- Will see lots of news about laws: lots about how things will be changed: people will be heard more. • Elections coming up in a couple of days: YOUR VOTE DOES COUNT; the more local candidates get votes, the more they know people are voting and keeping watch on what is happening.
 - We are free to vote – do not lose that right: speak out , America!
- We need to pay attention to the news more: the stock market is on a roller coaster now: just hang in and don't make impulsive changes.

AR misses her ephemeris as her eyesight is still not back up to par!

NEWS BEHIND THE NEWS: Tara and Rama

R: a wild week so far; Happy May Day, Happy Beltane; Also the feast of Joan of Arc; Ascension day for St Germain.

- **Everything is a new timeline: we are in Sat Yuga and it is manifesting;** all that is not Sat Yuga is there for all to see

Ed Schultz: ripped Paul Ryan a new one today; so obvious & blatant

- 6 Republicans basically voted to keep the pay scale as it is as against the wishes of millions of americans who want to see minimum wage go up to \$10.10
 - A lady is living on \$16,000 / year: Ed asked her if she was living in a tent!
 - Minimum wage should be \$22 50 a year, according to Eliz. Warren : has to do with removing the criminals sitting in Congress - all but 60 of those are criminals and are getting paid by the people.
 - Ed had Bernie Sanders on; BS was fit to be tied! Expect Sanders to throw his hat in the ring! Could have Elizabeth Warren as running mate: she is dancing a delicate dance
- T: E Warren** got hit by Hillary this week; exposed on Jon Stewart a week ago tuesday; seems she voted against a medical tax put on the people of her state, the medical technology is made in their state and should be put on the manufacturers, not on the people
- all she did say was that if you're going to take away revenue from a state which is what would happen, then you have to find the money somewhere else in the budget.
 - The next day, T & R got a call from a person who'd heard elsewhere that Warren said she was not going to run and that Hillary would make a very good president. Uh, OH!
 - Same thing happened to Carolyn Kennedy when she was going to run for Hillary's seat
 - What was being covered up was that Hillary stayed in that office past Inauguration day because if she'd given up her office before the inauguration day, the White Knights would have arrested her by committing a crime and staying in the office longer than was correct.
 - Speaks of the judge mis stating the oath for Obama; he caught that and did not repeat it until the next day in front of Joe Biden, Michelle and family. At the same time, in nancy Pelosi's office Hillary got sworn in separately and after the fact
 - Something has happened that the compromise – they are doing awful things: have their teeth in and don't want to let go!

R talked to Kathryn [works with KOS] about this; she confirmed that this indeed is what is happening [KOS has an office in DC; Kathryn shows up in various places; has her own office in Arlington, Va. Thinks she has a portable travelling device. Lots of time she's in England – sounds very English]

- Also in Ukraine: the 13 families are the ones making trouble: **THERE IS NO RUSSIAN THING GOING ON HERE;** the pro-russians forces without insignia are black ops, hired by the 13 families

Randi Rhodes show: Nicole Sandler was in the chair; Ed Snowden was on as guest

[Randi Rhodes has been speaking with Miss O; RR will be back for one week and then gone again Miss O has lots of irons in the fire: R has heard she is going to buy the LA Clippers!

- Yet somewhere else T heard that the current owner was going to try and arrange for his wife to get the team so he could still benefit financially

Ed Snowden: said what is going on in the Ukraine has to do with the 13 families, the criminal Republicans and NATO which is another criminal organization

- Steve Cohen was on the Thom Hartmann show and said NATO is equal to the US; the other countries don't have a word to say
- Putin knows full well that **it is the West creating the stories** being played out: the West is giving Russia the bad name, and this has to do with the other stories not being discussed
- R called, spoke to Ed Snowden: "When are Captain Ashtar and Commander Sananda going to show up?"

- Ed said "No comment, Lord Rama". He also added "Yet any time Lord Rama: no dates"
- A delicate dance that is being played out; Mr 19.5* knows the dance steps;
 - everything going on over here is about the greatest sin of poverty and inequality – people like Paul Ryan get a major voice on major news networks, and Mr Snowden has to take risky chances and use all kinds of technologies to get on Nicole Sandler for just 10 minutes.
 - Ed S cannot be touched: he said that **everything going on with the weather is TOTALLY MANIPULATED AND THE PEOPLE ON THE ISS ARE PLAYING WITH THE SATELLITES THAT MOVE ABOUT IN THEIR ORBITS, and they give orders to the satellites. It is also connected with NASA on the ground.**

R spoke to Kathryn who said it was true about E. Warren;

- R asked about Michelle running for president; she said **NO COMMENT; cannot talk about it.**
- T & R have heard that she will be pres – the gag order is still in place: it is Hillary and the 13 families. There are lots of people who do not know what is going on, and Nesara is not in the book for them either, though the Reformation Act is being talked about.

