MR: Guests for the next 2 weeks.

Next week, Rainbird will be the guest and will discuss what she is going to start teaching – a new technique for a meditation. It weaves its way into your life – almost like taking an enlightenment vitamin!!!

- Will be setting up a phone conference call for the first lesson.

The week after that: Amina who has been on the show before

Annie Rose: when she meditates, she focuses on the crown chakra and breathes in happiness and breathes out love to the whole world; tries to cover the globe with love

- Reminds us that we had to watch out because of the eclipses that would affect us; had to do with airplanes and it certainly showed up
- The eclipse coming will affect things to do things to do with water.

About this coming year:

- there is the possibility of a cold war starting before May; hopes it is not with Korea!
 - The Administration was blaming Korea for the Sony thing, and now say it was not Korea.
- We are going to see more understanding & compassion when we deal with other countries, people – will start with moon in Saturn
- Will also see changes with the armed services for the better.
- there are 4 major eclipses

- Tara:**
- March 20th - total solar eclipse, new moon; equinox
 - June 21st Solstice
 - Sept 23rd equinox
 - Dec 21st 2015 - solstice
 - Last year we had the 3 blood moons; we survived them and we will survive these
- April 4th full moon, total lunar
 - Sept 13th partial solar eclipse, new moon
 - Sept 28 a full moon, total lunar eclipse
- will be surprising great medical advances – one may be with cancer; also something else
 - The economy will be changing – sees a rapid turnover when it happens
 - Will have lots to do with the countries in South America
 - Can also look to a change in the entertainment mode: could be an upheaval against violence and will see a changeover in the way we look at entertainment
 - Lots of news about trains – has no idea about what it means
 - T:** Obama had been speaking about a fast train going up and down the west coast; has yet to be discussed for the east coast! Hasn't heard more about this.
 - Brings up the health issues: sees something newer coming which will shock and stun the top physicians of the nation – it's like a complete see-through with this maching
 - Will be new cancer cures announced – thinks they already exist.
 - A solution to the financial circumstances in America
 - a lot of states going to want independence, rule on their own and not follow federal rules
 - Will see insurance changes: autos, health, homes – not another Obama care, but clamping down on insurance companies – lots of people will be happy about this.
 - The U S will be favoured this year because America's progressed chart is in a better position than it is in: at 19.4 of Cancer
 - Will be lots of savings this year at the individual level, and so will the country; sees the stock market rising more by the end of this month
 - Education will see some reversals; sees this affecting the cost of education which will be more affordable.
 - Last week she said we had to watch out for airplanes – 18 years ago there was an issue with spy planes; thinks the plane 8501 – will be more rules about selling planes to other countries: has to be in very good working condition. We're going to be hearing that the US sold that plane to AirAsia
 - Sees ISIS diminishing in numbers and power completely: in that area, there will be extra terrestrial help and karma is not always favourable!
 - Uranus will make many changes for many people: it will be in a favourable position for Aquarians – happiness is coming in many ways. Uranus will bring in beneficial personalities in their lives
 - The last days of January/early days of Feb: will be good earnings at that time; will be in the news.
 - Some concern about retiring businesses in the US; the gov't will have to do something to stem the flow of businesses from the country. Don't want a repeat of the exodus of a few years ago.
 - Next year's presidential elections will be very surprising. Does not see the nomination slate as complete Almost afraid to think about turning on the TV and seeing nothing but politics!

Hard News:

T: R went to see Natasha this week; she was very sombre

R: Natasha is wife of KOS, though they are not a couple at the moment; they have children, all work on Faction 3 WK operations together. LM Nada is KOS' Twin Flame – for the highest good of all concerned to happen here right now ; all working at getting this transformation done.

There is some intervention going on but it may not show in the general charts. Carl Boudreau talks of it

R: spoke to Tom the Cat: LM Nada has been sitting with Mahmoud Abbas, Pres of Palestine, doing conference calls with the entire cabinet: Palestine is working on becoming members of the International Criminal Court and they are going to nail Isreal for war crimes

- This was just completed today!!! **This is huge** – there has been no accountability for the crimes which are going on in the open prison setting that has been going on since 1800.

