Pop-Up Worship believes that, “all people are sacred, all places are sacred.” With this vision in place, Pop-Up Worship works as a roving worship experience, intended to access all people. The purpose of the temporary worship locations will be to reach those who are unfamiliar or disenchanted with traditional church worship. Pop-Up Worship believes that to reach those who are not currently attending church, the mystery of worship needs to be unveiled by giving others a peek inside.

In the Gospel of John, Jesus says to a Samaritan woman, ““Believe me, the hour is coming when you will worship the Father neither on this mountain nor in Jerusalem...The hour is coming, and is now here, when the true worshipers will worship the Father in spirit and truth, for the Father seeks such as these to worship him.””

This Scripture continues to cast the vision for developing an innovative worship experience that extends beyond the walls of the local church to embrace a dislocated approach delivered across various contexts.

Our goal is to help start innovative Pop-Up Worship experiences throughout our communities. These experiences could take place at different locations including community gardens, beaches, parks and even parking lots. The idea is for each community to identify the popular areas that could reach a large number of unchurched people.
