Mayan Calendar: Rainbird Go to Spacestationplaza.com – to locate specific days & lots more information: just keep scrolling down!
Can find a link to www.lawoftime.org – more info on the calendar and how the 28 day / moon cycles work.

17th Thursday – 11 ETZNAB – 11 tone of letting go, it's dissonance, change – through destruction there is growth; Etnab is the mirror – skrying the unseen; let go of illusions of separation, abandonment

18th Friday – 12 CUAUC – the storm, a visionary aspect; the 12 is complex stability, the crystal tone – we work with the energy to create – let go of fear and despair

19th Saturday – 13 AHAU; a portal day, the last day of a 260 cycle; Ahau is the sun, a healer aspect, striving for wholeness; gift is unconditional love; the 13 is the universal movement of change – it's cosmic – time for the quantum leap

20th Sun – portal day – begin a new harmonic module: **1 IMIX** – we declare our intentions for the next 260 days; each day for the 13 days will have the same tone quality as the first day of the wave: a #1 which is the unity of 1, the clarity of intent; 1 receives energy from the Universe – there is no limitation – represents ALL THAT IS.

- IMIX is the dragon energy – the mother, the primordial beginning, that dragon: we know all about Mother – we talk to her each week!
- Trust that the Universe will take care of us as we begin to take care of ourselves; the clearer you are about what we are calling to ourselves, the more the Universe will respond. This is the source and we are the vortexes.

21st Mon – 2 IK, the wind; listen to the voices of spirit guiding us: ancestors, guides, our angels
2 works with the polarity electric energy

22nd Tues – 3 AKBAL – the night; 3 is activation

23rd Wed - 4 KAN – the seed energy; and it's Tara's galactic birthday – very powerful – Lady Master is a Master! Interesting that they have their galactic birthdays within 10 days of each other. Rama was born in the wave of Lamat, the Stargate -7 IX [last Sunday]: they are totally complementary – Kan and IX are opposite each other in the Mayan calendar

24th Thurs – 5 CHICCHAN – Christmas Eve the snake energy, body sensing
25th Fri - 6 CIMI - the bridger of worlds

NOTE: Will be here on Christmas Eve and New Years Eve

HARD NEWS

R: the solar flares are kicking his ass! Got a v24 MIN ideo from a friend about solar flares coming in from the sun, and another unusual body / dead Star ? at the edge of the solar system just beyond Pluto and almost into the ORC cloud.

- It has NASA and others on edge: affecting the entire solar system and increasing its speed as it comes in to the solar system.
 - Some hinting it is Nibiru , yet N is in orbit about the sun, so it is not Nibiru
- It's a **dwarf star** which means it explodes and dwarves itself and takes itself out of existence – but the death is slow; Yes, it makes it dense and as it dies, it becomes a black hole which is a creation chamber with dark matter inside yet in the centre of that dark matter is incredible light.
 - They said it's a companion to Nibiru and affecting our whole solar system, exerting its own gravitational effect across

R asked Nassim Harimein [N] if it was a good thing:

- He said it's a good thing, Lord Rama: raising the frequency of every living thing animal, vegetable, mineral
 - Across the planet fear is being
 - it is the end of the old order, and we are seeing the rhetoric of the old order being amped up the fear and fascination of the dark side
 - this is why the movie "Childhood's End" is out : in part 3 of the movie about the children, they are becoming aware of their power over others and they are choosing to use the energy for the dark side of the Force.
 - The portrait of the ET s in the movie is of a dark entity, right of the CIA which influences Hollywood: Rama has sat with galactic councils many times and knows this is not the truth or the way ET s look: this movie is propaganda –
 - the story of Arthur C Clarke has a happy ending, yet Hollywood / CIA and others have made it negative
- N:** ties into the larger agenda of the 13 families who are playing their last card, a fake alien invasion.

Mark Lavene: Janet Yellin raised the interest rates from ¼% to ½% - this marks the end of the present day global economy and the end of global elite

R: asked "Where is NESARA in all of this great saga?"

ML: As we all watch the global elite's steady demise, NESARA shall arise out of the dust of the ashes of the old evil order.

R: And where is the man with the gold at the end of the rainbow Master St Germain?

