**Host:** MariettaRobert

**Meditation:** Cathy Lauren

**Mayan Calendar:** Rainbird Go to [www.Spacestationplaza.com](http://www.Spacestationplaza.com) – to locate specific days

**13<sup>th</sup> Thurs – 2 CAUAC** – Blue Moon Storm: storm energy lighting clear thought and doing abrupt changes!

- How stabilizing it is to find that balance.
- Yesterday we started a new wave – in the wave of Etznab – we are constantly challenging ourselves and others of the illusion of separation

**14<sup>th</sup> Fri – 3 AHAU** - this ends the unial / month of 20 days – Ahau brings us into Christ Consciousness and the universal fire of ascension; it's a healing day, striving to wholeness and transmitting the energy to others. Surrender limitation and enjoy the day with activating Christ consciousness

**15<sup>th</sup> Sat – 4 IMIX** – we begin a new unial, the one in the middle of the entire year calendar; this is a core day. In the core days, we are going up the snake of the spine

- this calendar is brought to us galactically – think of lying on your back and looking up at the sky: the space at the top is the space at the top of the spine. Notice how you feel in this time. 4 is form, measure; Imix is the dragon about nurture, birthing

**16<sup>th</sup> Sun – 5 IK** – 5 is the centre movement; IK is the wind, change, the voices of our ancestors

**17<sup>th</sup> Mon – 6 AKBAL** – the night, the unseen working with our abundance; 6 rhythmic energy

**18<sup>th</sup> Tues – 7 KAN** – 7 is the resonant tone, channelling inspiration, attunement in the seed energy which contains all the information of the plant that comes

**19<sup>th</sup> Wed - 8 CHICCHAN** – Chiccan is the snake, the serpent, we are in the core with that energy about fine-tuning relationships

**20<sup>th</sup> Thurs - 9 CIMI** – cimi is the link between the worlds

**MR:** many have questions about Clara Kemp from last week and what she has to offer.

- As she is Amish, she cannot have a website so they are looking to put material on MR's website;
- MR has asked her printer to give MR a copy of the catalogue

### **Quick runthrough of HERBAL TINCTURES & THEIR PURPOSE**

Parexit – for removing parasites from the body

Restore – rebuild teeth and gums, strengthening teeth enamel

Vigilant – to restore liver?

Command – herbs which support the urinary tract health and kidney function

Harmony – to stabilize and balance the endocrine system – to

Pulse – to strengthen the heart and cardiovascular system

Stymulus – strengthens the immune system

Sparkle – eases the cramping and PMS symptoms during menses

Surge – heals the stomach, stimulates creation of digestive juices

Breathe – for the lungs

Clarity – to be a total body de-toxifier; helps flush the accumulated toxins from the environment, etc  
does a nice job of gently de-toxing

Flourish – like a toxin binder & digestive aid: helps to pull the toxins out

Foundation – provides total body support for many of the body systems; stimulates the endocrine systems

Alert – improves brain functions; reduce brain fog, improve both long and short memory

**Clara Kemp's number:** this is a **voice mail**; she will call you back - 1 - 440 – 321- 7815

All the tinctures are easy to use: OK to use with children too.

**T: reinforces the idea that Clara is a very profound person with extensive knowledge too**

**MR:** has 3 different sizes

50 ml – lasts for 1½ months - \$13

100 ml – lasts for 3 months - \$24

200 ml – lasts for 6 months - \$40

**MR:** her brother John Kemp created EcoAg, the company which produces the material she uses on her land

- MR hosts the open house at her farm for John
- met Clara via John; C has worked with people individually but never gone public before
  - used MR's program to do this

**MR:** idea is to do sustainable farming and living, getting soil built up again – there is a lot of biological activity going on in soil; when farmers turn into the soil either corn stocks or cover crops, etc, they are starting a process which enriches the soil with nutrients and they working with nature, and not against her by means of using chemicals.

- Nothing is toxic that is used on the land – no harm to the workers or the soil
- Her thought about chemicals: there are diseased plants, etc – nature's way of making sure we do not eat something that is not healthy: a bug will not eat a healthy plant – the bugs will go to the sick plant;
  - when farmers see something that is not good, that looks sick, they send a part of the plant for testing and can find out what is happeneng.
- The general approach is to feed the plant and make it healthy, and the bugs won't bother plants.
- John Kemp has a booth at ACRES; this year's conference will be in Columbus, Ohio.

**Information on Clara's formulas: From Nov 6/14 notes of Stargate Roundtable**

**Foundation Formula:** a general foundation

- total body support for many of the body's organ systems; enhances immune function; stimulates, supports the endocrine cortex; supports and strengthens the muscular skeletal structure; helps build a strong central nervous system – an overall body support

**Pulse:** strengthens the heart and supports cardio vascular system

- it heals the blood; allows the blood to vortex through the veins the way it was intended to so the heart does not have to work so hard
- **If a diabetic:** she has used Pulse with one person; helped – Pulse has lots of different herbs in it that increase amount of oxygen in the blood; strengthen the arteries and veins; really helps get blood flowing in the body – DO NOT USE IT WITH BLOOD THINNING MEDICATIONS.
- **High blood pressure:** Pulse will stabilize the blood pressure whether it is too high or low
  - Diet is always important! Will take at least an hour to discuss!

**Harmony** – to support and stabilize the endocrine cortex; designed to stabilize and balance the entire endocrine system; it stabilizes the hormone levels throughout the body;

- she does not do formulas for specific glands like the adrenal or the thyroid – such a focus can throw the whole body out of balance – she focusses on the system as a whole.
- this formula is to balance the hormones in your body and nourish it and support it for better energy levels and balance the hormones throughout the body

**Clarity:** a formula that takes out chemical overloads from the fields and the body

- yes it would be good for Alzheimers – does take out some metals, but not all;
- aimed mostly at the pharmaceuticals & drugs we have in our body; chemicals like glysohates and the chemicals the mega farmers use. - not so much the heavy metals.

**Restore:** designed to help re build tooth enamel and strengthen teeth and gums; has had success regrowing teeth cavities.

- If the diet is good, has had good success regrowing tooth enamel.

- Also stops pain from cavities and the teeth

**Breathe** – support lungs and bronchial tubes; clears lungs of mucus

**Surge** – to help digestion

She **does NOT HAVE**, at the moment:

- a formula for **balancing blood sugar**
- formula **for men in menopause**, currently working on a formula called Prevail: ready in December some time

## HARD NEWS

**R:** the electric company in Santa Fe is messing with T & R because of what they are doing

- on a larger scale, the electricity to Santa Fe comes from Farmington, NM which is connected to the big corporations; they do not want people to go solar: it is a coal fired plant -
- more and more people getting off the grid with solar panels and solar water heaters –
- **R and KOS** talked to them today: KOS told the company they were in his crosshairs
- they raised the rates across the state by 9%; for T & R the average was \$119 which means the bill should have been around \$129 - this month, the bill was \$166!
- They are targeting T & R and were very rude to the King - people in the company told KOS take it or leave it: do you want us to cut off your electricity ?
- **KOS said** he would deal with them directly and hung up on them!

This takes us to the bigger story!

**Al Jazeera on Eastern Ukraine:** Steve Cohen was on: we're in a cold war, like it or not. We are very, very close to war here.