- More sinister things going on than meets the eye with Isreal: it has to do with the Khazarians – lots of people in israel do not know they are Jewish by religion only, not by DNA
- WW 2 was about the very rich elite Jewish, the middle class jews in Germany owned much of the land in Germany, and the Elite jews wanted it back
 - Hitler was a Jew; this story goes so deep – to the ancient Orien wars which is another rabbit hole
 - the entire series **Star Wars** is abut the Orion War – George Lucas knows the same story T & R know
- all the Khazrian folks planned 9/11 for 38 years with all the things in between
 - they planned the murder of the clone of JFK Sr who is alive and well; not killed on that day
- Hitler was part of the Jewish elite – he was a transcendent soul, an ancient Lemurian master at the time and switched to the dark side and using it for darkness
- We are no different with what is going on right now with cheney, bush jr, Kissinger –
 - there are 6 million pages in the original torture memo and they have been torturing & murdering –
 - 2 billion people have been killed in the last 100 years – and how do you explain that to a guy named Joe from Iowa!
- We are in the full 4th Reich and have been since 1949 when isreal became the 51st state and has been running this country since then, and organized all these events: put the frog in the warm water thing and keep warming it up; making laws with holes big enough to let dinasours through!

CL: What about Natasha?

- She told Rama – the entire 13 families are leaving this planet because they cannot withstand the frequencies coming in at this time;
- There will be no amnesty as they have had all kinds of opportunities for that in the last 40 years – they will be gone! Over ½ million will be exiting and will be permanently gone.

CL: A disappearing act?

- Have been indicted, prosecuted, tried, and convicted: what war crimes tribunals have been doing
 - 2003 - Patrick Fitzgerald started
 - 2005 - Franklin War tribunals started
 - 2006 - International Court of Justice tribunals
 - 2010 – 2011 the Kuala Lumpour Tribuanls started
- ½ million + people have been indicted, prosecuted, tried and convicted of war crimes, crimes against humanity, torture, murder, economic high treason - done by the law!

When do we get to know about this?

- The thing with the torture is very big
- Natasha described ancient, ancient chinese families that go back to the Pleiades: live in the Shaolin temples in very secluded places, in certain areas of China that are protected by other galactics; will bring out new technologies – they having nothing to do with fossil fuels but with Pleiadian technologies that are crystalline – clean, silent and when in its aura, you get healed!!

T: there is activity going on: KOS and Rama got on **Sam Seder's Majority Report on NPR**

- KOS changed Rama's voice to sound like Obi Wan Kanobi
- Hillary knows who KOS is and does not like him - they have known each other since 1991:
 - she does not know she's a clone; – she knows that he knows who she is and what she has done; she does not want to mess with him

R / Obi Wan: There are some stories to be cleared up. What happened to your lover Vince Foster? What happened to him really? And didn't you just kill him? And Webster Hubble is the father of Chelsea Clinton; what about them apples?

Hillary: Who the hell is this?

Sam Seder: Oh, it's solstice! The trolls are out!

Cathy: did she comment on the questions?

Technical difficulties!

Natasha: she wanted T & R to realize it is all happening now!

T: transcribed Angela Merkel's Happy New Year address: she is not happy; has lost about 40 lbs –

- it is over Greece. Which has failed to get a president for 3 times in a war
- There will be a snap election: the PEOPLE DO NOT WANT AN AUSTERITY PROGRAM so the politicians are richer than everyone else
- The young people are 60 % unemployed; 40% of adults are unemployed.
- There is a chance they might leave the E U: if Greece goes, Italy, Ireland, France, Spain, and others will drop out too. And Merkel will be left holding the bag
 - all the economies are collapsing: France is in the toilet
 - There is no confidence in Merkel at all by the people in Germany; not favoured by the people – there is no minimum wage in Germany, so some work for \$1 or \$2 / hour;
- **immigration is a real issue** too – there were 750 Syrians and Iraqis on a boat which was aimed at a rocky coast in Italy; the people were locked in - the Italian coast guard got on and saw what was happening and let them out; all the people would have died save for that coast guard
 - the crew of the boat took all their money and took off!
- The \$1 is down to \$1.20 than the Euro – we are farther down now than we were in 2008
 - When \$1 is equal to \$1.15, both the dollar and the euro are worthless!
- Japan is completely wrecked: 250% over the GDP; Shinzo Abe rigged the election
 - he tried to get Obama killed in China; thanks to KOS, did not succeed.
- Brings up **Carl Boudreau's latest astrology** reading:
 - for the last 3-4 years, astrology has been nudging us to keep going deeper, to keep cleaning things up, leave our old habits behind – time for final house
 - **Neptune, Nessus and Chiron in Pisces** **[SEE BELOW]**
 - these three have not been together since 650 AD and probably a lot longer.
 - This meeting will not happen again until 2502!!!

R talks of the centaurs; half man, half horse: they are guardians;

Caller: about 8501 – how can a funeral happen so quickly: 4 days after the crash!

- the Black Ops have been working overtime
- That area of the Java Sea is called Thee Dragons Triangle – like the Bermuda Triangle – an interdimensional portal opens and the plane lands

T: there was also weather manipulation from the ISS to create a distraction because all they can do is have as many distractions as possible so no one sees what is happening.

- Not one single person taken from the water is from that plane: the plane & the people are fine!!!
- The Black Ops have been working overtime.

