### HARD NEWS

**R:** Talked to Bernie – going all the way to the White House!

- He is bringing everything back to what FDR talked about -
- R tried to get him to talk about Nesara: would not
- When he talks about going all the way to the White House, means a woman: Michelle!

**T:** people in CA who were registered as Democrats are no longer registered! If they are not registered by May 3, cannot vote in primary

**Jeremy Scahill** – calling out the republicans on the insanity being discussed: all goes back to 9/11

**T:** Bernie says this goes all the way back to JFK, Sr – who will be back!

- An article sent to them from last year – Gordon Duff [needs 3 grains of salt] – talks about Putin laying it out by 9/11: could happen in the midst of all this chaos
- no Iran, North Korea or Russia at the nuclear weapons meeting today

**T:** Chris Matthews interviewed Trump who said woman needed to be punished for abortions  
Then he retracted this and said the doctor should be the one getting punished!

- Trump in that interview also said **he would not take nuclear weapons off the table**

**KOS: since Trump said that, Putin put a \$300 million price** on Trump's head because what Trump said leads to the idea that he'd drop it on Russia! And he can't wait!

**R** talks of this being a tense time on the planet, and all the distractions around: 30 cops all around Santa Fe – unusual to see so many cops on the street: this has to do with what happened in Paris, Brussels, the distractions of the Black Ops

- **Hillary has secret hit squads** out there; they just kill for her all over the world; has been going on for decades: has to do with her murdering Vince Foster & this is being brought up and they attempt to cover it up; What about the Clinton Foundation, the Children's Defence Fund – they go back to Lee Wanta and the Chris Story Reports

- There's a documentary supposed to be coming out in the summer called "*Eagle One to Wanta*"
  - Lee Wanta is being praised for being a good guy – AND he was not! Lee Wanta was known as the \$31.2 Trillion dollar man for the private fund he accumulated while being protected by Bush Sr. and Bush Sr's junk yard dog

- there is an explanation of who the puppet masters are in the article & how money went straight into Hillary's pocket and not to the Children's Defence Fund – this is being brought up and the news people are just covering it up saying that it's just an attack against Hillary

2014-09-17 PuppetGate

[SEE BELOW]

- The news people are trying to cover this up, and it is still being discussed.
- Read a couple of months ago what the true light was: espionage, racketeering, fraud, money laundering, and taking huge sums of money were taken from oil industries, biomedical military industrial congressional complex; defence contractors like DARPA; Rafeon;GE; the prison landlords – they are giving Hillary campaign contributions in the millions

## **KOS: if you want another war, vote Hillary; if you want peace, vote Bernie**

- The **DC Madam Palfrey** is in the news: will take a lot of people in Congress down – and they name almost everyone whose names we are familiar with from all we've heard on these calls: Cheney, Bill Clinton, McConnell, Paul Ryan, Trump, Boehner, Kissenger, Hillary, etc
- This also brings in the story of Victor Bout – Russian wanted him extradicted back to Russia, as he was a major arms dealer captured by the US – also sold nuclear secrets
- All the stories since 9/11 are **total shams – has to do with an even deeper story -** goes back to the Nazi anti-gravity machines brought in with the OSS,

### **Sam Seder – The Majority Report**

- voting has been rigged since 1949 and has been run from Israel by the Mossaud
- Joseph Kennedy was responsible for starting WW 2 and some of his buddies
- John Kennedy Sr – knew what his father was doing so he set out to do certain things
  - was going to expose shut down the Fed
  - was going to create a new currency
  - was going to close down the CIA & announce the presence of the galactics
  - Ruth Montgomery was one of the astrological advisors and told them what was being planned, so he was cloned; he is on the ships now and will return
- Every day, more and more storied coming out about galactics walking the West Wing
- Report on **Rama's upcoming surgery**
  - Leave Sunday, April 10<sup>th</sup>; return the following Sunday
  - Monday, Ap 11 – full physical; Tuesday Ap 12 – surgery
  - found out that a lot of things [tumeric, flax seed oil, hemp seed oil and other things] are blood thinners so he is off them for 2 weeks
  - they are **counting on help from the rest of us**: R is grateful and amazed by what is happening, yet still need more help – just hanging by a thread!

### **When the markets went to ZERO: Feb 6, 2013** – on Bloomberg news/TV:

- this station reports all financial news – on that day, every single market in the entire world went to zero – **the entire global economy went belly up!** Was on TV all day long
- **there has been no money** – all they do is make bets in the futures markets call the hedge funds: placing bets on the children who have not been born – well past 7 lifetimes – have been rolling debt down and down to the future of our children's children's children and putting the cash money in their pockets
- Hillary is in the debt of the British crown since she was found to have murdered Vince Foster:
  - the OJ Simpson case was the cover/distraction: she should have put away for life as she got caught – There is a CD of this
  - This is why the British crown wants her to be president. She is behind the dongos, dinars, etc **to take people away from NESARA**, and trashing Bernie every chance she gets. They have always been running on the idea of reducing the world population to 2% and bringing in their dragon friends.

**Putin:** Russia is ready to show proof that 9/11 is an inside job – Bernie, KOS, Jeremy Scahill are all saying that he is now ready to do it

**MR:** what do you mean by **Now?**

- R:** As Trump is saying what he says & trumping the news, and saner heads are saying that Putin will come forth, lay out the evidence, and say the the US did the 9/11 and blamed it on Afghanistan – it was never Afghanistan, Iran, Kaddafi
- The Kabal bank went belly up – said the money is in the US & how did that happen?

