HARD NEWS

R: #1 issues is the energy coming in

Rowdy Roddy Piper left the planet; was in touch with the ships

T: Tells of a little Pow

R: talked to **Tom the Cat, Larry, Curly, Kathryn and Heidi today - their comments:**

- the **10 life forms** we saw yesterday [1st Republican "debate"] were lying through their teeth: a MAJOR DISTRACTION; they did not touch the pertinent issues of the day concerning our planet and the moment we are in: in the twinkling of an eye . . .
- the Sirian Command, the Pleiadian Command are here and are **visible in our skies** – might also be the reason the 10 lifeforms and the 7 at the Kiddies Table – everything was about nothing that had to do with reality

T: compliments D'Yanna: can learn so much by bringing the animals closer to us

- The topic of Celia Fenn's article: Calling the animals to us – Humans can no further in their ascension until they get closer to our stewardship role with the animals; it is that important!
- the focus is on the idea that 25 million viewed **the "debate"** - Thom Hartmann called it a "Food Fight" - largest number of viewers for Ayles and Murdoch – **addressed none of the important issues**
- **Kathryn asked** why are not Murdoch, Ayles, their minions not in jail with Bernie Maddoff and accused of the same crimes?
- R asked **if Shepherd Smith was still a white knight;**
answer: the Vatican bribed him with \$3 Billion and a silent promise that he'd be killed if he did not take the bribe; he then put \$10 M in dinars & completely sold himself down the river
- R asked about **The Weir Bank** – caller thought it was connected to the Chair of Peter: it is NOT CONNECTED WITH THAT VENUE: IT'S IN A SOVEREIGN VENUE BUT NOT THAT ONE; it's located in Switzerland; has an enshtalt trust fund, but **all trust venues go to zero**, even in that venue: it is **part of the old system.**
- **Obama's Iran Deal:** Extreme right wing & lunatic fringe challenging Obama on the P5+1 nuclear deal with Iran
 - **Debbie Wasserman Schultz and Schumer, once again, sold out to Israel**
"As [if] the republicans along with traitorous blue dog democrats manage to get a 2/3 vote against the Iran Deal, after President Obama vetos the first vote made against it, at that point, we will see the good 64 members of Congress huddle with Obama & he would order the Provost Marshall General to order the military and the militia forces world wide to round up these folks - all ½ million plus - to arrest every one of them.
 - This would also engage the 38th level above the president to active duty – meaning Ashtar would engage and order the galactic contingency forces into place. This includes 20 million Sovereign Militia forces: 16 million galactics, 4 million ground crew.
 - As well, there are **trillions of star fleets** included in this activity, standing by and surrounding our beautiful blue planet and the Milky Way Galaxy
- they also talked of the sleeping giants awakening story with "no dates" - yet it's all happening
- They also brought up Celia Fenn's article and its importance
- And embracing the big story is what we humans need to do: Stretch, Meditate, Expand, be pure consciousness, fully awake now. Sat Nam.

Audio: [Full Show 8/7/15: Fox News Tried to Take Down Donald Trump at Debate](#)

Tonight's progressive panel discusses last night's GOP presidential debate and in tonight's "Conversations with Great Minds" Thom discusses the voting rights act with Professor Gary May, author of the book **Bending Toward Justice: The Voting Rights Act and the Transformation of American Democracy.**

Conference Call

- Someone is trying to instigate something: all kinds of cop cars after an escapee from jail
 - Again, today, Jade Helm folks are crawling over the city & cop cars are everywhere
 - Brings up yesterday's story of Rama taking photos – she knows that New Mexico is a border state, & every state on the border with Mexico is getting treated the same.
- The Bill Richardson we saw on TV is a clone.
- **Aurora, CO:** memory of the supposed killer is still not restored – this situation won't change until we are on the other side and can reverse things. All of the ones on the Republican "debate" stage are in various stages of the same kind of programming – really believe what they are saying.
- MHP and Loretta Lynch – part of her interview with the AG was played on Al Sharpton's program; rest will be aired on Sunday MHP show

Lyn: wants to see the military stand down and go green too

- also effective to have Chinese women get common cause with American women:
- about the kids playing video games – trying to get them to addiction clinics, and the treatment is harder

Al Jazeera: an 11 year old boy shot a playmate dead with his father's gun: seems he's been playing too many video games with the violence involved in them

T: nukes do not work across the planet

Lyn: the top 1% are playing with war, and the next actions will come from pretty insane youth who've been playing with those kinds of games

T: we are at the end of the game. Also talking of other children where something happened a 12 year old was playing wrestling and used the tactics on his 6 year old playmate who died

