HARD NEWS

T, R: Need all the prayer time we can get – all the ugly stuff is coming out!

- Millions of tweeters are getting inundated: the millenials are now calling it “spirit cooking” - another name for the obscene rite, a 13 families ritual
 - have been sent a video about this in which those present use statues and pigs blood – the intent is still there; in the real ceremony, it is people being killed and eaten for dinner – HRC has been involved in this, along with many others.
 - Donald Trump is the bastard child of a Dutch royal princess, born in south Africa – don't think he hasn't been involved in the same sort of thing.
 - Have lots of short pieces from RT and other locations to play; making it clear that Mr Putin is not involved in any of this stuff; there is a clip of Putin sitting laughing at the rhetoric about himself being in the middle of all this, as the Big Bad Guy – not so!
 - Won't play the short video they have; it's really vile – it's Alex Jones, Paul Joseph Watson who are about fear & fascination with the dark side – no need for more hype: they are as dark as that and worse
 - Clinton Foundation and the Clinton Global Initiative and are funneling pentagon money to the tune of millions; using it for the Black budget of Deep Underground Military Bases kind
 - Mr Comey is an asset of the albino dragons, and Ben Fulford is one of them who is incarnated and is being used by those not incarnated
- R:** they ARE incarnated; ET Corey stood beside a reptilian dragon and got a really sick feeling who was at least 25' tall!
- these are the folks fulford is playing with: not white dragons, but albinos and they came from Dracos – this is tied in with Mother and the Watchers who were here before the gods were here, and the seeding of the Universe of Nebadon; these ones claim that earth is their property
 - King Dracos and Princess Ardala have given these ones amnesty and some have come back to love and are working with the councils of light to stop what is going on on this planet
 - those who are stranded here, are here due to lock down of the solar system – they are cooking themselves in their own energy; James Comey answers to the 22-25' albino dragons and they need to be fed: need raw human flesh –
 - from Dracos, have been here for millions and billions of years: time for them to go “home” - they can go nowhere but to Mother's birthing chamber; they have decided not to ask for forgiveness and so have relegated themselves to the Void where Mother makes new universes of them
 - there is an opening under Buckingham Palace, and there are huge spiders keeping guard over the underground tunnels and entrances to the Satonian network – they feed people to those living underground
- The **Obscene Rite/ Spirit Cooking:** HRC, Kathryn Harris, Babs Bush, Laura Bush did the obscene rite as it gives them energy – did it in the White House, more than once!
 - it was started by Kahotep, a refugee from Hyperboria when they were experiencing the Ice Age; they lived in caves, ate whatever, after the destruction of Atlantis.
 - Isis and Osirus took Kahotep to Egypt and he became an advanced physician with laser technology
 - he became bitter when Isis and Osirus left after 600 years to return to their own planet; then he became dark
 - Before Egypt, people lived for 10,000 years with no sickness, health issues; they made a decision to have a new body, a new mission – or both. Death of the body started when beings fell from grace over and over again, and did not choose to clean up

their dirty deeds; got more and more involved with the ego –
• **the great return to the Light has definitely begun.**

- A question to Tara was: are we going back to this? Don't think so as we are moving, and we are going on a journey - something is coming that we have never seen before – have to be careful not to get snagged by fear and fascination with the dark side as it is all coming out now
- the energies are rising so high: the impact on our physicality, our planet, our sun is affected, our whole solar system – we are doing the dance with the increasing energies and getting uplifted – the dark ones will go to the Void
- too many things going down at the same time

MR X: Trump won't be allowed to win – but he wants to create a fire-storm in his wake

- as he is not allowed to win, the results of what people are saying – the people who have sold their soul to Trump, he's telling the militias to go out and raise holy heaven
 - Obama may call up the national guard and the militias will be confronted; is Trump going push this far enough that he has to be put down – **this is an archon, a non-life form** – this will be revealed: ties in with the stories – ghost stories on a Friday night on the eve of the Election!!!
 - all has to do with fraction magic and black box voting, and how it has been rigged:
- Shirley MacLaine told R's friend over a year ago: HRC is the anointed one and will usher in the changing of the guard. In a certain sense, she is a lot more vicious than the Orange Hitler – we are going down the same road as Chancellor Hitler and the 30s
 - Hillary is more insidious – involves the dragons and the Rothschilds - which version of the poison do you want? This is such a haywire situation – does not know how Michelle Obama gets to be the conclusion of the story when we have
 - a constitutional crisis of intergalactic proportions!!!

