Hard News

R: a very wild day! Forgot it was Lamas, the Wicca holiday of the mid-summer – today has been strange with the energies – so many sotires, going in many directions

Joanne Leary: Timothy's former wife – the energies pouring in to the planet are the most extreme we have ever seen, in a good way. We are seeing the absolute collapse of the Republican party – if there IS a Repub party to run in 2014! They are being de-funded;

- Mitch McConnell is going down by the hour – a female Democrat is running against him and he is the most disliked person in Congress and has done the most to trash Obama and Obama Care
- Listen to **Stephanie Miller** to hear what she said! They were talking about how turtles have sex and Stephanie was totally off the wall – the party is in free fall; the distractions continue.

Ed Show – it is over the edge – the light has already won though we might not see it yet -

T: Ed described what is going on in Detroit and other cities; Gov Schneider is playing with Koch Bros – they want to privatize everything and ruin the unions. Detroit a target because of the car industry

Abby Martin – Breaking the Set – things stoking up in Detroit – the young people are taking over – new restaurants, new businesses, people who left are coming back. Organics gardens all over town – the one thing they could not deal with is the pensions being taken away from the older people – this should work out with NESARA.

S. Miller: the man running against McConnell was the one who talked about how turtles have sex, and Stephanie went on line to see what happened: the males were very noisy, the females quiet. Mitch quite noisy these days what with his trashing of Obama

- Both said Obama is bending over backwards to help the people

R: the energy from the Grand Sextile through the Lions Gate and this whole period

T: in the Wicca belief system, Aug 1 is the beginning of fall – cooling down is not so bad what with the fires.

- Ed said the Indigo Crystal children have the solutions and we need to listen to them AND to guide them as there are a lot of things they are not getting taught in school.
- Justice is coming to the USA;
 - an ex-cop on the Ed show on Tuesday: he is now a security officer who lives with his brother who is a cop – both are black - in the Bronx in NYC; he opened the bigger mail box and took out a box, and picked up the one for his neighbour.
 - Out of nowhere came a black van with 6 white cops dressed in black, beat him, broke his fingers and told him to shut up, nigger.
 - The brother came out to find out what the commotion was about: they told him they had caught him taking something of the neighbour's. You better let him go; he's my brother!
 - The brother started to talk to the cops whom he knew, and the leader said he matched the description of a drug dealer;
 - The cop brother said you are just racial profiling as usual.
 - They have filed a \$4million case against Bloomberg – this guy said on the radio that he, the good cops and the Sovereign Militia force will bring him and Guiliani down.

Ed Show on Wed: Bob Schrum and Karen Finney were on, talking about Stop and Frisk and Racial profiling – got heavy after the Occupy movement;

- they said Bloomberg has friends in high places: Berlesconi, Dominique Strauss-Kahn; Sarkozy
- Mr Bloomberg, Mr Guiliani and the rest of the 9/11 crime will be arrested very soon.
- also said that Weiner and Huma will lead a bloody trail to Hillary Clinton and back to the murder of Vince Foster; her hair was found in the jacket he was wearing and on the rug in the hotel room!

T: Edward Snowden going to Russia: done very carefully! Don't know where he is exactly

- James Bamford was on Amy today: of course, he will not tell you where he is

KOS told Rama: President Obama, Putin and Xi have been working for him and Ashtar etc – working to get the announcements and disclosure

- That Obama may not go to Russia: all staged! He is giving them plenty of rope to hang themselves!

- We are right in the middle of the revolution! The people are getting education like they have never had before.

Melissa Harris-Perry sitting in for Rachel for the whole week:

R: touched by the various talking heads about the case in Ohio who kept 3 women captive for 10 years – he got 1,000+ years – touched because what he has seen in the ghettos, and the stories about getting N announced – these 3 were so brave to talk about what they saw.

