Opening Meditation: Patti, introduced by Tara

They met Patti when they visited Trinity Point in Virginia; this place has great power. She works with galactic star energies which come through her. She's been very close to nature and animals; has developed a recent essence is "the essence of the 6th Sun".

P: Our personal guides will be here + 10,000 angels & fairies, elemental beings – the wee folk of joy, gentleness and play; the flowers. We heard a crow in the background which is about shape shifting and joining the circle.

Housekeeping: Patti

HARD NEWS

Camp Lovewave: talking of the energies pouring in right now; Mahala's message today is good

- Wave X is a wave of love and is changing every single particle.
- Teran, Bear, Nigel said that earth, the 3rd planet, is on the hot seat, due to the frequencies which are moving us closer to Galactic Centre.
- We're already sealed in the 9-9-9, the place where we ain't going back to where we were! The frequencies are only getting higher and higher, and more intense for the 13 families who can only forgive themselves.
- What's happening locally: it's quite an effort to stay neutral about The Hair and the other clowns – there's no sense of anything serious there, just perpetuating the Old Order.

Teran: the astrology – as we get closer to the 1st eclipse on Sept 15th ?? and the next series, he knows that this story about the Iran deal – Mr 19.5* has it in the bag. The ones who want to create war and other fiascos will get nowhere.

- Like the lady in Kentucky who thinks same sex marriage is wrong [Kim Davis, now in jail for not carrying out her duties as the city clerk in Rowan County] - the new cosmic sex is not about bump and grind, but raising the kundalini

T: there are a lot of folks know who have had a kundalini experience and it is available to all of now, simply by raising the consciousness.

Teran: the most important thing we can do is send all the situations more love, more than we can imagine: they are at the last seconds, hanging on to a virtual rope which is fraying!

- It's like the coyote in the cartoon [Wily Coyote and the Roadrunner] who runs over the edge of the canyon! We are now before the Great Mother Goddess, and the Dark Rift is wide open: send more love to these folks, The Hair, Hillary, Mr Huckabee, Mr Cruz – yes, it's hysterical and not funny, but so tragic: you have to be quite literally where you took the blue pill as Morpheus said [in *The Matrix*].
- As our galactic friends and star brothers and sisters land, we get a big wake-up call.

They have already arrived and we are getting out from under the

- **Physical immortality is a reality RIGHT NOW!** He remembers Mother saying last night – just go sit with Baba Gi on the shelf over the cliff !

R: talked to none of his folks: no one answered their phones –

- **Tom the Cat** via text: folks are wandering back into the District of Criminals for the historic vote on the Iran Deal on Thursday: it would be in their best interest to vote YES!
- Speaking as a Bridge Officer, Rama said that when Ashtar says no nukes, he means NO NUKES!

T: there's a big screech out there: we've got more refugees – around 20 million heading for Europe right now – that's how many need a safe haven – which is what the US has – Arandathi Roy said there is more of us than there are of them: the power of what we do at higher levels is stunning.

- As Bernie said: this is not about me; this is about us, as we take the quantlet of power and use it for the best of people.
 - As we move beyond religion which is part of the money game, and go into spirit – which goes back to the question about how Dr Keshe can do what he does:
 - Mother said last night 3D is cancelled and the manipulative measures of using nuclear holocaust yet the consequences of a few power hungry people would be . . .
 - they'd rather blow up the planet than come to the table of the promised land and compromise. That such people think Iran is not to be trusted [is beyond belief!]: there are some CIA Black Ops involved to – KOS said Hamas is not and neither is
- It's all about Netanyahu who has been a clone for over a year; Palestine is a rigged thing: they hire folks they have the goods on and say “do this for us” – and they usually

kill the one anyway. For example, if someone watches porn at work, they know it and blackmail them -

- Last week, we talked of religion: from Hidden Mysteries magazine, The Mormons and the Jehovah Witnesses are the same organization. They are of the Tribe of Dan being naughty; has to do with the Black Irish and back to the Celts.

T commented on many things:

- the Merovingian line
- throne of England as an Illuminati throne
- The line of Jeshu has become distorted, made into a false prophet:
all the false prophets, religions get deleted.

T: today Joe Biden announced that he didn't know if he had the hutzpah to run for president; it was discussed on MHP this morning – first they killed his wife, and then they killed his son. Both T & R had the intuition that they might be coming for him.

- The terms of “democrat” and “republican” are not really understood, nor is “socialism”
 - *Democratic socialism* is NOT A HANDOUT! Constitution used to read “the right to life, love and property” – then it became “life, love and the pursuit of happiness”
 - **“property” meant SLAVES;** we must lift the shackles of the whole program from everyone which is geared to control

Honoring Our Elders: Lives Well Lived East Meets West from Samurai to MD, to Complimentary Medicine Practitioner. [STOPPED AT 58 MIN]

You can try to take nature out of healing but you can't take the Samurai spirit out of the healer.

Shot in HD, this documentary is an exciting exposé on some hidden truths about main stream medicine. It is eloquently told, in a very personal story of a life well lived. Sub titled East Meets West, this accomplished pathologist Dr. Hiroshi Nakazawa M.D., turned back to his early childhood influences of natural medicine. Fearlessly he tells the truth, about how and why we are over treated and over medicated as standard operating procedure by the current day eastern medicine. Coming soon exclusively to Free Speech TV from Frank Melli, producer of Meet The Farmer TV.

<http://www.pbs.org/wnet/african-americans-many-rivers-to-cross/video/robert-smalls-a-daring-escape/>

Robert Smalls was a 23-year-old slave pressed into service for the Confederacy aboard a warship called the Planter. For nearly a year, he quietly observed the movements of the ship and its crew. Just before dawn on May 13, 1862, Smalls took his chance. While the ship's officers slept ashore, he and his fellow slave crewmen pulled anchor and eased the Planter into Charleston Harbor. They had prearranged to meet their family members. Together they embarked on an extremely dangerous journey. Smalls had to navigate the ship past four Confederate checkpoints: Castle Pinckney, Fort Ripley, Fort Johnson and Fort Sumter. After successfully doing so, he then had to safely approach the vessels of the Union naval blockading force.

The vessel was not fired on. As astonished Union officers boarded the Planter, Smalls stood at attention, saluted, and spoke: "I am delivering this war material including these cannons and I think Uncle Abraham Lincoln can put them to good use."

Smalls went on to serve with the Union during the war, and beginning in 1868, in the South Carolina House of Representatives. Robert Smalls was elected to the U.S. House of Representatives to begin his first term in 1875.

Black Moon Lilith conjunct the north node of the Moon exact Friday but we have been feeling it a couple weeks, and will feel it a couple more. However, it could well culminate around Sunday as Venus stations and goes direct, as both of these signal a death/resurrection process of renewal that may be somewhat unavoidable.

It is an excellent time to go into, sit with, feel, and heal past relationship woes, hurts, and failures. It is a time when memories can get triggered, feelings re-emerge, and judgments of ourselves and others come to meet us. It is such an opportunity, if we can actually let them come up, not ignore and stuff them back down (where they create dis-ease) and step from judgment to a state of vulnerable inquiry for Spirit to work magic within our hearts, bodies, and souls.

