T & R: thanks to all for helping get Rosie back on the road!

HARD NEWS

R: talked today to **KOS, Rev Al Sharpton**

- Rev Al didn't mince words about what is going on in Charleston: that flag being flown is a terrorist flag, representing a terrorist state
- A lady on Thom Hartmann today: used the words "the Black Moors"; she was also the one who said the plantations were really concentration camps & might as well have a nazi flag over them – this is not the way things should be going that more people have to be killed to bring attention to what is happening

T: her sense of Barack Obama: a congress that will do nothing, does not want to rein in the "landed gentry, the white slave owners" which is what it goes back to

- the man who was the pastor of the historic church: Rev Pinckney was described by a colleague in the State gov't as the moral conscience of the state government - delivered an impassioned speech on the state floor when Walter Scott was killed; as we saw the video, see the gunshots, saw him fall to the ground, saw the policeman handcuff him on the ground without even trying to resuscitate him, not even check to see if he was alive or call an ambulance and see him die face down in the ground as if he were game: – we pray that over time that justice be done!
- the body camera bill was signed a week before he was killed
- this is the first time we have ever seen in the first hearing the families of all the victims speak to Dylann Roof – they each said what they were felling; what they said was patterned after what their Rev said about praying for both families when the other man was shot 8 times in the back; not to do with revenge as happened in Boston

R: Rev Al talked with KOS and R about the purple skinned beings coming in now

- we have not talked about them, though R has with Tom, Larry, Curly, Mo, KOS
- they come from the Delta quadrant of the Milky Way Galaxy – 100s of millions of light years
- called the OMEC; they were last here in the time of Sanat Kumara, Quetzalcoatl, the plumed Serpent – Lord Kuthumi in that role.
- they are part of a contingency force, as part of St Germain's violet fleet
- they are 16.5 ft tall; a handsome race; have almost silvery white hair that sparkles in the sun; have glowing eyes with the violet flame; extremely powerful beings; invited here by St Germain and his fleet of commanders - has to do with rounding up and containing the ones who want to go down to the last man –

KOS and Rev Al said "they will not in a sense forgive themselves or forgive their actions for what they have done"; they believe they are righteous and holy, committing acts of genocide, ecocide and high treason, against this galaxy

- there is such a crescendo of energy
- Your cousin and mine, Rama, know exactly what time it is and we will be all talking about fitting the last of the jigsaw puzzle together [Rama, Rev Al, St Germain] – we'll have the round table discussion about how to heal this; this story is not just about earth: we volunteered and asked to be part of this divine mission of the planet's ascension
 - **our ascension is assured; full disclosure is a given** – how that plays out – we know there are some actions that need to happen -
- in the midst of this, Greece has said we will not pay, don't have the money, want to leave the EU

T: The Gk President said yesterday this should not be happening, there is a solution; there are only blockages in the way - he never goes to a negative

R: heard it on short wave radio: some folks out of Denmark said it

T: Verafoukis and Tsipris will not say that: basically, Christine Lagarde of IMF blocked anything that could work out

R: Greece has not asked Russia for help and Russia does nothing until they are asked

T: they still have 11 days

R: Emergency meeting on Monday of the EU – talk on the radio today is that the solution to the story is that Greece needs to leave EU; EU needs to dissolve; debt jubilee proclaimed

- Means that other countries follow Greece: Italy + Spain + Portugal + Ireland
- EU represents 4th reich from the very beginning in Europe; the head of the EU Parliament and the central bank head saying trying to save the euro at any cost; they are scared if they go that far to say so – they are upset and angry: just want more money!!!

Rev Al today: the EU Flag - 12 stars in the circle: the 12 stars represent the 12 tribes of Israel and the Knights Templar; they are blatantly swearing allegiance to the 4th Reich and the Khazaraian Nazis -

R: this story has to be exposed about what is happening, & the police who go to Israel to get trained

Tom the Cat: Mr Abbas dissolved his current gov't and re-assembling a new one – there is A COMPLETE BLACKOUT ON THIS NEWS ACROSS THE PLANET! No one is talking about this.