Randi Rhodes, Chris Hayes – they could not even talk about this story:

- Randi was in tears – this goes back to NK Ultra/Coin Tell Pro – there are folks who recruit children when they play video games, etc –
- all the agencies will be dissolved because there will be not need for spying

T: we have a full blown police state in place in the US.

M H-P on Monday: about Pres Obama and his inequality speech in Illinois –

- the bankers kids and kids of people who worked in plants went to the same school; upward mobility was part of who they were as Americans – this has been eroding.
- All I will be proposing will address this
- Joseph Stiglitz – wrote The Cost of Inequality – showed that people's income is 15% less that a few years ago
- people are more and more economically segregated than in the 60s

MHP: your zip code is your destiny; Stiglitz agreed.

- Economic inequality is directly related to lack of opportunity. America has the least opportunity for advancement of all the leading countries.
- Talked about what her grandparents did on one income
- Thom Hartmann – if a double big mac were \$4.68 from \$3.99, the CEOs would still be as rich as they are now!

R: \$22.50 as minimum wage, according to Elizabeth Warren!

T: 4 out of 5 families live at the edge of poverty.

- \$31, 021 is the median wage for a family of 4 for one year; America is living in poverty to the tune of 80%
- look carefully – what is happening is that consciousness is being raised in such a way that the crescendo will explode – look at the young people in Rick Scott's office – they are being calm and waking up the people – they will not be moved!

Guest: Helen Andrasko

MR: urging people to call in, as per the name of the show: Round Table!

- She became aware of the body at 8 days old – her mother verifies everything.
- At 17 months, she knew her numbers, colours and nursery rhymes
 - when her baby sister was born, disappointed because the baby could not play with her!
- She saw the halo around her mother's head when she was young, and began her spiritual search – the teachers, the priests, the nuns could not answer her so she went within
 - You know the answer is truthful when you feel love, peace and calm.
- She tested her understanding of this idea by giving the janitor some homework – the homework is to listen to every word you speak; be responsible for every word you speak.
 - Knew how long it took her to reach this understanding herself.
 - He said once I learned to listen, I was surprised at what I said to my family, my kids – in a few months, he had a good relationship with wife, kids.
- She decided that she wanted a relationship with her body; she kept on talking and began by apologizing.
 - I have been mistreating you! She talked to her body about working together.
 - had some astounding results – invited the house to have a lift of its own, too!
 - Tells the story of the vase that fell on the floor – it survived the fall
- Explains the process by which you can change events
 - Instead of thinking about what is wrong, raise it up: i give you the Christ energies to transmute the situation
 - We have more energies and help now than we have ever had, even during other times of goodness

MR: just before 9/11, she told her grandson that people have to be more compassionate with each other – and why do we need such an horrific event to start that compassion?

HA: she looks until she finds the love, the unity, the appreciation behind a particular situation as she sees it happening – there is always good in every situation.

- “I bless you and I know that you want to go to your highest good.” If it does not want to move, give it more of the love it really wants to evolve.

- Whenever you see anything that is ugly or hurtful, bless it – give it the opportunity to increase in evolution: unless we ask, look, knock – it is not going to be there. Effort is the basis of moral work; not success – I am going to give everyone, everything the opportunity to be more than it is!

Caller: to re-iterate the facts of ? - keeps seeing the importance of the petitions she has sent out about healing /transformation centres -

- Discussion between caller, Helen, Tara about the way to gain influence in your specific community

Hard News

T: all avenues need to stay open; she addresses some of Lyn's questions

- The women's centre in **Ashville NC** has been closed because “it did not meet the test”!

- Voter registration has been banned; early voting cut back by one week; no longer able to have students sign up before their 18th birthday so they would be ready to vote when they turn 18:
 - most drastic bill of its kind in the US.

- **Texas** bill – 2nd most drastic bill in the US - gerrymandered the districts and CUT ALL THE BLACK REPRESENTATIVES OUT OF THE STATE HOUSE.

- **Mississippi** – Sherry was a sharecropper before she was a congress person. MHP found the information.

