## HARD NEWS

**T:** this morning there was a breakthrough in the news: Debbie Wasserman-Schultz is making it look like Bernie has egg on his face!

- DWS is saying on the issue of a breach of contract with the Democratic National Committee; Jeff Weaver, Sanders' Campaign Manager, has sued the DNC and its leadership for blocking Sanders' ability to get hold of his own data.
- Completely doubt that Sanders did anything to cause this – yet someone was fired from his staff for gaining access to Clinton's data

**RB:** didn't DWS take some money? She might have been bribed to do this.

**T:** she knows what she did: accepted \$2 Billion from Netanyahu, and Net and Hillary have been in bed together since the beginning!

**Audio:** Thom Hartman "large amounts of our data were sent to another campaign" - the words of Jeff Weaver; campaign has also called for an audit!

### Bernie Sanders Campaign News Conference

Sen. Bernie Sanders Presidential Campaign Manager Jeff Weaver held a news conference today following allegations that a staffer accessed confidential information from the Hillary Clinton campaign. The Democratic National Committee has suspended Sanders campaign access to a voter database. Mr. Weaver told reporters that the DNC is attempting to undermine the Sanders campaign and called on a full independent audit of the situation.

**Audio: CONVERSATIONS WITH GREAT MINDS:** Dr. Mark Weisbrot, [\*FAILED: What the "Experts" Got Wrong about the Global Economy\*](#)/Center for Economic and Policy Research (C.E.P.R.)

Link: <http://cepr.net/>

Mark Weisbrot **Failed: What the "Experts" Got Wrong about the Global Economy**

Why did the Eurozone end up with an unemployment rate more than twice than that of the United States and six years after the collapse of Lehman Brothers? Was crisis in the Eurozone inevitable? What caused the prolonged economic failure experienced by the majority of the world's low- and middle-income countries at the end of the 20th century? *Failed* analyzes and ties together some of the most important economic developments of recent years with the common theme that they have been widely misunderstood and in some cases almost completely ignored. A central argument of **Failed** is that there are always viable alternatives to prolonged economic failure. Author Mark Weisbrot shows that political agendas are often the root cause of avoidable financial crises and, drawing on lessons learned from previous crises, recessions, and subsequent recovers, can prevent further failures in the future.

## CONFERENCE CALL

**PLEASE NOTE: THERE ARE [ BRACKETS] THROUGHOUT THESE NOTES; THE ONES AROUND THE LARGE INSERTIONS REPRESENT INFORMATION DISCUSSED WITH T & R AFTER THE CALL, AS I INCLUDED THE CLARIFICATION I RECEIVED ON THE POINTS RAISED BY CALLERS.**

- R:** talked to KOS about the fiasco with Ms W-Schultz; all that is going on here is the fact that Bernie is moving the entire universe to the left; Ms Schultz as per the orders of Ms Hitlary is upset – very!
- Ms Schultz took a \$2Million dollar bribe – Mr Yahoo is not long for this world, as Fulford says
    - what is going on now is interesting: Mr Putin has all 4 aces; Mr Yahoo might have a pair of twos – and aces beat the twos in poker! All of Yahoo's technology is grounded.
    - There is a shifting of the guantlet of power here: Mr Putin is backed up by the galactics and even though he is mentioning the N word [nukes], he will never use them, as he has been told [by the galactics not to]. R does not quite understand why, but the brinkmanship game has to be played out to the end
  - the paschats [their cats!] are wild with the frequencies of the solar flares – there is a large body on the edge of Pluto, almost in the Orc cloud – has to do with the uplifting of this planet AND the solar system:
    - The planet and the Solar System are in lockdown and only the interdimensional, hyper dimensional beings can get in and out, as their technology is way beyond what is on the earth.
    - It is a delicate dance in how to tell the public: when Mom and Pop are from Kansas City, Kansas, they don't understand what T&R et al are talking about, and when Jess Sessions says that the IS ones are coming to get them, the dichotomy confuses them.
  - as Greer said in the Nov 21<sup>st</sup> update: if we were to find out how huge the story is, and not just the tiny story about the IS word or other things going on on the earth: it is a **huge** story!
    - Mr Putin knows we are getting help, as do the 13 families – they have had an extra dose of ex lax and they are holding their breath: one end or the other will pop!
    - Dr Greer says we the people need to pick up the guantlet as other beings are doing in all kinds of places in the galaxy, and Mom and Pop in Kansas City are confused, and Jess Sessions gets an orange jumpsuit because you cannot serve 2 masters, and the most important one is the Law of Love – they are doing their best to create confusion which is why we are watching Schultz say that Sanders is spying on Clinton campaign when, in fact, it is the other way around!
  - Sanders is moving heaven and earth – JFK Sr will be back and his brother Jimmy Carter will tell the truth: all of them will come forward at the right moment and talk about the huge story which is bigger than the one about the second coming – **which is us meeting ourselves!**
    - The little bit of 'splaining to do is becoming clearer and clearer. As more and more whistleblowers come forward and share this, it's excruciating painfully and slow, and also exhilaratingly quick!
  - Nassim, RanaMu and others said the 13 families are shitting bricks as they cannot hold on to the story – the raising of the interest rate means things are going over the edge, and they cannot hold back what is inevitable which is that the US dollar has to take a dive, the whole way.
    - Has nothing to do with other things that have anything to do with reality – the other stories about currency have to do with keeping the power in the same place: playing with 2 masters. Yet you cannot serve both; this is only about Love
    - it might take a week or two or more, yet yesterday the market took a dive for 200 points