Nicole Sandler saw Springsteen at a concert a couple of days ago;

- played for 3 hours solid & acted like a 19 year old on stage. At the end, he said "NESARA is right around the corner folks; see ya" and left the stage!
- Back in Jan, 2002, after 9/11, he had a 3 hr concert on New Jersey; left the stage and said "See you after NESARA!" He got the word out 12 years ago and again 2 nights ago!!!

• **So many people are talking about the Reformation Act and/or NESARA:**

Ed Schultz; Ed Snowden; Bruce Springsteen; Bernie Sanders; Nicole Sandler

• The **weather modification has to do with disaster capitalism;**

- **they are doing it on purpose, a political move**
- whenever a country is told what the 13 families want and the country does not agree or comply, the weather is modified, some disaster occurs and the economy is destroyed .
- The Fukushima thing was done because the Japanese did not do what they were told – the 13 families wanted \$60 billion dollars

T listening to back tapes of Abby Marten before she removed them

- Abby had on Kevin Camp, a nuclear scientist and Tim who were discussing what happened In each of 2011, 2012, 2013, 2014 - there were major huge dumps of radiation into the ocean
- R says that **the galactics are mitigating these things**, or we would not be talking now.

- The scale of decision making about what is safe to eat on this is 10x higher in terms of radiation in the fish than we are being told; in Japan, it is 10x higher than what T & R consider safe
 - **THERE IS NOT ABSOLUTELY ANY SAFE AMOUNT OF RADIATION IN ANY KIND OF FOOD. AND FISH IS NOT A GOOD PLAN!**
 - The higher up the food chain you go, the higher the amount of radiation: Any kind of meat is highest on the food chain so it is also full of radiation

Boise, Idaho – In 2011, huge amounts of radioactive iodine were released, called "an accident "

- got into the Snake River, and into the air – happened in 2011; however, it is showing up elsewhere because it gets in the airwaves and water currents and ends up in other places.
- When stuff was happening in Virginia late last fall and people were told not to drink the water, they found iodine in the river water in Virginia!

Ed Snowden: R asked him about the dinars:

- he said it was being manipulated at very top levels; only the Reformation Act will resolve this!!!

Guest: Loretta Craig, who has been on before, talking about Victory Gardens, being responsible for self She went to listen to a special guest in Kansas City

www.kannaway.com code is 6707880 – has to do with hemp oil being used for breathing problems
Call Marietta Robert or write her to get more info
This “cosmetic cream” helps ease pain for lots of people

What Is Kannaway?

Kannaway, LLC is a hemp lifestyle company with a focus on nutritional wellness whose products contain CBD-Rich hemp oil. Kannaway is a wholly owned subsidiary of General Hemp, LLC. We are the only network sales and marketing company in the U.S. currently specializing in the sales of hemp based botanical products. Since our inception in January 2014, we have become one of the fastest growing sales marketing companies across the U.S. Within the first three months, we had a network sales force and subscriber base of over 40,000 professionals, and we are continuing to grow.

Kannaway and our CBD-Rich hemp oil is 100% legal under the Controlled Substances Act. Our products are legal to purchase and ship in all 50 states because they do not contain THC. Our products are made from hemp oil, which is naturally high in cannabidiol (CBD) and can be imported from countries legally allowed to grow it.

Our CBD-Rich hemp oil is grown from registered industrial hemp seeds originating from a licensed seed bank. Our industrial hemp is grown by generational farmers in a country where it is 100% legal. The mature stalks of our industrial hemp are then processed in a state-of-the-art facility in a country where it is legal to process. Our CBD-Rich hemp oil, derived from the mature stalks of our registered industrial hemp, is then legally imported into the United States.

