MINDFULNESS TIP:

For teachers, who are always on their feet: When standing, focus on the sensation of the weight on the feet and the pressure of the feet on the floor.

When walking, maintain the awareness of weight shifting from one foot to the other.

DISTRICT SPOTLIGHT: CEDAR GROVE

Cedar Grove Memorial School for the third year in a row has participated in the Kids for Peace's Great Kindness Challenge!

Kids for Peace's goal is to create peace through youth leadership, community service, global friendships, and thoughtful acts of kindness. Cedar Grove's involvement to this initiative is truly inspiring.

This year as their contribution to the challenge Lia Caravella, Character Education and Social Connections Teacher, and Amanda Hatzikyriakou, Art Teacher, handmade 500 smiley-face ornaments. Students then painted the faces and created handwritten notes. The ornaments and notes were then delivered by Miss Caravella to a variety of places including a hospital, nursing home, and battered women's shelter. The rest of the ornaments were distributed locally to the sick and others in need.

In addition, the middle school students collected Kind Coins for Hurricane Relief. The funds will go toward building playgrounds for hurricane affected schools in Texas, Florida, Louisiana, and Puerto Rico.

'Kindness Week' is just one activity within Miss Caravella's year round *Random Acts of Kindness Group* at Cedar Grove Memorial School. She enjoys being a Kindness Ambassador and is always finding new and innovative ways to simultaneously promote the social, emotional, and educational well-being of her students while spreading kindness both locally and globally.