and then went up; held together with only duct tape, baling wire, crazy glue – it is all based in fake currencies and false evidence appearing real.

- St Germain has it well in hand – Ben Fulford does not talk about the Lavendar Lad but only in terms of the WDS [White Dragon Society]

- What R has been told by those who really control the story is that the WDS is just another front for the very ancient ones in the east: it is important to realize that there are good WD s as well as dark ones. The very ancient ones are Ascended Masters like Baba Gi, Lord Shiva [the male aspect of Mother], St Germain, El Morya, Kuthumi, Kuan Yin – and they talk to the royal families living in the ancient places in China: like under Beijing, in the mountains by the Great Wall of China – they are in huge ancient palaces that go miles high.
  - These ones are immortals who settled across the planet; they are Pleiadian ascended masters, Sirian ascended masters, Andromedan ascended masters, who have amassed gold and precious metals from across the galaxy. They are backed up by Mother's forces, Asthar's forces and other forces of Light from around the galaxy.
  - These immortal ascended masters speak / spoke to the fathers and the grandfathers of the White Dragon Society
  - In other words, the father, grandfathers of the ancient WDS talked to the immortals, and we talked to the ones who talked to the immortals – and all of us knew this
  - This [the current situation] can only be held together for a few more nano seconds: it is cracking right now

**Ross:** from what the KOE said, Easter and Christmas are the times when things would happen then the announcements and then arrests

**T:** there could not be another interest rate hike – Rama was being generous by saying that she [Janet Yellin] might be able to raise it to ½ % - it was already ¼% & even the ¼% was too much – this is the final death knell. On the news out of Berlin – the DW news. . .

**Ross:** Julian Assange / Wikileaks released a cable in 2006 – “US, Isreal, Saudi Arabia plan to **invade Syria**”

**T:** they planned this 60 years ago!

**Ross:** Then there was a cable in 2006 – so he was releasing a smoking gun

**R: talked to KOS:** everything we've called ISIL and other Black Ops in the Middle East are not true – **just Black Ops**

**Ross:** asks if this could happen in a week

**T:** there is nothing logical about this [meaning what is happening has to do with the naqual, not the current way of looking at things which is the tonal]

[the linear aspect is masculine: this is the active principle – which assumes in the absence of information

[ the non-linear aspect is feminine: the ability comes from experience

[ what we are working on at the moment is the integration of the linear and the non-linear aspects in order to achieve balance and unity]

**R:** yes, there is – people being with families, off work, being in a position to hear the big story

- yes, he knows they never said it but he's just thinking about it [the logic of the timing of the announcements]

**T:** the only reason he thinks . . .

- the KOE said we might see something about full disclosure about the galactics – that the astrology of the full moon would be indicators about those three things

- we have the movie coming out today – they told us that there are 2 different types of theatres – can watch it in 3D or in 5D with special glasses! T thinks they might be able to watch it in 5D; she likes the word “elders” as opposed to “old people” [or “seniors”] – and she knows that age can be reversed!

