Hard News:

T: Barbara Lee was the only one to vote against President Bush's **Authorization of Force Act in 2001 after 9/11** – it was a sneaky way to get into Iraq & Afghanistan without declaring war.

- she got together with Barbara Walters and Lyn Woolsey, who was on the panel for the Citizens Hearing for Disclosure

REMINDER: call up your congress rep and senator: please watch the 14 DVDs you have received; we'd like to see full disclosure for all the people

R: played some of them at ET's garage; had 8 people sitting around an android phone

- ET's mother (76) was also there: she is one of us! Has always been a Democate – R has talked to her about the ships and once he channeled Mother for ET's Mum at the office! ET liked the DVDs

T: can listen to them on YouTube

Dr Bassett's website:

[not sure if all are available, but there are certainly some there. Ed.]

<http://www.paradigmresearchgroup.org/main.html>

Citizen Hearing on Disclosure From April 29 to May 3, 2013 researchers, activists, and military/agency/political witnesses representing ten countries gave testimony in Washington, DC to six former members of the United States Congress about events and evidence indicating an extraterrestrial presence engaging the human race.

The Citizen Hearing on Disclosure was an unprecedented event in terms of size, scope and the involvement of former members of the U. S. Congress. With over 30 hours of testimony from 40 witnesses over five days The event was the most concentrated body of evidence regarding the extraterrestrial subject ever presented to the press and the general public at one time.

T: the Authorization of Force Act is still in place; Gen Martin Dempsey, Head of Joint Chiefs of Staff, wants to send in more soldiers

- Barack spoke in Myanmar and said “It will be as I say it will be”

RT tv: the ticker tape is running, saying that they want to topple Bashir Al Assaud & putting Obama's name on the message

T: Obama does not work like that: they want to sneak their way into that country

- Barack said he would act with his pen next week, and so waive the problem for about 5 million of the 11 million who are here
- Rachel is hysterical in her presentation about the way Repubs are reacting - did every fire explosion, bombing, buildings going up in flames scenario to show the reactions
- They want to see that he gets nothing done! This approach is not working!!! The Crystalline 11:11 ascension stargate is wide open

R: went to **see Rana Mu today**, in tears!

- They are planning to turn Ferguson into Syria!
- **Rana Mu** said that Mother's yanni in the centre of MWG: the Dark Rift in space where creation out of the old is brought forth into the new: **every single solitary Republican is going back to the Dark Rift**
- **RM** said the energies are so intense with what these folks are pushing: they are sleeping in the bed they have made, and the 11:11 stargate is doing what it is doing
 - on a scientific level, there is a singularity going on in the Dark Rift: the energies pouring forth out of there across space time to this sector of the western spiral arm of the Milky Way Galaxy are affecting anti -matter as well as matter
 - Only in the Office in the Christ must we be; anything else will find itself M I A. The least among us is the order of the day: we must focus on being instruments of peace and love

R: since yesterday, **Barney Frank was on with Leslie Marshall**

- BF was fit to be tied: they do not like him because he has come out of the closet & is not afraid to talk about it
- These folks really hate me: these Republicans have sealed their fates
He is not taking it as being afraid: – he is basically laughing at them - if they try to sue Obama for pursued Executive Order on the immigration policies: “the republican party is no more and the people of this country will rise up as never before: revolution, evolution, renaissance”
That is what happens.

T: did they talk about Obama / Bashar ai Assaud on the ticker tape? No

RM: everything in the middle east is about control of the stargates & the Al Asqua Mosque, the main stargate

- the Khazars who usurped the people of Palestine in 1948 have created such a fiasco of bloodshed and hatred against the people of Palestine
- the energies coming out of the stargate is affecting the frequencies in the surrounding area – things are very polarized: east Jerusalem is at a trigger's edge: so many issues having to do with the blatant hatred towards the Paleninian people come from the Khazars

T: this intervention we are at, at this point: be very aware: they are not playing Conversations with Great Minds tonight because the person speaking is not speaking the turth

- because we are on the other side of the 11:11 stargate, saying **Al Queda did 9 /11 is not where it's at: if that is the foundation, all else is flawed**
- in the European sector, it's a negative growth or a positive growth, it is .02 % or .0139% - painfully recessionistic – the teeny weeny bits mean it is not negative! [postive stagnation is the term used about countries in Europe]

R: There's a story about a very large cat prowling Paris: it's some kind of ancient cat that is extinct – no one has ever seen a cat like this: does not belong to the zoo or the circus or Euro Disney: helicopters looking for the cat; infrared sensors looking for it; snipers are looking for it; Hollande, French police can do nothing: thinks Mother is having fun.

