Hard News:

T: News is overwhelming

- Dr Emoto passed over in Shanghai; family was present – July 22, 1943 – Oct 17, 2014
[SEE BELOW for a copy of the words and greetings that Tara reads, as well as pictures of the crystals of water.]

T: Refers to some information – a connection with **Neil Keenan who is totally compromised.**

They pass on the information as it is **totally unreliable.**

- The Fed Reserve was gone in Jan 2007, the IRS was gone in Feb 2007; you are not giving money to the IRS, but you are giving money to a bunch of thugs for genocide, wars against humanity.

R: Talked to Larry and Curly: we are the end of this story, cycle

Tom the Cat: they shared with the energy coming in, Oct 23 new moon and solar eclipse, and what has evolved since the lunar eclipse and full moon – they have made their bloody bed and they will sleep in it! They made their choices on the Blood Moon eclipse

- It is about holding the principle of the highest love for all concerned – the Luciferian hologram is playing out the end game - those supporting ISIL, war games, and our war criminals running loose & no accountability, so it seems: yet it changes in the twinkling of an eye
- With the new frequencies coming in, you'd better be on the right side of destiny as these frequencies come in – there is no quarter offered / no slack – you do this in the Office of the Christ or you're gone. This story is about crossing the River Styx – this is about bringing eternal life into our realm where the Light Cities are already manifesting on the planet – there are so many others who want to dance with us!
- Heard again yesterday that **Michelle is going to run for Pres, with E. Warren as VP. What a ticket!**
 - Time for the rising of the Goddess. Things only come to balance with sharing between men and women. St Germain said it is a political move: we the people get to choose

- Hong Kong** – early in the morning, the cops dismantled a site in the financial district – took all the kids' stuff, destroyed it and threw it all in the garbage – the kids were in tears! The others said don't be like that – we're in the long haul – and they were all back at it today!
- The kids are getting around on their own social networking – nothing is discussed on the main stream news
 - Yet it is being discussed on France 24 & Al Jazeera
- **MSNBC** is owned by Comcast and Comcast is owned by AOL Warner
- Ted Turner used to own CNN & PBS; he got blood money for that; owns lots of land in NM

R to get the information about the man who can desalinate ocean water for much less cost than the usual way / old technology.

The girls from Boko Haram supposedly to negotiate their way home – something is worked out with the galactics - happening to issue this thing into place: they can be in the 5th dimension as well as the 3rd dimension & nowhere at all - hard to get the info from Rana Mu: mind your own business! You keep clearing your own stuff

- this is an instant change we are all going through & we all have something to work on

- there is **no way that the characters from Faction 2 have anything to say**: Cobra not real; dinars not real; The Event is not real; - it's luke warm pablum for people not getting clear on what is happening and on the nature of this beast
- R**: people better have their shit together, given the nature of the energies coming in.

T: the **question about all of China** and how they are going to dump the control leverage on how many billion of people in China – how will this look?

- they can't continue to run the country as they do now with no money; if they get NESARA money, they cannot continue to do what they are doing – R: something will radically change

R: they confirmed that the market is going down

T: French, German markets down 9% – absolutely no productivity in France

- All the European countries are flat out austerity to the max
- Max Keiser & Stacy are so positive, yet they give the figures very clearly

Audio: Thom Hartmann – a nurse in Texas which is a “right to work” for less state: there are no unions
Bernie Sanders: calling from California:

- Chevron is putting about \$3 M into a campaign against progressive – lots of people there
- People worrying about whether right
- lot of discontent around the country; people hurting economically; will people's kids be able to go to university? Will they get jobs?
 - People are worried about international events & ebola;
 - the Republicans say are you happy with where we are going today? People say No – so you must want a change – vote republican. Then people think about it for a minute and realize lower taxes for the

rich is a not good idea: Will a tax on social security or ending medicaid as people know it or cutting back on food stamps

- they rip Obama apart from one end to the other; then they attack Dem candidates who stood with him – if you don't like Obama, then you don't like

People need to take a hard look at the agenda being offered – go to his website for more info.

