HARD NEWS

R: still need help with the rent [\$350] and for some bills [koran999@comcast.net]

- **Spoke with the crystalline snowflake entities:**

- they are about 14' tall; show up in the physical, look like Dr Emoto's snowflakes
- they interact by making solfeggio tones and communicate with sound frequencies
 - from 528 Htz to the top of the tones where only cats, dogs and ET s can hear!
- The frequencies on planet are changing radically; energies are pouring in from sun and from all the other astrological and astronomical events going on

- What is happening is a coordinated event of legions and legions of heaven
 - has all to do with the downfall of the 13 families who are attacking each other with false stories: we could be seeing "the crash of 2016" [thom Hartmann's book] which is inevitable and has nothing to do with so-called stories about global collateral accounts or global currency resets: there is no President Dunford, either – this is an absolute lie

- **also talked to Natasha:**

- she said all going on at this immediate moment has to do with full disclosure which has kind of taken place with the X Files on Fox network
- all over MSNBC they are covering Mr Hair; nothing about Bernie Sanders: it's about the complete distraction of the people's consciousness, which is part of the program to separate the mind and the heart

T: the Prime Directive is being defiled at the moment:

- The P D is " no intervention in a civilization's development unless or in case of nuclear holocaust or psychic holocaust"
- we are getting psychic holocaust at the moment through the airwaves: blaze the violet fire – these are not debates but propaganda from

KOS left a text message:

- Mr 19.5 is now merged completely with El Morya; has this in his hands;
- this is **a message from Mr 19.5/El Morya: Watch the X Files;** will answer all of your questions and bring up 10 billion more questions which is a good thing! Like my father [Malcolm X] said: by any means necessary. Within the Office of the Christ and only in the Office of the Christ
- KOS said: Looks like the worst of times, **yet we are in the best of times**

Natasha continued this today

- showed R on her tablet how Nibiru is in influence and orbit in our solar system and the 10th planet called Nemisis which is 10 x larger than Saturn or Jupiter.
- This ties in with story of the Blue Avians who came in earlier, in the last couple of years, with ships larger than Saturn, Jupiter, Neptune and have remained at the edge of the solar system - humungous ships!
- The Blue Avians are saying that
 - we [humanity] are taking our destiny in our own hands, and meeting ourselves to change the course of the story at this critical juncture
 - most of humanity has forgotten who we are; rise now, allowing in every moment the message of our hearts to govern all of our lives.
 - Even though in the beginning, the inner voice, the power of knowing, is weak, please follow it: see it as becoming stronger every day; it must happen now.
 - We have always known you are destined to live an inspired, happy life from the inside out, no matter what.
 - Humanity despaired at one time and have since believed that we were in error and gave up; our

outer world is the mirror of that: our doubt in love was our fall

- overstand now that this was not your fault; rather, consider it to be a test – how far we would go in our trust in self-love, how strong our love was.

KOS, Nada, Natasha have been saying: the wheel of karma is ended and that wheel of karma is what we are living through vicariously: the wishes of a few invading lizards who are portraying what they want us to fear

- there is no fault so we send them love
- we are moving out of polarity into the 5th dimension which merges the polar opposites within and without into an androgynous state, moves into a unified field, a morphogenic field
- Mother says they are very much wounded by being influenced that that their ability to align with the new energy is impaired; they need more time, so they are literally being taken to other star planets, sun systems - wherever the energy gives them more time
- this ends the idea that karma keeps going & going on earth: really tightening things up

Natasha: as you take a look at the Fox network, and the X Files and the first episode:

- what Mulder talks about from chemtrails to geo engineering to the cloning of what's going on
- from Katrina van den Heuvel a while back: the life form known as Hillary is about to be indicted; this ties into FBI and larger story of Bush/Clinton crime families, and the Khazarians nazis in "israel" which was stolen from the Palestinians
- also ties into the Bundy Hammond story / Mormons – the Poohyay indians and that is their land, by treaty – which is not being honoured
 - the Bush/Clinton crime family want the uranium that is in the soil and want to buy it which is why the Bundys etc and their guns are involved.
- **AGAIN:** St Germain is in charge of the 7th ray; he will not allow the uranium to be used to build new nuclear weapons; Ashtar has said: NO NUKES!
- the game being played is brinkmanship – between Putin, Xi and Obama, the Bush/Clinton Crime Family who are still playing with the idea of nuclear war: yet they are playing a shell game [as the nukes have been neutralized] of the pea under the shell - it's a side show story going on since JFK was taken out
- There is no pea under any of the 3 shells as they do not have the threat [of nukes]
 - It's keeping the corporate death merchants going, and using the fear card with all of the networks
 - has heard **from Tom the Cat** that Chris Hayes will be pulled from MSNBC
 - Rachel Maddow may also leaving –
 - they are being forced to play the red card: meaning play the nazi republican stories full tilt
 - For example, when Bernie Sanders is being interviewed with Chris Hayes, he gets hard questions and Chris does not smile; when Hillary is on, much different approach – IT'S ALL RIGGED.

Flint, MN

- Rachel did a stellar job in Flint, MN with the town hall meeting she handled

Michael Moore came on Laurence O'Donnell's show ***The Last Word*** right after that

- MM said that Rachel had been all over the story since the start; no other station is carrying any of the stories
- There's murder on the hand of Gov Snyder: the water brought in a toxin that has created Legionnaires disease and 10 already dead from it [in addition to the lead!]

