Hard News:

R: as we are watching the absolute fiascos – words are failing him!

- How many ways to Sunday do you talk about filthy rich lifeforms who are taking it to such levels: the crimes are heinous – the latest is Mr Boehner threatening the president in the last few days.
- What Boehner did is a crime: he's a high-functioning drunk, and he smokes.
- These temples of the living god cannot continue to have poisons put in them and continue to function normally – **that these ones are not human is the larger story!**
- We are in the 5th dimension and the matrix as it may seem is falling away at the seams

Talked to Katherine and Mr X: you don't threaten the President and walk away! Send this man more love!

• They are not here for much longer; they have already crossed the line

T: the 25th anniversary of the fall of the Berlin Wall is being celebrated on Sunday; the 8000 lighted balloons are already in place. 2 million visitors to Berlin Let's make the fall of all walls be so!

Ukraine: the Kiev military are promulgating lies for the same republicans over here who are supporting the Ukrainian military that is killing civilians in the East Ukraine. Saying that Lie
Ebola, the ISIL hoopla Chris Hayes commented that these 2 subjects are calming down – amazing how that happened after the election was over!
Rigging of the election: many positive things across the country in the referendums which the people passed with flying colours

Audio: 2014, Nov 7 CONVERSATIONS WITH GREAT MINDS:

Melvin J. Goodman, Center for International Policy / National Insecurity: The Cost of American Militarism

Conference Call

C1: lots of stories about the financial stuff: Oracle Report had a portion of time Dec 10 – March as time for big changes.

T: will have a new set of eclipses in early part of year: they are huge.

C1: story about Fed Reserve going off the Orient Lodge – the US Corporation

T: what is being said is challenging [reads some of what Ben Fulford has said]

2014, Oct 28 The battle for the planet earth is reaching a climax

Last week, for example, evidence emerged the United States of America Corporation has been shut down. The corporation has been removed from the Dun & Bradstreet corporate data base. In addition, the Puerto Rican government's site lists the:

“SUPREME COUNCIL OF THE UNITED STATES STATES OF AMERICA
ATLANTIC JURISDICTION GRAND ORIENT”

[https://prcorpfilng.flhst.com/CorpInfo/CorporationInfo.aspx?c=73-122&m=oce\](https://prcorpfilng.flhst.com/CorpInfo/CorporationInfo.aspx?c=73-122&m=oce)

as “cancelled” (cancelado).

According to British MI5 intelligence, this is the entity that presided over the East Coast of the United States of America, including Washington D.C., Yale University and Skull and Bones. Its' mandate was cancelled by the French Freemason Grand Orient Lodge, the source said.

This is almost certainly connected to the many suspicious deaths of J.P. Morgan bankers since J.P. Morgan is controlled by the Skull and Bones Bush clan. One aim of the attacks on J.P. Morgan insiders is to gain access to a database of over 119,000 people, including President Barack Obama, who are receiving bribes from the Bushes, according to a CIA source in Asia.

...

What this means is that the derivatives worth in theory hundreds of trillions (according to the BIS), and even quadrillions and quintillions according to intelligence agency sources, that are keeping many megabanks afloat will have to be taken off the books. The banks cannot retain risk in transactions that are worth far more than world GDP because there is no reality to back them. Chinese sources are saying that allowable leverage from now on will be returned to the 10 times maximum historical experience shows to be sustainable. Right now in the US, thanks to President Bill Clinton, it is 100 times.

The EU, for its part, has suddenly, out of the blue, asked the British to fork over two billion Euros by November 1st and is trying to hit up several other countries as well. This sudden request for cash is for an amount that is suspiciously similar to what Russia is asking for in payment of Ukraine's unpaid gas bills.

