Meditation: Angelsu

Mayan Calendar: Rainbird

Starting **Wednesday, a new wave: Chicchan** which lasts for 13 days: a wave of change, transmuting energies. Chicchan is the serpent, a warrior aspect.

13th Thurs – 2 CIMI – Cimi is the warrior aspect; For this whole week and 10 days in a row, we have portal days so we are working with multi-dimensional aspects: as above, so below – a powerful energy working in the core of the matrix. We are bringing in galactic energy. Chicchan is a body wave, body surfing!

Warrior is a reflection of what we draw to ourselves. Chicchan is also a guardian.

- Our task is forgiveness and living in grace; we have extra-dimensional energy to do this. We are working with polarity.

14th Fri – 3 MANIK – Manik is blue hand, blue deer, a healing aspect. Valentine's day – balance of service. We have Women Rising on this day, as well.

15th Sat – 4 LAMAT - 4 is structure, measure; Lamat is the stargate – visionary aspect; also a portal day – good access to the stargate energy.

16th Sun – 5 MULUC - moon energy, assists us with abundance, telepathy; 5 is centred energy – another portal day so it is being supported. Also Mercury retrograde, so the work is inward.

17th Mon – 6 OC - Oc is the dog, unconditional love; 6 is rhythmic energy

18th Tues - 7 CHUEN - the monkey, another artist aspect – a magical artistry of work and play; 7 is the middle of the wave, and also the difference between 13 and 20, an unseen energy

19th Wed – 8 EB – a re-visit to the EB energy, a healer aspect, planetary harmony

20th Thurs – 9 BEN – skywalker, another warrior aspect, 9 is expansion and activation of the love energy

- A powerful week for change and transmutation – lots of good energies for doing all our prayer work and all kinds of work

MR: We are healing a lot of these energies

Annie Rose: Loves the introductory Music: [Bach: Jesu, Joy of Man's Desiring]

- As Moon goes into Aries, a new beginning for everyone, new understandings
 - These will be changes in attitude which will be welcomed in the end
- Mercury Retrograde has been gnawing on people's nerves [Retrograde started Feb 6th; ends mid-March]
 - Not done yet: there will be one more hideous time with snow and ice
 - Stuck in the house – can be strenuous! Use the time to meditate
 - About not signing contracts? Just during Mercury Retrograde – can do it, but will probably have to re-do it later due to some kind of change in wording, for example.
 - She does not buy big items when Mercury is Retrograde – put them off a week or two
 - good time for clearing things out
- Getting much about the military
- Needs to be a re-vamping of security for university students
- Sports will be in the news in a big way: baseball in particular
- After March 15th, good time to go on a diet: will lose weight quickly

- There will be so many upsets in the elections: need to be discerning with who we vote for & clean up politically – local elections are quite important.
- Not done hearing about the Affordable Health Care act: will still be info on the amount of profit the insurance companies are making; uncovering of wrong doing – she is getting info about this

Hard News: MR refers to the “world of funniness”

R: Huff Posts uses “The Weird News”!

- A 5th bankster found dead: so-called suicide: in the US, maybe Kentucky
- All of it has to do with the final wave we are going through today

R spoke to #15 of the Wingmakers: we are at the timeline where NESARA gets announced, and the other timeline gets erased!

- There are things beginning to pop up in the matrix: the real world is popping through the dream world
 - A rabbit-like animal seen on Mars in last week: not sure what it is – it is alive, moving
 - The same craft docked at ISS is not being discussed: still a big deal
 - **Other things going on around the planet are distractions** as financial stuff continues to fall apart
 - The DOW is not 15,000: all smoke and mirrors – there is no money to allow quantitative easing
- The markets collapsed 100% 2 weeks ago Monday: all else is fall out as the real story comes into focus
 - The Congress creatures are having to come to terms with what is happening
 - Talk of all kinds of various moves being made to get around Mr Boehner: the unemployment, the immigration bill passed – to go completely around the Speaker: Chris Hayes talking about this tonight
 - Harry Reid discussing this with Sherrod Brown – a procedure R does not understand
 - All about the fact that **we are at the crossroads: the timeline is here and now**
 - Mr 19.5* is doing what he needs to get the next level of disclosure to happen & then other things happen – yes, it is closer than it has ever been!

Mr #15: this time is NOW because the energies coming into planet with the full moon and Valentine's day – all about LOVE.

