Our Vision

"Touching lives around the world, in the power of the Spirit..."

A Relational Network...

Eagles' Wings is a **relational network of believers** around the world who are believing for God's glory to be displayed in the earth through His Body. We believe that the quality of unity called for in Psalm 133 and John 17 is paramount for maturity to come to the Body of Christ. EW seeks to be a bridge between churches, denominations, generations, and Jews and Gentiles. We believe the Body of Christ will grow to be a mature Bride at the end of the age (Ephesians 4:13).

We believe the last days church will be marked by extraordinary empowerment of the Holy Spirit. We believe this anointing will include strong healthy biblical community, ministry to the poor, signs and wonders, and apostolic and prophetic anointing of biblical proportions. Those who are a part of the full-time ministry team of Eagles' Wings divide their time between EW bases in **New York City** and **Buffalo, New York**, and also spend considerable time in **Jerusalem, Israel**.

Regional Conferences...

Eagles' Wings hosts regional conferences throughout the year, partnering closely with local churches and leaders. Over the past few years, we have seen **hundreds of churches** come together in **dozens of cities**.

Our regional conferences combine **worship, repentance, intercession, spiritual warfare, and solid biblical teaching** from some of the world's leading ministries. Local congregations experience breakthrough to new levels of fruitfulness and wholeness. At a city-wide or regional level, a fresh spirit of co-operation and friendship is experienced among churches and leaders.

East Coast Conference...

Eagles' Wings maintains a **strong burden for the Northeastern United States**. Realizing the need for spiritual awakening and unity among leaders, EW began hosting the annual East Coast Conference. Each year, ECC serves as a **dynamic time of gathering, impartation, and intercession for pastors, leaders, and congregations**.

The Northeast region of the United States of America is a **key hub** for every aspect of global culture. Wall Street, the United Nations, the White House, Ivy League Universities, media conglomerates, Broadway, and many of our nations major historic sites are all within this strategic area. For too long, this Northeast corridor has been held captive to spiritual darkness and complacency. Join us in working and believing for lasting impact on the East Coast.

Short-term Missions...

Eagles' Wings mobilizes local believers for global missions. In the past seven years, the Lord has sent EWM to twenty-five nations around the world. Hundreds have joined Eagles' Wings short-term mission teams and ministered in prisons, in orphanages, on the streets, and in local churches and conferences. This is a day of tremendous destiny and release as the Lord gathers a great end-time harvest of souls. Together, with the faithful prayers and support of the Impact Destiny Team, we are enabled to go forth on these ministry assignments in the nations.

The American church is becoming more globally conscious and spiritually challenged.

In facilitating short-term missions trips, EW focuses on partnering with indigenous congregations in a variety of ministry outreaches. We invite you to come with us! For those who go, these trips are a life-changing experience for the teams that minister and for those who receive ministry. By supporting Eagles' Wings on a monthly basis or joining us on a missions adventure, you are ministering to lost and hurting people in prisons, schools and orphanages and encouraging third world believers around the globe.

Some countries where EW has ministered:

ISRAEL * HONDURAS * THE CZECH REPUBLIC * SOUTH AFRICA * LATVIA * FRANCE * SLOVAKIA * MEXICO * EL SALVADOR * GUATEMALA * GERMANY * ENGLAND * SWEDEN...

A Heart for Israel...

Eagles' Wings believes that there is a call on the Church to grow in an understanding of the Jewish roots of our faith. EW maintains a close relationship with numerous communities and leaders throughout the land of Israel. We are regularly involved in **outreach and support** designed to encourage Jewish people in Israel while educating the Church about her Jewish roots.

EW's Worship and Intercession trips to Israel are centered around celebration of the biblical Feasts and ministry to the local communities in the land. Eagles' Wings provides genuine opportunities to experience Israel not as a tourist, but as an active member of special events and every day life. Our goal is to give pilgrims a first hand taste of the tremendous people and glorious traditions of Israel.