T: have been told the economic collapse of the world will happen on Sunday – but haven't received the article from the person who was to send it on. **R:** not heard a word about it.

- Libya is in collapse economically; south Africa economically
- China has just bought Dick Clark Productions – do Golden Globe award, Country western Awards, others – a billion dollars worth of stuff – a Chinese billionaire bought it.
- Egyptian pound took a complete nose dive today;
- the Brexit was stopped until the British Parliament makes up its mind – said it would take months before they decide when and if to invoke the 5th amendment – there's a war going on between the PM who had no such thing in mind!
 - the British pound is doing awful
- All this is about the **death throes of the dragons**
- we know that provisional ballots will go into the garbage – YET DO IT WITH THE HIGHEST VIBRATION – CAN WRITE IN BERNIE'S NAME; IT IS available and legal -

CONFERENCE CALL

Today is Richard / astrologer's birthday

T: Weather is very weird in Santa Fe

Connie: doing fine. Sprained ankle – her new dog ran her over: Niteri - a Great Dane, 4 years old. Just beautiful – gray with black markings. Wants to be next to Connie all the time.

T: a gorgeous dog next door: part Great Dane, and some of lion dog – has brown, gold, black gray all over like a pattern; a big pile of mush when you get to know her.

C: her own fault that Niteri ran her over – was playing with her. She came with this name; she was over bred – puppies being sold for \$500 – has been in a shelter for 3 mos and gained 25 lbs so they could save her – still wants to see another 5 lbs on her: can still see all her ribs! Loves being in the country; doesn't leave the place – 17 acres to roam in.

T: gets to have a happy life now! Has done her hard labour.

C: was offered either crutches or a boot; took the boot so she could go outside easily.

T: happy C has a companion; dog will be happy too.

T: Turkey: Erdowan is slaughtering the Kurds again; he's arresting them, putting in prison, torturing – doing same thing to journalists: shutting down radio stations, etc

Philip: From Virginia – cleaning things up with a chain saw – may not have to go on the market the trump prophecies – one called the prophetic dreams about Trump 777

- He reads his response to those on the website

T: cancel clear the comment about someone taking his life!

P: has had no responses – and Hillary is up for grabs too

T: nothing redeeming about her either

P: does not know if he can write in Bernie's name

T: the republican governors and the committees will tell you can't write in Bernie's name, but Bernie has done all the proper paper work in each state.

P: thinks it's about/because of the electronic voting – don't know about writing in

T: Bernie was threatened within an inch of his life – she is way worse [than Trump]
It's rigged on all sides – unless you can write in

R: Bridgegate Scandal – all found guilty – Chris Chrisite AND his aides

T: what Erdowan is doing – we need galactic intervention!

T: yes, there is no democracy – we have to take this to a higher reality

Sonja: has voted; found a slot to write in his name!

P: will vote for Bernie – he has lost 30 lbs and his pants are beginning to fall down

T: do yoga to get some toning; good water, etc etc

T: the earth is moving – all of the planets are on autonomous pathways – yet are connected to

the sun, Sol, which is travelling toward the star Vega in the Lyran constellation at 200 KM per second – also, the star Vega is also travelling and more slowly than the sun is travelling toward it so the gap is narrowing

- Yes, the whole solar system moving forward with the sun – and each planet has its own pattern and movement in the system. The sun is travelling at 200 KM/ second – we have a kind of naturalized pattern of relationships with the other planets
- We are moving as a unit

T: there is a new earth; the old earth with its 23 ½ * wobble – there is no plan for any kind of polar shift – we have been going through gradations of magnetic shifts

S: has heard we are becoming more polar

- eventually the north pole is to be as far south as New York – whatever that means in terms of involution /evolution
- we have a new earth – need to talk about metaphysics and vibrations and coming into our light body consciousness – 8th and higher; the physical sun is at 100th – at our highest level, we are all physical suns- the Mayan factor, the resonance factor at the

P: asks about all the levels of our bodies – the chakras and above

T: the basic 7 chakras – each one has at least 7 levels -

S: 49 is a very sacred # - in Alice Bailey's teachings

- and add 4 +9 = 13 which is Mother
 - and 9 levels above the crown and each of them has 9 = 81

S: to clarify – which one is considered to be the sun and which the central sun?

