

Greeting from the Church Librarians Network!!

We have been busy on the Church Librarians Network!! If you have not visited the network site lately, drop in and catch up. As of yesterday, we now have 1,592 members! Right now several of us are giving [suggestions](#) to a new member who is restarting a library. We actually have several new members who are doing the same thing. We invite you to contribute your suggestions as well!!

Be sure to check out the Spring training events! We currently have information posted five events in Florida, British Columbia, North Carolina, Virginia, and Alabama. These events are open to everyone! Click [here](#)! If you are hosting an event for church librarians, you are welcome to add your event to the CLN.

Spring is coming!! We would love to see your Spring decorations and read about your ministry plans for the Spring. Post your pictures [here](#). Share your plans [here](#). Just click on "add".

Be watching for announcements about something new on the CLN!! We are going to start our own type of story board.

Grateful!

Morlee Maynard, Church Library Ministry Specialist
