Energy Saver 101 (infographic) explains energy audits:

<http://energy.gov/articles/energy-saver-101-infographic-home-energy-audits>

***Note that TVA offers its customers a free kit of energy-saving devices and sensors upon completion of the online energy evaluation of your home. To complete the online evaluation, you will need to know the area (square foot) of the occupied space in your home (all levels) and the approximate year it was built.*
