#### **Hard News:**

- T:** rigor mortis has set in: the banking system has gone down 500 points over 3 days this week
- they are trying to keep it going – not so easy!
  - Going to listen to Great Minds: will get a much better understanding of the fossil fuel industry
    - There are inundations of so much water due to use of fossil fuels –
      - brings up a valley in remote India with a landslide due to rain; monsoons on top of that
      - massive flooding in Romania levels of rivers highest in 200 years;
      - Belgium – one of the provinces there took a derrick and scooped up people and went through the water and put them down where it was drier;
      - Italy also has flooding
  - **Russia:** Kremlin has warned it is ready to raise energy prices for the E U. - Putin said the actions would boomerang and hurt their fragile economies
  - **Nations in EU** calling Russia for what has happened in Ukraine – IT IS NOT TRUE.
    - Russia has taken sanctions in stride; say they'll switch to other currencies; Russia has enough to support the banks; says sanctions are unfair, and that Russia has nothing to do with Ukraine
  - Presidents Obama, Putin, Xi working behind the scenes so the 13 families do not know

**R: spoke to Dodi and Di today:** the ancient story from before Lemuria is coming to conclusion in the land called Judea which is really Palestine;

- yet Jeshu and Magalene were in Cusco, Peru;
- nothing In terms of archeology that proves Jerusalem is what biblical people say Jerusalem is

• Following ley lines from Glastonbury to Al Asqua mosque – the Rose Line [through Chartres]

• D & D said that the cease fire was toast before it began: was all bull pucky set up by Netanyahu so they can blame Hamas;

- Israeli soldiers are being killed even by friendly fire; there was another report said that other civilians were killed by another attack and the 2 soldiers were killed in the same attack -

**D & D and Sam Seder:** there is an out and out media frenzy to get on the war machine – same as 9/11 when it was blamed on Osama; at the time they needed the equivalent of a Richtstag fire –

- they wanted all the secret documents that Lady Di has committed to memory – the 78 dossiers that St Germain has; KOS has every record in the hard copy, so this info will not be obliterated.

• They think they need WWW III – St Germain has duplicates on his ships as well!

• They are trying to stop the market collapse and to get rid of people: want all the land in Palestine for themselves and all the people gone!

**CONVERSATIONS WITH GREAT MINDS:** Richard Heinberg, Post Carbon Institute / Snake Oil:  
How Fracking's False Promise of Plenty Imperils Our Future

### Conference Call

**C1:** asks about the holes being found in Siberia

**R:** they are entrances and exits for Lord Anton's Silver Fleet

**C1:** asks for reference to what might be a financially sound bank in MN

**T:** use a credit union!

**R:** talks more about the holes:

**T:** Isis & her activations have made it difficult for these ones to get away with things

• Barack has a bit of a giggle these days: looks like he's going along with things but he's not, really

- From the sub-titles on Rachel's show: Obama will veto the Border Bill if it passes the Senate [what passed in the House was almost \$694,000 and he asked for \$3.7 Billion!]

- **Elizabeth Warren said \$10 Billion and no less:** they need to be cared for, educated, etc

• The water pipe breakage in CA, the one in NYC is the Delaware Aquaduct & the town of Warward is close to it: it's like a rushing river.

• Listening to the speaker tonight [-n Thom Hartmann]: cannot put contaminated water back into the ground or the ocean:

**Western US:** 32,000 fires since the beginning of 2014

**C2:** asking about whether or not the hosts of programs - Chris Hayes, Chris Matthews, Rachel Maddow, Laurence O'Donnell – will be or have already prepared the materials for use by the public relative to NESARA

**T:** the education programs will start with the more radical radio programs: Sam Seder, Katrina Van Den Heuval, Shepherd Smith

**C1:** getting e-mails about Veronica Keen and filming a movie in Ireland

**R:** has read that story: Walt Disney bought George Lucas' Industrial Light and Magic company,

- want to shoot on the island but it will mess with the ecology of the island: will be all kinds of people tramping on the island

**C1:** will bring lots of visitors who want to go and see where the movie was shot with no respect for the religious sanctuary which it is

**R:** the leyline that goes from that area of Ireland to Al Asqua Mosque is part of the Rose Leyline that goes through Rennes-le-Chateau

**R:** when you start messing with the leylines of the planet, odd things happen – when the Nazis took the arc of the covenant up to an island and messed with it, they got cooked!