- Koch bros are 2nd richest people in the US, worth \$85 BILLION: what do they stand for? Media has done a bad job explaining this
- **Bernie Sanders reads about what they stand for.** When David Koch ran on a Libertarian ticket
 - abolition of medicare and medicaid programs, not just reduce it
 - get rid of social security – they say it's fraudulent
 - Abolish postal service – it's a popular gov't agency that supports everyone!
 - repeal any law that people should have any minimum wage – not about raising the minimum wage but getting rid of it altogether so people will be forced to work for \$3 an hour
 - separate school and state – no more free education or university

this is ARREST TIME – TAKE OUT TIME!

Conference Call

The Sedona connection

A show on Saturday on Al Jazeera – on the Fault Line Series – about Iraq and the Kurds

- say the US pushes ISIL back – there is no way this will stop them as they have vowed to kill everyone except their own sect; they are Sunni
 - the Turks are Arabs & they hate Kurds – there has been a 14 year old war against Kurds
- R:** this involves NATO
- they hate the Kurds and all they want to do is take out Al Assaud – iran is backing Assaud
 - The US has made a mess of this: the ISIL are being funded by the US, yet they take the money and go after Assaud too – playing both sides against the middle
 - The thousands and thousands of WMDs have been found by US soldiers – these are shells with poison gas in them and this goes back to the 80s when Reagan gave them to Saddam Houssein so he could kill the Kurds.
 - You can bomb your way to ??, but you can't bomb your way to peace.

Tom the Cat: don't think we are just going to let this go by; you cannot violate the laws of love and get away with it.

- Barbara Lee will be on Bill Maher's show: she is an enlightened being.
- If the guns won't work, will they use swords?
- If you resist when these new energies are here, you go into automatic combustion.

Paul: asking about Kathy, the guest on Stargate Roundtable last night

K M Scongna@aol.com www.lifeenergyresearch.com

- Kathy wrote **The Prometheon; The Junk DNA**; another one which is the synthesis of the first 2 called **SAF Simplified**
- **Noble Drew Ali created The Moorish People of America**; Barack and Michelle are Moors
 - the Iroquois nation were all Moors
 - before the land broke up, Morocco and the US east coast were one piece – no ocean between
 - we are going back to this

- the US of Altea America is Egypt

Paul: makes Happy Hats and sells them

Sonja: when it is said that Egypt is here – the main structures are still in Egypt?

T: NO they are all along the Grand Canyon -

S: the pyramids, the sphinx are in the Grand Canyon?

T: **NO**, the temples all up and down the Nile

- In 2010, she played a narration on Fridays and Saturdays – **The Lost Symbol** by Dan Brown
- The Pyramid of Giza is here and is under the Capitol – the same size!

S: **Horace Butler – when rocks cry out**

T: Dan Brown is the one who tells of the pyramid under the Capitol building

S: Butler talks of the same things

T: yes, but he didn't talk about the pyramid under the Capitol

T: talks of the printout of how many clones of Hitler and of Rockefeller – they were able to get it printed out

Paul: the Assembly of Counties is who he works with; they are across the country

- working through the courts to create change

T: good to get on the 13 families via all the angles presented by all the groups

- The changes will come with NESARA, when all these legalese “laws” disappear

P: saw a confrontation at the transportation centre between 2 people: sent them love and let it alone.

T: can see auras now, or sense them

Sonja: a quick breakdown on the 7 super Universes & inside 6 of them, they are non-linear, non-physical –

- the only physical one is this one because we asked Mother to create it
- the others are uni-polar because they are unity consciousness
- We need bi-polar – we were 12th dimensional beings who travelled in infinite bliss
- we wanted to experience limitation -

Sonja: our super universe has how many galaxies?

T: no way to count it: trillions of galaxies in one Super universe – beyond what we can grasp!

S: something about 27 galaxies – this is Super Galactic Centre that Cynthia talked of

- 27* Sag – that energy is travelling and following Super Galactic Center where 27 galaxies converge – so
- the Andromedan galaxy is trillions bigger than the MwsG we are in

S: saw a presentation by an astronomer – are Andromeda and MWG merging?