[#15, a Wingmaker like Rana Mu who has come from the future to help us; he is the one who did the mind meld with KOS – after the mind meld, KOS could speak 22 languages, read, write, translate without a hitch]

Rama got to talk to Dodi and Di on Monday, plus Katherine of KOS office

- D & D were at the Olympics; along with 10s of thousands of people,
 - they saw 3 uncloaked mother ships over the games – looked like the ones over Phoenix – everyone gasped! Only in Pravda paper – Randi Rhodes saw it in that paper, and later it was pulled so there is a black out on that story.
- They said the market is going into its final permanent free fall collapse – won't be allowed to use quantitative easing or anything else to prop it up. Dropping rapidly - this is causing havoc
- in Japan the people do not like Abe: he is trying to stir things up.
- Pres XI and Putin are working with Pres Obama; Abe is working with the black mafia of Japan
- In Virginia and New York: legislations trying to be made to make 2 names in history books and call the “Sea of Japan” the “East Sea” which is what South Korea wants.
 - Japan is furious about this; There are many South Koreans in W Virginia and NYC AND it also has to do with thwarting peaceful negotiations between South & North Korea; there are also back room negotiations between Japan and North Korea –
 - don't be surprised if there is an overnight change: strong influence there to say stop stirring the pot, and there are underground movements to stop the US criminals from disturbing things – no more war games

Dodi: the White Dragon Society and the White Knights are leading Ben Fulford as a member of the Fortune 500 folks and as the old guard that he is, they are leading him down a primrose path to

nowhere: he will be permanently removed from the earth at the appropriate time;

- also Neil Keenan started out with good intentions but got involved with the inner circle of the dark folks in the Pentagon and the Congress whose focus is on money and prejudice against the black man in the White House and the twisted idea that as they get money, then they will help people on their terms - the means do not justify the end
- **So he will get a visit from the White Knights: you have joined the opposition and have misused St Germain's money**

- **The largest march since the 1963 Civil Rights March** occurred in North Carolina this past weekend: 200,000 were involved
- **The snow is fake snow:** don't go in it, don't play with it; don't touch it – has deleted uranium tailings and huge amounts of vile chemicals keep away altogether
- **EVERYTHING GOING ON RIGHT NOW IS A COMPLETE DISTRACTION – we are globally bankrupt and THIS IS THE ONLY THING GOING ON RIGHT NOW: we have to get done with this job**
 - A price has been put on the heads of JAMIE DIMON, BEN BERNANKE, LORD BLANKFEIN, Mr Osborne, Head of Bank of England;
 - Stephen Harper will be put in shackles for SEX CRIMES, MURDERS OF THE INDIGENOUS PEOPLE FROM AUSTRALIA WHO LIVE IN CANADA, lots of them
 - As they are rounded up and brought before the people, all the questions about NESARA: **St Germain and Ashtar have it all in the bag;**
 - **KEEP AWAY** FROM ALL other money raising ideas being touted on websites: the Esther and Bathsheba Trust: it is **another Schindler's List** being touted by those from INNER EARTH, RUSS MICHAEL of Global Light, MICHAEL ELLEGION

End of Dodi's message.

Guest: Lloyd Mear

Contact: 760 – 362 – 4679

- Call MariettaRobert for the numbers he has given out, and if need to check contact #
- The manual of 130 pages and a CD costs \$106, update comes out about every 6 months
 - The CD contains the training sessions Lloyd did with those of us on the call.
- To get an individual appointment, call and leave your message and phone number - he will develop a number if he does not have one available for a specific condition;

MR: speaks of the fake snow

Lloyd: lots of hype and maybe not so much fact: is dealing with people with conditions that need help
Has no comments to make on the snow

- Can say that the sun has been putting out a lot of flares: the energy hits earth a few days later – lots of gamma rays and it affects the blood:
 - calls it immature blood – appears to shut down chromosomes 21,22, 23
 - Spleen building blood like crazy which is not being retained as it is immature
 - Has to get the lymphosites in the blood back to normal
- Symptom: very, very tired
- Another thing: MS of the brain cells – generally appears on the left side of the brain, MS is always common – seems to be more prevalent: discomfort is sore feet and ankles and you have done nothing to cause this.
- Depression: an embedded fear that can lead to an acute depression; has #s to deal with this
Inflammation can be a contributing factor
 - Has just developed the # for a bee sting

MR: since inflammation would be consistent for all, would giving # out be a good thing?