- **What is meant by "now"**: what R has been told by KOS, Larry, Curly, Mo and Tom the Cat – also talked with the Poppy Lady's daughter – they are all saying
  - Donald Trump's true birth certificate is out on the internet from South Africa: he is illegitimate, born of a Dutch royal – no father listed – not eligible to be Pres
  - these things are about NOW – they are not put out until it is time! NOW means NOW
  - We are in an unbelievable disclosure window and they are never given a date!
  - in the midst of this chaos, and Putin comes forward with solid evidence: could be delivered via Julian Assange, Edward Snowden or Putin himself – he has taken the mike before! On RT.com

**T:** doesn't know how much further this can go as it so criminal! Bernie is not talking like this, and the evidence coming out, and desperate cover-ups all over the place . . .

**CL:** reads a channeling from AA Gabriel **[SEE BELOW]**  
IT WILL NOT BE DISCLOSURE AS LIGHTWORKERS WOULD HOPE FOR

**T:** the article says it all! Mother Earth takes priority or none of us can succeed, and Earth not making her Ascension is not happening

- And the article from Faction 2 is very interesting too – they don't like Obama or his family at all, **yet what they are saying is true.**

**Guest: Jacqueline Smith [JS]-** thanks to Frank Chile for introducing her to MR/Stargate  
She is a hybrid so this will be the subject and how she became aware of who she is

**Background:** through childhood, much time spent on ships at night: went to night school – learning philosophy; telepathy, clairaudience, clairvoyant. When her mother was pregnant, she was taken on ships – tall white Zetas injected a cocktail mix of DNA into the womb;

- JS was genetically enhanced: has 7 different races' frequencies and DNA of humans too
- During childhood, she was being prepared for her earth mission.
- She's been an animal communicator for over 36 years; certified hypnotherapist to help experiencers understand what has happened to them with the star beings – teaches classes and workshops to help people expand their understanding of who they are as cosmic citizens. This is how she got started with all this.

**MR:** as a child, what was it like with this kind of understanding – a normal childhood?

**JS:** no, not like most kids – she was on the ships at night, learning from her tall White family and from other races ; always thought that humans were a bit strange in appearance!

- Even though she is in human form today – she was considered different, never fit in anywhere, the odd one in the family - she still thinks about that. Still the odd one in the family – her mother's memories about this have been blocked.
- Grew up with kids whose main interests were shoes, sports, etc – she's thinking more about how the universe began, and I wonder how many starbeings are in the universe, and such subjects.

**MR:** siblings, father? How did family members relate?

**JS:** parents on both sides are of star lineage, though not aware of it; she was told by the star beings that it was an ancestral lineage; she has 2 brothers who are not aware of any of this – JS was the one chosen to be genetically enhanced; brothers have normal lives – parents gone. After they passed over, they both visited her and filled in their backgrounds and lineage and races they were associated with - A great gift!

**MR:** Married? Children?

**JS:** No children on this plane. She was married many years ago – he was not attuned to this way of life. She interacts with star beings every day of her life & strange things happen around the house all the time!

- has over 40 hybrid children – she did not carry them to term, as there is a way of taking

theDNA and creating the children on the ships rather than implanting the fetus back in the body or altering the fetus, though she did have a couple of those experiences – and she did know when they took the fetus from her.

**MR:** has heard of people having children but not carrying them the full gestation time

**JS:** She was about 15 when they started preparing her for this: different star cultures have different star programs. From a soul level, she consented to this - at 15, she was beginning to be prepared – all through college and after that, too – her 40 hybrid children she can communicate anytime she wants to – they share their different missions & what they were created for: some on ships, some at other work. They are here to connect and help humanity to evolve to higher frequencies and to expand consciousness and awareness.

**MR:** what is the star beings understanding of god?

**JS:** she has a number of councils she works with – asked them to gather together and answer this question

- In simple terms they told her: we are all One; everything that exists is a single interconnected whole – there is no such thing as worshipping a god – even though we are more highly evolved does not mean we know everything – so our common connection is the common core is we are all One - truth can never be boxed in and they didn't even want to try; One is just the word they are using – and the One is Everything.
- It's a concept she's been seeking for a long, long time: the Creator is everywhere and we are all expressions of the creator or Source.

**MR:** tells her that the show begins with We are all One; when one is harmed, all are harmed.

**JS:** appreciates that!

888-429-5471 is the call in number

**CL:** question is related to a program with Corey Goode and Tyrell: both of them have had their blood type tested: they are Nephilim and that's part Annunaki with lots of oxygen in them – they have 2100 parts of Oxygen – is JS that or similar?

**JS:** not familiar with the tests they have taken. She has not had her blood tested, and told by a few ones who work in this area that anomalies typically show up in the blood- and we are all different and come from different races. That could also play a role in terms of what would show up in the blood.

- She was also told that in some ways the tests we have on earth are not sophisticated enough to show what the different components would be of a hybrid. She's never had her blood tested. Has chosen not to go in that direction.