M: Alcyone is great central sun; the sun in Sirius is the Central Sun – a difference of opinions

- if central is in Sirius and the great central in in Sirius – a combination of galactic cultures

T: when the student is ready, the teacher arrives – we have been working in a group consciousness for a while

- 9x9 = 81 levels above the crown chakra - the teachings of the far west and the east, and those from the west -
- the church, since 1977, has been comparing teachings of Christ with those of Buddha
 - it is the same soul bringing the same teachings from within different cultures
- trying to get over the racism in this society – very ugly: need to look at Trump as a gift – misogyny, racism, islamophobia – Sufism embraces Islam, Christianity, Buddhism – St Francis of Assisi was a Sufi and so was Jesus

Stephanie Miller: John Fugelsang as guest

the man with the plan – he & Trump would have words, and it wouldn't be the kind of words

T: a lot of lightworkers who not aware of things are going libertarian and those roots are nazism

- This happens due to lack of education – which is a huge disaster.

T: interesting to go back to August and Bernie's talk on his program -

- also want to play “the best democracy money can buy” by Greg Palast
- Amy played Michael Moore: as Stephanie Miller has been promoting Hillary and has told Rama and KOS - she just wants to live
- Same for John Fugelsang, Michael Moore – also want to live
 - Moore is giving a talk in a small town in Ohio – which is for Trump – *Michael Moore in Trumpland* - might be enjoyable – the people in the audience just laughed, and they are terrified with what is going on with Hillar – anyone who is thinking can see that
- a black lady listed in the Podesta e-mails is linked to HRC and doing some not nice things – and a black lady getting into trouble with Hillary is a double whammy
- when reading about H's melt down, she went after Donna Brazile who did not flinch
 - just a taste of what she can say when she gets nasty!

Politics Nation is on early Saturday morning: the Rev is on – every once in a while see Steve Kornacki -

Bill Mahers – pre-taped the interview with President Obama at the White House

- On one show, they went to all the different times when the hologram went dysfunctional – looking at balloons, mouth wide open and couldn't close her mouth; eyes went funny
 - Bill Clinton on Trevor Noah's show and he too went into the little kid mode -

New Rules: Bible Trumpers!

RT – Putin laughing his face off when he is blamed again for E-mails!

- May we pass every test – having respect for our own lives, taking responsibility for what we do
- Another one trending on Twitter – Spirit Cooking event – and Lady Gaga sitting by the lady in charge of the dinner; Lady Gaga is Amy Winehouse! A change of form – anyway, making a point of her taking obscene rites
- Beyonce was at the football games
- Lots of stuff coming out in many different ways – humour is her favourite
 - the people with white skin **have some extra privileges but are still slaves**
- **We have no concept of the notion of freedom** – those who spiritual practice do – it's about the awareness of awareness – we are in the midst of the changing of the energies – and we are going to ascend in a physical body -

Japan: has been watching a particular program hosted by a woman who speaks several Languages – Japan still has a cold war mentality towards Putin/Russia, as does the US

- about the islands near China – a disagreement that is 70 years old – discussion about how the negotiations are going on, how both sides are approaching the question of diving the islands

BBS RADIO

Opening Music – a mother's love song, a blessing song by [snatam kaur](#) - of prosperity, blessings and love for our Universal Mother

T: Much to learn about – raping the earth and not considering this a raping of the Feminine

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: Thinks something happened today, Mother – what was it?

M/A: Shifting of the frequencies – moving it on up, as it is called. All moving on up.

- It is this time we are in, where we get to walk with the elves and the unicorns – it is this ancient moment returned. As we are moving into Sat Yuga already, and in Sat Yuga, we are not involved in playing petty power games – it is not part of the consciousness.
- As things exponentially get raised in frequency, magnitude, all of what we are going through at this time: this is a time we could say Higher Self is calling us all to say “We will not have unending war. The completion of this cycle is now.”
- And all of the issues at hand are about this return of the Goddess – we see it in all the forms, how women of colour are stepping up to the plate; people speaking like never before to the issues at hand which is a story we are in about the return of the Goddess.
- As let's say the One who is in charge of this planet, as Planetary Prince, with co-regents AA Michael, Admiral Sananda Kurmara – it is very much what being brought up – we have

like you see in that song: "What do you choose - love or fear? I choose love."