T: Commissioner for Refugees in the UN: has said that the international community has lost much of its capacity to prevent conflicts and in a timely manner, solve them for 3 reasons:

1. mega crisis with 12+ million people displaced;
 2. then multilplication of other crises:
 3. many African nations, Ukraine, Libya, Syria, Democratic Republic of the Congo – he got up to 100 MILLION people!
 - In 2011, it was 14,000 people per day fled their homes, in 2012 up to 23,000; in 2013 up to 32,000 per day and he thinks it will be worse in 2014
- The dong/dinar **Mountain Goat report: totally Black Op logic** – that ISIL will issue their own currency and therefore would pay anyone in dinars is ludicrous!
 - **REALIZE THAT ISIL[all CIA] & AL QUEDA[all CIA] HAVE MERGED, ie, ALL CIA GROUPS are back together** – all backed by our tax dollars used by our Black Ops: Mr McCain, Bandar Bush, the Nazi Republican collaborators – this is why they have to go!
 - This is the scourge going on: when light workers buy this kind of propaganda, the biggest propaganda line going behind the idea of “let's keep it all going as it is, as it's Mom, Apple pie, and the flag!” - doesn't help the progress of Nesara
 - In the meantime, the KKK in **Ferguson** is about them **calling the protestors “terrorists”** and we are sorry if we have to hurt you!
 - Barney and Leslie Marshall: they want to create the same kind of atmosphere as in Kobani, Turkey where they round up the insurgents and take care of them: as in Germany - “The Final Solution”

[us = United States]

- Afghanistan is on us; Iraq is on us!
- Libya is on us; Syria is on us: 9/11 is on us
- All the countries in Africa are on us because we want their natural resources for free; we'll bury them alive when we are done with them
- East Ukraine is the hottest hot spot of all and no one is paying attention, and NATO is saying we won't go after you with nukes – however, there are nuclear tipped bombs etc etc etc
 - Ashtar has said NO NUKES!
- The Nazi collaborators want to add more sanctions on Russia
 - Germany's economy is dying because of sanctions against Russia as they supply much to Russian
 - **Hungary kicked out the banksters, like Iceland** – doing much better than Germany
 - We are watching change, and the people in the streets

Fracking: people are in the streets protesting and kicking out the oil companies due to fracking

- things have to be curbed before the 50,000 technologies are let go – they will rationalize that they can continue to screw things up because you have the technology to fix it!
- Gas: \$2.40 / gallon!
- Rush Limbaugh: the Keystone pileline will create lot of jobs – will be lucky to see 250! None of this has to do with the US getting any more gas: what is coming through the pipeline is all being exported

Ben Fulford: half right, half wrong – only reads a bit of it

[SEE BELOW]

T: from a Tech talk: Outside of Chicago, a large space that is very high; there are LED lights only in red and blue spectrum: room is magenta colour: growing mostly vegetables that are not too tall; use 98% less water!!!

CONFERENCE CALL

C1: has been taking a break from news due to overwhelm

T: what is going on astrologically: the naughty ones are freaking out!

Richard: We have 4 planets in Scorpio – an excess amount of undirected energy floating around: the ground strap is getting loose, and all the looney toons are out!

T: The magnification of the impossibility to fix the old system is in your face!

Ri: we the people have to hold these ones accountable: the reps and congress folks – we have to think long term and an election is only a short term

T: they had a little selfishness going before they got to Washington! In general, have to make deals to get there! Not many like Bernie Sanders and Barbara Lee

Ri: the old guard needs to go!