I'm excited to share the 1.5 hour talk I gave last night after this report and it is uploading now. So if you like to go more into this, check out my webpage and/or facebook page for a look at the bigger picture.... coming soon. Wishing you all the best in removing those blocks to future happiness! CONFERENCE CALL

C1: thanks for the audio of the Japanese doctor

T: will start exploring the Age of Enlightenment, so send her the name of the book that is coming out about the meaning of **Alice's Adventures in Wonderland** and **Through the Looking Glass**.

- Discussion of David Cobb's presentation of last night, and of Mormons and Jehovah Witnesses
- Has heard stuff on Free Speech TV about the JW s and it is so dark. The religions were created to enslave people and to teach the wrong things – religion is about so much trauma; US as the land of the free and the home of the brave, and of funding ISIL.
- Talk of Jeremy Corbyn and the Labour Party in England having torn David Cameron a new one, that they need to take in 10s of thousands of Syrians, and the hard right is hitting Cameron with his election promise of not doing such a thing.
- Rachel Maddow played the interview of Hillary Clinton and Andrea Mitchell: Alan Greenspan and Ayn Rand had sex together as part of a black ritual; in **Atlas Shrugged**, Rand talk of John Galt who was a mass murderer and what he did, and how he wanted a ransom from a rich man; so he put the body back together again [of the girl he had murdered] and took it to the father – once he got the money, he dropped the body on ground as he sped off.
- They [the Illuminati] created the whole idea of the **Dominion Church of America**; its precepts are the *Protocols of Zion* [which have been read on the program]; Netanyahu and all the Khazarians follow them. Everyone in America is under the precepts of this church.
 - Pat Robertson was the head of that church until Jan 20th, 2001, when Bush Jr became the President of that church. The leaders of every country in the world have to go up the ladder: Great Britain is still in charge of the US; the next level is the Vatican which controls all the countries on the planet, so the Dominion Church fits hand in glove with the vatican: path is US to GB to the Vatican.
- There is a break here: over the so-called white pope which is the Black Pope [Peter Clovenbach who was executed by Faction 3 White Knights]; the next Black Pope is a Spaniard.
- In response to a question about whether or not Ratzinger took on the role of the black pope:
 - Ratzinger is NOT the black pope; he serves a lesser role of the white pope, having been appointed by ritual where they killed a baby and had blood and flesh – this is so evil:
 - the sip of wine and the wafer of communion are stealing the energy of people who take the communion; when T was old enough to know what she knew and watched what happened with father, brother; leaving home and coming in contact with a Wiccan coven who were esoterists and extremely advanced spiritually, they became her family and she was out from under the RC church.

Facing rapidly changing demographics, growing inequality and increased political polarization in the U.S., movement builders are grappling with creating new cross-generational ties and a new understanding of the relationship between equity and economic growth. How do we build movements based on vision and values, not interests and transactions? Manuel Pastor is Professor of American Studies & Ethnicity at USC, and founding Director of the Center for Justice, Tolerance, and Community at UC Santa Cruz. He directs the USC Program for Environmental and Regional Equity, and co-directs USC's Center for the Study of Immigrant Integration.

INFORMATION RELATED TO THE NOTES

THE MORMONS AND THE JEHOVAH'S WITNESSES ARE THE SAME ORGANISATION by David Icke

It's amazing how everything fits together in the world of the Illuminati if you are prepared to dig deep enough.

The people and organisations who attack and abuse each other in public, or appear to be in competition, turn out over and over to be different masks on the same face. Take the Mormons and the Jehovah's Witnesses (if we must).

We are told they are different organisations which stand for different "beliefs" and the followers of both would be aghast at the thought that they could be connected in any way. But then the mass of unthinking followers in any religion are merely the fodder and the screen behind which the real business goes on.

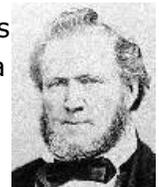

The founders of both "faiths", the Mormons and JWs, were of the Illuminati bloodline. Charles Taze Russell, who founded the Watchtower Society (JWs), was of the Illuminati Russell bloodline, which also founded the infamous Skull and Bones Society at Yale University. Charles Taze Russell was a Satanist, a paedophile according to his wife, and a friend of the Rothschilds. Indeed it was the Rothschilds who funded the Jehovah's Witness operation into being, along with other Illuminati bankers, through "contributions" by organisations like the Rothschild-controlled B'nai B'rith. This was proved in a court of law in 1922. One

of the key people involved in this was Frank Goldman who later became President of B'nai B'rith. Why would an organisation set up (in theory) to help Jewish people and promote the Jewish faith, be funding into existence the Jehovah's Witnesses?? I think the name Rothschild

answers the question. Russell was also a high degree Freemason and Knights Templar. He promoted Zionism, another Rothschild creation (see Was Hitler a Rothschild), on behalf of his friends and backers.

Joseph Smith, along with Hiram Smith and Brigham Young, were the key figures behind the creation of the Mormon religion. They were of the elite of the elite

Illuminati bloodline, the Merovingian or "Holy Grail" line, and were all high degree Freemasons. They were also Satanists and formed their "church" as a front for Satanic activity which very much still goes on today. Why wouldn't it; that is what it is there for. The Mormon empire was funded into existence by the Rothschilds through their Kuhn, Loeb, bank which also funded the Russian Revolution and Adolf Hitler, and yet again B'nai Brith, the Rothschild intelligence arm and defamer of genuine researchers, was involved.

Notice any similarities between the last two paragraphs??

Again the followers of these mind control cults would be shocked to think that the upper levels of these "religions" would engage in Satanic activity and human sacrifice of children, but it is about time they knew.

Russell's family was formerly known as Roessel and went to Scotland from Germany. Of course, Germany is a massive occult centre, from which the Rothschilds emerged, and Scotland is one of the key areas of the world for Illuminati bloodlines. From the start, Charles Taze Russell used his new Watchtower Society, based at Bethel, Brooklyn, New York, as a front for black magic, or Enochian magic as his brand of Satanism was called. He put the flying Sun disk on the front of his books, an ancient Illuminati symbol going back to Egypt and Babylon. *The Watchtower* magazine has always been a mass of subliminal and less subliminal occult symbolism and the very name, Watchtower, is part of Illuminati and Freemasonic legend and code. To them watchtowers are areas of the "magical universe". The unseen realms. Russell was buried under a pyramid in the United States after being ritually killed on Halloween 1917. These leading Satanists of the Illuminati are ritually killed when their time comes in line with their obsession with ritual. To them, everything is ritual. Again and again the Jehovah's Witness church is named by survivors of trauma-based mind control as being involved in these unspeakable mind control projects.