- Another kid, from watching too many Good Cop, Bad Cop shows: borrowed a rifle, aimed and shot a total stranger across the street: the young ones are not developed in their minds; they are also latch-key kids, nor are they getting good educations
- when we make use of the awareness we have been gaining, the energy becomes available to us – as we listen to Nassim, he's so profound we need to re-listen.
 - Last Thursday, he discussed atoms and photons – at least 100 trillion cells in a human body, and a holographic cell in each of them -
 - and given the power of love that we are, if we take on the wrong energy, we are lethal – like the 500,000 who will disappear as well as all their past lives etc
 - there are 100 trillion particles in every proton which is inside every atom of every cell - multiply 100 trillion x 100 trillion – it's about 93 zeros!
- This is Master Dang energy
- KOS did a mind meld with #15 of the Wingmakers: KOS spoke Spanish and English; after the mind meld, he could speak 22 languages, including Mandarin.
- **Market** is down 100 points; Japan, China Freakin!

- Greece:** Immigration issue – Syrians coming to all their islands and getting no help.
- Tsipris came on a German program and said it's not a story about Greece, but about what is happening in Africa
 - This started 4 years ago because the weather modification was affecting the African countries who were in drought conditions – deliberately – so will do nothing.
 - The Syrians are impoverished and are refugees because they will not live in war conditions
 - 50,000 Syrians showed up last month – in 2014, it was 50, 000 – this year, the same number **came in one month.**
 - The US Constitution is spiritual because it comes out of higher law. St Germain told the Founding Fathers to sign it and that he would be back. The situation where there are conflagrations has to do with inequality and the attitude at the top

Caller: about Syria: as we see ISIL and how they have expanded by attacking pyramids and antiquities . . .

- Caller brings up a lot: truth is the cradle of civilization is not Mesopotamia, it's South America – ref to book called **When Rocks Cry Out**

C: familiar with that, Mesopotamia goes back 20,000 years – is this a target because of the age of the area?

- The 13 families went after everything they could get their hands on that might get them to the 5th dimension; it is the US ones and the Shiite military which is even worse than ISIL: decapitating everyone in sight
- thinks it's to do with being at the end of the game and all the karma is backing up; the denial of responsibility for teaching, training, healing centres – the issue is that civilization has already collapsed and Sodom and Gomorrah have happened – no nukes this time.
- And there are many, many pyramids – trying to use the technology gets them nowhere; they are also chicken shit because they sent their scientists through the stargates and the scientists died; then they tried to send the soldiers through

R: Sunni and Shia have lived together for 6000 years; all the same people, descendents of Enki and Enlil – Black Moon Lilith got into the mix

T: we all have those gifts: the archons being talked about are like us but they applied black magic – this would not have succeeded except for the masses giving in to F E A R –

- it also has to do with them too, as they mangled the true nature of nature and nature's god; we are at the edge of annihilating the human species as well as the natural world

- They also destroyed the mountain side buddhas – there's a story about going around about what is underneath the Capital building: a place where the buddhas are – have been duplicated by the galactic realms – reference to a story The Book of Secrets, starring Nicholas Cage.
- The books from Grandmother Gladys have a lot of information [Aboriginal Moabite Nation]
- That's who Metatron is: he maintains the etheric blueprints of every piece of living matter and can reconstitute it as well – and he has: did it for Rama once.
- he who would it must first pierce the rock – George – book of emblems
Marsha Middleton called a meeting with the and Vernon Geddy/Getty Marie [Bower] Hall
- Reading about **the Bruton Vault**

BBS RADIO

Mother Sehkmnet / Father Alcyone [M/A]

Greetings in the Light of the Most Radiant one; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra!

- It is 8-8- Lions Gate; we've been in it for a while now.
 - It is the great opening of these moments when we asked to be of service – humanity - now is the time as we are all on active duty as it is in this moment.
 - Yes, Cecil is with us on the Nibiru, and they are making sure the pride is doing well; it is in these moments where all that has come in this twinkling of an eye
 - there is much unravelling and in the same breath, we all are taking on the mantle of the Office of the Christ to which we have sworn our duty to as we are all servants of Thy peace. This moment we are in – there is no veil; there is no spoon. We are One.
- Her children know the time is up, and what s/he can share about this present hour – it is not about doom; it is about everlasting love, peace, wisdom, joy, life everlasting; these temples of living creatrix frequencies – 10,000 years are the twinkling of an eye in this moment: our ancient sisters, brothers are awakening once again and s/he could say the cover story about Iran and the gourd of ashes is just that: a cover story.
 - They do not want us to know s/he have already assembled the teams - ground crew, all coming in this sacred moment; their knees are knocking together, teeth chattering; they know the moment is nigh: this is why Mr Chucky [Chuck Schumer] took a bribe and said to Benny [Mr Netanyahu] he wanted a little more money to do the deal. So Mr Yahoo gave him another couple of billion - it is all about the money. And cash is trash!