T: the process by which all this had to happen has been a long one: had to try every person individually

Ri: have to tear apart a strong bureaucratic web of lies etc – still have a serious transparency issue!

T: as we open to receive these higher energies, the perceptiveness of our 3rd eye and our consciousness is more and more refined – she can see through everything at the moment.

- Everything going on has a little black op going on behind it
- 2/3 of those of voting age did not vote
- Will play something tomorrow: a comedian from Britain who allowed himself to be interviewed by a British fat cat – growing up in absolute poverty means there is no hope, in a sense; if you were to participate it would not count; as well the use of drugs to find a way in actually push you further out
- He was on Amy [Democracy Now] today for an hour!
- The comedic element about the foolishness of their ways; they are much more exposed than ever before

Barney Frank: the entire vote was rigged – unverifiable on the machines, but there is evidence from the last 18 months – threw at least 3 million off the rolls

- Greg Palast was all over it: he opened up the 90,000 votes dumped in the ocean in Florida
 - right now, people are aware and no one can stop it
- Is there anything astrologically gives this a boost? Beyond the 11:11 crystalline stargate

Ri: considering the major aspects of this week – Venus square Jupiter; Mars Pluto is powerful; Mercury trine Neptune on Tues – the wisdom connection is being readjusted and we get an additional download;

Wed – Venus conjunct Saturn and it was a wreck – Mars square Uranus:

- he describes other things that are driving the chaos at the moment.
- Today, the moon was in Leo, conjunct – we are still deep in the dirt – the sub soil of the subconsciousness and it is all the old group karma we are working out

T: why we are being asked to look at our part in the karma – need to look inside ourselves

Ri: the more we work off our individual karma, and do our praise, respect, thank and love all the people we have ever met, we don't need these energies

T; these people are not viable: watching commentaries and places in different countries: they are all looking aghast at the US! They are going to clamp down on the US

- Barack O went to see Aung Sun Suu Khi - for the last 2 years, she has said nothing
 - she got into the Congress at 8%; the Buddhists are slaughtering the Muslims, the Rohingya in NE Malaysia – they are stateless: cannot send kids to school or vote
 - as one is harmed; all are harmed, as one is helped, all are helped

- there are 110+ million who are displaced
 - there is no way we are meeting the need, and the idea that the UN will do anything – the whole situation is overwhelming!

Ri: for the 3rd winter in a row, temps are below normal – a frosty 18* F – they are 10-15* below normal

T: they were at 5* last night – about 15 – 20* below normal.

- This summer was hotter; summer of 2013 was worse!

Ri: the wider temperature swings – higher highs and lower lows – indication of the wonkiness of the energies – given the way the planets are distributed in the solar system at the moment, and the way Sol is behaving, this is an active period, energywise, not a quiet period. We are still in the early stages of movement into the higher vibrations

T: have not had the kind of climate changes predicted

- they manipulated it originally to continue the loop of the jet stream to sag downwards on its own!
- And the methane gas is sneaking out from the ice caps

Ri: take into consideration the manipulation of the weather: these people are extremely arrogant and think they can do better, or the groups acting with malice aforethought – they are the ones who need to be taken down

T: KOS and the White Knights and others have decided just to take them out

Ri: lets see some action! And Rama agrees

Sonja: Dr Bassett will be meeting with Congressional members to discuss arrangements to have the hearings; began by saying he expected to have hearings in Jan, now about Feb.

- All has been mailed out and received; the **tweeting and e-mailing of all of us is needed!!!!**

• Thinks there is still a piece missing: congress is still owned by corporations, bansters

T: THEY ARE ALL BROKE; NOT TRUE THAT THEY HAVE ALL THIS MONEY!

SOMETHING HAS BEEN PULLED OUT AND IT HAS TO DO WITH NO MORE QUANTITATIVE EASING – THEY CAN NO LONGER PLAY THE GAME!!!!

• it's been about 1.5 weeks since Janet Yellin and Ben Bernanke made the announcements about no more quantitative easing

Sonja: chemtrails in California still happening; thought it was over

T: they have stashes of chemicals everywhere: New Mexico has the worst

Sonja: when will this all stop?