The Mormons were also created as a front for Satanism and, like the Watchtower Society, Enochian magic. When I spoke in Salt Lake City near to the Mormon Temple, I came across the fascinating book by William J. Schnoebelen called **Mormonism's Temple of Doom**. Schnoebelen was initiated into the Wicca religion, then into Freemasonry, before going through the Mormon initiation in the Salt Lake temple. He shows in great detail that all three initiations were the same. The same oaths, secret handshakes, and garb. Of course they are. We are looking at one face here hidden by many masks. The Salt Lake temple is covered with Illuminati symbols, like the All Seeing Eye, and it is built with granite, a rock which has been used throughout the ages for temples on earth power centres, and for esoteric initiation. The Mormons also use the bee symbol, a classic symbol of the Merovingian bloodline which people like the author, Sir Laurence Gardner, want to kid us goes back to "Jesus" when, in fact, it is the "Holy Grail" bloodline of the Illuminati, the "purest" reptilian line. Joseph Smith carried a dove medallion given to him by an English masonic lodge. The dove is Illuminati symbolism for Queen Semiramis, the female deity in their Babylonian trinity. The Mormon Church, like the Watchtower Society, is also a front for trauma-based mind control. Many survivors have told of their horrific torture in Salt Lake City in Mormon buildings and centres. The Mormon genealogy operation is also a front behind which the Illuminati keep track of the reptilian bloodline, who has it to a "pure" enough level and who has not.

Click on any picture on this page for a larger image

You won't be surprised to know, therefore, that the Mormons and the Jehovah's Witnesses are the same organisation at the top level where the Elders of the Mormons and the leaders of the Watchtower Society operate a very different agenda to the one their followers believe. But what chance have you got of knowing what is happening within your "church" when you refuse to think or question? "Have faith", the mantra of these religious con-men through the ages, really means "Don't think and don't question." I was taken around the Mormon temple site (not the temple which is only for initiates) by two lovely girls from Thailand and Hong Kong. They had worked their asses off for years to pay their own fare to America and to pay for their own accommodation and living expenses for the privilege of serving this unbelievably wealthy organisation, as "guides" (recruiters) for the faith. On the way round, I asked them what they thought the significance was of the founders of the Mormon church all being high degree Freemasons. They looked at each other for a moment in bewilderment and then one said: "What's Freemasonry?"

And a few can't control the world??

I want to give people the opportunity here to tell their stories about the Mormons and the Jehovah's Witnesses - and any other religious fronts - both to expose what is happening and to give people still in those "faiths" the chance to see what is really going on around them. If you want to contribute your experiences on these subjects please sent them to this website and we will start a new archive if there is a big enough response. You may have seen two contributions about the Watchtower society already.

Have faith!

**2007 - Atlantis Power Grid
13th Location Discovered!!**

by Doug Yurchey

Atlantis was a continent in the Atlantic Ocean and connected to 12 other colonies that formed a perfect GRID around the Earth. We know this now because of the long-awaited, (by a handful of people) new discovery in Canada. Precisely where a map of Atlantis from 1974 predicted SOMETHING would be found, something HAS been found by Google Earth. Here are the coordinates of a Nazca-like (image) INDIAN seen from high in the air: **50 degrees 0'38.20" N
110 degrees 6'48.32" W.**

Use Google Earth yourself to zoom down on the area and take your own photos! At the end of the article are more downloaded pictures of the Canadian terrain that appears as an INDIAN. After examining details of the image, the conclusions are obvious. The copper colored hills, like an Indian Head penny, were shaped and not natural formations. What is an Indian doing in Canada?

THE INDIAN IN THE MOUNTAINS IS THE FIRST EVIDENCE OF PREHISTORIC CANADIANS!

There are no pyramids, monoliths, stone circles, petroglyphs, mounds or ancient burials in Canada. But, there SHOULD be evidence of early Indians in the vast northern country. If Indians walked to the Americas from Asia over a land-bridge at the Bering Strait, why is there no trace of prehistoric ruins of any kind in Canada? This mystery is huge and ignored by archeologists and educators. The Indian-absence means their entire picture of the past is wrong and backwards!

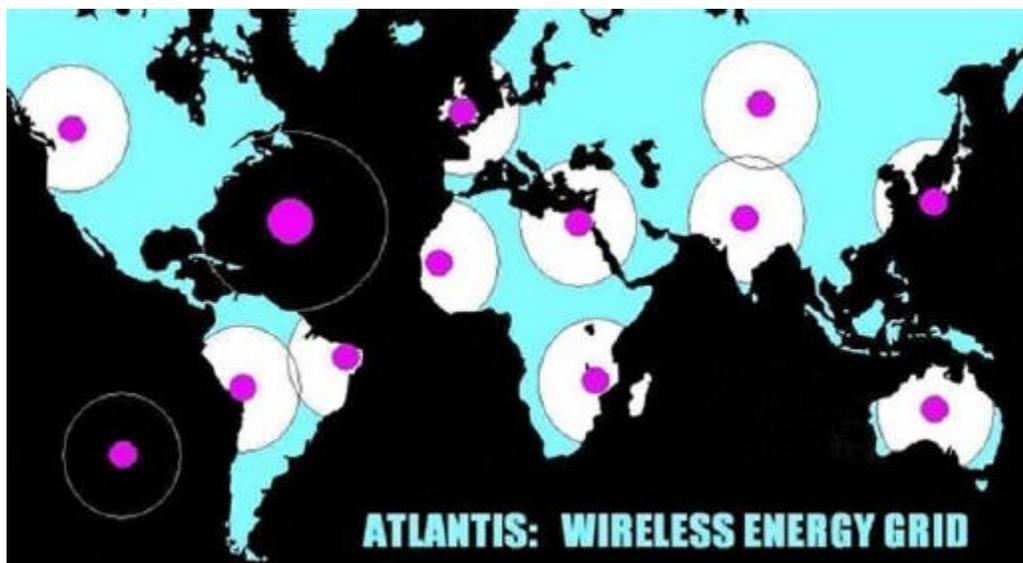

Thor Heyerdal did not prove Indians arrived by boat. His better built, second attempt at proving an obsolete misconception sank with the Ra II.

The farther back we go in time, the MORE advanced technically (and mentally) were the Indian civilizations. We know this by 'reading' or studying the physical stonework, what ruins they left behind. The Anastasi, Hopi and Cahokia Mound-Builders were more advanced than the later Indians of the Old West. The Aztec Stone-Builders were more advanced than the great earth-movers, the Anastasi/Cahokians. The Maya were superior to the Aztec. The Toltec Age came before the Maya and they were greater than the Maya. Toltecs' ancestors were the Inca; they built impossible stonework on top of the Andes Mountains! Incas farmed on mountaintops many thousands of years ago where no one can live today. The Pre-Inca constructed stonework 'impossible' by present-day standards. They had no hieroglyphs because of the unbelievable reason that the PRE-INCA HAD NO NEED for a written or spoken language! (psychic-society) The same can be said for the Pre-Egyptians an ocean away. They were the survivors of, yet another, superior and previous Age...the Age of Atlantis.

THE INDIANS CAME TO THE AMERICAS BY AIR!

Canada should be the ancient home of the Inca with cut, trimmed and transported monoliths everywhere. Canadian provinces should contain MORE standing stones than England and northern France. Mountain ruins of intricately cut (lasered) and moved (anti-gravitated) blocks that cannot be duplicated by today's state-of-the-art technology...as they exist in South and Central America...should cover the Canadian hillsides. Imagine what Canada SHOULD be if history were correct: Snow-covered, massive, stone monoliths that defy our wildest dreams among great forests that have grown over the millennia. That is not the case; there is not even an arrowhead in Canada. Canada tells us history is wrong.