- Fanny Lou Hamer had been sterilized against her will – she had been brought in front of the plantation manager because of the Poll Watcher

MPH introduced Allison – Moral Mondays represent long term coalitions between disparate groups – the key that binds them is the recognition that the right to vote is what underlines all the issues each of them represents

- Allison talks of what the poll watchers do

MHP asks about why she should care about NC and how it is different than S Carolina -

Allison: the nature of this bill makes NC ground zero for the battle on voting rights across the country – makes it very hard for people to access the ballot box; and is hardest on people of colour

MHP: what made it easy for this bill to come into existence was the ruling of the Supreme Court, gutting the Voting Rights Act

- Allison: there will be legal challenges; they will keep the pressure on Holder too

MHP: asks about McCrory and the next election: he has signed a bill that puts in place truly draconian laws

- **Allison:** there is just a very loud group in that base – the Red Meat Eaters on the right shout louder and have more money and move faster – happened in the last 48 hours of the session. And the Senate attached all kinds of elements on the Voter rights bill – alienates women, students, all people of colour!

T: understands what Lyn was saying that we feel that we are losing the kids and the kids have trouble understanding what is happening

- The Grand Sextile and the merkaba vehicle, the Diamond Tetrahedron – this is on a stellar level:
- this thing about James McBride who signs all from Divine Province.org – where Francis wrote the Apostolic letter which said that globally, there is no more immunity from every judge, attorney, corporation on earth because they are inside the Roman Curia – yet the Vatican, the elites of the cabal and others think they are going to stay in power and only the minions will go down.
- Lyn was talking about people supporting them so they did not have to charge – yet money will be in place for a while longer

T: the folks consigned to the Siberian gulags – White Russian Jews – have had 5 generations be born under the ground; they have ascended and the Ashtar Command set up a base there – they are the ones who will dismantle the Vatican, the elite, The Committee of 300 and so on.

- Maybe Edward Snowden might go to the gulag and get a landspeeder and go to Venezuela – he said he can get into anyone on earth as long as he has an e-mail. Keith Alexander lied again to Congress and said no we are not doing this
- Might as well shut down the NSA – they have a million underground acres for cyber warfare games just SW of Salt Lake City

Rainbird: is there anything in NESARA that would help what is happening in NC?

T: they all get arrested and this is happening right now – if this is not shock therapy, I don't know what is – this is really nasty stuff

- Remember what Karen Finney was saying about Mr Weiner and Huma leading down a bloody step to Bill and Hillary's front porch and the seat she had in NYC. She and John Kerry bought the tickets on flight 93 that ended up in a field with no body parts or anything – more and more about 9/11
- Congress gone for 6.5 weeks; will see them at almost 9/11 time again
- there are no dates, yet this is called medicine: take all of this stuff and turn it into lemonade
- And there is one great leader in the NAACP in William Barber Jr; Moral Monday is a movement and is waking people up in all states, and around the world.

MR: what is Moral Monday? [question by e-mail]

Rainbird: a loose coalition of people from all kinds of backgrounds who are outraged at what the state gov't is doing; started with a small group and got bigger and bigger.

- Starting on Aug 5th with Mountain Moral Mondays
- Barber was on Thom Hartmann July 31 – the Republicans are running scared –
 - there are 13 rallies planned in the 13 districts on Aug 28
 - there will be marches across the country on Aug 28, the day MLK Jr gave his anti-Viet Nam speech – we need to be in numbers
- there are 8 more days on Current TV in this financial arrangement – then no more Stephanie Miller, Joy Behar, John Fugelsein; Young Turks, Randi –
 - the 13th will be the first day without them;
 - they are are hinting they will go on **RT tv which IS NOT CENSORED!**

T & R: hearing all over the place about **9 /11**

T: reads notes on Thomas Jefferson – Thom Hartman did a program on Thomas Jefferson and slavery listen to the entire reading for the details.

Closing: Cathy
