HARD NEWS

T, R: Old # is 1-860-970-0300 and it will be dropped.

NEW NO IS 1-209-647-1600; ACCESS CODE 353863 [# - try it and find out if you need a #]

- When we get on the conference call, will use the old one for a while until everyone hears the new #
Next week, the conference call will be with this new number!
We can also listen on 716-748-0144; it's a Station 2 special – a service of BBS radio!!!!

R: Mr Obama is going to the bridge in Selma on Sunday; NOT ONE REPUBLICAN IS GOING TO PARTICIPATE IN THIS EVENT! That tells the entire story of this country!

RanaMu: What we are seeing is the final separation of this new time line that we are on from the evil fingers of Saron and the evil sorcerer's minions

- means just the same as those ones not participating in democracy and recognizing that people of colour have the same rights as everyone else.
- T saw somewhere that someone said, on TV, after Obama became President Elect that they were going to get rid to him: and they put their fingers up like a gun – right on television! This is a galactic operation – just wait until they see people that don't look like us!

RanaMu: the blue avians – Bird People with blue helmets; part of the Ra constituency on earth; anywhere from 7 – 15' tall; some can be 22' tall – Lord Kuthumi is a bird person, an ibis

- they are part of Mother's people; Nibiru is here

Audio: Thom Hartman **Panel P2: 50th Anniversary of Selma's Bloody Sunday March**

- Dr. Clarence Lusane, American University / The Black History of the White House

- Hilary Shelton, NAACP

- Joe Madison, The Joe Madison Show

<http://www.thomhartmann.com/bigpicture/panel-p2-50th-anniversary-selmas-bloody-sunday-march>

- The people involved at the time chose to go to Selma because it was the most vicious race city in the south.
- Without the march over the bridge and what happened afterwards, the Civil rights Bill would not have passed. Most Americans were unaware of the kind of brutality, lynching, cruelty against African Americans in the south. Most of the demonstrations were not covered in the media.
- Joe Madison asked the President what he wanted his daughters to understand by going to Selma:
 - that these were not people of rank or title – just ordinary people who were fighting for rights.
- The only Republicans going to this event is Geo Bush Jr -
- Saturday and Sunday are moments, not a movement – what happens next? Joe would like to see people go in front of the house of the head of the Supreme Court and see Section 4B returned: scrapping this section took the guts out of the bill – it determines who the preclearance applies to
 - The preclearance section was working well : there were 22 and 24 hearings about the preclearance section – decided it was working
 - Sensenbrenner won't even hold hearings, with John Lewis sitting there as a key sponsor of the bill – Madison sees Sensenbrenner as the new George Wallace.
- the leaders of the Republican party are not there [at Selma] because it is not just about commemoration, but about what is going on right now: all kinds of groups are discussing all aspects of public policy that affect people of colour

Middle East - ISIL destroyed

- Ancient ancient city of Nimrod, a space port: - looked like something out of Star Wars – all kinds of folks came and went
- this are the same Republicans who might not want to believe about the fake interpretation in the fundamentalism in the Muslim teachings and don't want to look at the stories about the galactics
- don't want to look at the struggle which is about the star
- Nimrod is the cradle of civilization: the Assyrians were galactics and black; they brought Science, cuniform writing, trade, arts, culture, astronomy and other advancements

Conference Call: 1-869-970-0300; 23 23 23# [just for tonight & tomorrow night]

Caller: What's going on with Robert Menendez?

- Lots of bodies connected with him – will go from bad to worse!
- Bill Maher will be talking about Bill & Hillary who set up their own phone / email network
 - She stuffed 50,000 pages in their face – who knows how much is gone?
 - HOWEVER KOS has it all!!!

R: has found a completely violet star ship – from Peru

- a You tube

T: excited for Keith Olberman to show up on the Majority Report

- scientific reports that say once you have a 30% representation, things begin to change
- Germany's bundestadt approves a mandatory minimum for women on boards
 - US Congress has only a few
 - Chile has closer to 50%
- this only applies to supervisory Boards in Germany which are the boards where people gather to make decisions to decide the corporate culture of a company. Once you have 30% representation on those boards, you can show that the culture of a company does change. The next step is to find out if this affects the profit motive
- at the moment, corporations are only interested in profit: those kinds of companies will get the death penalty when we go into NESARA -
- her experience of living in Scandinavia: living on farms where the spiritual life of the whole community was linked to other centres and farms – they lived, ate, shared the work, exercised together & sometimes guests stayed for a whole month to learn a whole new culture about working together
 - In the Bahai centre in Norway, had 122 room inn for people to live
- these changes will hit people right between the eyes!