A truer picture of history is a NORTHWARD migration of Indian from the Peruvian Andes...to Central American pyramid-builders and, down the tech-spiral but geographically 'up' the map, to the simpler (less advanced) Old West Indians. The movement of Indian Civilizations over time was NORTH, not south as schoolbooks report. Indians also became LESS advanced over time. Teepee Indians had pyramid-building ancestors. This is the exact opposite of the always-progressing, technical curve that we are traditionally taught.

Examine the 13 locations of the ATLANTIS POWER GRID. The article will briefly explore the most

obscure of these Cradles of Civilization. Humanity flourished in prehistoric times around these culture-centers; upon each 'node' of the GRID; the same mysteries and parallels occurred at all of the 13 locations. Here is another major mystery of multiple origin-areas for the human race. There should be ONE starting point, not MANY; not on tops of the Andes, on remote Easter Island; in the middle of the Sahara Desert; Japan; Europe; far away Australia; deepest Africa in Zimbabwe; India; Russia; Brazilian jungles and now Canada? How did humans get everywhere on the planet, even to isolated regions? The same building techniques, great knowledge of math and astronomy, same burials, beliefs...and the same story of an advanced civilization instantly appeared and mysteriously disappeared at the GRID positions, should SHOCK investigators! Instead, traditional researchers ignore the forest for the trees. Pyramids were not tombs. Ancient (impossible) stonework functioned as 'utility poles' in a TESLA-based system, rather than idols to pagan gods.

If our ancestors were primitive, the titanic stonework of the past (pyramids, monoliths, great statues, etc.) would not exist. The Stone Age was not a primitive, caveman period; it was an age where human gods built upon the Earth. If traditions were correct, then the only evidence of the distant past would be unearthed in the fossil record. There would be fossilized thatched roofs, simple implements and the most basic of things. Instead, we discover the Power System of the Gods in impossible stonework in impossible places!

The Cradles of Civilization were built on a global grid. The significance of this geographical FACT is the 12 Atlantean colonies were all connected to the main Power-Station in the Atlantic. Global grids (as they would in today's wired world) exist IN A PATTERN, connected in a worldwide system. If we observe a repeating, global pattern or network around the entire planet...we are forced to conclude a high-tech 'intelligence' was the architect. In the case of a technical 'Eden,' that prehistoric empire was Atlantis. Atlantis was not a legend, but the ancestors of the Pre-Egyptians and Pre-Incas.

The discovery of the 12th LOCATION ON THE GRID happened in the fall of 2003.

'WASHINGTON, September 18, 2003 - Newly discovered traces of ancient roads, bridges and plazas in Brazil's tropical forest may help dispel the once-popular impression of an 'untouched' Amazon before the Europeans' arrival. In southern Brazil, archeologists have found the remains of a NETWORK or urban communities that apparently hosted a population many thousands strong. Reporting their findings in the journal SCIENCE, published by AAAS, the science society, the researchers say the people who dwelled there dramatically changed their local landscape.'

Michael Heckenberger of the University of Florida and his colleagues were 'baffled' at the discovery. 'There was this cherished image that the Amazon was pure nature...archeologists are compelled to revise their views of ancient Brazil.'

The 1974 MAP of 13 positions, in a pattern, predicted such a discovery would happen in Brazil and it did. In an area that was long thought to be too hostile for a human city, there were organized roads and parks 'in grid-like patterns.' Ancient Amazons managed large areas and were far more advanced than previously thought.

The 11th LOCATION ON THE GRID was discovered in 1985 by Kihachiro Aratake under the waters

of the South China Sea and called 'Yonaguni.' Beautiful blue/green photos of the quasi-pyramid structure can be downloaded off the Internet. The monument has wide terraces, ramps and large steps. Japanese scientists have documented marks on the stones that indicate they were hewn. A stairway carved into the gigantic rock on the ocean floor proves the structure was not natural.

Lemuria was an Asian Empire BEFORE Atlantis that primarily dominated the Pacific Ocean area. It is reasonable to assume the Asian Culture reformed as an Atlantean outpost around the Japanese sub-station. Yonaguni, just southwest of Japan, is physical evidence IN THE ANTICIPATED AREA of (again) an advanced race of Stone-Builders. Asians are not Indians, yet they may have utilized the World Wireless location predicted for Japan.

The 10th LOCATION ON THE GRID is in prehistoric Russia. There are ancient Russian megaliths! They, too, were stone-cutters and transporters of many tons of megalithic rock. Again we see a culture, thousands of miles away from the jungles of Central America, constructing massive totems. Russian megaliths resemble the Mayan stele. Like the standing stones of England and Australia, the harsh lands of the Soviets also contain similar monuments. In the Caucasian Mountains and all around the Black Sea, there are 'dolmens.' They are early, bizarre, stone dwellings. Some stand alone, some are in groups (in patterns). There are similar structures in North Europe and in India. They were not primitive. Sophisticated technicians, similar to Egyptian artisanship, had to have produced these buildings. Were they prehistoric bomb shelters?

'The Caucasian megalithic monuments are distinguished by highly skillful stone carving, almost that of a jeweler.'

The 9th LOCATION ON THE GRID is in central Australia, near Alice Springs. The first Aussies are now thought to have occupied the continent 60,000 years ago. The present climate in the Outback is a very hot, dry desertland. Many thousands of years ago, Australia was a 'green,' fertile terrain where 'giant animals roamed.' Bushmen, rich in legend, believe they are native to the continent. 'Down Under' is another land with ancient, monolithic, standing stones.

Near Alice Springs, archeologists have found 'fused rock' and glasslike particles. The only way such formations could have been produced is by an incredibly intense HEAT! The rocks may have melted together in an atomic devastation. The recurring theme of a fertile land, now devastated is a common occurrence on the GRID locations. There are numerous Aussie drawings and rock carvings that seem to depict strange visitors wearing helmets, antennas, gloves and boots. This is very similar to what is found at Tassili; strange, ancient paintings among a wasteland.

Ayer's Rock (Uluru) is one of Australia's most recognizable landmarks. It is the planet's largest megalith and is considered one of the great wonders of the world. It is a MAGNETIC mound similar to Silbury Hill in England. The huge rock is a giant spike in the ground and we only see its red top. Could the entire natural phenomenon have been 'electrified' in ancient times and used as an oscillating Power Pole as Tesla had demonstrated? Central Australia is one of the Map-locations, yet the entire continent seems to have slipped southward away from the GRID pattern.

Tassili is the 8th LOCATION ON THE GRID. In Algeria, there are mountains that rise from the Sahara Desert and resemble the mountains on the Moon. Again, a mysterious race of people came from parts unknown and settled in an inhospitable environment. They took refuge in the high caves. Tassili 'is as remote as you can get.' There are hundreds of thousands of rock paintings.

Painted by 'realistic' artists, the images show African elephants; giraffes; rhinos; hippos; horses; the ancestors of domesticated cattle; herds of antelope; flowers; wild fauna and flora; colorful meadows; grasslands; waterholes, etc. What is wrong with this picture? The paintings are prehistoric and in the center of the largest desert on Earth.