- It is past the point of any return – will not make it for people to lose their minds in the process

**Carlton:** why Syria, and why now?

**T:** it's not the new battlefield – it was planned a long time ago

**C:** Why Syria? Or is the question “why not Syria?”

**T:** Rachel did a good segment on this:

[The Rachel Maddow Show](#) 12/17/15

### **Rachel Maddow 12/17/15**

Watch the full episode of Thursday night's The Rachel Maddow Show. Duration: 44:42

- It is the **opening segment** which deals with the following:
  - Putin and Russia have had a base for 20 years on the shore of Syria – the republican nazi collaborators have wanted revenge on Russia for the last 20 years! They have wanted to go to Afghanistan and build an underground oil pipe and go underneath Syria, the Mediterranean Sea and the ocean and bring it to the US – and Russia has been in their faces saying not over our living bodies
- Remember that Obama, Putin, Xi are playing 3 tiered chess and the rest of the oligarchs are not invited. On the other [lower] level of the [chess] board, those watching will be saying it's about the fossil fuel discussion. That is why so-called allies of the same nazi republican collaborators who are amenable to the NWO idea of destroying 1/3 of the MW Galaxy are [going to be removed. The people in the media are being told what to say: Putin is the bad guy, so is Obama, etc etc – the CEOs of the media companies have Hillary as their overlord, and her overlord is a Great White Dragon from Dracos – very big and tall, and an eater of human flesh. The CEOs will also be removed.]
- R:** This is where George Lucas' story comes in; R met him in LA when Lucas was experimenting with avant garde stuff and created a movie called THX; Lucas went to talk to Jamie Sands who created the medicine cards: Jamie brought through Princess Leah from Alderbaran and she shared with Lucas the story of the Orion Wars and that's how Star Wars got started. She brought through the story to right now – Lucas, Leah and Hans Solo
  - we need to have the larger story as well as the vibration of the millenials: they want to know how to contact the ET vibration – it is important that they learn that this vibration has always been here and that the older ones [the elders] took a risk and got in touch with that.
- T:** Many people who are channelling are saying that you have to get to 99% on your own to ascend [removal of karma]: the Ascended Masters have changed this – they will meet us at 50% - this fact does not seem to be registering!  
[Some of us volunteered to come to the earth at this time and not necessarily to clear our own karma: we can be here to take on global karma, planetary karma, even higher levels of karma – like St Germain who spent 500 years as Dracula; he was inside the catholic church to find out how bad it was, and to deal with that karma.]
  - The millenials are wondering who made this mess? There is a lot of impatience – and it's understandable – T is in her late 60s, and said her parents were scared out of their minds: with every 4<sup>th</sup> turning, there is a silent generation that does not pass things on – [reference to the book: **The Fourth Turning: What the Cycles of History Tell Us about America's Next Rendezvous with Destiny** by William Strauss and Neil Howe]
  - THERE IS NO MORE REINCARNATION onto this planet; there are 80 BILLION PLANETS LIKE EARTH where we can go; it just won't be back on this earth. [the ones being born on the planet now are new souls who have not incarnated before or who have only incarnated once or twice.]

**R:** his father was of the silent generation – they refused to play the Game: they were going to support the ideas that Bernie is bringing in now.

**T:** The millenials are saying they cannot vote for Hillary, and they know about Bernie – listen to what was played on last night's program: The **interview between Killer Mike and Bernie Sanders from Killer Mike's barber shop** – each of them in barber shop chairs – **IS MILLENIAL MATERIAL**. SEND IT OUT, AND TELL PEOPLE ABOUT THE SHOW AS THE LARGER STORY IS ASTOUNDING!

- This is the extent of who we are and taking responsibility for all that has been done, no matter who did it; LOVE IS THE ONLY THING THERE IS.
- Another virtue is patience and if we are wanting things to be quick with over 7 Billion people on the planet, [we do not understand the complexity of the operation!]
- The idea of being happy and not worrying- a profound place to maintain
- Osho Rajnish was an East Indian teacher who to the West and built a complete City of Light in Oregon; it is 86,000 Square Feet – she has a 25 minute tape in which he used the F word in all possible kinds of sentences, etc and demonstrated the mastery of getting every meaning of that word – it is both a profound teaching and a very funny one!
  - who is bombing the heaven out of who?

