## HARD NEWS

- a scheduled Trump Rally at Illinois – there were 45,000 or so people – violence erupted because anti-trump people came and the trumpsters were going after them – lots of police there now.
    - Originally said they were cancelling, now saying temporarily delayed. The issue is Mr Trump has been instigating that people do this
    - last night was outrageous: an older white man lashed out and punched a young black man very hard in the face and the same young man got thrown on the ground by the cops
- R:** watching a repeat of activities leading up to the Reichstag fire – Faction3 say he is not long for this world, including the rest of the 13 families
- Bernie speaking up about this – he's in summit, IL
- R:** we need to focus with James Tywmann and meditate for peace
- T:** the people at the Trump rally were peaceful demonstrators; the clashes she saw was a Black Lives Matter man getting attacked.

- Other things going on in the world
  - scorched earth in **South Sudan**: horrific crimes against humanity according to a report killing and pillage and rape, bought and paid for by US nazi republican people
  - Can see why KOS said don't go travelling: the pisces energy is super powerful ?? need to flow with Father Neptune and the oceans
  - A new documentary on the **Mexican drug war** – a quagmire: US black ops and the Vatican supporting it – over 100,000 people have been killed in Mexico and over 20,000 missing – all to be in Circle of support
- The time line is up:

### **Lady Di, Dodi, Nada** – called Rama today

- they are still in Wesak Valley – 15 – 20,000 there now, refugees from many different places – Irag, Iran, Somali, Libya and other places – trying to escape and the Ashtar Command beams them up and takes them there
- in the meantime, real issues about shutting down the borders and sending everyone back to Turkey where they will be killed

## Reading:

**Subject:** Murdered  
**Date:** Fri, 11 Mar 2016 13:17:23 +0000  
**From:** Carys Afoko, SumOfUs.org <[us@sumofus.org](mailto:us@sumofus.org)>

**Today we mourn the tragic assassination of Berta Caceres**, a prominent Honduran indigenous rights activist. **Berta stood up to corporations and helped delay the construction of the Agua Zarca dam** that would destroy her community's land and the Gualcarque River in Honduras. The dam was delayed due to protests for so long, that **investors started pulling from the project.**

As a result, **Berta became a target for corporate spying, intimidation, and ultimately murder**, simply because money wasn't being made.

This is why we are calling on the largest remaining investor of the dam, FMO (a Dutch Development bank) to join the Chinese investors Sinohydro and the International Finance Corporation in **withdrawing financial support for this project immediately.**

**[Ask the FMO bank to withdraw investment of the Agua Zarca project.](#)**

According to FMO's own website, the bank has a long standing commitment to environmental and social sustainability. This commitment alone should have led them to stay away from the Agua Zarca dam, proposed to be built in sacred indigenous land and the Gualcarque River, but **now FMO is complicit in Berta's assassination.**

51% of FMO's shares are held by the Dutch government. Unless FMO is prepared to face both a domestic

and international outcry, it **cannot afford to see through its investment in the Agua Zarca dam.**

[Let FMO know that its reputation is at stake, and tell it to withdraw its investment from the Agua Zarca dam.](#)

Since the right-wing coup against Manuel Zelaya in 2009, activists have been systematically persecuted by the Honduran government, making **Honduras one of the most dangerous places in the world to be an activist or community organiser.**

**This was certainly true for Berta.** Just last year she won the Goldman Environmental award for her successful campaign against the Agua Zarca dam, and she has now paid with her life.

**This isn't the first time that the SumOfUs community has stood with brave activists** defending their homes, lands and livelihoods against corporate giants. Thanks to our generosity, Maxima Acuna, the Peruvian anti-mining activist, was able to contract private security to protect her from possible corporate-sponsored assailants. And thanks to us coming together and supporting Maxima, the Yanacocha mine will not be able to go ahead without a community consultation.

Berta's death hurts so many of us who want to see a fair and equitable world. These corporations think that by taking her out, the resistance to the dam is dead. **Let's prove them wrong and push FMO out of this unethical deal!**

[Call on FMO to withdraw its investments from the Agua Zarca dam now and protect sacred indigenous land](#)

Thanks for all that you do,

Carys, Ledys and the rest of the team at SumOfUs.org

**T:** Hillary arranged for this murder: In her memoir, Berta talked about crossing Hillary over the subject of the governance of her country.

