ABOUT EDWARDS AFB:

Edwards is home to the 412th Test Wing and is currently operated by the 95th Air Base Wing. Designated as the Air Force Flight Test Center (AFFTC), Edwards is home to the United States Air Force Test Pilot School and NASA's Dryden Flight Research Center. Almost every United States military aircraft since the 1950s has been at least partially tested at Edwards, and it has been the site of many aviation breakthroughs as a result.

ABOUT VANDENBERG AFB:

Vandenberg is home to the 14th Air Force, 30th Space Wing, 381ST Training Group, and the Western Launch and Test Range (WLTR), and is responsible for satellite launches for military and commercial organizations, as well as testing of intercontinental ballistic missiles, including the Minuteman III ICBMs. Vandenberg is assuming new roles with the creation of the Joint Functional Component Command for Space (JFCC SPACE).

ABOUT LOS ANGELES AFB:

The only active duty base in the LA area, Los Angeles Air Force Base is the home of the 61st Air Base Wing and HQ for the Space and Missile Systems Center - the Air Force's premier space acquisition center. SMC's mission is to develop, demonstrate, acquire, field and sustain the world's best space and missile capabilities for the joint war fighter.

ABOUT TRANSITION CAREERS: <http://www.TransitionCareers.com>

Transition Careers (TC) facilitates technical and security clearance career fairs for the DoD and Intelligence Communities. We create environments that bring job seekers and employers/recruiters together by producing strategic career fairs on-site at military installations and government communities nationwide and by providing a dynamic and comprehensive on-line job board.

No Endorsement of Transition Careers and Career Fair Implied or Made By DoD and Federal Government
