HARD NEWS

T: things are very much up in the zoo!

R: former Speaker of the House Denny Hastart indicted on federal corruption charges, trying to take out \$200,000 something out of the bank; doesn't know if it was his money or not. He's tied in with Bill Frist

- Terry Schieval was diagnosed by Bill Frist via teleconference and he said "pull the plug" – Bill Frist is tied in with Rich Scott, Skelator, Gov of Florida who worked his way into the Gov'ship after the biggest heist of an insurance co in the US!
- Leona Helmsley connected with Bill Frist and the AMA & all those folks; Leona left her fortune to her dog!
- Rama stayed at the Helmsley Hotel in Manhattan when he went in 1978 and 1987 with the Longest March with the Native Americans to speak at the UN and show some films: hotel was nice, but these ones are up to their crown chakras in blood

R: Spoke **Mr X & Natasha** and the lady who does the RT show Ansia Nequal [she's Russian and very good]

- Natasha and Anisa shared an update about former president Jimmy Carter about the fact that he was killed and cloned while in office. When the Iran hostage taking was going on and after 30 years of voodoo economics, thanks to Ronnie Reagan, Richard Wolff is saying the economies of the world are in free fall in spite of what you see on the stock exchange or the Nasdaq – they have no more money and are only playing with Artificial Intelligences doing algorithms, and sooner or later the AI will quit doing the trading because the ones controlling the process do not believe they are sentient beings.
- the update to the Jimmy Carter story: Natasha and Anisa shared with R that Jimmy Carter had put out a statement to the 13 families, saying he was going to blow the whistle about who his real daddy was – Lillian Carter is his real mother; his real dad was Joseph Kennedy Sr, not the Carter on the birth cert.
 - T & R's friend Jack Flynn is also a son of Joseph Kennedy; disinherited himself from that life so he could have a life of his own; he's been teaching the concept of sovereignty all over the place and Marietta Robert knows him too - Jack Flynn now lives in Mass.
- Jimmy Carter knows he's a clone, spoke to Rama about it in the late 90s; was originally killed and cloned in 1977; when he threatened to share the information about his father, he was told he would not live out the rest of his days if he spoke; it was the clone being threatened. Jimmy Carter did not speak because he knew he could do a lot of good by hanging in & doing what he has been doing.
- Natasha said that Mr Chocolate Billionaire & the Ukraine gov't are killing their own people knowingly in Kiev; NATO has paid for this; this was in the plan since WW2
[their friend Pamela & her beloved were badly hurt in an accident: keep them in the circle of support]
- The Iran hostage was going on between Nov 4, 1979 and Jan 20, 1981
 - This was when the clone of Carter was going to talk - Bush Sr did the killing and cloning in 1977 as head of CIA then he stepped down to allow some time to pass before he ran as VP to Ron Reagan
 - It was Bush Sr who set up the murder & cloning of Ron Reagan – March, 1981;
 - Bush Sr in August of '81 stole the original Bourgevain hedge fund, named after Mr B; it looked like Bourgevain was in charge of the fund until 1985, then Bush Sr had him assassinated.
 - Then the Franklin Fund, then Arbitrage and then the Big O
 - In 1987, James Gilmore in charge of the Big O, a southern preacher from Atlanta, Georgia – the Riyadh station in FL, named after Riyadh in Saudi Arabia which is where the world's central bank has been – it was the clearing house of all the money
 - Triex, Necron and Zeon names of people from the Orion War – James Gilmore opened war chests & appointed people in charge of the various war chests: someone called Robertson was Xeon in the Orion War; Mike Kadowski, an MK Ultra boy of 450 lbs [real name was Les Cruise who ran a program called Money Works – T & R had him tagged long before he was Mike P]

Caller: about the Boston Bombing: knows they want to prosecute the younger brother for death

T: he didn't do it, it was Navy Seal Team 3; Navy Team 6 did the fake Osama and now they are all dead; NS Team 3 had the same backpacks as the T brothers. The bomb was in the NS backpack

R: opposes the death penalty – ban weapons in space and all capital punishment

T: Nebraska – a unanimous vote to ban capital punishment; the governor said he'd veto it and tried to bribe people; on the 2nd vote, the NO still won!