Lloyd: Bee sting

52 63 76 86 785

Repeat 7 x, 2 to 3 times a day for 3 weeks and see if the inflammation goes away

MR: she is seeing more people coming to her centre with inflammation

Lloyd: the green pea, the highest producer of energy in the vegetables

36 68 53 67 727

If read that, will feel a boost of energy!!!

- From **Arctic Ruby Oil:** comes from a shrimp native to the ocean there –
**effective to reduce belly fat; reduces aging; increases stamina,
treating certain types of lung cancers**

43 54 76 63 378

How he did it: Lloyd had a brochure where he read it: asked his dowser if it exists: yes;

Then asked for the #. Then he put the # in water, works with the # to find out what it will do

- **To make yourself into a 108 frequency:** Repeat this # 10x

71 68 96 57 787

- 108 frequency allows you to put the number you want into the water
- Place your right hand on a gallon of water, and bring the frequency up high from 30,000 frequency to 80,000 frequency
- If you have a lot of pain say from passing a kidney stone: you can put the # of morphine in the water and take it
- if you have the number, you can put your left hand on the patient's shoulder or the child who is too young to do numbers – you can give numbers telepathically to people as well.

- You can use the frequency yourself
- It is the same thing with everything: if you read the # for peas, you don't have to eat the peas!!!
- If you tape the number of whatever to the bottle of water and leave it about 8 hours, the energy of the number goes into the water

- What about improvement in eyesight due to neurological damage?

- Do **Vision nutrition** – can help stabilize eyes

69 39 53 47 697

- This number contains the 8 numbers which follow underneath this main one.

- Fukushima means radiation is all over the place: numbers for radiation

Lloyd: The radiation has levelled off enough – not finding it is a problem at this present time.

T: NHK out of Japan said this morning that there are huge leaks of Sesium and other pollutants

- Maybe we could set a good intention, do the 108 frequency and help the others.

Lloyd: He is **NOT saying** radiation is gone or is not happening over there!

T: Thom Hartmann gives a rad count across the US:

- last week in North Carolina was over 500 rad counts; in other places, it is going up over 100, 200 • when this started, the count was at 10, 30, 50

- Page 115 of the manual: **for nuclear Fall out** 68 77 38 46 787

78 36 52 68 775

83 36 43 67 389

68 78 68 43 67 87

97 48 69 58 778

99 56 84 99 777

T: What is the difference between the numbers just given out?

Lloyd: basically designed to deal with radiation out of Japan; that block of numbers covers all the radiation needs from Japan

T: gives a process to use: (1) set the intention to have these numbers help people and all living things:
(2) make self into 108 frequency, (3) then repeat each number 10X

Lloyd: Travelling: 1st half of April – to Michigan
2nd half – to Colorado

Water:

- one bottle is called balance to support all the systems in the body
- 2nd bottle: supplies all nutritional needs; a matter of drinking ½ glass in the morning & ½ glass
Then refill with non-chlorinated water.
- At the end of the week, use your 108 # and potentiate the water to a higher level

COSTS: Session: \$65

- 2 bottles of water are \$85 and they pay the freight to send the water to customers
- Manual: \$106

- Water will last 6-8 months if you re-charge them at the end of each week.
- when Phyllis comes home from shopping, she lays the bottles down on their sides and puts the food on the bottles so the food has all the nutritional value without any expense.
- Can get vitamins and minerals by putting it in the water. If your body does not need it, the body will slough it off

Hard News:

Ed Show this morning: **Naomi Klein was on**

- What is going on in Syria: 9/11 – the same folks who did 9/11 want to take over Syria
- Putin is actually an anchor to see that this does NOT happen
- A tricky situation: the people inside the country are not listening to any Geneva discussions because all is skewed: Bashir al Assad is skewed because he is tied to the west;
 - Syria is still considered by France to be its colony

Naomi: if 9/11 had not happened, the US would not have been in Afghanistan, Iraq, Syria or Libya

- What is going on is **Libya** is absolutely out of control: murder, assassinations, etc etc
 - the people in Libya say it was better in Libya when Ghaddafi was in charge!
 - There is no oversight:-brink of anarchy: arbitrary detentions, torture, state of insecurity
- **Benghazi:** cradle of revolution – a dangerous place to be

- Tonight in the news: a major war on drugs going on right now: 98% of the heroin comes from the poppy fields in Afghanistan; this is going away – only 10% is getting to the US – white knights are stopping it at the border, so it is no longer so easy to get

Naomi: she said that [the clone of] Ghaddafi would be alive if it weren't for those who were not arrested for 9/11 – indirectly, she is nailing Hillary for doing Benghazi [Hillary made the clone]

- Also said that Hillary is on a one-way ticket to the White House or could it be Joe Biden, Elizabeth Warren OR Michelle – will she be nominated? T & R were told a long time ago that MO would be the next pres; yet so much is going to happen with the changes of this year – all will be turned around!!