Oct 31 **The Nazis Next Door** by Eric Lictau – Democracy Now 2008 – a book about the secret history of how America became a safe haven for 100,000 nazis

R: has a piece to share: Eric came on a radio show with "Captain Micheal" who escaped from Area 51 with 25 other ET s – this goes into deeper realms: back engineered craft, Himmler and the Thule Society, trying to get hold of the Tesseract

- Eric Lictau's partner is James Risen who "the powers that were" would like to put away - discussed on Democracy Now in 2008

T: reading from Oct 31, 2014 Democracy Now

- Thom Hartmann had on a guest who was well versed in security issues
- Boehner's threat will not be passed over by the Ashtar Command

R: every other planet in our solar system has star ships around it

- Russia has finally released the info that the planets are being surrounded by star ships – took the film in May!

C2: asks about the speech Hitler gave that they don't want you to hear!

R: is this one that you see charlie Chaplin in?

C2: was there open fraud in the Senate?

T: across the board: **not one Republican who got in got in honestly**

- people in California are well-versed, intelligent – can tell the Koch Bros to get lost
- Californians turn things around when they get tripped up/respond by fixing things!
- the whole world knows the US has criminals running our gov't, and that there are criminals over there in Europe as well.

T: from Japanese TV and France TV: Young Activists going after Ukraine because they have heard that Ukraine wants to use nukes

- also that the Ukrainian Military is making unverified statements about the Russians coming in with war materials – not so!

C2: brings up the names of some existing groups

- Global Climate Convergence plus another group:
- Poor peoples economic human rights community.org

T: and we'll need all the help we can get, as James Imhoff completely disses the idea of global climate change!

T: important that there is no denigration – need to Occupy the whole thing: don't become renegades

- Princess Diana's mother was a Rothschild

T: over 500,000 have to be arrested!

- On Nov 5, 2014 each of the **535 members of Congress each got 14 DVDs** from Dr Stephen Bassett – complete videos of the Citizens Conference on Disclosure
- Bassett's goal is to have open hearings on Jan 31st on C-Span

T: talks about watching C-Span on the weekends

• **Citizens Hearing – can see it on YouTube – the whole thing!**

- The 64 good members of Congress, the wealthy visionaries, the media who are awake – all are working behind the scenes

- The last 2 years of a 2 term president is called “The Lame Duck Session” - the president's goals are eclipsed –
 - In Barack's case, it's been a lame duck session since the time he was inaugurated – and what he has gotten done is mind-boggling and it is not reported on; and he has done it in spite of the critics & push back from the Republicans/right wingers

C3: heard people talking on public radio that people so tired of Barack, so why vote!

T: **NPR is totally compromised:** the Koch Bros have taken it over!

T: Mother says: the human race is at its best when its at its worst – and it is a subtle level at the edge of insanity – so many people getting killed like those from 9 / 11

- They carted remnants of 14,000 people to a morgue down the street from the towers which are still there!

C4: isn't it time that the galactics get busy and do what their part has to be?

R: they are **already doing it every day**

T: It is already done – we are educating people and waking ourselves up with only love and no negativity; this is an ongoing learning process; even the most immortal of beings are still learning!

- This is the **first time in the history of this world** that there has been a change to function at a world level in group service to higher and higher vibrations and do it with love.
 - OF COURSE, there is nothing out there in NESARA – it is a very, very, very very divine plan!
- Tells the story of Dove who wanted to talk to KOS directly – since Oct 1, 1974 – would never be a non-intervention of a civilization's development unless in the case of nuclear or psychic war
- We need to be responsible for asking for free will choice right from the beginning, and that we originally asked to keep the galactics out of it.

R: first time in his lifetime, health care is here – Ted Kennedy's dream being realized – though still not free or universal

C4: they want to dismantle health care

T: Of course! Over 80% of all the different referendums held across the country at the various levels of gov't passed! The best one is in Hawaii where Monsanto was stopped – have to prove beyond a doubt that GMO is not harmful to the health of a human being – which they cannot do!