**T:** if you read B. Fulford, he's saying that Saudi Arabia in on the brink of collapse: they are f'ing broke!

**R:** also heard that oil could go down to \$20 / barrel – the Saudi princes and kings are taking their money and trying to hide it as fast as they can; it has no value in spite of the number on the front of the bills. They are trying to save their skins!

- Saudi Arabia will turn into an autonomous region in the Middle East, and the whole story will go back to the higher teachings of Islam and the Sufi masters – Rumi, Kabir, etc
- When R first came to the hippy commune in Santa Fe – left California when the dark ones came in with their drugs – talked of Sufi Sam who had a dance every Sunday;

- Wayne Dyer hanging out on the other side!

**Ana:** introduces / / / Baba's name; brought sufism to the west and blended it -

**T:** sufism brings the 3 major religions into one path: the Judeao, Islamic and Buddhic Mystical Path

- Those who wanted to create the clash of cultures and religions began in the 3<sup>rd</sup> century when they organized religion for profit. The plotting began with the Nicean Council when they threw Jesus out of the burgeoning religion based on his teachings, and established the what we know as the Catholic Church. About the 5<sup>th</sup> century, there were already established Islamic ideals and a 2005 article from Raylene Allen of Rumour Mills.com Faction 2 talked of 2 things:
  - she learned in 1996 that Clinton became one of the Faction 2 White Knight group, and that the Catholic church in the 5<sup>th</sup> century had sent out seers to find someone with the right lineage; [they chose a young man called Mohammed, and trained him by instilling a sub-set of Islamic "ideals" into him: the ideas about jihad; 72 virgins; that the enemy was satan but would really the West. This early plot was intended to establish a religion they could eventually use to go to war with – to create a world war that would lead to endless war on the planet. These "ideals" are now manifest in ISIL.]
  - in 1977 there was an official agreement to do a comparative religion study of Buddhism, Krishna, Christ – the idea was that it would be a counter balance to the devisiveness that had been created.
  - These things/ ideas/ forces have been working for a long time: she brings up the name of a monkey that is different to other kinds of monkey – the bonobo monkey – they are completely in love, do not fight; they can transmute the aggressiveness of the other kinds

of monkeys.

- [In Atlantis, we also had our siddhas and gifts and ascension work to do; however, one bit of ego got involved and things went sideways. THIS IS WHY KOS IS SO INSISTENT ABOUT NOT SERVING 2 MASTERS!!! Remember the discussion about the layers of ascension and that the spiritual work involved never ends; as we gain more insight and understanding, we are presented with more challenges which increase our insight and understanding yet again – and so it goes.]

**Caroline:** wants to encourage people to send whatever they can for T and Rama – can't have Rama in as rough shape as he is in currently; \$5 or \$10 regularly would help mightily

**T:** it's been a couple of months now: the car's tires are totally bald & driving is dangerous; \$600 to get new tires and a tune-up – very important!

**Caroline:** There are only a few of us supporting them – if more could send even a little bit, would help – giving to someone else only magnifies your own abundance!

**T:** no matter what : you don't do austerity if you want the economy to kick in!! For every \$1 you get from a social protection plan, \$7 comes back – so the economy does not get just \$1 back - it goes through so many levels! The increase by 7 is St Germain's principle

- As you encourage people to listen to the program from last night, you are helping spread the word, and opening minds to the teachings of NESARA and all that lies behind the bill.

- Refers to an article about the professors and politicians warning about the New World Order –

- Says that Dr Michel Chossudovsky is a criminal – [he is the founder of Global Research out of Montreal. **KOS** told R that Putin put out an arrest warrant for him; T & R were not told exactly why, though they are wondering if he might have some false evidence against Putin. He also took money from the dark side – which also means that he opened himself up to be bribed: there is culpability on both sides with the action of bribery. He is passing on all this information & making money off it.]

**Ross:** saying that Foster Gamble was compromised – was he bought or was he threatened?

- yes, he did the movie "Thrive" which is cool, yet he is still tied in with the story of expecting baskets of currencies, and not the nuts and bolts of Nesara: it is changing one group of corporate masters for another – may look like something is changing, and it's not

**Ross:** is he going off world with the others?

**T:** when Rama asks questions like that, he gets rude answers! Our job is to talk about NESARA and leave all the other money games [and the outcomes] alone; there is blood involved, as innocent people are getting killed – it's terrifying, and we cannot sit on the fence.

