Guest: Rainbird – will be leading the panel discussion on all kinds of energy

HARD NEWS:

R: an extremely wild week – so many things to share!

Sweet Angelique the Cat, earlier this week

- about the story in the Ben Fulford report which said that Angelique Joli is divorcing from Brad Pitt and that she had to do the obscene rite in order to be on the Council of Foreign Relations Committee
- R asked if Michelle Obama had do to the same: Michelle refused – Mother came right through her; they saw that and they all backed down!!
- the Obscene rite is 13,000 years old, originated with the being picked up via their star ship, the Solstice, from Siberia where people lived as barbarians
 - after the destruction of Atlantis, the refugees spread out, surviving as best they could
 - this one was picked up by Isis and Osiris who trained him in the schools of the Right Eye and Left Eye of Horus; he became a master physician, a geneticist
 - after 600 years, I and O went back to Sirius A
 - in Atlantis, people lived for 10,000 years and never got sick, until they got involved with the Orion warlords who invaded Atlantis in the High Middle period in the last yuga – about 13,000 BC
 - in galactic terms, it was a cycle of 26, 826 years; in earth time was 5,000 years
 - Kahotep – was lonely, angry; things were descending into darkness in Egypt, which was its darkest period:
 - he reverted back to barbaric tactics - found a shepherd boy, cut off his head with laser technology and scooped up the pineal gland and the pituitary gland and ate it – extended his life force by 50 years
 - this **obscene rite** had been carried on by the Amon priesthood, the same ones who are incarnated now as the lizards who are uninvited to be here
 - they cut out their own 12 strand heart energy so they would not feel – they wanted to be masters of the Universe
 - these things do not just disappear – send love, remain neutral
 - this is the **same obscene rite done by the 13 families**, as do the **members of the Vatican** when deciding the **appointment** of a new pope
 - So Michelle DID NOT DO THAT!
- Michelle gave an incredible speech today about honouring the divine feminine
- R:** in the last 24 hours, in the night work, he went to Aleppo as he has gone to many places to help with the night work – he was with Tom the Cat and Kay Kar Tech -
 - it's what's going on in our time/space continuum
 - as he became aware of what was going on, he found himself sitting beside a woman sitting outside the rubble of her home; she was crying, he asked how they could help and she asked if they could bring her children back.
 - They all said they could not bring the children back because they were buried in the rubble created by the bombs; he told her "Our empire in the west is doing this to your country; it is not all the people over here." She asked can you bring my children back because you've brought others back – he told her they were too far gone
 - she said the Mahdi is here and he's bringing people back; why can't you help me get my children back? He explained that they can come back if they choose to come back: it's up to them.
 - It was some consolation to her but too little, too late: they all hugged the woman and cried – it was so intense at the time:
- this is what we are looking at in our present reality: there are many factors not being told on

the media – and he is seeing it with his physical eyes in the physical = he has to praise, respect, thank, and love the feelings which come up with this.

- This incident has been with him all day – weighs on his heart; we're in the situation where our empire has caused these atrocities – the resolution is that, as the truth comes out, it will come to the light of day that the US has caused these things.

T: in Syria, all so-called terrorist organizations are all us, the US

- Looks just the same as the American civil war: the Rothschilds backed both side of the war – people were cannon fodder – that is at one level
- at another level, we are in the 5th Dimension; those who have studied more and have moved into a spiritual higher level are in the 6th, 7th, 8th and higher in larger numbers than before
- Also, there is a new dispensation in place: as we move to 50% of raising our consciousness – they will meet us half way & help us in our ascension process; it used to be 90% of the process! A Large dispensation.

MR: where we are now?

T: as a whole, we have already incurred so much damage as a people: the elite have hung on to the fossil fuel system, yet the awakening of the people about making a difference - and there are 7,000 people at Standing Rock who are not going anywhere!