T: It is our choice. If we choose love, we are the chooser and the chosen; we are the changers and the changed.

M/A: these moments we are experiencing are the most intense – has been for quite a long time, and it is about the quickening of the hour, as we all have been called to active duty by our own Higher Selves. As we are watching this power grab being played out in live and living colour, with all the gory details intact, it is how we the people change the story to one of love and balance instead of what we are watching with energies that do not fit into this sacred hour.

M/A: Goddess has said, I am rising to the occasion with all the love I can hold and more with my Twin Flame, Vyamus. They, as visitors from our future which is their past, are returned at this time. She is talking about the return of the Nibiru and the sphere alliance, the Blue Avians, all the ones along with Archangel Michael and his legions of everlasting love and light, and this ancient story of power and conquest and control is in its twilight moments.

T: so good to hear – the energies are just – oh my goodness!

M/A: send love, peace and joy to all situations; it is a very much frayed-at-the-edge scene we are looking at, and the outcome of this is about ascension, first and foremost. Logic dictates in this present space/time continuum [that] this story of evil cannot co-exist with love; therefore it is cancelling itself out with each second that is passing.

- She cannot say the outcome; it is about changing of the timelines from one of war to one of peace, and we the people of earth get this done at this time.
- The very tragic graphic, holographic story we are watching is about the very ancient power grab, and it has come to its conclusion. Yet the celluloid film story has to play itself out at the moment. As we are witnessing, the various players in the field that are upcoming from a place of joy or balance, it is about power, raw power, and what you do with raw power is use it to work with – like the energy of Sol, transfiguration, transmutation at the highest levels for the good of all concerned.
- When we really grok what it is like to be a physical sun at the 100th dimension, the energy playing out here is moving it up that high; as it has been said, it cannot be stopped.
 - It can only be embraced with the passion we see the first lady talking about as the greatest gift being shown here is the blatant disregard for the least among us as the story that is about this moment here. It is blessed are the meek; blessed are the poor.
 - This reality as we are witnessing our very right to vote being taken away – send more of the Violet Flame, transmuting frequencies, into all these situations, good, bad and in between because the violet transmuting light shifts everything in consciousness; this story physicality is being affected and being raised up like the song: *You Raise me Up*. That's what's happening.
- Rama got a call from Delilah. We all know who Delilah is – she plays sappy, sticky, sweet love songs from 7 pm to midnight on Magic 99 FM in the land of enchantment. Her husband is a Faction 3 White knight and, since 1996, she gets to see him 1-2 x a year. They have 6 kids now, adopted from all the areas of the planet where, as Delilah says – we are not going to talk politics tonight; we are going to talk about love in all its forms.

T: people call up & tell their love stories – pretty amazing

M/A: Delilah said today: watch how the First Lady and Mr 19.5* use the energies of the time we're in, with Pluto calling the shots. It is about the scorpionic energy, as the eagle, the scorpion rises to the Phoenix rising.

- Listen to what Pluto has to say; he is not here to take you out, only to show us a slice of life of the underworld. Pluto's Hades – however we wish to see him - not a negative story – it is about the underside of the scorpionic energy – if you want to do a cosmic dance with a scorpion, need to be that phoenix to get out of the way of that tail as it may take itself out in the process, as it is so caught up in itself, with the passion of the play. As we witness

this in loving presence, let us send peace and love and joy to all situations.

- Syria is a very serious situation; humanity is at a crossroads here; not about a fake story called I.S. You don't take the goddess' name in vain and play with it; you will be wiped clean from the planet, and she is not talking about US forces in Mosul; she is talking about the universal energies that pour forth from the stargates themselves; you don't play lightly with this stuff.
 - It is of its own consciousness and it knows when, let's say, there are lifeforms that want to use it for manipulation and control. Now it ends.
- In all the various forms of what we've been hearing about in the last few days, her wayward children are very much a piece of work, and it is how, when we began this story long, long ago in a galaxy not so far, far away, we all made conscious choices in Loving Presence to do what we are doing up to this point and, now these ones that have chosen that side of polarity which cancels itself out as it completes its cycle.
 - This is the time; this is the place: we take these lifeforms to the Void to make new universes.