- East Ukraine is propagandizing that the Russians are coming, bringing in tons of military stuff and nuclear warheads – THIS IS A TOTAL LIE!
- Steve is calling it “hot air”; Russia has over a million refugees people from Ukraine; is looking after them
- Russia has been bringing in convoys of food, water, clothes to east Ukraine – supporting the people & there is no military anything coming in
- the Ukrainian gov't is a puppet of our Black Ops [John McCain, Lindsay Graham and the Nazi collaborator Republicans ] & killing the people in East Ukraine, calling them separatists
- Folks in US are supporting the Ukrainian gov't

**Reading:** Ukrainian Neo-Nazi Commander: “the US is training and Funding Us”  
From *Global Research*

**[SEE BELOW]**

## Guest: Dr Theresa Dale

- found the conversation she just heard very interesting: war can come in different ways, including ebola
- has done a lot of research on ebola – does not need to be a problem unless someone wants it as a problem
- they are making a vaccine which means they have plan

## She has created a remedy:

**Special E** with 3 different homeopathic remedies in it – they will prevent people from getting it

- the people in the hospital who are supposed to be taking care of people with viral conditions – there has been neglect;
- heard last night that vaccine was being created
- Her remedy is in little pellets: detox it, clean it out of the system – go to her website
- many people can create an illness just by their fear

She has also created **wellness strategies** for her health providers and her consumers – 3 different kits

- the **Cholesterol Lipid Pack**
- has **The Chemtrail Pack** -

- has **MetaMemory** – works with all neurological conditions including alzheimers etc – all the kits have instructions in them
- Whatever people come in with, she uses what are in the packs – so she created the pack so people can help themselves; they just have to know what the issue is and then look at nau a **Blood sugar kit** – hypoglycemia or ??
- have to be a member or a provider to access the part of the website where these things are listed
  - MR is a provider – can help callers

naturalhealingpro – once a member, can order anything on her site

**Website: wellnesscentre.net** – check out the articles from various medical journals

- where to buy things, what to look for
- also free self – tests to find out if you have a condition or not
- can also subscribe to her newsletters for products, and there are coupon codes
- Also a **saliva test** which is very valuable
- Talks about the number of people who think they are using SAFE HORMONES: when you take a hormone, you stop your body from making that hormone; makes your body lazy.
  - A naturopathic remedy does no harm – if we are at war with anyone, it is the drug companies – they have raised prices on generic drugs used to be **\$99 for 3 months**, now will be **\$1250 for 3 months !!!! On CNN last night – story about the increase in price of generic drugs**
  - We have to look after ourselves so we do not fall prey to the greed and the bad medicine of the drug companies – and no one can do anything! It is their perogaticce: they get people addicted so they think they cannot do anything else or try anything else
  - There are no options, no health freedom, and no education!

**MR:** People on the call are in harmony with her approach, yet often do not understand how homeopathic medicine works; MR tells of people using homeopathics and getting real help

**TD:** It is effective and it is safe: “like cures like” is the principle behind homeopathic medicine.

Eg; Camomile – if you take a lot of it, it can make you groggy or maybe even sick – that is, it can create health problems

- But homeopathic camomile will relax you and soothe you
- All homeopathic formulas work the same way: you do not add progesterone; you are healing your adrenal glands and getting your body to support itself. The same with homeopathic testosterone
- **DO NOT USE ANDROGEN GEL OR TESTOSTERONE GEL** – men are getting testicular cancer from this
- The more we get together and talk about this, the more people who can be a part of this, the more information is shared at the grass roots level.

**MR:** listeners love having Dr Dale on because we get so much practical advice; people have not been encouraged to take responsibility for themselves and learn what to do

**TD: If you think a doctor knows more about your body than you do:**

talked about her 82 year old patient from Indiana; had never been to doctors in his life,

- had a mouthfull of mercury fillings – the family called her and brought him to her for 4 days
  - the father had been told that he was going to die in 18 months – she spent 40% of her time erasing that idea: no one knows when you will die, you only die if you want to!
  - then made suggestions to him on something to get rid of the tumours
  - for one month, he was recovering , had to learn to eat veggies & not just fries and ketchup!
  - got a Vita Mix machine and started making greens
  - has a farm and could not work on it - then he developed a breathing problem which he had never had before – took her a long time to get him out of that mind set.
  - Each day he had more colour in his face; he and family did all the suggestions she made
  - Now he is back working at the farm pitching bales, driving his tractor, active, feels great – just

have to keep him away from the doctor who told him all that!

• **Each of us is in charge of our health; our mind is in charge of what we experience; THINK GOOD POSITIVE THOUGHTS!**

- If you have concerns about what the gov't is doing, research it! Protect yourself, prepare
  - She does not trust any gov't; if a person is a politician, there is something wrong with him!
- It is not about your chronological age, it's about your **biological age** – if we make your organs younger, it will show in your face and everywhere - if we detoxify our bodies, we will feel better and be better
- He is doing 3 months of cleansing; at the 2 month mark, he is feeling great and she is keeping him on it for the full 3 months
- We don't need drugs, vaccines, and the nightly news is very negative!
- The **ebola homeopathic**: she just bought a small amount – if it comes to the US, it will be because the U.S. allows it to come

**MR:** heard on national news that US is ebola free!

**TD:** there is a vaccine coming out – what will happen with all this vaccine being created?

**Cleanses** – for various purposes

**Meta wellness program:** helps to deal with emotional DNA – to get rid of fear or long-standing negativity from your life

**MR:** the first thing MR read of Dr Dale's work was about the emotional connections to wellness

**TD:** education is key –

1. 1995 **Transform your Emotional DNA** – her book was channeled! She got up at 3 am and the info came through; she has also channeled various professional training info too
  - thinks this is an **important book to read** – contains the anatomy of an illness, where it comes from & some ways to help
    - Biehlers broth – it balances the alkalinity in your body - works everytime you use it!
    - The Bliss Exercise & other things that are important to learn about emotions/body

GO TO : [www.naturalhealingpro.com](http://www.naturalhealingpro.com)

MAIN WEBSITE: [www.wellnesscentre.net](http://www.wellnesscentre.net)

on her website, can also look into membership and the affiliate program

2<sup>nd</sup> book: **Dr Dales 7 Steps to a happier, healthier, sexier you** - about what women have had pushed on them over menopause; sometime adrenal stress will push you into the menopausal state

- **Treat your body like it is someone you love; care for it, detoxify it; all organic, non-GMO** all her herbs are non-GMO, or certified organic or wild harvested
- There are outpatient clinics that use her products to cleanse their patients from the drugs they have been exposed to in the hospital
- We don't have to go to a clinic to get these cleanses – **talk to Marietta!!!!**

**T:** glad to have Theresa back: she has used her life in a great way

**TD:** her passion is unstoppable – loves what she's doing

**T:** for certain things to work have to know if parathyroid is working

**TD:** can do a blood test or a muscle test

- parathyroid is on both sides of thyroid gland which is in the neck
- can have 4 - 6 parathyroid glands – not all people have the same number
- most people pay too little attention to it

**T: what is good for checking out the health of the parathyroid**

**TD:** Para thyroid needs **Vit D3**; need enough **calcium from veggies or can use ionic calcium [see her site]**

- Costs \$20 / month to join her website and lists all the material that is available to use

**Final words:** we are perfect the way we are; to become more aware and more knowledgeable will make them understand that they have what they need, and perhaps just have to use the skills and

awareness they have in a different way; to use our learnings and experience & share with as many people as possible

## **Musical Break**

### **Hard News**

**Keith Olbermann on Sam Seder's show** on Wed: ranting about what is happening with the fiasco of stealing the election: orchestrated by Koch Bros, Brownback and the bad boy billionaires : the Nazis over here.

