HARD NEWS

R: Tremendous energies are moving over our part of the solar system; everything is in Divine Cosmic Flux!!!

- Bernie is burning the carpet under Hillary as they speak – debate is going on right now

Talked to Larry, Curly, Tom the Cat:

- all that is happening are last second futile attempts to create any kind of scenarios to divert attention from what really is happening: each week, Max Keiser talks about the economies of the planet being in the toilet!
- The Saudis are broke; the Kuwaitis are broke
- Angela Merkel is trying to figure out how to get rid of refugees
- The countries around Syria are to receive money from the EU to set up schools etc to keep the refugees in Syria!
- Jordan's King Abdullah: we'll do everything we can minus causing harm to our own peoples, whatever that means.
- the Saudis are going to send thousands and thousands of troops to Syria, and this is in conjunction with Turkey – it means the escalation of the war in Syria; this is the biggest difference between Bernie and Hillary if you vote for Hillary, you're voting for war which is the reptilian agenda and those who invaded this planet 65 million years ago, and again 450,000 years ago
 - It was after the second invasion that the experiments began of draining the melanin out of the skin; and the white skinned ones were the bodies they chose to inhabit in order to rape the planet and take full control of it

L, C, and Tom: we are so close to someone being so fed up with the whole process that the person may just get up and start yapping until something happens:

- Rama is pushed by Tara and Cathy: **who are you talking about???**
- he's **talking about Elizabeth Warren** who may risk life and limb to get up and tell the whole story of what has been happening since murder of JFK Sr
 - this goes along with Dr Greer's 4 hour presentation about the secret govt, the unacknowledged black budgets and the trillions of dollars being spent on projects like the transhumanist agenda of trying to put soul matrix into android bodies - an idea Ted Cruz is playing with; he also thinks he's John the Baptist re-incarnated!
- Warren is getting poked in the back by others she's connected with who go all the way up to Edward Snowden and Julian Assange
 - Assange has been sitting for almost 4 years in the Ecuadorian embassy in London there is movement on this: PM Cameron is uncomfortable with this; Ecuador wants to see him free
 - Chelsea Manning needs to come forward with things she knows: when Assange is free, she can drop a whole lot of what she knows about the first years in Afghanistan & Iraq
 - Julian wants to get out of that place and go to Ecuador where he's offered asylum – the energy is moving forward; this is from Tom, Larry, and Curly
 - he is risking his life to try this. The Swedish PM, a female, is working with the 13 families, and is under the thumb of Hillary: she says she'll go after him if he leaves the embassy
- on **DW News** today and on **Al Jazeera**: Hillary's e-mails were above and beyond the cosmic clearance level;
 - This is from KOS: In her computer, there is a plan she has put together to execute all kinds of people across the planet who are tagged to be killed because they plan to blow the whistle on her
 - On Al Jazeera Condoleezza Rice and Colin Powell have the beyond cosmic clearance levels:

- all their e-mails have the same information in them
- these reptilians are planning to do mass exterminations & make Hitler look like a toy: that is what is going on in these emails
- this involves ET Corey, and the blue avians who will not allow nuclear war – and Boreshenko of the Ukraine is ramping up to go to war against Russia, thanks to the influence of NATO; Russian has the technology to eliminate all the members of NATO, an advanced technology which is not nukes.
- ET Corey is Corey Goode who's been letting people know what's been going on we can find out more about him by googling his name

T provides more background on the bigger story:

- after we agreed to co-create the universe of Nebadon with Mother, a group decided to renege on the agreement 450 Billion years ago – this is where the reptilian line of the downward spiral came in
 - they broke the agreement and destroyed an entire 23 sun system which sent a rip in the time space continuum in the whole creation of what we made together and they had the pathway to enter the matter universe of Nebadon from the anti matter universe
 - There were 12 – 14 inhabited planets AROUND EACH OF THOSE 23 SUNS: How many trillion of souls were killed as a result of this? Can we imagine the numbers involved?
 - That destruction went all the way from the beginning 475 trillion years ago to this day, and all the way out to 175 million years into the future - the first rip already created the destruction of 1/3 of the Milky Way Galaxy – this was done right at the beginning!
 - as a result, the Wingmakers came from our future – which is their past – to help us deal with the situation
- The gold lining in this is that the Mayan Calendar was introduced; it brought the resonance of the High Heart into play – the higher energies of the High Heart opened in more and more people in 1987 with Harmonic Convergence and the introduction of the Mayan Calendar
- The 2nd rip in the space/time continuum: the Orion War was still going on, Atlantis was in its high middle period
 - the Orion warlords descended from the 5th dimension, and stole the royal crowns of Isis and Osiris who had been leading in Atlantis for 20,000 years.
 - With mal intent, they destroyed the central nervous system of the Atlantis grid system, the Atlantis crystal. We were going to go super nova and the Ashtar Command intervened and set up the Belt of Isis to keep us in one piece: essentially, put the planet in a sling. The 2 moons of Earth had been destroyed 2 moons – the 1st fake moon went down to
the second fake moon went down
- the repair of that damage: the idea of 3 strikes you're out
- The 3rd time the rip in the space/time continuum was in 1945 with the dropping of the 2 nukes.
 - Fat Boy and Little Boy – that was the final straw!
 - In 1946 the 38th level above the president was created – the ACIO [Alien Contact Information Organization] to enable the framework in which the Ashtar Command, the White Knights and so on could operate / intervene on the planet legally
- **Repairing the 3 rips in the time/space conintuum is what NESARA IS DOING.**
- refers to the article on NESARA on 2013 Rainbow Roundtable: KOS has access to the libraries, and Lady Di and Dodi have been transcribing material from those libraries in preparation for the greater teaching which is coming.
- The galactics have intervened because Mother Earth said her body is dying, and it was not good

