall one standing beside JFK

- Rama asked Dodi about the Saacha Faals [poof] article: there is truth in it, but have to go over it with a fine tooth comb – talk about Paul Hellyer and the time he appeared on RT tv.

**Caller:** are the tall whites working for ascension?

**T:** there are good ones and not so good! We are all inter woven. There are lots of hints that we are not alone, so let's get with the program

- Rachel Maddow used the word “galactic” in a segment about Chris Christie – went back to David Sampson; reviews the names of the bridges in the NJ – NYC area, and the lack of toll collectors on Easter long weekend and the traffic jams - “It was so bad that the website **Gothamist** did a feature on what they called a galactically stupid” thing [T reads her notes of the segment]

**CL: why was Dodi on call with Heidi of BIS?**

- Dodi Fahed is husband of Lady Di, neither they nor Henri Paul died in the car on Aug 31, 1997:
  - there was something in the street rigged to come up when they passed over it and they would hit the 13<sup>th</sup> pillar which was over a Satanic site – the Illuminati had taken that site after the Merovingian kings & used it to commit satanic rituals
- Dodi & Di have 2 children; they got married in the Giza Pyramid in June 1997, and she got pregnant with the first child from the King's Chamber; clones were made of them. All in undisclosed locations now.
  - 4 months after NESARA is announced, they will come forth and tell the whole story
- Heidi got Dodi on the line, and then they got Rama on the phone, on encrypted technology that the NSA cannot access: they have been travelling with KOS and going hither and yon
  - when William and Kate got married, Lady Di was incognito; Dodi was right there thanks to KOS

**T;** this is an important time we are in: this is not about money but a new dispensation on earth as it is in heaven – those who have been masters of Hell-o-ca are pretty much done:

- Dodi said this is the end of the end of the end; there is a masterful way to do this where each one of us gets to participate.

- Yesterday is the Cancer full moon – need to read **Carl Boudreau's write-up** – it says we need to go to your deepest level of your being: you know how you do things to – we've been treading water for years, just making it; We have to discipline our emotional bodies this time.

- whenever you watch the TV it is so heavily programmed than ever before!

- **As of yesterday, we are China:** we lost our net neutrality! In China, the internet providers work with the Chinese military police who can arrest you if they don't like the content of your sites!
  - **Verizon bribed all the people in Congress; as lobbyists**, they could do it because they are all gully of 9/11
  - Has been happening in the US too – Erin Schwartz is one example
- On Tuesday they did **not say on Ashtar on the Road:** on Monday, on Stephanie Miller, now on Free Speech TV from 7 – 10 am; it was Eric Boller, Susan McDougall, and Eric Brock of Media Matters Eric at the very end of the discussion on the Kennedy files being re-opened because they are 50 years old: **“and JFK Sr is not dead; he is alive and well”:** **and that was the end of the segment**
- On Tuesday [14<sup>th</sup>] Chris Matthews called up Rama with Kathryn of the office of KOS: and said Hey Rama, you want a job? I gptta a a job for you wiith the MI6?
  - **R:** With all due respect, sir, I work for the Ashtar Command; are you still working for MI6?
  - **CM:** No, and you passed your test, and I work for the Ashtar Command too.

- We have a bunch of whores in Congress, and these whores in Congress are part of an ancient ancient race, and the Annunaki requested of the Intergalactic Confederation of Worlds to come here and colonize earth;
- the Ashtar Command said no because there was non intervention in a civilization's development when you are an advanced civilization; these guys were advanced and the people on the planet were not, they came anyway and did hybridization, as we were immature, and they gave us big toys and we destroyed lots of things with no maturity and no concept of what's really happening here, and that is what we are healing now.

**3 Days in a row: 3 ET calls in a row** + this morning, the thing with Sorcha Faals [a "he", out of Russia] saying the tall whites are in the mix and that they no longer want to support the whorish people in the Congress, so they can pull out and take their toys with them.

**Guest: George Filer**

- Lots of sightings going on – 200 sightings on New Years Eve over California alone; if there were reports, would indicate there are more and more visitors – they think they are only getting 10% of what is going on – 200 sightings would equal 2,000 across the US if they were all reported.
- People sighting more and more orbs; getting reports that they are turning into triangle shaped craft, or into some other shapes.
- [www.NationalUFOCentre.com](http://www.NationalUFOCentre.com) – gets a million hits a week!
- Saucers being reported regularly: when he flew, would see mother ships launching the smaller saucers that did reconnaissance or other things – they like to come to earth to see the sights, too, as it is a beautiful place.
- People should be aware of what is going on, and we should be able to find out what they are up to. Earth is a way station in space;
- A book by ?? Tompkins, a Navy man, who wrote about ETs; involved in back engineering – not out yet.
- Philip Corso wrote a book several years ago **Day After Roswell**

**CL:** sees that he has Paul Hellyer on his website;

**GF:** Paul is very open about the fact of ETs; George was at the U of Toronto speaking to an audience of over 1,000 people, along with Dr Greer and others. Here was Hellyer, head of the Defence Dept, talking about the existence of Ets, yet not mentioned in the US press or news - only about Beiber!