N: Out of that dark rift you will see Sekmet, the Lady of the Place of the Beginning of Time; you are going to see Goddess with the gold! Have a nice day, Lord Rama!

- The reports about the **rise in interest rates** are toning things down:
 - Raising the interest rates sucks money that was out there for cheap back into the country; yet there are things going on that T, R know about that are not part of that report.
 - All the countries of the world are very concerned: ultimately, they are shuffling old tired paper that has no value
 - the EU bankers are not going to collaborate!
 - Max Keiser was tearing his hair out this morning: the bond markets, and things going on with George Osborne and Cameron, trying to distract us on a huge level with the fake story of IS, the ISIL story
- **Recovery numbers in the US** are fake: the people who have gotten jobs is at 5% and this is

only the number because there are many people who have quit trying to find jobs;
• As well, those working are getting much less money than before.
It's a false report – no, they don't count people on assistance.

Michael Moore: was in front of Trump Tower with a sign that said "We are all Muslims"; was asked to leave by the police.

- Sent out a letter to Trump on the internet, reminding him of the time MM was on the same program as Trump; in the producers of the show were very concerned that MM would pick on Trump, and MM said if you are such a scaredy cat of me, how can you get out there and scream Seig Heil and say the islamic caliphate are coming to get us, your kids, your wives, be very afraid as you take your children to the bus!
- Moore is calling him out about what he is doing: promoting such fear

- A 7 hour plus documentary at collectiveevolution.com professors politicians gather to warn us about the new world Order. **[SEE BELOW]**

- **2015-10-27 Professors & Politicians Gather To Warn Us About The New World Order (NWO)**

- T reads the first paragraphs

"We are dealing with a criminal undertaking at a global level ... and there is an ongoing war, it is led by the United States, it may be carried out by a number of proxy countries, which are obeying orders from Washington ... The global war on terrorism is a US undertaking, which is fake, it's based on fake premises. It tells us that somehow America and the Western world are going after a fictitious enemy, the Islamic state, when in fact the Islamic state is fully supported and financed by the Western military alliance and America's allies in the Persian Gulf. ... They say Muslims are terrorists, but it just so happens that terrorists are Made in America. They're not the product of Muslim society, and that should be abundantly clear to everyone on this floor. ... The global war on terrorism is a fabrication, a big lie and a crime against humanity."
([source](#)) ([source](#))

The quote above comes from prominent author and Canadian economist Dr. Michel Chossudovsky, who is the University of Ottawa's Emeritus Professor of Economics, spoken at the International Conference on the New World Order, which was organized and sponsored by the [Perdana Global Peace Foundation](#). You can find a full video of that conference at the end of this article.

R: Dr Michel Chossudovky knows all about the ET s.

- **125th anniversary of Wounded Knee** – Dec 29th – Leonard Pelletier should be freed – he's innocent of all the charges.

Tom the Cat told R that yes, it's possible for Obama to pardon Pelletier who is innocent!
Someone will be whispering in Obama's ear about this

- Another huge huge thing: it lays out that there has to be arrests; the 1/3 million people need to be arrested because they have / are all doing something that has caused death in so many ways: 2 million+ of US soldiers are dead because of Iraq
 - Thom Hartmann was off the air, his producers & wife took over the show –
 - last Thursdy, Dec 10th Danielle said 1-2 million Iraqis are dead: no one has ever said this before!

- **Flint MI:** Birth defects in Flint, MI: babies born in the last year have brain damage: the

mothers were drinking the lead poisoned, polluted water from the river

Tom the Cat: Michael Moore will be coming out with a new movie called "What Country are We Going to Invade Next?"

Pakistan: Tuesday was a 1st year anniversary of what happened in Pakistan: 146 mostly young people killed in their school; a deeply personal experience when you listen to the story of the young man with Laurence O'Donnell on The Last Word: he was shot in both arms around the elbow, has little use of wrists; brother behind him was shot dead, plus the teacher

- multiply Sandy Hook by 8 – the groups doing these things are set up and supported by the west, US and supported by Saudi Arabia and Israel & Egypt – we are responsible to keep on keeping on

Berundi: on the brink of civil war and so many atrocities, sparked by the president Pierre I who ran for a 3rd term and won; this violates the 2 term allotment set out in the constitution.

