HARD NEWS

T: the shooting in Charleston, SC - another Black Ops – 21 year old Dylan Roof

- 2 flags on his jacket: (1) apartheid South Africa (2) white rule Rhodesia
- mind-controlled - same as the young person who was set up to do Sandy Hook school massacre
- this is the 14th mass killing that Obama has had to deal with: he said this does not happen in other countries
- Don't know what to say about parents: they were interviewed, said he stayed in his room a lot

- used Racist language but no one took it seriously: what happened shocked them; he went into the church, acted like he was part of it, then got up and shot 9 people.
- The Confederate flag is the flag of SC, not the American flag – it flies from the state building; SC wants to secede from the Union just like Texas & Florida
 - the legacy of SC goes back to the confederacy – we need to remember that the white people of the time helped the black people a lot in SC at the time
- On Thom Hartmann today: one guest said they were called plantations but they were concentration camps; the slave patrol were the nazis of the time; they were patrolling to see who was moving from plantation to another which was not allowed: this is the genesis of the police state the US is in now.

R: talked with KOS today

- **KOS** told Mr Obama today that this incident triggered something in the King of Swords, something he said he hasn't shared with many and could share with R
 - He has watched the urban warfare since the 60s and the encroachment of the police state and to right now when we have the SS and the gestapo, the nazis – with this particular young man who is just a kid and looks like a child – that is the kind of person the 13 families look for, especially millenials, and twist them to the dark side of the force – program them.
 - **KOS also talked to Admiral Sananda** about the story & he shared "As I would be - and I am in your midst - the first thing I would do is sit with this young man and praise, respect, thank and love this man and ask him what happened in your life that triggered you so much that you felt you had to ethnically cleanse this planet?"
 - Sananda Kumara shared with KOS & continued: on a deeper level it has to go on with the intense frequencies coming in from Galactic Centre which are counter acting the ELF waves & ULF waves, and all the artificial intelligence that is not of the Office of the Christ.
- the cosmic energies coming from the Great Central Sun / Father / Mother are overriding all the dark programming and on a larger scale, this is starting to break across the planet and is moving us all closer to full disclosure
- in the last couple of weeks, a whistle blower has come forward called E T Corey - talked of by Michael Scalia, David Wilcock and others
 - He talked of there being a cease fire between the secret space commands, alliances; certain members of the draconian empire have defected to the light and this shakes up the whole game at the level of beings at higher levels than us – the lackeys of the 13 families have to answer to these great white dragons. There has been a cease fire, a halt to their shenanigans across the local solar system and parts of the galaxy
- LM Nada has attended these secret councils – many of the sisterhoods, brotherhoods of the great Ascended Masters – there's been a cease fire
 - Now they are negotiating & it has been going on for 2-3 weeks; results are that many of these cultures want to end permanantly the conflicts going on in the Alpha Quadrant galaxy and our solar system: they know the energies are rising at such an exponential level and if they can embrace that love, it will change the reality

KOS also related what happened in Viet Nam: what is coming up is the images of young people in VN who put down their farm tools and picked up their guns to shoot American soldiers

- he figured out how not to kill them: he gave them enough US money and told them to get out of the country; he gave them enough and they went to China, Russia, Japan, US, Canada – did not say how it occurred, just that it did and would go no further – dangerous territory to talk about

- Right now, we are in a period of limbo because of the pending default of Greece with Italy, Spain, Portugal, Ireland possibly following suit, then the EU goes down

- In the US, the Black Ops are raising the threat level due to their own created incident with Dylann Roof
 - It is up to us to speak truth to power: these are SS gestapo, alphabet boys regime and they are going down along with the financial collapse
- Greek Prime Minister Alexis Tsipras is meeting with Putin tomorrow – thinks they will get help to stay afloat
- **ACROSS THE EU** & outside it, things are going downhill in the markets
 - almost \$30 Billion euros have been withdrawn from Central Bank of Greece
 - The finance minister is saying Failure is not an option: he knows what we know: the ones who need to be held accountable will be held accountable – knows NESARA is in the wings but cannot say anything. So keep your far-sightedness.

Caller: appreciates the update. Pope Francis talked about religion and science today – is this a way of opening the door re disclosure?