Loretta Craig: reported on her trip to Kansas to listen to Dr Vandana Shiva, speaker from India on the topic of “Cultivating Diversity, Freedom and Hope”

- The discussion between Loretta, Marietta, Tara and Cathy covered many aspects of food, growing crops, gardening, the ethics of trying to lay claim to all the seeds on the planet, and what is happening in the world relative to the fight between Monsanto and ordinary people who are fighting against that company.
- Below is a summary of what Dr Shiva was talking about; here are the introductory comments written by Steven McFadden. The rest of his essay is below the rest of the notes. **[SEE BELOW]**

The Call of the Land

by Steven McFadden

“Something is happening at this point in history,” Katherine Kelly said as she brought to conclusion an April 17 lecture by international environmental activist Dr. Vandana Shiva. “We are at a point in time where we can make an important change. Dr. Shiva is helping to lead the way. The rest is up to us.”

Kelly, the Executive Director of Cultivate Kansas City in Kansas City, articulated an overarching context for Shiva’s acute critique of the food system as well as her inspirational entreaties.

THE NEWS BEHIND THE NEWS

[NB: Some info was added later, as the result of a call to T & R seeking clarification on some points. Also, the information from this section of the notes will be the basis of information to be posted on 2013 Rainbow Roundtable, F.A.Q]

T: these ones are going for the jugular at the moment!

T & R: we do what we do for all of us! These ones require constant watching.

- Today someone called T & R with questions about NESARA
 - T thinks it is a good idea to review the information with all of us.
- 1999: NESARA was put on the table as a bill, same year as the Dove of Oneness started writing on the Internet.
 - How many people were paying attention at that time – tens of thousands, maybe millions, but a very low number by comparison with the numbers of people involved today.
 - People in the media, in Hollywood, in politics working for the light, knew all about it long before NESARA actually showed up as a bill in Congress, but they were under a gag order.
 - People have trouble understanding this because there has been a gag order since the beginning of the story: those who knew about NESARA could not discuss it publically.

As they are hearing the words “NESARA”, “Reformation Act” more and more lately, it is time for a review.

- There is a NESARA FLYER on the ASHTAR ON THE ROAD website: **[SEE BELOW]**
 - It has all the things on it about what will come into play when the announcement is made.
 - HOWEVER, there is some incorrect information because the person who put it together was not associated with Faction 3 news and did not know this – this has yet to be corrected.
 - The Information was extracted from a long Faction 2 article about what Nesara is.

T: reads “Some of the history behind the Nesara Law” and about the people escorted by the Delta Force and the Navy Seals to their respective voting chambers to vote – **[SEE BELOW]**

- what is **NOT CORRECT: THAT 15 MEMBERS WERE ISOLATED.**
- The **ENTIRE CONGRESS was escorted** and the **undisclosed location WAS A STAR SHIP**
 - IT WAS THE KOS' STAR SHIP WHICH IS ACCESSIBLE FROM THE WHITE HOUSE!!!
 - This was couched as an “undisclosed location” because no one could mention “star ships “
- 2001, during **the Easter weekend**, Rama, for the first time, met Mr X who was in charge of answering the phone for KOS who was otherwise occupied.
 - This was on the Saturday before April 13th when Rama got a call and the person who said “Hello” had an accent from the Middle East, similar to that of King Fahad.
 - **Mr X**, an Arab from Jordan who works for the Secret Service and with Faction 3 White Knights and KOS, told Rama that KOS was busy with 12 White knights taking Bush Jr “to an undisclosed location” from the White House - which meant KOS' star ship.
 - This incident happened AFTER 9/11 and BEFORE the Iraq War was initiated.
- 2001, at the end of March [same year as 9/11], the Fed Reserve bankster meeting occurred;
 - Teddy Kennedy, Tom Daschle were in charge of the meeting, called to pay out fines and penalties for the 78 programs;
 - This was related to the hedge funds which, from March 7- 23, had been closed down [standard procedure twice a year: 2 weeks at Easter, 2 weeks at Christmas].
 - The fines and penalties had not been paid, the meeting was called to sort out the mess.
 - Hillary tried to take over the conversation at the meeting

Story of Bush Jr, continues.

