### Overview:

The workshop is based on the new book, IMPACT! Reclaiming the Call to Lay Ministry by Kay Kotan and Blake Bradford. The authors are able to offer a unique and blended perspective being a lay person and a clergy person writing and resourcing team. The resource challenges clergy and laity alike to once again sound the horn for the call to lay ministry. The United Methodist Church was founded on a lay ministry and it is time once again to reclaim our roots. There are eight different areas of ministry where laity can have a tremendous Kingdom IMPACT!

- 1) Christ's Church for Christ's Impact
- 2) Cultural Impact
- 3) Discipleship Impact
- 4) Relational Impact
- 5) Missions Impact
- 6) Worship with Impact
- 7) Impact-focused Lay Leadership
- 8) New Pastor's Arrival: An Opportunity for Impact

Each chapter covers the what and how to rediscover the area of IMPACT and equip leaders to shift towards laity IMPACT in each area. In the book, each chapter has a series of questions for laity, leadership, and staff to process to discover potential areas for growth and development.

It's time to rise up once again and create some IMPACT, laity!