T: For those who are listening to get this: Hillary is one of millions of these characters that do these obscene rites, and that is why this has to end now, Since 1980 over 2 billion people have been killed in this atrocious manner.

- This is why Mother is here.

M/A: It is not about the great, menace from the east, only red menace is coming from the Orange Hitler with the blood red tie who wants you on his dinner plate – and that is being cancelled as she speaks;

- Yes, he does [this stuff] too; he's an archon; they feed on these energies 'cos it is about fear and that sustains them, keeps them in this dimension. We don't need fear in our lives; it cancels itself out, as love is the all-pervading frequency

T: there are lots of enablers to keep them going

M/A: Like your transmission box right there.

T: was talking about the way that Trump can cycle debt & make it look like money-making games

M/A: flip this business, flip that corporation

T: Called all those tax loopholes and people look the other way as others die

M/A: and people play musical chairs. As we heard last night from Lady Rebecca [Stargate Roundtable, Nov 3/16], disclosure is already happening, whether it is on the TV or not – unravelling at an exponential rate.

- As she [M] would have it, would prefer Full Disclosure; set aside gradual stuff. The fact of the matter is that we all on earth need a shift in consciousness that comes from the naqual as Don Juan talks about: get a whack on the back as he spoke of – Don Juan used to tap Carlos Castaneda on the back, and it would awake chakras, pressure points to wake up the naqual, to wake of the magic of walking with the non-ordinary reality, as we trot alongside you as jaguar medicine woman and show us the wonders and the treasures of the great jungle.

- It is this time, as we are on this great journey with the naqual: it comes in and nothing is as it is supposed to be: inside out, upside down – there we will find our answers from Goddess who flows in the waters, who speaks with the sounds of the whales and the dolphins, chattering of the monkeys, the calling of the macaw.
 - It is this sacred time we are in where all the beings known and unknown are coming forth, and we could say the end of this poker game is at hand, and the dealer says show your hands: it is time to figure it out as the last second unravels
 - that last second is about the particles in an instant which make up everything: physical matter, space time, All That Is – since we have the power to change it, work with the meditations that are going on now through what we call the Election Day . . .

- She cannot say how the outcome of this will play it. If she were to have her say – yet she is only a voice in the midst crying out: as John the Baptist would say – he is here; The One, he has risen; listen to what he has to share about peace and love and joy, not hatred toward the feminine; not what is being said on that transmission box that is about anything but joy and ecstasy and love; the rest is maya, yet we as holy witnesses to the story and its conclusion now and see it through
- If she would have it, they would land and this would be a completion cycle and as what she has said, they can reclaim the fire, the land, the water, the air – in 30 days or less, we have a pristine planet. We have to allow it to play itself out as we all volunteered in the beginning to see this through.

T: things are speeding up at the same time; not going laborious years as it's been before

M/A: nano seconds - a metaphor; she could say it in the solex Mal language and we would not being to understand . . .

T: he's all wet! [their cat]

M/A: raining outside. As we watch this play itself out, the conclusion is about disclosure in all its forms. Something may just supercede the whole story here, and it is about this funny little magical story we've heard about called *The Little Prince* - and how magic, serendipity step in – visitors from another space/time continuum, knock on the door, virtually speaking, and say we need to have a conversation about what's happening.

- As they want to play out their fake alien invasion, we all know that were they to even begin to play that, the forces of living love, lifing light have said this is ended. And the egg on the face is dripping down to the toes . How do you save face? By saying, I'm sorry, please forgive me, thank you, I love you - and we won't hear that from Mr Hair
- She can only say: send love and the infinite frequencies of the Mighty I AM presence for the highest good for all concerned
- another hint to all of this: we are still here; they are still here; as Morpheus said they've already done this; they've lost, See this through in loving presence, in peace and love, as John and Yoko have said this: this is how we heal this; this is the only way.

T: Not too much more of this agonizing, is it?

M/A: No – we are watching the end!

T: this is really hard: all of the shattering has to take place & out of it emerges something greater than we ever imagined – correct?

M/A: energy out of its time/space continuum called evil gets shattered and consumed – by the Violet Fire, all consuming!