- Bush Jr was blindfolded & tied to a chair so he could not move, with 13 white knights around him.
 - Bush Jr's brain was being remotely viewed: White Knights were all gathered in various locations around the planet to receive the feed back from the remote viewing; the info was being sent from The New Jerusalem to the various screens
 - They pulled a nuke out of his brain: ie, saw the nuke there – which takes the story back to 1997
 - In 1997, when Clinton went to Tianimen Square, he took the latest nuclear blueprint from Los Alamos labs to China
 - the theft was laid on Wen Ho Lee who was tortured, put in chains, charged with espionage & treason - for 9 months
 - It was **Bill Clinton's clone** who took the disc; when he got off the plane at Albuquerque and ducked under the nose of the plane, he put his arm up and brushed his hair back & turned around ; Tara saw then that he was a clone.
 - With the latest plans from Area 51, the Chinese built a nuke and moved it to Iran; the Ayatollah was a CIA asset then -
 - There is something she is going to play on Saturday: "Forward 13" - stupendous information except for one item about al Queda
 - The item talks about Iran in 1979 and the hostage thing: it was reported that jihadists took over Tehran, literally invaded the capital of Iran and were there for just under 3 mos.
 - **THEY WERE NOT JIHADISTS, THEY WERE HIRED BY THE 13 FAMILIES! HAVE TO LISTEN VERY CAREFULLY AS THERE IS A PROGRAM THAT HAS BEEN INSERTED.**
 - Down the road, the same jihadists became the Al Queda who did 9/11 – which is sort of true when you know they are all CIA-duh: except that people don't know that & lay it all on jihadists and Islam
 - The nuke went from Tehran and was launched from Lebanon: it was aimed at Tel Aviv – Ashtar took it into outer space where he neutralized it; otherwise, we would have had WW III
- Then they went **to the IRAQ GAME**
- Right now – May 1st - relative to the news about Ukraine, it is said we are in a cold war and any second it could be a hot war: and it would be the 13 families who would trigger the hot war:
 - every last one who has been hired is a free lance mercenary who gets paid by the highest bidders which means the billionaire bad boys who work for the 13 families
 - T heard an interview from France of one of the characters interviewed by France radio: he said they did not care about Russia or anyone – only worked for the highest bidders
 - Christine Lagarde has already signed off on money for the government of Kiev, who also work for the 13 families

Return to the **history behind NESARA LAW:**

- **ALL THE MEMBERS** OF CONGRESS were ushered into AN UNDISCLOSED LOCATION, in the face of phasers and guns: " You will vote to make NESARA law, won't you?"
 - Everyone of them voted for it, and they are being held accountable from that day forward.
 - Thereafter, they were to work for the institution of the N law, as hard as they could, as were any and all new members of Congress elected into the chamber:
 - all the nazi collaborators have done is work **AGAINST** NESARA law; they will get arrested for high economic treason and will be executed.
- The US is the promised land and the promise was that the energies of the original story which is 450 billion years old would eventually be transformed – that time is NOW.
 - the response of the dark ones was that Lucifer was their kingdom/gpd, and the only kingdom humanity would be entering was Lucifer's kingdom. This has been their general attitude since the time of Atlantis/Lemuria.

[See the article called **Pleiadian Perspective on Ascension: Changing Realities 3 – The Arcturian Message**. Channelled by Suzanne Lie. May 2, 2014. <http://suzanneliephd.blogspot.co.uk/>
It talks of the intention of healing the rift between the people of Atlantis and Lemuria, that the rift was not healed and why. We are here at this moment to complete that 450 billion years old story.]

[Lucifer represents the Great Fall. His original name was Lucifera, Bringer of the Dawn. "Lucifer" was created when the Children of the Sun / Light decided not to stay together; one group followed Lucifer; the other group stayed true to the divine principles but still faltered – that would be us!].