Naomi brought up the XL Pipeline as a very bad deal – Koch Bros stand to make \$100 BILLION, along with ALEC and some other Republicans

- Brought up Citizens United – means that foreign money can come in via Shelly Adelson – Chinese are laundering mafioso money through him
- Dennis Rodman is a funnel for Kim jong Il's wishes!

More of Rama's conversation with #15 Wingmaker:

#15 – we are at the timeline where NESARA gets announced, and the other destructive timeline gets completely erased

R: how does this happen? Who puts the cotter pin in the hole that makes this shift happen?

#15: that is the crux of the matter: it is about the dance Mr 19.5* has to do – that's about him calling a

Special National Press Conference on Full Disclosure; there are senior Senators and House representative intently aware of and watching the craft at the ISS

- Those watching the craft at the ISS: there are other world leaders also aware & watching carefully
 - Everyone knows this is a peaceful mission connected with the reformation Act
 - The energies pouring in to the planet with the full moon tomorrow – the order of the day is love, and that is what heals this situation and the planet

R: When do the criminals finally get exposed and arrested?

#15: in the last 24 – 48 hours, another bankster was suicided in his home [actually murdered]

- Has to do with the bankster's own kind indicating they intend to squawk – take them out if they think someone will squawk.
- As we are watching the collapse of so-called civilization of the old kind, love is the answer; out of the ashes of the old, the phoenix rises

NHK: a university man giving a long discussion about the nature of the negotiations re-started between North and South Korea.

- The Axis of Evil was North Korea, Iran, and Syria
- There is a tension being driven by Presidents Xi of China, Putin of Russia, Obama on US –
 - Xi is on N Korea, Putin is on Syria; Obama is on Iran
- P M Abe wants to resolve the long running dispute between Japan and Russia: the 4 Russian held islands off Japan. The nations did not sign a peace treaty after WWII 68 years ago
 - Abe: it is crucial for leaders to understand the islands were illegally occupied at the end of the war
- The **East Sea/ Sea of Japan:**
 - up to now, bills being created in the US have focussed on names used in history books
 - Now in New Jersey, lawmakers want to change the names used by government officials and call it as the East Sea [which shows preference for South Korea over Japan]
 - West Virginia and New York: both putting forth bills along the same lines
- Both **N Korea and S Korea** in “The Truce Village” met for 12 hours: watchers said real progress was made. The fact that they met at all is surprising.
 - The North asked the South to postpone its annual military drill with the US; the south turned down the north's request & said the issue of families was un-related.
 - Kim Yong Il said there should be a more conciliatory tone: stop bad-mouthing each other in public After the lunar new year at the end of January was when this was said
- **the professor at the university in Seoul, Korea:**
 - Development goals of N Korea – security seems to lie in its nuclear projects Using its economic zone
 - This year, focussed on foreign relations, and making conciliatory proposals to South Korea
 - The most important for the north is international environment
 - North Korea desperate for better ties with the US – yet for Obama, the mid-east takes precedence
 - Which is why the north is focussing on its relationship with South Korea: no doubt the US will watch what develops
 - Japan seems willing to talk as Japan is getting isolated from S Korea - normalization

R: The jade rabbit has somehow come back to life: it went down a week or two ago – the Chinese space craft on the moon! Maybe it got an upgrade from some friends?

Drug Company: the arm of the firm **Novartis Pharma** in Japan facing question about the role its staff played

NHK has learned that the staff were involved from the outset in some trials

- Leukemia: Japanese having a high rate of Leukemia due to high rate of radiation
- A study that was supposed to be overseen by doctors: rules banned staff from getting involved – a physician at the University of Tokyo Hospital e-mailed the plan in a file created by Novartis
 - There is an investigation in Japan about the procedures.
- Every week they hear from Mike Papantonio: that the pharmaceutical companies Monsanto, DuPont -

are responsible for killing people in the US due to the pharmaceuticals: upwards of 75,000 killed annually due to bad pharmaceuticals

- Literally, the doctors are doing it for the money, and they are aware of what is happening: the money is squeezed out of the people who end up dead.