- did not speak of the ET; **put out an encyclical** [which is an edict] and said if you hold a political office and claim to be Catholic, you cannot hold the stance that climate change is not real: to say so is to remove yourself from the Catholic Church - which means you have to do something about the fossil fuel corporate stance and the US and the world are being run by the fossil fuel industry
 - This happened in 1972 – went on to the petro dollar, and the US currency marks the value of every other currency on earth – which means all is based on petroleum industry

KOS on Mr Francis: as we totally drop oil as an industry, we can make things out of hemp fibres and not bleed the earth mother dry ever again; everything made out of plastic can be made out of hemp and be recyclable

- As we get rid of oil and the petroleum industry, Dr Keshe and the other free energy scientists can come forward – **ONCE THE OTHERS ARE ARRESTED.**

Caller: some signs being shared openly & freely across Europe – have already prevented the W.E.R.E. bank program – has R asked KOS about it?

- **KOS** is looking into it; to begin to open an account in that bank have to put \$150 to begin talking to them is fishy – but he is looking into it
 - Amy had the YES MEN on *Democracy Now*: they posed before the Chamber of Commerce and walked into a meeting and pointed out people who were frauds because they didn't produce their membership cards.
 - also talked of Bhopal – Union Carbide that is part of DuPont was the part of the corporation – they said they were going to shut it down for \$500 million and give that money to the people who suffered - this story got picked up in the media and the pressure is on them to make it happened
- The pope is saying that all catholic organizations **NEED TO DIVEST THEMSELVES OF THE FOSSIL FUEL INDUSTRIES** – for Francis to do this is going right in the face of the NAZI regime which removes the source of their funds
 - Donald Trump is not a legitimate person to run as president – born in South Africa of a Dutch royal – he was not born in the US
 - T has heard it said off the cuff “Let's see your birth certificate” – he has a fake one from Jamaica Hospital in NYC – and he is after Obama?

Caller: thinks someone will pick it up! Understands that Hillary is taking a nosedive in the polls

- Not to worry: it will happen, commander!
- there was a senate hearing yesterday on the subject of Benghazi; Issa was not on the committee and was in the room and was kicked up by the committee chair – these guys are really, really scared!
- This ties into the larger story of KOS: the cease fire in the intergalactic, interplanetary wars –

where most of our Alpha quadrant wants peace

- the Progressive Change Institute did a poll of Americans: this is what people want – Bernie lines up with this, Hillary does not!
 - 75% support fair trade, not free trade, that protects workers, environment, jobs
 - Import tariff used to be 30%
 - Mr Hair is right about this: Japan is eating our lunch! We need new trade agreements
 - 71% support – access to debt free college education
 - 71% massive spending program on infrastructure and put people back to work
 - 70% expanding social security
 - 59% want raise taxes on millionaires – so millionaires pay same rate as before Reagan
 - 58% breaking up big banks
 - 55% a financial transaction tax on every one of the transactions
 - 51% single payer health care
- As we roll back Reagan tax cuts and arrest the criminals responsible for voodoo economics and give \$22 / hour to all kinds of workers
- R heard that **the Palestinian gov't** has dissolved – he saw it on TV but it's not out there at the moment
 - **64% of all Palestinians** are under the age of 25; 45 % of them are unemployed
 - Israeli Youth** 52% are right wing – but different from the US right wing, as Israel is a religious country
 - 34% are central stance
 - 9 % are left wing – very low number.

Ukraine: Human Rights Watch – imperialism, western materialism is controlling all of the Ukraine and the EU parliament surrendered to the US policy on Russia which means they submitted to a lie about Russia going into the Ukraine

No matter what it looks like -

- **Stay in your centre: Obama is taking the line of the Neo cons at the moment**
 - When Bush did this, no one noticed; Bill Clinton was hoodwinked into signing the NAFTA bill
- **Reference to The T Files** – KOS said those making the documentary are good people – they are whistle blowers and connected to the White Knights. The parody they are doing
 - Like the Dracos folks, other reptilians think this planet is their property
- Head of EU Parliament – Mr Drogoski - is a full blown Nazi wants to blame Greece for everything
 - but the Greece president: do they want to lead the people into humiliation and utter poverty or do they want to pave the way to solidarity and democracy?
- Christine Lagarde of IMF was the hard nosed one in the last round of talks: gives no breaks
 - she is one of the dragons who will have to face the solar tribunal on Saturn

Guest: Omena

Randy: What kind of soul:

O: He's a king soul! They are commanding, natural leaders, perfectionists, trouble shooter, charismatic

- Where is all the anger he feels coming from, especially in the morning upon waking?
 - some of it has to do with the kind of food he eats before sleeping – too much sugar
 - starchy foods create sugar; tries to cut out meat and go veggie – lots of rice, noodles, fruits – could be some of the Thai sauces

- almost self-berating as if he thinks he's not doing enough: ask for spirit to come in and remove the anger -
- will his friend's project succeed? Yes it will - when is free will choice.
 - This is a 10-15 year project – he's stuck in one part of the project – tell Peter he's trying to control the project too much: step back and let some air in – no name to the project - give it a name so it gets some energy: the name would give some energy

Rob: when we make transition to 5th dimension, do pets, animals also make that transition?