- Lucifer came back to love in 1997 which means that humanity made the commitment to return to love. However; the hologram of Lucifer still remains, embedded in the Vatican and in most religions.
- **T & R** didn't start talking on conference calls until **1999**, calls for which there are no archives
- **Raelyn Allen** of Rumor Mill News was the only other person talking at that time **[1999]**;
her allegiance is to the Austrian Illuminati and always has been. Her husband Gunther Russbacher was one of the Illuminati and, even though he was killed by them, she is expected to maintain his activities and allegiance or suffer the same fate.
 - Moving money from a/c to a/c anywhere on the planet creates paper trails and other kinds of trails; all that Raelyn Allen has done is available to be traced.
 - Raelyn said in 1999 on her website that
 - (1) she found out that in 1996, Clinton had become a Faction 2 member & explained what that meant and
 - (2) in 1999 she became aware that there was a Faction 3: the White Knights whose job was to get NESARA announced.
 - She had the balls to say that and put it in print because as a Faction 2er, she could get killed.
- 2000, March 9th **EVERYONE IN CONGRESS MADE THE COMMITMENT TO SUPPORT NESARA.**
 - They all signed the bill; on **Oct 10th, 2000**, Bill Clinton's signature made it law.
 - 2000, Oct 28th, Bush Sr & Jr were killed and cloned by Faction 3 White Knights
 - Cheney was also a clone. THERE WAS NEVER A REAL BUSH IN OFFICE AT ALL.
 - Now they are all holograms, including Hillary.
 - 2007, June – Hillary was arrested and put in solitary confinement;
 - 2007, June – 2008, Oct 31, banksters were being arrested – 10,000 over 18 months.
 - During a conference call on Oct 31, T & R received a call from a listener who broke in to tell them that, at a military base, there were men in suits and shackles being boarded on CF8 international military transport jets
 - KOS confirmed later that, yes they were banksters, 500 people per transport plane.
- What is important for us to understand is that nothing else matters here:
 - the powers that we have their fingers / paws on everything;
 - **their whole intent is to confuse us all**; yet we are becoming more and more aware of the level of sophistication they use.
- October 1993 – 1999, Heidi of the Bank of International Settlements [BIS]
 - was in charge of paying out all holocaust victims funds; EVERY SINGLE PERSON Who was left after losing family members in the death camps received \$14 billion each
 - The funds were assembled by Faction 3 operatives; Rama actually saw one of the gold certificates one person had received.
 - Heidi had a team of people inside the BIS working for 6 years at the highest level – and this is NOT BEING DISCUSSED. There are 2 levels inside the BIS, and the right hand

does not know what the left hand is doing.

- Heidi worked with KOS and, due to his intersession, had access to all kinds of records.
- The BIS is controlled by Faction 1; what Heidi and her team did was outside the scope of the institution, and was carried out in great secrecy with risk to their own lives and safety.

- 2002 Tara, Rama stayed with the Bellringers in the Black Hills, S.D for a time.
 - While Tara and Rama were at the Bellringers, Dove of Oneness called, demanding KOS' phone number; Rama, who had already told Dove that the answer would be “no”, told her when she called back that “NO is NO”
 - Dove of Oneness was in charge of the Nesara office and website set up by Bush Sr, its only purpose being the dissemination of misinformation. For example, she believed she was talking to the Wingmakers – except they were not true Wingmakers, but Black Ops sent by Bush Sr.
 - Angry, she told Rama she'd find him herself, so she went to DC, looking for KOS. In the process, she met Ted Gunderson, who told her that KOS was not part of this operation and he was the scum of the earth, etc etc.
 - She believed him & thus got involved with a man who had been hired by Bush Sr. When Bush Sr no longer needed Ted G, he had Ted killed, but not before Ted had had Dove killed after the involvement started. Once Gunderson was dead, all was covered up and people in Faction 2 still don't know what happened and what is truly going on.
- 2003, March 26 T & R went to live with Mark Huber in Santa Fe, where they met Nancy Tate and Gordon Towers; they had a page on Tree of Golden Light website for a time.
- 2003, around Christmas time, Rama, who was working at an organic bakery in the Four Corners, got a call from Colin Powell.
 - He retreated to the bathroom to take the call: however, as it was an old building and the walls were paper thin, everyone present heard what was going on:
 - Colin Powell wanted to speak to Mother Sekhmet; he said to Mother that she had to give him more time, as he had a family and a wife and needed more time to get this job done
 - Mother said I have a lot of children too, it's the whole planet full of children; there is no time, and you need to get this done. [getting NESARA announced] . Mother hung up on him!
 - All the people in the restaurant heard the growling sound when Rama went into the bathroom
 - Word got around about what was going on!
- In 2004, the **Dinar program** was started, ostensibly to allow ordinary people to benefit from the potential of making some money for private and group projects; what people DID NOT KNOW was that, while the front part of the program looked respectable, the 13 families were in the background in the BIS
 - the Dinar program is at the intermediate level of the BIS, and there is absolutely no connection between that level and the level that Heidi was working at. We need to understand this separation and that the BIS was never a “good institution” :
 - Phil and Wendy Gram got paid off by the 13 families, primarily by Hillary, to infiltrate the dinar program and take it back .
 - The BIS ceased to exist on October 31, 2008 when Heidi zeroed out the world economies.
 - **Christine Lagarde has taken over the Dinar Program** since she became head of International Monetary Fund [IMF] in July, 2011.
 - Ed Snowden confirmed on May 1st that the program had been taken over and was being manipulated at the highest level.
- **Only Nesara will help us get through this and this has been true since the beginning:**
 - We all have free will choice and we can take our opportunity now to learn from our experiences;
 - the things that we have taken up in between, like Multi Level Marketing [MLM] have provided

