HARD NEWS

R: Native America Calling: guest today was a man called Helios Metatron [HM]

- was talking of the message of the Koji tribes – mixture of Inca and Aztec tribe of pre-Colombian times; they call themselves the Elder Brothers; we are the Younger Brothers
- they are part of the Wise Council of Elders which will take over when all the criminals all over the world are shackled and removed
- Wilahoo ?? & Helios Metatron & the Koji People are talking about the return of Sanaka Kumara [Quetzecuatl] & others Kumara Masters returning to help balance things out
- The symptoms of what's going on across the planet: the disruption in society and the absolute insanity, disrespect for the Goddess coming from the Orange Hitler's mouth, & how Michelle Obama spoke truth to power
 - **Sam Seder** told R Michelle was literally trembling when she spoke: it was about the goddess coming through and saying you've crossed this line, and now you're messing with my daughters – so I'll take care of you
- **R:** you don't mess with a mother lion and her cubs! There is nothing to say about it at this point!
- This ties in with Helios Metatron & the message of the Koji: these folks are showing up now: the members of the Wise Councils of Elders, tied in with the ancient brotherhoods and sisterhoods
 - No accident that this message comes at this time, as we move into the Aries full moon on Sunday
 - As Michelle Manders of Palace of Peace is saying: Serendipity is guiding the force of this story: blaze the violet fire and send so much love into all that is going on.
- HM talked of the protracted wars going on thanks to PINAC [Project for a New American Century], Paul Wolfowitz and others
 - HM said as Q returns: this time if you are not following the path of the heart and are stuck in your head, you will be deleted from the story – this directly relates to how the energies are being played out now

R: visited Natasha and Rana Mu today

RanaMu showed him on a screen, Nibiru's proximity to the sun which is sending out huge coronal ejections: the magnetosphere around the sun is collapsing and reappearing, collapsing and reappearing; doesn't know what it means, only what RM explained:

- exponentially, in the last week or so, the energies have been ramped up to the 12th dimension; if you're in your heart, OK; if you're in your head – we see what is happening in the 3D realms

RM and Natasha: keep your head down for the next 2-3 days; work with the energies, blaze the violet fire

- What is going on now: Russia and Syria plus other players – has to do with total, full disclosure; they didn't say when or how – but as the mass coronal ejections are coming in from the sun, the ships are creating a forcefield by their own frequencies of the ships gathered together en masse; we may or may not see this on the TV.
- they said at this time, it is imperative to work with the frequencies of love and be in our high heart, working with that which sends the frequencies of balance, harmony,

unconditional, Divine compassionate love as Shiva, Parvati and others do

- All has to do with the return of Quetzecatl & the other Kumaras to uplift the planet
- Orange Hitler, list of who else – all in a very, very hot seat – they are showing their true colours now!

- **RM and N** said Trump has pushed his luck a little bit too far

R: yes which is why Chris Hayes played a section in which Obama spoke out: why would you support a sexual predator who wants your children dead?

- As these energies increase, archons and others like them will be removed from the planet – not knowing when yet this is the course of events that is laid out; not every day we hear from the Koji People – **this is huge!**
- This brings in the 5th, 6th sun and the Golden Age of Sat Yuga

Natasha: a protest in Alabama, Georgia or Mississippi – somewhere in the south where people showed up with automatic weapons, some with hand guns – were doing like in Ferguson – of folks showing up like the Oath Keepers: ex vets from Iraq and Afghanistan with their oozies and all their bands of bullets across their chests like Mad Max

- time for these things not to work!

- To **see what Natasha can do:** watch the movie **Lucy** – a strange movie, violent, about what happens when the siddhis kick in – Scarlett Johansson, lead, and Morgan Freedman
 - she's a drug mule who carries packets of drugs in her body cavities – at one point, the bags break and she gets her siddhis; she ends up taking out the bad guys and ascending!
 - Her partner, a French cop, asks where she is and she says I am everywhere! She shows up on his phone and those of his policemen friends! Morgan Freedman was a professor of the highest order

- **RM and Natasha** showed R the huge mass coronal ejections going off – these can really bring out your shadow side!

- **Barack Obama** signed an exec order about dealing with space weather! It has to do with some visitors coming - a lead-up to the arrival of Ashtar [who likes lima beans!!!]