- The plane in the Ukraine is not good news: it was the Kiev military that took that plane down, not the Russians. There is a reporter on the ground and saw it, so it is all over the intel wires.
- the 3 journalists from Al Jazeera will be getting a re-trial in a month in Egypt: may they do the right thing!

Caller: the young man getting a trial in Boston – what about that?

- He is NOT guilty; it was Navy Seal Team 3, Black Ops, that did it: there are pictures and people need to put them together; they had black backpacks on their backs
 - the bombs was by them, not the people from Chechnia – trying to create another distraction
 - The other young man in Florida, murdered by the Black Ops, did not do anything wrong either
- Time for all this to be known – let it be done with all the grace that we can muster!

Each circle's truth and knowledge can only be reached by a triangle, which carries a number 3

Currently, only two of the circles are active in mankind.

The outer circle and the middle circle – the hidden circular connection in the heart needs to be made to activate the third circle.

With the third circle activated, we go from the 666 to the 999 and collect our star destiny.

**SYMBOL DISPLAYING
THE MASTERY
OF JESUS**

**Jesus inserted the matrix of the
three circles with his death on
the cross .**

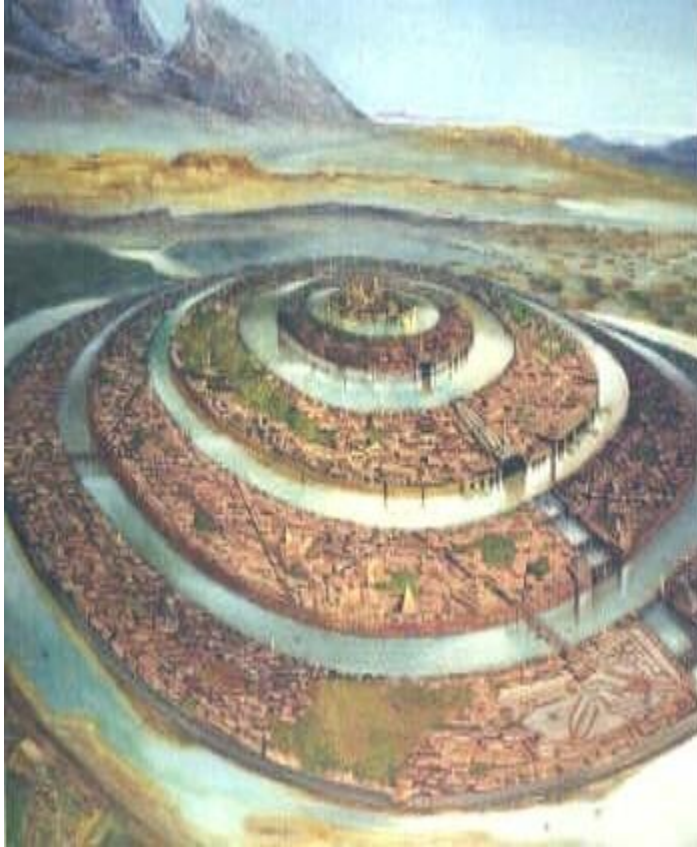

**He mastered the 666 and
became the 999 with the cosmic
spiral.**

**He trails the badge of MASTERY
by trailing the three circles of
MAN for all to see.**

**This symbol displays the
awakened SPIRIT within the
human body by the GOLD circle

INFORMATION RELATED TO THE NOTES

2014, Dec 31 **Astrology Status for December 31, 2014 - Happy New Year, Sort Of**

Neptune, Nessus and Chiron in Pisces

Nessus, Chiron and Neptune have been traveling the Zodiac together for the better part of the last ten years. Neptune and Chiron have been together in Pisces since February of 2011. Nessus first entered Pisces in April of 2014 and remained there until it retrograded into Aquarius in August.

Nessus's initial foray into Pisces coincided with several of the most difficult months, psychologically and spiritually, in recent memory. <http://on.fb.me/1K34rB5> Social, political and economic conditions showed improvement, but our personal lives came under great pressure.

In February 2015, Nessus will complete its transition into Pisces, joining Neptune and Chiron for the full transit. They will all remain together in Pisces until 2018 when Chiron enters Aries. The force of this grouping will be accentuated by squares from Saturn.

We are dealing here with a rare and unusually intense dose of difficult and unfamiliar energy. In a sense, we are being blind-sided.

To the best of my knowledge, these three bodies have not been together in Pisces since at least 650 A.D., probably a lot longer, and more than a thousand years before any of these bodies were discovered. (650 A.D. is the earliest date for which data on Chiron are available.) It will not happen again until about 2502 and for only a comparatively brief stretch. Saturn will be in Cancer.

