Descriptive Summary

Title: Collection of Material about Omar Khayyam,

Date (inclusive): 1872-1948

Collection number: 378

Extent: 5 boxes (2.5 linear ft.)

Abstract: Omar Khayyam (1048?-1131) was a Persian poet, astronomer, and mathematician of the early Seljuk period and is best known for a collection of Rubáiyát, or quatrains, known as the *Rubáiyát of Omar Khayyam*. The collection contains materials related to the work of Omar Khayyam and scholars who studied his works, much of it collected by Ambrose George Potter in the course of his biographical compilations.

Repository: University of California, Los Angeles. Library. Department of Special Collections.

Los Angeles, California 90095-1575

Physical location: Stored off-site at SRLF. Advance notice is required for access to the collection. Please contact the UCLA Library, Department of Special Collections Reference Desk for paging information.

Biography

Omar Khayyam (1048?-1131) was a Persian poet, astronomer, and mathematician of the early Seljuk period, best known for a collection of Rubáiyát, or quatrains, known as the *Rubáiyát of Omar Khayyam*; in 1859 the English translator Edward FitzGerald selected and combined 101 of the quatrains into a single work, producing a continuity that created an English language masterpiece; FitzGerald's work was publicized by Dante Gabriel Rossetti, and the emphasis on the sensuous enrichment of life helped to influence the Decadent school of English poetry in the 1890s; since FitzGerald, the Rubáiyát has been translated into numerous languages. Ambrose George Potter was the outstanding bibliographer of Omar, and author of *A Bibliography of Printed Editions of the Quatrains of Omar Khayyam in Foreign Languages* (1923) and *A Bibliography of the Rubáiyát of Omar Khayyam, Together With Kindred Matter in Prose and Verse Pertaining Thereto* (1929); he also completed work on a revised and enlarged edition of his 1929 bibliography, but his materials were destroyed by fire in 1938 before publication, and he did not publish another edition before his death in the late 1940s.

Scope and Content

Collection contains materials related to the work of Omar Khayyam and scholars who studied his works, much of it collected by Ambrose George Potter in the course of his biographical compilations. Includes manuscripts, correspondence, illustrations, clippings, photographs, bibliographical notes, catalogs, theater programs, sheet music and ephemera pertaining to productions based on the work of Omar Khayyam. Contains letters to Omar bibliographer Ambrose George Potter, manuscripts from translators, and articles, essays and ephemera pertaining to translator Edward FitzGerald's life and works.

Portions of the collection are in Persian, German and Spanish.

Indexing Terms

The following terms have been used to index the description of this collection in the library's online public access catalog.

Subjects

Omar Khayyam--Rubáiyát.

FitzGerald, Edward, 1809-1883.

Sufi poetry, Persian--Translations.