- We took on a karma together and THIS IS THE FIRST TIME IN HISTORY / HER-STORY THAT THE ENTIRE GLOBE WILL DO THIS AS ONE BEINGNESS.

- The idea of free will choice in the US is so huge: the question being asked of us is "and are you free to have all the money and leave others without?" Look at the 30 years old setting up hedge funds!

**Ross:** the one Martin Shkreli

**2015-12-17 Pharma pariah Martin Shkreli arrested on suspicion of securities fraud [SEE BELOW]**

**T:** he was hauled into court for taking money from wealthy people – and they also need to be in jail too.

**Ross:** The court case of Sanders campaign will start things going

**T:** Carl Boudreau says there has to be a lot more of group resistance: need a GLOBAL RESISTANCE WITH A WHOLE LOT MORE PEOPLE INVOLVED.

**Ross:** things have escalated to a high level - the Black Lives Matter movement will not give up until they get what they want; the police will be pursued and other such movements . . .

**T:** Boudreau saying that this will take years: the announcement of NESARA is just the start!

- there are going to be a whole lot of people who lose a lot of money – this will take a while but they won't be able to screw around with a lot of money: it is for us to become masters, to teach only love; [the ongoing discussion in spiritual circles] about the dispensation for change has talked of it going to 2023; Carl has taken it out to 2026 and others even further. [Thom Hartmann has said just recently that OVER HALF of people in the United States are living in extreme poverty and he has access to other sources from T & R, sources who are also well-informed.]
- We need to develop long vision – let's dance and be in joy
- We want to make a garden of this place and it is not just for us as individuals – there has to be cooperative effort
  - [the announcement of NESARA is just a blink, then we get to the whole project: the strategy of when and how to do things. What the dark ones are doing who push events to the edge in order to create events that push the planet past the edge of retrieval: if there is no earth, if it is destroyed, we have no place to live: we all need to get involved.]
  - She talks of Swami Purna who has always been on this planet, and of the magnificence of the idea of having been here since the beginning, never leaving the planetary consciousness: it's indescribable – an idea /the ideas we have available to open our minds [He has shape-shifted his form every time he has appeared on the planet.]
  - the US is a pretty isolationist country, and Trump et al want to make it more isolationist, and also let's export 12 M immigrants who are without papers; and there are tons and tons of people who think this is a great idea – it is all based in FEAR –
  - this is why KOS is the 7<sup>th</sup> incarnation and initiation of Sananda Kumara ????

**R:** the lead singer for the Stone Temple Pilots was found dead in his bus: a message of the frequencies which are getting higher and higher – messing with drugs can take you out!

- T:** teaching another person how to dance with the attitude of maintaining that calm no matter what the events of the day, and without the us/them attitude –
- patience as a virtue needs to be taught
  - There are so many parts to the play!
- And then there's Benjamin Fulford: wants the Canadian military to go to DC to arrest the Fed gangsters – he is being controlled to say these things.

### **BBS Radio: Mother Sekhmet / Alcyone [M/A]**

Greetings in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

We ask for the greatest good of the whole now, that we don our courage & dismiss all F E A R and imagining ourselves doing projects together, and reversing our ages together, dissolving all conflict in love.

### **Greetings Children of Ra!**

- Indeed, this mystical experience we are having is so magnificent to behold. There is much transpiring as we [the galactics] are here; our crew is here. Yes, stories about their craft, about all that is coming to pass in this moment – it is this one story – Ave Satche: Lord make me an instrument of thy peace!
- We are in service to humanity in all its forms
  - This task that we came in with is being fulfilled in this moment now; as we are in this holy season, as it were – where Admiral Sananda Kumara and his loving Magdalene have blessed this planet with the grace of this sacred moment of such frequency that is the very

challenge for all to be all that we can be in each second.

