**Feldman Imports Results: 42% closing ratio and 367% ROI using Widestorm.**

Feldmann Imports

Yes, that is correct, we have a 367% ROI on Widestorm leads. We have sold 13 vehicles and are closing 42% of the valid leads we are receiving! Widestorm was proven to be quite a successful tool here at Feldmann Imports. We are a Mercedes and Nissan store with an amazing used vehicle inventory. We carry a variety of pre-owned imports and are one of the few Mercedes dealers in the area. I am interested to see what other dealers percentages are with Widestorm. If you are not with Widestorm and are just researching it, I would highly recommend this tool.