- The difference is enormous when people work together: Thom H talked to a man in Wisconsin – movetoamend.org – the young man was in Green Bay university; canvassed all the aldermen who were in favour of getting money out of politics – all small towns started the same thing: then they took on the idea of climate change – with the same results!
- **there is no economy** – It was zeroed out by Heidi in the Bank of International Settlements, with a White Knight team: they zeroed out the complete assets of every country on earth; the old economy is gone
- **Oct 31, 2008 – because the old economy has been gone from every country**, this has allowed enormous steps to be taken: this allows laws etc to be aligned with spiritual law
 - the media is OUR commons, not theirs.
 - It is OUR free will choice that cannot being violated
 - there are hundreds of thousands of people stuck in ship prisons around the coast lines and there are lots of clones and so on – this gives the rest of us more time to become more aware
 - This never ends: the caller has no choice about what he eats, given his current situation – talks about simple ways he can take some choices into his own hands.
- the thought that we are “just waiting” has to go out the window!

C5: Heard a story on radio of Norega and how he had been writing to a little girl for several years, and her mother; invited them to Panama – he was talking about love and peace that he

wanted to see

- Everyone condemned the mother and girl for going there
- Caller wants to see everyone stay in love and not get caught up in the negativity around us at the moment.

BBS:

T: We are all servants of peace, this day and always; as we think with our hearts, so it is and there is no opposite to love. As we think with our hearts, we create a substance called Manna, a self-sustaining substance

- there are people on Mt Sinai, a small amount of people, who live on the manna; it's like dew in the morning and they collect it to eat– no shopping!
- It is quite an evolutionary process for all of us – no lack of things for us to improve on, both inside and outside. The key is to do it with great joy! The dream is being awakened as we continue to dream the dream awake.
- The state of divine love, truth, peace, freedom, justice, love seasoned with divine mercy and compassion and therefore beauty - that is an immortal, omnipotent activity of Ascended Master Consciousness which we all are, and we see with new eyes!

Mother Sekhmet / Lord Alcyon:

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: we ask for great ecstatic bliss in the cells!

- A good time to be alive, in spite of the appearances!

Greetings, Children of Ra:

- Indeed, love is the answer. All of what is going on here is the orgasmic, cosmic dance of ecstatic joy in the midst of Divine Chaos. We asked to be here! Let's dance! Now!
- It is a most auspicious moment to be in a body and be here in such magnificent frequencies. All of what is transpiring in all our bodies, including the bodies around this beloved planet of living love, living light is that ecstatic joy we asked to be part of. Gotta keep the claws sharp for what is coming

T: what's coming, Mother, Alycon?

Mo: What's coming for all of you in this moment where we asked to step up to the plate and get 'er done. We are the heroes and the prophets, no time to sit down and wallow. We may think we have gone asunder and had our asses handed to us on a platter. Illusions are just that: it is about motivations: how do we get motivated to do what we need to do: to change space time and the illusions of this grand story which are just that - **illusions**.

- What we have been experiencing at this fraudulent game called elections, it is about how people are awakening like never before yet, at the same breath, even more is needed to focus this - that laser beam of all that is in this moment - "We" are "all of us"; when we say "You", we mean **all of us** in this one split nano second, are doing such magnificent work.
 - It may be illusionary - looks like we've been dashed on the rocks below, yet that is only the illusion of what they want us to believe that we have no power. **They** are the ones who have usurped the power and they are losing it by the second – how they use the power is with that energy out of its time space continuum – coercion, death, murder, fraud; it gains them nothing - only creates more of an opportunity for "Imagine all the people, and no religion too", as the master said!
- It's OK, it is time that Larry King gets a lesson in humility as well – yes!

T: that kind of humility is Love

Mo: It is indeed. What she can say about the fantastical story we are all in; she is alive and in living

colour in our midst and, for whatever reasons, they cannot get past a concept : they are deathly afraid of the fact that, as we gain our power, we would do to them as they did to us.