- It is so magnificent to behold, the grace that is pouring in at this time; in the same breath, we are watching also her other aspects of Kali Yurga, Pele, transforming, transfiguring this beloved planet and this sector of the Alpha Quadrant of our galaxy, its vast movements of regions upon regions of heaven in our midst!
- It is creating a real challenge for humanity, as we may not be experiencing the grace he/she speaks of; as in many circumstances, in this very nano second, everything that we may have overstood, understood, has been turned inside out, upside down and around – and it is about change; this change is them in the moment.
  - We could say the rallying cry of all the kingdoms is: “Now is the moment of how we can serve humanity in all its forms of grace and dignity and respect”. It may not look that way in this moment, yet it **is** so.
  - This is the place: we are saying: bring yourself into this awareness. The questions have been asked how we may get in touch with them; how we can interact with them. In the still quiet moments, call upon the mighty I AM frequency within each one of us.
    - It is permeating everything; All That Is, as so many are going through challenges in these beloved temples of the living Goddess/ God, All That Is.
  - What we have asked to experience in these moments, even as we may be sitting in Gitmo Bay or other places – know we are with you in every second! Even as it may be choosing to leave this dimension, they are with us.
  - All time/ space, space /time is NOW. For each soul that is asking “Lord, how may I best serve humanity in all its forms? How may I best serve the goddess within me, as I may have done things, committed acts, that I chose to experience?”
    - FORGIVE SELF; that is the greatest choice. Forgive Self whatever it may have been because that grace is all permeating, all encompassing at this moment – there is no such thing as sin. That is a lie: the only thing that may be called “sin” is getting in the way of another going home.
  - In this moment of NOW-ness, our wayward children, as M /A call them, are wishing us [the people] to believe the Great Lie that we will never be saved. **Yet we have already saved ourselves** though it may not look that way if we have PTSD or whatever we are going through; it is all blessed in each moment – it's all about this story: Be Love Now as Ram Dass has said in his current story. Just BE LOVE NOW!
- It answers all that questions that come up: as we wish to connect with them, it is about raising our frequency rising up through our endocrine system called the chakras.
  - Everything that is contained within these temples of the living goddess is a reflection of what's out there – as Nassim calls it, the nothingness that is full of everythingness – it is not empty, but is so full that it may look black when we look into space, as it is so full of living love, living light.
- Already the ones who have the wherewithal that are moving space time are creating ways in which . . . not gonna give any dates, but we are in this moment of the threshold where we have the abilities already within – to activate our merkaba vehicles and become those merkabas of living love, living light that intersect with every other merkaba vehicle, as we become these geometric forms, shapes, that make up space-time.
  - Everything - the rocks, the trees, the grass, the air – it **is** all in this one moment as we get more and more integrated into these temples of living love, living light. These principles of which they speak are already activated: the time is now, the time is nigh!
- It is happening even as there are so many sitting in such magnificence even as they, we, are saying “Au revoir” to our beloveds. There are so many souls coming in in these moments who are taking up the slack for the ones choosing to exit - and they do mean they are

“exiting”!

- There is only one law here, and it is the Law of Love and this is what this one at this time asked us to do:
  - the least among us is the first among us in this sacred season: remember Tiny Tim and what he said: “God bless us everyone”
  - this story here, in this moment now, is the greatest gift we could give each other; in this moment of divine bliss, it may seem like a divine curse in each moment as we may be experiencing the ridiculousness of the illusions of grandeur of the matrix – yet it is being shattered as we speak.
- What our sun Sol which is a reflection of Helios and Vesta, which is a reflection of us with Alcyone is raising everyone, the sons and daughters of the Most High; in these moments here, it is such a blessing to be here. It may not seem like that right now, yet it is such
- M/A tell us a little story: when this one [Rama] went before Mother Theresa in her church / temple in Calcutta, India and said “Mother, why must we go to war? Why must we fight an enemy we know nothing about?”, she said to him: “You have a choice, commander: listen to what your father has to tell you. Listen to your heart.” He took it to heart, made the choice, did not serve the war masters and went on the journey to say “Now is the time for peace; now is the time for love”
- in these sacred moments, here: choose peace, choose love. It is how we get through this eye of the needle which is as wide as the Dark Rift – what is coming forth now is raising every single neutrino, particle, electron, proton in every cell
  - as we look at our cells, as we look at our neurons, they are just a reflection of what is out there in the vacuum which is not empty, but is full of love. It may look black, but because it is so full, light gets absorbed into the blackness.
  - As we begin to comprehend the higher principles of the higher harmonics of hyperdimensional physics, then we can take these journeys: we don't need a ship: we ARE the ship –Take our merkaba vehicle; it is already activated. Use it and use it wisely.
  - This is what we did in the beginning when we were spheres; some call them orbs – it is just a reflection of sun / son – sons and daughters of the Most High. We got a little bit caught in the magnificence of how great, how awesome we were: that little bit of ego got in there. Said “Hmm! I like the feeling of gold, of that magnificence: I want it all!”
  - We fell; we chose to fall into that realm where, when we took our power with love and began to use that little bit of ego and we created stories. As we descended further and further into matter, we took the stories into physical manifestation, and stories about gods and goddesses began to emerge. False religions . . .
- this guy comes on our TV, just waiting for Congress to come back - Bill Maher – haven't seen his movie Religiosity – interesting dance
  - It is not that they are saying that Beloved Ascended Master Sanada Kumara was not The Office of the Christ; he always has been, always will: Planetary Prince of this Universe, co-Regent with Beloved Ascended Master AA Michael & Excalibar, along with that other slice of the story about Luciafera the bright morning star – interesting how they played with this in the new sci fi movie, trying to make them out to be beings that look a little bit like the devils –
  - Yet the only devil here is the devil in the details of the story when we forgot how magnificent we are: like what Rainbird said in the beginning: I forgot; I'm sorry; please forgive me; I love you; I respect you; I thank you for what you have given me in this moment!”
  - And when we say this, we are talking to Self as well as all the particles involved in this cosmic dance