**MR:** why raise questions if something shows up and then the medical people try to make you do something about it.

**CL:** Corey and Tyrell were on Ancient Aliens – they had so many videos and info about ET ships and things as more was learned about the blood, they were asked if they would be willing to take the tests

**JS:** it can open a door to something we might not want: someone might try to take advantage of this or forced to take more medical tests. Has been approached by some who were adamant about teeth, bones testing etc – she knows who she is and why she is here – she didn't want to spend her time doing that!

**MR:** if people asked her what is your mission, what is your message, how do your abilities integrate into our world?

**JS:** she considers herself a bridge – has been sharing messages about Oneness for over 36 years: her abilities have been enhanced; always been telepathic; good at receiving messages from animals because a lifeform is a lifeform – telepathy is a natural way to communicate;

- Her abilities in telepathy clairaudience are strong; she came in with clair audience, clair voyance
- Teaches people on how to communicate with animals and the students can all do it.
- Also teaches about how to communicate with star beings & they get to have a direct communication with starbeings; she does star family readings too – those skills were enhanced with her – she can go all the way back to the beginning of the creation of each one's soul.
- As a hybrid, she considers herself as a bridge
- **Her Key Message:** It's about love and us learning to speak from our heart, our soul and to develop our consciousness in those ways, and to understand we are all cosmic citizens – all of us are from the stars, ultimately.
  - Uses her abilities for the good – has had them her whole life.
  - Speaks Light Language, brings in messages, symbols from the star beings etc to help people align with their chakra systems – gets much joy from being able to share
  - Can bi-locate, travel anywhere with her consciousness – we are in the time of expanding and growing and evolving in these ways to open those codes to being fully who we all are.

**[SEE BELOW]**

- *services for you* – this is the area for humans
- also has a practice for animal communication work, behaviour, tracking lost dogs, soul recovery

**Caller:**

**JS:** no, she is not annunaki – was referring to Corey Goode and someone else

- she carries 7 different race frequencies; Annunaki is not one of them
  - Tall White Zeta; Zeta hybrids, Arcturian -Zeta hybrid; Quavar; Dolphin-like being race; a celestial race – she talks to different star cultures but these are the basic ones

**C:** her perspective on this: when we talk of different star families, Sirius; Arcturians, Pleadians – are there certain star families that are dominant to earth experience?

- We've been feeling strong energies on this planet in terms of uplift of consciousness – please comment on this?
- Has she any awareness of an AA called Owen?

**JS:** those connected with earth: the ones we have given names to – eg Arcturians, Sirians -

- There are a number of races people are aware of – mentions the Mantis beings which are the oldest culture and they are important to earth at this moment.
- there are key races overseeing the development of earth including the greays, the Zetas, the ones we are most familiar with - yet there are many others who are not named but are frequencies and played a part in developing earth and placing the grids; naming is a human thing. She feels and knows them as frequencies and not by names. There are thousands and thousands and thousands of different star cultures that are very exciting!
- There are more star races around earth at this time; there are more ships inter dimensionally around the earth: when she looks interdimensionally she sees it's a busy place! Can be tons of activities due to tons of ships from so many races; she was recently told that some races are stepping out and higher frequency races are stepping in to help raise the frequencies of the people – some have bases on mountains or in the earth – these are beings who are benevolent and are helpful to the earth. She has chosen not to be involved with those with a different agenda.
- can't answer about AA Owen – can't answer as she has had no experience with him

**C:** What about the other races that are not part of her experience – why does she choose to disassociate herself from them – is there some warning or something we should know about?

**JS:** what she tells those who want to connect with loving kind star beings: when someone starts to connect with such, you can feel if they are loving and kind, and that is a safe way to

connect. Feel who they are: they always come and bring uplifting messages – not about control or power or ordering someone around or using them for their own purposes –

- yes, life does go on in other dimensions like on this one – in response to C's comment.

**Caller2:** has had experiences – all of her experiences have been with incredible amounts of love!  

- things happened when she was a child until pre-teens – did JS ever have the sleep paralysis thing?

**JS:** she can just feel them before they show up; One night 3-4 starbeings were in her room, and they explained that they were taking her to the ships to re-calibrate her and to get her re-aligned and expand her hologram and raise her frequencies

**C2:** remembers as a toddler: thought it was a dream – had same dream over and over: sitting in the middle of a huge field of flowers of every imaginable colour;  

- around 9-10, had an experience of being held down; could see the silhouette of long fingers and couldn't move or scream; then sleep paralysis things happened: her legs would be straight in the air and she couldn't get them down even though her muscles were not tightened up;
- then she saw visions – also talks telepathically to her German Shepherd – tells story about this

**JS:** this is the natural state for humans: we by nature have telepathic ability – thinks what happened is beautiful – what a great experience to have

**C2:** it was amazing! When outside a tiny baby squirrel came running up to her; she put her hand down, it jumped into her hand; she held it and it slept for about an hour. How did animals get here?

**JS:** Has written 2 books: **Animal Communication; Star Origins and Wisdom of Animals**  

- everyone here is a star being, whether it's plant, animal, human
- DNA from other star systems was implanted, using different templates to create everything
- So many different star cultures doing their work on Earth.

**C2:** has seen lots of star ships – Cynthia Crawford [JS and Cynthia are close friends!]  

- Has been having interesting dreams about intense love; then saw circular star ships – on the top, the lights go clockwise; on the bottom, they went counter clockwise

**JS:** it's about balancing the energies – coming into Earth's electro-magnetic atmosphere.

**MR:** does she do things like classes or workshops on line?

**JS:** in the Columbus, Ohio area; she teaches classes in person. Is in the midst of upgrading her website and is in the process of doing some classes to be on line. She had one in the past to teach people how to communicate with star beings – that kind of communication also empowers the star beings, too.