- He talked of the brownshirts in Germany, how Hitler became Chancellor after all kinds of events - given the gauntlet of power
- Also about the militarization of our police who are being programmed and chipped; being turned into super soldiers like what is going on in Iraq and Afghanistan
- **Thomas Young** left the planet on Sunday: it was Murder 1 – Abby Martin took it back as there is no evidence – however, George Bush Jr murdered him and everyone else who died in Iraq – he knew better
- the only WMDs in Iraq had been taken there by Rumsfeld for Saddam in the 80s who buried them;
  - American soldiers who dug them up got Sarin gas and other things - burns, stuff in their lungs; radiation from depleted uranium tailings
  - ½ million children got leukemia & different forms of cancer and died
  - Sec of State Madeline Albright said it was all right that so many children and civilians died

**Al Jazeera:** talked about the 100,000 Nazis coming to the US, Operation Paperclip & post WW II

**T: it is HUGE that these items are being discussed on MSM as normal items to be on the news!**

**R:** to hear Keith Olbermann say that the SS is here in the form of our police and our soldiers –

Tara said that the Nazi collaborators are in Congress

**T:** making a distinction between being programmed and trained by higher ups, and calling our soldiers Nazis which is not OK!

**KOS has told Rama:** there are things going on in underground labs across the country - Kerry Cassidy talks about this kind of stuff on Project Camelot

- Keith stepped into this turf yesterday: they want to play with the fiasco in Ferguson
  - If Darrel Wilson gets off, this is a powder keg waiting to explode
  - he said he does not want Ferguson look like Syria
- **On NHK and other places** – discussion is about this
  - the KKK putting things out in Ferguson: the peaceful protestors are terrorists and we will kill them this is being said, and no one is stopping or challenging this
  - Police force has been beefed up with \$170,000 worth of stuff to hurt people!
  - Businesses in Ferguson have been told that unless they board up every single window, insurance companies will pay no damages. So looking down the streets, can see only boarded up businesses
  - The policeman is expected to get off: this is the Nazi Collaborating Republican party – want to declare Martial law & take over the country

**Finances:** China will dump \$1.4 billion US bonds on the open market

Russian will dump \$1.2 billion of US bonds on the open market

- this is **Round 2 and will take the petro dollar out of existence**
- Gas is \$2.48 / gal in Santa Fe – has to do with Saudi Arabia causing a glut in the market and they are lowering the price of gas in order to sell more of it.
  - The U S is not quite #1 in exporting gas and oil

**R:** has to do with Fracking story in U.S., a crime against Mother Earth

- Fracking will stop in time, but right now it is creating problems, destroying water

**Techno, an AI Jazeera TV special** on Saturdays, Sundays:

- have figured out how to change the dirty water from fracking into gold;
- can also desalinate ocean water for a fraction of current prices
- can take the poison aerosol sprays and toxic waste and help the earth to rejuvenate from that
- **there are 50,000 technologies available:** there is a reversal process for all the things that have been happening
- We can thank Putin and Xi for dumping bonds and destroying the petro dollars

**Germany and the 13 families are COMPLETELY BROKE:** being covered up!

- the puppeteers are trying to **push for more sanctions on Russia** with their fake stories of Russian forces entering eastern Ukraine – they are calling for lethal weapons
- Got to 5° last night, due to the jet stream dropping down from the Arctic Circle– will be cold again tonight
  - warm air from the equator is finding its way back up to the Arctic at 4x the rate of the cold air dropping
  - the ice breaking off in Antarctic has the potential to raise water 10 feet on every shoreline around the planet
  - to change this requires the radical act of dropping use of fossil fuels
- Scotland has produced and reserved from renewables enough energy to support their country: no longer need the fossil fuels – have to deal with the criminals who are pushing on them, however, to continue using fossil fuels

**R: KOS and the electric issue**

**T:** tons of people in NM going solar: the state is 100% broke and the captive audience is those who cannot afford to get outfitted with solar so they raised the cost of electricity by 9% - they are making T & R an **exception and** raising it by 166% !!! KOS will deal with the company himself.

**T:** reads from her notes about the **landing of Rosetta's Philae probe on the comet 67P [SEE BELOW]**

- Dr Stephan Ulameck - Philae Lander Manager at the German Aerospace Center.
- Comet 67P – it is a star ship, not a comet
- the scientists are awaiting data – it looks like a big rock, but this is a **holographic overlay** to disguise the fact that it is a star ship

**MR:** a friend in Colorado; 33 below at 2am; heating with wood – can't get the temp up!

**T:** have to dress in winter clothes in the house; gas is also high in Santa Fe

**T:** photographs taken as the robot descended and lands

- the comet is 300 million miles away
- to land a craft on a speeding comet is amazing!
- Takes 28 minutes for news to get back to earth – 33 million miles out in space!

**MR:** gets that this comet is not from this galaxy: it seems from so far away, it seems almost primal energy

- its gifts could be to get us back to a more centred way of being: we have been so bombarded by those who create disturbances, we don't know what it feels like to be centered
- it is being gifted to us so we could find out what it is like to have energy that not been disturbed

**T: MR is right** – it is a star ship from very far away – not from these parts at all;

- the rock formation is a disguise as part of bridging the gaps
- someone is working on the sounds for The Aquarian Age and thinking very much about how to bridge the gap and bring Xians and others along – and we are masters at this now!
- it has been 15 years [1999] since we got together as a group & started with Jennifer Lee

**MR:** have been 12 years on the radio – have a lot of history

**T:** yes, and there is more to come!

**T:** talks about the news that the harpoons that were to fix the craft to the comet did not work

**the DVDs from the Citizens Hearing on Disclosure** - still being sent out to the members of Congress

- Rama had to get a boost to start the car and got as far as ET 's garage
- got his phone hooked up in such a way that he could play Dr Steven Bassett and Dr Steven Greer talking about jet propulsion, and Sen Barbara Lee and Mike Gravel –
- 7 staff members were listening with open mouths!
- ET is going to buy a set of the DVDs and invite people to his house to come and listen to them from one end to the other

**MR: Origins** is the name of the movie, supposed to be about how things were put together

**KOS told R today: both Michelle and Barack were issued their own individual phasers!**

- The cabal is completely out of money: what does this mean after they have stashed so much?
- **The whole state of NM** is completely broke and trying to raise the \$ by raising water, gas, electricity
  - **NM Gov Suzanne Martinez** is being groomed to be VP with Jeb Bush – **THIS IS THE LOCAL TALK ON LOCAL RADIO - CANCEL CLEAR, and IN YOUR DREAMS!**
- It has been made clear [**by KOS**] that **the Bush Clinton Crime family will simply be removed** – not even arrested! They are murdering people on a daily basis
  - St Germain is running part of the show; Mother and others the rest.

**Rosewater: Jon Stewart's movie:** set in Iran; humourous; he is really talking about supporting journalism and the right to free speech; freedom of the press is the only estate that is written in the Constitution. And right now that right is being squashed!