T: they are opposite each other, not that they are merging

- The experiment is at its completion point – the 3rd dimension no longer exists; we are in the 5th
- fundamentalist xians have a huge jump to make

- The wealthy visionaries received their blessings long ago – people ask why they get so much when they already have so much? **They had to set up NGOs**
- in early 1990, Mother said that in order for the earth to heal, we need to stop using it – we need hydroponics and put the energy in the water –
 - we are lucky if there is 5% of original value in our existing seeds and plants
- There is a ton of new plants and flowers that are here already
- Up in the mountains of the Himilayas there is a little area where there is a Hawaiiin fern gully, with snow on the rest of the mountain – these things exist. This is how the ascended mortals and the immortals who never lost their bodies are living; the physical areas are protected – mother earth has a generator inside her which she can use to generate energy
- the Hercoblean planet is 10x bigger than planet earth: it has dinasaours and beautiful gardens and they have to think about how they

Mother Sekhmet

Audio: from **Radiant Rose Academy**

Mother Sekhmet

Greetings in the light of the Radiant One, in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

We are all here! [Mother and Alcyone]

Greetings, Children of Ra!

- Indeed, now is the time of that for which we have asked. Lord, make me an instrument of thy peace; where there is hatred, let me sow love!
 - There is so much intense energy going on in all of the realm in which we co-exist; it is with great joy they can say now is the time when we will have our day in the sun, and they will have their eclipse.
 - It is the changing of the time which is this Grand Cycle – we are in this golden age. Those who have taken the gold to use it for ill gain: it has a funny way of bouncing back into our hands, and removing itself from their hands for they have not used the gold for right livelihood, for healing the planet.
 - It is something of the nature of gold – you cannot hoard it; you cannot put it in a tomb and seal it up – we saw what happened to the gold bars in the Twin Towers – gone! St Germain has very big pockets!
 - It is about returning that which was originally given for this planet and its people; since we are all in a symbiotic relationship, the gold was to be used for everything we see and do, taste and touch, and feel. That is why there remnants still to this day of the gold dust – which is called anthrax in the tomb?
- T:** that was to protect from thieves, Mother. Though Miss Halifax and Robert Masters had to learn that lesson the hard way, a lot of people died when they entered into the Tut tomb because it was full of anthrax. Though she discovered this when she went to the back . . .
- M:** when we began this story with all of us, we must do this story with all the great love we can hold and more 'cos we are going to go down a rocky road that has quite a cosmic dance for humanity to get.
- As we went from Creator Gods down to 2 strands of DNA, & Bevus & Butthead and then some; now it is full circle and what we have asked for is in Receivership
 - there is only one hand clapping with the frequencies; this time is only to send more love to all the situations at hand. Take time with Self; be good to Self!
- It is with great joy, gratitude, joy, we say we have arrived. And though it may see we have gone nowhere, we have gone full circle. It is how we do this story: simply enjoy and [have] great reverence: as Rainbird says “13 thank yous and honey in the heart”
 - How many generations backwards, how many generations forward – in this moment now, it is all there is; when we can cross that moment – here we are, it is already completed
 - Next step is to be in that ecstatic joy, to know what we have done, changed an entire cycle!
 - this cycle has come to conclusion – we are already on the other side and this is why there are all kinds of anomalies and we don't know which end is up. Well this end is up, and it is about the end of the story of those children of hers who are saying they refuse to do anything except what they said they would do. Therefore, so be it and so it is.
 - As we move into the energies of the new moon, solar eclipse, that which has been made manifest is done.
 - her wayward children have made their beds, and they will sleep in the body bags they have created for themselves – it is just another day in the life of a galaxy.
 - On and on it goes: it is only about the in breath and the out breath, and how the one hand is clapping with such a magnificent sound of creation in all its forms: not being attached to what you might consider “form”
 - this is why this [striking her chest] is just a temple as we immortalize it as we comeback to the place of

becoming a physical sun: this is quite a challenge for the brain to get that we were once physical suns, that all of us were once sons and daughters of the Most High and we still are: we have not gone anywhere.

- Yet it is about the fact that we are in that great cycle / circle of infinite joy and wisdom

T: Alcione is yawning a lot! **A:** It is because of the energies

T: a tremendous influx of energies, and these guys are trying to reverse it all the time.

M, A: Send them more love in infinite bliss; it is hot in the kitchen for the energy which is out of its time / space continuum.