**CL:** Corey Goode also lives in Ohio

**JS:** The hybrids are strategically placed and a number talk with each other about being spread out all over the place / the world; will be connecting more via Skype.  

- Ohio is an interesting place to live: she is about 1 hour from Serpent Mound, a sacred site – many star beings come and communicate and interact with those who are there – an interesting energy: Columbus is considered a metaphysical centre with many things going on.

**CL:** Corey Good also talks about PA & having lots of mounds too

**MR:** Mound State Park is only about 20 miles from MR

**T:** mounds all over the place; when she went to Serpent Mound could hardly believe the magnetic energies there; she buried a crystal by a tree and still gets messages from there.

Those are beings here that have been placed strategically.

**JS:** Huge openings are happening interdimensionally in huge ways; there is a coming together of the various dimension and we are returning to the Oneness –  

- when driving down the street, she can see several dimensions and sometimes she sees the beings in another dimension, and they say to humans “We are here!” even though people keep asking when are they coming. We are just in a higher frequency which is why

you don't see us – they showed themselves to her so she would get the message.

- She had 6 mantis beings in her house: they were interdimensional but pretty close to being fully physical & they said they were able to do that as the energies are allowing this. They gave her symbols which are a way to show people – so much opening now that one person cannot keep track of it all.

**T:** so many things showing up now: new plants, herbs, discoveries, etc – people going under the Rocky Mountains into caves - so much stuff is opening up – T & R so done with the political stuff!

**JS:** so are so many folks! So exciting to hear all the discoveries going on and how the pieces fit together

**T:** Cathy read something about AA Gabriel – got the idea that something so huge was coming very imminently that would cancel everything on the news; for people who are not convinced about what is happening, it could be quite jarring. Yet enormously positive for the planet

**JS:** She's not aware of just one thing going on: there are multiple things going on – it's all in divine order! Kind of like dominoes – she sees things continuing, and some really big things this year opening in a big way

- Finding more people remembering their experiences on star ships, who they are connected to – she sees this as the core of ascension.

- Everyone needs to remember who they are; that we are all cosmic citizens, not earthlings; that we are not the bodies - we are beautiful, magnificent souls and we have so many more potentials than we have tapped into

- More of us are tapping into those potentials and becoming more of who we really are!

**MR:** we have JS here because of Frank Chile – so many of the things Frank talks about are part of what has happened to all of us and how we all got connected.

**JS:** has had a whole lifetime of such experiences; has been on a mother ship, discussing earth situations

### Foreword

Recently a quite detailed snapshot into how the USG functions in secret has emerged incidental to the efforts of \*\*Ambassador Lee Wanta to gain access to Trillions of Dollars which have been confirmed to be his personal property. This Xray view into the inner workings of the Secret Shadow Government occurred in response to the efforts of Ambassador Lee Wanta to collect the Trillions of US Dollars that were awarded to him by a Federal Court.

The following conversation was left on Lee Wanta's Washington DC Embassy answering machine on September 1, 2014 Labor Day. According to Lee Wanta this conversation was between between Former Tennessee Governor Don Sundquist and former South Dakota State Senator Sheldon R. Songstad.(1) Apparently these two men had tried to make a conference call to Lee Wanta and

when he didn't answer, they kept talking. This conversation apparently provides a snapshot or Xray into the way that the USG is really run at this time.

[Listen Here](#)

The vast 27 Trillion USD amount of money that Lee Wanta earned honestly engaging in major international currency speculation as President Ronald Reagan's Secret Agent under the Totten Doctrine was part of a well developed plan to end the Cold War peacefully with a win/win solution, and then to revitalize and re-industrialize America. This dynamic plan was jointly developed between President Reagan and Lee Wanta.

Ambassador Wanta's first part of his mission as assigned by President Reagan was to bring an end to the Cold War by destabilizing the Soviet Union's monetary system, while at the same time offering them a win/win solution that was too good to refuse, which they actually did accept. The second part of the plan was to Revitalize and Re-industrialize America, starting with the construction of a coast to coast High Speed Mag Lev Railroad.

**History will show that the the Soviet leaders accepted Ambassador Wanta's proposal and signed an historic General Agreement of Cooperation between the newly formed Russian Federation and the United States of America which is still binding even today.**

**This was a major historic breakthrough that was kept secret from the public at large until just recently. This General Agreement of Cooperation is historically notable because it ended the Cold War with an economic win/win situation and resulted in the Wall ("Iron Curtain") coming down which had separated East and west Berlin, East and West Germany, and other Soviet Satellite countries from the free nations of the West.**

What has never been public information until lately is that these efforts of Ambassador Wanta have been credited for the end of the Cold War while preventing what seemed to be an almost imminent nuclear WW3 between Soviet Russia and the United States of America. This was a major historical achievement for the United States that Lee Wanta attained and if a Criminal Cabal had not blocked efforts by Lee Wanta to access money which was rightfully his, America would likely have never entered the numerous dysfunctional Mid East Wars and experienced such serious economic declines, especially the recession of 2008 and the lack of real recovery afterwards.