- All kinds of people in Iran, in Egypt [the Al Jazeera people] are still in jail with no evidence
- Michael Hastings was killed because he began to talk about 9/11, Gen Stanley McCrystal and Gen Betraus who killed so many soldiers and people in Iraq
- **Jon** on Al Jazeera: we need to do something about what has been happening to all the journalists in the world

**Dec 15 - last day of the Colbert Report;**

- when he takes over the Jay Leno spot currently held by Jimmy Kimmel; the Letterman spot will be taken over by Jon Stewart
- **Colbert** is a cool human being, not at all like the character he portrays on his show
- **Now over 50% of the population** get their news from Colbert and Stewart – when they each have 1 hour programs, they can bring in new technology and all kinds of guests & do the right thing now.

**R: Elizabeth Warren** has been given a top leadership role in the Democratic party – Harry Reid wanted her to have this

**T: Rachel Maddow** – talks of the program RM did a couple of days ago when Rachel talked of why the Republicans cannot approve Loretta Lynch – it was a funny show!

**Thom Hartmann:** the Republicans made it a rule that to approve anyone Obama nominates will take 30 hours of congressional hearings to vet – not enough time left until Dec 5 to do that as well as other things.

**R:** in first 10 minutes of the Rachel Maddow talked of a tiger running loose in Paris and 100 police looking for it; don't know where it came from – no zoo reported a missing animal, or anyone –  
**RAMA SMELLS MOTHER!**

**T: Mike Papantonio on Thom Hartmann:** Loretta Lynch has laid down huge fines on the banksters but has never sent them to jail – which means something has got her cornered

- R has to ask KOS if Patrick Fitzgerald is coming out and can we do the job right now?
- the thanksgiving / Christmas window is coming!
- Recalling what has happened in the past at this time
  - In 2003, Thanksgiving: in Oklahoma, had a huge meeting, White Knights, Faction 2 military, all kinds of other folks; supposed to discuss what they would do about 9/11; nothing came to pass in a good way
  - on Dec 3<sup>rd</sup>, Mother went to Geneva, Switzerland, a pre- Christmas where 300 Rothchilds were meeting; she eviserated all of them – her response to what they didn't do: they were then cloned
  - we are wrapping up a long story that needs to be over now.

**T:** new trains being built by Seimans: can travel 320 kms / hr [192 mph]

- One on the assembly line, 7 more to come - will hold 900 passengers each
- Eurostar is ordering more – 800 million Euros – will be done in 1-2 years.
- need NESARA so we can do this in US!
- Trains in Japan go faster than existing Eurostars

### **Barack Obama is in Malaysia**

- **Rohinga persecutions** [Muslim minority]
  - These people live in the NW section of Myanmar
  - He will also meet Burma's leader there – he is going from one summit to the other

**Al Jazeera:** Obama is walking a real tightrope – political and financial sanctions on Myanmar are removed, along with those of Europe – hoping to move Myanmar along

- wants to see them push forward with human rights
- country has been back-sliding since his last visit 2 years ago
- Issues seem to be getting worse across SE Asia – lots of problems with democracy and human rights across the area

### **It Couldn't Be Done**

By Edgar Albert Guest

Somebody said that it couldn't be done  
But he with a chuckle replied  
That "maybe it couldn't," but he would be one  
Who wouldn't say so till he'd tried.  
So he buckled right in with the trace of a grin  
On his face. If he worried he hid it.  
He started to sing as he tackled the thing  
That couldn't be done, and he did it!

Somebody scoffed: "Oh, you'll never do that;  
At least no one ever has done it;"  
But he took off his coat and he took off his hat  
And the first thing we knew he'd begun it.  
With a lift of his chin and a bit of a grin,  
Without any doubting or quiddit,  
He started to sing as he tackled the thing  
That couldn't be done, and he did it.

There are thousands to tell you it cannot be done,  
There are thousands to prophesy failure,  
There are thousands to point out to you one by one,  
The dangers that wait to assail you.  
But just buckle in with a bit of a grin,  
Just take off your coat and go to it;  
Just start in to sing as you tackle the thing  
That "cannot be done," and you'll do it.

## INFORMATION RELATED TO THE NOTES

2014, Nov 12 **Ukrainian Neo-Nazi Commander - “The US is Training and Funding Us”**

By Federico Pieraccini

Global Research, November 12, 2014

171st NATO Chiefs of Defence meetings-- Military Committee in Chiefs of Staff Session (MC/CS) with Ukraine

A commander of one of the Ukrainian neo-nazi battalions, the Donbass, Semyon Semyonchenko, has just returned from the US, where he met with senior senators from both parties, and received commitments of material support.

He posted a comment on Facebook in which he gives a detailed explanation of this assistance.

He was also received by IRI (International Republican Institute) and NDI (National Democratic Institute), the international branches of the two main American political parties, and met with democratic Senator Robert Menendez and republican senator Robert Corker.

“Menendez and Corker are the two senators who have sponsored the Ukraine Freedom Support Act, a bill that will allocate money to provide assistance to Ukraine, including the supply of weapons. Radar, anti-tank weapons, drones, communications systems and many other useful things for our army. “

One of the main goals of his trip was to get training and much more from the US military. Judging by his FB post, it seems he has accomplished this.

“Yesterday I signed a contract to organize training courses for the fighters and officers of the battalion Donbass by mobile groups of instructors from the United States, held by military that are not currently in service.

They will work under the traditional training system used by the Navy Seals and Delta Force. Standards have been developed for each department (reconnaissance, special forces, security, etc.) and for each non-commissioned officer.

Particular attention will be paid to the individual training and teamwork. We will use the maximum number of practical exercises.

Another important point is the training of sergeants (NCOs) to allow it to act independently and managing a team.

The instructors will also be used to prepare the internal security forces, and that training is one of the forms of indirect assistance that Ukraine is receiving.

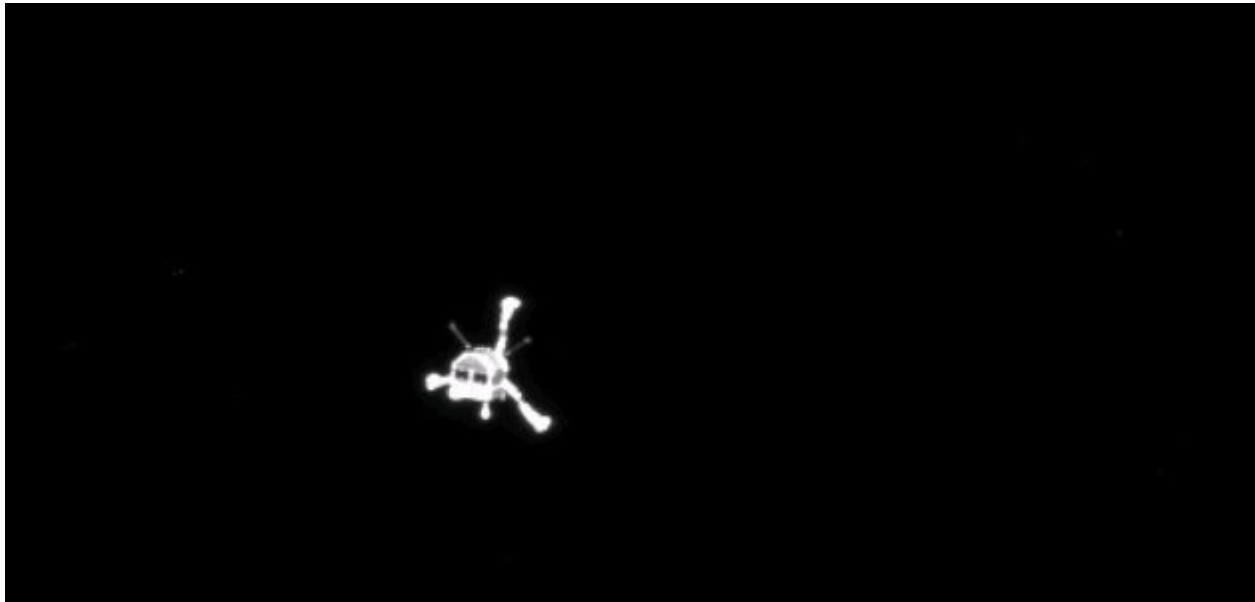

After his meeting with NDI and IRI he also added:

“They were very useful talks. We explained to them the situation in Ukraine as objectively as possible. We are confident that everything will go according to plan as we hoped. “

2014, Nov 12 **Rosetta's Philae probe lands on comet**

[http://www.esa.int/Our\\_Activities/Space\\_Science/Rosetta/Touchdown!\\_Rosetta\\_s\\_Philae\\_probe\\_lands\\_on\\_comet](http://www.esa.int/Our_Activities/Space_Science/Rosetta/Touchdown!_Rosetta_s_Philae_probe_lands_on_comet)

**Farewell Philae - narrow-angle view**

ESA's Rosetta mission has soft-landed its Philae probe on a comet, the first time in history that such an extraordinary feat has been achieved.

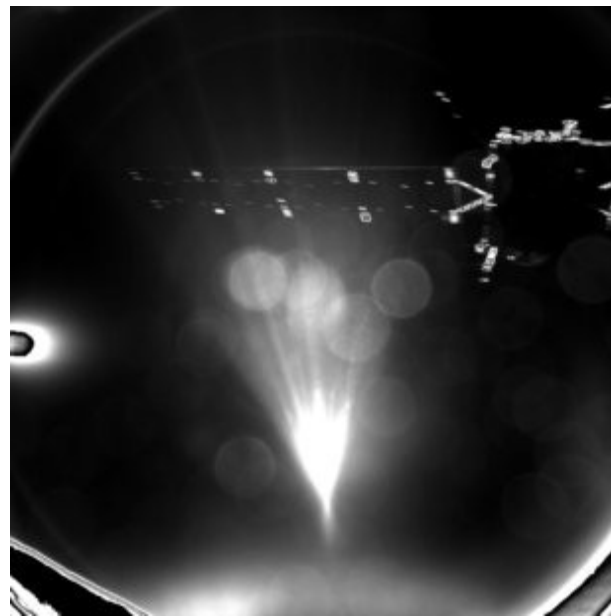

After a tense wait during the seven-hour descent to the surface of Comet 67P/Churyumov-Gerasimenko, the signal confirming the successful touchdown arrived on Earth at 16:03 GMT (17:03 CET).

The confirmation was relayed via the Rosetta orbiter to Earth and picked up simultaneously by ESA's ground station in Malargüe, Argentina and NASA's station in Madrid, Spain. The signal was immediately confirmed at ESA's Space Operations Centre, ESOC, in Darmstadt, and DLR's Lander Control Centre in Cologne, both in Germany.

The first data from the lander's instruments were transmitted to the Philae Science, Operations and Navigation Centre at France's CNES space agency in Toulouse.

"Our ambitious Rosetta mission has secured a place in the history books: not only is it the first to rendezvous with and orbit a comet, but it is now also the first to deliver a lander to a comet's surface," noted Jean-Jacques Dordain, ESA's Director General.

**Philae's parting image of Rosetta, taken shortly after separation**

“With Rosetta we are opening a door to the origin of planet Earth and fostering a better understanding of our future. ESA and its Rosetta mission partners have achieved something extraordinary today.”

“After more than 10 years travelling through space, we’re now making the best ever scientific analysis of one of the oldest remnants of our Solar System,” said Alvaro Giménez, ESA’s Director of Science and Robotic Exploration.

“Decades of preparation have paved the way for today’s success, ensuring that Rosetta continues to be a game-changer in cometary science and space exploration.”

“We are extremely relieved to be safely on the surface of the comet, especially given the extra challenges that we faced with the health of the lander,” said Stephan Ulamec, Philae Lander Manager at the DLR German Aerospace Center.

“In the next hours we’ll learn exactly where and how we’ve landed, and we’ll start getting as much science as we can from the surface of this fascinating world.”

Rosetta was launched on 2 March 2004 and travelled 6.4 billion kilometres through the Solar System before arriving at the comet on 6 August 2014.

“Rosetta’s journey has been a continuous operational challenge, requiring an innovative approach, precision and long experience,” said Thomas Reiter, ESA Director of Human Spaceflight and Operations.

“This success is testimony to the outstanding teamwork and the unique knowhow in operating spacecraft acquired at the European Space Agency over the decades.”

### **Philae touchdown**

The landing site, named Agilkia and located on the head of the bizarre double-lobed object, was chosen just six weeks after arrival based on images and data collected at distances of 30–100 km from the comet. Those first images soon revealed the comet as a world littered with boulders, towering cliffs and daunting precipices and pits, with jets of gas and dust streaming from the surface.

Following a period spent at 10 km to allow further close-up study of the chosen landing site, Rosetta moved onto a more distant trajectory to prepare for Philae’s deployment.

Five critical go/no-go decisions were made last night and early this morning, confirming different stages of readiness ahead of separation, along with a final pre-separation manoeuvre by the orbiter.

Deployment was confirmed at 09:03 GMT (10:03 CET) at a distance of 22.5km from the centre of the comet. During the seven-hour descent, which was made without propulsion or guidance, Philae took images and recorded information about the comet’s environment.

“One of the greatest uncertainties associated with the delivery of the lander was the position of Rosetta at the time of deployment, which was influenced by the activity of the comet at that specific moment, and which in turn could also have affected the lander’s descent trajectory,” said Sylvain Lodiot, ESA Rosetta

Spacecraft Operations Manager.

“Furthermore, we’re performing these operations in an environment that we’ve only just started learning about, 510 million kilometres from Earth.”

Touchdown was planned to take place at a speed of around 1 m/s, with the three-legged landing gear absorbing the impact to prevent rebound, and an ice screw in each foot driving into the surface.

But during the final health checks of the lander before separation, a problem was detected with the small thruster on top that was designed to counteract the recoil of the harpoons to push the lander down onto the surface. The conditions of landing – including whether or not the thruster performed – along with the exact location of Philae on the comet are being analysed.

The first images from the surface are being downlinked to Earth and should be available within a few hours of touchdown.

Title: Journey to the surface of a comet

Released: 11/11/2014

Length: 00:01:22

Language: English

Footage Type: Animation

Description:

**Rosetta’s deployment of Philae to land on Comet 67P/Churyumov–Gerasimenko.**

The animation begins with Philae still on Rosetta, which will come to within about 22.5 km of the centre of the nucleus to release the lander on 12 November 2014.

The animation then shows Philae being ejected by Rosetta and deploying its own three legs, and follows the lander’s descent until it reaches the target site on the comet about seven hours later. The animation is speeded up, but the comet rotation is true: in the time it takes for Philae to descend, the nucleus has rotated by more than 180° (the comet’s rotation period is 12.4 hours).

The final steps of Philae’s descent towards the comet are shown as seen by a hypothetical observer close to the landing site on the comet.

Acknowledgement: The background image of the sequence showing Philae closing in on the landing site was taken by Rosetta’s OSIRIS narrow-angle camera (ESA/Rosetta/MPS for OSIRIS Team MPS/UPD/LAM/IAA/SSO/INTA/UPM/DASP/IDA) on 14 September 2014 from a distance of about 30 km.

