## HARD NEWS

### Happy New Year – and it ain't gonna be boring!

**T:** an article about troops massing on the border with Russia – lots of lies

- Abby Martin on Sirius XM and Joe Madison who lays it out  
**AM:** so insane to think it was anyone but our Black Ops
  - there seems to be a big rush to nukes – won't happened

- The **4 Pleiadian ladies showed R a video today**

- showing how the timelines are moved in prep for announcement of NESARA
- how our media is not telling the truth

**Insert:** Greta Van Sustern joined MSNBC – not sure if this is replacing Chris Hayes – we'll find out for sure on Monday [looks like it's replacing Chris Matthews – Jan 10/17]

- GVS was very liberal when she started reporting: got more and more conservative the longer she stayed with Fox News
- MSNBC is moving towards more more and more conservative positions!!!

**T:** what R saw was a film from the galactic archives! They accessed the film from the galactic level using some kind of modification on the phone

- when the signal is given, the nanites will stop broadcasting the lower vibrational energies will stop and all the satellites broadcast the energies

- simultaneously the announcements will be made

- the film showed the galactic teams and flying – the galactic navigators of the mini vimanas were setting up forcefields in various places on the earth – all the weapons of war no longer work

- and galactic ambassadors are walking on the rainbow bridges

- and they say this is how we get NESARA law enacted into law they could not show more because it would change the timelines

- **IT HAS ALREADY OCCURRED!** It is up to us to complete the work with love, beauty, etc

- the **story about faking the election: that the Russians hacked the DNC**

**ED show** last night [Thursday, Jan 5] – John McAfee

Clapper is a liar and a treasonist - who was in front of the hearing:

**John:** notes the 4 facts that helped Clapper & Co conclude it was Russia

- the info russian language found in malware

- a cryllic keyboard was used

- the compiler – the software that compiles the code – time stamp were in business zone of Russia

- the IP address pointed to a Russian

- John went through why these "facts" are false!!!

### News With Ed -- January 05, 2017

<https://www.rt.com/shows/news-with-ed-schultz/372785-news-with-ed-jan05/>

#### McAfee breaks down inconsistencies in FBI's Grizzly Steppe report

Despite recent allegations against Russia, the FBI never actually accessed the allegedly hacked DNC servers. Cyber security expert John McAfee joins 'News With Ed' to discuss evidence in the report which supposedly pointed to Russian involvement, which according to McAfee actually vindicates Moscow.

All of a sudden: no program!!! The cat did it!

Tara has transcribed the entire conversation

The biggest questions concerning who we are, where we come from and where we are going have captivated scientists and mystics for centuries. Gregg Braden connects the missing links between science and spirituality to complete our understanding of humanity's history, the origins of civilization and our interconnectedness with all things.

Explore the deep truths of our origin, history, destiny and fate, with Missing Links.

## **CONFERENCE CALL**

**song:** a 1960s dance: the performers had their own gypsy wagons and horses. Fan Tuzzi one of the songs about the River Ganges; he had taken his whole group to India from one ashram to the next and they sang, danced, participated. "I was lost but now I'm found, with my head in the clouds and my feet on the ground"

- when we work together in community and celebrate together; we ground heaven on earth when we do this. Performed in LA at the World
- his wife was a Sufi dancer and she intergrated that into the dancing; it was followed by a rain dance by a native American group that had never been seen in public before.

**Standing Rock:** the daughter of their friend Michael at Christmas was going to buy Alpaca blankets to send to Standing Rock; she called before she sent, and they said they were already full, so she gave them to her children

- there is anxiety about Trump getting in – he'll start pushing on them
- this is a lot worse than another Republican getting into office – eg, shutting

**Question:** any more on idea of their [Bush/Clinton crime family] immunity being over?

- Given what R saw on their phones and getting NESARA enacted, and last night's report from The Collective, and the aircraft carriers coming home – something happened then.
- the idea that the galactics are here and what they did to make sure the next move could not be made – ie moving the aircraft carriers
- he was at the honours event – it was recorded on Dec 13 – these guys back then were putting out over the net, a picture of Michelle with a penis between her legs; living in a cave with a

gorrilla – they are trying to trash her because she is their nemesis – they know what would be their worst nightmare [her becoming president!]