**The remaining part of the story of what Lee Wanta accomplished attaining the General Agreement of Cooperation with the Soviet Union and its successor, the Russian Federation, which was so secret that it was kept from the public until recently. That major secret is that Ambassador Wanta made a staggeringly large, almost unimaginable profit from his currency speculation which actually totaled 27+ Trillion US dollars.**

This amazing accomplishment has resulted in Lee Wanta being given the nickname "The 27 Trillion Dollar Man" by other insiders that knew what he had accomplished. The rest of the story which needs to be told to all Americans is that Lee Wanta and President Reagan had developed a very dynamic, ingenious plan to Revitalize and Industrialize America and also to Nationalize the Federal Reserve System, thereby removing all existing deficits and replacing a FIAT debt-based monetary production and distribution system with a currency backed by Gold, Silver, precious metals and valuable commodities.

Ambassador Wanta has reported in several recent interviews that he has planned all along to use the Trillions he earned and which has actually now been adjudicated as his own personal money by a Federal Court, to build a large state of the art 200 MPH+ coast to coast High Speed Maglev Railroad, and to pay off the so-called National Debt.

**The construction of this Maglev Railroad would immediately result in two million good paying job opportunities, many benefits for American Soldiers and their families and for American Veterans. It would bring heavy steel back to America and a great deal of heavy industry and manufacturing, ending the net loss of American jobs.**

The following story is written by Ambassador Wanta's Television, Film and Communications Consultant producer Lon Gibby, who was a witness to this recent snapshot or x-Ray view into how the our US Government is controlled by insiders and not by "We the People", nor those who are supposed to represent us. Lon Gibby is presently producing a very dynamic movie that tells the story on the 27-Million Dollar man, Lee Wanta.

More on this in later Veterans Today articles. You can bet this new movie "Eagle One to Wanta" will be a very interesting and revealing movie that will give every American new hope of a new America filled with plenty of good paying job opportunities and high tech American Industry, once again leading the world.

Anyone who wants to learn specifics about Lee Wanta and his plan to revitalize and re-industrialize America can read the enclosed articles.(2)

### **PuppetGate ... by Lon Gibby, CEO Gibby Media Group, Inc.**

**Here is the explanation of PuppetGate, how I came upon it, and why I named it this. I have been working on a new documentary film entitled "Eagle One to Wanta". It is the compelling story about President Reagan, and how he brought about the fall of the Soviet Union and ended the Cold War without firing a shot.**

President Reagan and his secret agent Ambassador Lee Emil Wanta masterminded a creative way to financially take down the economy of the Soviet Union ( Evil Empire), and put together and negotiated a General Agreement of Cooperation with Secretary General Mikhail Gorbachev. As a result, the Russian Federation was born, and future generations throughout the entire world have enjoyed more safety from a nuclear holocaust because of this effort.

**Working directly under President Reagan as a private citizen, there is a man named Ambassador Lee Wanta. Lee was mandated by President Reagan under the Totten Doctrine as a secret agent to be in charge of this effort.**

**In this process, Lee Wanta did amass trillions of dollars that were designated to go back to the American people by President Reagan. In his effort to carry out his mandate, Lee Wanta was imprisoned and the monetary funds that were his to distribute as planned were stolen or converted illegally by an organization known as the Federal Reserve System and used by them to this day.**

**Later in 2006, a US District Court Judge mandated and ordered that these converted funds be returned back to Lee with interest accruals. It's hard to understand why, after eight years since this order was given by a US Judge, these funds are still retained.**

When Lee Wanta receives his funds back it will be in the amount of 32.8 Trillion Dollars. He promised under an oath to President Reagan, after he paid his repatriation taxes on this money that he earned as Director General in his Austrian-based company, to eliminate overnight our national debt ( Approximately 18 Trillion), and our 1.8 Trillion International trade deficit at once.

Lee Wanta also pledged to pay certain sovereign nations what they were promised in the Reagan-Mitterrand protocols. This includes the French, Chinese, English and Russian Governments, where billions were promised. With the remaining funds left over, he plans to and develop and create new innovative businesses that could employ over 2 million people in the USA alone.

#### **About the Figure above:**

**The Hand:** Who and what is the Federal Reserve System, sometimes called the FED? It's not a bank, like so many of our citizens are led to believe. The word FED means nothing when applied to this organization. Here is what I learned as a documentarian, filmmaker and simple small business owner. I learned that the Federal Reserve System is not a Bank, and it is not a part of our Government. It is not Federal in any way, yet it somehow has control over National and the World's financial resources, and impacts every American and person on the planet. Just because it uses the name Federal does not make it Federal.

**Federal Express was a brilliant marketing scheme which was successfully used to develop a brand. Many people believed, and still do, that Federal Express or FedEx was and is a Federal organization. Its not! At least FedEx is a real business, whereas the Federal Reserve System is not a legitimate business or Bank. The Federal Reserve System is a powerful private organization operating well outside the United States' Constitution. It has its roots way back to 1913 when Congress lawlessly approved the Federal Reserve Act that allowed a private group of families, gangs and wealthy people the right to control the banking industry exclusively.**

With a little research anyone can find out that some of the people who run the Federal Reserve System are not even Americans and represent foreign interests. Besides setting interest rates and controlling all the banks' money, the private club called the Federal Reserve System literally controls almost all aspects of our Government on Federal State and County levels, and seeks to manipulate and control the world financial markets as well. The PuppetGate illustration will help you visualize how they control us with their five fingers.

