D'yanna: story of the Bengal tiger in the zoo in Idaho City, Idaho - she communicates with the tiger and arranged for the tiger to visit its home in India, thanks to Rama and Mother's intervention - a great story!

T: window replacement for the car: \$225

T: BBS bill: was once up to \$3400 -

- have to be very careful: we pay \$300 a week and the little bit that comes from someone keeps the other, larger piece down

- the archives are free as the guys at BBS know that we are doing all by donation: part of world group service, on our part and on the part of BBS - for which we are all grateful!!!

Hard News:

Meaning of the word "Mandate": when it is not a job where there is money involved, and it is spiritual work - it is a mandate: for the group service going on here:

- Rama has a mandate from his father Ashtar in the physical; Ashtar is in the US military; KOS is the 7th incarnation of Sananda Kumara - the energy of that soul in the 7th incarnation has been elevated to a higher level - Sananda Kumara [Jesus the Christ] has been enjoined to serve with the Maitreya as joint
- The planet is suffering most from agri business - factory farms; this earth slaughters **50 Billion chickens a day** for food;
 - the chicken is not a real animal, developed in a lab from a jungle hen and something else - a lab experiment and the dirtiest meat on the planet; it was eaten instead of red meat.
 - Fish is cold-blooded ; chicken has been horrendous thing to eat but we did not know it at the time.
- Jeshu did not eat meat; told the disciples that if children needed, they could have the milk of goats - but not to eat the meat
 - a cow should not eat grain or corn; grass fed only, likewise a bison - the animals would give their life force for people if there was nothing else to eat.
- She is talking of this because the hard news is about elevating ourselves in this service - we need to stop all agri business because this is the worse polluter on the planet

R: As well, the animals have asked us to change our ways

- there is a round about game of obfuscation going on: Max Keiser; Randi Rhodes; Medea Benjamin - story getting out there - **the out-right hatred for this man**
- **Ed Schultz Radio Show:** John Nichols - the Chuck Hagel story and how Chuck was above board in one sense: he is a Republican but he will not invade Iran; Syria has a right to respond to what happened in Damascus
- Things are changing rapidly since Dec 21/12: teleportation, telepathy - happening!
 - Behind the scenes: Obama is moving to Global Zero - there will be zero nukes on the planet in a very short period of time; has to do with the galactics and Dr S. Bassett.
 - About Mr 19.5 degrees moving it to 0 nukes and then we can really talk about how to move things forward: guns on the streets of America is about the hatred of the black man in the White House

Caller: D'yanna mentioned the dream she had; he thinks he had one that is so outstanding:

- he was born in wide open spaces of North Dakota and saw sunrise and sunset every day
- attended the agriculture program from Fargo - knows Ed Schultz had same program
- Asked 3-4 weeks ago when Schultz spoke of the 3 suns -

R: he had gone fishing and he saw Nibiru and the sun and Jupiter which is a sun now too

Caller: Ed said he took a picture; showed it once and then was off the air

- Caller saw 3 distinct suns coming over the horizon - was so real thought he was seeing it on TV was that on TV or a dream

T: Jupiter a physical sun now; our sun is Sol; Nibiru; she didn't see the photo, but that would be what he saw - Rama saw it on the internet as well - will put it on the website

- You need a computer! [to the caller!] - this is the 21st century!!!

Caller: why is there such a going away for Hillary?

T: called overreach; insanity!

- Medea Benjamin on **Randi Rhodes** this afternoon and saying: Obama did not do any of the drone killings - the father and son in Yemen; Osama bin Laden; no one in Pakistan, Somalia, etc - all Hillary! Being said on public airwaves!
- The Chuck Hagel event involved a whole room full of demons while the Benghazi thing going on: trying to make Hillary look like an angel and the Republicans look demons

Caller: why was Obama on the TV with her? Looks like he's endorsing her.

T: **Obama was inaugurated under Nesara law;** he is not in the same space as her or the others at all!

- Hillary and the demons in the room are going down
- You might look at Hillary as a symbol - today Hillary said she wanted to sleep for a year! Yet she will be going elsewhere! It is difficult - this spiritual mod
- we are creating divine government: we have had devil worship in the White House - when she was in the WH, she was killing babies and serving them up to the Bush women! Literally!
- It is ironic that we are using the black man to clean up the white house which has been so dark!

