Hard News:

R: Ed Show – Michael Eric Dyson had on Michael Moore – all Rama can ask is why do we need weapons that would take out the terminator?

- Tomorrow, a nation wide showing of *Bowling for Columbine* again! It will be on the internet and people are opening their homes for other people so they can gather: there will be a town hall meeting afterwards – M Moore and Bernie Sanders and others
- Why is Thomas Young who was in the same brigade as Cindy Sheehan's son wanting to leave the planet?
 - he has had stomach pains that taking out his colon did not help: need care for the vets and free health care
 - Phil Donahue could not get back on NBC even if he wanted to for talking about the war in Iraq

Ed Show: a lady called up and called Rahm Emmanuel the head of the Mossad in the US!

Randi Rhodes: she described Michelle Bachman – the craziness she is describing Obama with – the hatred of the black man in the White House: the distraction is insidious: Jim Crow alive & well in this time

- there is **no deficit crisis:** the Republicans will not work with this president – and there will be a housecleaning
- As Max Keiser says, as we continue to play with the hedge fund: he heard that the market went up to 14,900 – and this is not real: get your money out of the banks and do it now – the way some economists are talking
 - Many people have sent Rama the same message: we are going down the same road as Cyprus – on the way to austerity which has never helped anything
- this week, Boehner got a nice sum of cash from Wayne LaPierre of the NRA!!! This is the place where we must send more love to them and Cheney and Bush, etc
- there is a religious war in Myanmar – the Buddhists killed some Muslims
- **R spoke to Katherine:** Obama sat with – the fake crisis has nothing to do with Al Qaeda and WMD – only the star gates: Hebron, Aleppo, Jerusalem – has to do with Mother's original people: the Haplo groups, the Annunaki – more and more folks are breaking away from their gag orders and talking in terms of another form of this conversation and full disclosure and first contact:
 - there is more to the story – the exposure of this story, the hubris: more and more people are talking of the war crimes since 9/11 – 75,000+ killed – it is still a crime scene and so why is there a new building there? Larry Silverstein has not been held accountable and others as well
- **Richard Pearle:** Story of General Steele in Iraq and Pro Counsel Paul Bremer: he designed the Iraq invasion and said to 4,000 guys just take your guns and go home, yet at the same time the \$8.8 billion from Iraq will show up at the right time – St Germain has it.
- Roma Downey of "Touched by an Angel" – her husband was Andrew, the angel of death; Andrew was killed by the MIB because he started telling the truth about 9/11; she made an up-to-date version of the bible, and they updated the face of Satan and it looks like Obama with deep lines in his face – it is on the History channel and is NOT THE TRUTH.

Randi Rhodes wanted to know why Roma Downey made Jesus like a Chippendale guy; actor was Portuguese – he did not like an Aboriginal Moabite male – and he was a person of colour
- the downfall of what we know as the Roman Empire is with us ; the character Mr Francis is hiding behind the mask of St Francis;
 - Salvador Allende & family were killed in an an orchestrated false flag event

Caller1: did anyone notice when BO was speaking that the US flags were without fringes!

T: yes, and when he went to Brazil and Chile there were no fringes there, either. Wherever he goes, he is

inside NESARA law

Caller: Does this pertain to inside the US too?

T: Miss Hillary is in his face here; when he is out of the country, he has more jurisdiction.

T: Rachel had a piece last night - the re-airing of HUBRIS; selling the Iraq war could not have happened at a better time; 10 years on those who started the war are coming out of the wood work, not to apologize, but to say it was a great idea, and they are not sorry, and everything worked out great.

- Cheney: I did what I did; I feel good about it; if I had to do it again, I would do it.

Rachel puts up Paul Wolfowitz' picture: his contribution to the discussion: it is night and day over the way the people were suffering under Saddam!

- Rachel brings up the numbers dead and wounded;
- Tara give the **truer figures**: 5 million Iraqis dead, 5 million displaced internally and 5 million externally; they only had 26 million in the first place. The children - who can talk about that misery!
- masses of Iraqi women have stopped having babies as they are being born deformed, organs outside their bodies, mentally and physically incapacitated

R: goes there on the night work, and he sees many of us on the crafts - the work he sees at night he has only compassion and love for us, yet the people in Iraq are living in the stone age & WE DID IT!