T: In the meantime, **Britain** wants to get military over Yemen

- Unbelievable stuff going on: we are backing a nazi called Poreschenko in **Ukraine** and it is not being reported that they are killing Ukrainians in eastern Ukraine who are really Russians! It's **genocide on a large scale.**

- **Syria:** the rebels who are US black ops have been dropping bombs in the west of Syria – destroying schools and hospitals and putting it on Syria and Russia

R: brings up the Syrian woman from last night's call/story: it is not Assaud; it's your people [U.S.]

T: we're ascending and not descending – though you might not think so!

CONFERENCE CALL

Connie: [C] asks about well-being of Tilly -

T: now and then gets a glimpse of Len and Cam hanging out together

COR: Tilly is still in transition; yet she is totally at peace – in the presence of LM Athena and the ant people and others; she is being re-integrated into galactic law- she probably wrote into her agreement to go through this experience

T: a friend of theirs from Delaware called yesterday, told them about the fruit of a plant that grows in Africa [Australia?] which can cure tumours overnight!

COR: Tilly was going to finish her agreement the way she came in

T: the energy we have in our family together – 2-3 days ago, they got the message about the

plant; they will be getting more information to share with the rest of us

- The joy of all of us together is that what one person goes through, we all learn from in one way or another

- Thinks Connie's son may be having difficulty getting over this

Connie: doesn't think so; had a very difficult marriage – so many times he almost left her!

- Stayed because of loyalty – while she was in the hospital, he told Connie that he felt like he could be himself.

T: There must have been some past life stuff they needed to complete

C: she was married before; the husband was very abusive; the son they had together is very wonderful; John helped Tilly get the son back and get him out of New York – had he been left in NY, he'd have been selling drugs on the street. John adopted him

- There was a reason for him to with with her and help get Tony back; and they had 2 wonderful kids as well – John will have a wonderful rest of his life

T: thinks he will open his consciousness more

C: doesn't think like us, yet a very good man

T: as Carolyn [COR] said she is fine too; she is gaining great wisdom from the wider perspective

- things speeding up so fast – in the harmony of everything, the work that we do together is helping this happen with more love. Grateful that she and Rama had the opportunity to meet Cam and Connie in Santa Fe.

- Thanks for sharing the story!

Sonya: about the energies: they feel so surreal, magnifying and amplifying – be careful what you think; shows up really quickly!!!

- met a beautiful person in her neighbourhood: he was helping people park in a very difficult location outside the building; she said you're a good person – and he said it takes one to know one! Keep shining your light! Made her day!!!

- The time to heal is available; the intent has to be there.

- Both Sonya and the roommate were sick with the chemtrails; another person was the only one who helped – a friend who a master healer – energetic healing is his area; also an artist – going to ask him to come to next Thursday's call to talk about how crystal energies affect the body

- Remember to do the light work everywhere you go

COR: agrees with Sonya – who do they think came forward? Who popped the lid open on the info about Trump which has been around for a long time? Who is behind it – white knights?

R: White Knight folks, plus the people who have had some counselling and now feel safe to speak

- as the energies increase in magnitude and wave length, things like this will start spilling out and the spider web will lead to other players who have ties with Trump –

- the dominos will continue until it gets to Putin and China, where Trump has sweat shops

T: Both Trump and Hillary both do the same thing – and they are both involved with trafficking, drug running – everyone has a slice of the pie and now it's all gone –

R: the cascading energies will increase and we are to send love and work with the heart, not pick up the double sided ax! We are in the realm of serendipity, and an enemy can become a friend overnight –

- also they [T & H] focussed on greed and power and are willing to do anything to a woman

T: D'Yanna was talking to an ordinary person in Idaho City who has understood what is happening; Trump is a blessing in disguise by opening up a huge can of worms

R: two more women have come forth

T: The idea of the statute of limitations has been invoked on Trump's behalf

- those 12-13 years old who were forcibly raped by Epstein/ at his location – the statute of limitations is completely off the table because the girls and their families were threatened at the time; the girls were minors – changes the dynamics

R: Rana Mu today – it brings up unhealed energies

COR: that have to do with the wounded male healer as well as the repressed feminine

- Asks about getting rid of a solid hologram

T: KOS can shut the program at any moment – all will be done when St G says so and will be done all at once