- Goes back to Bill Clinton
- Escalation of the civil unrest began on July 3rd when he won; 350,000 people have fled the country due to the warlike situation. Supposed to be a UN Envoy going there
- Thanks to Black Ops from the US, & other countries

Guest: Omena

888-429-5471 : call this number to get on the show.

Topic: the gifts of the soul

- Starts with a quote from Nesara: life is a gift from the god / goddess / All That is: our role is to receive
- Love: the creed of love – Love spells light, oneness, vitality, eternity; She discusses each quality
 - Soul is a gift of spirit, as spirit is forever
- Free will: a gift given without judgment or interference from God/ Goddess; a power that binds all spirits to
 - it allows each soul to choose its own destiny by using the gifts of creation by which they can create the life they desire
- Liberty: the freedom to be individual and to create and to do as one feels for the higher good.
 - All souls have the liberty & freedom to create every thought and action: all begins with a thought! For some people, it manifests very quickly – check out our thoughts and make sure they are what you want to create - mindful meditation
 - Individuality for the souls: they have the ability to express an energy
 - the communion among souls to create & manifest natural gifts into thoughts and action
 - their talent is to integrate all thoughts, actions, experience for the highest good for all souls on their sacred journey
 - We are always on a sacred journey, even when it is expressed negatively
- Creation – the gift of creation allows spirit to realize created experiences, individuality through the soul's creative ability when our gifts are in alignment with God / Goddess / All that is, we can return Home
 - We don't return to our eternal home until we are totally finished
 - all creation is subject to the natural Law of Creation
 - We are totally responsible for what we create.

MR: How can we do this in the physical world?

- All energy has to have the balance of the positive and the negative

O: We often misunderstand what negative is: when a negative thought comes in, turn it into a positive & bring it back to balance – what we see in the world today has a lack of balance: it's a way of learning to think positively when we hear negativity. Omena says "God bless everyone!" as a positive way of saying things when she can't do anything about it. She blesses Mr Trump

O: Each soul that is created has heart light; the heart light is the foundation of the individual soul: as the soul grows, so does the heart light, and each soul is imprinted with the meaning of heart light

- when you're done the journey on earth and go back to the creator or whomever – when you stand in front of the karmic board, they will not tell you what you did wrong or anything: they just want to know how did you use your light, your energy, your talents, your creation. We are responsible for ourselves, our talents, our heart light

MR: What is the difference between the heart light, the soul light – any difference?

O: they are all much the same. Love is universal; heart light is how we use the heart light / energy which can grow or diminish: it's kind of like your energy in a sense – and that is up to the individual as to how they use it in their soul-ality and their personality

The soul is always going for the highest good

We are very powerful beings: we can affect people just by our attitudes

Caller - NYC: part of the journey is to heal two things from past lives

- O:**
- has had 425 past lives – yet there is no time for the soul!
 - in her soul's journey has been very creative but she's not using it as she could
 - was creative in her last life: wants to be now but hasn't taken the time: not surprising because of her fear of failure
 - has had a lifetime as a writer too – will help with her artistic talents as she learns to express
 - also had healing hands – yes, she heals her pets! O suggests expanding this talent

CL: any to share with the ending of this year – anything to work on?

O: if we all have positive thoughts ABOUT EVERYBODY, not just who we like

- this is a more pronounced sad time for everyone who has suffered loss
- Nothing specific about the end of the year
- Hopes to have her book published next year!
- No intuitive hits about the coming year – thinks it will be a more positive year
 - her guides are saying we are not to lose hope; they will not allow major man-made disasters that would annihilate people – putting a lot of protection in the right places
 - there are more good people on the earth than negative – hang on to that idea and bless all the ones with less than we have

O: about the human consciousness of the soul:

- her mission is education about the soul – the
- four lower bodies of the human soul
 - mental body – the brain created to hold programs of thoughts
 - emotional body – created to experience the virtues of the 3 spiritual bodies
 - etheric body – the seat of memory to hold all the experience of the soul
 - physical body – she has to practice every day to do things in a godly manner!

Carlton: probably many of us listening to this call, honour and are in touch with our divinity and share that divinity and want to walk in divine light – don't have enough money to continue to accomplish our goals and our higher purpose?