R: KOS said arrests any time, anywhere – he's giving no itineraries or scenarios

T asks Rama: was there a change in the tone?

R: we don't forgive, we don't forget – expect us!

- The escalation of the militarization of Ferguson is being done so they can declare martial law and turn Ferguson into the streets of Aleppo!

T: have completely militarized things and the KKK is promising violence, whether the people are violent or not

R: talking about global arrests

T: Ferguson is being used so the nazi collaborators can try and take over the country

- the military will not be doing anything: the military will not attack the people! **Says KOS**

Sonja: yes! Blaze all the flames, not just the violet!

T: glad to see Barack Obama beside Aung Sun Suu Kyi – he said many things

- looks like things went retrograde there, as it has in the US

Lyn: Oliver Stone and Ralph Nader joined the Veterans for Peace

- talked about poor peoples econmic rights group – people are working together now
- another group will be working in solidartrity with those in Ferguson

T: good idea that groups are connecting and it is not just rah-rah for this – but a united focus

Philip: “revolution, revelation, renaissance”

R: Barney Frank said it on Leslie Marshall show

P: doing landscape stuff and then a function

- a website for someone called The Hope Girl – holding workshops to build a zeropoint energy / overunity generator
- Go to this website: www.fixtheworldproject.net
- He handed out fliers of what he is involved in
- Grow to Extreme Tech!
- Growing food without using the sun

From Arizona: this election going the way it did – he thought it would change the number 64

T: the good members of congress are good Democratic people and they will not be gone!

- The other Democratic ones may have to be arrested: the Republicans will get gone!
- There are 535 members of congress: **none of the 64 good members were voted out!**
- There will be 471 people who will no longer be part of Congress!

- And we get to start all over again! This is why it is important to pay attention to subtle energies and this has to do with wisdom – wisdom is “wise domain” which is worked into the polity
- It is not about organized religion – it is not! It is applied as part of the polity – Rove has a 501C4 and he is using it to collect money -
- the time we live in is so unique: we are not throwing out the baby with the bath water, but we are helping out ourselves – the wisdom of what we have gained – what we have been learning together
 - we sent a rocket ship over 300 billion miles from earth and it landed on a comet that is really a star ship – there is a consciousness to explore what we have never seen before
- and now there is a cat, a tiger that has never been seen before in Paris – what is going on???
- there are energies called Mother, a ring pass not! This bunch is so boring – always based on things to be afraid of: the strategies of introducing ebola before elections so people would be distracted
- Last Oct 1 – there is no budget! What is going on? Now the deadline is Dec 8?
 - Has never heard that Germany is no longer the energy of the EU!
- There is no place of refuge: but there is tremendous love and we still have to go into the unknown in spite of the appearance that there is nothing under our feet. In reality, we are not bound by gravity yet we have to navigate that field that has no gravity.
 - Rana Mu says look only at the back of my head, Rama – he did and at one point his eyes began to stray down and she said don't – it is a challenge to walk across the canyon –
 - it is a gift to have the company with people who can do these things.
 - It is not every day you get a chance to ride with the KOS to DC and visit Joe Biden and give him comfort – he was complicit with 9/11 because, as sitting chair of the Council of Senate Foreign Relations Committee, he was ordered by Black Pope to give the order to George Tennant [to do 9/11]
 - it was set up to have the largest religion be demonic at its centre

Sonja: what about Israel and 9/11?

T: she sent the article to Sonja – it was a 38 year planning stage by the Elders of the Priory of Zion and they did Allende – a rehearsal for the US? [Chris Bollyn's article on the background to 9/11]

- Yes, and how much can we get away with and how much fear can we create?
 - Interesting that they are using the powerful portals for the dark – there have been various events that happened on 9 /11
- Yes, they take the power of 9/11 and reverse it: 11 is as above so below, 9 is completion of a cycle of love – they reversed it and made it the completion of a cycle of evil

T: have been knowing for a long time [for her, since age of 13] – she met spiritually awakened beings she would not have met otherwise; doesn't know how she did this – she arranged to look after some

kids at night for a lady who did a night shift: from 4:30 pm to 6:30 am – taking care of these ones was a learning! And she had a place to sleep at night.