- it was only last week that Hillary orderd her death so things are coming to the fore very quickly
- This is the 4<sup>th</sup> Reich and the killings going on: how many are going on behind the scenes?
  - Lightworkers need to be unified and to move away from **dinars, dongs etc which are not related to NESARA – time be cut ourselves off from this**

## CONFERENCE CALL

- Ross:** commenting on the Ashtar command intervening by taking refugees to the Wesak Valley –
- as Mother says, it's about helping the least among us as the first order of business
- T:** it's been going all along as witnessed by Dodi and Di – as we stay unified as a Light Community, the results come faster –
- the university campus at Dearborn, MI is one of the most diversified in the US -
  - when the KOS says something like he said [“As Long as lightworkers continue to remain divided, NESARA is down the road”] and as Lightworkers continue to do what they are doing: are they willing to endanger their life and soul for money? And how much light does that reveal? And they build up certain levels of confidence in people – like a sister who is supporting Cobra who has/had great wisdom but was not able to discern what was going on behind the scenes with individuals like Cobra
  - we need to remain in divine neutrality – we asked for a polar universe and we asked to descend from the 12<sup>th</sup> dimension into a polar universe; we started at the unity end of the polarity and now we are as low as we can go
  - In reality, Mother Gaia would have gone super nova at the time of Atlantis due to the shattering of the great crystal, the brain centre, and it would have blown up the Atlantic Ocean
    - the crust of the land around the planet is 800 miles thick and the crack went down to 700 miles or so; it cracked all the way up to the Azores, across the US and into the Pacific
    - The planet would have gone super nova without intervention. At the time, the reptiles came onto the planet 13,000 years/ half a yuga ago. And there has been help since that time - going to read about the Hunab Ku and what our responsibility is and that we did not come here on a whim
  - We are in the turmoil where over 15 M people in the US do not know where their next meal is coming from, thanks to the economic high treason that has been going on – ON PURPOSE. The millenials who are tuned in are not having it. The 2008 financial crash was deadly and led to that draining of the money from the people
- Chandra Dass from Iowa:** World Culture Festival in New Delhi, India – a 7 acre stage – To see it - [www.lifestream.com/webcast.wcf2016](http://www.lifestream.com/webcast.wcf2016) . Have archived links of what happened today
- Started by Sri Sri Ravi Shankar - 3.5 million people from 155 different countries; 35,000 musicians and performers.
  - Swiss alpine dancers; 12,000 dancers doing Indian dancers
- T:** James Twymann is there – he wants 10 million people present to meditate via the WWW.
- CD:** took up an amazing practice – Wim Hoff from the Netherlands – has developed a method of deep breathing in ice water – amazing how transformative this is –
- CD uses a horse trough; when he first started it was painful; now finds it totally invigorating – knows of those using cold water treatments to cure depression
- T:** not something to be undertaken alone or without adequate preparation – tells of her own experience in the mtns in Sweden

**CD:** talks about the process / breathing program that has to be undertaken to get to the levels -

- Wim Hof can climb Everest in barefeet and his shorts and holds several world records for extreme practices

Wim Hof Method – look this up

- the preparation is the breath program – learn to tap into the autonomous nervous system

**Gerry:** has something to send – a CD on the HU – 20 minutes: Hallelujah is a combination of Allah and HU! Reviews what is being sent

**T:** he's at the 2<sup>nd</sup> initiation –

**Gerry:** in Eckankar – each initiation takes them from plane to plane and it takes years -

**T:** It is really possible in this lifetime and will move much faster than the ancient teachings have taught

**G:** what happened to his friend Liz is happening to many of us: she is with Kuthmi and she's aboard the New Jerusalem – the ETs have the technology to create a new body and her soul translated into the new body

**T:** when did that happen?

**G:** The memorial was about 3 years ago – he's not finished on earth yet

**T:** one dispensation since 9/11 no matter who you are: as you were translated due to the conditions created by the antics of the invaders, you can come back and come back in the same body which is now completely healed

**G:** has 8,9 friends who have chosen their own physical bodies and are on the ships or in Inner Earth

**T:** they can choose to go to different time/space continuums

**G:** someone he knows is on a ship and has been to visit – everyone does this by agreement / choice is doing what they agreed to do

**Carlton:** at the top of the hour mentioned a website

**T:** sun-nation.com

**Ralene:** watch the last Bernie Sanders rally and tune into the energy coming out of Chicago – very high energy! The energy is really opening up.

**T:** Bernie was in Summit, IL and talking about what happened in Chicago – Rachel Maddow was talking about it

**T:** on Sunday, the first break in the debate on Sunday night, Bernie sent a tweet to Rama and said “We're going to make it, Lord Rama”

**R:** he was one of the writers of the NESARA law! **T:** Ron Paul did the final writing

**T:** they had to put up with some Trumped up nonsense [in Chicago]. Hearing about the World Culture Festival means all kinds of high energy is going into the planet.

- The University of Illinois has 45,000 people attending with 4-5 campuses.