- How do we go about getting more into "alignment"
- O:** the creator would remind us that everything begins with the individual: if we hold the light, the love, the compassion every day, it becomes infectious with other people
- you don't have to like people or to bless them, or throw a ball of light at them – if we come from our spiritual selves, we can see them as spiritual selves too
 - we also need to **trust that it was working:** if it wasn't working, most of us would be dead!
 - Most of us see the light, and we have a fear around the light because we misuse the light – when we go into the light, we see all that is there
 - for all the wonderful thoughts and things we are doing, keep on doing them
 - Non-trust is a huge block to most things
 - if we come from our spiritual selves, we have to look at it as all things being in divine order – keep doing what you're doing!

Caller: thanks for the encouragement: and thanks to Omena for doing what she does!

O: wants challenging questions!

MR: What is my soul's purpose – the question all ask.

O: ego demands that we should be doing something fantastic

- our soul's purpose
 - the major purpose is to find our way back to our celestial family – we can do that in the flesh! It's about being able to see the light within ourselves – can we see the light within ourselves and how big it is, and what colour it is?
- If you can't see it, imagine it or ask to have it shown to you

CL: this is different then from the chakras?

O: yes,

the soul light is not part of the primitive body: the physical body is the primitive part of us

CL: can O see the hearts of people and see what the colour the light is?

O: yes: hers is coming up: 3" candle flame – lower part is white, top part is green

CL: Which is what CL gave herself! A great confirmation

Caller: experienced a life between life session by a hypno therapist

- What was her most recent past life?

O: caller is a little closed down in the emotional body

- yes, it's a survival mechanism – O is just making her aware of this!

C: She's been trying to open up the heart, feel, give blessings

O: this is about self-healing – to begin to heal her own stuff first so she can open up more

- at the moment, her fear is bigger than her need to open up: not sure about what's on the other side
- have some one help her with this
- have her ask what the colour of her own light is; to use it for healing – ask for help to get out of survival mode and start living: being in survival mode is so comfortable we come to think of it as real

C: her goal is to reach that light

O: it also has to do with receiving: if someone wants to help you, let them

- she is not getting anything about her past life: this is her 531st past life!

C: describes her life-between-life experience – she had 3 sessions.

O: do some meditation on self-forgiveness and let go of the guilt
She's a bit stubborn

Caller: soul purpose? Who's speaking to her and giving her information

O: it's her Higher Self: she doesn't always trust it – also, listen a little more clearly – Higher Self does not give us information that is not for our highest good
soul purpose for being on this planet?

O: We are on a healing journey

C: she remembers when she was nothing but light which told her it was time to go to planet heart and falling through the dimensions and landing in her mother's womb and not wanting to come out!

O: Her soul's purpose was to reclaim herself emotionally spirituality – she's done much of that
Yes, you are in your power: we are all in our power though we are afraid of that!

C: She can't meditate because she falls asleep! Everytime she gets in the car for a long journey she falls asleep!

When she tries to meditate in the chair, she falls asleep

O: it's resistance: walk around and do **mindful meditation** while she's doing things: bring something to your mind that you want to consider: oftentimes, if we sleep, it's resistance – spiritually, we are lazy

• Meditation: for Omena it's closing the eyes and visualizing: don't need to go into a deep place when you meditate; put out your intention about what you want to achieve – this helps you get grounded

• Just don't meditate when driving the Lincoln!!!!

Carlton: Yes, it's the same guy: whether its our family, the ancestral realms, - is there someone in particular who is trying to contact him as he does not want to block the incoming messages

O: he's resisting the 3 from a planet in another universe, and he has a history with them and he did not want to hear them the last times!

• Sit with a pen and paper, open up and write down what comes to your mind: make the intention to sit and listen to them – this will keep him grounded so he does not resist so much – take down what he gets regardless of what it sounds like

• There is one particular, huge, huge, huge, big spirit called Owen from that planet – they've had other lifetimes together and done battle with each other: he's trying to get in touch

• No special way is necessary but if you want to light a candle or light incense – it's his choice to have a ritual if you wish, and take the suggestion for him to concentrate: use the pen and paper which will help you focus

C: anything else he should listen to?

O: all the rest of us! And we all have to practice listening

Cmdr Randy: in the morning hears a female voice all his name – who is it? How does he answer?