some financial help

- MLM was introduced by Amway, started by the parents of Erik Prince's wife:
- However, MLM was a plot right from the beginning: it is inordinately unfair in terms of the profits made by the corporation in relation to what individuals make.
- Today Mike Papantonio sat in for Tom Hartmann: said he was discussing a rule that the head of a corporation or anyone on the board cannot make more than 100X what the people working in the corporation – right now, they make 800X what individuals make, sometimes 1000x more
- Lots of what was discussed is beginning to sound and feel more like NESARA.
- Whatever we can do at this hardest time, and as our thoughts can be read before we think them, it is extremely important that we take this seriously:
 - we still have free will choice yet if we continue to reserve something we have learned is not OK, and we continue to do that, it can be seen:
 - **this is important because we cannot serve 2 masters.** We cannot leave the powers that were in power and serve the Office of the Christ at the same time: can't play two ends against the middle
 - we have to learn this lesson thoroughly in this last hour in order to think we can receive from NESARA
 - it will be a 15 month period after NESARA has been announced that all the countries on earth will receive the funds – 4 countries in a group at a time.
 - The first 4 countries to receive NESARA funds are US, Canada, Australia, England
 - this is because, whether the people in these 4 countries are aware, they have been the most brutally abused - more so than what it appears is going on in other countries – It is their money that has been used as blood money to cause the death, starvation & all other events in other countries
 - Psychologically this is most traumatic thing to be caught in.
- It is absolutely obvious that they are going for the jugular in all areas and fields and levels
 - Ed Schultz said today: you guys think we are just giving you a hard time today – we will not be giving up – you guys will never hold a seat of that kind of power again, nor any of your minions thereof, ever again.

R: In this moment of Beltaine, as we jump over the fires on the hill of Tara, let there be peace on earth, let it begin with me: I'm declaring peace

T: The first jump when we jump over the hill of Tara, we give all of the things we no longer need to hold in our field of love and give them all away

- The second time we jump, we take in the divine compassion into our hearts and our souls.

Closing: Marietta Robert.

Vandana Shiva: Cultivating Diversity, Freedom and Hope

April 25th, 2014

[The Call of the Land](#)

by Steven McFadden

“Something is happening at this point in history,” Katherine Kelly said as she brought to conclusion an April 17 lecture by international environmental activist Dr. Vandana Shiva. “We are at a point in time where we can make an important change. Dr. Shiva is helping to lead the way. The rest is up to us.”

Kelly, the Executive Director of Cultivate Kansas City in Kansas City, articulated an overarching context for Shiva’s acute critique of the food system as well as her inspirational entreaties.

The context of Shiva’s presentation was further framed by three signal events. *National Geographic* had just published a cover story focused on the increasingly pertinent “New Food Revolution.” Meanwhile, more significantly, US merchandizing behemoth Walmart announced a program to create an industrialized organic food production system that they intend to use to “drive down the price of organic food.” The same week merchandizing rival Target Corp. also announced it was increasing its offerings of “natural, organic and sustainable” food.

Vandana Shiva

In counterpoint to these industrial-scale, profit-focused initiatives, when Dr. Shiva took the stage at Unity Temple in Kansas City, she swept her arm back, gesturing to a stained-glass window with the word love spelled out in red glass. “That’s it,” she said. “Love. Love is the altar. It’s all about love, about bestowing attention, fostering, cherishing, honoring, tending, guarding, and loving the Earth which provides our food. The only way we can cultivate that essential ingredient of love is with community and diversity.”

The 61-year-old physicist, ecologist and author from Delhi, India then served up a penetrating deconstruction of the mechanistic mindset and the industrial food system it has spawned. This is the same mindset Walmart and Target now intend to apply to organic food.

“For a short time,” Shiva said, “the mechanistic mind has projected onto the world the false idea that food production is and must be of necessity an industrial activity. That’s a world view that is in profound error.”

“When food becomes a commodity it loses its quality, its taste, and its capacity to provide true nutrition,” she said. Industrial agriculture turns the earth into units of production, farmers into high-tech sharecroppers, and is the single biggest contributor to our declining environment. She said industrial agriculture distorts the proper relationship between humans and the natural world.

