(13121) DOUBLE DUTY HYPNOSIS BASICS REFRESHER HANDS-ON WORKSHOP—Hear, See, Do: Two CIs, 2 Inductions, 2 Deepeners, And 2 Emergings With Suggestions

Gary Cameron, CI & Dave Hallett, CI

Introductory

- Demonstrate and experience through live practice with a partner each of 2 different inductions, deepeners, and emerging with suggestions(s): e.g. inductions: eye-fixation and hand to face (possibly quick, if in demand), deepeners: descending elevator and count-down from 25 (body scan, if wanted), emerging with suggestion(s): ascending elevator/staircase and simple count up from 5 with suggestion(s) at counts 2 and 4

This three-hour workshop will give you the opportunity to hear explained, see demonstrated, and to practice with a fellow participant two each of inductions, deepeners and emergings with suggestions. This will be of most interest to brand new CHs and possibly CIs as well as those who have been away from practice for some time. With two CIs presenting, different preferences can be addressed in practice simultaneously. The senior CI has a decade of experience as such, and two as a CH, as well as stage show success for years; the junior is six years a CH, and new as a CI, so great enthusiasm and experience are available to tap into there, too. Minimal theory, maximal experience.