O: mother comes to mind – Wilma is trying to get her attention for some reason

she's trying to get your attention about something – bless her for being 93 years old
she might be trying to decide when she wants to leave the earth

CR: has been thinking about that – best to call in the physical

CR: Next question: the soul energy from the sun – the solar energy – he has such headaches!

O: sensitive to surroundings; ahs to do with his diet – a root veg he is eating is putting him out balance
no beets; no spicy foods – even if he doesn't eat it, he's absorbing it
ground yourself; anchor self, pull in your scattered energies

MR: what is it about mint that might help?

O: peppermint tea would be better

• go to a Chinese herbalist have him tell him about his energies and they will make something to help him balance: he is a strong male energy which is overbalancing the other energies.

Caller from Canada: soul purpose; planet she's from

O: Sirius; this life time she's balancing out her karma: her service to people is helping pay off the karma

C: wants to build a healing clinic -

O: look at all the different healings, which one brings the most joy, compassion and that is what will get built – she can teach all the other modalities too – just use the one that brings the most joy and passion and ask for help to have the centre manifested

MR: has had 3 people in last 2 weeks say she is changing careers

O: and she is: not all has been revealed yet – being downloaded bit by bit: she's not ready for the whole picture yet – asking for clues: some of it has to do with her music; will change direction in what she is teaching – will have to do with spirituality – doesn't look like the current work in farming will be

going away

- just allow things to happen and this will make you happy: she won't be out of it, just not so much involved as at the moment

MR: closing words?

O: has had someone come into her life to help her with the creation of her book – when the book is done, she'll give us one!

- have a happy and safe holidays; love everyone
- any subjects for future times? PLEASE LET HER KNOW

2015-10-27 Professors & Politicians Gather To Warn Us About The New World Order (NWO)

by [Arjun Walia](#).

([source](#)) ([source](#))

The quote above comes from prominent author and Canadian economist Dr. Michel Chossudovsky, who is the University of Ottawa's Emeritus Professor of Economics, spoken at the International Conference on the New World Order, which was organized and sponsored by the [Perdana Global Peace Foundation](#). You can find a full video of that conference at the end of this article.

"What is at stake is more than one small country; it is a big idea, a new world order, where diverse nations are drawn together in common cause to achieve the universal aspirations of mankind: peace, and security, freedom, and the rule of law." – George

Bush Sr. ([source](#))

“I think his (Obama’s) task will be to develop an overall strategy for America in this period, when really a New World Order can be created.” – Henry Kissinger, CNBC

The conference featured numerous speakers, such as Dr. Thomas PM Barnett, an [American military geostrategist](#) and Chief Analyst at [WikiStrat](#). He has also held numerous insider positions, one of them being adviser to former Secretary of Defence, Donald Rumsfeld. President of the International Movement for A Just World, Dr. Chandra Muzaffar, and Former Editor of the Japan Times, Yoichi Shimatsu, were also in attendance, and the event was headed by Dr. Mahathir Mohamad, who was the fourth Prime Minister of Malaysia (for 22 years) and is currently the President of Perdana Global Peace Foundation.

It’s great to see a number of academics and professionals come together to create awareness about what seems to be a global military agenda towards a massive surveillance state and a new world order — more specifically, a one world government.

The New World Order

Prior to ‘credible’ people coming forward in an attempt to create awareness about the New World Order agenda, it was considered a conspiracy by most. It’s quite disturbing that a conference like this does not receive any mainstream media attention, and it’s even more disturbing that it would need to be aired on mainstream television in order to be taken seriously by the masses. The grip that corporate media has on the minds of the masses is strong, and it does a great job at keeping the world ignorant and oblivious to events and concerns being raised by many experts, in various fields, from all over the world.

The New World order is the supposed goal of a handful of global elitists who are pushing for a one world government and a heightened national security state. In order to accomplish this goal, this group uses false flag terrorism and the fear of global threats to impose increased security measures on domestic populations (like [Bill C-51](#)) to justify the invasion of other countries (like Iraq and 9/11, for example).

[False flag terrorism](#) is run by covert operations designed to deceive and manipulate in such a way as to appear as though they had been carried out by groups, nations, or entities other than those who actually planned and executed them.