A physicist by training, Dr. Shiva became an activist for small-scale, decentralized sustainable agriculture in 1987. That’s when she acquired insight into the motivation behind industrial farming and genetic engineering. She attended a conference on biotechnology and heard representatives of chemical corporations say that they

must do genetic engineering on crops because it is a way to start claiming ownership over life.

“If we can claim ownership,” the corporate representatives reasoned according to Shiva, “then we can then collect rent or royalties on the seeds’ capacity to reproduce themselves.”

Shiva argued that it is absurd that corporations are allowed to codify life as a patentable and profitable form. “GMO,” she said, “has come to mean ‘God Move Over.’ It violates the rights of the Earth, the rights of the farmers, and the rights of the people who need to eat food to live. The patenting of life violates every principle of law and ethics and morality.”

This kind of one-dimensional, profit-based thinking is the core of what Shiva wrote about in her seminal 1993 book, *Monocultures of the Mind*. Coming at the subject from her mastery of particle physics and her understanding of the fundamental inseparability of all facets of life, she concluded that “issues about environment, economics and politics are inter-related through the way humans interact with their surroundings and with each other.”

Shiva argues in her book and in her lectures that a mechanical monocultural mindset has led to vicious circle of injurious impacts in the realms of farms, food and the environment.

“A monoculture of the mind in the economic system is what has led to corporate globalization,” she said in her Kansas City talk. “A monoculture of the mind makes it appear as if the only market that there is, is the globalized market controlled by the global giants, whereas the real market, and the real economy, are the economies of nature. That is where local food movements and systems are becoming the solution to the multiple crises created by the monoculture monopoly system.”

“Our mainstream food system is designed by corporate entities having a responsibility to shareholders, investors, and private owners, she said. The bottom line is the almighty dollar. But in maximizing certain kinds of production, we are systematically ‘weeding out’ other kinds of life.

Through the monoculture of the mind we have been establishing what Shiva termed an “*Empire of Man*” over the earth and lesser creatures (which for people immersed in the monoculture of the mind also includes women and indigenous peoples). It constitutes an attempt at a mechanistic takeover of the universe.

“Diversity has everything to do with food,” Shiva said. “In fact, any system that is not a diversified agriculture system is something else. It’s an industrial system that is producing non-food, food that is unworthy of being eaten and that is creating huge problems in health. Real food provides the diversity of nutrients that our body needs – the trace elements, the micronutrients...Diversity creates decentralization, and decentralization creates democracy.”

Having greater diversity of seeds and of local, smaller-scale farms and food processing operations creates a wealth of options, Shiva said. “We need to intensify diversity and biology, and we can do that only through love.”

Diversity loves diversity, because it is freedom. This, she has said, is a political act, a kind of revolution. To further that revolution, and to save seeds in her home nation of India, Shiva founded Navdanya, a nonprofit organization named for the nine crops that provide food security in India.

With Dr. Shiva’s analysis in mind, one cannot help but question the impact and outcome of Walmart’s and Target’s announced intentions to aggressively exploit what Wall Street financial analysts have branded as “the hot organic market.”

Doubtless some good will arise from increasing the number of farms using chemical-free growing practices, and the wider availability of food with decreased chemical contaminants. But the entry of such large-scale corporate

players into a traditionally modest-scale and decentralized endeavor is a game changer. It's also representative of the industrial mindset that Vandana Shiva – and advocates of food democracy – regard as profoundly troubling.

The burgeoning interest of people in clean, local food, and the accelerated entry of Walmart and Target into the realm of organic food and sustainable agriculture, establishes a critical pivot point for the food democracy movement.

As farmer John Peterson of Angelic Organics explained to me, farmers get beat in to the ground when they work for prices set by wholesalers, and must struggle to make their mortgage, equipment and labor payments and all the rest.

When retailers and wholesalers are in command – as they are in industrial-scale operations – efficiency and profitability become the dominant values. Farmers are contracted under these values and thereby relegated to the role of corporate vassals, laboring in servitude to fulfill the terms of contract on quantity, quality, timing, and pricing – all factors that have little to do with nature or with the rising spirit of the food democracy movement.

“You cannot have the stewards of the land struggling under that much pressure,” farmer Peterson told me. “A farm is not just an economic unit to produce food. It's also a living social, environmental and educational organism. It cannot be thought of as just a unit of economic production. That just commodifies the farms and farmers, as food is commodified also.”

