

NEW NICHE BUSINESS IDENTIFICATION CHECKLIST

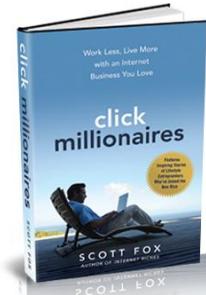

Looking to find the best lifestyle business niche to profit from your passions?

Evaluate your best new business ideas with this expanded version of the checklist from Chapter 25 of Scott Fox's book *Click Millionaires: Work Less, Live More with an Internet Lifestyle Business You Love*.

Few startup ideas will rank highly on all the factors below. But those that score well will probably be "laptop lifestyle" businesses worth pursuing.

Rank your new business ideas on each factor using the 1–5 scale in the right hand columns. Pay special attention to the Lifestyle Business Design "Success Principles" from Chapter 5 of the book. Then add up the columns and use the scale on the next page to see which have the best potential to help you become a Click Millionaire!

NEW NICHE BUSINESS IDENTIFICATION CHECKLIST

How to Use and Score your Checklist

Rank each new niche business idea you have on a scale of 1 to 5 for each of the categories. Add up the scores from all columns to create a new business opportunity score for each idea you're considering.

Tip: If you print out a separate copy of this Checklist for each of the new business ideas you've written down in your Click Millionaires Idea Journal, you can quickly generate numerical scores that make it easier to compare competing ideas, too.

Here's what the scores can tell you:

1 – 40	Forget It
41 – 62	Not Likely
63 – 86	Needs Work
87 – 105	Possible
106 – 120	Interesting and Worth More Research
121 – 137	Very Promising
138+	Aha!

Ideas scoring low are not going to work, while a high score could be the Click Millionaire lifestyle business niche you're seeking.

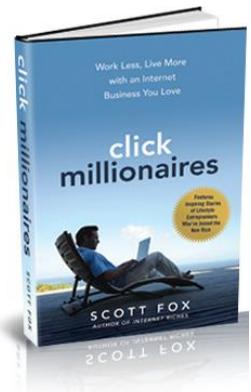

This checklist includes the seven Lifestyle Business Design Success Principles from Chapter 5 of *Click Millionaires*. These are the same criteria I use *personally* when deciding whether or not to invest my time in a new business. I hope that it is helpful to you.
