

Who can enroll?

King of Kings does not discriminate on the basis of race, color, national, and ethnic origin in administration of its policies, admission policies, and scholarship programs. We are a Christian school and hold to the values of the Bible.

What should I know about the curriculum?

Children are engaged in activities that foster their development naturally. Learning is fun and age appropriate. Children thoughtfully set goals, make decisions, and solve problems to achieve their goals. Activities planned will challenge your child at their level and support them as they learn and grow.

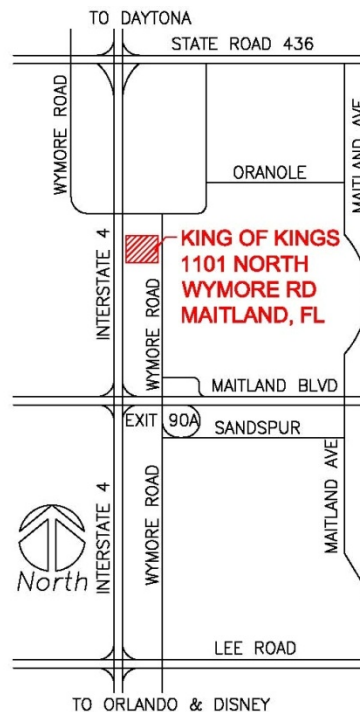

Quality Christian Education Since 1976

A Quality Preschool Program Centered Around Christ

Why does King of Kings exist?

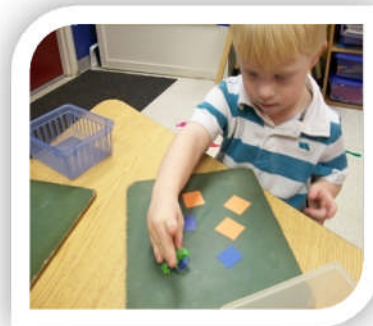

To provide a safe, fun-loving, Christian-based environment that is intellectually, socially, emotionally, physically, and spiritually stimulating to each special child entrusted to our care.

Why choose King of Kings?

It's a great start for the heart and mind. Here, three and four year-olds grow and play in a warm, caring environment.

Our early childhood program provides Christ-centered, hands-on, active experiences that assist you in nurturing the intellectual, spiritual, social, emotional, and physical development of your child.

"Because of you my child has a beautiful outlook on education and a truly memorable first year of school experience...plus it was filled with love and the LORD. Without the support I received from your school, you, and the staff, we would not have made it through the school year." - Class of 2012 Preschool Parent

We offer:

- An atmosphere of Christian love and respect.
- Licensed, VPK preschool program.
- High/Scope curriculum for active learning through play and communication.
- Established preschool program staffed with professionally trained, creative teachers
- High scores for Kindergarten Readiness.
- Opportunities for parental involvement.
- Before and after school care available.
- Grade K-8 elementary school on the same campus.