- the CEO of the Wells Fargo Bank resigning and getting all kinds of money! What?
- Dr Wolff is really good at explaining large issues rationally; it's why they played him

COR: one of the disinformation sites was telling people to go from HSBC to Wells Fargo

- Surprised that Kathlyn May's site is still up

T: KOS was really strong about the people like Michael King, others like him – doing good things, but still promoting/ not giving up on dinars, dongos, etc

- they've had plenty of time to change what they do – they are going to be eliminated if they keep going for the greed; they are leading thousands and thousands of lightworkers down the zig zag path

COR: The Collective said that it's a scam that many have fallen for, that that Lightworkers buying into that currency connects them energetically to a very dark matrix -- the old money matrix, in a dark and deceptive way.

- some people are writing to COR and saying they don't believe what is being said; or because I want the money to do something positive, other channels say it's OK

T: they don't believe it is possible to take these controllers down – they can't see it and it is those same controllers who are leading them astray and will take them down later when they receive a great deal of money [will kill them for the money]

COR: the term of global reset is misleading – there will be no reset!

T: it's the same with the old NESARA story – the word "reformation" was replaced with "recovery" act – we are not recovering from anything – we are completely replacing!

- The other thing that has to be gotten straight: they [people] are not pursuing knowledge and understanding; as you do not take the obligation as a true obligation about what it means to be a citizen - have to be aware of what is going on –
- really grateful for those with great humour who can wake people up – like Redacted Tonight!

COR: not surprised that Larry Willmore was removed -

T: and Larry was at the white house correspondents dinner – talking of the "n" word and he explained there was a difference in the meaning: it was too much for the dirtballs

S: it's total fascism! Tells her story about going to another country in South America and being taken out of the line-up to a little room for a vaccination

T: was S able to avoid taking those shots or did they make her?

S: her experience was that she had to have the shots or she could not enter the other country – there was also an outbreak of something in the other country that had entered via some of the port cities there

Ralene: they are really trying to mess with **Julian Assange:** she saw part of a show in which a General Hayden was saying JA is getting his stuff from Russia

T: Hayden was head of the NSA for a while: a criminal! [General Michael Hayden]

- When it's on a main media station, it's all lies: all they have left is fear!

Lyn: Another site: • madinamerica.com – related to the healing arts and light working centres

Ralene: about voting: can you put Sanders name in as a write in?

T: it won't get counted

- does not believe that either of them will make it to election day; and the election day will be moved ahead 4 weeks which is an eternity when things are getting done so fast!
- The cost of not getting the repubs in is astronomical

Ross: asks about how to do write-in ballots

COR: it's different in different states [whether write-in ballots are allowed]; it probably would not be counted even if you wrote in Sanders' name and had all the paper work;

- Also agrees that we won't see it [the election on Nov 8th] - there will be a big shifting

Ross: the attacks on the RT website have stopped – when the “pay to play” articles came up, the website was going down a lot – now it's stopped

T: all has to do with free will choice and decisions that we make with love – and then we are backed up

- there are so many lightworkers doing an aspect of the light; it is time for us all to be on the same page
- the idea right now is to move to the same page: as George Galloway told congress as long as you are all over the place with all your little issues, nothing will come together
- As well, we have a pile of war criminals and no matter what we try to do, it's a good thing [as long as we are keep moving toward] towards accountability and solutions

Ross: about the Snowden movie –

T: it came and went; they didn't have the chance to go due to other commitments

Lyn: Can watch the Snowden you tubes

COR: Are the energies which are ramped up to 12 D – are they going to go higher?

• RanaMu saying the energies have been ramped up

T: the 13th dimension is Mother!!!!

T: asking about Netflix

COR: cost depends on the program you get –

look it up and check out the programs: from \$4.99 & up – can watch on your computer

R: Wikileaks Michael Sallia put out the story – US general's name? McCasland

this helps people heal their PTSD at many levels

COR: GaiamTV is on line – **now called Gaia.com**

R: Dr Stephen Greer has interacted with Podesta: that man [Podesta] has no soul!!!

T: watch out for Dr Stephen Bassett – he is doing things for money: will take him down!

Sonja: what about the general R just mentioned – McCasland?

[SEE BELOW]

T: He was involved in the secret space command – not so good!