Just like a Puppet Master controls a Marionette, or a Ventriloquist can speak for others, they have learned how to control and manipulate each key area of our Government and American society. I have learned that the Federal Reserve System operates with a team of what they call themselves — Puppet Master. These are people who are trained and skilled at payola, manipulation, bribery, blackmail and extortion.

**This secret combination is most powerful, and they have support from all political parties and from well-known and respected Politicians from all parties, both past and present. No one likes to talk about them because they wield such power that even Presidents obey their commands. We have all**

**heard and understand the saying. "Those that has the gold rules".**

They have the gold and they do rule. As history will prove, they have ruled in a selfish and brutal way, with little regard for our Citizens and the Constitution of our land. The problem is, in the case of Lee Wanta, they don't own his gold and funds, but they have illegally taken and used his resources to sell trillions of dollars in worthless Federal Trade Notes and derivatives, and continue their illegal campaign of puppetry on the Citizens of the United States. Remember that the Lee Wanta money was never theirs to use in the first place.

**The Wanta funds were mandated by President Reagan to go towards our wiping out our national debt, to improve our lives and were to be used as outlined above. Finally, understand that the massive Reserve bubble is about to burst because they do not have the resources or reserve to back up what some are calling the mother of all Ponzi schemes.**

The only hope they have is to create a destabilized world by starting more wars by meddling in the affairs of other countries. Since 1913, War has been an essential part of the growth of the Federal Reserve System. Who finances and makes lots of money on wars? They do. Who suffers from the effects of war? The people. Today I believe we are seeing a desperate effort by those same puppet masters to destabilize the world and create more war. That is the pattern they have followed since 1913. It's what history teaches us. I hope and pray we can learn from history and make the necessary changes on behalf of our people and all the future generations yet unborn. We should eliminate this unconstitutional organization that controls our lives and operates to control people and feed its own vain ambitions.

**PuppetGate represents the analogy and parable of how I visualize the way our Government is currently operating. Remember "they that controls the gold rules" and that is the Federal Reserve System, Supreme Puppet Master, the big hand.**

**The Thumb:** The Thumb represents the Banks and the strings attached to the entire banking industry. Under the Banking thumb is big corporations and small businesses who get very little support (stimulus and loans), credit bureaus and Real Estate, which all require the blessings of banks. Way down the string below another puppet master is the typical hard-working American and small businesses owners.

As we all know, the thumb and the index finger are very strong and powerful when they operate synchronized together. The Federal Reserve hand or the supreme puppet master can and does manipulate in many ways all the banking industry, including interest rates, inflation, etc.

**The Index finger:** This represents the Presidency White House. Notice the Presidency has a longer string than other fingers and has more strings to control under it. The NSA and CIA all take orders from the President and his Cabinet. Strings to funding State Governments can be pulled at any time if they are not following in line. Remember, there are strings attached at every level. The Industrial Military Complex is under the index finger as well, and must strive to maintain its funding levels, and needs instability in the world to feed it.

The Treasury also answers to the President. It would be nice to know how much real gold we really have to back up our dollar? No one seems to know? Yes the index finger or Presidency has strings attached to the judicial arm of the Government. Remember who appoints our Supreme Court Justices. The Judicial side of our Government, as we all know now, is not exempt from

bribery, cronyism, and blackmail, just like all the other parts of our Government under the hand of the Federal Reserve System.

**The middle finger:** The middle finger controls the Congress, and as you can see the string is very short. There is not much room to move. Sometimes congress is like a yo-yo going up and down on the string. The more Congress is divided and contentious, the better for the Supreme Puppet Master. All political parties are manipulated by the fact that elections and pork barrel bills are all funded ultimately by the supreme puppet master Federal Reserve System, regardless of the source.

**The hand influences and heavily controls who will stay in Congress for life, and who must leave after short terms. Congress has lobbyist and political parties underneath them on a string. Unfortunately, that's about all it has going for it, besides the voters, who are also sometimes used as puppets to win elections. Most people agree today that Elections are won on the amount of money spent and creative marketing and branding ploys that influence voters. Money for this and how it is spent is controlled by the hand, Supreme puppet master, Federal Reserve.**

In Congress we see examples almost every day of how deeply divided they are. I feel they should be assigned seats like in high school to sit with each other and not in a big divided group. On TV it emphasizes just how divided is our country when you see a whole block stand up and one sitting down. They do not seem to be able to agree on much of anything and waste precious resources, a lot of times over pride and stubbornness.

Many elected officials do not show up (unless it is the state of the Union speech) to listen to the arguments and discussions, and often simply vote as they are told by the Puppet master above them. Having a Congress that is dysfunctional means that more Constitutional power is being relinquished over to the index finger President.

Congress is commissioned to pass laws to help our people — and thank goodness — occasionally they do succeed, despite the polarization. But the fact is, most often those who have the most money behind them will win. Congress is often times hypocritical, routinely breaking their own laws that they have passed. This sets a bad example for the public and again, gives the hand more control over us.

**The Ring finger:** The ring finger with its gold ring band represents the finger that controls Wall Street. Lately, Wall street has been approaching record levels, giving a false appearance that the economy is growing. It's like a movie set that has a great facade of buildings on the street . When you walk behind the set, you see it is propped up. The Wall Street facade and bubble will eventually burst, as it always does. Who will lose the most money when this occurs?