T: it is so sad: he's been on the right track for so long

M/A: that is why she calls him chucky from a horror movie; he has become: he sold out to Lucy in the Sky – the hologram of Lucy because . . .

- Debbie Wasserman Schultz: her family was threatened with annihilation by Shin Bet which does the dirty work of Mr Yahoo

T: get rid of her, leaves Hillary in charge of the Democratic party

M/A: Rince Priebus is in charge of the Republican aparty; took the place of Michael Steele a good nazi

T: Well programmed

M/A: Yes, this is why they speak of the fact that you asked to be of service to humanity; now it is in these moments, nano seconds, a sacred hour has come to pass

T: this is happening to the MSNBC network: Comcast brought out G E shares

M/A: member of Westinghouse

T: Tesla – get this stuff out of here

M/A: Mr JP Morgan and Goldman Sachs will face E Warren's wrath and will be joining Bernie Madoff. Let's hope they have a bunk bed!

T: the debate was quite a food fight; Hartmann called him a rabid squirrel hai what they have done

- Can't believe all those people were paid off to jump and scream – are they clones? It was a big operation

M/A: Want to create as much chaos and confusion as they burn their bridges to Mordor

T: just gives more impetus to Bernie & bigger gatherings: Saturday in Seattle, Sunday in Portland – In Portland had a stadium and have moved to a bigger venue with 19,980 seats – expecting that many people.

T: In LA – where is he going?

M/A: As Bernie rises to the occasion, we will see the kind of crowds that Mr 19.5* drew when he said "Yes we can"

T: Bernie said on Thom Hartmann he had 350,000 + contributions, and the average is \$31

M/A: Think they have broken his back –

M/A: Trump is nothing but empty aircraft

T: really went after the feminine and tried to degrade Meghen Kelly – someone said she was very sharp in terms of the questions she asked; he tried to make her look like she was stupid

- he trashed Rosie O'Donnell not only because of what she looks like, but she is a die hard Liberal -

M/A: and she has married her partner and a threat to these life forms who cannot hold a candle to the goddess, who are afraid of women of power – when we are done comparing how big it is, Mr Trump is hung like a gnat

T: Thom Hartmann said he did something good, as he exposed that the whole system is broken – he gave money to all on the panel – he got Hillary to his wedding: give money and you get favours back. Can see where that goes

M/A: All of it is about this moment, as all the commands are here: various ones from all sectors of this Universe of Nebadon – so many Sirians, Pleiadians, Andromedans, Antarreans, Arcturians – everyone is here: this is the grand stage as we are on the one page of ascension frequencies and it is assured; it is non-stop

- everything is about awakening in this moment: we are at ZERO POINT – Schumann Resonance has gone up; things are not as they used to be

T: brings up Celia Fenn's article – earth can't ascend any further until we deal with the situation to animals and the animal kingdom; how can humans be involved in torturing animals for a living – it is vicious!

M/A: She can say with great assurance that as the 8-8 Lionsgate is already moving the energies so fast, so quickly, everything has been rendered asunder.

- We are seeing the ancient life forms that were magnificent in one moment and still are: they bought the Lie – Lucy said believe that you are nothing without me; here's a little gold to help you along the way. Would you like 3 pieces of silver? Thaddeus, Judas were in on the plot- Sananda Kumara knew what was going to happen.
- It is about the fact of the matter that Black Lives Matter, All lives matter of the rainbow rays of this mighty I AM race, culture. Maybe that is not the right word: we are divinity incarnate; we are souls having a human experience where we asked to step in as a magnificent, mighty I AM that we all are:
- now is the time, as we are moving faster and faster with the frequencies; it is like our friend Bill Hicks used to say: you wanna ride? Let's go for a ride. How the ride works: start with the high heart – emerge through throat, go through the 3rd eye through the 9 stars on the top of your head; moving on up: the DMT has kicked in fully – we have the power.
- It is with dignity, love, joy, respect, as we are the divine bodi shatvas to take this holy vow of service in this sacred moment; they joins us, side by side: I am Michael Brown, I am Trayvon Martin, Freddie Gray – all lives matter,
- Now is the time to do what we must do: we have asked to be in loving service for this planet; now is the time. First, foremost, yes – the animals and the beings of this sacred sphere have asked us to find a different way to sustain these temples of the living god.
- As Sananda Kumara said, all we need comes from the grasses, the trees, the flowers – eating the flowers of the hemp planet, has more protein than any steak you can ever get

T: when it's in the right form!