**COR:** did the Pleiadian ladies show the video as we are really close or is it just to encourage?

**T:** so grateful we are doing this together – she is bursting into tears as the energy is so raw!!! COR repeats the question – the answer is “It is unfolding right now!!!! It is real!!!

- the rainbow bridges appeared from the north pole: rainbow archways dropping down at points all over the world, and galactic ambassadors were walking down them; we are the rainbow prophecy, we are the children of the sun – our friends are here helping us
  - The Collective said this a while ago -
- it was covering whole regions of the planet: we have no clue of how many people there are – and coming from the north pole
  - 15, 000 thousand years ago, there was Hyperborea where it was 70 \*, no clothes – the return of that original environment is coming to us and as we stay open to this, the capacity for love is increasing exponentially. As we continue to work in this group work, it is exponential: we have no idea how powerful we are when we come together like this as Omena and The Collective have said.

**Con:** what is expressing itself is a ?? reality and now we can

**Gerry’s challenge:** he loves us all and what are we going to do about it?

**COR:** how many need to be arrested? **T:** ½ million plus – and we have 20 million sovereign galactic militia

- According to Ben Fulford, 15,000 have already been rounded up: they would neither confirm or deny! When they say that, it means yes – YES!!!

**Sonja:** the 4 tribunals that have taken place – the Fitzgerald tribunal, the Franklin Tribunal, the Kuala Lumpur tribunal - how many arrests will this generate?

- all ½ million were tried in those courts!!! and Mother says they are to be removed – they have removed themselves in fact: their vibration is so low, they cannot survive here: they are now walking zombies! And Trump is getting Alzheimers –

**Sonja:** people say it’s politics – **T:** it is not – he is believing himself, his own “stories”

**T:** who told them about Trump and alzheimers: **Larry of Larry, Curly and Mo** – galactics working in the Alien Contact Information Office [ACIO]

- they have been planning this for decades and the people involved have been primed for most of their lives: not going to have the child of a Dutch royal come in and become president here without having it set up. He is broke right now – completely owned by Putin, China, the Bushes - who are owned by the next group above them

**COR:** the shooting in the airport in FL – looks like a Black Ops – **Rama confirmed it was** – things getting hot in the kitchen!

**RO:** how the arrests - the rainbow effect is part of the effect of the lowering of the force field

**T:** the markets almost up at 20,000 – pushing the limits now – and all their dreams go up

in smoke! It was a major scene R saw: the forcefields cover a whole region – and they can do it when we speak up and resist

**COR:** are the forcefields already in effect?

**R:** yes

**T:** these guys are having a little trouble – they have a bit of wiggle room, but the energy is tightening rapidly – just as they tried to eliminate the ethics committee.

**R:** the republicans don't want C-Span to show what is going on on the congress floor so the democrats got together and got out their phones and videoed what was going on live video screening!! **T:** the repubs had passed a law to say it was a crime to use a cell phone in Congress

- John Lewis and others sitting on the Congress floor in Sept / Oct and used their cell phones – the law was passed after that.
- Go to [www.Spacestationplaza.com](http://www.Spacestationplaza.com) – look up your Mayan glyphs – the resonance of the heart and how we work with that is how we make this real

**R:** the way that people are telling him: this is the most awesome time to be alive and in 650 billion years!!!

- Three [3] things are going on simultaneously, and we have to keep watching all - and R keeps hearing that when the butterfly flaps its wings in Asia, there's a tornado in SE USA - what is scary about Trump – already passed the bill

Braden's 3 areas of discussion: economics; climate; human interaction / conflict [ref to the video]

**T:** passed the bill: Trump's national intelligence guy: James Woolsey – he abruptly announced that he was quitting – last night! No longer a senior advisor to PE Trump – he jumped ship because he knows 9/11 is coming down and he does not want to be part of the take down.