Who is making money now off of Wall Street as the bubble grows? Certainly not many middle or lower class Fellow Americans are making much investment money, since their spendable income is at an all time low. It appears an elite group is benefiting from Wall Street the way it is structured and controlled by the hand. That will be the subject of another article later.

**The smallest finger:** The small finger on the hand, the pinky, controls the news media and press. The Free Press is not free with a string attached. Today's media strings that are attached would be massive advertising contracts from both parties and plenty of money on the table to make sure some of the real news is suppressed. The conditions that allow a Free Press to function

are not currently working as they should.

**There are some news outlets trying hard to report the truth but some of them are easily silenced with money, payola, bribes and threats that are real. The public, instead of having a watchdog, has a hamster to guard against the corruption and selfish interests of the hand. The hand basically controls the Free Press in today's world. I believe even social media is manipulated by experts in technology who have been paid well for their work, disruption, spam and hacking. Election time is like winning the lottery for the Press and News Media.**

The entertainment industry loves it too, and benefits as well. The more contention and polarization between candidates, the better. This distracts from the mission of the hand. No campaign spending limits makes it a win-win for all elite media regardless of who wins and how it impacts our country. There are a few bold organizations trying hard to report the truth, but they all dangle from a very fine thread if they do not agree to be manipulated by the hand.

**Evidence:** Evidence of PuppetGate can be found everywhere in our country and overseas. I believe this system of control is so commonplace that it is at all levels of government and big business. It has become the normal way to conduct business. Just one example is a recent accidental message left on a phone call to Lee Wanta.

A former State Governor and former State Representative discussed how they expected to receive personal funds in upwards of 10 Billion dollars when Lee receives his funds back.(3) The conversation goes on to plan a strategy to threaten and intimidate Ambassador Lee Wanta if he does not give in. This conversation was published on the Veterans Today News site on [www.youtube.com](http://www.youtube.com), and the attachment can be listened to. The actual conversation is only about six minutes long, but says a lot about PuppetGate in general as to how things really work inside the Beltway.

**Good News:** The good news is that for a sore or boil to heal, sometimes the best thing that can happen is that it is drained or lanced. In order for a healing to take place and for us to get back to the pre-1913 Constitution, we need to remove the Federal Reserve System now. We need to make sure Lee Wanta has his funds returned, as ordered by a US District Court Judge. I believe he will do what's right with these funds as outlined, and he will follow the leadership and direction given him by President Reagan.

**We have a wonderful people in America who care about our future and will vote properly if given a good choice. Let's encourage more qualified people from all colors and walks of life to run for office and to step up to lead. By the way, they all do not have to be attorneys at law. When anyone runs for office, they need to be oriented properly to what is the right way to function. We need to work hard to elect good strong Americans to office and expect them to maintain a higher bar than what we see now.**

If you look closely at the PuppetGate diagram, you will see that our military is not dangling below the fingers or the Hand. Yes, there is a Military Industrial Complex under the President. That is the big money and big business part of the military system. But our operational military is well-equipped and is made up of mostly honorable men and women sworn to protect us and our Constitution from our enemies, both domestic and foreign.

I believe the leadership of the Military is basically strong and capable of helping to resolve any

issues we now face, if required. Fortunately, we do have a number of outstanding State Governments that are setting great examples of fiscal responsibility, which the real Federal Government should learn and model themselves after, forevermore. Everyone knows what a gate is since the 1970's.

**By adding "Puppet" to the word "gate" to get "PuppetGate", we get a simple visual explanation of how things operate today in America. This is not Howdy Doody time with Clarabell the Clown or the Wizard of Oz. There are Strings attached, Kickbacks, Bribery, Blackmail, Greenmail, Extortion, Payola and real criminal activity. It's now more commonplace in politics than at any other time in our history. It's at the top, all the way down to the bottom.**

Let's change it back to so that the Hand is "by the people and for the people", and let's work and get back to the precious freedoms and liberty our constitution provides for. I'm just a small business owner, middle class family man, documentary TV and film producer who is willing to share his opinion and thoughts.

I Love our Country just like most Americans. A website is available that has the recent Biography on Lee Wanta's life available to read and hundreds of links to documents to back up these issues with the Federal Reserve.(4)

\*\*Lee Wanta was a former Presidential Secret Agent under the Totten Doctrine [92 U.S. 105, 107 (1875), National Security Decision – Directive Number 166, dated March 27, 1985, inter alia] under U.S. President Ronald W. Reagan, whom some experts consider to be our last legally and duly elected President. Ambassador Wanta served – under Presidential Mandate – as a close personal consultant to President Reagan and was credited with having a major role engineering an end to the Soviet Union Cold War and the "tearing down of the Iron Curtain".