- The argument that the people are free is **not true** - Donald Rumsfeld tweeted that 10 years on, the work of liberation continues - **THEY ARE RETROACTIVELY PUSHING THAT VERSION.**
- Richard Pearl re-emerged to say he did not think the question of whether it was worth it or not is a reasonable question!
 - **True numbers**: 2 million US soldiers dead; 5 million Iraqis dead;
- Rachel did not foresee the lack of reflection and that the Iraq War turned out great - **such bald revisionist history!!!** Glad we are re-showing the documentary - the folks who did the selling, did it all on tape, and the people who were involved in these decisions are speaking up about what really went on.

Audio: Laurence O'Donnell expressing some things about Barack Obama in Israel - March 21, 2013
http://www.nbcnews.com/id/45755883/ns/msnbc-the_last_word/vp/51281802#51281802

Comments by the panel after Laurence's presentation

- notable: this is a man who is optimistic about the openness of people's hearts
- He speaks of the leaders of the Palestinian authority: I believe you have a genuine partner in them
- peace is possible - he would not have gotten applause for mentioning Abbas in the US
- He talked about a Jewish democratic Israel - E J Dionne says there are enough in the US who recognize the truth of what Obama said

Conf Call

Caller 1: this is the most significant visual the world can see [Obama in Israel]

Caller: validates the role he plays, and the Republicans as ineffective

T: Talks about the woman who did a reading of Obama's aura: she did it twice, once at beginning of his 1st term in office; then a year later - at the beginning, it was magnanimous; the 2nd time it went out miles and miles and enveloped people for miles!

- She said she's done this for 40 years and has never seen anything like this.
- When T&R went to Annapolis, in West Point, their hostess had been to a graduation event;
 - everyone could feel the energy - the people were wondering about the feeling going on in their

being, no matter their political stance.

- This is what Tara felt in the room when Obama was giving the speech in Israel
- The Heckler was referring to the US alignment with the murder of Rachel Corey - he was pointing out that the bulldozer which ran over Rachel was made in PA and sent there for Netanyahu to use [Caterpillar] and he used it against an American.
 - Rachel's parents have been going through courts since 2004 after she was killed - they are going to do something about it - they go all over Palestine and Israel to speak of their dream which is their daughter's dream: to bring peace. The Israelis and the bulldozer were going to demolish the house Rachel was staying in, with the kids in it!! She went out wearing a bright orange jacket so she could not have been missed by the driver

Caller: has a feeling people are waking up: when the gov'ts get their messages out, the people will realize the gov't is not speaking for the people

T: already know that the people are waking up: Turkish and Kurds - the Kurd leader is in jail in Turkey and the Turkish people let him speak: he is calling for a cease fire, and Turkey is agreeing with it:

- that the KKK have equal rights and that it be in the Turkish constitution: Turkey is agreeing.

Caller: he did a lot of background to get to speak to the people in Israel - and he was walking arm in arm with Netanyahu and Peres at one point

Caller: did you see that Peru and Hungary have banned GMO - **ALL OF EUROPE HAS BANNED GMO!**

T: yes the US is the only one left; South America won't take them either; in Paraguay, the people and the kids live in the soy fields - a US citizen went there and talked to the people: a little boy who walked through the soy fields had his skin covered in boils - he was 6 years old, and literally dying - agent orange is in the Roundup and sprayed on the crops

Caller: to know more about the video and one of Obama's security people

T: NO, IT WAS NOT KOS; YES IT WAS REAL!! That video is all real -

- he shape-shifted his face to be an ET, and shape shifted it back
- he is a member of the Federation of Worlds; he is a 5 star general from Rigel 4, a member of the 16 Million strong Ashtar Command; he has x-ray eyes, and carries a phaser
- **NOT TO BE MESSED WITH!**

Caller: the ETs say they are going to allow meteorites come into earth's atmosphere so they can neutralize them & take them away so people can see that they are here to help the people of earth

T: another thing that happened beside the peace talks between the Turks and the Kurds

- in Australia, over a period of 40 - 50 years, new born babies were taken from the mothers & given to other families to raise!
 - Al Jazeera - told the story of a woman got to see her son for the first time in a 50 year period - he was 52 years old, and she was 80 - she was 17 and a single mum: better to give the child to two people - not the governments role to make such decisions!!!