O: yes they'll help you over

- will we be able to communicate? Or with thoughts?

O: yes, telepathically!

- He's writing a book – getting help from beyond? Based on what has happened to him – in the form of stories

O: has 3 guides working with him – trying to get you to put more colour, humour into them

- Yes, Ricky M is one of them; Kenny not telling O if he's helping; Bob is the 3rd
- Ricky says he's funnier than Rob says he is!

- Anything about his mother?

- Betty – a big energy person; does not spend a lot of time with his father;

- he dreams about them but separately – that's because they are on separate paths

O: she says he's been too particular in his writing

R: will book be successful?

O: doesn't know – yet it has to do with his intention; if it has to do with telling stories and helping other people, yes it will be

O: He's an artisan soul type

Judy: with 2 friends staying at a shelter in NE Florida; looking for a nanny position: how long will it take?

O: might want to put out resume in other places; not highlighting her gifts on the resume – too modest. Say why you love being a nanny in an introductory letter.

J: How long in shelter?

O: have you asked about Section 8 vouchers? You'll get one – only need to be more self-sufficient in taking care of self; look at resume; try career.com; word of mouth is a great thing

- She's a service soul: do everything where she can do things with joy

J: Who's helping her on spiritual path? A female guide who's been with you for a couple of lifetimes but you are not letting her in.

O: sees only the spiritual side – has a lot of blue around her; she'll help you with finding the right job – yes, talk to her. Right now, does not see others but that may be they are not showing themselves.

Sonya:

Asking about soul type of herself & daughter

- An artisan soul; daughter is a king soul
- yes, there are 7 levels; she's on the 4th – imaging opening up, using heart
- To talk about the daughter, needs to get her permission: not willing
- king souls are natural leaders but also can be very bossy
- she's on 2nd rung of the ladder

S: it's her own evolution that enables her to deal with the daughter

S asks about her missing brother:

- has not reincarnated; met parents briefly when he passed over
- learning more about self-love & love – on a healing journey; happier there than here
- he comes in when S feels the pain of loss:
- He wants her to understand is that his soul is not lost

S: Requires few hours of sleep – is this a disorder?

- No, just that her mind is too busy;
- S:** sleeps 1.5 – 2 hours at a time
- stop counting the times she wakes up
 - massage her head – top of the head, behind the ears, tap the front lobes just over the eyes – will help
 - Tell self you're going into a deep sleep

MR: has never heard anyone talk about the soul in the way Omena does

- Knows she's here as a teacher and to serve; has another 40 years to go

O: she's a warrior soul – very protective; in control about what they do; dedicated, charismatic; forceful and effective without being over bearing; she's on her mission or several of them!

O: have them slow the projects down a little bit – they'll do it for you!

Website: pay by paypal: **omena777.com**

- read some testimonials
- amazing how many appointments she's had as a result of being on this call!

O: thanks to the listeners who've called in; lots of love to all of us!

T: to let everyone know: can people get a good energy going and help with the BBS radio - owe \$675 right now – asking people to help us get caught up!

MR: she's paid the stargate bill thanks to people's contributions

2016-06-14 NEW MOON in Gemini June 16th 2015

ART: MYSTIC MAMMA

**NEW MOON* is here in Gemini featuring some strong Mars energy. We must exercise mindfulness with our words and our will, and harness our creative fires into taking positive steps toward a more aligned future!*

Here are the MYSTIC MAMMA Astral Insights from our beloved featured astrologers. First from the insightful [DIVINE HARMONY](#):

"The New Moon in Mercurial Gemini is exact on Tuesday June 16th 2015 at 7:05am PDT. With the sign Gemini in the spotlight- the coming lunar cycle has a focus on communication, thinking, ideas, connection, change and movement.

"This is massively amplified by the fact that Mars is conjunct both the Sun and Moon!

"With the will, warrior and drive involved in this lunation there's a lot of action-oriented energy available in the coming month- yet we have to work with it wisely and consciously as shadow Mars can erupt as aggression, irritation, accidents and even violence.

"Being conscious of our need to act, assert ourselves or take action in life will definitely serve us in this next lunar cycle..."