- When we eat fear and we watch Mad Max and Road Rage - CALL DROPPED.

T: One of the lines got over amped!

M/A: Mother raised the frequencies and her children who have taken the black hats do not like

what she is talking about!

- It is this moment of consciousness awareness where we asked to be of holy service at this time-space. She was saying that the animals of this sacred sphere have said eat only the nuts, the grasses, the trees, the flowers – it is how we ascend.
 - It is in this sacred moment: remember who we are: we are ONE in all our divinity.
 - Just remember, as we just saw, the energies are so wonky – just like that [one finger snap] one minute you are here, the next Bye-bye.
- We have something else: the language of Solex Mal – the language of the spheres - don't need this mike or wires – heart-to- heart; like an ambassador said to Pickard: my mind to your mind: we are one.
 - Not just a joke – Vulcan Mind meld. It is real: we will meet the Vulcans very soon – Vulcan is one of our sister planets in this solar system – get used to it. We have so much to share with the people of the planet: there are so many of them here– they come in peace, in love.
 - Sheer logic is what the Vulcan philosophy is about – when we get past maya, monkey mind, we go to the realm where, as we become Metatron's cube, the tesseract, we become one with the Infinity Stones and have the consciousness of Metatron!

- Remember, there are 4 of them called the Muskateers who hold Diplomatic Immunity in this universe, and they call the shots – the lifeforms we know as Congress -

T: There are 64 of them who don't like being associated with the rest of them at this point

M/A: they are getting an upgrade in consciousness awareness – instantaneous if not sooner;

- it is about the ones that come with Mr 19.5* and sit with him in the Oval Office or other places in the west wing; off hours and pass the talking stick and share the wisdom of the High Heart – this is the true wisdom of the Moorish Aboriginal Moabite Nation.

- Remember who you are in these sacred hours; We are All One
 - greetings in the light of the most radiant one
 - Mother does some sounding

- Greetings in the Light of the Most Radiant One – Kadoish, Kadoish, Kadoish

T: asks for some balancing energy to settle the high temperatures in northern Africa

R: has been to Venus, Hesperus, the capital city; talking with the beings who are visiting Venus at the moment; they are the people we know as the Ant People from Orion.

- The Ant People have been saying that, in Orion, there has been a great awakening, and Metatron and Neptha El Ra have spoken with those life forms that have asked for amnesty
- first and foremost, this request has to come through Mother, Metatron, Michael and Maitraya and it goes before the Solar Tribunal and the lords and ladies of the great palaces of Dracos – who know how to handle their own people.
- the ant people have shared this with Rama; saying that many of these life forms are from the Alpha-Draconus- system, Orion have asked for amnesty, yet he [Rama] is just relaying the message

T: is it not true that they have done this over and over again and when they get it [amnesty] , they don't keep their word?

R: the edict has come down now, and they know it and they are really freaked out now as they went too far, way too far, and now it goes into the realm where Mother does what she does best – leaves it up to her to discuss it.

Reading: what she started before – in the churchyard at **the Bruton Vault**

- the vault is a pre-destined, encapsulated event prepared personally for us by St Geramin – once the vault is opened, it will be one of the greatest stories

- could be opened possibly with the help of one David Bray, a descendant of ??- he visited the site in 1991 waving a land title – let's get him
- we will pierce the vault – many feel the vault was opened from the bottom from a tunnel system in the 1930s during a renovation period

INFORMATION RELATED TO THE NOTES

2015-08-06 From "Calling the Animals" to the Lion's Gate ~ A Journey in Raising Consciousness - by Celia Fenn

In this period of 2015 we are most certainly in a Wave of powerful transformational energy. Our lives and our Reality is being changed at a very fast pace and in ways that we are often still coming to terms with.

I think that the most recent wave of changes has been the most definitive and also maybe the most surprising.

It has to do with our fellow citizens on the Earth. The Animals. Quite simply put, the Earth can ascend no further unless we make peace with the Animal Kingdom. We have to take into OUR consciousness the fact that in a Fifth Dimensional World we are all connected and related, and that means that we can no longer abuse and destroy without acknowledging that it is ourselves that we are abusing and destroying.

This awakening, and this recognition, and ultimately this raising of consciousness has been centered on Africa. Why? Well, for several reasons. Probably the most evident is that Africa is the only continent that still has a large wild life population, but which is now under extreme threat. Secondly, Africa is the continent that is the focus of the Sirius Project, which is the clear guidance and love of the Sirian Master Teachers from the Sirius Star System. That influence extends from Egypt in the North to South Africa in the South.