**CL:** Americans are awake and aware; may not talk about it much but they know!

**T:** speaks of something on the video: a ship over a stadium 300 feet above the city in northern Germany – the game stopped and they all stopped and just watched. The German press reported it all over the place

**GF:** that was on German TV & in his Filer's Files: Jan 6<sup>th</sup> in Bremmin, Germany: **never made it to US news media – he bets those pictures were sent around the world for use by all!**

[UFO appears 300 meters over Werder Bremen stadium, Germany ...](#)

9 Jan 2014 ... UFO appears 300 meters over Werder Bremen stadium, Germany Jan 6, 2014, UFO Sighting News. Date of sighting: January 6, 2014. Location ...

[www.ufosightingsdaily.com/2014/01/ufo-appears-300-meters-over-werder.html](http://www.ufosightingsdaily.com/2014/01/ufo-appears-300-meters-over-werder.html)

**T:** there's a monopoly here – yet it is getting to be silly!

- Hosts on MSNBC are doing some great stuff: dropping hints all over the place in their shows.
- Kennedy is important for the ET thing – he wanted to tell everyone they were here, and that he had met with them in 1961, along with QE2 & Krushchev and a rep of Mao, Kissinger, D. Rockefeller; WAE de Bois
- Asking George if he knows anything about the Tall Whites; mentions God-like Productions

**GF:** when he was young, a tall blonde lady used to come and teach him: humans were not taking care of the earth; nuclear power stations doing no good; that they would be coming in the future as their planet was having serious problems; thinks it would be about now that they would be returning

- someone called English 1: had also run into tall blonde people; had indications they were not from here

**Caller:**

- where do they come from, the ones whose planet is not doing well?
- The process of ascension we are going through is a show case which is why so many galactics are showing up now: can they piggy back on Mother Earth's process?

**GF:** not sure where they are from: they pointed to the North part of the sky; there is a large area where they could exist [the Goldilocks zone], even if it were underground.

- There is some indication they are helping us to prevent the extinction of our planet
- English 1: about a nuclear explosion off the coast of South Africa, they had resolved it so there is not issue for the world; English 1 had great capabilities in determining what was going to happen – had been hired by the Air Force and worked with DIA, CIA – told George that they had helped with nuclear explosions.

**CL:** wonders if those Tall Whites will come back and talk to George again, given his past exchanges.

**GF:** he gets calls from people who say they have heard from Tall Whites who say they are pleased with what George does, that's about all. There's a strong feeling that this information should be out there

- when he went to Air Force Academy, a book called Environmental Space Sciences: said ET s were here, and that many of the scientists will be upset when they find out that much of what they have said is not true; based on the information that we are being visited, and other new things mean all the books will have to be re-written: propulsion laws, laws of evolution, plus others – all will have to be redone

**GF:** Is he still eastern director of MUFON? **YES** – have Peter Davenport in the National Reporting Centre and getting over 1000 UFO reports a month

- lots of people with good backgrounds, advanced degrees, in his files indicating that ET s exist and are here.

**Caller:** how familiar with the story **Stranger in the Pentagon?**

**GF:** has heard the story

**Caller:** they know that Valiant Thor did exist and was in the White House for 3 years: will Thor be there when the announcements are made by Obama

**GF:** has not met anyone who would admit that Thor spent time Gen Goodpasture, Chief of Staff for Gen Eisenhower, who denied that Eisenhower had contact with Ets

**T:** there are documents that Eisenhower signed with the Zetas – now in Classified files!

- Dr Stranges and Thor:

**GF:** has met Dr Stranges and talked with him

- In last couple of weeks, the ISS has been visited 3 times by Ets ; ISS is run primarily by the Russians who are much more open about this; The Photos show them outside the station; no one has ever said they were inside the station.

- Reference to a movie **Hangar 18:** the fgov't had provided them with a lot of info; the story is essentially true, but the gov't wanted plausible deniability.

- Basic truth is that we are being visited by a multiple group of aliens

[www.nationalufocentre.com](http://www.nationalufocentre.com)

**GF:** has been told there is much more religion involved in the secrets of UFOs which is another reason why their presence is not acknowledged.

**T:** asks him if he means "spiritual principles"?

**GF:** the person he talked to did not speak of that, but of "religion"

**Caller:** Jesse Marcel Sr – what kind of man was he

**GF:** only met Jesse Marcel Jr – did he ever talk of the metal that he had from a ship in 1947?

- Told GF that he had the metal in his hands – seemed to be a light metal for the size of it, with a hieroglyphic writing on it . He was convinced that it was an alien craft that crashed and that

he had a part of it. Had to give it back eventually.

**Commander Randy:** [calling from Thailand] received **Stranger in the Pentagon** for a Christmas present; very well written book.