Caller: tell the audience what will happen with the dinar

• nothing will happen with this, except that people will find out who is hood winking

Caller: are you saying that ?? of ?? will be indicted? [didn't get the name]

• don't know what will happen with him: he is not in charge of anything – **this is coming from Hillary Clinton, and Phil Gram and Wendy Gram.**

- Phil was in Congress; when he left Congress, Phil Gram got a test package of \$14 B from NESARA – the White knights wanted to see what he would do with it. He funded the Tea Party; started the sovereign militia movements to hate the black man in the white house & create all the issues going on until now; hired a lot of news people including Alex Jones – so that's not a good place to get info
- This story goes into the Bundy Ranch and the sovereign people who were pointing guns at law enforcement people at the ranch. Why are they given the dignity of being called human, yet Michael Brown, Trayvon Martin, Freddie Gray, the others are called thugs – it's **ethnic cleansing.**

- Need a complete overhaul: the police do not have to keep records
- **Nothing will happen with the dinars, dongos, etc** – all of it has to do with the 13 families, and people will find out that the **13 families and Hillary Clinton are the same thing.**
- As **Natasha** said, **NATO has been funding both sides of** what is happening in the Ukraine
 - yes, John McCain, Lindsay Graham & others are involved with the funding & set-ups
- R is watching on the internet and sees Cobra and Faction 1 and Faction 2 – he can cite the list of names, who are all hired and funded by people from the **wrong side of the fence**: they are all playing with the idea of Archons and these folks who have a vested interest in the time we are in.
 - As we approach Sept 23 – 28 – want to play with extinction level events, fake aliens, fake rapture – there are lots of lightworkers who still believe in The Event which is a black op
- James Gilliland does not believe in NESARA and even though he sees all the ships, etc etc, he is tied in with
 - Alfred Webre who is Black Ops – there are hooks at every single level and it's a soul level test –
 - we cannot judge others as we all have to look at our own lives & inside our own souls
 - we also have karma. We can remember our connections to others and to what we have done by working with the igher energies that open up our chakras, • can also work with our dream time
 - Even David Icke was paid off to lie and say there were no Ascended Masters and he knew better, and that the King of Egypt murdered his own son and daughter-in-law – was paid off by the Queen of England.

Caller: asking about Loretta Lynch – getting ready to announce indictments of a lot of people-

- Loretta Lynch has never been able to go after the banks
- **Tom the Cat, Larry, Curly** told R about 2 weeks ago and at that time T & R knew about the indictments against **corporate persons**, basically indicting a building with paper attached to it – no flesh and blood individuals indicted
 - at the time, they said she had something else on the back burner: these will be individual criminal indictments; now it is on the table with those from FIFA & the 14 that are indicted
 - Tom, Larry and Curly said that when these get on the table, we'll see a spider web come to the surface and how far the corruption spreads – this is the tip of the iceberg: **trillions are involved**
 - the payoffs are beyond a small executive bunch - these ones are involved with the drug running and the banksters; HSBC is one of the banks that got a another slap on the wrist – some of the banking transactions for FIFA went through HSBC – this brings up the Pope
- the Pope wants to canonize a missionary priest called Junipero Serra – a Native American on Al Jazeera said about this candidate that he made the world worse for Native Americans: suppressed the language & the culture, promulgated criticism of their ways and “brutally imposed conversion” on the Native Americans

2015-01-15 Pope Francis Announces Sainthood for Junipero Serra, Founder of California Missions [SEE BELOW]

Caller: so this will call forth an assistant to the AG called Patrick Fitzgerald

- He will show up when he shows up; she has to do her job
- patience is a virtue – **we are on to the arrests now – NO DATES**
- we must realize that what we need to work on inside is that THIS IS NOT ABOUT MONEY and until we realize that & understand the meaning of that , it is not going to happen the way that people think it

Caller: the Supreme Court is getting ready to entertain the notion of dismantling Obama Care

- It is just another criminal desperado act of the republican nazi collaborators – they are creating fire wherever they can; had no intention of allowing anything he has done to stand, and to trash him until he was buried; that goes for folks receiving money along the way and a lot of these things people won't let themselves believe
- Even in this transistion the energies from 12.1 billion years ago is available for people who want to seek it and integrate it into their lives -