- She went to school straight from there and went back there after school, and her father was not able to take advantage of her body!

BBS Radio: MOTHER SEKHMET / ALCYON

Greetings In the light of the most radiant one, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Thanks Mother and Father for releasing the energies to us, for believing we can handle them.

Greetings Children of Ra, Masters of these energies! Well Met!

- The time is nigh when what we asked for is fully present in your realm / their realm
 - Now is the time for love! Now is the time for peace!
 - what we have in our midst in these moments of such ecstasy and joy in the midst of Divine Chaos; it is about the cosmic story that we all have asked to be part of, which is so magnificent to be involved in.
 - It is the best of times, it is the worst of times simply because it is the moment when we are all here, and we asked to be part of such a grand cosmic dance that is very very auspicious to be called so many facets to these crystals of which you are divine crystalline beings
 - We have moved into the realm where our carbon-based units are going by the wayside; we have become of crystalline nature; this living temple of such magnificent radiance reflects that brilliance of that piece of Great Central Sun of what we all are, the light of a billion suns and how many more gazillions of suns are we in these moments.
- With the opening of this 11:11 stargate energies; there is no more time to iron out the sheets – it come what may: now we do this! What we are experiencing in these bodies as my beloved sister Valerie Donner has said: we are moving up an octave in such a rapid way that it cannot be stopped: the good, the bad, the inbetween, all are moving up an octave and it has created such a magnificent exotic dance. We remember the dance that Osho used to share with us – it was called chaotic meditation, yet this living meditation we are experiencing - every particle of these crystalline temples of the living masters of what we are, what we are - now it is taking hold into manifestation
 - our wayward brothers and sisters, our children, they can't stand the fact that we have made it
- We say **TOO BAD!** Victory is ours in these moments . [some words not understood] . . now the energies of what we have asked for in these temples - what they are experiencing is the absolute moments that we have awakened that sleeping kundalini force inside, and they are petrified of what we can do with that energy of that frequency
 - they know it – this is why they want to create such chaos in Ferguson, anywhere, everywhere and be that as it may, they hold no power except fear & that fear has turned into their own demise!
 - And when we act in such a manner that all we can exhibit is such hatred in the midst of such love coming forth, it cancels out hate; the love comes in and it just IS!
 - And they know this so 24/7, they are flooding the frequencies in here with their ancient war technologies. Some are affected, not all, just some, and the ancient wizards of darkness cannot hold a candle to such love coming in
 - we may have heard, and yes we concur: we are prowling the streets of Grand Paris! It is about the fact that there is a little saying out there about our revolution, evolution in these temples of such magnificence that this revolution, evolution is what is happening in the cells; the particles are doing such a divine kundalini, cosmic dance and they would wish to turn it into the realm of the Sith and, they can't as even they are being turned back to the Office of the Christ in spite of their best efforts to enchant us with the old energies of fear and fascination with old programs;
 - let them just go – how we do this is we just let the frequencies flow through us: do the meditations, do the cosmic dance: we have asked to be part of here, now;