Valerie Plame - called Rama today: she is supporting Chuck Hagel to get in; and once he is in, the not so good part of him will come out as she has the goods on him

- in 2007, Barack went with Chuck Hagel to Russia; Chuck H split off [to talk about nuclear secrets] and Barack almost ended up in a Siberian gulag; Hagel was cooperating with Russia at the time.
- In 2004, Barack had come forth and Ashter and the KOS
- **Barack Obama is a SPIRITUAL ADEPT;** he knows the language, he has travelled to all known parts of the universe since he was 18; he holds the 9th seat of the Council of Nine in the Sirian Constellation, of which we are a part. All the planets, star systems, suns [Sirius A, B, Sol, Jupiter]; our solar system is constantly travelling - we are moving towards the Pleiades and have been since March 11, 2011; by this March 11, it will be 2 years that we have been travelling at this higher rate.

- also two years since Arab spring - since ?? Morsi have killed 60

Caller: on Ed's show, spoke of Columbia space craft - knew it was damaged before it left, but never told the astronauts - are they still alive?

R: they were beamed out

T: a 200 foot violet flame angel was travelling alongside the Columbia

R: they took a sample of the life form along side the Columbia - it was plasma energy and it interacted with the physical matter of the space craft and that was the end of the ship. They also had a nuke to put on the ISS against Iran!!!

T: the photon belt spans 6000 light years; the photon belt acts like a tractor beam and started to influence our solar system in 1987 - we have had 20 years of its influence

- also Aug 1987, Harmonic Convergence - we have been moving to 4th dimension
- we also have technologies: **as we think, so we are** - Richard Hoagland got the bright idea that there was a connection between the sphinx and the face on Mars: **Mother**
 - the beings with the bee hive heads in Egypt came from Mars and came here to remind us of who we are; human beings were taken to Mars 10,000 years ago & came back to remind us who we are.

Conference Call:

Caller: said that all will be done by end of first quarter! Others agree! • Some real surprises for a lot of people!

- Had a wonderful dream and asked AAM about someone: was told he was a double agent - refers to Alan Grayson

T: everyone in DC knows about NESARA: those who are working against it, programmed themselves to not believe it

Caller: was on his on-line bank: for 10 minutes, things were down; found out it was all over the world - at 10 minutes only.

- He spoke to his bank: the **answer was that the bank and others were re-calibrating.**

T: Other indications that things are / will be changing:

- David Icke was on Camp Loveway on Sat 26th: he expects entire global banking system to collapse between Feb 7th and 10th
- then Keith Olberman called Rama 3 days ago, with his Palestinian friend & comedienne who knows about NESARA and does one woman shows: [the **Israel Palestine situation is the crux of the matter** - they wanted to create a situation of an open prison camp that the world would accept so it could be used around the world: they forgot about the Ashtar Command. Thought they would destroy the Lightworkers on the ground - keep story going that Hillary is a saint and will become the next president - just grit your teeth and grin!]
- Keith was the first one, June 2008, to call it as it was - it was obvious Obama would be the candidate of choice: K asked "What are you waiting for Hillary? Someone to put a bullet in your opponent's head so you can be president?"
- Keith and Rama talked on Twitter during all of this: Keith told Rama that Al Gore was not doing his job well [at Current TV]: poor lighting, shoddy effects, etc; in August, Al Gore cut KO's contract; KO said he would take Gore to court and take the place over. Then Gore did a sneaky thing and sold the station to Dubai: the Saudi royals own Al Jazeera - and got \$100 million dollars for it. They will find all their bank accounts at zero!

Caller: it was at 1:00 pm MST - on a Friday!

T: makes sense that this is going on.

Caller2: one of the dinar groups yesterday: seems to be imminent that the release of the currency will happen: important video calls; bank screens blinking like Christmas trees;

T: they will get a BIG SURPRISE! THEY ARE NOT IN CHARGE!

- Faction 3 has the oversight and nothing will happen without it.