to let things go on any longer. So Mother kept pushing it away - Dec 21, 2010 [which was really Dec 21, 2012] was the end of the Mayan Calendar, yet she pushed it out a bit more, as she wanted to give people more chance to change

- they had be to careful about turning up the frequencies: if it was done too quickly, people could combust because they are so heavily programmed and not able to accept those energies
- the Prime Directive says there is to be no interference in a civilization's development, unless or because of nuclear or psychic holocaust
 - the **psychic holocaust** is what they are doing now: creating cloned armies now
 - the Jack and Jill who came on the Santa Fe Rock station with Rama, the super soldiers like Captain America
 - what is happening, the people who got programmed are waking up and turning over a new leaf - people like E T Corey and Lt Gonzalez – they are saying that even though they are pushing the river, they want amnesty to tell everyone on earth and the solar system that we all got screwed a long time ago by the governments of earth

an e-mail question: the shamballa civilization was all but abandoned in the last 2 earth months - what do they know about it?

R: has not heard of Shamballa the Greater getting abandoned – sounds like Faction 2 stuff.

- An article on the NESARA section of the 2013 website; it's around 40 pages and includes information on the Mysterious Rosicrucian who established the Republic
 - That person is **St Germain: KOS answers to him as does the Ashtar Command and all the others: all the White Knights, Ashtar, Sananda Kumara**
- Reads the first paragraph **[SEE FOLLOWING PAGE]**
 - St Germain put together the Masonic and Rosicrucian teachings
 - the Libertarian idea of Utopia interrupted what St Germain was talking about
 - St G taught the royals of Europe to do merchant banking, but they threw that idea in the trash too
 - Madam Blavatsky begged the bankers not to mess with the merchant banking idea, but they ignored that plea, & merged ordinary banking with investment banking and that's how we ended up with hedge funds and what happened after that.
 - The free market is not free: has taken the future from the children.

Chapter Eleven from: **Great Secret: Count St. Germain**
by Raymond Bernard

Throughout his life, Francis Bacon's fondest hope was the creation of a Utopia across the Atlantic, the realization of his "New Atlantis" in the form of a society of free men, governed by sages and scientists, in which his Freemasonic and Rosicrucian principles would govern the social, political and economic life of the new nation. It was for this reason why, as Lord Chancellor, he took such an active interest in the colonization of America, and why he sent his son to Virginia as one of the early colonists. For it was in America, through the pen of Thomas Paine and the writings of Thomas Jefferson, as well as through the revolutionary activities of his many Rosicrucian-Freemasonic followers, most prominent among whom were George Washington and Benjamin Franklin, that he hoped to create a new nation dedicated to his political philosophy.

In his **Secret Destiny of America**, Manly Hall, Bacon's most understanding modern scholar, refers to the appearance in America, prior to the signing of the Declaration of Independence in 1776, of a mysterious Rosicrucian philosopher, a strict vegetarian who ate only foods that grew above the ground, who was a friend and teacher of Franklin and Washington and who seemed to have played an important role in the founding of the new republic. Why most historians failed to mention him is a puzzle, for that **he existed is a certainty**.

MR: asks Helen to read some of the verses that mean much to her

HA: says it has to do with her trust in god – if she has to pay a bill or is lacking food, someone comes or invites her out! Her saying is when she lives god's life, god lives hers – she believes this totally.

MR: her life story shows that trust in god works.

Contact address: handrasko@mindspring.com

Helen would like people to contact her as she has been asked to write something else

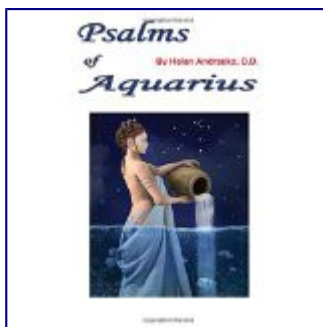

HA: she has understood people since her youth, can see both sides of an issue and can help people out of their confusion – though this does require honesty in the discussion

MR: an interesting life; her faith has been well tested!