Indeed, it is rare to find these bodies together in a single sign at all, especially with a difficult aspect from Saturn. In all those centuries between 650 A.D. and now, Neptune, Nessus and Pisces were together in the same sign once, in Sagittarius, in 665 A.D. Saturn was in Capricorn.

On the macro level, this triple transit of Pisces could bring a significantly higher than normal incidence of natural and man-made disasters, including instances of violence and hardship. The energies will all but certainly manifest negatively on the individual level.

However, on both the collective and individual levels we are likely to benefit somewhat from the immunity conferred on us by Nessus's temporary stay in Pisces last summer. Many of us got to grips with the energies of Neptune, Nessus and Chiron in Pisces then. By all accounts, it was rough. Hopefully, some of those lessons stuck.

A Time of Psychological and Spiritual Crisis

Chiron wields the power to forcibly break down our ego's resistance to psychological, spiritual and moral growth. Chiron often precipitates spiritual crises.

On the individual level, Chiron often works through emotional or physical injuries, which are often, but not always, karmic in nature. Chiron will cause sudden, surprising accidents that bring with them sudden, surprising realizations, or expansions of mental and emotional boundaries. On the macro-level, Chiron can work through natural and man-made disasters.

Working together, Chiron and Neptune will expose hidden injuries and incomplete healing. Neptune dissolves the veils of unconsciousness that hide unhealed injuries and unresolved issues. This energy will almost certainly manifest at crisis levels in some cases.

Resistance Isn't Futile

Nessus governs our ability to resist negative, destructive emotions - our own or those of others. It governs, for example, our ability resist the desire for payback, or revenge, individually or as part of a group. Nessus also governs our ability to resist pressure to do wrong or to remain silent while others do wrong. Nessus is about retaining our moral independence. I strongly suspect that bad Nessus energies play a role in discrimination and the persecution of minorities.

On the individual level, Nessus works by translating guilt we incur by compromising our moral principles into chronic physical or psychosomatic illness. Nessus, builds strength of character over time. It teaches us to maintain a positive, patient, compassionate attitude toward ourselves and others - to do and say the right thing - despite our own discomfort. Long term.

On the macro-level, Nessus will teach us to resist war hysteria, for example, as well as racism, sexism and other forms of discrimination. I am not sure how Nessus achieves its effects on the macro-level. It probably isn't pleasant.

Neptune and Nessus in combination will penetrate and dissolve the veils that conceal moral weakness and 'motivate' us to overcome those weaknesses on both an individual and a collective level.

Neptune, Nessus and Chiron and Saturn to Boot

None of these bodies will conjoin the others while they are all in Pisces (good news!). However, their difficult influence will be intensified by Saturn's broad square to Pisces from Sagittarius. The Saturn square will be exact on the dates below (UT is used throughout):

~ Saturn in Sagittarius Squares Nessus in Pisces: May 2, 2015 and Sept. 26, 2015.

~ Saturn in Sagittarius Squares Neptune in Pisces: Nov. 26, 2015, Jun. 18, 2016 and Sept. 10, 2016.

~ Saturn in Sagittarius Squares Chiron in Pisces: Dec. 28, 2016, Apr. 30, 2017 and Nov. 2, 2017.

Saturn leaves Sagittarius for the full transit of Capricorn in December 2017. The troublesome trio will remain behind together in Pisces until 2018 when Chiron enters Aries.

Nothing Is Hidden That Will Not Be Released

Many of the negative patterns in our lives and in world events are the result of negative patterns imbedded and preserved in our individual ego or in our collective unconscious, or both. As long as those patterns remain essentially unchanged in our unconscious, social, political and economic reform can only go so far. Our ego, or the mass mind, will block reform and progress, trying to keep its embarrassing secrets hidden, its pain buried and its illusory comfort and imaginary security assured.

Neptune, Nessus and Chiron in Pisces, with an assist from Saturn in Sagittarius, will help us overcome and overpower the ego's resistance to the removal of these defective patterns. In that way, these planets will dramatically increase the scope and pace of social, economic and political reform.

Not Every Bad Thing is the Result of Bad Personal Karma

I want to avoid the implication that all negative experiences triggered by these transits are the result of personal bad karma. The aspects I discussed above should not be understood in terms of "punishment," "judgment" or "retribution."

Even the very wise have difficulty understanding what is the result of karma and what is the result of random, impersonal and unavoidable circumstance. Often they are the result of sacrifices made in the interests of spiritual evolutionary progress.

The Broader, Positive Astrological Context

We need to be mindful, too, that, despite the releases triggered by this influence, we will be experiencing the power of the positive synchronicity of Saturn's Sagittarius transit in our lives. <http://on.fb.me/1K34CMS> While we are enduring what might turn into a marathon release of psychological and spiritual negativity, we will probably not have to worry also about global economic and political collapse.