All experts agree on the incredible age of the drawings. They were not a matter of hundreds of years old, but many thousands of years old! Beyond the age, there is something incredibly ODD about the depictions. A small percentage show MODERN images! There are figures with large, bulbous, 'round-heads.' Some figures seem to be horizontally floating in air. Some appear to have modern accessories such as zippers; belts; wristbands; backpacks; antennae, etc. Henri Lhote called an 18 foot high giant, painted on the cave walls, Great God Mars. There was one particular 'round-head' in a modern, uniform-suit with antennae that operated an apparatus. Illustrated in the background, was a SAUCER with thrusters!

Consider that these were the survivors of some great, atomic cataclysm as mentioned in the prehistoric books of India. Where else would people go to escape the fallout...but in the caves? The desert did not form naturally. Given this scenario of a nuclear holocaust, it could explain the modern figures with round heads. They wore radiation suits. People, from other lands (a few) with the technology, could have been tested radiation levels and account for the strange images. Cave dwellers, with high quality paint, observed them.

'The whole of the Sahara is dotted with artistic engravings and paintings on rock faces.' These other locations are on the roofs of rock caves and mainly in the highlands. It is possible that there was less radiation, the higher the altitude. Tassili occupies one more grid-point on the map of 13. If we only examined the cave paintings, we are mystified. If we study the big picture, we can begin to make some sense of it and rewrite traditional history.

The 7th LOCATION ON THE GRID is the Ashoka Pillar in New Delhi, India. India, another Cradle of Humanity, is a great society with a rich prehistory. The 'rust-free' iron alloy had baffled metallurgists for centuries. The sleek Pillar tapers to a height of 24 feet, crowned with an odd antenna design. The 7-ton, major mystery is largely ignored. It is only a popular tourist attraction because it is adjacent to the famous Qutab Minar. Yet, for THOUSANDS of years, the metal has remained rust-free. Here are only a few descriptions of the 'miracle of technology.'

* 'Indian metallurgists were indeed FAR advanced for their time.'

* '...sheer elegance of the Pillar.'

* '...made of metal found nowhere else in the world.'

* '...its rustless splendour, one cannot help but admire the high skill and perfect technology of the early Indian iron makers in producing so large a monument.'

Renowned British metallurgist, Robert Hadfield, wrote: 'In spite of all the scientific advances that have been made, the Delhi Pillar is, as far as I am able to judge, of a BETTER QUALITY than anything metallurgists are able to produce today.'

After centuries of study, scientists finally resolved the composition of the 'miracle' alloy. It was BLACK MAGNETITE! The prehistoric Pillar carried a magnetic charge! Experts have concluded that its creators were super-skilled metallurgists and machinists to have formed a non-rusting hunk of

METAL that large. More importantly, its manufacturers had to have mastered 'electricity' to account for its high Electro-Magnetic properties.

India was the home of legendary 'flying carpets' from early books predating the Bible. 'Vimanas' (flying vehicles) were recorded in the Bhagavad Gita, the Mahabharata, Vedas and Vedik. They described very ancient technology without modern words. Some researchers have concluded that the holy texts of India reported NUCLEAR WARS! The 'stories' perfectly described terrible wars and the vimana craft. Robert Oppenheimer often quoted from the old books of India when he said, 'I am become death, the destroyer of worlds.'

The Pillar could have functioned as a Tesla Utility Pole that oscillated with fantastic EM power. The (misnamed) Ashoka Pillar may have been the energy source for the many, early accounts of flying vehicles. The virtually 'alien,' rust-free Pillar stands on the exact opposite side of the Earth as Easter Island. The significance of the geological fact has to do with MAGNETIC POLES. Easter Island exerts a higher-than-normal EM attraction; compass needles point to Easter Island.

The 6th LOCATION ON THE GRID is Zimbabwe. Archeologists still do not know who lived here or why their power came to an abrupt end. 'Zimbabwe' is the Shona word for 'rock.' The main fortress contains cut monoliths 20 feet thick and 36 feet high! The ruins, south of Masvingo in deepest/darkest Africa, are unbelievable and (historically) impossible. They are the 'biggest example of ancient architecture south of the Great Pyramids.'

Called 'house of stones' or 'sacred house,' Zimbabwe was the center of a 'prosperous high culture.' The curved walls and conical towers (33' high) once had a population in the tens of thousands. Zimbabwe is, again, another major mystery ignored by historians because they have no place for it in tradition. The curved, massive masonry of the first Africans is not the only mystery. The SAME type of stone architecture was used by the Inca on Andes mountaintops thousands of miles away. The Great Zimbabwe complex stands in the center of a vast network of smaller, stonework that are scattered over many thousands of square miles! Would it surprise you to discover the little stonework (sub-stations) in the region covers a large area IN A PATTERN? Are you seeing a pattern?

Europeans were reluctant to believe that Africans could have built Zimbabwe. British archaeologists David Randall-MacIver and Gertrude Caton-Thompson, early last century, have absolutely established that the ruins were of African origin. The Black Race began in Zimbabwe. They were the noble children of kings and queens. Here was one more culture rich in legend and primeval history. As with all cultures along the GRID, later when the power ended and the empire fell, a LESS advanced society took its place.

Archeologists and educators fail to praise the fantastic achievements of the grand, Zimbabwean architecture in STONE. Our impressions of early Africans consist of primitive natives living in crude huts. SINCE WHEN WERE THE FIRST AFRICANS GREAT STONE-BUILDERS? Zimbabwe destroys our preconceptions of the past. Yet, the ruins are basically no different than other points on the Atlantean GRID. Give the prehistoric Africans the credit they deserve and place them up there with other, impressive Stone-Builders.

The soil around the main Zimbabwe fortress (Power-Station) was poor and cannot sustain a large community. Once again, we have titanic monoliths transported far from the quarry and fit

together without mortar. We have a pattern of smaller stones surrounding a main complex; same as pyramids, mounds and standing stones. This was all a system of 'wireless electricity' transmission. Atlantis was a World System of power distribution to the GRID points, then the energy was stepped-down to local areas. Zimbabwe falls perfectly along the GRID and is connected to the other, similar colonies around the planet. The physical evidence of a 'primary surrounded by many secondaries' repeats in the pyramid civilizations, mound-builders and standing monoliths (totems) or statues. These independent cultures, separated by thousands of miles, were not isolated...they were all connected to a global system.

Researchers make the fatal mistake of only studying Stonehenge or Easter Island or the Great Pyramid. Some experts have concluded that it was as if the 'same construction company' went out to these locations and built the Cradles of Civilization. Stand back and see the entire picture. Investigate all of the 13 sites and note the similarities in mysteries.

The FIRST 5 LOCATIONS ON THE GRID are ancient sites so famous, details of the unknowns do not have to be cited here. Hundreds of, if not more than a thousand, books have been written about them. Expeditions have been financed in search of them and sent to study them. Documentaries by the scores have been filmed. The ruins (or Plato's Atlantis) have mystified us for hundreds of years. Research the locations; discover how traditional history fails miserably in the explanation of the primordial enigmas. They are:

1. ATLANTIS once a continent in the Atlantis Ocean, (the prime Power-Station).
2. GREAT PYRAMID at Giza in the exact, geographical center of all landmasses.
3. INCA Civilizations in Peru around Lake Titicaca.
4. STONEHENGE in England and 'pattern' of surrounding monoliths or 'standing stones.'
5. EASTER ISLAND and the colossal 'maoi' stone giants on a remote, volcanic island.