Caller: the gov't was on the take: the people who got the child had to pay for them!

- Someone asked if this was still done in US: yes, for money - this is what is profitable, not what is right!

T: watched a story on Link.tv - Telemondo Theatre - this film was made in China, shedding light on the corruption going on with selling babies: a couple met in college, got married had a child - he sold the child when she was at work: when she came home, the baby was gone and he was gone!

T: reminds us again that Pope Francis was a baby trafficker for years and years.

T: In response to a caller's question, T says she has the evidence that this is so - records and testimonies - people testifying against him already about Operation Condor. Has to do with the experiment:

- **the first 9/11 - done in Chile on 9/11, 1973** - Allende was assassinated - our gov't got permission to do this from the Club of Rome: Kissinger [KHAZAR/ASHKENASI Jew] kissed the ring of the Pope and got permission
- Francis I was head Jesuit for all of South America: they ordered up the operation and gave permission for Kissinger and the US to come in and do the dirty work.

Caller: Sananda has a lot to clean up: upset about the mess in the Vatican

T: as Obama said to the students, they will have to push their politicians to get the work done. It is the young people in all the countries in the world who will do that pushing.

Caller: what about the Chained C P I ?

T: he offered to do this to see what the Republicans were going to do - about Medicare, Medicaid etc

T: in 48 hours people got really angry with Harry Reid for dropping the assault weapon stuff - he put it back in!

T: about passing the bill for sustaining the gov't

- Bill McGibbons said game over for the X L pipeline: it is so dirty as it puts methane gas in the atmosphere which is worse than the carbons
- there was a fake vote today and the Pipeline thing passed - but it does not count - a trial balloon. All the Repubs voted for it

T: there are rumours around that when Obama gets home, he will call them all back to Congress

4 provisions were made permanent

(1) prohibits the ATF from requiring gun dealers from conducting annual inventories to be sure no guns are lost or stolen - will be able to hide what is going on - the gun running that is going on

(2) retains a broad definition of antiques guns which can be imported

(3) prevents the ATF from refusing to renew a dealer's licence for lack of business

- if they could prevent them from having a license, they could spot illegal gun dealing

Caller: Janet Napolitano and others - the ammunition purchasing of millions and millions rounds - the police are having trouble getting enough ammunition for their officers

R: 6.3 million bullets with depleted uranium in them and Alex Jones are following them around the planet

- What are the bullets for? To kill all of us!
- The truth is the shipments are real, and so is the purchasing; the ammo is to remove people like us - useless eaters if they determine they want to pull off the NWO

T: Dr Keshe said he could neutralize every bullet whether it has uranium in it or not, or if it can penetrate body armour - the Republicans are bent on creating civil war

Caller: thinks Ashtar Command should be here

T: **they already are:** this is why we've seen the YouTube with the man shape-shifting - and we can see they are not malevolent

T: Ap 29 - March 4 - the press conference - they will have one of the Ets there so we can meet him

Caller: would like to see the banks all gone!!!!

T: when Reagan got in, he cut off the Better Education grants - life became much harder for folks
Took out a loan for \$6,000 to do her PhD, then went overseas for 2 years

Mother:

Greetings in the Light of the most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame:

T: we ask for all of the kingdoms to come forward and assist human kind, and that we listen to them: the bird kingdom, elven, mennahunis, the divas, angelic kingdom - all of the creatures, plants of our planet - and may we activate our 6th strand of DNA.