**T:** a milestone was reached today: **KOS was very pointed** with Rama:

- we are in the throes of ending this now; it IS **REALLY, REALLY IMPORTANT NOT TO THINK YOU CAN SERVE 2 MASTERS.**

- The promises of dinars, the talk of banks here and there: **all of these things to go to zero - \$279 trillion - GONE;** all the people are criminal endeavours, it is blood and we would be participating in criminal endeavours: the highest good of all concerned must happen here

- We do have something to share, so take a risk and step out - there is something inside of each one's heart that asks if this is all there is - let's dance on that good red road

**M / A:** Never don't forget - they walk beside us every moment when we are in the depths of our moments and think we are bereft of everything and everybody, and welcome death: overstand / understand that death walks on our shoulder every second: that is how we do the naqual; we are no longer in the tonal - Jaquar Medicine Woman will teach us the secrets of the sacred plants remember that the DMT flows through our brain - it is part of us

**M/A:** Did we know that Jimmy Carter cured his cancer with cannibus and told no one until now?

- A little bird told her today; just a little bird that was along the way. NO, she cannot tell us! [in response to Tara's questions] Not allowed to say [who told Rama].

- He has to come forward with Jack & tell the story: yes, they will come on stage together

**T:** OMG! It is so close!

- This thing against Sanders, will catapult Hillary as there are all kinds of charges against her and she's going to get a dose . . .

**M/A:** she's going to the slammer!

**T:** thought she was further along than that.

**M / A:** That is about the first step - she's dragging! They have to take her children back to Dracos to stand trial in front of the Draconian Empire when they are done here

**T:** have they figured out how that way of doing things is going to be explained to the people?

**M/A: Yes.** As full disclosure comes forward, the ones of the scaly persuasion - the ones who have defected to the light and said they will serve only the Office of the Christ; they will come forward from the solar councils and share what they know about this very ancient, ancient empire in our Milky Way Galaxy

- Long ago, when they began this story as the watchers who were here before the gods were here: these ones will share their piece of their story, as the salamanders, the frequencies of that element - earth, air, fire water, ether - the 5 elements, the 5 infinity stones of the Gauntlet of Power

- fits nicely into the story of how the Guardians of the Galaxy are here, are back!

Greetings in the Light - kadoish, Kadoish, Kadoish

**R:** has been in a little town called Bethlehem in east Jerusalem; as this sacred season is upon us, there are so many asking: "All we are asking is give peace a chance" This is the time, this is the place - let it be now.

- This little place called Bethlehem - he's been there in the physical - such a magnificent blessed place on the planet.

**T:** it's in hostile territory in the moment

**R:** Israeli troops walk the streets with their fire sticks of negativity; bless each and every one of them - may Bethlehem return to being the place of peace!