**Ra:** they played folk music at the end of the rally

**T:** we're going to realize there's more going on

**Ra:** he kept clearing his throat as he's been talking so much! Yes, he's from Venus.

## **BBS RADIO**

### **MOTHER SEKHMET/ALCYONE [M/A]**

Greetings In the light of the most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

**T:** feeling more and more what Bernie said in his tweet of Sunday the 6<sup>th</sup>: “we're going to make it, Lord Rama” a caller on the conference call talked of the enormous energy in Michigan

**M/A:**

**Greetings, Children of Ra!**

- indeed magic is afoot, Goddess is alive; it is about the wild energies that are in the moment which have everyone up in the air! It is a very auspicious time to be alive in these moments in spite of all the issues going on
- Love is the answer; it is the way home. What they can tell us from their perspective: with the solar eclipse, everything has moved light years upon light years into position. Pay no attention to the Hair pieces that have nothing to say other than empty words based in false truths.
  - There is one answer and it's about love. Everything else is this maya that is going on. It has created - in and of itself; it is energy. This is how we watch our thoughts, watch our energy fields that affects living matter whether animal, vegetable, mineral.
  - Electrons interact with electromagnetic fields; we are more powerful than we can imagine. Our energies affect technology and it is in our best interest to send love to all situations, feelings and beings whether they seem inanimate or not. Energy is energy, it takes many forms and affects everything.
- What they can say about the present moment we're in: everything has shifted once again. It's only about this in service to humanity. Yes, we are picking up refugees – many of us are stepping in to the realm here to work with bringing higher frequencies into situations that are most dire.
- Our craft are being seen and it is such an awesome time to be alive. In the same breath, it is a very precarious time, because her wayward children want to do away with that energy which has stuck a sword in their side, as it were

**T:** something is changing and really rapidly, Mother!

**M/A:** it is a very large sword and they do not like it one bit

**T:** they are kind of on the run on the defensive side, and Hillary is not being so nice. The Washington Post put up dozens of negative ads in a very, very short period of time, and the light network caught them in the act right away and put it out there. [what was going on]

**M/A:** It is a very interesting dance we are playing with the third party called 'the devil is in the details'.

- It is about the issues at hand as things are moving at such a rapid rate and the cells and electrons are catching up and there is a bit of a short circuit of sorts between the high heart & the other frequencies for many. Many are also getting it, compensating for that gap.
- All that is transpiring is about the love pouring at this time and, in this same moment, they can say we are watching the return of Nibiru and all that goes with it. It is that they are here, the deal with her children and they are, in spite of the facts there is so much activity that has to do with the fake story called Hairpieces that have nothing to do with reality except to create disharmony, division and a way in which folks are on edge, emotions are raw.
  - It is the time of great upheaval, just like what we had in the 60s as we watched our brothers and sisters, mothers and fathers, go to Viet Nam and come back in a pine box.
  - This country . . . in the fish ... put it now they are coming back in lead line boxes due to the depleted uranium that was dropped on Iraq and Afghanistan. So many places.
- This is why she brings the energies, the conversation, forward. All life is precious, every single single life form, including the hair piece
  - M & A are, as Ross said, in service to humanity in all its forms. That divinity goes way beyond who is going to get first dibs on how disclosure happens. We are all in this together.
  - To put it quite simply: we all are her children; we are all pretty; there are no divisions – her children are always pretty! It is about this frequency, that illusion, maya, steps in with

the thought forms: As Chandra Doss said, monkey mind gets in there and messes with the thoughts. Is Bernie winning, is Hillary losing? Is the Trump declared war on all life forms because he had a bad hair day with his wife or his staff? Any number of issues . . .

- We are emotional divine, spiritual beings, creatures on a path of self discovery which encompasses not just this universe, but all 7 super universes. This happens to be the one that chose to be in physicality where we taste it, touch it, feel it. All the other realms work in the same realms yet are in higher octaves.
  - This is the one issue hing we need to get in the very nature of who we are: beings working with the divine nature of the force – our thoughts can affect living matter and it changes the molecular structure, a living matter: makes things happen! Not in our best interests when thought forms are less than in harmony – as we saw tempers flare tonight at the so-called Trump rally.
  - It is about the nature of what is going on – trying to pick a fight with the frequencies to mess with the divine nature of humanity; stirring the pot to set up ideas that are not based on truth - like the hair piece /trump said there are protesters at his rallies that are very, very dangerous! Yet he is the most dangerous one, along with his goons, the SS if we want to call it such.
  - We are watching Hitler #2 in the making and his brownshirts who wander around as if they have impunity and if they decide someone is speaking in a manner that is not benefiting their fuhrer, they will try to take you out – even to align the police with the Mossad in Chicago – Rahm Emmanuel. It is that deep, that dark!