BBS RADIO

MOTHER SEKHMET / ALCYONE [M/A]

Greetings in the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra

Yes, indeed – peace! We are all servants of Peace in this divine story which is called in service to humanity in all its forms.

- It is happening on all levels; this service has . . . these ones who are messengers speaking for the Wise Councils of Elders are forth coming. It is the time of the 6th sun; the return of Qeutzquatl, all the sisters, brothers; how we the people can heal this planet - like she has said - in 30 days, transformed ! It takes a little doing!
- We have to remove a few weeds that have gotten in the way. These weeds have very deep roots - go all the way back to anti-matter; cannot play with anti matter and matter as you don't know what you are doing. It creates an issue where we have to come and sew up the rip in the time line
 - This time around, all these ones are saying we have made it! This election/selection is an issue, and it is at the forefront: how with do this where - as Uncle Bernie has put it – the people have the power; can change the course of this story over night as you hear the call of the heart!
 - It's an interesting dance: some ballots in this realm are going to have Bernie on the ticket
[T: Really?] – just sayin'!

T: in the case where it is just some: Mother, it has to be that these ones don't get to the election – the way it's rigged up, it's not going to matter.

M/A: Yes. What she can say about this story: as the frequencies pouring in from Nibiru, from the sun, from all of the players in this story at this time; as Aries come into play and that fire within us is about this I AM THAT I AM: the higher principles of Aries, as opposed to the ram, ramming his head against the wall.

- She can say with great certainty as she's been saying ad infinitum - we all make it; she cannot tell us how: we are doing it at this point. The energies pouring in are making it so.
 - It is an awakening of the mitochondria, the force, in every cell of every living thing and ultimately the Light has already won. We are watching it play itself out – send more love to conditions.
 - She has no choice but to put on the red dress and drink the bucket of blood for what it is - the time where these ones will go their own Bardo state and have face her at the end of the cycle.
 - And what is anti matter and matter but just the re-combination of energies: as one dissolves, the other gets created. It is like what Kali does: in one hand, there is the birth; in the other, the death.
- It is that cycle of the moving of the zodiacal cycle - we are going from Pisces to Aquarius and at this time, the return of the Aquarian Age, Sat Yuga: no darkness can hang out except the shadow side of self that is coming up to be healed, nurtured, brought back into awareness; it is the side of Self that is asking for lessons in more wisdom of how human experience can result in transfiguration.
 - We asked to be here to get the equation. The **equation is the merkaba vehicle**; each one of these merkaba vehicles fit into each other, like our cells – it is the answer to the story.
 - As this comes into play, the healing of this story is the result. As we watch the energies pour in with the Aries full moon, all the folks are here, known and unknown, that have been summoned by AA Michael, Planetary Prince of this Universe of Nebadon, with Admiral Sananada Kumara, Head of the Galactic Fleets.
- She has to say, with all due respect, she would say [to them] to put your arms down and say “We surrender” before it even starts. Yet these life forms have asked her to put on the red dress and do what she must do best – these ones, like Mr Hair and the others

T: They have asked all right; not very politely, either

M/A: They crossed the line when they interfered with the Feminine, and now comes karma, dharma and that is about Kali Dirga, Pele - it is that transfiguration of our sun, Sol, along with Helios and Vesta, all the way to Alcyone and herself – how this interplay of frequencies brings in more love, as they are servants of peace doing the work of humanity

- Allepo is asking for love, for peace; it is this time other places - Yemen – she could go on with the names, the faces.
- Love is the answer - in the heart; as this message has been brought forth now, these ancient sisterhoods, brotherhoods, for which Michelle Obama speaks – cannot violate the goddess any longer!
 - She will feed you your [wavos] live, in person! You cannot violate this energy which is creation in and of itself; crossing the battery cables, and putting the positive in the wrong direction – gonna have a mess

T: and then they leave their mess and don't clean it up, either

M/A: this is why she comes now, at the beginning and the ending of this story, as she has said, with the Nibiru along with all the legions of love and light to bring all that we have asked for: imagine all the people.

- Greetings in the Light!