To be fair....

In the Pacific Time Zone (PST), the Moon will be full at 11:59 p.m. on **Friday, February 14**. With this Full Moon, the Sun in Aquarius will be in opposition (180°) to the Moon in Leo. To further clarify how this Full Moon will impact you on a personal level, locate 27° of Aquarius and 27° of Leo in your birth/natal chart. The issues associated with those two houses are going to be most impacted by this Full Moon's presence.

As with all Full Moons, this Full Moon in Leo is asking us to find a balance between the two signs involved, Leo and Aquarius. Keywords associated with Leo include self-confident, big-hearted, loving, romantic, loyal, dramatic, and self-focused. Keywords for Aquarius include independent, inventive, humanistic, social, tolerant, rebellious, and other-focused. Our attention now shouldn't be on one end of this continuum or the other, but, instead, it should be about finding a balance between two seeming opposites. Both are important now, especially in the houses through which the transiting Sun and Moon are moving in your birth/natal chart.

Full Moons in Leo tend to be fairly playful and sociable. And in the United States, this one happens to fall on Valentine's Day. With romantic Leo involved, it's a good day to make a big deal about the day of love! Applaud, appreciate, and love your significant other. Let them know just how special they are to you and how much you value your relationship. If you aren't in a relationship, then focus on believing that you are spectacular and deserve to be loved, which is true! This Full Moon will open our heart chakras, which will allow us stand out with confidence, authority, and love, including self-love. So let your heart shine!

Leo is ruled by the Sun, which loves shining bright, even if doing so brings a little drama along with it. Aquarius is ruled by unpredictable Uranus, so it, too, can enjoy creating a little drama now and then. The appreciation for drama is something these two signs would appear to have in common. However, with the Moon in Leo, the drama is designed to bring attention to the individual, whereas the Sun in

Aquarius is about using drama to awaken others to the need for social justice, tolerance, and humanitarianism. These are two very different approaches! Luckily, both can be used effectively now, in moderation.

However, Saturn is squaring (90°) both the Sun and the Moon. Saturn tends to focus on responsibilities, order, discipline, and structure. This will very likely help control any overly dramatic tendencies, although it could also put a damper on some romantic Valentine's Day plans (if you allow it to do so). This configuration of three planets forms a t-square (right triangle) in fixed signs, which is challenging us to solve problems in practical ways (Scorpio Saturn) using our intellect (Aquarius Sun) and our emotions (Leo Moon).

Luckily, Mars is trine (120°) the Sun and sextile (60°) the Moon. These favorable aspects will provide us with the energy we need to take action. This is especially true if those actions support Saturn's involvement in the Full Moon in Leo. Mars will provide the courage and motivation to address challenging issues around creating more structure in our lives and/or taking on a leadership role. And the sweet sextile to the Moon means that we have support now for anything we want to put our heart into.

Uranus is the modern ruler of Aquarius, and it is involved in the ongoing series of squares (90°) to both Pluto (i.e., 7 between 2012-2015) and Jupiter (i.e., 3 between August 2013-April 2014). All squares indicate turning points, and Uranus's involvement with both Pluto and Jupiter is urging us to break with tradition and establish new understandings, new ideals, and new institutions. This cardinal t-square formed by the 3 planets will continue to be an ongoing influence in our lives for the next 10 weeks, intensifying the cosmic summons for change, creativity, and ethical behavior.

At the time of this Full Moon, retrograde Mercury conjoins (0°) the Sun in Aquarius. This further reinforces the cosmic imperative to "think outside the box." And both Mercury and the Sun square (90°) Saturn in Scorpio, which urges us to use our power and resources well. We may receive important insights and revelations when the Sun conjoins (0°) Neptune on February 23 (*see below for more on this special day*), when Jupiter squares (90°) Uranus on February 26, and when Mercury turns direct on February 28. The latter change in Mercury's direction occurs during the time of the next New Moon, which will add impetus to any new starts in our lives.