- We cannot be here if we are not in a place of ecstatic, orgasmic joy – those are the rules, that is how this planet is planning to have its day in the sun, and us along with it.
- In these parting moments, experience such ecstatic joy in the cells – we know how to do it: remember what we've been taught – we taught it to ourselves long ago; now it's come full circle.
 - the Force in and of itself is the greatest teacher at this time, as we have all called ourselves back to this time of the Great Awakening; It is like what was called in **The Highlander** [movie] – the Gathering of the Immortals. Here we all are; nobody's heads coming off here, except those that need to go into the duffle bag that needs to go to Dracos; it is for them on Dracos to decide the fates – whence she came and whence she returns with her precious cargo of her children.
- It is what has been asked; we are witnesses, all of earth, to what has transpired in the last 26, 826 years – we are in a new cycle now: be in joy, as we see in our own lives the manifesting of what we know to be rightfully true with what's occurring in this cycle of transfiguration. These bodies, these temples – it may seem that nothing has occurred: they assure us that so much has occurred and we are not what we used to be – 8 hours is so transformational – they have only gratitude, humble gratitude for what we are going through

T: wants to hear from Mother, Alcione: the structure of the just one regime consciousness of the Communistic Chinese type – will it stay in place?

Mo: what they play with, the form of communism they use is not communism; it is capitalism with an iron fist, and if you speak against those powers, they give you a moment to breathe and if you tear up the king's picture as one lady did:

T: the lady in Bahrain was in jail for 2 months for doing that, and when she got out, she stood in front of the judge and did it again: she said "I was born free and I was born of my father who was born free and is serving a lifetime for being an activist"

Mo: all of you are free; at the same moment, it is only about the reality that what we have asked for is already here, called **freedom's holy flame – use it wisely.**

Kadoish, kadoish, kadoish!

R: has been in sick bay on the New Jerusalem; he was visiting some beings passing through, visitors surveying the sick bay and how it compares to other sick bays in other ships, cultures – he was a tour guide.

- Yes, it was part of a longer tour – he took over that part of the tour from someone else
 - the sick bay is very large – one entire floor – an entire hospital but like going to the Best Spa you have ever gone to!
 - They use the tricorder which can both diagnose and heal – reknits bones in seconds

T: Is there a section where there are books? Yes

- Also biodomes with entire fields – they have oceans with whales and dolphins
- This is just ONE of how many mother ships in the fleet that – OMG!!!
- He met visitors he had never met before – bi-pedal life forms that walk on 2 legs, yet they were entirely covered with lime-green fur

T: where were they from?

- He does not remember: he did not talk - they communicated with pictures and telepathically

T: What were the pictures about? About the various instruments in the sick bay, and how they were used.

T: Did he learn anything from them? He is still integrating it!

- Audio: Thom Hartmann:** finish Bernie Sanders' listing of what the Koch Brothers stand for
Taken from their platform when David Koch ran for office a few years ago
- separate school and gov't – no more free education or national universities because universities should not be supported by gov't
 - This is the 2nd wealthiest family in the US is supporting this extreme agenda
 - the Republican ads will not say "Vote for X; he will cut this" - they will lead with wedge issues that they think will get past the people

Frederick Douglass's Legacy, Pakistan's legal kidnapping, debunking the death penalty

On this episode of Breaking the Set, Abby Martin celebrates the birthday of the famous black abolitionist leader, Frederick Douglass, whose key role in mobilizing black Union soldiers to fight for the ending of slavery is grossly downplayed by the mainstream media. Abby then talks about the case of Kareem Khan, who was kidnapped by the Pakistani police after speaking out against drone warfare, and was released over a week later after being reportedly tortured. Abby then speaks with Dr. Roberto De Vogli, lead author of a recent report in the Bulletin of the World Health Organization that concludes that stronger government intervention is needed to slow and possibly even reverse the problem of obesity. Abby then takes a look at the history of Valentine's Day, commenting on its sadistic origins and the corporate takeover of the holiday, which pushes the idea that consumerism equals love. BTS wraps up the show with an interview with anti-death penalty activist and host of the Moment of Clarity web series, Lee Camp, debunking a few of the myths and misconceptions of America's death penalty.