Caller: any more of his experience with RanaMu?

R: we are at the final moments of this timeline; it's ending

- we are already into the new timeline: any of the fingers of Saran [evil wizard in Lord of the Rings] or of his minions [that story is the bigger story of what we are living now – the human condition is in that trilogy of novels!]
- We are pretty much watching Mad Max and the thunderdome!

Caller: talked of the Blue Avian beings – clarify

R: the blue avian helmeted ones are sons of Ra with falcon energy

- really more than Horus the hawk headed one
- refers to Ra, rather than to Horus – the blue avians appear to be the same who delivered the Law of One
- Law of One in the physical sense was delivered by Aknaton
 - he was the one who introduced the idea of the Law of One – they started out as a positive source that were drawn as the hawk headed ones
 - Kutumi is of the bird tribe but as an Ixex -
 - To have the bird energy to be part of the sun energy is another part of the story;
- in Egypt, they said that Ra is Sekmet's father – Ra is also an aspect of Alcyone, Sekhmet's twin flame
 - Sekmet is part of Alcyone as well as of Ra – going back to Osiris, Isis and Horus with Osiris and Horus being identical – Horus is the first of the chain of the Sananda incarnation, and Osiris is the first of the St Germain incarnations. We have 16 million beings who have not incarnated and they are White Knights
- the Nibiru is Sekhmet's star ship: right now, RanaMu, all kinds of galactic beings are coming here in hyperdimensional craft and can get past the lock down – at least 20 Million years in advance of our civilization -
- Sekmet on the Nibiru went to Andromeda and picked up a bunch of crystal people and transported them to Sirius B in Andromeda and they still live there; a lot of Nibiruans made that place their anchor places during this time. They transport themselves to the council meetings: the council of 9 is on Sirius A and KOS and Obama attend them; Obama is from Andromeda
- why do they hang out there? Has to do with earth becoming the 33rd member of the galactic Federation of Worlds – other planetary systems, sun systems etc are getting a lift as we are.
 - Even the beings being moved to other places are to preserve the life where the consciousness is and they are being moved to those places

Caller: ships have been able to get through the lockdown – is this an energy frequency around the earth?
• Yes, it means the archons and reptilians and other associated Iraq, Syria, etc – they are ancient warlords from Orion and they are playing out their final drama in front of us: killing, murdering, and the police forces are paid to protect them because “they have a lot of wisdom” that they impart to the slaves!
• And Mother comes and frees the slaves!

Caller: they can't get out now? But the blue avian beings can get in?

• Just the ones on advanced ships
• this separation has been going on for a long time – started in early 90s, and also the walk-ins: people who died – like Dove who was in a coma for 8-9 mos when they tried to kill her; took her 3 years to get together – the soul walked out and a dark Siran angel walked in; she had an opportunity to bring that soul back to the light – this is a big deal. The personality was a b l t c ha before in the middle and after – she did not pass her test!

Caller: Has posted a message from annamerkaba regarding the eclipse on March 20th – higher frequencies & transformative energies – may want to check it out.

• The hawk headed gods were quickly construed as negative: people not ready for that: it is repeatedly said in the Law of One that the hawk is their symbol.

Caller: after the announcement is made, will those folks who do not think they can handle it [the ones who are so venomous against Obama] be moved?