Philae was provided by a consortium led by DLR, MPS, CNES and ASI.

Over the next 2.5 days, the lander will conduct its primary science mission, assuming that its main battery remains in good health. An extended science phase using the rechargeable secondary battery may be possible, assuming Sun illumination conditions allow and dust settling on the solar panels does not prevent it. This extended phase could last until March 2015, after which conditions inside the lander are expected to be too hot for it to continue operating.

Science highlights from the primary phase will include a full panoramic view of the landing site, including a section in 3D, high-resolution images of the surface immediately underneath the lander, on-the-spot

analysis of the composition of the comet's surface materials, and a drill that will take samples from a depth of 23 cm and feed them to an onboard laboratory for analysis.

The lander will also measure the electrical and mechanical characteristics of the surface. In addition, low-frequency radio signals will be beamed between Philae and the orbiter through the nucleus to probe the internal structure.

The detailed surface measurements that Philae makes at its landing site will complement and calibrate the extensive remote observations made by the orbiter covering the whole comet.

"Rosetta is trying to answer the very big questions about the history of our Solar System. What were the conditions like at its infancy and how did it evolve? What role did comets play in this evolution? How do comets work?" said Matt Taylor, ESA Rosetta project scientist.

"Today's successful landing is undoubtedly the cherry on the icing of a 4 km-wide cake, but we're also looking further ahead and onto the next stage of this ground-breaking mission, as we continue to follow the comet around the Sun for 13 months, watching as its activity changes and its surface evolves."

While Philae begins its close-up study of the comet, Rosetta must manoeuvre from its post-separation path back into an orbit around the comet, eventually returning to a 20 km orbit on 6 December.

Next year, as the comet grows more active, Rosetta will need to step further back and fly unbound 'orbits', but dipping in briefly with daring flybys, some of which will bring it within just 8 km of the comet centre.

The comet will reach its closest distance to the Sun on 13 August 2015 at about 185 million km, roughly between the orbits of Earth and Mars. Rosetta will follow it throughout the remainder of 2015, as they head away from the Sun and activity begins to subside.

"It's been an extremely long and hard journey to reach today's once-in-a-lifetime event, but it was absolutely worthwhile. We look forward to the continued success of the great scientific endeavour that is the Rosetta mission as it promises to revolutionise our understanding of comets," said Fred Jansen, ESA Rosetta mission manager.

## The Crystal Codes 2014 & Beyond A Clarion Call to the Law of One

Archangel Metatron via James Tyberonn

Greetings Masters, I am Metatron, Angelic of Light ... and I welcome you in a field of unconditional love. We speak in this moment of the paradigm of perfection, and the coding processes of humanity and earth. We speak of the portals termed Crystal Skulls. The Ancient Crystal Skulls are conscious libraries that linger, in defiance of your society's carefully nurtured notions of what constitutes 'reality' and what is 'fantasy'. But we tell you the science behind these remarkable 'sentient beings' is beginning to unfold before you... and this is but the tip of the iceberg. of that termed the Crystalline Age.

Dear Human, in Year Two of the New Earth, 2014, your scientists have announced breakthroughs in the ability to modify quartz in such a way to store massive amounts of data in a medium that is virtually timeless, capable of holding data for hundreds of millions of years. Innovations are being made in which data can be stored using coherent laser light to record in quartz in what they have termed as 5d (five dimensions). Your

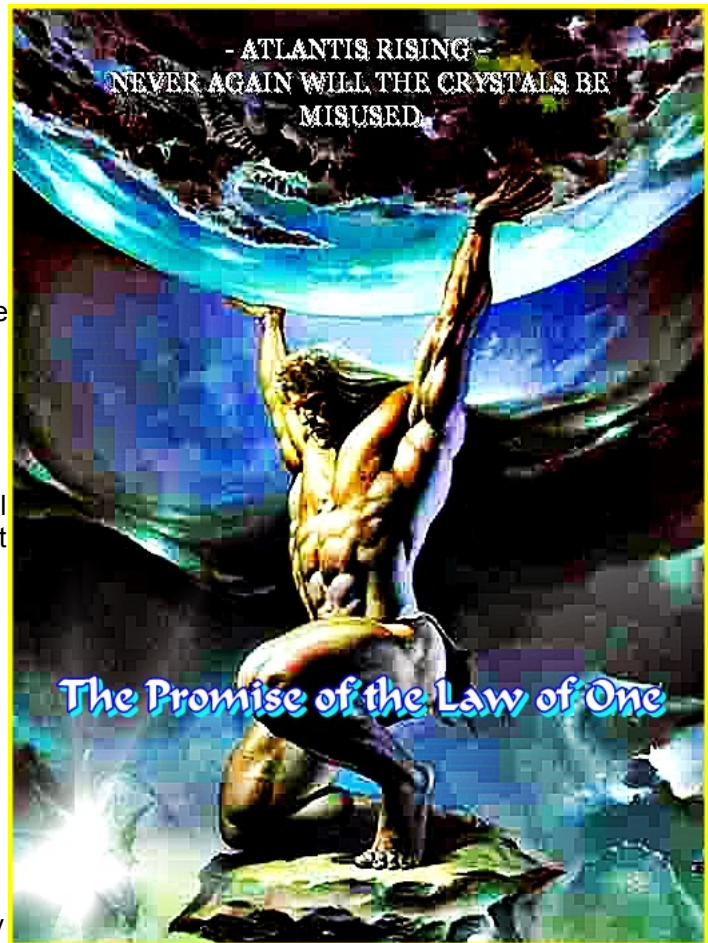

scientists have referred to this breakthrough of quartz as the 'Superman Crystal'. ( This in reference to the Fortress of Solitude Crystal depicted in your cinema of a holographic crystal that seeded both DNA and records onto your planet.) This factual discovery is, in fact, a preliminary benchmark to rediscoveries of attributes of quartz that have been known in more advanced civilizations on the earth, and is known by the Sirian-Pleadean-Arcturian Alliance. But for the shape depicted, this is an attribute of the Ancient Crystal Skulls and the 'Fortress of Solitude' allegorical to the Hall of Records.

You are entering the Crystalline Age, and the remarkable discoveries being made in this era are no accident. What this involves is far more than you currently understand or accept in main stream. We have told you before that the new 'Lightworkers' will come from academia, from the scientific. Indeed this will be a natural progression of integral science, and that is an extremely benevolent step. In these new 'discoveries', specific aspects of reality that are currently considered as pseudo-science or are summarily dismissed as airy-fairy delusions of 'New Age' metaphysics will have an unquestioned entry as fact.

It will be through science that the integral circle that combines science to the sacred will be united. It is through science that humanity will 'rediscover', in a factual credible manner, such essentials as multi-dimensionality and the crystalline nature of higher dimensional physics. Through the science of plasma physics, you will in time learn that your chakras work as particle accelerators and connect you [to] other realms of consciousness. You will learn that antimatter and matter do not annihilate one another; rather, they are part of the same spectrum. Matter exists in spectrums as does light, with physical matter on one level and that you term antimatter on the other.

### Edgar Cayce, Atlantis & Crystals

We are currently working through the channel of Tyberonn of Crystalline Service to share information regarding gems, crystals, crystal skulls and Atlantis. This is a re-awakening of information that the channel,

and many of you of the Law of One, will quickly intuitively recognize. For many of you were there, were among the Law of One of Poseidon, and are awakening now into what may be termed as a sacred oath, and soul contract, in your terms. It is of the crystalline frequency and its benevolent energy, and ensuring its benevolent use. This is information you have once known, and now will rediscover and apply.