“All three buildings were destroyed by carefully planned, orchestrated and executed controlled demolition.”– Professor Lynn Margulis, Department of Geosciences, University of Massachusetts at Amherst and National Academy of Science member, one of many academics who has been very outspoken regarding 9/11 ([source](#)) ([source](#))

“The truth is, there is no Islamic army or terrorist group called Al-Qaeda, and any informed intelligence officer knows this. But, there is a propaganda campaign to make the public believe in the presence of an intensified entity representing the ‘devil’ only in order to drive TV watchers to accept a unified international leadership for a war against terrorism. The country behind this propaganda is the United States.” – Former British Foreign Secretary, Robin Cook

This 'group' has been using foreign threats to heighten security, take away our rights, and invade other countries. Virtually the entire world is now covered with United States military bases, with the exception of Russia and a few other countries. And we've been warned about this before; Eisenhower warned us to guard against the rise of misplaced power and the acquisition of unwarranted influence by the military industrial complex. President Kennedy warned us about a group that thrives off of the potential of an increased need for security, and how it would be seized upon by those "anxious to expand its meaning to the very limits of official censorship and concealment."

"Al Qaeda and the Al Qaeda affiliated organizations, including the Islamic State, are not independent organizations, they are sponsored, and they are sponsored by the United States and its allies. It is documented that prior to 2011, there was a process of recruitment of mujahideen to fight in Syria, and this was coordinated by NATO and the Turkish high command. This report is confirmed by Israeli news sources and unequivocally, we are dealing with a state-sponsorship of terrorism, the recruitment of mercenaries, the training and the financing of terrorism." – Dr. Michel Choissudovsky ([source](#))

Are we seeing the same thing with ISIS? It seems the path towards a New World Order isn't really possible without a constant threat of war and terrorism.

Who is this group? Well, Dr. Choissudovsky believes it originates with those who control the US, Israel, and other allies, but who is controlling these countries and this massive global agenda?

"A power has risen up in the government greater than the people themselves, consisting of many, and various, and powerful interests, combined into one mass, and held together by the cohesive power of the vast surplus in the banks." – John C. Calhoun, 7th Vice President of the United States, from 1825-1832. He was also a political theorist during the first half of the 19th century. ([source](#))

You can view more statements like the one above from various presidents and politicians [HERE](#).

The New World order also deals with legislation that we never really hear about. For example, Dr. Mohamad (Malaysian Prime Minister) made the accusation that the Trans Pacific Partnership (TPP) was strategically aimed at dominating the world economy, and marks another step closer to the global dominance of those who orchestrated it.

Think about it for a moment, if there is a group of people using various governments to force their will upon the world, heighten the national security state by means of manufactured false flag threats and more, what are we dealing with here? If the same people who are portrayed as patriotic — men and women defending their land and fighting for their country — are actually pursuing terrorists that were created and funded by their own government, what is really going on here? And why do so many politicians, academicians, and professionals spend their time trying to notify the world, without a peep from mainstream media?

2015-12-17 Bernie Sanders Just Got Two of His Biggest Endorsements Yet

A major progressive activist group and a major union issue endorsements of the insurgent Democratic contender.

Candidates seek election-season endorsements for a lot of reasons. Endorsements by groups with substantial membership bases, and with a capacity to turn out those members for favored candidates, have the obvious potential to shape election results. But there's more to it than that. Endorsements can legitimize political upstarts. Endorsements can solidify the positions of front-runners. And endorsements can give a boost to a candidate at a critical stage in the process.

Backers of Vermont Senator Bernie Sanders, who is fighting to catch up with former secretary of state Hillary Clinton in the critical first-caucus state of Iowa, and who is fighting to maintain a narrow lead in the critical first-primary state of New Hampshire, say he got just such a boost Thursday when a pair of major endorsements were announced.

Within minutes of one another, the progressive activist group [Democracy for America](#) and the [Communications Workers of America](#) union both backed the senator in the race for the Democratic nomination.

DFA, which was [started](#) by backers of former Vermont Governor Howard Dean's 2004 presidential bid, has grown into a well-regarded grassroots political and issue-advocacy organization with active groups in states across the country and a track record of backing progressive candidates at the local, state and federal levels. Early in the 2016 race, the group urged Massachusetts Senator Elizabeth Warren to seek the Democratic nomination. This month, it conducted [a national poll of members](#) that concluded December 15. [Sanders won 87.9 percent](#) of the 271,527 votes cast in a contest where an endorsement could only be secured with a super-majority (66.67 percent or more) of all the votes cast. Clinton (who is backed by [Howard Dean](#)) took 10.3 percent, while

1.1. percent backed Maryland Governor Martin O'Malley.