- This is a big deal as Hamas is in the middle of this and is recognized as part of Palestine, **not a terrorist group**
- The real terrorists are those who did 9/11; also Netanyahu; he really is pushing for big time trouble at the moment as we get to the end of June and the negotiations with Iran come up for another round of talks.
 - Iran wants all sanctions gone; Kerry's agenda is that of 13 families – they would like to see some kind of conflict with Iran WHICH WILL NOT HAPPEN

T: We need to do 2 things

R: don't worry; be happy!

T: It is very challenging!!!

Water tables around the world:

- **Saudi Arabia's** water tables have not been replenished for years! Could be without water very soon.
- **Northern Mali:** there is a thick fog that comes over the fog every morning; they have a piece of technology which changes the fog molecules into water; each house now has a kind of spigot on the house so they can gather "fog water"
- **California:** the aquifers are not filling up; whenever some rain does make them fill up, people use it up faster; was quite a bit of rain for a while, also some snow in northern CA – no longer happening
- Time for Dr Keshe and precipitating moisture out of the air

Chris Hayes: the Body Camera Bill was signed into law last week – Rev Clementa Pinckney

- The story goes back to 1816 – that church represents the people rising up en masse to protest being treated like animals; reminds us that the US was based on slavery – the people were trying to eliminate the African Americans [and the Native Indians] - there is still a condescending attitude when the American flag and the state flag are hanging at half mast, and the confederate flag is at full mast in a particular area.

Rev Al: if Arab folks are called terrorists; Latino immigrants are illegal; white folks with guns are mentally ill - the term is so overused it is as meaningless as "racism"

- This has been taught from generation to generation; a generationally debilitated state of affairs: very inhumane

From Rev. Pinckney: our calling is not just within the walls of the congregation; we are part of the community in which our congregation lives

- While Jesus did not die on the cross, they killed his teachings metaphorically: the true story has been hidden

CONFERENCE CALL

- Bill Mahers has Bernie Sanders as a guest
- Pope has pissed a lot of people off with his encyclicals
 - Has also ordered that organizations divest themselves of fossil fuel investments
- the kids in areas hit by earthquakes have not gotten back to school yet.
- Article on 4 Horsemen of banking + Discussion
- Charleston is the seat of slavery; most of the ships came right into Charleston
- another serious death from Free Speech TV – Jason McBain – fly fishing in a swollen river
 - in Texas, the river rose 30ft in one hour; people with houses by the river see them floating along
 - The elements are annoyed with the human race
- EU commission, EU central bank, IMF – called the troika
 - Richard Wolfe on al Jazeera today: \$30 Million taken from Athens, Greece alone!
 - Every since the Olympics, their economy's been going down and down and down

T: when a project like the Olympic Games comes, boosts the economy for a while

- Like in Vancouver, homeless people displaced miles from the centre and still living in tents
 - need to be on a waiting list for at least 2 years to get a house
 - took so much land to build the games
- Caller: brought up **Haiti:** a connection to the church in Charleston – founded by Denmark Vesey; their mission was to go to Haiti where there was an independent country.
 - The rebellion in Haiti at that time has made them a target ever since
- Also about **full disclosure:** comment on the investigations and indictments in Swiss banks
 - One person became a whistleblower
- The article by Dean Henderson is about the Four Horsemen is quite a story; worth reading again
- Everything happens at once: they are literally cannibalizing everything that is going on in the hedge funds: they are using the debt that has already been incurred and re-packaging it and making money on it, then doing it again – people getting poorer and poorer even with 3-4 jobs. And their friend is “sofa cruising”
- **Dominican Republic:** this goes back a while too
 - Chris Hayes had someone go back further than 1861 and Denmark Vesey
 - the people of colour built that church, as they built the Capitol building with the pyramid the same size as Giza underneath; THIS IS TRUE.
 - “The Lost Symbol” is in the making at the moment with Tom Hanks
- People are waking up fast and they are scared!
- This is the first time in the entire history of the earth that the entire planet is involved and we are doing it together! “Don't worry; be happy” is good advice. Make the changes we have to make in order to change
- this murderer at 21 is pathetic but is the result of the teaching that is going on at the moment in families, in churches, in schools, in colleges; he knew he went into a black church and let one woman live so she could tell the story. Each person who spoke to him about forgiveness were talking from the teachings of the Rev who was killed.