- As they go any higher in the frequencies, those who are resisting waking up will experience physical damage because the energies are so much higher than where they are contracting into; they will experience spontaneous combustion of the heart!
- for those whose consciousness has been dulled to such an extent -
 - in 1990 there have been massive walk-ins to save the forms [bodies]
 - and moving physical beings to other places & star systems so they don't lose their consciousness and their physical forms; they don't recognize anything different and so are progressing there
- and we, the small vector, the neck of those getting through from the disaster now visible in the 3rd dimension: as we raise our consciousness collectively together; the power is so great – we don't truly understand how much we are loved! - that they come and assist us even more
- we are in the last stage of this process now!

R: this incident touched him deeply in the night work last night because of

- what is happening in our present time: as the lies of what is going on in Syria –
- the lady he was with last night knows about the star gates, and she said the Watchers are here and they are taking care of business; where do we/ I go from here?

T: we have to stay positive – here is another piece-

- **Amy Goodman, Juan Gonzalez and Mr X** called him yesterday: T had noticed the item on yesterday's program was incorrect: has to do with Jeffrey Epstein being in jail and Rama knew he was not in jail
- there was another item too -that Paul Ryan said he did not say he would not vote for Trump – that was the news yesterday; but Rama was told yesterday that Ryan would not vote for Trump -
- **Juan, Amy, Mr X** – getting mysterious calls, e-mail messages, telling to watch their backs, do not fly on any planes – multiple death threats – So they told some lies today
- this is the reason T & R are here: **what is happening: T & R can tell the truth**

R: the e-mails coming out from John Podesta, the head of Hillary's campaign, is a former head of CIA – had a talk with Edgar Mitchell before he passed about plasma energies and other items – now coming out in the Hillary E-mails

- this is the time where it all comes out.

Juan: the messages coming from the top elite of the tea party, the republican party, the

- Koch Bros, the Hillary Campaign, and folks tied in with the mob and Trump
 - they all said there was another meeting today repub leaders, Trump, Ryan
 - Ryan will not vote for Trump, or work with him in any way, shape or form
- the media trying to play up to Ryan – Ryan is as bad or worse than Trump as he requires people who work for him to read Ayn Rand's writing -p requires a

- KOS told Rama a while ago that Trump will be connected with murder very soon -
 - the repub nazi party has to fall completely – **gone and not coming back**
 - Juan said the democratic party is not a party, but is a corporation so has to be gone t but the party can come back.
- Juan sent Rama a picture on his phone of a little 6 year old Palestinian girl going to school for the first time: she had to stop for 1 Israeli soldier with an oozie strapped to his back who went through her backpack, then she had to go through the metal detector
 - Amy – says Rama has to tell the truth – they cannot do it any more, they are not allowed and especially and about the galactics coming to help the people

R: they are coming in, in droves! All kinds of stories on all social media sites

- T:** before the election, Hillary will be found out due to Assange's e-mail drops, started on Oct 8th within the 4 weeks that was discussed earlier: as neither can be a candidate, the election would be delayed for 4 weeks – Dec 6, First tues in December
- Assange guaranteed that she would go to jail at least, once he is done
 - list of countries on Hillary's shoulders: she created regime change in all those places! Somalia, Iraq, Yemen, Libya, South sudan, Afghanistan
 - Reads the list of all the countries that the US undid: Greece, Korea, Iran

E-mail question: was Hurricane Matthew created or natural?

- it was natural but it was played with the conditions that they created by continuing and extending the fossil fuel industry; – there is a very deep layer of warm water in the ocean that is unusual – always used to be very cold – now that the layer is warm, it is easier to manipulate it

MR: one more person we were supposed to talk about

R: Natasha, RanaMu, Sweet Angelique the Cat

- She said** Putin is blackmailing Trump – it appears on regular news that Putin has seemed to be somewhat congenial toward Donald Trump; yet the Donald owes Putin ½ a billion and there is a bounty of \$350 Million on Trump's head
- Sweet A thinks Putin will take that bounty and someone will be disappeared!