Found by Donna Epstein; she emailed me this recent discovery, the 13th location! IT WAS THE LAST PIECE TO A PUZZLE THAT HAD HAUNTED ME SINCE 1974. She had read my (little-known) 'Wireless World' article and knew I had been in search of: SOMETHING just north of the U.S. and precisely on the border of Alberta and Saskatchewan. This is the exact area of the Indian carved in the mountains. The article that states the MAP-GRID prediction was posted on the World-Mysteries.com and Farshores.com websites ever since 2002; before piece #12 and #13 were found (Brazil & Canada). The coincidence is these just happen to be CANADIAN UFO and Mystery websites.

Imagine a large map of CANADA on the wall, and in 1974, you predict that the first sign of ancient Canadians will appear...(then throw a dart from across the room) on the spot the dart lands. This is precisely what has occurred only the GRID LOCATIONS were not arrived at by the random throwing of darts. You can write to me at dugko@surfside.net

and receive interviews/radio shows (also the map) where the origin of the 13-point map is revealed. Its origin is extraordinary and as unique as the Betty Hill Star Map. Yonaguni proved my MAP's validity. The unexpected grid-parks in Brazil proved its credibility. NOW...without question, the carved Indian mountains have appeared thanks to Google Earth...in the anticipated area. The MAP is proven. ATLANTIS IS DISCOVERED!

These physical facts (I believe) prove that the Canadian image was carved and could be

connected to the global empire of Atlantis! As in all of the GRID points, a real mystery truly stands in each of the spots. The IRONY is that the Canadian image is an INDIAN! It is the LACK of Indians in Canada that demonstrates the error of traditional history. Many of the 13 locations were obliterated; some left deserts after what could have been ancient, atomic wars. Some remote colonies were never rebuilt; while others, their very spots were reused repeatedly. All traces of prehistoric Canadians were wiped out as great forests replaced what could have been a thriving metropolis. What was NOT erased by the holocaust was a giant, Nazca-like Indian. Was the image a guardian of the past or its own prophecy of simpler Indians in future generations?

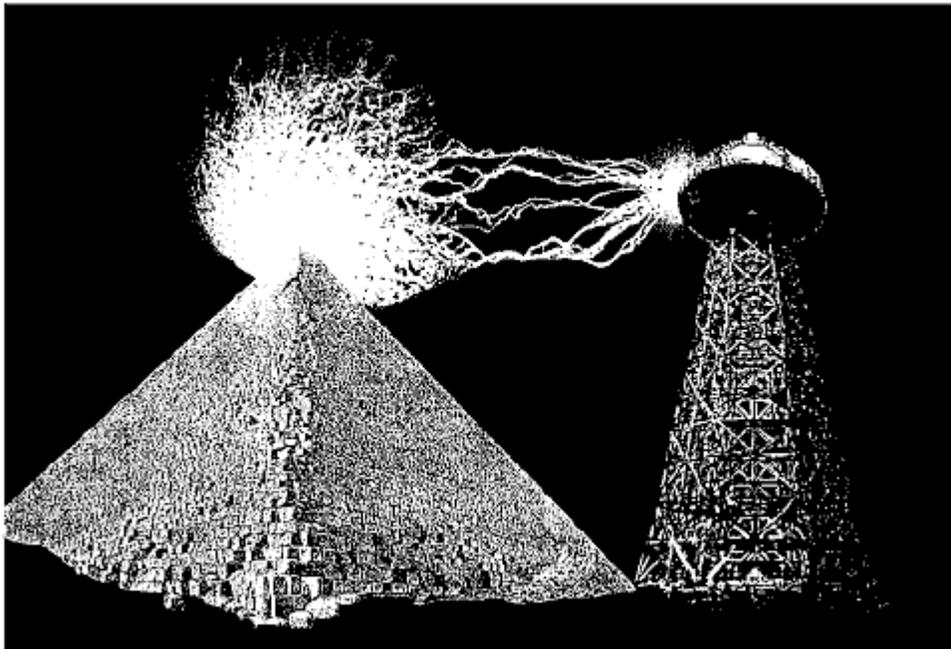

Now, your last assignment: Study the Wardencllyffe tower (NY 1900-1905), the work of Nikola Tesla; especially his 'World System' of Magnifying Transmitters and wireless electricity! You will discover that in the 19th Century, this super genius planned to OBSOLETE his AC invention with wireless power. It was only the basic principle, the blueprint of the far superior Atlantean System, yet it would work and could bring on an age of gods and goddesses. Tesla realized we are not ready for Paradise and dismantled his crowning life's achievement. The Earthlings would make wars with the first Magnifying Transmitter rather than let it freely power cities!

When this writer read that Tesla planned for a World System of NINE TOWERS to complete his global grid; Wardencllyffe was only the first...**I concluded that the MAP OF 13 ATLANTIS COLONIES operated on the same principle!!!** Atlantis mastered what Tesla only proved on a basic level. The human race (in Eden) fed off the power and flourished...until even the greatest of empires FALL. Atlantis had a system of 13; Tesla's design was a global grid of 9 locations. Could Atlantis have been the ORIGINAL 13 colonies?

The 20th Century did not follow Tesla's wonderful, utopian vision. However, what does the future

hold? The distant future will succeed with the return of Atlantis. A great circle will be completed as a technical Atlantis returns. History repeats and Utopia comes back to us, once again. A New Genesis for the human race speaks to the true GREATNESS of our ancestors and to the greatness of Tomorrow's children's children...

Third Quarter Moon Phase: revise, realign

Moon in Gemini /Cancer (Sunday 1:40 pm ET/5:40 pm UT)

Goddess of Wisdom: Bhairavi (Goddess Who Fortifies the Heart)

God of Will/Desire: Kathe (God of the South)

Skill: skim lightly

True Alignments: depth of feeling, tokens and expressions of love, practice, lightening up, relaxation and rest, new arrangements or rearrangement, attention to detail, crafting or creating, brought together, wild cards, tradition, the wisdom of experience, changing focus, magnetism, witty, inner beauty shining out, bare truth, taking cues from a higher power, out of the ordinary bounds and into new territory, operating in the light of day

Catalysts for Change: gloomy, traps and trappings, uprooted, false impressions, flaunting, disconnection, belief in superiority, blaming the messenger, unsympathetic, rigidity, self-indulgence at the expense of others, not based in reality, not recognizing value, emotionally untethered

Sabian Symbol for the Lunar Month: "a carrier pigeon fulfilling its mission"

Sabian Symbol for the Solar-Lunar Year: "the music of the spheres"

Venus stations direct Sunday around 4:30 am ET/8:30 am UT. Venus stationed retrograde at 01 Virgo on July 25 at the Sabian symbol of "in a portrait, the best of a man's features and traits are idealized." During its retrograde, Venus wanted us to see things clearly.

Venus retrograde has asked us to see what we truly value. What has been over-idealized or over-idolized? Venus has wanted us to see reality, not illusion or inflated representation. It wants us to see truth.