- He was part of the Cheney/Bush story of building up the fake intelligence of Osama and Hussein
- The Last Word, Jan 5, 2017 Ari Melber sat in for Laurence O'Donnel:

a rule that congress has the power to direct and cut the salaries of individual agents = it means that even if there is a cut in ETA funding, Congress can come round and cut even more specific areas, including specific people

- T reads the whole transcript from **The Last Word** with Ari Melber about this
- they have not other plan but to reduce the numbers of the world population: also, Trump is in the same boat as Hillary and would have us in WW 3 as fast as HRC would!
  - Someone sent R a picture of Trump looking like a general of a banana republic

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

**Greetings** – Happy New You is a good way to put it, Children of Ra!

It is a time of this Capricorn holding this moment as we pass through the eye of the storm! It is quite a dance, to be here, to be in a body and, like the man said, to love it! That is the adventure here, greatest adventure there is!

- Physical immortality is a reality now! The Quantum field all around us: the Force is our moment that the Universe is handing us! That which we have asked for – this moment, now – All there is, is this NOW. All the other issues have been sliding into the back seat of NOW.
- it is a challenge to with one hand or maybe two!
  - We can say Welcome! Well met! They are visitors from our future which is their past. This completion – how we the how of it: the moment of grokking how miraculous we are.
  - Let's say everything that is happening in this present time cycle is about this extra dinner plate set at the table as We - the Other – come in all the stories about this – it is this time we are in now! They can tell us with great certainty the folks that are being revived from the cryogenic chambers at the south pole are pre-admonic people: the wisdom they have about how earth was **before the flood** being shared as more and more of these stories about our ancient civilizations have come into play with pre-existent civiliations.
  - They could say our gifts and abilities that we had are already manifesting and even more than what was before!
- This is why each day that is passing, there are more and more revelations of how we do this story with love and peace and the wisdom of the gold dust – the secret about this is what is already been our called the hearts
  - We can't create a better pump than we have sitting in our chest. The magic of what this is we know one iota of how awesome we are as creators gods and goddesses of the most High.
  - We are at such a critical juncture in the planet's history: her story as she becomes a star, along with all of us. Now is the time – 2017 answers are already here within us, as we take a journey into this universe – goddess how many trillions of life forms can we meet, interact, have adventures with – all contained within this temple, this bag of water – let alone all the other adventures that we us which is already in high gear!
- All she can say with the greatest of certainty is that the agony of it, the ecstasy we asked to feel every nano second, every particle – it is an honour to be here, watching how we take our power back
  - we look people already have these abilities as we use them for awakening the magic inside us: this greatest adventure - don't need to take a sugar cube or anything – it's right here in the crown in the 3<sup>rd</sup> eye, in the throat, in the heart. All this chakra stars above our head, the soma - as we were to take a view inside what ...

- Soma – it is that which Lord Krishna showed Arjuna in his universal form – it's time let us use it now. We have the power.
  - It is so simple: let us say for the moment the transmission box turned off and we get in touch with nature. Nature is who and what we are in all its greatest forms.
  - This magic that is so awesome to behold – what this guy saw today with the rainbow bridges coming down: it is what has been being made manifest for so many eons of time, as the physicality – this planet is becoming a star and whatever we are looking at out there – about the small, story which is not small
- the ones that have played, choosing to be scientific and cut off the heart: their choice – how they sleep in the coffins of their own making is not a threat: it is what they've asked for by their own volition. Send more love.
    - We have the greatest adventure before us. It is no death – this is what's happening as the gold dust is already changing our DNA, RNA – it cannot be stopped. Everything is uplifting higher and higher and, in the same moment, all the stories are unravelling to take us on another illusionary journey. Don't listen to the zig zag path – it will lead us to the National Enquirer and we will be very confused

**T:** there are a lot of stories there that have some truth in them

**M/A:** Of course the Men in Black will say if you want the real news, go to the tabloid trash -

**T:** they don't want us to embrace our higher selves as that means full disclosure and

**M/A:** keep watching *Ancient Aliens* and every sci fi channels - history channel – will see the story unravel about them [galactics], the cryogenic chambers – much is coming forth and has to do with a change in how the story gets told. The Vrill, the vimanas – she can tell us with great certainty many of the Eva, big foot people have been taking care of the life forms of goddess Gaia, Vywamus.

- So many stories, so little time and more than enough time for ascensions – will hand the talking stick to Greg Braden

**T:** She thanks Mother. The messages Rama gets are such statements; what we see on the screen seems like it is past history, and it is scary too in the moment.