Greetings, Children of Ra:

- The energies are hot: in this sacred moment, crossing the Galactic Plane coming to conclusion:
- 9/11 is the issue here - 10 years of fake war - a war of the mind rather than the heart - time to speak of the issues: the sacred hour is setting - it only about the NOW; there is only Here and Now - the rest of it takes care of itself in the cycle of frequency that is only ascending at the moment.
- It is only about what is occurring in the particles and the story of our ascension which is well on its way.
- The story before us is Thomas Young - the man who is 33 - and the Man with the Plan & his Ascension going through the holy Passover; Mr 19.5* getting the job done! Gotta take a risk and walk over the cliff with the white dog & the fool
- our wayward children wish to play with us and take us down the zig zag path of the Hopi Prophecy which leads to nowhere. This man knows that the naqual walks with him; every single second we guide him, & the Jaquar Medicine woman- this story is about the ascension of this planet, it is well on its way
- Honor these wayward children who have done such a magnificent job of creating chaos for us to bring us back on track: we are at our best when things are at their worst!
- Already we are over the time and miracles are afoot: the holy days leading up to the ascension day , and **this Easter has great significance as the fall of Rome is already assured.** What we are watching is the exposure that has to come about in this moment
 - in the moment, it is about the healing here, the sacred geometry of the living god that they wish to defile with the story that if they change the spots on the leopard, maybe people won't notice!
- What is happening is the **people are awakening:** much of what is said in the holy book is far from truth
 - this man never died for anyone's sins
 - Mary Magdalene - Knights Templar - already back: the White Knights who work with Asthar
- All that is coming about in this sacred moment - gotta push the river all the way now - you are in the river, let go of the bank and let the river carry you; things may get hairy as the tide is rising by the second and it is about the sea change on the planet-
 - the brotherhoods and sisterhoods are already here - we are doing the night work and all that comes to pass
 - yet this is the sacred second when we have one voice, one heart, one mind - we are being called to active duty - this is such great radiance to behold: more and more of our friends of the etheric persuasion saying do you see me now?

Mo: the frequencies are so high, maybe it has to do with the wonkiness of the time we are in

- Let us hold the highest good for all concerned happened on the planet here that have everything to do with our ascension;
 - There is much to convey: the single thought is of joy and bringing forth that this is the time for magnificent events.
- The energy is a bit wild: hold the highest good for all concerned in the moment: send more love to the people called Skype as they do not wish to hear the news we are talking about; they are an ancient story coming to conclusion now.

T: what about the idea that Obama might call the Congress into session when he gets back?

Mo: it is high probability - it seems nothing can be arranged to sooth the feathers: it is about one story

and one story only: obstruction

T: they are getting ready to charge them with Obstruction and it is in the same line with treason in the Constitution

Mo: as we are in the here and now of it, it takes care of itself; we must say the clowny clones of reality - they know the reality from their side of the fence!

T: We were reading the 4 points that were snuck in as part of the legislation on keeping the money flowing past the 28th of March

Mo: talks about how cars are licensed and insured, same for guns - nothing different!

• The antique guns has to do with the illegal arms trade - a way to classify things that are not antique
(4) requires ATF to attach a disclaimer to data about guns to indicate that it cannot be used to draw broad conclusions about firearms related to crimes

T: comments that John Fugelsein said: " Way to go, 2 party system: both are supporting the gun lobby which controls the NRA and Congress!"

• the ATF has had no staff and no head for the last 7 years - **ATF exists in name only!!!**

Mo: has to do with the obstruction by the party on the right - HUBRIS!

Mo, T: **Closing** Greetings in the Light of the Most Radiant One! Kadosh! Kadosh! Kadosh!

Rama comes back: he was in some kind of frequency chamber that had electric blue frequencies; all was electric blue - the frequencies looked like the torus, the doughnut. Thinks it had to do with AA Michael; also looked like Earth was in the torus and surrounded by the electric blue

[\[KR421\] Keiser Report: We're All Going On a Bank Holiday!](#)

We discuss the big picture of bank holidays and wealth confiscation in order to pay off the \$100 trillion error account banksters basically admitted to having at Davos in 2011. We also present the Max Keiser Chiefs warning in 2005 about the \$250 trillion in derivatives backed by a \$40 trillion economy getting ready to blow up the world economy as evidenced by collapse of Refco. Eight years later, the debts are bigger and wealth confiscation schemes are bolder. In the second half of the show, Max Keiser talks to [Reggie Middleton of BoomBustBlog.com](#) about Cyprus, the rules that have been revealed and his upcoming special investigation on certain European banks he's discovered have been committing fraud.