Caller: everyone needs education; this country has been mind controlled and duped for so long; only free education is for the police, military

- kids were trained that they are the best; the story that Lapierre put out after Sandy Hook was that more guns were needed and said that if the people in the church had had guns, this would not have happened.

Caller: another way to get us to kill each other

- this is such a horror story; and the Rev Pinckney was a senator too
- C:** they've been into genocide and are still on it
- The issue about seeing and facing what is really going on – has to be a way to do it without everyone dying of fright! In the original Armegeaddon, were going to reduce the world's population to under 2% - and people don't understand that, in the last 100 years, 2 million people have been killed by those in power.

R: the peons of the 13 families are nothing in comparison to the galactics who are here!

T: watching Christine Lagarde as she was talking about Greece: looked so hard, eyes so empty

R: this local universe of Nabadon right down to our solar system – there are so many here

- the 13 families and those they have to answer to are in a red, red hot seat – they are consciously refusing to allow love into their lives yet it is happening anyway;
- the energies increase as we go up in octaves – the DNA strands are going up – they are having an increase in conscience of a kind
- they are taking themselves out: a story about a 27 year old banker jumping from a high rise in Manhattan – worked about 16-18 hours a day, did what he was told – no life at all

C: 9 out of 10 loan agreements from IMF are lies, unconstitutional – is this debt F3?

- No – they don't give a flying f**k – and the sovereign world court does not count for anything, either
- there is something going on: how does Obama wear all the hats that he does: TTP on one side, facing the Charleston story on the other?

C: still shocked that people know so little about 911, or that they

- this is a humiliating time for the US: the people of russia know what is going on
 - every country on earth looking and asking "are they going to deal with this?" There is racism all over the planet and it comes from the white, raciest, supremacy thinking
 - the descendents of the Iroquois are the Cherokee who come from the Black Irish
 - The Universal Declaration of Human Rights in 1948

BBS RADIO

MOTHER SEKMET / ALCYONE [M / A]

Greetings in the Light of the Most Radiant One! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: We ask for the great Ewas to come and sit with us; for all of the heavenly host; the Commander Mercury, warriors for change, the warrior of the Quickening: Pallas Athena

Greetings!

- Indeed, it is a most auspicious day. In this same breath, send even more love to the people in Charleston, South Carolina. There is such a catalyst for healing happening in the moment. It is with great respect, reverence that we come this night.
- The issue at hand about the Aboriginal Moabite Nation, Mother Zudiachus/ Mother Africa – all of what has gone on since her wayward children came here: such a moment in time as George Lucas described it- a long, long time ago in a galaxy not so far, far away –
 - the story here about love is the one issue in this moment that is before us; it is the one issue that is the conversation that Planet Earth needs to have, not just the USA. It is Planet Earth's as we are all one. The first issue is the Law of Love: Be calm; don't worry, be happy and, at the same time, in the midst of this divine chaos what is here before us, is the issue about her blackness.
 - It is about this, the melanin, the gold dust; her wayward children came here eons ago, played around, changed the course of the story, manipulated the time lines – now it has come full circle – they are the hunted; we are the hunters. It has changed patterns, as it