• NO – the people being moved are not vicious or criminals – the receiving planets can say no if they wish.
• the ones acting out here: the entire repbulcian party has refused to attend the ceremony at the Edmund Pettis Bridge [named after a KKK man} – there has been a movement to re-name it to MLK or John Lewis bridge – police used cattle prods, bats wrapped with wire
• Does that mean a lot of them will go off the deep end and have counselling and be incarcerated because they might want to start an uprising
• no guns will work, no bombs, no planes – all their viciousness turns into nothing when they cannot have a gun! The US is so fixed on having guns, and the 2nd amendment does not say people can have guns, it was about having a militia –
• the south would not sign the constitution as long as the abolishment of slaves was in it. In 1774 the document was already signed along with the Confederacy of the Iroquois nation [that document is in the Smithsonian and is writtten ¾ in Iroquois – the two banners / flags are also there;

Caller: what is going on in guatonamo and 9 / 11 – hearings taking forever

R: at a certain point, it will all be Cuba's land and it will be shut down; needs these ones to be rounded up

Caller: the detainees have been making disclosures – have been implicating the US and telling the real story – which might be why some of them have been there as long as they have

T: the motion made by Bush to give themselves immunity until 2016 – say anything and you get beaten
• this applies to Snowden, Greenwald and other whistleblowers

C: is there a deal to return Snowden to the US?

• he wants to come back but there is no reasonable measure that will protect him.
• nothing happens until this all happens:
• RT tv is doing some interesting stuff on 9 /11: documentaries
• We are lucky to be even talking these days: the power of love overcomes

Caller: Hillary and using her private e-mail address

• **KOS has all her e-mails** – she did do something horrific: killed a clone of Gadaffi who is alive but they don't know where; St Germain has the 800 metric tonnes of gold
• Bill and Hillary got involved with the HSBC and laundering money; **KOS has all that information too**

BBS RADIO

Music

T: the galactics are truly everywhere! "Trillions of starships surrounding the planet" is almost beyond our imagination! That energy is such a blessing, and the brilliance of our souls is magnifying this.

Mother / Alcyone

Greetings in the Light of the Most Radiant One! In the office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

- May we love the intruders in a way that is neutral: love is not love unless it is love! There is no opposite to love, and love is not love if it is something else! Our challenges are great, and so are our gifts at this time!

Greetings, Children of RA!

- These moments of this new timeline that we all are in, is the story that is front and centre: a bridge – Selma – what else is there to say? It is that one issue she keeps coming back to, and the issue is the Commander in Chief is black. It is a blessing; let's say like in the movie *Blazing Saddles*: there is a new sheriff in town. It is about this intergalactic story that we all represent.

T: asks about the movie *Blazing Saddles*

- To give an analogy of the fact that Mr 19.5* is coming and being part of the cosmic dance of all that we are experiencing ; he knows what the outcome is.

Mo: Has to do with - needs to see the movie – just tell her briefly please!

- It's about a guy who is working on the railroads with other Chinese railroad workers who figure out a scheme about how to get from here to there; the sheriff is a black guy – the workers who are white take the whole town to a whole new level of consciousness.
 - A story of liberation in a certain context; it's a slapstick comedy, very funny we have to see it to understand.
 - In the movie, the black guy becomes the sheriff and seeing a black sheriff in a western town is quite unusual; he knows how to clean up the crime in the town
- The other story going on here in this piece of work is about her wayward children who are flat out of excuses, and they are running for their lives. And whether it looks like it, all the dirty laundry is being hung to dry; Hillary's laundry list is longer than we can talk about tonight. The ancient ancient story – which is why our friends, the blue helmeted ones, come now: they have been answering the call of the planet and of the people. Now is the time; the time is up for her wayward children: this is the issue at hand during these intense moments
- They want to do something to the El Asqa mosque to bring up something about the prophecy but it is not about the prophecy; the timelines have been changed. NO DESTRUCTION OF THE AL ASQA MOSQUE will happen!
- The Nazionists are quite literally having a hard time with the incoming waves of love hitting the planet – it is like Stephanie Miller talks about her little pony which sits on her desk!

Mo: you have to watch Stephanie Miller and see the pony on her desk

T: a pony the kids would get?

Mo: Yes – the humour in it of what she speaks about is that the republicans think they can live in a cartoon world and and get away with murder.

T: KOS said 20 years ago that they'd know we are at the end when the media gets whistleblown on

- O'Really is also a pedophile & is being whistle blown on

Mo: It is about the return of the goddess: we've been hearing lately of the return of the sacred story;

- at this time she says all the players are showing up; we must figure out the story without picking up the 2x4 or the baseball bat, we must talk - as we did before we came through this black hole;
- she comes from the anti matter universe and this is a matter universe: all things in the anti matter

universe is as if nothing ever changed. It is in the context of . .