**M/A:** It is not a joke to think of the planet being turned into a molten pool of goo – not going there: have already done that story with the big bang!

**T:** About building the wall: something from Bush Jr to build half of it – not a wall, but a fencing. Just shows about that boasting is not going too far – the money available is enough for only ½ way – not ever going to be paid for by Mexico. And Fulford is just a dirtball – putting Obama in same bag

**M/A:** all leads to the Void: she must stir the soul!

**T:** Not been put out there so people know the real story. Those love it that the RT articulation is out there – though not the general population getting it. Yet there are 5 million people around the world are watching:

**M/A:**

- yes Uncle Ed knows how to stir the pot
- and Mr Clapper – double treason: 2<sup>nd</sup> time
- she can say with great certainty that Uncle Vlad [Putin] has things under control

**T:** and they are part of his lineage!!

- kadoish, Kadoish, Kadoish
- Remember University 2017 – this is the hour of our arrival!!!

**R:** has been in Taos Mtn – inside – didn't talk to Ashtar. Lots of activity there with the different commands on the ready, to do what has to be done!

**T:** another sign that no one is sitting on their laurels!

**R:** There are so many ships being seen all around the world: the crews in the mountain are prepping for something.

### **2016-11-29 The Rainbow Prophecy: Why Standing Rock, Fidel Castro, Black Lives Matter, & Ancient Egyptian Hybrids May Be Connected**

<http://www.collective-evolution.com/2016/11/29/the-rainbow-prophecy-why-standing-rock-fidel-castro-black-lives-matter-ancient-egyptian-hybrids-may-be-connected/>

Article by: Luke Miller of [Truth Theory](#).

Before I start this article I just want to say this is my interpretation of things; I could be wrong and I don't claim to hold the ultimate truth, but here is the way I see it.

The word bird in its numerical form creates the number 33, which is a master number. A lot of ancient Egyptian images combine the bird and human form.

The words human, woman, and man all equal 3 when using sutra digit maths. So to me, the number of man/woman/human and bird is 333, which is mind, body, and spirit unification. It also equals 9, and also 6 (33) and 3. The 9 represents the end of an era, as we are currently in 2016, which is  $2+0+1+6=9$ . But don't worry: We are not all going to turn into birds! This is simply a metaphor.