- each day we are in your skies, in your midst;
 - there are reports out there that Federal Aviation Agency that there are so many drones out there with all the agencies trying to listen to what we are doing on our phones and twitter feeds and face book and all the activities we do to share the magic of believing of who and what we are as the evolutionary leap in consciousness is out there.
 - FAA is saying it is getting very dangerous to fly planes out there: commercial jets, private planes: what if we run into a drone and it gets sucked into a jet engine and a 747 takes a nose dive – not so pretty
- maybe it is time that we take a lesson from the folks in **Star Wars**: maybe now it is time to work with the energies of the Force within self and not out there: the answers are all in here; this is where it began and this is where it ends. And this is how we do this: we are the centre of our universes – no other place to go
 - when we began this story with the instruction manual of ET 101 it was said: We are all one; there is nowhere else to go.
 - That being said, the next evolutionary leap is what is happening with our DNA which is waking up and as it is fully awakened, things are happening in such a lovely cosmic way that all our gifts and abilities are in full alignment .
- Our children of Sith have known this for a long time; they know that they cannot go any further with this.
 - This is why they want to create such chaos with Mr. 19.5* because he has just said we have some friends who want to come here, not just from other countries; there are folks who want to come here and establish residency and they are not from earth.
 - We are not from earth; none of us are from earth – we are from all varied places
 - all 7 super universes are represented on Terra Nova as she has stepping into the realm of the 33rd member of the Confederation of Worlds - not officially announced, but they are moving it forward because we have asked
 - It changes the scheme of things and this is why now comes that which they know is their fate: the anomalies that are pouring forth from the center of the Milky Way Galaxy - the cosmic juices of that energy, that is streaming across all time and all space has arisen in such a lovely way that they know it and they want us to go to sleep and forget what is happening with our “junk DNA” -
 - we cannot forget because it is going on like Hiroshima, Nagasaki and then some, in a very good way: it is what like Eric Lessor said in **X MEN**, Magneto: we are here; mutant and proud of it!
 - It is about what we have become – we are the next step in this evolution – it is not about using it for darkness, but using it for transfiguration. It is what we have asked to become, here, now.
 - In these moments, our own DNA has awakened and it is taking us by the Kahonies and pulling us forward at magnetic light speed, and we cannot even stop it - this is why we say welcome, well met

Alcyon: Do it and do it now!

- Bill Maher has quite a dance to share tonight because it is 10 days out since the criminals of the highest order want to change the landscape of what they think are going to be this realm – sorry, it is about a new sheriff in town

T: She learned today one drop of oil takes over 1 million drops of water which means it can never be reversed: a serious connotation – yet she thinks that a molecule of water can do it

Mo: what she can say is beyond that: the frequencies that have come in with new technologies are way beyond that stuff, what it is right in this little ball of living light, living love called the hydrogen sphere: the energies of the sun that comes from the heart of the centre of the MWG cannot be turned off: it is on infinitum!

Alcyon: Let's do this!

- Greetings in the light of the Most Radiant One: Kadoish, Kadoish, Kadoish

R: has been to the Fortress of Solitude, looking in the crystals and watching the cosmic dance that has come to pass in the next moment; a 7.4 earthquake in Indonesia

- the waves going out across this planet: send lots of love to the situation – does not know if tsunami warnings have gone out – Put Indonesia in the Circle of Support

T: Barack might still be there or in Australia: G 20 summit!

R: we don't need SHAFTA – we've already been!

T: the southern hemisphere of Asian free trade agreement

R: saw no more than that – just so many ships in the sky – we will see some magical fireworks in the next 24 hours – youtube, vimo, twitter and all the rest – send it all more rest.

T: the vibration was strong [with both of them here]

Audio: Bill Maher Episode 336 Nov 14, 2014

- starts by saying Obama has come out all Black Ninga on the Republicans!

2014, Nov 11 **Signs of cabal defeat are now obvious but, expect one last big push for war**

The signs of cabal defeat are now proliferating to an extent that can no longer be hidden from any but the most deeply brainwashed people in the West. The most obvious sign is the APEC meeting winding up today in China. There three of the world's largest oil producers, Canada, Russia and Qatar signed new deals to trade oil in Yuan. This makes it a mathematical certainty the petrodollar is finished. Russia also announced it was de-pegging the Ruble from the petrodollar.

In England, meanwhile, multiple senior politicians are working towards creating government currency to replace the 300 year old Rothschild fiat currency regime, according to MI5 sources. On November 20th, for the first time in 170 years, the British Parliament will discuss this issue. This is link to a paper on the subject that has been distributed to all British MPs:

The Japanese government is also seriously contemplating doing exactly the same thing. This means that all Japanese government debt will be written off in one fell swoop.

There are also indications the corporate government in the United States has gone into full crisis mode. For example, when this writer tried to access the official Russian Ria Novosti news site from his computer and his tablet device, he was redirected to an obvious disinformation site called "Sputnik News." This came after the Russian government news site put out reports that American mercenaries were shelling the crash site of Malaysian airlines flight 17. This can only be described as an attempt by the American fascist regime to prevent the Europeans from finding out it was their supposed US allies who shot the passenger plane down.