"Of course Mars and the New Moon's square to Chiron shows another side of the picture. This New Moon is not all about taking action, speaking up and/or going for it. We have to temper our wills so they work in service of Spirit.

"This New Moon conjunct Mars and square Chiron can bring us face to fact with wounds we have around asserting ourselves, taking a stand or taking action in our lives.

"Alternatively this lunation could also face us with where we run rough shod over others and don't

have enough sensitivity or empathy for other people's ideas or situations they are in.

"That fine line between victimization/passivity, healthy assertion and negative aggression is highlighted right now- and it can be very easy to tip over too far in either direction.

"The ruler of the New Moon is Mercury who is now direct in Gemini...a big theme that is up is that of discerning Truth from lies, fact from fiction, fantasy from reality. This aspect has occurred a total of 3 times so it has been a theme all of May and June- and because the 3rd aspect does not occur until June 23rd we are not quite out of the woods yet.

"There's also an auspicious Grand Air Trine formed between Mercury in Gemini, Ceres in Aquarius and the north node in Libra. Opportunities for new connections and ideas/visions shared with Kindred Spirits can form or deep right now..."

"The Sun/Moon/Mars alignment is also conjunct asteroid Arachne- bringing to mind the spinning weaver and spider medicine. This makes me think of the intricate detail you can find in a spider's web but also the tangled webs we weave and get ourselves caught in.

"With Gemini involved and with us still right smack in the middle of intrigue with Mercury square Neptune- Arachne on the New Moon reminds us to to be honest and in integrity with the words we say as if we say things that don't line up eventually we can get caught in our own trap!

"Looking beneath the surface of things so that we can get to the Truth is key in this Gemini season. people, things and situations are not what they seem- and we need to be willing to challenge our perceptions as well as the proclamations of others (and the media). We need to ask the right questions to get to the Truth!

"There's one more thing I would like to mention about this New Moon chart and that is the fact that the Sun, Moon and Mars are all approaching the Gate of Man which is exactly opposite the Gate of God (which is the Galactic Center). These are two very esoteric, powerful points in the sky and when planets cross them there's potential for awareness, information and realization to be incoming.

"This is likely to play out more subtly unless you are intentionally working with the energetic gates. If this resonates for you take some time at this New Moon and up to a week after to tune into whatever messages are waiting to be received.

"On a more mundane level this New Moon can be used to get clear on what we think, what Truth we are aligned with and what actions we need to take in our lives to further our pursuit of living that Truth OR to realign our lives with a new Truth that is being revealed to us."

From astrologer [PATRICIA LILES](#) from [The Power Path](#):

"Both Chiron and Saturn are conspiring to aid us in releasing patterns rooted in our habits of thinking and speaking. Saturn opposes Mercury and Chiron squares the Sun/Moon/Mars.

"Observing our thoughts and listening to our words, are we aware of what we are beaming out into the airways around us? Are you still imagining your thoughts are invisible to others or are you taking responsibility for what emanates from your inner field?"

"With Mars so prominent, our own inner masculine may be willing to admit to the vulnerability of its woundedness and surrender to a more balanced relationship with the inner feminine."

"...At the same time, Pallas Athena is opposing the Sun/Moon/Mars trio while Chiron in Pisces, that perpetual chi gong master, squares them all, saying pay equal due to that part of you where your deepest illusions lie...wanting us to tell the emotional truth! And with Chiron in Pisces, we are spurred on to consider all the ways we hold ourselves separate from our essence and the Divine."

"...I hope you have been looking to the west in the early evening sky to see the beauty and dance of bright Jupiter and BRIGHTER Venus coming ever closer together with their first conjunction on the day of the next Full Moon, July 1 at 21° Leo.

"As you stand under the night sky looking up at their brilliant light, imagine their gifts raining down on you ~ beauty, pleasure, conviviality, abundance, and the joy in the balance of the feminine and masculine coming together."

From astrologer [SIMONE BUTLER](#) from Mooncircles:

"Mars closely conjoins the upcoming Gemini New Moon...The warrior god-goddess seeks an outlet now through Gemini channels – like the power of words.

"Although anger can be destructive, it is also a potent tool. As long as it isn't expressed in destructive ways, anger is an important way to know ourselves – and for others to know us.

"...even though the New Moon is Tuesday morning, the Moon goes void soon after. So make Monday the 15th your power day – and be sure to jot down any brilliant ideas that come your way between now and then...light your inner spark – and watch the magic unfold!"