were

- this is why this one heard today of our fellow travellers across space time, called the people of OMEC who come with the violet fleets; it is about cosmic law, the rule of law in this this local sector of the Alpha quadrant.
 - Grave circumstances have brought this to the attention of so many council fires and circles within circles – all focussed like a laser beam on the little blue green dot in the inky blackness of space – yet there are so many divine diamonds, gems shining forth throughout the area of the local sector of the solar system, the spiral arms of the magnificent galaxy of which we are a part.
 - We haven't even begun to grock how big this story goes; how many players are in it; there are folks who will be introduced we have not yet met who are all part of the Office of the Christ; they are here are part of the contingency teams.
- The first order of business is the Law of Love that is the first and we harm none!
 - what is meant is that they do not have to lay a finger on them – the 13 families and their minions; they are doing a magnificent job of removing themselves! Not funny – not funny when children are murdered in cold blood, as well as elders – it is just another slice in the story of ascension, frequencies that are rising to the occasion in this moment
- Yet what Mr 19.5* has said in the last 2 days: it is about the culture of twisted frequencies that have nothing to do with the laws of love; it is such a paradox because we are all divine beings of the Most High in –let's say, she understands / overstands the complexities of this story like that Mystic Lynn said: there are so many that are blinded by the light that are just now wiping the sleep from their eyes: asking questions about 9/11, ET, did Mr Obama really go to Mars – is this a fairy tale?
- She is here to tell us that **it is real** – the sham, the shell game that has gone on about this grand illusion, the maya, on the universal level, to separate the mind from the heart; yet it's not working – the high heart is kicking where the reverence for all life & ye harm none is the law.
- what is occurring is like Rama has brought up: there is a cease fire / halt in the conflicts in the local sector of our galaxy – the frequencies are so high that if you want to play Mad Max, Thunderdome will have to go to another place in the Universe of Nebadon and it has been already prepared for the 13 families – not for the folks listening –
 - yet we are all listening: good evening, gentlemen! Another day in the 'hood – hope you are happy with your lot in life because what you've asked for is coming full circle and we don't have to do anything but breathe – would be in your interest to do the prana jama, the inbreath, the out breath that heals heart and mind, brings prana into the particles of living light, loving love in the body
- As Nassim has said if you were to grasp how a little bit of gasoline – what can she say? Life in the city – it is that as we were to see cities in our local galaxy that run on free energy that comes from the heart energy – don't need to split any atoms or do any form of mind games to get energy - just ask Great Central Sun and the energy just pours in simply because you ask!
 - What we want is here; it is here now! All we are saying is give peace a chance, as St John said. [John Lennon] it is about the one story here: humanity has a sliver of a chance yet we have already made it. It is a determined fact: they are visitors from our future which is their past and they are here to let us know that we have made it. She has said it so many times, and it is already manifesting.
 - The dominoes are falling – Greece is the first domino; they will not capitulate to the cabal. Austerity is illogical, makes no sense – why would you create such conditions for your own people unless you've got a few screws loose, to put it bluntly? Makes no sense – except there is a deeper meaning to it about torture, abuse, death – and they are here to

end slavery at all levels

- As this issue about the black moors & Mother Zudiachus where the original story began when she first landed on this beloved planet: the namo, the dogon, the zulu - so many cultures even the ones called Annunaki - they too are her people.
 - Yet it is about one sliver of this story called her "wayward children" - Javah, Lillith, Luciafera who, for better or worse, in sickness and in health, until everlasting life - they made a sacred vow they would see it through to the end
 - the story has completed itself - her wayward children have already come back to love
 - It is about how, we the people, get it in these cells, these particles - 40 zeros and then some about how many particles can fit into the quantum field of one little cell and how many quintillions and then some can fit into the particles and make up a cell? It is a reflection of within, without - what we see in space is what is in here, within these bags of water that are most sacred, divine and most high: **we are sons and daughters of the most high - never forget this one.**
- in the same breath it is how we do this with the law of love; Be calm; know that we are magnificent, of such great magnitude: words are shameful to verbalize in a certain context to tell us how we are: we are living suns / sons and daughters of the Most High - it is that huge! And how we do this with the grace, dignity, respect, gratitude of the high heart.
- What has transpired in the last 24 - 48 hours; as we approach the solstice frequency, there are energies pouring forth that are bringing such magnificent to the forefront - it is so huge - she has not the words, it is so huge!
 - She likes to dance to the beat - after all it is only about the holy frequencies of sing your song, tell your story, share what comes from the high heart - Deo o! Daylight come and I wanna go home - Harry Belefonte!
 - It is about - **home is right here; we are not going anywhere** - this planet is the holy healing of what's in store for all; what is here for the highest good of all concerned.
- As we learn in dignity and respect to love one another whether we are centaurs, cyclops, fish people, black people or purple people: and there are no purple people eaters! No. This is about so many beautiful, magnificent souls in the temples of the living god - 12 rainbow rays that make up the bit frost that goes to Asgard. We can sit with Thor
 - it is about Solex Mal, the original language of this universe; the original mother tongue of Creation: light, colour, sound, vibration - a, e, I, o u - [the vowels] the sounds of creation as taught by the Venerable D'hanni Yahoo.
 - These sounds make up the living breathing frequencies of these particles. As we interact with the particles, they interact with us and this is how we transform the energies into living matter. And we do this with such grace and dignity -
 - at the same time, the biggest lesson for all of us is to take what has been shared by so many out there right now - Jim Crow became James Crow Esq and given a fat suitcase from Mr and Mr Koch and Shelly Adelson to separate the mind from the heart and continue the mind game of Maya, the matrix we are in - seemingly!
 - we can remove ourselves from the matrix at any time: it is about the Law of Love and the Law of One: when one is healed, all are healed; when one is harmed, all are harmed.
- This little city of Charleson: place it the Circle of Support - this little "man" who is of age and has to deal with the issue of space time - at the same time, praise, respect, thank and love him for bringing this to our attention; his soul is screaming for love as he has not seen what real love in this life time; the soul matrix was screaming for attention but not what he was asking for - in his heart, he is deeply sorry.
 - We can only just say - he is going to have to deal with his karma [Dylann Roof]