Caller1: amazing that Ariel Sharron has awakened and remembers name of family etc

T: sounds like a cloning - lots of high drama - let it all go! Faction 2 is NOT IN CHARGE!

R: the Dow went over 14,000 - all rigged.

Caller2: about Jay Rockefeller and brother David - left for the Fiji Islands to set up a colony!
And emptied some silver certificates for exchange

T: all the numbers are known and there is a lock on them - **they can run but they can't hide**

- this dimension [5th] is here to stay and they cannot go up as they don't have their 12th strand

Caller1: what is future of Michelle Obama? If she ran for Pres what would be her ??

T: don't jump the gun: stay in the present time! No sense thinking about this until we make the energy of

peach real - this is world group service and when we recognize that this is us and that we as a group move this -

- Michelle said she would not run as the stress is outrageous: at least FDR had a good Congress even though he was programmed to run the Nazi program

- Japan and China are in an all-out cyber space war: Grand Central Station in NYC is the largest of its kind in the world; 100 years ago today - terminal construction completed in 1913 - 750,000 - 850,000 people go through there.
 - By 1960s there were plans to demolish the building - Kennedy brought the case to the Supreme Court and saved the building and so restoration happened
 - **NY Times:** an infiltration of the NY Times computers - from Chinese military hackers - 1st attack came when there was an investigation into the background [October, 2011]
 - David Barbosa is one of the main targets - the paper has not found out how the hackers penetrated the system.
- **The war is in cyber space, folks!** Ashtar Command can drop a huge cyber space
 - Romney is a trillionaire several times over
 - McCain and how many houses: and he is fighting for his life
 - Lindsay Graham and Chuck Hagel sweet on each other? Another side story
 - Graham sold nuclear secrets to Pakistan via Turkey
 - someone else

Caller1: have they heard anything about Julian Assange and Wikileaks documents?

T: Katherine and Natasha: all we can say is when Aaron Schwartz - that was a murder of a millennial kid who did not get bought like Bill Gates did;

- Julian will drop them at the most precise and timely moment and not before.

- For the last 33 years, most of the light workers have been asleep; those of us who have been working hard have been so struggling to make ends meet that they have not time to think!
- **THE ENERGY WHICH IS HERE NOW HAS NOT BEEN HERE FOR MILLIONS OF YEARS - MIGHT AS WELL BE NEW EXCEPT FOR THOSE WHOSE 3rd EYE IS OPEN AND CLEAR - we have a new model - we have never done divine government in group service**
- **We have to remember that we are immortal and act like it** - Frank Chille has come to our group and told us about the integration and all about Valiant Thor who spent 2.5 years in the Pentagon - so they all know about this

Caller1: is there anything available where we can hear Valiant Thor?

T: Dr Stranges was a longtime friend of Valiant Thor; they played an hour about Dr Stranges

- about a month ago, on a Saturday there was the story about his parents about going shopping in Italy - a stranger offered to carry their groceries home for them, they invited him in for tea and when he left, Dr Stranges' parents saw the stranger walk down the street and disappear into the next dimension right before their eyes.

- Now the re-integration chamber is ready to go: as long as you take no more cigarettes, alcohol or drugs, all you will need is a touch-up every 20 years -

T: if there is any further thing between Syria and Iran, Ashtar Command would de-cloak - Randi Rhodes said this!

Caller3: has been reading about things overseas - Greece unemployment 25% [40 - 65 year olds] in lower ages is 65%

Tara: on Journal News today - across the EU 25% of 800,000 1 in 4 under age of 25
In Spain, under 25 = 62% - really bad; Greece is the highest at 27%

Caller3: in US if someone is in debt can file for bankruptcy; in Europe they could see the home and if they have a deficiency they can get their wages tapped for up to 5 years - all their disposable income goes to the bank - really hurts! All the articles are supporting what is being said about economy crashing