**T:** he is not a nice guy at all.

**M/A:** this whole story is about the fact that they want to raise the ugly head of the fuhrer once again

- Mr Hitler is sitting in a brig on a star ship, along with Saddam Houssain and Osama bin Laden – none of these characters are going to get away!
  - all we are watching is divine maya that is not divine; it is illusion at the highest level
  - Once again, it is that place where meditation, focussing on the higher frequencies, changes physical matter, space / time. As we work with Bernie, work with the energies of sharing a message of great tidings of joy – NESARA IS HERE. How we get it into everyone's face is by supporting the principles Bernie is laying out in front of us
  - Just because you have a difference of opinion with someone who has different colour skin, does not make you right, does not make you wrong: it just is! She happens to have black skin and has fur: if we have an issue with that, take it up with her face.
- It all starts here: it ends here – we all the rainbow rays of living light, living colour, vibration, sound frequency - we are all 144,000 strands of living light, living love that make up the rainbow bridge that goes to Asgard – we all live in harmony and divine joy, ecstasy and bliss: – it has happened already in spite of the best efforts of Lucy in the Sky with the fake zirconian diamonds which is all they are – cheap jewellery from a dime store
    - the last bastion of junk reality – Donald Trump, all the rest of the life forms that are playing games with our very life force, are offering zirconian diamonds instead of the real things; fake copies. It is not in the nature of the high heart, not coming from the place of divine, unconditional love.
  - She is in service to all. In spite of the darkness – it is happening - we are moving left of centre; Bernie's reality is taking hold; people want peace and joy, not the endless fake war drama.
    - it is ultimately failing in the moment: how we can get things completed is to share the wisdom we are sharing here in this virtual campfire, council fire that goes across space time as Rainbird talks about.
    - As we work with how sharing of ideas, forms of frequency – light, colour, sound; how we can fine tune a meditation – it helps all in this space time moment.
  - What she can say in this short moment since the eclipse has come, and we are moving onward

into the frequencies as the waxing of the moon getting bigger every day. The ripples in the pond are getting wider and wider as the expanse of what was touched upon when the moment of the eclipse and that frequency that poured out across our local solar system. Already these ripples across the virtual pond have created frequencies that will only uplift to the 12<sup>th</sup> Dimension and higher, all of us. Those following the left hand path that leads to the Dark Rift – lead on, have a nice trip on your way home!

- It is what she must say from the heart – yes, all are her children and she has cried oceans of tears for her wayward children who have made their choices
- As Sister SnatNamKar has said the sun shines on everyone: we make our choices and it is not based in lies. We have free will choice within the Laws of the One, the Creative source - the Laws of One to give with all the gusto and the magnificence of what we have within us –
- full disclosure is happening, whether any government, any one person, any one energy is making it so: it is the whole of it. It is already happening in spite of the best efforts of finagling how one issue can influence another, and the monkey mind gets in there and twists all things around

Remember the red monkey of the golden compass with the blond witch ? The Golden Compass knows when there are lies – Lyra with the golden compass and the gold dust will finalize the situation here> M got the word that the 2<sup>nd</sup> episode is [being created] – it is about the war of the witches, dealing with these life forms representing the magisterium

- The Vatican must fall with all the life forms that are playing in that false ideology.
- Admiral Sananda Kumara did not come here and say you must follow me and the entrails that are fake creatures of the word: it is simple: How can I be of service to the homeless man today who is just asking for food; the refugees sitting on the border who just want freedom
- Yet mr Doggie and others who dicker about money and issues about fake councils based in lies: one hand offers an olive branch, the other, a hydrogen bomb: not going there!
- this eclipse leading into the next one – watch them as they fall one by one by one-
- It is no accident that a story comes out that one close to Putin murderd in a Washington hotel last November – blunt force trauma to the head: unseen wars going on that have to do with lifeforms that are taking it to the next level and playing for keeps.

**T:** these ones are into revenge like no body's business

**M/A:** In this moment, we level the playing fields as the great equalizers now: all life is precious, even the Hair. Love them even more for what they have done, as they take their leave in to the DarkRift

- Greetings in the Light of the Most Radiant Ones

**T:** It is really mportant to remain in the power of the postive thought – all of us!

**R:** has been at Mt Kaloish working with the energies of Lord Shiva. He was watching the energies pouring out of the mountan and electric blue-violet lightening bolts go across the planet to regulate the frequencies

- Yes, it's a good thing: lifting things higher and higher
- Yes, there are still piles of ice and snow on the mountain – which is also good!

In the second half Max interviews academic, public health doctor and leading authority on Private Finance Initiatives (PFI), Allyson Pollock (@[AllysonPollock](#)) about the [NHS Reinstatement bill](#) she co-authored.