T: it may appear to look like everything different

Mo: Correct! We are the ones who are different and that is the difference in the story here: humanity is the changer and the changed -

T: In other words, we know when we are moving because we are the prime mover and the moved!

Mo; yes the joke is on us; miracles are happening every single day

people cannot lift their heads from watching yadda, yadda about the gestapo, who's got the bomb – who's going to drop what on whom? Why can't we go for a little walk in the park and talk about “all we are saying is give peace a chance”

T: we do have some help: the avians – reads a paragraph from Fulford: “one of the things making the cabel so upset is that the blue avians have short circuited them and are making contact with the people”

Mo: and they can't stop anything!

T: this can come in the form of a visible orb in a room! They have a friend who takes pictures and gets orbs

- when Obama and family were in Grant Park – so many orbs and they showed up on CNN.

- **Ben:** We have all had some kind of downloading whether we have realized it or not.

- This is an important point: what is really going on is that we are awakening ourselves: we have been doing this!

MO: that is part of the plan when we said that we'd wake ourselves up when the planetary distress signal was at 15 seconds to auto destruct: we are there now!

- What does it say about who's being lied by whom when we have to get our news from the comedians?

T: on subject of Prince Charles in the Ben F article: sources in various places saying he would never become king; he would be forced to abdicate to William -

- T wants to make sure as William is going to China, Japan looking for money.

- Lady Di has spoken to Rama several times that neither Charles nor William would be king

- she and Dodi would be back about 4 mos after NESARA is announced [correct] – and they

would dismantle the whole royalty thing

Mo: have to return to true understanding of the true Merovingian lineage of Magdalene and Jesu, and the order of the Knights Templar the new the Jedi

T: this is why she and Rama talk about the New – sara law.

- Germany addressed equality a bit in the corporate world by saying that there has to be 30%

- also something radical has to happen: women are paid way less than men; T had the impression that it would be way less than what is paid in the US>

Mo: unconsciounable what is happening to you all – that is why she is here with a few of her friends

- They are petrified of the outcome! Because of the fact of no nukes: Mo is going to shield this with love: they do not want to see that happen; they would rather die! That is their choice

T: thousands and thousands of corporations are going to get the death penalty with this changeover

Mo: YES! They are set up to serve the fat cats, not the people – not according to Law of One

T: all the fat cats don't have any money

Mo: they will have to go elsewhere and not to earth: that decision will be made in the moment

- they will be taken to Dracos and Princess Ardala and King Dracos will deal with this: intergalactic war crimes – there are more than just earthly crimes: it crosses the galaxies and the universes –

- Mo has had a great equalizer and mediator to bring a nominal truce to make sure that earth was not turned into a cinder due to what these ones have done raising holy hell across the universe

- Kids will be kids, but this goes far beyond this: millions, billions, how many across the nature of what we understand as time; she knows that beyond this matter universe, there are the crimes of the original story.

- When her wayward children went from anti matter to matter and destroyed a 23 sun system – what about them apples? it's a long story! Almost as long as The Lord of the Rings!!!

T: when they are ushered to the Draconian sector, do they still have their bodies?

Mo: They are in a form, a light body – & they will have to deal with the essence of themselves - everyone has that spark!

T: thought they cut the 12th strand out – it was an illusion that they got rid of it – but they didn't

Mo: they didn't get rid of sh1t! It is about loving every part of yourself.

T: how does this change? What happens after they've been tried?

Mo: the real magic begins because as they get carted off, she and her friends get to land and and interact and rub elbows with us, and we get to have some Pleiadian champagne and Vega wafers

T: they stay in the Dracos constellation?

Mo: Goodbye: none of your business! She has been appointed by the Solar Tribunal to take them from Dracos to the Dark Rift – then we will be finished with the story.

T: and then new universes are created out of that material that used to be those incarnational patterns?

Mo: we make some miso soup!

T: this will lighten up the planet beyond anything that has ever been seen. We have never really been subject to gravity – Mother has said this is an illusion - and so is this.