**C1:** what is on the planet opposite to Siberia?

**Audio:** from Thom Hartmann: about the potential for destroying the Great Barrier Reef by dumping the waste from coal mines; people in an uproar in Australia

- The drought in California is not just generational – it is HUGE! There was hope for an El Nina that would cause rain to fall in CA, NM and TX – that giant wave, the Calvin Wave, travelled over the ocean but did not trigger an El Nina as expected; the ocean is absorbing the heat because it is so hot already
  - Caller to Thom: where can he find info on Reagan?
    - Thom recommended a book by Will Bunch: **Tear Down this Myth: deconstructing the whole Reagan legacy** – he did terrible damage to the US

**T:** People in Santa Fe not out of the woods: the rain came in a deluge, a monsoon-like downpour

- Yosemite is burning up – a huge area in CA where all that is grown is almond trees – they require bees for pollination, therefore no almonds!
- Information IS coming out; things will be changing so much: Rama does not get to talk to Ed Snowden just for social reasons!
- Obama is on the Republicans for their political stunt! And “we the people” are paying for this stunt –
  - they are mad because they cannot make the margin of profit they want! Especially the insurance companies re the health care provision
- Dr Mike Newcombe was on Thom Hartmann – he was asked why we don't help our own people first?
  - Yet the kids in Honduras and El Salvador: gang members follow injured people into the hospital to make sure they get dead! This was set up by Ronnie Ray-guns!

**C1:** thinking about Patti Cota-Robles and activating water all over MN – what's the hot news from the Secret Service website or the W H?

**T:** the media is in a frenzy trying to create another false flag event – 9/11 was the excuse to go into Iraq

- Al Queda was created [by the CIA – a computer program]
- Now they want the secret dossier accounts of the 78 programs – don't get to have them
- Want a WW 3 to get rid of useless eaters and grab the land in Palestine
- **D & D** said Bill Clinton wants to make amends for what happened in early 90s: Itzak Rabin was assassinated. Bill, Itzak were friends; he, Rabin and Yasser Arafat were going to announce the presence of the ETs; Clinton was completely devastated by that assassination
  - D & D: Clinton gave Mahmoud Abbas \$40 million today and got into a huge fight with Hillary for giving that money!
  - In 1997, Bill and Itzak had a team of good guys of the KGB, the MI5 to help create a one-state solution in Palestine
    - Raelyn Allen found out in 1996 that Bill was Faction 2, and by 1999 he was Faction 3 and the galactics were going to show up
  - Remember that Ross Perot gave Mahmoud Abbas \$10,000, 000, too

**C1:** what will be the trigger for the White Knights and the arrests and the change – also, what will EU do

this winter for heat?

**T:** Putin has just announced that EU will have to pay through the nose for gas for the winter!

- Know that there is no one moment that is THE moment: everything we see now is part of the action – when you see 13,000 years of death and darkness being dismantled, [does not happen in one single action]

**D, D and Sam Seder:** the 13 families are on their last rigor mortis legs;

- Palestine is part of the Khazars' idea of Ethnic Cleansing, and the members of Congress have all the same information.
- Obama will get his orders from Mother; Ashtar sits with him in the White House
- We still have to do our part.

**C1:** has 6 bottles of water from Patti Cota-Robles, travels all over MN activating the water in the lakes & waterways he passes.

**T:** has asked Rama how long this can go on: open murder every day of the week – 1500 dead already and masses of bodies under the rubble and they cannot get in to get the bodies;

- also 80 bodies where the plane is down.
- They were told that US Black Ops have laid down land mines that could kill people going in to do the work of getting information
- Within the next 24 – 48 hours, will get sound, colour and vibrations – there are the mantras to use  
**R:** the I AM Sanctuary did this to stop Hitler in WW II and they did it!

## **BBS**

**T:** gives the words of the mantra we heard at the start of this part of the show

## **Mother Sekhmet**

Greetings, In the Light of the Most Radiant one; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

**T:** Asks for the creative genius of all us be activated

- talks of how to use the water, as David is doing

## **Greetings, Children of Ra!**

Indeed, we are in the last nano seconds of this ancient, ancient story.

**T:** “nano seconds” sure do stretch!

**Mo:** They do! How many ways to Sunday do we stretch the timelines? It is about each and every soul who makes a conscious and will choice within the Laws of the One. All that is transpiring at the moment is about the lessons of love; as John Lennon said “Imagine all the people” We are coming to the place where borders are meaningless since we are one people.