- It's like we're in the period of the plagues at the moment:
 - the Zika virus: a metallic mosquito drone being planted in the West
 - pregnant women who get bitten are open to the possibility of kids with smaller heads and brains
 - it's in 22 countries already; cases found in FL; MS; TX; HA; AL; New Orleans, IL
 - Today heard that the UNESCO predicts 4 million cases of encephaly - virus hits the placenta and crosses over and affects the development of the head and brain
 - it's like they **didn't succeed with ebola**: Mitch McConnell's father-in-law taking the virus to west Africa on one of his ships - prearranged
 - the WHO report says ebola lays dormant and then starts up again
 - first they thought they'd go elsewhere to another planet, but we are on lockdown, so they are still working on the idea of reducing the human population

Lisa Renee's story about Sarasota FL -

- the dark ones could not open up the stargate with the weird weather patterns
- R has been told that **earth and our solar system are in lockdown**: the only ones coming in are the interdimensional, hyperdimensional ones who are ten to 100 million years ahead of us; don't need bodies, can show up as orbs, glowing balls of light
- Yes, the galactics could end this story overnight, but **it is our job to take our destiny in our own hands by working with love** in the highest way possible which overrides all the fear stories going on.

CL: brings up the info of tornado warnings in FL – it's a different part of FL than in the report

R: they are messing with the weather in their final attempts to control the planet, the weather, the atmosphere

- they have bitten off more than they can chew as the planet has its own consciousness which is lined up with the Office of the Christ
- this also involves Putin and Xi, tied in with Obama – they are not doing the brinkmanship game, **it is the ones under them**: Xi would be killed instantly if he did not do exactly what he was told by that group; same as for Obama and the 14 who committed treason on the night of Obama's inauguration and the entire Republican party with the Koch Bros at the top have vowed to lay everything on Obama, from beginning to end.

- this is a huge moment for galactic intervention, divine intervention
- **why do we have to go through this?** The situation we are in makes it appear that we have no free will choice at all

CL: Hillary – she'll be arrested: how will this play out?

R: more and more mounting evidence that so many good agencies within the gov't have stuff on her that has to do with her classified e-mails that go beyond top secret into cosmic clearance as Master Sergeant Bob Dean spoke of; what ET Cory talks about, the black budgets Greer talks about – all members of the Congress get approached by the lobbyists and those connected with the Koch Bros and other shadowy death merchants, corporations who say: do our bidding and we will reward you. Never mind the messy cleanup – we'll handle that – refers to people disappearing

- it has to do with the blind adherence to the one idea of the end time story they are in which has to do with the Nibiruans and the return of the Annunaki and the story about the white gold, the gold dust. they are **not saying** that Revelations and the disaster end time stories **have been averted**. They are playing it out through their fear stories by Zika virus; Trump and his nazi agenda; Huckabee saying gays & others need to be executed, etc

Natasha: what is going to happen is that the life forms perpetrating the darkness are going to be summarily executed, not the gay people – Ted Cruz and Huckabee & many others who

are pushing Leviticus and getting the gays, etc off the planet

- the stories which came out in the Phoenix Journals were channeled by a fake Hatonn:
 - the real Hatonn whom Rama has met, does not talk about killing anyone

T: brings up the time T & R had their info posted on the website, the Tree of the Golden Light

- **the fake Hatonn authoring the Phoenix Journals is a Black Op:** the dark ones downloaded fake ascended masters through Mt Shasta, programmed them, and put them out there so the 52 books and the websites attached would program the people who believed in the Ashtar Command to believe in something that those ascended masters had been programmed to say
 - there are myriads of people still channeling from that program and don't know [it is false information]: the internet connections are about mind programming
 - Another lady connected with the Bellringers: she e-mailed T & R that she channelled Sananda Emanuel who had said that KOS was a demon and that in 3 days, he would be dead; later she wrote again that Sananda Emanuel had killed KOS –
 - KOS said: Hello! I'm still here!!! and Rama talks to him almost every day!

R: things going on are at a deep core level: various groups have been contacted by various inter dimensional beings from every realm; if you are in contact with those beings and feel the solfeggio tones that stimulate the high heart and love – that is the real deal.

- Anything else is coming from those pre-programmed programs – there are stories out there as on In5D.com – Ted Cruz is looking into this right now: the trans humanist agenda like in *The Matrix*, *the Avengers* – where the android bodies are built to receive some kind of consciousness – it's not about building any form of a body, it's about the fact that consciousness does not necessarily need a body!

T: this stuff has to do with the questions people ask – where is the evidence on the internet?

- Won't find it there; people like Katrina van den Heuval said recently – the dark side have their terminal clones well programmed and perfected; Hillary is one of those terminal clones and is programmed to a certain agenda and there are others like her.
- **Bernie is the only one talking about Nesara, coming from that background**
 - a caller today on Thom Hartmann said
 - Hillary is the most experienced person to keep the present agenda going,
 - Bernie Sanders is the only one able to create a new pathway to freedom which is what is really needed

R: as we move with the energy of what Bernie is doing which is telling the truth; when he is in the right position, he will talk about the galactics and the whole other slice of the story he has to be in the right position to do this.

Editor: Below is an image from the Daily KOS from Sept 12/15: it is essentially saying the same thing. The article was re-printed in their Jan 30, 2016 which has a wide variety of stories leading up to the caucuses.