Mr X – R shared with him some things he's not exactly proud of and Mr X did the same: said it was not about money but us getting clear with our own energy fields and as Dr Hew Len said, getting clean on the inside

Natasha and Anisa: behind the scenes, Xi, Putin and Obama are going to talk about disclosure – Putin met

AGAIN with some galactics, a special group of the Ashtar Command – the B'nai Or from **The Keys of Enoch: Key #210**
The B'nai Or is composed of angelic entities working as hierarchical angelic Brotherhoods under the orders of the Elohim. In their work the B'nai Or intelligence can work with both spiritual and physical embodiment. [Key 210, 24]

- It means it is about bringing the galactic power and love into this world in physical embodiment.
- Putin told Anisha directly that these B'nai Or are stepping in right now; both of the women said be in for a great shock – they will decloak themselves when Ashtar gives the word:
 - **R asked when? They said "Right Now"**

INFORMATION RELATED TO THE NOTES

2015-01-15 Pope Francis Announces Sainthood for Junipero Serra, Founder of California Missions

Father Junipero Serra in portrait by Father Jose Mosqueda. (Huntington Library)

By [Dan Brekke](#) Jan 15, 2015

Pope Francis announced Thursday that he will canonize Father Junipero Serra, the founder of California's missions and a controversial figure for his role in a process that began the decimation of the Native American population here.

The pope said the canonization — the formal elevation of a person to sainthood — will take place in September, when [he's scheduled to visit](#) the East Coast.

Here is [Reuters' account](#) of the pope's announcement:

"In September, God willing, I will canonize Junipero Serra in the United States, who was the evangelizer of the west of the United States," he told reporters aboard the plane taking him from Sri Lanka to Manila on the second leg of his Asian tour.

Francis is due to visit Philadelphia for a world gathering of Catholic families this fall. While Philadelphia is the only official stop on the tour so far, he is widely expected to visit New York to address the United Nations and Washington to meet President Barack Obama.

Holding the canonization ceremony in the United States opens up the possibility he might visit the western part of the country where Serra worked as a missionary. ...

...The pope said since Serra has for centuries been considered a holy man, he had waved Church rules that require a second miracle to be attributed to the candidate for sainthood after his beatification.

He said Serra was "a great evangelizer."

Pope John Paul II beatified Serra in 1987 — the first step in the process leading to sainthood. [A short Serra biography](#) from PBS explains why that decision drew criticism from Native Americans and others:

... For Alta California's Indians the missions and their Franciscan administrators were part and parcel of an enormously destructive colonization process. The Spanish, largely through disease, were responsible for a population decline from about 300,000 Indians in 1769 to about 200,000 by 1821. The strenuous work regime and high population density within the missions themselves also caused high death rates among the mission Indians. By law, all baptized Indians subjected themselves completely to the authority of the Franciscans; they could be whipped, shackled or imprisoned for disobedience, and hunted down if they fled the mission grounds. Indian recruits, who were often forced to convert nearly at gunpoint, could be expected to survive mission life for only about ten years. As one Friar noted, the Indians "live well free but as soon as we reduce them to a Christian and community life... they fatten, sicken, and die."

Junipero Serra is still a well-known figure in California, a virtual icon of the colonial era whose statue stands in San Francisco's Golden Gate Park and in the U.S. Capital. In 1987 Pope John Paul II beatified Serra, the second of three steps necessary for the Church's bestowal of formal sainthood. Many Indians and academics condemned this decision, pointing to the harsh conditions of mission life and Serra's own justification of beatings. (In 1780, Serra wrote: "that spiritual fathers should punish their sons, the Indians, with blows appears to be as old as the conquest of [the Americas]; so general in fact that the saints do not seem to be any exception to the rule.") Defenders of Serra cited the context of his times, his enormous personal sacrifices and religious zeal, and his opposition to punitive military expeditions against the Indians as exonerating factors. More than two centuries after his death, Junipero Serra is still a pivotal figure in California history and the history of the American West, this time as a flashpoint for controversy over European treatment of Indians.

And for a less critical view from mid-19th century San Francisco, see [Serra's life story](#) as related by the Daily Alta California (via the [Virtual Museum of San Francisco History](#)).