- As you read it and go into the silence, Valiant Thor will talk to you!
  - the metals are inter-dimensional; they can shift dimensions to keep the ship stable: the skins are living & they communicate with the inhabitants at all times
- humans are just bags of water which is living water, the hydrogen in the water shifts through dimensions
- we are also beings of light – we are the craft! We are going through the changes of our frequencies and as we meditate we are seeing the light of another frequency.
- Over here, the people are rising up as they are tired of the corruption: and the care takers behind them are also corrupt – the people are tired of the corruption! This is a world wide thing!
- Congratulates George and his work! Keep yourselves calm, cool and collected "Evolvement" is the only thing that matters.

**CL:** asks George what is commanding his attention at the moment?

- Talks about being prepared for various kinds of emergencies: weather events could be accidental or they could be directed by those manipulating the weather, the jet stream in particular – is its dropping down accidental?
- commentary on Fukushima and radiation
- discussion about the hazards of being in hospital
- about oncology: a large part of healing relative to cancer is ATTITUDE – positive thoughts, the spiritual aspects of the situation are very, very important! What George has been learning from his friend, the oncologist, who sees this on a daily basis: taking good vitamins, avoiding drugs, keeping the body strong, in addition to treatments
  - There is more going on than "meets the eye"!!!

**GF:** talks of some of the sightings:

- IGoogle has pictures we can look at – go to his website – and see an underwater base – if an object can fly in space, it can also go underwater
- Iwhen you look at pictures from the moon, and an object on the moon: can see actual pictures of actual objects by NASA and Google that appear to be bases
- They have a picture of a rectangular shaped craft seen above the mtns. In Arizona
- IAlaska is getting lots of sightings too: he used to see a lot of craft along the Aleutians – seems the craft come in along those Islands, down the west coast of Canada or the middle of the continent, and go down to Mexico – more pictures in Canadian sources than in US.
- Can go on Russian sites, Iranian sites and see lots of stories – he'll have it on his website next week.
- Talks about certain ships hovering over power lines, presumably to upgrade their power resources; thinks the pyramids have something to do with this as well!
  - Rama went on a ship with a member of the Ashtar Command; went to Tecal where there are 5 flat-topped pyramids; they beamed down, and Soltec took Rama to one of them and showed him how to flip the switch in the pyramid to re-charge the ship, shut the switch off and go again.
- GF talks about the pyramids in china and that for 10,000 years, the pyramids have been powering up

The problem he has is that there is too much information to put in his weekly e-mails! There is lots of information on the website, too.

[majorstar@verizon.net](mailto:majorstar@verizon.net) to get on his mailing list! It is free, but donations would be helpful.

- We are a space ship right here on the earth! Our friends want us to grow up so we can keep the earth going!

T: R asked Dodi and Heidi about the arrest of Abe of Japan when he goes to Davos  
R: Goldie Hawn, Matt Damon, and Bona who want to be part of that meeting – WTF?  
CL: yet half the people at that event need to be arrested, not just Abe!

T: yesterday McCain was blaming Obama for Iraq, Syria, and not giving Iran a break!

CL: is the tumour Hillary has given to her?

T: yes, but she is still useful – yet she clearly has something physical wrong with her

- She has had varying levels of stomach cancer: it is a clone walking around.

CL: what are the 3 taboo subjects she used to talk about

cloning; ETs; NESARA [usually called the Reformation Act]

T: In England, the nazi faction, including former PM Tony Blair frantically trying to silence the various killings: Chrisopher Story was killed gangland style – there was a fire fight and Story was killed in the streets; [item taken from Fulford or Poof article]

- Black Ops tried to kill Valerie Plame like that in Paris in 2003
- Nov 2002, her covert status CIA people who worked in the Middle East intercepted a whole ship load of weapons of mass destruction from Tallahassee, FL – what Bush was trying to do was plant the WMDs in Iraq so he could say "I told you so"
- Her husband, Joe, was sent to Iraq to flush out the WMDs; his wife, through her contacts, was able to find out about this; then was sent to Niger, Africa, because he was researching the yellow cake supposedly being produced there & being sent to Iraq, he was former ambassador to Iraq and knew all the ins and outs.
- They wanted to kill her because she had the goods on them; the characters on that ship are in a holding tank somewhere; her cover was blown in July, 2003
- they live in Santa Fe; have twins about 16 years now;
- Omar Feb 22, 1998 Inanna – son and daughter of Dodi and Lady Di
  - **Lady Di's children, Obama's kids know each other;**
  - they know about Ashtar and that they cannot talk about it:
  - they sit with their dad and Ashtar and KOS & all the others– and the rest of us are in the dark!
- **We are always being encouraged to share these stories, and that the star folks are with us everywhere, and that they are not malevolent – Lucifer has come back to love!**
- They have been incarcerated in galactic terms: the intergalactic war criminals from the stars are in Ashtar's brigs!!!
- **PLEASE DO NOT LOSE YOUR FOCUS OF THE LOVE IN YOUR HEART: WE ARE GOING THROUGH THE EYE OF THE NEEDLE AT THIS TIME.**
- Chris Christie has opened up the whole can of worms! Remember to love them as it brings about better results in a better way!

**Closing: Cathy**