Rainbird [RB] as leader of discussion on **subject of different kinds of energy**

MR: gives phone number for audience participation, in true roundtable fashion

RB: has been studying the Keshe material – hard to keep up, there is so much

- He has always said that plasma energy is everywhere – he's teaching us how to go from a matter state to a liquid state whih he calls liquid plasma to a plasm state
 - uses the chicken egg to teach kids
- when teaching about the plasma: he uses a word called GANS – gas in its nano state
- he teaches how to use different elements with various products to look at the elements using carbon, hydrogen, oxygen, nitrogen are in every cell of every living being

- RB has studied
 - homeopathic medicine – sees the connection with the
 - shamanism/ North American word – sees how the altar is set up, and sees the connection with the various elements – this is plasma energy too and how they use crystals, different minerals – really creating a plasma field!
 - Master Deng's teaching – it's somewhat like Reiki; is short and powerful and seems to be a complete energy treatment. He teaches that when science and spirituality come together, we'll go to the next level so she sees the connection here too – describes what happened with Master Deng teachings
 - Judy Beebe and the GEM sphere – that is also plasma energy / technology
- RB has been thinking about house sat for people who went to a long ceremony of 26 days of dancing that had to be shifted when they were evacuated due to the flooding caused by Hurricane Matthew – they were able to maintain the 5 fires they danced around and arranged them into a spiral
- What do people think about moving spirituality and science together?
- RB shares a story about an antenna model

She had a little video: Master Deng was giving a class in Australia, with a live feed set up in Torino, Italy – in the middle of the class, the power went out in the hotel meeting room

 - Master Deng waited for a little while, then everyone set up their antenna models in Australia, and he looked at the models, and then the lights came up – it was all in Vietnamese so no one really understood what was being said
 - the people in Italy called to say the lights were on in their block only! He took care of business, didn't want to stop the process

MR: what about pyramid energy, crystal energy & how it relates to our body?

RB: just saw this today in a Keshe teaching: 140th Knowledge Seekers Workshop

- won't get levitation unless you use the pyramid design
- he showed how the pyramid is in our bodies too

MR: a friend studying the old Russian technology and pyramids: the Russian instructions are for a much taller pyramid: about a 4' square and 9' tall; he's trying to figure out the frequencies

RB: used the 3 sided in Master Deng's work; MR talks of 4 sided base: thinks it would change the energy

- Master Deng students carried a 1.5" one around for emergency purposes
 - someone she knew wanted that pyramid after he was in a car accident – he used it and was healed by the time he got to the hospital – didn't have to admit him! It's intention, and gives you a focus point to help you focus the energy

MR: asks about the crystals – how does crystal energy be different from the pyramid energy?

T: they have a pyramid crystal with a pyramid inside it! It's a tetrahedron diamond crystal.

- Pyramids have a reflection of themselves below
- all the crystal lattice works around the planet are the nerve system of the planet
- the Great Crystal was the brain centre of the central nervous system of the planet and they could not have done anything worse than shatter the brain! Up to us to fix it.

RB: isn't it fixed?

T: yes – but we have to get in touch with who we are so we can access that – they won't let the planet go super nova, but we are darn close.

- have to reflect **that we are one with the pyramid** – the pyramid consciousness is the fire in the middle of our being is heart energy which is the balance between the feminine and the masculine; learning what the feminine energy is, is why Mother shows up
- Michelle's response to the dark ones at the Council of Foreign Relations: if you think I am

going to do that, I'll have your heart in my hand! – Mother's energy is NOT a namby pampy energy!

- we've had every possible dispensation we could have

Sonya: thinking about how crystals work with the body, how pyramids work with the body – she will call a friend who works with frequencies to get the answer

- they might work differently as far as frequency is concerned: the most important part is finding balance – we can reach balance through different kinds of pathways.
- Doesn't a pyramid work on Zero Point energy? YES
- How do crystals radiate? They are so alive

R: works with crystals by tuning into the lattice structure of the crystals through his 3rd eye, he merges his consciousness with the crystal; he becomes the crystal and looks out from the centre. As the energy goes out, he sees what the energy is showing him

T: the Atlantean crystal exists and is a complete sphere; inside there is a pyramid, and inside the pyramid you can see Sekhmet –an original Atlantean crystal that's being protected because they would destroy it if they could find it.