The other sign that something big is going down with the US regime is the fact the Pentagon has warned its troops to not go out with Russian or Chinese women. This is a sort of measure taken in war time to prevent military secrets from leaking out. Finally, CNN has shut down its Russian operations, again the sort of thing that happens in war time.

The Russians, for their part, have started a major push to seize the remaining ethnically Russian districts in the Ukraine as well as the gas fields in the Sea of Azov.

The US corporate government is in no position to win any war against Russia and China at this point in time because neither its NATO allies nor Japan are going to go along with such a suicidal and world-destroying plan.

The more likely outcome will be the overthrow of the US corporate government and the restoration of the Republic of the United States of America.

Another reason for cabal panic is a criminal trial that started on November 10th in London, England where evidence will be presented that the 311 tsunami and nuclear disaster in Japan was a terrorist attack. The trial is being held to determine whether UK lawyer Michael Shrimpton gave false warnings about a nuclear terror threat to the 2012 London Olympics. Here is a link to a Daily Mail article about the trial.

<http://www.dailymail.co.uk/news/article-2828974/Barrister-bomb-hoax-calls-Defence-Secretary-claiming->

[London-2012-Queen-targets-court-hears.html](#)

The defendant has lined up multiple witnesses to bolster his claim that the nuclear terror threat was real and that Japan had already experienced a nuclear terror attack. This writer is scheduled to be one of the witnesses at the trial.

The trial is important because it will bring lots of information that has appeared online under the forensic scrutiny of a criminal court. If the evidence is good, it will then lead to criminal charges eventually being filed against the perpetrators of 311. The Japanese and North Koreans involved in the attack have been offered, and have accepted, amnesty in exchange for providing information about 311.

The trial is expected to be a fair one because there are proliferating signs the UK is freeing itself of cabal influence. The ongoing investigation into a high level pedophile ring there is the clearest evidence of this. British newspapers are now reporting, for example, that Sir Peter Hayman, former Deputy Head of MI6 British foreign intelligence was a pedophile rapist. Investigators into the pedophilia network are particularly interested in cases where pedophilia was used to blackmail politicians and influence government policy.

The other indication is that the British and European dominated Financial Stability Board, an international financial regulator, has come up with regulations to make sure tax payers never again have to bail out “too big to fail” financial institutions like happened after the Lehman shock of 2008. This is clearly aimed at the big US banking institutions that own the Federal Reserve Board and looted US taxpayers in 2008.

Japan is also showing signs of being ready to make a decisive break with the cabal. On November 10th, for example, this writer spent much of the day in a Rupert Murdoch owned TV studio with a group of panelists who were allowed to openly discuss previously taboo subjects. This writer talked about how ebola was a US cabal bio-weapon, that Malaysian Air flight 370 and flight 17 shot down in the Ukraine were the same plane and that ISIS was a creation of Mossad and US intelligence. Other panelists made similar claims. One of them, blogger Richard Koshimizu, talked about a homosexual blackmail network involving senior Japanese politicians.

It remains to be seen how much of this will appear when the show is broadcast after editing but the fact that Murdoch is recording such shows is a sign at least one corporate media oligarch is interested in the truth.

Japan is expected to hold another general election in December that could lead to fundamental regime change, multiple government sources here say. There will be a big fight behind the scenes between the old guard behind Abe and the Japan revolutionary faction over the coming days to decide this issue.

Abe has been damaged in Japan after he was forced promise to stop provoking China and to eat humble pie in order to get a token meeting with Chinese strongman Xi Jinping. In North Korea, the US agencies recently secretly helped keep Kim Jong Un in power and prevented the take-over of that country by a Chinese led faction, according to pentagon sources. That is why North Korea released its last two American prisoners.

The Pentagon forces in Asia know that it is the Japanese and Chinese who are paying their bills these days. That is why they have an interest in acting as a peace-keeper in the region.