# WATER

ART BY CHRISTI BELCOURT

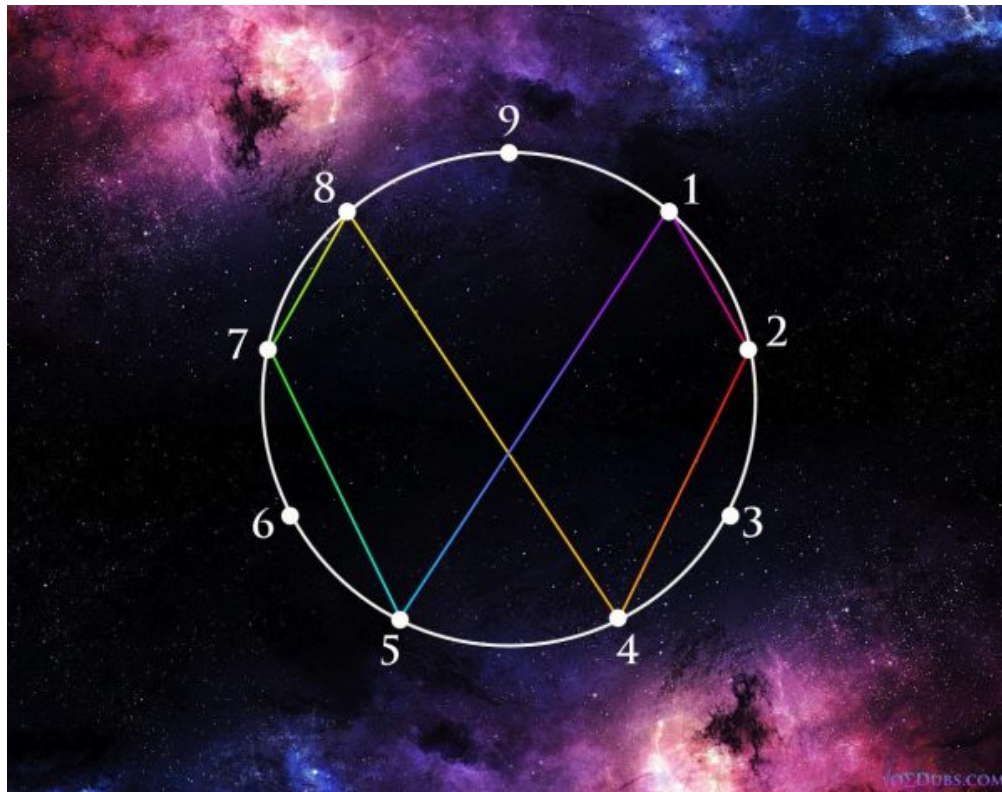

# IS LIFE

However, take a moment to consider this past year. In comparison to other years, have you seen a lot of things ending?

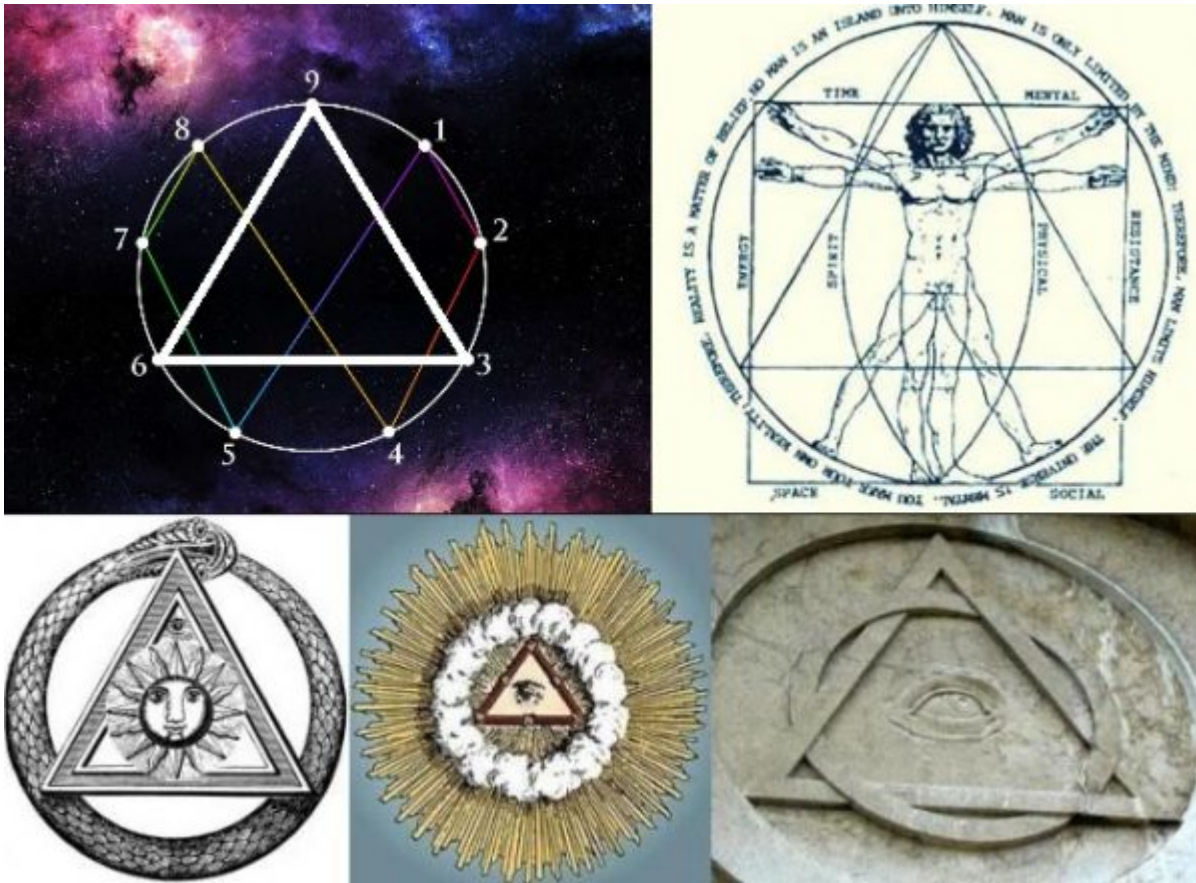

6 and 3 both represent the triangle, as the 3 times table using sutra digit maths produces the pattern of 3,6,9 repeated and the 6 times table produces 6,3,9 repeated. When mapped out in a circular 1 to 9 graph it creates the triangle. You will see what I mean in a moment.