- Is a Lemurian quartz so powerful? YES. Met an interesting person who wanted to tap in a lot of healing, had a tremendous amount of knowledge -
 - he told her how to work with crystals: brought her crystals from the local Santa Monica Mountains
 - She realized that the man was a werewolf! She experienced this for about 2 hours – she saw the profile of the wolf, when he turned and he told her how his grandfather had dropped him & his brother off in the woods and they had to survive

Omena: wanted to go to **the heart flame:** everyone has a heart flame, a flame of energy in our hearts; depending how tall it is – can use these energies without having to have a physical energy in front of us if it is for the highest good.

- some can do this very well, some are growing into it – it is most important to become aware of the heart flame – the higher it is, the more alive it is, and the more energy we have to call on and to use – Lemurian or Atlantean energy – we are already carrying this with us
- intention is everything: when she does work, she closes her eyes and asks for the most appropriate energy to show up and then she used it
- She is talking about us going into our own heart & see where that energy flame is in our own heart and get the ego out of the way - talks of all of us having the ability to use it
- can ask the crystals what its job is

• O is talking about going into our own hearts and seeing where that energy is

- It's 1/16th of an inch tall in the average human being says Sonja

O: Can she look at people and see that flame? Some times she can see it; sometimes people won't let her see it

- there is a level of consciousness – does not mean mental human consciousness – but the one above that we have to go to get to the heart consciousness – the tri-fold flame is very different than our regular consciousness, and we have to get to the point of being able to see it
- if you can see it, you know you are going into the higher heart consciousness with the energies speeding up so fast, people will have to start looking at the tri-fold flame and heart consciousness or they will be left behind.

RB: Patti Cota-Robles' message is about using the heart chakra above all others – it is the only chakra to use!!!

- **Rama** told T the King of Thailand died today; his son, the prince, is taking over.

Cmdr Randy via Skype: he is in bangkok, lots of outpouring of grief due to death of kingdoms about pyramid: not built as is usually said – had a vision of a gigantic mothership leaving Mars and bringing the Pyramid of Giza to its present location

- the foundation under the physical one is an inverted pyramid
- R has created lasers with xenon gas and healed people almost instantly
- in the human brain is silicon dioxide – he thinks people who are more sensitive have more silicon dioxide in their brain which increases as they use their meditations

T: before the pyramid went to Mars, it came from Aldebaran – it was made light to bring it forward

- the diamond shape is there with both parts of the pyramid

O: **This clearly says as above, so below:** as the energy of the world changes, the energies - physical above, spiritual below - will become one

- talking about the energies – she uses the phrase “When WE are going to do this for the highest good”, it brings in a very powerful energy

RB: Keshe talked of people all around the world and now he has receivers all around the world which brings it to the “we”

- we learn the various modalities and integrate them into our
- a good thing to use the modalities to help others -
- ego has to be totally out of it – have to go on faith and trust

- get out of the head and go into the heart: the heart is the place where the love is and the heart is also where the honesty is - can't have the heart if you don't have the honesty

- the truth of where we are is all there – in the heart!

- Story of the soul work Lyn did with a 8-9 year old child – she got him in touch with his guardians and saw an amazing change

T: On Monday, Amy Goodman going to North Dakota to turn herself in: add her to our energy list.

Closing Comments

RB: gratitude for the way we all come together; for Marietta for the show, and how we all put the show together and have this discussion!

MR: next week is Omena week!

O: thanks to Angelsu for today's meditation

- any subject the listeners might want to have discussed/ to discuss – let MR know!
- Glad that Randy got on via Skype

MR: Randy will be on the list for Don to call so he can be on the panel