T: this is their desperation to get as much money out of a turnip as possible

- For all of 2012, no money was made in the EU - not a dime.
- In discussion with her sister who alled and said Greece must be having a fine time as there was no news nothing from there, T told her about the whole country being on strike - the people are furious!
- In 2000 in the US, **FRACKING WAS AT THE RATE OF 23 cubic meters / day;**
TODAY, 2013, IT IS 712 cubic meters / day
 - **FRACKING IS destroying huge bodies of water**
 - **the US is a 3rd world country - huge numbers under the poverty level!**
 - Thom Hartmann was saying that **many of the jobs being added were minimum wage**
Today it should be \$10 / hour - but now Wal mart offers \$8 / hour with a 50 cent raise every couple of years - not able to live on that
 - **the Bankers Manifesto come true: 1871 - 1971: make everyone homeless and jobless and increase the financial divide.**

Music: a Rap invocation - wonderful!from Astaryius

www.astaryius.com

Mother:

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

Greetings, Children of Ra:

We are in the moment of miraculous events which have everything to do with what we have created in this moment; we are past Dec 21, 2012 - miracles abound in this planetary creation / the amusement park. We are all creator gods in this story - by our thoughts.

- Since the moment of Dec 21, we have passed that moment and now we can manifest from the energies coming in - **as we think, so it is:** keep the tongue pure, the thoughts pure. If we have ever said anything that is out of alignment - I am sorry; please forgive me;thank you; we love you.
- In this moment of all that is: the abilities you have, we are deeply humbled by what is coming forth; you have the abilities now to change this world, the clay to mould into shape whatever you wish - the story is far from over - we have 100,000 + years to get this one: how to manifest.
 - As you think it, it is made manifest: it is that real, that concrete; hence we must watch our thoughts. As you think these pure thoughts - this planet has become a shining star and manifesting more and more, and you along with it.
 - The abilities of which she speaks: the millennials, the crystals the indigos - what we have been doing in the last few moments is changing how things are; in this moment, we say we are deeply humbled by the magnificence of the presence of what is unfolding across the planet in spite of the

dire stories of the illusions and the false flag events which have nothing to do with reality but everything to do with the fact that these, our children, are desperately clinging to the idea of the old world order and it is turning to ashes before their very eyes.

- The Dow is at 1400 - Tara says 14,000 - discussion about what the real number might be: there might be an adjustment! David Icke said the whole thing has to be wiped clean; Mother agrees.
- the story of obfuscation, hiding the world's wealth from the people; the only way to describe these ones is as Soron and his Dark riders; yet it is only for a few [the wealthy]: the hedge funds and the fantastic derivative games which go on for seconds, nano-seconds: about to disappear - more than enough wealth to go around on this planet and it is not held in the false ideologies called paper - might as well burn it!

- All that is occurring in these moments - as she says, we are gods and it is being made manifest now and we use our abilities to help the situation in front of us: the biggest story is the least among us

T: asking for an insight on this: it is hard to conceive of bridging thinking in linear terms to thinking in non-linear change - we have not had these energies for millions of years: how do we tap into them?

- The black box is a simple example - how many do we need when there are 7 billion on the planet
- The Tesla Towers - we would only need 107 of them and everyone is off the grid - why is no one talking about this?

Mo: there are more things coming forth now

T: do we have to sort out bigger stories now? China, Russia, US - they all have the memory stick of Dr Keshe: China has such bad pollution in China & people walk with a mask and poison themselves to death - if that is happening there, what is happening here?

- We have been living in an egg here [in the US]

Mo: the crack in the cosmic egg is there - seeing the light through it: Change is at hand and it is us

- Be the change - use the energies pouring forth from Creator Source
- in spite of the fact that it seems nothing has moved, all has moved and then some
- the energies are so vastly different from Dec 21 - that is why she says we are creator gods;
- as we learn more about our abilities gifts: watch what we say and do as it has ramifications in our physicality: instantly manifest! Keep the thoughts pure! There are so many issues at hand as we move towards the understanding of love, forgiveness, compassion, understanding, divine gratitude and not war!

T: Mother, you are the cosmic trickster - how many other tricks do you have up your sleeve?

Mo: too many to count! Because it is simply about love in this moment!

T: Ed [Schultz] must have schizophrenia, with Jeremy Scahill and all the others telling him things, and he goes along with the program on MSNBC - and him knowing what is really going on!

- Ray McGovern told him that Hillary changed the JFK case - in the 70s when she was in her 20s when she changed the tapes!