The entity known in current times as Edgar Cayce is a remarkable soul; one of integrity and exceptional clarity in terms of knowledge brought forth on the topics of Atlantis, the Law of One and the benevolent use of gems and crystals as tools for alignment and communication with the Divine, as well as [for] health and well being. This is ancient knowledge. This information is being brought forth in the present crystalline age, that termed the Aquarian shift, as it is very important to understand. The Earth has shifted into the initial stages of the crystalline frequency, and even now the human body is undergoing genetic modifications into a silicone crystalline shift. What this shift means is that crystalline gems, minerals and earthen structures operate more efficiently as tools of opening, tools of entrainment to the human vibratory resonance. ...and will aid in the shift (individually and in mass) to the human crystalline resonance.

Your Edgar Cayce spoke of the Ancients (of Atlantis, LeMuria & pre Duality Earth) as recognizing the perfected structure & sacred geometry of the human cranium as the entry portal of consciousness into the dimensions of the earth, and indeed the gateway of higher realms. So it is thus understandable why the cranium model was selected for the crystalline multidimensional libraries referred to as 'Crystal Skulls'. They are multidimensional dynamic portals. They are indeed Conscious Living Computers that constantly update with appropriate 'programs' of Universal Mind' in support of the Earth and Humanity. They receive and project holographic codes that drive the ongoing upshift of the planetary matrix as well as the paradigms of your duality consciousness.

And we tell you, Dear Ones, the transition of humanity is unfolding with renewed purpose. The Crystalline Age is upon you, and it is the crystalline energy that defines the resonance of humanity's coming graduation and shift. The recent (2014) discovery of the so-called 'Superman' quartz memory chip, with its ability to store information for vast ages of time, is then credible information that allows you to understand the libraries of the Crystal Skulls. The ancient crystal skulls contain a vast repository of knowledge, ancient knowledge dating from before the time of Atlantis, to LeMuria. These are then portions of the 'Hall of Records', extraordinary records on a scale beyond your imagination. The ancient crystal skulls are conscious libraries that contain the codes of human evolution, universal information, planetary information and, most valuable of all, humankind's destiny and true purpose.

## **2015 and Forward**

And so we speak of the Conscious Libraries of the Crystalline Paradigm termed in your current vernacular as "Crystal Skulls". We tell you the role of the Crystal Paradigms shifts into great & greater relevance in the New Earth. These have indeed played a more important role in the 2012 Planetary Ascension than you may imagine. Codes that enabled the Earth to graduate were released through the portals that are programmed into the original crystal skulls.

The Crystal Skulls are now focused on assisting humanity. Humanity 'in mass' is on path to ascend in some 300 years. And there is much that must occur. 2014, 2015, 2038 and 2075 are key benchmarks. In 2014, the Harmonic Portal of Peace has sown the seeds of the New Firmament and, by means of the New Firmament, the seeds of the 2038 Cristos Return were established. This process continues in 2015, year three of the New Earth, initiating the crystalline activation and upshift of the earth currents of the planet.

## **A Clarion Call to the Law of One - Rebuilding the Poseidon Crystal Fortress of Light**

Many of you will feel the call of the 2015 Crystalline Activation as a powerful purposed gathering of the Law of One, the soul group of Poseidon that achieved incredibly high vibrations in Atlantis. Some of you still feel the regret, and an unwarranted guilt for the sad ending of Atlantis. It is time for that release, and for action that has been pledged to insure that, in the New Earth, the Crystalline Light, the Crystalline energy, will be for greatest good, for the Ascension of Humanity...and never again to be misused. You are rebuilding the Crystalline Temple of Light, the Fortress of Solitude & Solidarity of Unconditional Love. Rebuilding with

the pledge and oath that Divine Crystalline Light will never again be allowed to be misused. It will be surrounded by the strengthened fortress of Divine Nurturing Love. The willful commitment & profound wisdom of knowing that that action of love overcomes the dark, even in the polarity and duality of the University of Earth. ...And that rising into non-polarity will occur when we will it to occur in unified crystalline resonance.

As such many of you are gathering, many of you are being called to anchor & visualize in unity, the Colorado upshift and to align to the new energies as they encompass the earth. These are pre-planned as coded holographic insertion events that are for the Gridworkers & Earth-Keepers a clarion call of duty for activation and a keeping of the 'Law of One' soul contract in the roles to the Crystal Masters, Healers and Code Carriers. There is much to do in the coming years, Dear Ones....and MAX & Sha Na Ra bring not the codes that you receive and disseminate....but a reinforcement of the will to bring higher & highest good to the planet and humanity.

In 2015, this will begin in 2015 on the Total Solar Eclipse occurring on the New Moon of the March Equinox, and will be in full force through the June Solstice. It is appropriate that it begins with the massive structures on your living planet that are the mountain vertical ranges. Mountain ranges are teeming with crystalline structure, metamorphic strata and pegmatites, housing enormous beds and deposits of conscious crystalline energies. The Rocky Mountains columnar, in extensive reach, will include all sub ranges and sister ranges, including the Grand Tetons, Cascades, Sierra Madres and extend to the Andes and Patagonian ranges of South America. The extended reach extends for some 14,000 kilometers. It will include all vertical ranges across the planet including the submerged ranges of the Atlantic, Indian and Pacific oceans. Unified love will be embedded into the spinal flows of the mountain ranges north to south and south to north.

**Note** - This information above referenced is in greater detail in the recent channel of the Crystalline Upshift.

### **One Step at a Time**

Your Edgar Cayce spoke of a new human 'body-type' emerging in the 21st century. It is the up-shift of DNA, not only into 12 active strands, but the important transition from carbon base physical bodies to 'lighter' Crystalline, silicon base physical form. Humanity is becoming crystalline....as you once were in Poseidon.

As of December 2012, the polarity magnetic grid has been replaced by the 144-Crystalline Grid. The grid has allowed for humans of higher light quotient to operate in higher dimension. These higher levels are naturally very different than 3d. We tell you that the 5th thru 12th dimensions are available to you in the New Earth but, to function effectively in these non-polarity levels, involves activating your expanded chakric system. You must become crystalline in frequency.

This is the reason that 'Law of One Atlantean' knowledge of the benevolent and responsible use of Crystals as spiritual allies & frequencial amplifiers has been resurfacing the past 5 decades. All timing is in perfection, you see. Phi Crystals and specific gems enhance the auric field and allow for the movement into coherency. Crystal Skulls are direct portals, receiving and dynamically transmitting codes. The codes for the New Earth and the codes enabling the transition of humanity into the new lighter body format, the crystalline (silicon base from carbon base), are being projected now via the code carriers of the true ancient Crystal Skulls of the Law of One.

### **The New Role**

As the Earth has ascended into a 12 dimensional matrix, the role of the Crystal Paradigm is to code the shifts of the New Earth and of humanity. The shift to silicon body is coded within the 13th and 12th Crystal Skulls....the 13th to the new body format, and the 12th to the enhanced chakric systems that operate in the crystalline dimensions above polarity. It is no accident that the 13th and 12th Crystal Skulls will be together in the Colorado Star-Gate in 2015 during the upshift and activation of the planetary kundalini force, the crystallization of the Rocky Mountain energies. The two will form an Arc that refashions the kundalinic current that flows the extended length of the Rockies-Andes columnar and embeds the necessary codes for the New Firmament, crystalline upshift and shift of humanity. Many of you were among the sacred Atla-

Ra, the divine and pure of heart mystics of the scientist priests & priestesses of Poseidon, and you will recognize the call to anchor these energies, to align to self and carry the energy forward.