- Mother and all her aspects of self, and Humanity even shocked itself; never did we think that we'd go to 3rd dimension; thought we'd work it out in the 5th dimension

Mo: We are all here and it got so low because there were many who needed the physical experience to move it on up, as the saying goes.

T: This is happening quickly?

Mo: will be at quantum light speed: which is why people like Nassim have shown up to show us how there is no spoon, there is no you, there is only a little white spot, a little black dot – we will interact with the nature of what we are: a particle on the back of a cat!

Mo: Yes, Life goes on – this is the big piece that we need to comprehend on every level because we asked to learn creation: here we are! We are a product of our own creation; we gave the voice, the thought, to these cells, these particles, these protons, electrons that make up the form of the god / goddess / all that is so we'd better figure out how to fix it, right now

T: all the transformative energy enters in the scene: still it appears that nothing has changed

Mo everything has changed

T: asks about the book of Naomi Klein – the progress report is not looking so good - seems nothing has changed re environment on earth

Mo: earth on a grander scale is moving closer to the centre of the MWG, taking up a new orbit

- we are changing in these temples to adapt to new atmosphere, new plants, new animals, new land masses, everything shifting radically.
- The old part of self like the old cancer stuff that does not want to come out of its shell is being forced out of its shell because the mountain is coming to Mohammed: Hanniman is bringing him the mountain and saying dude we gotta talk; we gotta figure this out; how do we heal this for all the people regardless of what colour of skin: we have to figure this out.

T: has never seen them say focussed on the issue of racism and combine it with the police report of Ferguson which is blowing the whole thing wide open

Mo: she knows lifeforms that looks like Star Wars . . - that city they destroyed, your so-called barbarian . .

T: the guns not working means they will not be doing that Star wars stuff – that is an old theme.

Mo: it is not how things really are at the moment; that part of it is the cellular memories of what is going on with humanity as they release their PTSD to interplanetary war, and we go back to dancing with the faeries

T: people do not just disappear their normal lives, although the normal lives are not the same

Mo: as we move into a new realm, like what Jacques Fresco speaks of in **The Venus Project**, as mother earth is healed; we are healed; as the land prospers, the people prosper as we remove the ancient machines of war, the oil machines that suck mother's blood, the pipelines, trucks, the chemicals that cause people to die with cancers – all the issues that these temples are not supposed to come in contact with petrochemicals

- when they made hemp illegal and changed how they made plastic from hemp instead of petrochemicals – that's where we went wrong.

T: can't get the natural thing of hemp seeds in US because it is illegal so they are stuck with wanting to make good use of the hempseeds which is shelled and packed in plastic packages which are supposed to be bisphenol-A free – we are fooling ourselves if we think we can do that and live there unless you are going to change all the other parts of your life at the same time: -

anyway, things are moving quickly – things change every 5 seconds!

Mo: just know that Mr 19.5* is going to the bridge to move some hearts and minds and change the timeline a little bit! Will see how the magic happens!

Kdoish, Kadoish Kadoish

T: we are being asked to think galactically and intergalactically, and still act locally!

R: has been in Hesperus, capital of Venus; all kinds of activities

- folks of Venus saying there is hope for the people of earth; we will make it
 - he was observing the council meetings and heard this
 - They have plans to come and help humanity restore itself to a pristine state; it takes a little time but a lot less than 2015, or 2090; or maybe down to fossil fuels by 30% by 2030 – things are moving faster than that!

T: when are we consciously going to use the grid? One of the prohibitive things about getting off the grid is that the solar panels are so expensive and then there is the hook up; now there are some states making laws that you cannot sell your extra energy back to the company

- Smart meters are dangerous – eliminating things in an instant would be just to have the grid work!
- when we are at a certain point, someone will flip a cosmic switch and we'll feel it!

In this episode of the Keiser Report, Max Keiser and Stacy Herbert discuss the modern economic, financial and monetary system in which one who has faith, no explanation is necessary. And yet to one without faith, no explanation is possible. And once no explanation is possible - hyperinflation and economic disorder ensues. In the second half, Max continues with his interview of Professor Richard Werner, who, in the early 1990s, coined the phrase 'quantitative easing.' Together they take a look at the monster which QE has become.