- he just experienced so many people praying there, asking for a cease to the violence: it is not Hezbollah, it is not Hamas; it is the fake story created in 1947 / 48, coincidentally the same year as the Roswell Incident as our friends showed up to warn us about the Gourd of Ashes [buddha in Redface]

- at the same time as the ones from Zeta Reticuli came from their future which is our past
- as the Roswell incident happened July 4/5 because of US technology when they took the ship out of the sky, in 1947/8; it was the same time that Palestine went from being a country called Palestine to a fake country called Israel.
- it was planned that way and it had to do with the nazis being spirited to the US thanks to Operation Paperclip: Hitler, Mengele & others; it was a way of covering up the atrocities which had occurred [in Germany& elsewhere]
- let there be peace on earth, and let it begin with me

**T:** when Mother was there – T brings up Putin threatening to use the nukes – he hopes nuclear weapons are not needed to fight terrorists?

- Did the KOS say anything about Joe Biden saying to Turkey get out of there, and with whose army is he going to do what with who?

**R:** it's the brinkmanship game being played right now until the last nano second

- As Dr Greer and others have said: this has to get to the boiling point, and it's at the boiling point now: Mr Putin will not weaponize his missiles; there will be no nukes. This dangerous game is being played out to the nth degree: Putin knows very well the ramifications of this, and it's a bit of bluster on his part yet he will not use nukes. We will not use nukes.

**T/R:** Yet he has something to say: he said in his press conference that if this had been a true accident, Turkey would have apologized:

- all they said was F you, and there was life lost; Turkey has given only hollow comments of "I'm sorry" . Erdowan is a product of NATO, and NATO is a product of the cold war: has to do with Stalin, etc
- when Putin said that, and because they did not apologize: the sponsors of ISIL are Turkey, Isreal and Saudi Arabia; that is why the Faction 2ers are wanting Obama dead as he will not play the game with Isreal, Turkey, Saudi Arabia at all!
  - Isreal's forces are grounded and Net's shitting bricks! He does not know how to get out of this one; the only way out is forgiveness . . .
- The Russians have standing orders to sink Turkish and Israeli submarines – the Pentagon said this: is saying this, which means Barack is playing hardball against the terrorist game set up by these ones who want to use innocent people as cannon fodder.

**R:** the story that is not being told is Dr Keshe and his technology: as they push this story, his technology will be deployed and the ships, the planes will be floating rubber duckies in the Persian Gulf!

- Amy was talking about Leonard Pelletier - Wounded Knee anniversary coming up

**R** asked **KOS if Barack will pardon Leonard** and Amu .. jamal

- As **KOS put it:** the hand of fate is moving in that direction:
- as Bill Clinton pardoned his friend, the criminal tied to Leo Wanta & the story about money, who helped Hillary take out her lover, Vince Foster

**R:** and these people get pardoned and the people of North and South Amexum get their land returned to them now.

### 2015-12-17 Pharma pariah Martin Shkreli arrested on suspicion of securities fraud

*The man who bought Wu-Tang's \$2 million album might have done it with tainted money*

By [Vlad Savov](#)

([Martin Shkreli / YouTube](#))

Notoriety comes easily to 32-year-old drug company entrepreneur Martin Shkreli, who has managed to offend almost as many people as Donald Trump without having the platform of a nationwide presidential campaign to help him. His offenses might be more than just moral, however, as today [Bloomberg reports](#) that he's been arrested on suspicion of securities fraud.

Shkreli first came into the public eye after his company, Turing Pharmaceuticals, acquired the rights to an AIDS drug and jacked up its price to extortionate levels. But before Turing, he was head of Retrophin, another drug company, and it's the way he managed its affairs and funds that is the subject of the federal investigation against him. Retrophin's current management alleges that Shkreli misused and misappropriated money from that company to pay off failed investments from his now-defunct hedge fund, MSMB Capital Management.

Price gouging isn't under investigation here

The present probe into Shkreli's activities while still Retrophin CEO has been in progress since at least [the beginning of this year](#), and now prosecutors have finally established sufficient grounds to arrest the Turing CEO. Shkreli's ruthless tactics have been in evidence for a long time, with his earliest success as a trader coming from short-selling pharmaceutical stocks. He has been unrepentant about his profiteering ways so far and most recently demonstrated his penchant for conspicuous consumption by purchasing [the Wu-Tang Clan's \\$2 million \*Once Upon a Time in Shaolin\* album](#).

When asked about whether he would share the Wu-Tang album with anyone else, Shkreli this week [responded in the style that has made him a public pariah](#): "I'm not going to play it for no reason. If Taylor Swift wants to come over and suck my dick, I'll play it for her."