The next day (**Saturday, February 15**), Mercury forms a free-flowing trine (120°) to Mars. We may find it hard NOT to think that day! Given Mercury is in retrograde, remember that "re" words are emphasized. So this may be a good day to reshape your thinking and reconsider how you are communicating with people. We may find ourselves thinking about how we can realign our goals so we can evolve as souls. This is a good time to reaffirm the power of affirmations, refocus on believing in ourselves and what we have to offer, and reconnect with Spirit/Universal consciousness. We will need to have all the "re" work done by the time Mercury goes direct on Friday, February 28, so use the power of this Mercury-Mars trine to kick things into high gear regarding the "re" words in your life!

On **Tuesday, February 18**, the Sun moves into the mutable water sign of Pisces. We are being drawn out of the Aquarian clouds of idealism and down into an emotional connection with all of humanity. The Sun in Pisces can either provide us with the faith and compassion to smooth out any rough spots in our lives, or we may feel drawn to lose ourselves in distractions and delusions in order to avoid dealing with them. Additional escape pods could include using substances or even using spirituality as diversions from our Earthly reality. We may feel less active in the watery energy of Pisces, and our decisions may be more intuitive than usual and, therefore, hard to explain. It's important now to use faith to override fear and to focus on the higher expressions of Piscean energy (e.g., empathy, selfless

love, devotion, wisdom).

Luckily, the first day that the Sun enters Pisces (**Tuesday, February 18**) is unlikely to be a day when we drift off into fantasyland or escape into delusions because retrograde Mercury squares (90°) Saturn. As long as we don't fall into the Piscean pitfalls of negativity (e.g., doubt, pessimism, despair), the presence of this aspect could prompt some serious thinking that shifts our focus away from being a victim and toward finding solutions. Unfortunately, because this aspect is a square and squares often involve conflict, the signals we receive about where we need to refocus our energy (another Mercury retrograde "re" word) will very likely come in the form of obstacles. Because the Sun is in Pisces, we may have to work very hard to counter any tendencies toward negative thinking right now. And again, because Mercury is in retrograde, projects that we thought were complete might need revisions. Above all, be patient with each other because words could sound more critical than usual right now. Try not to personalize anything!

On **Friday, February 21**, the lunar Nodes change signs. For about the last 18 months, they have been in Scorpio (North Node) and Taurus (South Node). For the next year and a half, they will shift into Libra and Aries. Lunar nodes have to do with life lessons, and this change will impact us on an individual and collective level. For example, although independent action and possibly even aggression (South Node in Aries) may be the way we used to deal with things in the past, we will begin to see a greater need for cooperation and compromise (North Node in Libra). This shift in the nodal axis to Aries-Libra supports the overarching evolutionary emphasis for humanity to move toward an understanding of unity and oneness.

Once a year, the Sun forms an exact conjunction (0°) with Neptune, and this year it occurs on **Sunday, February 23**. Although all of us will likely feel more emotionally sensitive, this could be a very magical, spirit-filled day. Our sensitivities (on all levels) are enhanced. We may find that we are more able to connect with other dimensions, including highly evolved energies that can assist us on furthering our development and raising our level of consciousness to new heights.

On **Monday, February 24**, a sweet sextile (60°) between Venus and Saturn could bring order to our relationships. Although relatively brief in duration, this is a mature aspect that often supports everyone in being more reasonable than usual. Feelings, when expressed, are likely done in a reserved fashion, and a new sense of realism in existing partnerships (of all kinds) may come now. If needed, we may receive advice and guidance from authority figures or from those older than ourselves. This might be a good day to spend time in meditation or out in nature.

The next day (**Tuesday, February 25**), the second in a series of three exact squares (90°) between Jupiter and Uranus occurs. For a few days before and after this exact square, we could feel more impulsive or reactionary. Also, some of us may feel an increased need for excitement, adventure, or fun. However, this pairing has been known to incite philosophical battles, so it would be best to back away from extreme positions until after this aspect makes its third and final square on April 20.

This Full Moon in Leo is telling us that we are ready for some new beginnings. We are living in extraordinary times, and it's important for each of us to add our voice, our hands, and our gifts to the world. This Full Moon in Leo reminds us that we are all part of the human race, and we are in this together. This is a good time to think about where we are ready to think, see, and do things differently – and then we need to let our heads (Aquarius) think outside the box and then let our hearts (Leo) show the "right" way for us. As Einstein observed, "The significant problems we have cannot be solved at the same level of thinking with which we created them."
