## Messages from Crystal Skull Max

This past 4/2/11, I experienced my first visit with **Crystal Skull Max**. Who or what is Max? Crystal Skull Max is a clear quartz crystal skull that was discovered in a tomb in Guatemala between 1924-25. Many believed he was used by Mayan priests during their religious and healing ceremonies.

The Mayan healers kept Max until a Tibetan monk, **Norbu Chen** met them. The healers gave Max to Norbu who in turn ended up in Texas, USA. Norbu used Max during his religious ceremonies and healing sessions. This is how **Joann Parks** met Norbu. Her daughter was diagnosed with a rare bone cancer and Joann and her husband Carl took her to Norbu and to Max. Their daughter lived an additional year with Norbu and Max's help. Awhile after her daughter passed away, Joann began working for Norbu. When Norbu passed away, he gave Max to Joann and Carl.

Joann kept Max in his traveling case in her closet for 10 years. One day she heard Max telling her it was time for her to take him out. Eventually, Joann began traveling with Max to metaphysical expos, Native American healing ceremonies, new age stores and even people's homes. Article continued on next page.

### Susan G. Komen - NE Ohio featuring Melanie Carver

Susan G. Komen Northeast Ohio has chosen my sister **Melanie Carver's** battle with breast cancer as their featured story for their Mother's Day fundraising effort. Melanie's greatest wish was to become a Mother. It was a wish that would be unfulfilled due to her breast cancer. Donations in her name or in the name of your sister, mother or friend can be made at their website: [www.kommenneohio.org](http://www.kommenneohio.org)

Melinda is the **OFFICIAL Psychic Advisor** to the Tarot Guild (USA). Visit [www.Melinda.TarotGuild.com](http://www.Melinda.TarotGuild.com) for more information.

### Messages from Crystal Skull Max continued

Max told Joann he is from the Pleiades and was used in Atlantis. Max has been tested by scientists of Hewlett Packard, US & Russian governments and the British Museum. No human tool marks have been discovered on him and testing shows he is ancient. The scientists of the British Museum consider him to be one of the rarest artifacts ever found. Max is estimated to be around 5,000 to 36,000 years old.

When I had my session with Max that Saturday in April, I could feel his power shooting up both of my arms when I placed my hands on him. He is definitely a "male" energy. Max told me that both Norbu and Joann were his "keepers" during various reincarnations.

#### Messages from Max:

**Max says he is a teacher, a tool to help bring people together in "Oneness".**

**What else did Max impart to me? Max said the most important thing is this: "Bring happiness and joy to people, that is the most important in life."**

**He also stated "Freedom to be yourself, freedom to grow spiritually."**

**"Healing yourself and healing Mother Earth is essential at this time."**

**"Manifest peace among peoples and manifest a true sense of ONENESS - we all belong as one."**

Max gave more messages to me, but at this time I am keeping those private. It was a wonderful experience, very life affirming. Crystal Skull Max can be found on Facebook, you can find his traveling schedule there. You can also do a web search and YouTube search for "Crystal Skull Max". Namaste!

## Positive Perspectives

### May 2011 Horoscopes by William Tuma

**Aries** – Your main money house will be activated in May by the Moon and other planets. First of all the New Moon on the 2<sup>nd</sup> in Taurus will fall into your solar 2<sup>nd</sup> house and will see more activity as Mars enters it on the 11<sup>th</sup> followed by Mercury and Venus on the 15<sup>th</sup>. If you have been thinking of making changes in the way you structure your finances, now would be an excellent time to do so.

**Taurus** – The solar year for Taurus begins on the 2<sup>nd</sup> of the month with the New Moon in your own sign. Use this influence to set some personal goals for the year ahead. Your relationships with those individuals who are closest to you will be highlighted after the 17<sup>th</sup> when the Full Moon in Scorpio will occur in your solar 7<sup>th</sup> house. If you are unattached, this is a time when you may meet someone. If you are currently attached this could be a time of increased commitment.

**Gemini** – May could be a month of getting in touch with your true inner self. The New Moon on the 2<sup>nd</sup> of the month in addition to four planets will be in your solar 12<sup>th</sup> house of introspection later in May. Now is the time to take a good long look at your self and begin to make any changes that you deem appropriate. Social activities could dominate the first half of the month when Mercury, Venus and Mars join Uranus in Aries in your solar 11<sup>th</sup> house.