T: asks permission for a question or two

T: there seems to be popping up more drippy, bloody situations: Iran put 2 warships in the sea near Yemen along with 2 of the US; a super catamaran of the US got hit by the Houtis

M/A: and we have not heard from anyone: in the Arctic Circle, the entire Russian navy in full alert; it means that NORAD is aware, as are all the other players: this is why she says the brinkmanship game has come where Mr Putin will not launch ICBMs against the US; as she has said “No nukes”; Ashtar has said “No nukes.” The game that is being played . .

T: What are the Russian navy doing in the Arctic Circle?

M/A: They are making sure the US doesn't do anything foolish

T: what does that part of the world have to do with that?

M/A: they have observatory radar stations all along the west coast Pacific Basin all the way up to the Arctic Circle ;

T: in eastern Russia along Siberia - that is where you can just take a hot trot and you're in Russia!

M/A: and Ms Palin said she could see Russia from her back yard!

- Mr Putin is not the enemy or the big bogey man; the US has been playing the bogeyman by the protracted wars that are created from of Black Budget Operations

T: It seems this is the only card they can play.

M/A: even if they were to deploy Project Blue Beam and a fake alien invasion, Ashtar has it in the bag. It is over for these guys so she has to put on the red dress, and drink the blood.

- It is about the ending of this; you cannot kill lifeforms that are paschats for sport: will not be tolerated any more

T: they are doing this all over the place for money – goes back to Hillary completely ruined Libya for money she did not get

M/A: and the story- as our banking institutions and how you transact – awareness - universal economics is coming in where, as she has said, as earth becomes the 33rd member of the Intergalactic Confederation of Worlds - we usher in this time of peace and love; it is already happening

T: Our Sister Connie has a daughter-in-law named Tilly; asking how is Tilly doing and where is she in the transition

M/A: Tilly is in the Anterres Arcturus Midway Station, re-integrating in the magical school with Lord Metatron and Naptha el Ra and how to manifest the alchemy of being in both places at once, and nowhere at all

- she is studying intently how to come back as part of the physical angels, her

- M is here to say we the people make it because we are all connected in this circle of life. Each one holds a sacred golden thread that is as strong as Superman's hair that cannot be broken; can only be broken by turning to the dark side. And for each one that goes down, a billion plus show up.
- She has been saying for eons of time: in this grand cycle of this day in the life of the universe - there comes a time where, from the centre of the Milky Way Galaxy, an anomaly has been growing and it is getting so large, it is affecting the frequencies of all the bodies in the galaxy, in correlation with Nibiru, with our sun and all the other inter players
 - It is about, as the so-called Cobra talks about, is "the Event" - what the event is about is, in this time we are in, frequencies coming to such a high level in and of themselves.
 - You could say the big bang which is about this return of the Office of the Christ in these moments. How it gets played out is about love in all its forms in the strangest, most unique ways possible –
 - as in these moments, let's say visitors show up like she keeps talking about – these visitors which are them and their selves have come to return to their own time here; as they come from our future, which is their past, and in this present time, we are all meeting up with our higher selves at this time to exponentially, amplify, multiply the frequencies which get raised in infinite love and wisdom.
 - It just creates more opportunities of balance in the electro-magnetic frequencies as Dr – maybe he is Professor - Gregg Bradin talks about the magnetics, different sounds, frequencies. As we can watch the magnetic waves as we put the sand on the platform where the frequencies, magnetics are. As the sounds get higher and higher, the pattern forms, the merkaba vehicle's light, colour sound, vibration
 - now is the time; it is so exciting and, at the same time, you could say it is a bit scary for average Joe the plumber [who is] watching what is being played out.