When Venus is retrograde, it puts stress on relationships so that they can come to a higher level.

Today, the final opportunity for this comes like a "pageant moving along a street packed with people," the Sabian symbol for 15 Leo and the degree where Venus stations direct. The spectacle of what we've seen about ourselves and others, and how we define true love makes it unmistakable. If we are looking (standing on the street watching), we will gain the wisdom that Venus has intended.

Venus stationing direct is the big story this weekend, but other themes are also in play:

TRAPS: Is something or someone trying to outfox us? Images that are facades or disguises are more easily presented. It is also easy to fall into the trap of feeling unworthy or undeserving of goodness. Potential for "false flag" operations is higher this weekend.

HISTORY: Where do your roots run? Do they run deep? To what are you committed? No matter what our family history or situation, we are all rooted deeply with the Earth, Gaia Sophia. Memories and traditions come back to us to reconnect us with who we truly are. Situations may develop where we feel "uprooted" or unconnected with our grander self and a grander power. We

will not be misdirected by the war on history.

RE-EXAMINATION: This weekend, Mercury, the Messenger, is disseminating the energy of "a professor peering over his glasses at his students" and "miners emerging from a coalmine." Situations develop to give us a different and deeper lens of perception. This is the perfect time for this because we are now in the Third Quarter Moon phase, the time of the lunar cycle where we re-assess and revise. This lunar cycle, Spirit has sought to deliver us a message - an important one, and Third Quarter is the last attempt at delivery. It's time to come out of the dark.

DELICACY: A long time ago, my grandmother wrote a poem entitled "Skim Lightly." The first line goes:

Skim lightly o'er the fires of life

We want to skim lightly this weekend. We want to take delicate care of what we love and weave appreciation throughout it.

This weekend, find delicate beauty. And know that you are loved.

Planet Alert September 2015

By Mahala Gayle

The magical month of September has arrived and it really came in with a roar here in Washington State with a major wind storm. At the time of the full moon of August 29th, the planet Uranus, which rules wind and storms, was conjunct the dark moon Lilith. This activated storm energy here in Washington because Saturn is still on 29 degrees Scorpio, which rules the West Coast, including Oregon and Northern California.

Uranus also has been activating fire energy all summer because it is in the fire sign Aries. We have had the worst fires ever in Washington State. The fire asteroid Vesta has also been in Aries activating Mars in Leo, another fire sign. The Earth will be in fire energy for a long time. When Saturn goes into Sagittarius, that planet will be in a fire sign. Uranus will be in Aries for another three plus years, and Saturn will be in Sagittarius for the next two and a half years. Doesn't the Bible say the end comes with fire? I think we have made it to the end of an age, and ready to move into New Earth energy. It's also my understanding that the fire initiation is the last of the initiations, and it activates the energy of Love.

Many people have been looking forward to the arrival of September because of all the events that are predicted to happen this month. The largest one is the culmination of the waves that have been hitting Earth all summer. These waves started coming in at the Spring Equinox when Saturn moved back onto 29 degrees Scorpio. I felt the first wave hit on Sunday June 28 and the energy felt really good to me. The waves have continued to come in all summer and this has caused the energy to become very intense. The culmination of these electromagnetic waves may occur on September 13th when Lilith, the hidden Goddess, will be conjunct Alcyone in opposition to Saturn on that eclipse day. The hidden Goddess is returning in all her power.

People have been calling this energy Wave X and say it is a Wave of Love. I agree with them. The energy of love has become very strong if you tune into it. I received an email from Simone M. Matthews. Here is a link to her article at: [Universal Life Tools.com](http://UniversalLifeTools.com). She is talking about the Wave of Love and has several graphics in her article. When I first looked at the graphic of the Galactic Alignment, I realized that our Solar System will be lined up with our three major suns-Alcyone, Sirius, and the Galactic Center in September. If you have seen the movie *The Dark Crystal*, you will know what I am talking about. In the movie the crystal had to be in the proper alignment at the time the three suns lined up in order to save the Earth. It looks like we will reach that point in September 2015.

We first started our journey toward the Galactic Center in 1987 at the time of the Harmonic Convergence in August of that year. Then we started getting really close in 1998 when the Earth first reached zero magnetics on November 9, 1998 for a short period of time. Then we crossed the Galactic Plain on December 21, 2012. This is when we moved into an area that has very high energy, and this is when we started to move into no-time, which is fast approaching. Time is moving so fast now I can hardly keep up with everything I have to do. I guess we need to slow down to manifest zero magnetics so everything can change.

The waves that are coming in now are electromagnetic waves of love. The energy from the Photon Belt has been coming to Earth all summer because of the Saturn/Alcyone opposition. Alcyone

tones down the energy from the Galactic Center and, from there, it comes to Earth.

In my last article I said that the Earth was the 8th star of the Pleiadian Star System. I was wrong. I should have said our Sun is the 8th Star. It says in the book *The Pleiadian Agenda* by Barbara Hand Clow that Alcyone is always in the Photon Belt. It's my understanding that Alcyone has 7D energy, and that is what we have been experiencing all summer because Saturn has been exactly opposing Alcyone all summer. Alcyone is on 29 degrees Taurus and Saturn is on 29 Scorpio. Have you felt the intensity of this energy?

When Saturn moves into Sagittarius on September 17th the focus will start being on things like our higher mind, college, philosophy, law, travel, religion, and freedom. Mercury also turns retrograde on September 17th. Because Uranus is in Aries, which will make a nice trine to Saturn in Sagittarius, the energy will be 'Don't tell me what to do, I will not be controlled any longer, I want my freedom'. Jupiter is the planet that rules Sagittarius. Jupiter is now in the sign of Virgo, the Goddess. Lots of love energy was coming to Earth last year when Jupiter was in Leo and our hearts were opened, some with heart attacks. Now that Jupiter is in Virgo it is time to manifest heart energy. Just be the Love that you are.

Other events that are predicted to happen in September are two eclipses. The first will be a solar eclipse on September 13th and the second a blood moon eclipse on September 27th at 7:50 pm PDT. September 13th is the last day of the Shemittah and then we enter the year of Jubilee. Every seven years there is a financial crash, or slow down and that has already happened with the crash of the Chinese Stock Market in July. Then in August the Stock Markets of the whole world went down. We will probably feel the effects of that crash for a while, although we are about to enter a year of celebration. What will that bring?

The Earth is still in her cleansing cycle and this will continue for a few more years. We do not have to be concerned with this energy if we manifest love. With love you can walk through fire without getting burned. And whoever manifests from a higher dimension Earth may not even be aware of what is happening on the lower dimension Earth. I think it is time for the separation of the wheat from the chaff.

Rosh Hannah, the Jewish new year is on September 13, and Yom Kippur, the Day of Judgment, is on September 23. This is the day the Pope will meet with President Obama and the next day he will address our Congress. On September 25 he will speak before the United Nations. Then the Harvest full moon will be on September 27th. This will be the final blood moon of the series of four.

We will have an interesting month. I'm looking forward to it because I think the culmination of the waves of love will move us into a much higher energy. Welcome to the New Earth. It's time to live in the wonder and awe of magic and miracles and to manifest our spiritual gifts. We do live in exciting times. All is well in my World! So Be It!

