

Montpelier Action Group

Meeting

*Monday 12th November 2007
Beaufort Pub Saloon, York Road, 7.30 pm*

AGENDA

1. **Neighbourhood Watch**

Our Police representatives, Kim Dudderidge and Simon Brown (New Beat Officer) to discuss local crime issues, and the options for tackling local criminal activity.

2. **Picton Street and Bath Buildings**

The Action Group has sparked off interest from residents and traders in the Picton Street and Bath Buildings area. A chance to discuss the best way to tackle problems and promote helpful actions in this geographical area.

3. **Painting and Tagging**

We've cleaned and painted at two community clean-ups at the Rectory, the Mont, Picton Street and Bath Buildings, but we need to make arrangements to follow-up by recording, reporting and removing tags as they appear. A practical item to address who will hold paints and the like.

4. **Volunteers needed!**

We want to make sure that the Group is fair and balanced - a few residents are organising actions and meetings, but it would be good to have a regular committee of folks who are prepared to give up a bit of spare time to do things like organising the clean-up days and sorting-out these meetings! Proposal is to have a core group that would meet regularly (say monthly) and sort out actions between times, with one of the responsibilities being to hold and publicise this bigger community meeting three or four times per year.

5. **Montpelier park**

Following a discussion on the website (<http://montpelier.ning.com>) residents interested in making improvements to the Park want to discuss re-vitalising the Montpelier Park Group.

6. **Any other business**

Please let us know via montpelieraction@hotmail.co.uk or at the start of the meeting if you have anything to raise.