**Cancer** – The month begins with a New Moon on the 2<sup>nd</sup> in Taurus falling in your solar 11<sup>th</sup> house of friends. This is followed by Mars entering your solar 11<sup>th</sup> house on the 11<sup>th</sup> along with Mercury and Venus on the 15<sup>th</sup>. Your circle of friends could definitely widen under these influences. The Full Moon in Scorpio on the 17<sup>th</sup> will occur in your solar 5<sup>th</sup> house of children during the last half of the month, causing you to make time for your own offspring or others.

**Leo** – Your job could take center stage the first half of the month with the New Moon on the 2<sup>nd</sup> in Taurus and your solar 10<sup>th</sup> house of career. By the middle of the month you could find yourself quite busy at work with Mercury, Venus and Mars grouping together in your solar 10<sup>th</sup>. The Full Moon in Scorpio on the 17<sup>th</sup> will fall in your solar 4<sup>th</sup> house of home and family which could cause conflict between the amount of time you spend at work to the time you devote to family commitments.

**Virgo** – May could be a month of much comings and goings when both of your travel houses will be activated. The New Moon on the 2<sup>nd</sup> in Taurus falls in your solar 9<sup>th</sup> house of long distance traveling. If you do not travel, you may be visited by someone from a distance. The Full Moon in Scorpio on the 17<sup>th</sup> falls in your solar 3<sup>rd</sup> house of short distance traveling. You could find yourself pretty busy with taking short trips.

**Libra** – Relationships are highlighted the first half of May as Mercury, Venus and Mars joins Jupiter in Aries in your solar 7<sup>th</sup> house which governs those closest to you. All of these planets in this solar house could give you a brand new perspective on your union with others. Money issues could be a concern during the second half of the month after the Full Moon in Scorpio on the 17<sup>th</sup> which will fall into your solar 2<sup>nd</sup> house. If you thought about making changes in your finances, now is the time to do it.

**Scorpio** – Relationships will definitely be highlighted with the New Moon on the 2<sup>nd</sup> in Taurus occurring in your solar 7<sup>th</sup> house which governs those closest to you. This house will continue to be activated though out the month. Mars will enter your solar 7<sup>th</sup> on the 11<sup>th</sup> followed by Mercury and Venus on the 15<sup>th</sup>. If you are in a close personal relationship, this could be a very positive time for both of you. This influence could also carry over into any type of business partnership.

**Sagittarius** – Work is highlighted with the New Moon in Taurus on the 2<sup>nd</sup> that falls into your solar 6<sup>th</sup> house of work. This influence will continue throughout the month. Mars will enter your solar sixth on the 11<sup>th</sup>, followed by Mercury and Venus on the 15<sup>th</sup>. With all of these planets grouped together you have to be careful that you don't try to tackle too much and over work yourself.

**Capricorn** – Make sure to clear your calendar both of your social houses will be activated this month. First of all the New Moon in Taurus on the 2<sup>nd</sup> will fall into your solar 5<sup>th</sup> house of fun and games. In addition to this, Mars will enter that house on the 11<sup>th</sup> followed by Mercury and Venus on the 15<sup>th</sup>. Along with all of this, the Full Moon in Scorpio on the 17<sup>th</sup> will occur in your solar 11<sup>th</sup> house of friends and acquaintances.

**Aquarius** – Family relationships are highlighted with the New Moon in Taurus on the 2<sup>nd</sup> which occurs in your solar 4<sup>th</sup> house of home and family. Later in the month Mercury, Venus and Mars will all enter your solar 4<sup>th</sup>. If you feel a bit distant from a family member, now is the time to get a little closer. This could also be a good time to work on any do-it-yourself projects in the home.

**Pisces** – The sharing of information will be prominent as your solar 3<sup>rd</sup> house becomes activated this month. First of all, things start on the 2<sup>nd</sup> with a New Moon in Taurus which occurs in your solar 3<sup>rd</sup>. This influence will be followed by Mars entering your solar 3<sup>rd</sup> on the 11<sup>th</sup> along with Mercury and Venus on the 15<sup>th</sup>. Finances are highlighted in the first half of the month when these planets will be in your solar 2<sup>nd</sup> house.