- The variations on the rose are in 40 zeros; how many variations are seen?
- It is about how we do this, making a unified field the prophets, the indigos and the crystal children, the prophets: this is the time of the 4<sup>th</sup> turning where we must be the change we wish to see in the world, this is happening in spite of our procrastination and the foibles of the human race
- the mantra played at the start brings in those frequencies of physical immortality: the wayward children know this but they cannot use it for darkness: if it used for darkness, it will be take you out - the sound frequencies cannot be used for anything out of its time-space continuum.
- What is happening more and more is that more voices are being added to the chorus of legions of angels singing the sacred frequencies which are scalar waves and which change physical matter, time, space as we know it; we are in the most magnificent of times though we call it the depths of Mordor, and for, some odd reason, she would agree with us.
  - Yet it takes a couple of hobbits to get it done: you, humanity and us, the 5<sup>th</sup> element – that is what's getting it done, under the very eye of Saron. In the midst of all the chaos going on, that these wayward children, the Republicans, the hedge fund managers, CEOs who swear allegiance to Ayn Rand – even Ralph Nader got compromised along the way, but still trying in the middle of it Kinda like Thom Hartmann got that too!

- this is the place of having eons to go before we sleep; but this is the twinkling of an eye, and this is why she is here at this time
    - LM Rana Mu said this is the time this Reformation Act gets announced
- The matrix that makes up the construct and was made for this moment: it was not the light nor the dark that created this moment, that made this moment happen ; it was the mitochondria who converted all the timelines into one, a healing timeline from where she comes from – this timeline goes out to 175 million years into the future and the framework for this has been made manifest; it is transpiring and cannot be stopped. This is the key
- the Wingmakers are in place, all the so-called technologies these ones have played with over eons of time as we know it; since all time is NOW and we are only in this moment NOW, it is already made manifest: this story is complete, and the noon day sun is coming out.
  - Give thanks! She is so grateful to be here with us to witness the convergence of these magnificent changes because it changes the heart. Those who decided at the very beginning of this story said they would genetically engineer out love from their DNA so they would not feel the pain when they killed us.
  - her wayward children did this to themselves eons ago so they would not feel any pain when they killed us – yet they forgot that cells have memory, and they cannot forget their growing emotions – they are feeling what they are doing and they are absolutely horrified, disgusted by what they have done.

**T:** Doesn't look like that for Netanyahu does not look like that – has had flesh eating disease for a long time

**Mo:** he is one of those lost souls who will be one of the first to go to the Dark Rift – already in the process

- a mad dog needs to be put down for his own safety
- she means no disrespect, but what do you do with a rabid dog? She does not condone mass killing, the death penalty; it is an issue in the sense that they have created their own bed by what they have done so many eons ago

- At the moment, she could just say they are foaming at the mouth to get WW 3 going; and they are not getting anywhere.

**T:** this is the 21<sup>st</sup> week the market has been down;

**Mo:** The markets are trashed, and the money is trashed – all the money is not real, as Max Keiser says.

- The next moment is what she must do: everything is lining up – the actions that have taken place due to the alignments of the moon rippling out now, and Isis has taken her place in the story that represents – Is-Ra-El takes it to a new level of “I AM THAT I AM”; this place has always been known as North Africa – the idea of the Middle East has been orchestrated.

**T:** Libya is a mess: people fighting each other and just slaughtering each other they cut off the head of a Filipino national – so they are gone, the UK, France has left - thank you, Hillary!

**Mo:** the machine has been focussed on the secret art of war – it has come to pass that they cannot go any further: they wish to play with the gourd of ashes, yet it has been neutralized by the Captain [Ashtar.] So where do we go from here: bows and arrows, spears? Doesn't work

**T:** ISIS is in Israel

**Mo:** She thinks the best answer is to sit with the peace pipe like LM Rainbird did at the start of the call; thinks should sit with White Buffalo Calf Woman and The Man with the Plan and figure out how to feed the people coming from Honduras, Guatemala, El Salvador

**T:** people in Palestine have scabies- no water

**Mo:** someone on Twitter said we are getting help from our friends from the skies

**T:** Abby Marten had on someone who said the same thing – how do they get Twitter going with no electricity – brings up the ebola thing?

**Mo:** as there is a cure for this; about creating a field of energy in which you put the infected people; it is a Tesla coil field and the field goes through the body like a light beam which literally raises the frequencies of the body to the place where it is like Sai Baba touching you: nothing of a parasitic-like nature can live.