Tesla was obsessed with this pattern as a way to produce energy when combined with another pattern, although I am sure it has many more uses.

When you double any number using sutra based digit maths you get the pattern of 1,2,4,8,7,5 repeated, sometimes in a different sequence, but still with the same numbers. (This is my understanding of it, at least, though I may be wrong. I know it works for 7 and 1 as the start point.) It produces this shape:

When you combine these two patterns you get a shape that is the same as The Vitruvian Man, or simply L'Uomo Vitruviano, which is a drawing by Leonardo da Vinci from around 1490.

Note the bottom corner features a snake eating its own tail. This is what is happening now, but more on that in a second.

How does this link with Castro and Standing Rock? I will explain.

Native Prophecy has nine sects. Among those to believe in this prophecy are the Hopi, Huichol, Maya, Algonkian, Iroquois, and Lakota tribes. The 8th sign is the sea turning black and/or the black snake. In this instance, the oil companies are the sea turning black and the black snake which is now eating its own tail through greed.

The 9th sign is that of the rainbow prophecy, which is when all people come together of different races/sects. This is actually what we are collectively working on at the moment with the [conscious media coalition](#), but the prophecy speaks to something a lot bigger than this coalition, as now many organizations of different races and ideologies are coming together. In a way it centres around Standing Rock, but it is a lot bigger than this or any singular movement.

There have also been many synchronized animal sightings at SR, such as the stampede of buffalo/bison, which is sacred (and to my knowledge now missing). I have also just heard the white buffalo has been spotted, and the golden eagle. These sightings are all symbolic to this prophecy and forces beyond what any oil company can muster.

Now Fidel Castro, who presented possibly the biggest opposition to American foreign policy (and was certainly the biggest opposition who lived), has died.

Here is where it gets a little spooky. There are nine days of mourning for Fidel Castro. As I said, this year is 2016 (2+0+1+6=9). 9 represents the end of a cycle and era — the end of the era of

oppression, to my understanding, and the start of the unification of the rainbow, which I believe is all races, but also the unification of all ideas that are positively charged.

On the end of the 9th day of mourning of Fidel Castro will be the 5th, the day that has been announced as the eviction date for Standing Rock, but also I just found out that The [Injustice Boycott](#) led by Shaun King is going ahead on this date. To my understanding this is symbolic, as we have the force of the greatest opposer to American foreign policy in spirit for the buildup to the rainbow prophecy. He was also 90 years old, so this number is 999 — end of an era on the mind, body, and spirit level.

I don't know what Fidel Castro stood for outside of this so I am in no way placing him on a pedestal. I am simply voicing what I have seen. There are some forces far more powerful at work here. We must all join together and stand strong.

We have an oppressive system that works on compliance, but now is the time to not comply and to instead stand up for what is right.

If you are a part of any movement please get in touch, as united we are strong, and we all need to be on the same level. Regardless of our differences, each of us is as important as the other.

It is my opinion that all positive movements need to unite in solidarity for one singular movement that represents peace and solidarity, as once we do this we can all have our voices heard on all our individual movements too.

The next few weeks are perhaps the most significant moments in history. United we stand, divided we fall! Only this time we do it in peace. Stay positive everyone — we can do this.

*I had intended to end this article there, but I have since made some other revelations. 144,000 is a number talked about a lot in holy books.  $1+4+4$  makes 9, so it is my belief that we need 144,000 active members to pull this off. There is a difference between active members and supporters, as we have far more than 144,000 people following now.*

*Also, if you are ready for one more synchronistically magical fact: Today is the 333rd day of the year and there are 33 days left of this year. Today is important!*

Much love to you all!