- That is not the case, not how love works – it is about the least among us: Lord make me an instrument of thy peace! Where there is such hatred, let me sow love!
- As we are blatantly watching the crimes that are so heinous: a grandfather who takes the time to feed the homeless – his job is taken away and he is put in jail?
 - And what would the Man with the Plan do: he would sit with him in that jail and they'd all be singing in that jail: and the cops could not stop it.
- As we watch what transpires across the waves of space time now, there is such a movement and energy shift: the ancient, ancient lifeforms who are her children; yes, in spite of their heinous deeds, she still loves them unconditionally, with divine compassion and grace and gratitude:
 - as Rainbird says : “13 thank yous, honey in the heart, no evil and long life”
 - “May you live long and prosper”, as Master Spock says
- It is about the story of everlasting life and love; it is such a grand time to be in a body and be so alive to watch what is happening; the millenials know this.
 - She beseeches us and says: Now is the time – the heroes, the prophets - the 4th turning – revolution, evolution, renaissance; it is what is happening in spite of her children doing what they're doing to hold on to the guantlet of power with the infinity stones – yet it has been taken from them, and they know it not!
 - All of us are the guardians of this galaxy in this moment, and here we are! We have the power. Lady Master Pattie Smith said the people have the power, and now is the time to not sit on our huanches and say we didn't win anything!
 - Now is the time to get things done we have our life force so use it!
 - Mr 19.5* degree must do what he must do;

T: He's got his way!

Mo: it takes a living Master to sit with them for they would stab him in the back

T: it is happening in the twinkling of an eye and all happening at once . . .

Mo: What is happening is that the frequencies are radically shifting. What we need to understand is that she comes in with Thor's hammer – and that energy of that star that sits in Monar is the frequency that holds the fabric of this universe together.

T: when they had their party after they had won so much – behind them on the big red screen were the words “Stop Obama! Fire Harry Reid!”

Mo: Of course! What do they have with their wayward ways? Cannot take their money, their gold, with them – does not belong to them but to the people of this local universe. She is here to see things through to the end of this cycle Ain't going anywhere! Neither are we!

- Ascension of the cells – Gabrielle Moore - who can be found on the internet- teaches of ecstatic joy and love; of raising the kundalini and how we use the frequency in loving ecstatic joy to raise everyone's frequencies in the white tantric love frequency:
 - this is the order of the day what a beloved brother [Siri Sin Sab?] has taught about the sadna - as we raise our frequency in ecstatic orgasmic joy, nothing can stand in the way, as then we are masters of this realm – that is the answer to this cosmic story
- What Denise said about General Noreaga sitting in his cell, like Bernie Madoff, living like a king off of taxpayers dollars; yet here is the silent partner, Mr Schirff. Bernie Madoff sitting in jail - the 13 families banker and orchestrated the financial collapse of the prime mortgage situation.

T: the little girl got to hang out with Norega's family: seems like a good feeling of love there -

Mo: has satellite TV - doing better than most! A luxury suite in jail so to speak: he knows where all the bodies lie and all about the drug running through Panama – he gets to stay alive because if he told his stories, the Schirff family would be swinging from a lamp post as the people take the power! This evolution revolution, renaissance is not about that, but about everlasting life - we do not receive ascension by murder.

- it is about due diligence and the order of the day: the 90 year old man feeding people in the park;
 - that is the order of the day
 - Our soldiers coming back looking like terminators for the next 50 years & who need special care and the havoc they are going to wreak on this planet for the next half century
 - let us just say, there is nothing else happening yet that is what appearances are: just appearances, illusions. As we take our power back with love, the story here, now, is about the first story: **9/11 was an inside job** – and all the issues that came ever after: the USS Liberty destroyed by the fascist nazi state of Israel, a fake country created by the Khazars who are galactic visitors as she is and we all are – the story needs to be on the front page of every paper across the world.
- What we saw recently in the latest movie: **Man of Steel** - in a twisted kind of way, where K is watching the people of his planet hear the words “You are not alone”
 - Neither are we alone; she and hers are here, and they mean business! Get up and get on with it now – **back this man Mr 19.5* and he has the answers whether you know it or not! And that is an order!**
 - This man has been taught the orders of business for over 1000 years for this moment, this second! Our friends across the aisle realize they are exposed for who they are: an ancient, ancient race of beings who are our children with not the best of intentions.
 - When you make a holy vow to become the Orders of the Sith, and follow the dark path of the Sith, the ramifications of what transpires: you knew fully well what was the outcome – it is only about love; **you cannot serve two masters.**
 - The only story is what this guy is bringing forth now. Wake UP!