- Rest assured all the stories, all the legends: we are the ones. As these moments of infinity we are in - learning, growing, expanding of how self is having this magical, mystical experience called being in a body, loving it, not getting caught in the maya -
 - It's a real challenge, and she commends us all, lacks the words to describe what we volunteered to do at this time; in the same breath, all the kingdoms are showing up and saying "Dance with me, will you?"
 - Even as that cosmic dance may be different, or unfamiliar to us, the wisdom that comes from many masters at this time on the planet – some do not look like us. Yes, they are different; that's what makes this story so unique and special, and that is the magic that is bringing back what we know of, what's inside of self: the gold dust, the melanin.
 - As this wisdom is all kicking in at this time, everything that is in the Akashic Records is being brought to the forefront for our viewing pleasure, as it were! This cosmic library will already – let's say it will not be as hard as it has been; the way in which we do this by connecting through the heart, the throat, the 3rd eye, the crown, the 9 stars above our heads. As this method of interaction brings us all together in unity consciousness – the same wavelength and magic happens.
- this focus of the energies right now on Planet Earth: earth is in the hot seat! There are many who want her and, at the same time, she is not for sale: store is closed – that is why this battle, as it were, is being played out ultimately to what we are watching– Syria, Russia vs the west.
 - All the ancient gods and goddesses and the protectors, the Watchers like the Horus people, the Hathors, many others throughout the kingdoms – Thor's hammer has been found. Need she say any more?
- In these moments, praise, respect, thanks and love all that comes up: the good, the bad, the ugly: issues of the moment because it is what we have asked to do as players in service of peace: how we transform, transfigure what we've asked to do in the most unique way possible: called love in the cells. The Scalar waves and the energies that she has no way to describe except as of waves upon waves of living love, living light – allow them to transform your physical temples at this time – physical immortality is the order of business
 - as ??and Sondra Ray used to talk about with Bobby G – only Mother takes it a step further: and it is that **we've got the power** like He Man and Shera have said, the sorceress – the power is within ourselves, the Force; use it, use it only in peace!
- Greetings in the Light of the Most Radiant One
[with Tara] Kadoish, Kadoish, Kadoish, Adonai Saboth

M/A: Remember! We have the power

R: went to the Fortress of Solitude at the North Pole

- did not see the navel vessels; he was looking in the crystals and asking how we can take the next step in the story
- the crystals said use the 528 Htz – brings in love, can heal all hearts at this time!

T: Quite a time to be alive!

2016-10-12 Wikileaks Reveals USAF General involved in UFO & Secret Space Program Disclosures

Written by [admin](#)

Among the latest Wikileaks email releases is one revealing the name of a US Air Force General involved in an initiative led by rockstar, Tom DeLonge, to reveal the truth about UFOs and secret space programs. This General ran a top USAF research facility out of Wright Patterson Air Force base up until 2013, and has been secretly helping DeLonge to put together a team of ten advisors to tackle the issue of how to reveal to the world the truth about UFOs and a secret space program run by the USAF using antigravity technologies.

The [hacked email is addressed](#) to John Podesta, chairman of the Hillary Clinton Presidential Campaign, and dated January 25th, 2016, with the subject header "General McCasland":

He mentioned he's a "skeptic", he's not. I've been working with him for four months. I just got done giving him a four hour presentation on the entire project a few weeks ago. Trust me, the advice is already been happening on how to do all this. He just has to say that out loud, but he is very, very aware – as he was in charge of all of the stuff. When Roswell crashed, they shipped it to the laboratory at Wright Patterson Air Force Base. General McCasland was in charge of that exact laboratory up to a couple years ago. He not only knows what I'm trying to achieve, he helped assemble my advisory team. He's a very important man.

Best, Tom DeLonge

Podesta had previously been named by DeLonge as an official working with him to reveal the truth about UFOs. Podesta's involvement in UFO disclosure initiatives is well documented, and involves his service in both the Clinton and Obama Presidential administrations.

Arguably, the most significant among [Podesta's many statements](#) about UFOs and government secrecy was his tweet, on the final day of his appointment as a Senior Advisor to President

Obama, where he revealed:

In early 2016, DeLonge co-authored the book, *Sekret Machines: Chasing Shadows*, which is the first in a planned multimedia series of books and documentaries promising to blow the lid off of a cover up of secret space programs and the UFO phenomenon.

In *Sekret Machines*, DeLonge describes an unnamed General who had helped him to put together a team of advisors to promote disclosure:

I've had meetings in mysterious rooms far out in the desert. I've had meetings at the highest levels of NASA. I have had conversations at research centers, think tanks, and even on the phone connected to secret facilities. I've been introduced to a man whom I call "the Scientist," and another whom I call "the General." And there are many more of whom I cannot say much about, but some have become true friends, and all have become close counselors. Each of these men has all held, or currently holds, the highest offices of the military and scientific elite. The point is, I have done it. I have assembled a team of men and women "in the know." And they all believe I am doing something of value, something worth their time and yours. [*Sekret Machines* – Kindle Locations 95-100]

Major General William N. McCasland (USAF, ret.)