## 2016-02-18 Archangel Gabriel~ Disclosure Announcement

[Toluene Life Experience](#) by Christine Preston

CHRISTINE: After a long conversation with Archeia Faith this morning, following an even longer period of silent prayers to our Heavenly Father for the descent of the consciousness of the Elohim, the Archangels, Helios and Vesta, the Ascended Masters including Saint Germain and Lord Jesus the Christ, and for the Solar Ring to bind us all in the purity of Christ consciousness, as a platform for the Tube of Light, Archangel Gabriel spoke to me. He said he was coming with an **Announcement** before going away to carry out a task, or assignment. At first I thought it was Archangel Michael as he often mentions he gets busy with some activities at sun rise. I wondered why he was telling me that he was going away, but I first asked if it was him. The answer was that I was being visited by Archangel Gabriel. He spoke with a pause at regular intervals, and thanked me for mentioning the fact in the story regarding why Archangel Michael fashioned his sword of blue flame that Archangels, Kumaras, and Dhyanis, whose nature was androgynous, assumed bodies when the Earth was still being terra-formed for physicality, and then they and their divine complements kept their chosen polarities. This story should be available soon. He said:

**ARCHANGEL GABRIEL:** I come as the Archangel who makes announcements and delivers news. I come to announce that you are approaching a turn of Events that will be acute as a result of a truth being exposed in the media that will shake the world to its core. It will not be DISCLOSURE as the lightworkers hoped it would happen, but something of a critical nature. The magnitude and consequences of the revelations will be so enormous it will make people feel sick as if they had been punched in the belly. This has already been announced as a peak in disclosure to take place in March to April 2016. However, this peak will not be in the sense of a crest as if disclosure could not go any further, but in the sense that a climax of conditions, that has been in preparation, will hit its highest point, with the result that this disclosure, accompanied of sensationalism, will take place. It will cause alarm and outrage. Attention will be drawn to the enormity of the conspiracy that has been going on and will cause the world to awaken. At the same time this event will be like a blast that will kick-start the world into a proper phase of disclosure. It will be fireworks.

Behind the scene of the mainstream media, on the internet, there is a movement and atmosphere of agitation with predictions in relation to the collapse of the dollar, the economy and financial system. There is a war in the media with cross fires of information and disinformation. Analysts and academics, as well as representatives of governments and large organizations, are called to the rescue for an opinion on the perception of Reality of those agencies which do not carry out a duty of information any more but seem to disseminate propaganda in the service of the dark forces because they cause divisions, confusion, and fuel the blame game of false flag attacks. A force is still attempting to trick the nations to unleash an apocalyptic World War III but is deluded. When you hear a politician whose views are based on common sense it is a relief – when the rest of the world seems to have gone insane with the same old deception and outdated stories which cover-up the machinations of the secret agenda of control.

But I have only tried to present to you a picture of the underlying situation. It is brewing to a boiling point, to a point of outburst that will bring about the Event that I am announcing. I have not mentioned a name to reveal who, at the top of the pyramid of great deceit, is going to be stripped of his credibility. I have sent a mental image of who it is to the emissary of this message. This is going to bring great turmoil in the political affairs but will be followed by a great renewal in relation to that mechanism in which those who preside over the people, in a certain nation in

particular, are being replaced.

This turn of events will be deserved by those who have betrayed the trust of a Nation that was to be an example of democracy with a Constitution inspired by Saint Germain, and so dear to his heart. The time has arrived when there can no longer be any secret machinations and conspiracies of wars for economic gain and wealth that ends in the pockets of a few. They are those that are being removed. The decree has been passed that they must be rounded up, or else the Earth Herself will not ascend. They turned against the people whom they were supposed to lead and serve. They made slaves of the them in every way, and impoverished them, depriving them of their homes, and poisoned them with chemical trails while diverting monies for the secret escape they planned to the Stars, of their Alternative projects, which they found could not be realised because of the blockade that the Blue Avians and their Sphere Alliance have enforced around Earth and the Solar System. This is a large, but yet incomplete, picture of the scenario of reality that is a prelude to the grand and terrible blow about to happen. A Damocles Sword has been hanging over the head of these fallen ones, particularly since last year, 2015, as the year of enlightenment is upon you. Heaven has decreed 'Enough is enough'. Now is the beginning of that Phase of Enlightenment that starts with a shaking up of the world. I am blowing my trumpet to announce to the world it is time to step upon that Path of the resurrection of civilization, of healing those wounds of an atrocious past, and of liberation from a deception that caused beautiful angels to be inhibited by the shackles of their own creation. They could only be delivered from this captivity by spiritual tools, such as those provided by Archangel Michael's and Mighty Astrea's circles and swords of Blue Flame.

Mankind must be freed from its misconceptions, its mind set, and place its feet upon the path of enlightenment to recreate a civilization that will be represented in the Galactic Federation of Light. A new Gaia and golden age will then be recreated. We are all working together in unison, in a sacred relationship, to achieve this goal. Be vigilant as the astral forces of darkness, though in disarray, present a greater danger at this time, just as does a wounded beast. They are still attempting to attack the light in the light workers. It is best to ask for a reinforcement of your protection. Avoid getting extremely overworked and tired, or spending long periods of time using your intellectual capacities in front of computers, as it can result with a lowering of your vibration. You may know what I mean because if you then enter into meditation, prayer, or spiritual practice, in the love and peace of your Divine Self, or in communication with the Masters and Archangels, you will notice the difference. You should feel uplifted, as if you have literally been pulled up by balloons, upon the ladder of the dimensional consciousness. Do not be concerned about the process of receiving information if a subject is disturbing as information is Light and you can process any knowledge into light. With Archangel Michael and other great beings of Light at your side, there is no fear, and you are being protected.

I am now parting to attend to my duties to further bring Heaven, as the Divine Will, upon Earth, instructing, teaching bringing more Light to the hearts of the people to lift the world, and I send you love on the wings of the words of my announcement. Archangel Gabriel.