T: he did buy the dark side, and the dark side egged him on

M/A: that is what is going on across the planet with the matrix illusion games; yet they cannot hold a candle to the high heart frequencies that are pouring in at quantum light speed

- prosecution has settled the case: they want to execute him [Aurora]

T: the one in Aurora wanted to be a neurosurgeon – T did not get that he was buying the dark side at all

M/A: his father was connected with coming to testify before Senate committee hearings to attest to HSBC – the 13 families of how I can pick your pocket and stab you in the back and also stroke you and say you are such a wonderful being! At the same moment, the time is nigh – time to move on.

T: what will become of the folks in the Dominican Republic?

M/A: all the stories about displacement, deportation and removing folks from the emergence places of their very birth has to do what is going on: LM Gaia, Lord Vywamus calling the shots. As the frequencies increase – not talking about the old maps about earth changes: California **will not fall** into the ocean yet there will be some issues about coastlines; we have to be aware and watch what Gaia/Vywamus are doing

- along with the Ring of Fire which is being activated, not by the dark side, but by the solar flares coming in, along with the increased frequencies of her Twin Flame Alcyone pouring forth such high, magnificent frequencies.

T: there were hundreds of mummies found in Peru

M/A: some of the ancient elders that came from the stars

T: why are they mummies?

M /A: There were a few discrepancies amongst folks that had to do with as the frequencies fell long, long ago, they lost their ability to connect with divine source & territorial disputes broke out; given the lack of phasers, a tree branch, a few rocks did what it needed to do

T: Obama has always known that the world government plan / TTP would not work because they would take the money away – and if we don't get you one way, we'll get you another.

M/A: there are some cultures out there that humorously think we are barbarians and, at the same time, they also know we are divine beings of the Most High!

T: Rick Scott the Archon, Koch Bros, Jeb Bush are together – what a lovely team!

M/A: they are tiny little gnats on the back of a cat!

T: take their money away and what have they got?

M /A:

- They have their soul matrix, as they choose to keep it!
- It is only about love, the time is nigh: remember the laws of love and the Law of One.

• Greetings in the light of the Most Radiant One; Kadoish, Kadoish, Kadoish . . . **remember who you are!!!!**

R: has been at the Fortress of Solitude at the North Pole, talking with some of the beings who live surrounding the Fortress. Some of the beings are polar bears who shared that as this planet goes through its shiftings of frequencies and moving up to higher octaves, and taking a higher, different orbit as we move closer and closer to the Pleiades across the Galactic Plane, there are things that are happening.

It is not just what we have done to the planet called climate change by bastardizing the petroleum industry.

