MULTIPLY- "Outreach at the Border" - "Alcance en la Frontera"
45 minutes (including song, opening prayer and evaluation form)

Intro: What kind of families live at the border and how do you outreach to them? What faith pathway applies better for them to become part of a community of faith? What are the main issues at the border and what mission opportunities are there for our community of faith?

This brief workshop is based on the ministerial experience of a pastor/planter trying to outreach families living within a 5-10 mile radius from the fence between Mexico and the U.S. Join us for a bilingual presentation (English/Spanish) and come out with an 'spark idea' to multiply.