The level of support for Sanders was unprecedented. When the 11-year-old group held a similar vote on whether to endorse in the 2008 presidential race, no candidate cleared the super-majority hurdle.

87.9 percent of Democracy for America members voted for Sanders in a national poll.

"This is an historic moment for DFA, for the progressive movement, for the Democratic Party, for people-powered politics—and for Bernie supporters who relentlessly rallied over nine intense days to Get Out The Vote and win this pivotal endorsement," [explained Democracy for America's executive director Charles Chamberlain](#). "Bernie Sanders is an unyielding populist progressive who decisively won Democracy for America members' first presidential primary endorsement because of his lifelong commitment to taking on income inequality and the wealthy and powerful interests who are responsible for it."

Chamberlain explained that "we'll immediately start organizing on behalf of Bernie in key primary states, from Iowa, New Hampshire, South Carolina, and Nevada to nearly a dozen states voting on Super Tuesday. We'll also be building—as Bernie has called for—a political revolution ready to elect populist progressive candidates nationwide to local school boards, city councils, and state legislatures, and all the way up to the US Senate."

Most major unions that have issued endorsements are [backing Clinton](#), however, including the powerful [National Education Association](#), [the American Federation of Teachers](#) and [the American Federation of State, County and Municipal Employees](#). The former secretary of state, who has a solid lead in national polls, has attracted a number of new union endorsements in recent weeks. In late November, for instance, the Laborers' International Union of North America endorsed her, as did [the Service Employees International Union](#). "Hillary Clinton has proven she will fight, deliver and win for working families," said [Mary Kay Henry](#), the international president of SEIU, which in the 2008 primary season backed Barack Obama over Clinton.

Historically, the Communications Workers union, might have been expected to join those other large labor organizations in backing the front-runner. A major presence in states across the country, which represents 700,000 workers in telecommunications, media, airlines, higher education, healthcare, public service and manufacturing, the CWA is one of the largest unions in the national AFL-CIO (which has not made an endorsement) and in state and local labor federations. On Thursday, however, [CWA National President Chris Shelton](#) announced that "CWA members have made a clear choice and a bold stand in endorsing Bernie Sanders for President. I am proud of our democratic process, proud of CWA members, and proud to support the candidate whose vision for America puts working families first. Our politics and economy have favored Wall Street, the wealthy and powerful for too long. CWA members, like voters across America, are saying we can no longer afford business as usual. Bernie has called for a political revolution—and that is just what Americans need today."

The CWA endorsement followed a three-month process that included hundreds of meetings with union members in their workplaces and an online endorsement survey that CWA officials say attracted tens of thousands of votes.

"Bernie Sanders stands with working families against corporate greed, against Wall Street and

the big banks, against politics as usual. He stands against the flood of money in politics that's corrupting our democracy and attacking the right to vote. He knows that we have to take on the rich and powerful special interests to turn around this economy and end the 40 years of stagnant wages that working families have endured," [Shelton said](#) of the decision to endorse. "He's the candidate who can do it, and we are going to help him. When CWA endorses a candidate it is just the beginning. Our 700,000 members are fired up, and we are going to work overtime to elect Bernie Sanders as the next President of the United States."

"Bernie Sanders stands with working families against corporate greed."—Chris Shelton announcing CWA endorsement.

Like other major unions, CWA has a history of active political engagement in states across the country. In the 2012 presidential election, the union maintained politically potent ground operations in 38 states, [and union officials note](#) that "CWA has more than 300,000 active and retired members in the states that will hold primaries between now and April 1."

No matter who wins the Democratic nomination in 2016, it is expected that the candidate will rely on that ground operation in the November race against the Republican nominee. But, for now, CWA is with Sanders, who enthusiastically accepted the union's endorsement Thursday, telling CWA members, "Brothers and sisters, let me thank the 700,000 members of the Communications Workers of America for their strong support. For decades you've been fighting for the rights of working families and I'm so proud today to be with you in that fight."