2015-08-19 The Big List Of 33 Things That Are Going To Happen In September 2015

By Michael Snyder

Is September 2015 going to be a month that changes history? For months, there has been an unprecedented amount of buzz all over the Internet about what is going to happen in September. And without a doubt, we are going to witness a convergence of events during that month that is quite remarkable. What I have attempted to do in this article is to put together a list of things that we know will happen next month. Some of the lists that I have seen contain things that cannot be proven or that are simply inaccurate. And of course it is very likely that some things will happen in September that we cannot anticipate right now. I am just providing the information that I have at this time, and it is up to you and your family to prepare for what you believe will happen. The following is my big list of 33 things that are going to happen in September 2015...

September 1 – This marks the beginning of FEMA’s annual “[National Preparedness Month](#)”

September 7 – Labor Day

September 11 – The 14th anniversary (7+7) of 9/11

September 11 – The last day of trading on Wall Street before the end of the Shemitah year

September 12 – Madonna’s Rebel Heart Tour opens in the United States. The first stop is in Washington D.C. and [according to Holly Deyo](#) the “opening theme is Desecration of The Bride and Arrival of Fallen Angels”

September 12 and September 13 – Rabbi Chaim Kanievsky, a leading authority in Ultra-Orthodox Judaism, has indicated that the Messiah that the Jewish people are expecting [could come at this time](#)

September 13 – The last day of the Shemitah year. During the last two Shemitah cycles, we witnessed record-breaking stock market crashes on the very last day of the Shemitah year (Elul 29 on the Biblical calendar). For example, if you go back to September 17th, 2001 (which was Elul

29 on the Biblical calendar), we witnessed the greatest one day stock market crash in all of U.S. history up until that time. The Dow plunged [684 points](#), and it was a record that held **for exactly seven years** until the end of the next Shemitah cycle. On September 29th, 2008 (which was also Elul 29 on the Biblical calendar), the Dow plummeted [777 points](#), which still today remains the greatest one day stock market crash of all time in the United States. Now we are in another Shemitah year. It began in the fall of 2014, and it ends on September 13th, 2015.

September 13 – [Partial solar eclipse](#)

September 14 – Rosh Hashanah

September 14 – The first day of trading on Wall Street after the end of the Shemitah year

September 15 – The 70th session of the UN General Assembly begins on this date. It has been widely reported that France plans to introduce a resolution which will give formal UN Security Council recognition [to a Palestinian state](#) shortly after the new session begins. Up until now, the U.S. has always been the one blocking such a resolution, but Barack Obama has already indicated that things may be different this time around. It would be extremely difficult to overstate the significance of this.

September 15 – The Jade Helm military exercises are scheduled to end

September 17 – If there is going to be a rate hike in September, this is [probably when](#) the Federal Reserve will do it

September 17 – This is [the deadline](#) for Congress to vote on Obama's deal with Iran

September 17 – [Constitution Day](#) – most Americans do not even know that this holiday exists

September 18 – [The Days of Awe conference in Sandpoint, Idaho](#) – Christians from all over the nation will be gathering to call out to God in prayer and to repent for the sins of our country

September 20 to September 26 – The "[World Week For Peace in Palestine Israel](#)" sponsored by the World Council of Churches

September 21 – This is when the Hajj (pilgrimage to Mecca) [is projected to begin](#)

September 21 – [The UN International Day Of Peace](#)

September 22 – In Islam, "[the Day of Arafat](#)" falls on this day

September 23 – The last day of the summer

September 23 – Yom Kippur

September 23 – The Muslim holiday of Eid al-Adha, also known as "the Feast of the Sacrifice", begins

September 23 – Pope Francis arrives at the White House to meet with Barack Obama

September 23 – The 266th Pope will be meeting with the president of the United States on the 266th day of the year. Some have suggested that "[something is being birthed](#)" on that day since 266 days is the average length of the human gestation period.

September 24 – The Pope addresses a joint session of the U.S. Congress

September 25 – On May 14th, 2014 French Foreign Minister Laurent Fabius famously proclaimed that we had only 500 days to avoid “climate chaos”. His time frame of 500 days ends [on September 25th](#).

September 25 – The Pope will hold mass in Madison Square Garden in New York City

September 25 to September 27 – The United Nations launches a brand new “universal agenda” for humanity known as “[the 2030 Agenda](#)”

September 25 – The Pope appears at the UN to deliver an address to kick off the conference at which the 2030 Agenda will be unveiled

September 26 and 27 – The Pope will be traveling to Philadelphia for the “[2015 World Meeting of Families](#)”

September 28 – The first day of the Feast of Tabernacles

September 28 – This is the date for the last of [the four blood moons](#) that fall on Biblical festival dates during 2014 and 2015. This blood moon will be a “supermoon” and it will be clearly visible from the city of Jerusalem.

Due to the ending of the Shemitah year and numerous other factors, there is rampant speculation that a stock market crash is going to happen in the United States [during the month of September](#). Previously, I have expressed my view that a major global financial crisis is imminent, but my warning covers all of the remaining months of 2015. Since I cannot prove that a stock market crash will happen next month, I have left it off the list. But without a doubt, we are entering the danger zone.

There is also lots of speculation about unusual activity at the Large Hadron Collider during the month of September. In my research, I have not yet come across anything that confirms that. If you have solid information concerning this, please send it to me. But certainly, what they are doing with the Large Hadron Collider concerns me greatly. This is something that I covered in a previous article entitled “[Will The Large Hadron Collider Open Up A Portal To Another Dimension?](#)”

In addition, I am also aware that there is a tremendous amount of speculation about an asteroid or a meteor that may or may not be heading toward our planet next month. At this time, I have no way of proving this is true, and I have no way of disproving it is true either. I have not come across anything that I can independently verify that indicates that this will or will not happen. In law school I was trained to stick to the facts, and I don’t have any facts. If you do have some solid and verifiable information, please share it with me.

Finally, I would like to acknowledge that there is plenty of speculation about certain natural disasters that may happen in September. They may indeed happen, but I cannot prove anything of that nature right now so I have left those natural disasters off the list.

Needless to say, next month promises to be absolutely crazy, and our time for preparing is running out.

Disaster can strike very suddenly, and when it does, average citizens can be caught totally unprepared. This is a point that Carl Gallups, the author of a new book entitled “[Be Thou Prepared: Equipping the Church for Persecution and Times of Trouble](#)”, recently made during an

interview [with WND...](#)

Gallups identifies specific incidents when civil society collapsed, most notably in New Orleans immediately following Hurricane Katrina.

“You ended up with the worst of both worlds,” Gallups observed. **“You had widespread criminality, anarchy and disorder, and somehow, at the same time, you had government officials going around enforcing wildly tyrannical guidelines and even confiscating firearms.”**

As a result, Americans **may be forced to rely on themselves for protection**, meaning Christians **have to begin planning now**.

Even if it doesn't happen next month, life in America is about to change [dramatically](#).

The infrastructure and government services that we have all come to take for granted may not be there in the future.

It is imperative that we all start to learn how to become more independent of the system, because the system is going to start failing in thousands of different ways.

So what do you think?

Do you believe that something significant is going to happen next month?