Mo: it is about this cosmic story and what this guy is bringing forth; if you have any idea that nukes are going to be part of this story: you got it wrong! As Captain Ashtar says, we have it in the bag – they are rattling the sabres because they are deathly afraid of the next moment.

T: cannot hear her

Mo: what it is is the illusionary drama that is going on; this is the 3rd clone of John McCain and that devil of a wife called Fraulein Brewmeister; like Newt Gingrich's fake wife – these life forms hold no power yet they give the orders to the SS to kill we the people:

- Now is the time - as it was then: Lord, make me an instrument of thy peace. As what has been said, how can we sit with these folks and express divine love, compassion and gratitude for this moment to be in a body and breathe in and breathe out and just enjoy the breath and the magnificence of being alive when we are looking at every turn wizards, a nuclear nightmare with uranium remains across the planet **Yet, all is not lost: WE ARE HERE!**

T: thinks the lame duck seems to be a perfect time to take care of things!

Mo: We have lost nothing! Dickey, Johnny, Georgie, Condi and all the rest -

- as your speaker of the house said “They are cat food!”

T: Referendums in various places passed: San Fran and Seattle have \$15 an hour & legalized marijuana; the number of referendums which have been passed have gone up in number.

- when a whole state can accomplish not having one republican in the state!
- and this is Gerry Brown's 4th term!

Mo: can remember when Gerry Brown was a member of STS

- Does not condone that they did terrorist acts: remember the trial of the Chicago 7?
- That is the story about the fact that here we are full circle; now is the time to praise, respect, thank and love all the feelings that come up that are anything other than divine compassion and divine love.
- It is so heartening to watch so many folks stand up to the plate: at the same time, don't give up the ghost – **we are here; we are ALL here!** It is about how we do this with so much love, gratitude, joy, ecstasy; it is about the kundalini rising
- it takes a great, great man to sit with these life forms in grace as he did today – he could have been a real dick to the republicans and he wasn't: he is the master in charge

T: he gave them what they didn't like

Mo: everything that is transpiring right now is about our ascension; they are not going anywhere and neither are we!

T: next week, sponsored by AIPAC – the elders of Zion nazies are sponsoring all the world leaders to Beijing, the pollution capital of the world, to discuss matters of the world!

- Technical difficulties, due to Mother increasing the energies so high!

R: Was sitting on Mt Kailosh

T: Gorbachov was present at the celebrations of the wall coming down

R: he met Gorby with Captain Ashtar who got in Gorby's face

- Sitting on Mt Kailosh, working with the energies there with Lord Shiva raising the frequencies of everyone's frequencies on the planet;
- there is a great weight on people and a sense of loss – YET WE HAVE LOST NOTHING.
- Now we put our heads together and move this energy even faster – and it takes all of us and it does take a village to raise a child, and we are all that village of stars, right here, right now.

Bernie: people are giving up on the system
Republicans have disguised their agenda

Bill Maher: a simple method for a simple people: Screw Obama!

Sen: The Republican principle is to make rich people even richer
Watch in the next year: won't work to get minimum wage raised.

Audio: Breaking the Set A series of clips from various dates.

Audio: Max Keiser Episode 676 November 06, 2014

http://img.rt.com/files/episode/31/72/70/00/kr0611_480p.mp4?event=download

In this episode of the Keiser Report, Max Keiser and Stacy Herbert discuss how fools and their money are soon parted, whether shale oil investors losing \$1.17 for every dollar gained or housing market participants who seek to help people onto the so-called "property ladder" and yet, by lowering standards, increase risk of total financial loss. In the second half Max interviews Dominic Frisby, author of "Bitcoin: The Future of Money?" about his book and the hunt for Satoshi.

T: if we can feel the concentration of the energies, and breath into it and visualize solutions as we breathe it out:

- Inbreath receiving the concentrated energies into our Higher Self
- Out breath sending out solutions for the highest good of all concerned to happen

Reading: from **The Real World of Fairies: A First-Person Account**