- This forcefield acts in 3 minutes, and you are in 5<sup>th</sup> 6<sup>th</sup> 7<sup>th</sup> dimensions – in response to Tara's comment about how fast ebola acts

- Dr Keshe can create that field of energies with a couple of coils.
- Mo:** yes, he is not there, and we have those funny issues of the UN and guns ...
- T:** you know what you need to do: decloak all those ships so the guns will stop!

**Mo:** it is in that place about the magic of who you are as creator gods. Since this is a vast amusement park and our thought form energies being the vehicles by which we manifest, and as we isn't it about time that you kept your thoughts pure, the sound vibration of the highest order – only love can manifest that - that is the place where miracles are manifested

- How to get everyone on board with the one story takes a bit of doing: all the nanites on the satellites are on red alert: **THIS IS A HINT:** things are at the point where Anonymous might just flip a few switches and S\*\*\* will start flying and we'll hear Captain Asthar – what does it take? Real easy for her to say, but for all of us it will be like the second coming of the Man and he didn't say he was showing up in a star ship did he? And yet he did! Not about the fake rapture story – no one is going anywhere!
  - Remember the scene in **Cocoon** where they unzipped the human suits and the light bodies came out? That is what is happening right now.

**T:** the reason these dark ones don't want this to happen is because they are so petrified - they know what they have done and that we will do it back to them; they also know what they have done and maybe things cannot be reversed and they don't know what forgiveness is about as they do not know anything about love.

**Mo:** They have initiated the use of sidereal weapons and really know little about them & the mechanisms yet they have a safety and there is no feedback loop and this universe gets sucked in through a black hole

**don't worry about anything:** we must focus on one unified field and the one frequency of Divine Love, the sound of OOOMMMMM That sound brings in the 528HZ which brings in transformation where nuclear radiation is turned into plant frequencies

**T:** what Bill Maher had on tonight: the Supreme Court declared orgasm unconstitutional

**Mo:** It is only because you see god – why not?

- It is only about the place of more and more love; how you get it is the ecstatic place of infinite bliss, where evil cannot exist: Golum turns into a puddle on the floor

**T:** Golum does not get his way any more, but he gets the best thing for him.

**Mo:** the healing for all concerned; the highest good

**T:** something for the first time in the police story: the death of the black man who is dead because of the choke hold – declared a homicide.

**Mo:** When the accountability is finally said and done, there may be a lot missing - has to count for a complete change of the attitude of all men out there

- It is the place that what she knows is that what changes this story is the Divine Goddess and her Lord Shiva; this changes the story to one of balance and kundalini manifestation
  - at the moment, the males have to wake up after crying in their beer

**T:** the gay sex law in Uganda got reversed because there were not enough people in parliament to pass it.

**Mo:** about **D and D:** Bill Clinton gave \$40M to Mahmoud Abbas – is he going to slip through this situation?

- there are ways to get that money there: things are being made manifest – in response to T's comment asking how you get the money, the medicine etc into the country
- the oppressed people in there are being used as cannon fodder by folks like Syria, Iraq, Somalia, Sudan, Ukraine: all of these areas, **the ships are always there and are being seen:** the media is not reporting the existence of the ships
- How many millions have died since 9/11? It is about a fake story: it is only about one issue - the Stargates & the ancient city of Uruk, Marduk, Enki -
  - This story has come full circle: Nibiru is in orbit, they are not an invasion fleet but a contingency force from the Intergalactic Confederation of worlds with Lord Linkor to level the playing field; we take our children and we go home. Enshallah!
- Greetings in the light of the most radiant one! Kadoish, kadoish, kadoish

**Rama:** He was sitting on the observation deck of the New Jerusalem

- Looking at the ley lines of the earth: they look like rivers of gold – all power is on!
- Lucifer & his buddies will be taking a great big powder, like the kind they put on you at the funeral parlor!

**T:** bunch of explosions in Taiwan's 2<sup>nd</sup> largest city – say it was gas lines under the streets that blew: looked like a war zone.

Max Keiser and Stacy Herbert ask “is the Fed fueling bubbles?” An opinion piece in USA Today says: “No, this time it’s different (due to zero percent interest rates).” Another opinion piece from former academic-turned-fund manager John Hussman says there is a bubble and it’s matched only in size by the bubble leading to the 1929 Wall Street crash. In the second half, Max interviews Mitch Feierstein of PlanetPonzi.com about George Osborne’s ponzinomics and Janet Yellen’s bubbles. Mitch also has some charts! These charts show that equity markets in 2014 look a whole lot like the “recovery” and then second crash during the previous Great Depression.