- He got to see 5 polar bears, 3 sea lions and 2 hump backed whales in the area. They said that as the planet moves higher and higher in octaves, they will leave and beam up to the ships where they will find the conditions they need to live.
 - Many of the bears are leaving because the ice is leaving and the bears are being beamed up so they don't drown: they are asking to go and many are choosing to go to the ships

and take up residence in the various levels of the ships: yes, there are oceans on the ships.

- The methane gas got there there through the movement of the tectonic plates and the movement of the land masses which has to do with billions, trillions of years of shifting of the tectonic plates, the land masses, as things got moved around and the many different species of life forms as there were with the destruction of Pangea, Lemuria, Atlantis – whole cultures disappeared in 24 hours, 48 hours, sometimes in the space of 24 hours, as Atlantis went down – he remembers it like it was yesterday!

- At the same time as the various cultures, these temples of the living gods became like the **La Brea Tar Pits** [(or **Rancho La Brea Tar Pits**) . . . a group of [tar pits](#) around which [Hancock Park](#) was formed, in urban [Los Angeles](#).] – as Thom Hartmann describes in his book **The Last Hours of Ancient Sunlight**, it is called petroleum, and is part of the cycles of this planet. When it is time for them to take their leave, they lie down and compost themselves into whatever they need to be so the circle /cycle never ends; fills up and spills over like an endless water fall – a circle of life.

T: This time we are making a quantum leap; this time, it is not a circle in that sense, but a **spiral**.

R: yes, a spiral. He heard from these beings tonight that everything is moving as such a frequency of living love, living light that all of life never has to get sick, grow old or die ever again. They shared this and that we have the power.

T: in the past there have been people doing this, but now we want everyone to be able to access this and to take that path – takes education and more education

R: this is why we become students of life; in that sense, we are already in the mystery schools that are currently happening. As the 13 families leave, and peace is declared, and our fellow brothers and sisters land - things change in the twinkling of an eye. It is already happening – and Greece is the first to go.

T: Mother was great!

2015-06-18 [Jon Stewart: Domestic Terrorism & the Confederate Culture Must Stop \(Video\)](#)

by [Billionaires for Wealthcare](#)

Jon Stewart broke character tonight with an extraordinary, passionate, and scathing denunciation of America's indifference to gun violence, domestic terrorism, and a culture that still caters to the Confederacy.

<https://youtu.be/LJI9iqnvkOE>

I honestly have nothing other than sadness that once again we have to peer into the abyss of the depraved violence that we do to each other and the nexus of a just gaping racial wound that will not heal yet we pretend doesn't exist.

I'm confident though that by acknowledging it—by staring into it—we still won't do jack shit.

That's us.

What blows my mind is the disparity of response between when we think people that are foreign are going to kill us and us killing ourselves. **If this had been Islamic terrorism it would fit into our — we invade two countries and spent trillions of dollars and lost thousands of American lives and now fly unmanned death machines over like five or six different counties, all to keep Americans safe. We've got to do whatever we can—we'll torture people.** We've got to do whatever we can to keep Americans safe.

But nine people shot in a church— 'Hey, what are you going to do? Crazy is as crazy is, right?' That's the part that, for the life of me, I can't wrap my head around. And you know it's going to go down the same path.

They're already using the nuanced language of lack of effort for this. This is a terrorist attack. This is a violent attack on Emmanuel church in South Carolina which is symbol for the black community and to pretend— I heard someone on the news say, "tragedy has visited church"— this wasn't a tornado. This was racist.

This one is black and white. There is no nuance here.

And we're going to keep pretending -- "I don't get it, what happened, this one guy lost his mind". We are steeped in that culture in this country and we refuse to recognize it. I can not believe how hard some people are working to discount it.

In South Carolina, the roads that black people drive on are named for Confederate Generals who fought to keep black people from driving freely on that road. That's insanity. That's racial wallpaper. You can't allow that.

Nine people were shot in a black church by a white guy who hated them who wanted to start some sort of civil war. The confederate flag flies over South Carolina. And the roads are named for confederate generals. **And the white guy is the one who feels like his country is being taken away from him. We're bringing it on**

ourselves. And that's the thing—al Qaeda, ISIS, they're not shit compared to the damage we can do to ourselves on a regular basis.