This is one of the key points Vanda Shiva strove to get across in her Kansas City talk. We have arrived at a pivot point for the food democracy movement. We need a fundamental transformation in the way we regard and relate to farms and food. An industrial-scale monoculture of the mind, and a monoculture of putative organic farms and food, are unlikely to fulfill this ideal. Instead they present a complex range of potentially corrupting possibilities.

“We need to cultivate freedom, to cultivate hope, to cultivate diversity,” Shiva told the Kansas City audience. “We need to build the direct relationship between those who grow the food and those who eat it. Care for people has to be the guiding force for how we produce, process, and distribute our food.”

“We need to shift the paradigm of economics to measure the well being of people,” she said, “not the profits of the oligarchs.”

Shiva spoke about the drastic climate changes underway, and also the corporate hegemony at work around the world. “Our responses must be quick, but not desperate, and also simple,” she said. “Simplicity is the highest order – the simplicity of good food, safe food, and food produced and consumed in love. This can only come out of community. Cultivate compassion, love and food democracy. Food democracy is about action – changing the way we eat every time we take a bite. It's about people learning, engaging and acting in our food systems.”

“Every movement for human freedom throughout history has needed people to lead, people who stand for love and for higher law. That's the challenge we face now,” Shiva said. “That is what we need.”

NATIONAL ECONOMIC SECURITY AND REFORMATION ACT N.E.S.A.R.A

2000 – Late one evening on March 9, 2000, a written quorum call was hand-delivered by Delta Force and Navy SEALs to 15 members of the US Senate and the US House who were sponsors and co-sponsors of NESARA. They were immediately escorted by the Delta Force and Navy SEALs to their respective voting chambers where they passed the National Economic Security and Reformation Act.

These 15 members of congress were the only people lawfully allowed to hold office in accordance with the original 13th amendment. Remember, British soldiers destroyed copies of the Titles of Nobility Amendment (TONA) in the war of 1812 because it prevented anyone who had ties to the crown of England from holding public office.

NESARA is the most ground breaking reformation to sweep not only this country but our planet in its entire history. The act does away with the Federal Reserve Bank, the IRS, the shadow government, and much more.

NESARA implements the following changes:

1. Zeros out all credit card, mortgage, and other bank debt due to illegal banking and government activities. This is the Federal Reserve's worst nightmare, a "jubilee" or a forgiveness of debt.
2. Abolishes the income tax.
3. Abolishes the IRS. Employees of the IRS will be transferred into the US Treasury national sales tax area.
4. Creates a 14% flat rate non-essential-new-items-only sales tax revenue for the government. In other words, food and medicine will not be taxed; nor will used items such as old homes.
5. Increases benefits to senior citizens.
6. Returns Constitutional Law to all courts and legal matters.
7. Reinstates the original Title of Nobility amendment:

This clause reads:

"No Title of Nobility shall be granted by the United States: And no Person holding any Office of Profit or Trust under them, shall, without the Consent of the Congress, accept of any present, Emolument, Office, or Title, of any kind whatever, from any King, Prince, or foreign State."

"If any citizen of the United States shall accept, claim, receive or retain any title of nobility or honour, or shall, without the consent of Congress accept and retain any present, pension, office or emolument of any kind whatever, from any emperor, king, prince or foreign power, such person shall cease to be a citizen of the United States and shall be incapable of holding any office of trust or profit under them, or either of them."

8. Establishes new Presidential and Congressional elections within 120 days after NESARA's announcement. The interim government will cancel all National Emergencies and return us back to constitutional law.
9. Monitors elections and prevents illegal election activities of special interest groups.
10. Creates a new U.S. Treasury rainbow currency backed by gold, silver, and platinum precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.
11. Forbids the sale of American birth certificate records as chattel property bonds by the US Department of Transportation.
12. Initiates new U.S. Treasury Bank System in alignment with Constitutional Law
13. Eliminates the Federal Reserve System. During the transition period the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal

Reserve notes from the money supply.

14. Restores financial privacy.

15. Retrains all judges and attorneys in Constitutional Law.

16. Ceases all aggressive, U.S. government military actions worldwide.

17. Establishes peace throughout the world.

18. Releases enormous sums of money for humanitarian purposes.

19. Enables the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, antigravity, and sonic healing machines.