With the [Wikileaks release](#), we now know that the unnamed general is Major General William N. McCasland, who up until 2013 was the Commander of a top Air Force Research Laboratory.

Here is a [brief biography](#) of McCasland prior to his retirement:

Maj. Gen. William N. McCasland is the Commander, Air Force Research Laboratory, Wright-Patterson Air Force Base, Ohio. He is responsible for managing the Air Force's \$2.2 billion science and technology program as well as additional customer funded research and development of \$2.2

billion. He is also responsible for a global workforce of approximately 10,800 people in the laboratory's component technology directorates, 711th Human Performance Wing and the Air Force Office of Scientific Research.

McCasland's biography clearly establishes that he had the necessary scientific and technical background to be very familiar with the topic of advanced aerospace technologies related to the UFO phenomenon.

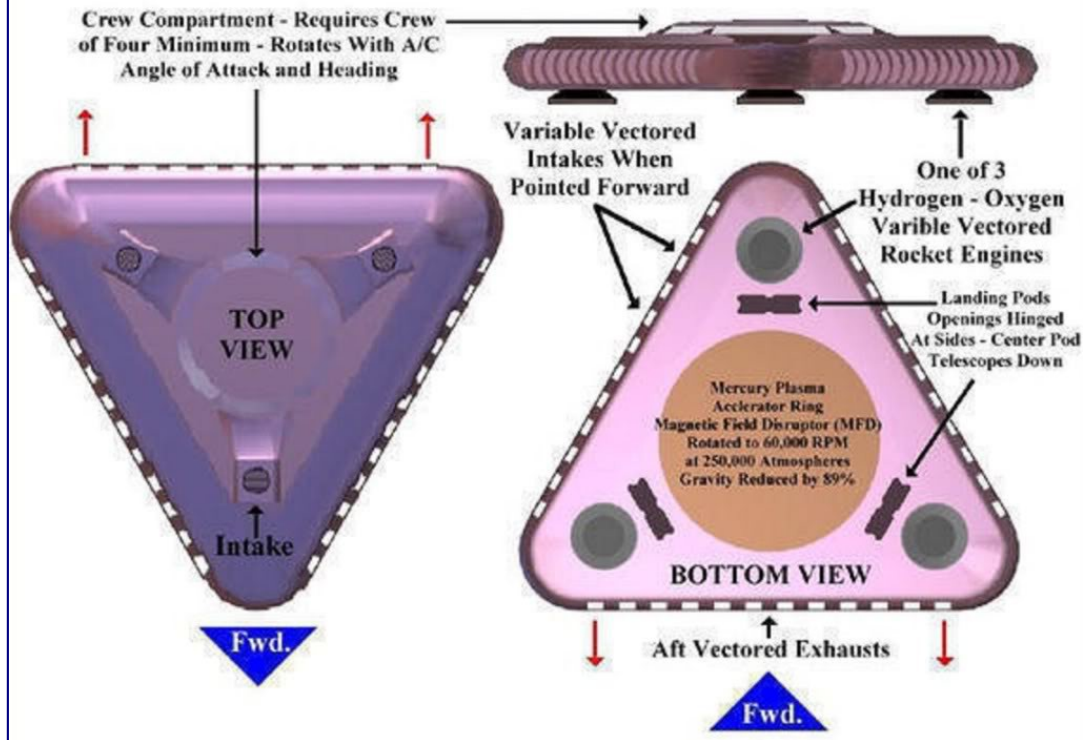

McCasland, however, is not the only USAF General supporting DeLonge. On the back cover of [*Sekret Machines*](#), an endorsement appears from another retired US Air Force General whose last military assignment was Special Assistant to the Commander, Air Force Space Command. Here is what Maj. General Michael Carey had to say:

Sekret Machines scratches at the surface of "who do" we trust with our classified technology – certainly our adversaries are aware of our undertakings, as they are doing the same, but what of our citizens, our politicians, even our own military. Tom DeLonge and A.J. Hartley create a convincing narrative describing the "cat and mouse" game that is timeless between strategic adversaries. It has existed under the sea, on the surface of the earth and in its skies, why wouldn't we believe it occurs in space. Our military leaders have been saying space is a contested environment for years now, perhaps we should believe them! -Maj. Gen. Michael J. Carey

With the Wikileaks release, we now know the name and background of the USAF General directly involved in DeLonge's disclosure initiative. The endorsement by Carey for DeLonge's *Sekret Machines* confirms that at least two, and possibly more senior USAF officials are covertly supporting DeLonge's disclosure initiative.