Solstice June 21st and "Calling the Animals"

At this year's Solstice celebrations, I was guided by Archangel Michael to call for a Global Meditation on the "Calling the Animals". The purpose of this was to call the animals to us and to express to them our desire that they should come with us into the New Earth and be part of our New Earth Reality.

I did not realize at that point how crucial it was to the whole Ascension project that would make this expression of intent to our fellow brothers and sisters on the Earth!

Further, I also was shown how the Animals are not inferior forms of life, but are also "Star Seeds", gifts from the Creative Beings who are our Galactic and Cosmic Family. If we could not honor our Animal Family, how could we honor the Galactic and Cosmic Family who had gifted these Life Forms to our Planet.

As it happened, I was also invited to attend a Ceremony in the far North of South Africa at an ancient Stone Circle. This site was located on the "Nile" meridian and also on the borders of South Africa, Swaziland and Mozambique. Just to the North was the Kruger National Park, our biggest wildlife sanctuary, and beyond that, Zimbabwe.

And so it was that I was privileged to be with a large group of people as we "Called the Animals" from the Sacred Circle that we had created around the main standing stones. I remember quite clearly calling the Lion of the North. In our circle, North was towards Kruger and Zimbabwe, home of Cecil the Lion who was to be a major player in this unfolding wave of energy.

I did specifically call the White Lions as the Spirit Keepers of Africa, to be the guardians of the North. It was also interesting, that our Ceremony was visited by two large Crows, who as messengers of the Spirit world carried our intentions into the Spirit Realms.

Cecil the Lion and the Royal Lions of Sirius

And so it was that the message was received by the Spirit Keepers of Africa, and the Royal Lions of Sirius.

Now, perhaps I should explain how very important Lions are in the Sirian teachings.

In the creation story, the Prime Creator known as Amun-Ra, gives birth to two beings who are called Shu and Tefnut. They are the original Masculine and Feminine energies, and Tefnut who is the Feminine, is always depicted as a Lioness Headed Woman. Lion/ess energy is Sacred to the Sirians, it is a manifestation of the Divine Creative Essence.

And so it is that in Africa, where the Sirius energy is strongest on the Planet, that the Lions came to be the Spirit Keeper of the Continent. And it was there, in the Spirit Council of the White Lions, that our call was heard. And so it was decided that a Noble Lion would be needed to bring to Humanity the message of the Lions and the call to "Family" in the New Earth.

And so it was that Cecil, the noble Lion of Hwange, was called to carry the role of the Sacred Path of the Lion King.

Now while this is a beautiful story, it also does not hide the fact that every day Lions are hunted, poached and killed in Africa, and that the death of Cecil was not a "demanded sacrifice" but an illustration of what is befalling all lions in Africa, and ultimately, all animals on Earth.

The purpose of the very public killing of Cecil the Lion was to bring the energy of the Lion into the Collective Consciousness just at the very moment when the Sun was in Leo and we were approaching a very crucial Ascension Moment in the Lions Gate of 2015, the 8/8/8.

It was to make Humanity aware of what was happening to the lions and to the animals on the Earth. To remind Humanity of their mission to love and hold the animals and their purpose of recreating the Garden on the New Earth so that All Life Forms could be present.

And it was to make us aware that our Star Nation brothers and sisters, especially the Sirians, were here present with us in this work. The powerful energies of the Lion's Gate are assisting the Planet through the Gateways of Time and into the Higher Dimensions that are guarded by the Royal Sirian Lions of Yesterday and Tomorrow.

8/8/8 : The Lion's Gate and Beyond

The Lion's Gate of 2015 on the 8th of August is the culmination of an Ascension Wave that will lift the planet into the highest frequencies of Luminosity that have yet been achieved on Earth!

On the 8th of August, the Royal Sirian Lions will be on hand in the Spirit Realm to be the assistants at this wonderful moment of Ascension and Birthing for the Planet.

We can be sure too, that Cecil the Lion will be there in Soul/Spirit form, to watch over the final stages of the story that he had such a part in creating.

From this moment forward, the Animals will step into their sovereignty and will become our fellow citizens of the New Earth.

This will create a radical shift in consciousness that will challenge all that we believe about love and compassion and the way in which we embody these essential energies.

We will be required to shift from a society that believes that Humanity is central and that everything on the Planet is simply "resources" to be consumed, to a society that acknowledges the Unity of a Family of Living Beings sharing a common home and a common destiny.

This is the Great Shift we need to make if the Earth is to continue to ascend into her true Destiny as a Planet of Love and Compassion.