- in the midst, quite bluntly, we have our stew and it is not what they are playing with - not nice pictures of using misqualified energy to call in ancient demons in life forms that they supposedly want to bring up from the depth of hell –
- yet Hellboy has already come: he's part of the A team – the Ashtar Command: it's a joke!
 - It's over! – these ancient, ancient stories about Abdru Jihad and the archons
 - Lucifer has already come back to love with his mother and father; **this is over.**
- How we see this through is only about the sacred energies of the One; it is the sound of that one hand clapping in the midst of all of this. Let's say: we'll be shown Shamballah and Agartha; it's already happening: the folks from there already on the surface, taking care of business with the Evas, the Big Foot Sasquatch people; the Andromedans, and all the ancient masters that are here
 - Remember the 4 wise men? They are all back with Lord Zoroaster as well: sufi master, the wisdom of what Rumi is teaching us – if we want ecstasy, we drink of the ecstasy of Love that we are so drunk with the ecstasy of dance that it brings in shaktipat
 - the shaktipat – the frequencies that change living matter into Spirit, to frequency of all That Is; the Force - simply about love; that easy! No that hard stuff!
 - What is hard is getting our brain unhooked from our heart – must think with the heart,

not the other way around: as the heart thinking comes in, it brings in frequencies where the blessings of the Holy Mother brings it in now: Lord make me an instrument of thy peace; where there is such hatred, let me sow love!

- Greetings in the Light . . .

M/A: Remember in the last story *The Force Awakens: the Goddess returns* – she returns with her teacher, Master Luke. May the Force be with you!

R: Has been to Mt Shasta, sitting on a hillside looking at the snow flakes coming down – maybe he was higher up; it was quiet, so quiet you can hear her breathing – the sound of the Mother, the in and the out, the heartbeat – that is what's going to save us:

- what he experienced in those moments – like coming home to the Fortress of Solitude.
 - And in that place, the crystals are as large as greyhound busses or semi-trucks – part of the nerve network that makes up this planet's brain
- the Atlantean grid – already kicking in – the frequencies pouring in right cannot be stopped!

T: Big things are happening here!

In this week's episode of Redacted Tonight, host Lee Camp opens the show by cutting through the thick bullshit that is the 2016 Presidential Election. He also provides important tips to make sure your vote is actually counted. It's absurd how many Americans get bumped off the voting rolls and/or don't even have their votes counted. Learn the crucial ways to keep this from happening to you. Lee also discusses a new Wikileaks revelation that is being completely ignored by the mainstream media. The leak shows that a top executive at a big bank that contributed to demolishing the American economy in 2008 HAND PICKED Obama's executive cabinet a month before he even got elected. Then, correspondent Naomi Karavani joins Lee at the desk to explain the most important state ballot initiatives you can vote on to really enact change. Finally, correspondent John F. O'Donnell files a report about the brave Water Protectors of Standing Rock, who are putting it all on the line to stop the Dakota Access Pipeline. He also provides info for how YOU can really help.

Jalaluddin Rumi

Jalāl ad-Dīn Muhammad Rūmī Persian: جلال‌الدین محمد رومی, also known as Jalāl ad-Dīn Muhammad Balkhī جلال‌الدین محمد بلخی, Mawlānā مولانا, "our master", Mevlânâ, Mevlevî مولوی Mawlawī, "my master", and more popularly simply as Rūmī 1207 – 17 December 1273, was a 13th-century Persian poet, jurist, Islamic scholar, theologian, and Sufi mystic. Rumi's influence transcends national borders and ethnic divisions:

Iranians, Tajiks, Turkish, Greeks, Pashtuns, other Central Asian Muslims, and the Muslims of South Asia have greatly appreciated his spiritual legacy for the past seven centuries. His poems have been widely translated into many of the world's languages and transposed into various formats. Rumi has been described as the "most popular poet" and the "best selling poet" in the United States.

Rumi's works are written mostly in Persian, but occasionally he also used Greek, Arabic, and Turkish in his verse. His Mathnawī, composed in Konya, remains one of the purest literary glories of the Persian language. His works are widely read today in their original language across Greater Iran and the Persian-speaking world. Translations of his works are very popular, most notably in Turkey, Azerbaijan, the United States, and South Asia. His poetry has influenced Persian literature, but also Turkish, Punjabi, Hindi, and Urdu, as well as the literature of some other Turkic, Iranian, and Indo-Aryan languages including Chagatai, Pashto, and Bengali.