In *Sekret Machines*, Tom DeLonge spends much time describing corporate involvement in developing a secret space program involving the USAF. According to him, a global consortium of corporations secretly funded the development of TR-3B 'flying triangles' using antigravity and torsion field principles adopted from experiments conducted by Nazi Germany, and later reverse engineered by the USAF.

USAF Top Secret Nuclear Powered Flying Triangle - The TR-3B

This resulted in the development of a squadron of TR-3B's based out of Area 51's highly secretive S-4 facility at Papoose Lake. The US Air Force Space Command and Defense Intelligence Agency is in charge of the TR-3B or 'Locust', operating out of S-4, according to DeLonge, as relayed by his advisory team, which we now know includes McCasland.

DeLonge went on to explain in *Sekret Machines* that the TR-3B is a combined U.S. military and corporate made aerospace vehicle capable of operating both near the Earth's surface as a conventional aircraft, and in near Earth orbit as a spacecraft. He described different sized Locust vehicles, with the largest being several hundred feet across.

In [a prior article](#), the possibility was discussed of DeLonge being part of a "limited hangout" initiative where some, but not all aspects of multiple secret space programs are publicly revealed. It is plausible that McCasland, and the rest of the advisory team of ten senior corporate and military personnel advising DeLonge, may be part of a limited hangout operation to spill the beans on what has been happening at Area 51, in order to keep hidden even more important secret programs happening elsewhere.

Announcement: Documents and whistleblowers revealing the creation of antigravity spacecraft belonging multiple U.S. secret space programs, will be presented in an upcoming lecture and workshop in San Francisco (Oct 14 & 16) by best-selling Amazon.com author, Dr Michael Salla. [More info here.](#)

2016-06-05 SWITZERLAND: Swiss Vote "No" on Basic Income Referendum

<http://basicincome.org/news/2016/06/switzerland-swiss-vote-no-on-basic-income-referendum/>

[Josh Martin](#)

On June 5, 2016, Swiss people voted on a referendum that included a question about implementing a universal basic income. Although the official text for the vote did not specify the level, the campaigners proposed 2,500 Swiss francs for adults and 625 francs for children per month.

The referendum on Unconditional Base Income (UBI), as they call it, has been building since 2013 when the [Swiss Citizen's Initiative, co-initiated by Enno Schmidt](#), gathered enough signatures (more than 100,000) to successfully trigger their right to have a national referendum on the issue. Although the [Swiss Federal Council rejected the initiative in August 2014](#), the rejection was more of a symbolic suggestion to vote against the basic income than a consequential political action: the Swiss people had already asserted their constitutional right to the referendum.

Basic income advocates utilized headline-grabbing tactics to gain publicity for the referendum. Upon submitting the initiative in 2013, basic income supporters [dumped 8 million five-rappen coins](#) (one for each Swiss citizen) outside the Federal Palace in Bern. Then, in the final weeks before the vote, members of the [Swiss Initiative for an Unconditional Basic Income](#) unveiled a poster that broke the [poster size world record](#).

While this referendum may have been voted down, the Swiss basic income movement helped spark an international dialogue on how a basic income can help fix issues related to poverty, social policy, and technology, among other topics. This conversation has caught the imaginations of citizens all over the world and has led to commitments from governments or non-profit organizations to establish basic income pilot projects in [Finland](#), [the Netherlands](#), [Canada](#), [Uganda](#), [Kenya](#), [India](#), and in [Silicon Valley](#), as well as public considerations for basic income research in [New Zealand](#), the [United Kingdom](#), [France](#), and [Namibia](#). This dialogue is truly global, and media outlets all over the world have begun writing articles and making videos debating the merits and principles for a basic income.

Even with a defeated referendum, the basic income movement is poised to march forward toward a brighter future in the coming years: thanks, in part, to the efforts of the Swiss basic income advocates who triggered this momentous referendum. We extend a special “thank you” from the BI News editorial team to all of those involved in the Swiss movement who have publicized basic income and worked so tirelessly on this referendum.