Mo: lots will come out in the next nano seconds concerning the big pictures

- she has compartmentalization: the PDSD that the children have had to endure when they have put on the role of Vader and Soron

T: Mark Kelley - when he testified, he gave a practical example: 86% of the NRA want to enforce the laws in existence: everyone licenses their gun, has a background check, re-registers guns annually

- People cannot see how are you going to get rid of millions & millions of cartels & minions?

Mo: there are solutions to this: first begins with Dr Cornell West and Tavis Smiley talking about the poverty & inequality at the local level in 3D

T: What good is saying that this magical button is going to be pushed and all will be made right?

Mo: there is more beyond what your eye can see or what your consciousness can comprehend - has to do with this moment of Sat Yuga

- set aside your disbelief - you have to jump off the cliff whether you believe it or not, it is your choice - you can fly - or not!

T: she does see it - for the first time in history, more people than ever are seeing through the veil, even the people in resistance - there are about 350,000 people in a country of 20million who want to create an insurrection - a small, small group hanging on to this for dear life.

- The 2nd amendment is about those in the south, the original KKK, who wanted to keep the slaves under control - blacks as well as whites - it is the same people!
- This one black widow position of Hillary is being praised across the board, this is the way it is going to be so get used to it - yet the same ones who are mouthing those words on radio stations which are not controlled are disagreeing with that statement - DUH?

Mo: there are paradoxes and paradoxes that are happening as this world is being turned on its ear - walk with the nagal, the wild side.

T: Kelley used the example of the 30 magazine clip - Jerrod Loefner had 2 30 clip glocks - the first bullet hit Gabby G; the 13th bullet hit the 9 year old

- had he only had a 10 clip magazine, that little girl would still be alive - every single bullet hit a person!

Mo: Ed had a game warden on today: if you want to shoot ducks, only have 5 shots - if you have more than 5 bullets in your gun - you may get arrested, lose your truck, have serious trouble.

T: can't call in all the magazines, the AR assault weapons etc etc, and people are continuing to buy stuff

- yet 86% members of NRA want to see the Congress to vote on re-instatement of ban on assault weapons [Feinstein's law of 1994] & the 10 magazine clips - already in place in NYC, thanks to Bloomberg

Mo: why do you need weapons of war on the streets of a free planet?

T: because we have not arrested our criminals!

- The killing of Aaron Schwartz was a murder - there was no crime and no victim: the MIT / J store did not want to place any charges against him; it was the CEO of MIT and the CIA who got together: decided they would make an example of him like Julian Assange. Had he been charged, there would have been \$1 Million fine plus 35 years in jail, and his parents would have lost their home and his father his tenure at MIT if things had continued as they were going
- The demons in the room are trying to make out Hillary is an angel
 - Chuck Hagel is guilty of espionage in Russia and almost got Obama in the gulag [on purpose]
- **Big story is still 9/11** - she saw the numbers flash across the screen about 6 times today
 - Valerie Plame getting ready to tell a bedtime story real soon - how soon is soon?

Mo: very tight lipped

T: asks about what Big Will said about banks

Mo: **there was a cosmic adjustment:** NESARA has to happen first before anything else

T: the spiritual mandate we have: he said "Here is the way" [not "I am the way"] - he spoke of **tithing 10% so group work could happen**

Mo: the body is going through tremendous change - not happy with old ways of eating:

- **become vegan** and body will say thanks: will feel better and can absorb more light
- eating lighter food will help

T: **knowledge of the truth** - meditation every day; working with the energies to forgive self and get past the maya, the illusion as if nothing has happened

- One day a week of fasting: liquids and juice - nothing solid

Mo: this brings in the higher energies

T: no cooking, just pray - takes the body 16 hours to stop being a digestive system & start cleansing

- You get more energy that way, not less

Mo: The light coming in now is so magnificent, you can literally see the light entering the body

T: **freedom by participating in the school of the prophets** -

- 1946 - 1965 - the prophet generation in general: there are others who are prophets are in their 70s and 80s [like JFK]
- 1965 - 1984 - Indigos - didn't always know how to navigate very well - school systems were not able to respond well; home schooling started with this group - anything but the rote stuff
- 1984 - 2003 - X generation
- 2003 - 2022 - Y generation