### **The Crystal Skull & Crystalline Paradigm**

So Masters we tell you that from a linear Earth perspective, the Crystal Skulls are a human-shaped cranium made out of various types of crystalline material, most commonly quartz. Yet we will tell you the original skull is of an extra terrestrial conglomerate of what may be termed supra quartz, containing within it pure quartz that is alloyed with aspect of diamond and alloyed in an 'alchemy vibratory' sense with frequencial gold. It is a similar material used in the Crystalline Moon of Atlantis, and the magnificent Temple Crystals, again we emphasize, similar but not exact. Indeed the original skulls predate in linear terms, the Atlantean Temple Crystals. Only two of the Crystal Skulls in current circulation at the present time are of extra terrestrial origin, and this we have spoken of previously. These original crystal skulls came from another world, and another reality. Only two of the original 13 are presently manifest in physical within your time sequence. (MAX the 13th & Sha-Na-Ra - the 12th)

Originally then did those carriers bring the crystalline patterned skulls to the Earth (from Arcturius) and engineered / manifest by the Crystal Masters of the Sirian-Pleiadean-Arcturian Alliance. The original prototypes then were brought into the land that became LeMuria, but indeed the model was brought before the planet was fully in polarity. It was brought into the planet at the time of the Firmament you see, in a zero point Earth, a non-magnetic plane, we will say. Termed at that time LaMania (pre LeMuria) ...in an Earthen World that knew perfection, that was inhabited by androgynous manifestation of Etheric Spirit in full consciousness. Yet at that time it was already known that the Firmament would fall, would dissolve and the plan then was that this model, this extraordinary holographic record, the original crystal skulls, would serve as the prototype of this initial integral aspect surrounded by the 12 sacred aspectual patterns. And so in the 13<sup>th</sup> and the 12<sup>th</sup> contains within the model of the 12 strands of DNA, the fully conscious clear mind and 'Beingness' of the fully evolved, pre-duality human.

Accordingly, the crystal skulls contain within them that which you were before the human experiment, (The University of Duality Earth) and what you will be when you complete it, the infinity circle. So the original crystal skulls were manifested into form above and beyond physicality, and have been brought into physicality various times. As such, no true physical age can be assigned to them because they have appeared, disappeared and reappeared many times in the millions of years of Earth's habitation by mankind.

**Question to Metatron:** You have said that MAX & Sha-Na-Ra are of extra terrestrial origin and are the only 2 on the planet of the original 13. Are there other 'ancient crystal skulls' on the planet at this time?

**Metatron Response:** All crystalline material is ancient in terms of linear time. The quartz material utilized even in modern carving is hundreds of thousands of years old in linear terms of time.

After the fall of Mu and Atlantis, refugees from Atlantis that settled in the regions of the Yucatan and Og attempted over time to recreate the original crystal skull models. This crafting of replicates was done for many centuries, and the few that have been found in the areas of Central America, for the most part, are these reproductions although, as stated, 2 have been found from the extra terrestrial Arcturian 'morphocrystalline' manifestation.

The post deluge Atlanteans were still quite capable for a fleeting few generations of recreating highly sophisticated replicate models. Yet these did not have the full capacities or attributes of the original 13. There is a specific reason why crystalline substance was chosen as the material to use for the skulls. Crystalline material stores and emits information. Quartz is not an easy substance to carve or mold into a shape. Now in current times, there are many cutters who fashion crystal skulls in quartz and other crystalline minerals. As we have stated, these, specifically because of their cranial skull shape, are capable of drawing into them portions of the energy field emitted by the 13 original skulls.

How is this, you may ask? It is through the original intent and agreement of the collective unconscious, the

Universal Mind, in tandem with the sentient attributes of the living conscious Mineral Kingdom, the living sentience of the receiving mineral and the living sentient field of the Crystalline model hologram. Each newly carved skull then recognizes the 'law' of purposed intent. It is an installed program that harmonically attracts and receives codes & data from the 13 original skulls, various degrees and qualities of frequencial downloads from the 'thoughtform' projected by the original prototype, the original paradigm. All crystalline minerals are both transmitters and receivers, you see....and all crystalline minerals are highly conscious and self aware.

So those attracted to the skulls then receive within their 'newly' acquired model, a portion of the whole, and the 'new' crystal skull becomes, by agreement, a teacher of greater truth and offers glimpses into the perfection hologram. That is why some are now being called to acquire the newly cut skulls for, indeed, they open the pattern, they become teachers. They become allies and protectors for each of you on the path of Mastery, and they manifest at the time you awaken to that call. Each is capable, according to their mineral type, size and coherency to download varying levels of information emitted & broadcast by the original 13.

These are quite different tools from normal gems, crystals and indeed serve a different role than that of the Phi Crystals. Just as the Atlantean Temple Crystals had specific cuts for specific functions, so do the Phi Crystals serve differing purposes. Yet all amplify thought into coherency and enable a stronger auric field to enable crystalline lite-body - Mer-Ka-Na.

### **Phi Amplification & Induction**

We can say that Phi Crystals are energy amplifiers that take one to the Star Seed, while Crystal Skulls offer the calibration and knowledge of the original pattern and offer codes received from higher source to be received by both the Earth and Humanity. The former is the vehicle that moves and refines light energy; the latter, the pattern and library. Well for those seekers of Atlantean and LeMurian lineage to acquire both; indeed are there many benefits of working in tandem with both in this time of awakening. Both are tools that offer themselves and amplify and expedite the journey, you see.

### **Prototype**

The original crystalline skull prototype (optimally exemplified in Max & Sha Na Ra) contains an extraordinarily vast library, fully conscious. All data, all records, all knowledge is stored & programmed in a most complex process within them. Both the process and the infinite amount of information within are quite incomprehensible to you in polarity mind! It was conceived to contain within it an incredible frequency that is attached to the hologram. So the crystalline skull then is an honoring remembrance and imbuing transmitter that indelibly prints within the soul & 'Divine Mind' of humanity that which is the perfect model. It is exquisitely imbued within the divine aspect of the soul when it enters into the earth pattern from the unified field. In a manner of speaking, it is the pattern recorded into the God Self, the Subconscious or super subconscious of the human mind, you see? The perfected man, not the version of what man would later become in the down spiral of the human experience, but rather as the original print that man aspires and evolves back into through the growth cycle termed reincarnation toward that original and flawless paradigmatic archetype.

### **Closing**

Truly, the Crystal Skulls are a reflection of the perfection in mankind. They have been so since the advent of duality Earth, with the fall & dissolution of the original Firmament. Indeed in Year Three of the New Earth, they are in phase three of their purpose. When mankind individually and in mass is ready to use these Divine Libraries to meld into perfection, they will offer a glimpse into incredible new worlds of beauty, creativity and unconditional love. Indeed they have been dormant for millennia, waiting for this point in your linear time to reboot and awaken. Those of you who have worked with the Crystal Skulls in past lifetimes are being called now to be with them again. Do you hear that call? Are you one of the Keepers of the Crystalline Mystery? It's time for the Dreamer to awaken!

I am Metatron and I share with you these Truths. You are beloved.  
and it is so...