- We are in 2014 because of the quickening: in 2105 in august - these dates are generalities - the millenials are already coming in

Mo: the heroes and the prophets - the 4th turning which has everything to do with the next step of the story: we are the creator gods who are here with the ability to create heaven on earth

T: the 5th way is participating in community, Mother's way - world group service, doing things together - we come together outside of the system, a new model, a wholistic thing AND we are supporting it

Mo: we are the rescue team & it is about how we do this with our abilities and together; we make remarks about the rag-tagbunch yet **you are magnificent to behold!**

T: tells of someone who had \$2.7 billions and gave half away to the poor - this moves the generation along because of the 100th monkey phenomenon

Mo: another thing that happens across the planet - the soldiers and people are waking up to the horrors of things since 9/11 and are putting their guns down and not picking them up

T: already millions of guns turned in in cities across the country - lots more going on than meets the eye

Mo: as we go through these divine moments: remember all that we are experiencing, we have asked to be in this moment, to be in this very time, in the midst of this, to be here in the particular moment of the cycle - we have made a difference by being here; we are unique and have added unique facets to the energies here;

- not one atom or particle is the same; it is unique unto itself, and this is the same as humanity: we are here to add to the magnificent mosaic, to add to the beauty and grace of this story

T: a little girl who was in the inauguration activities and got killed in the park in Chicago

Mo: has everything to do with the story - **it is about the R word: R A C E.**

Mother's closing: Kadosh, kadosh, kadosh

Rama: while he was gone, he was on the bridge of Mother's ship; flurry of activities going on in the local sector of our area of the planet in the vicinity of the moon: so many craft in the solar system - doing stuff - and being noticed big time by others on the planet who are starting to think about this stuff - the subtlety of it is not going to be so subtle much longer!

T: Who did you say would not talk about the ships?

R: Ed asked people to call in and tell him what they wanted to hear on his radio program: R called in and asked when was he going to talk about the ships? Ed said that story is coming forth and it will rock your world!

Music: a Native American chant - coyote

T: watching RT TV: presidential palace in Cairo is on fire - all of Cairo is on fire: the people will not stop until they get peace - has to do with the US having its fingers in the pie

T: when will Al Jazeera be fully taken over? Then we will get the real stuff - Current TV will be the first one - David & Jay Rockefeller went to the Fiji Islands after they cleaned out the Fed Reserve & the money and the silver certificates and think they can live in some kind of heaven!

- **Remember: we are in a different dimension and the old one is rapidly disappearing: don't give it the time of day**

• **Randi Rhodes: Chicago is the biggest killing field in the US:**

- the real number of people killed is ????

• another game: the **International Toy Fair is underway in Nuremburg!!**

- all kinds of new toys being introduced which have mercury, cadmium, arsenic in them
- Germany has introduced strict regulations as to the toxic

The EU [remember it is a Nazi based org] wants to LOOSEN the regulations

- 90% of the new toys have heavy metals in the plastics - Germany's institute for risk assessment is taking legal action against the EU - **A GROUP OF WHITE KNIGHTS INSIDE THIS** - the carcinogenic, the CMR substances that affect the genetics of the kids!!
- There are allergenic substances that cause allergies on contact! And these ruin the endocrine system - these levels need to be lowered!
- This is **not about growth** as we don't need more things! How much plastic is there in the ocean? More than can be cleaned up - the oxygen that comes from the water i
- A few weeks ago there were found 4 more planets that are like earth - some think they will go there
- 2014 - Germany's lawsuit will be ruled on; by then the toys will have elevated levels of toxic substances and will have been on the market for 2 years

• **Fracking - again, it is not about growth!**

In this episode of the Keiser Report, Max Keiser and Stacy Herbert for their 400th episode discuss Obeelzebub and Jamie Demon as the inevitable outcome of collateral faking, zombie banking and paper printing. They also discuss Russia's central bank buying gold while David Cameron is telling porkies about UK national debt. In the second half of the show, Max Keiser talks to Ian Williams of Charteris Treasury about silver suppression and the bond-pocalypse.
