HARD NEWS

T: As we are all One, the blessings you give T & R are shared by everyone – yes we can!

- The transition is with us; the full moon in Capricorn will be discussed by Richard

Camp Lovewave: Guest was the Dalai Llama – talking about the super moon; he said we are in such an auspicious time to be in bodies & experiencing this; such an experience does not come very often.

- We have all the gifts and abilities we need to push this over the edge. Now is the time for peace & love
- Mother's wayward children have been very naughty across the whole galaxy; this is an intergalactic story and we need to get this one.
- The Dalai Llama talked about Scientology and L. Ron Hubbard, Alan Parsons, Tom Cruise, John Travolta and others playing with Scientology; the story about Lord Xenu escaping 170 Million years ago, a convoluted story having to do with the Orion War – factions within factions who broke away and did

their own thing; the shit hit the fan and it was not, is not pretty.

- Palestine is also called Is-Ra-El – and the real Jerusalem is in Cusco – the story in “the book” is not true. The Dalai Llama talked of all this – how they stepped into the ring of fire
 - we are watching Syria, Palestine- and the people are all one people: we are all one people and the sooner we get it, the better – the colour, the species, the gender are not important
 - R knows what it is like to be transgender: we chose lifetimes after lifetimes to make a difference and this is such a life time.
- The DL being on Camp Lovewave is unprecedented – showed up unannounced
 - Talked of going up to the top of the ski basin with 10 other llamas & doing ceremony for Santa Fe
 - Also of the conflict going on between all the countries in the Middle East, Boco Haram [which is really all CIA duh]
- R describes a character in Starwars who was a mercenary – the Dalai Llama talked of Blackwater being the same thing; our most important job is to send unconditional love to these ones who have made the bed they are sleeping in – she who was here before the gods were here will be sending them into the Dark Rift, the centre of the Milky Way Galaxy, to begin again
- **We are in a new story: this is the end of the Mayan calendar; in August, we will be in 2016 –**
 - there are 520 years missing, cut out of the bible because the Goddess is black
- The Dalai Llama said no one knows what Mary Magdalene looks like: what if she looked like Michelle Obama? She did not look like a white lady, he made that clear.
- Jesu had some Ethiopian blood; Ethiopia and India were connected with a body of water in between them; the other part of India was connected to South Africa; the part that is Madagascar broke away and impacted on the southern part of the continent and created the Himalayas
 - Describes the different climates there
 - Describes the sea salt, the soma, the lichens in the caves
 - Describes white monkeys that are all white and are 22 ' tall; live only on the soma
 - The sasquatch have human DNA – came from Andromeda – we have much to learn as we choose to learn the meaning of “ We Are All One”
- The spheres Judy Beebe describes do not use electrical energy which is a down sizing from the energy of the higher frequency, the energy comes from Creator Source in the centre of the Milky Way Galaxy
- The change starting July 12 – 22nd is an 11 day period – 11 is mastery of a new way of being,
 - The thunderbird is here to assist; the energy of CA - NADA – yes we can.
 - We have the 1st super moon of 3 in a row – July, August, September
 - We have the challenge: when you look at the TV and see the children and mothers crying, do not wear it.
 - Thunderbirds are REAL – her son and friends have seen one: it's an etheric physical being, like the phoenix
 - Reference to an article and that something is off: Talks about what happened in Chicago over the July 4 weekend – 88 people shot! How do we shift the sense of oppression and get back on track? Need to jar loose the Saturn stagnation in our lives – the energy of the inconjunct will help up move past this - we have all summer into the fall: it is Excaliber AA Michael blue ray – Thunderbirds destroy reptilian monsters: now is the time!

His Holiness: they are really ramping up the energies so people will go into hopelessness – between July 12 – 22, they want to see us give up on hope.

T: a judge has already proclaimed that 2000 children already have a home: focus on the higher vibration of this kind of result

Music: Would you harbour me?

<https://archive.org/details/scm-413084-glenngreenwaldedwardsnowdenth>

When Glenn Greenwald met an anonymous source in 2013 for The Guardian, he never imagined it would be NSA contractor Edward Snowden. **No Place to Hide** is the full story of what he learned about the government's systematic spying, with never-before-seen evidence supplied by Snowden. Called an "impassioned new book" by The New York Times, Greenwald's analysis of the political ramifications of The Guardian's coverage (which earned a 2014 Pulitzer Prize for Public Service) raises questions about ethics, government activities, and what he believes is the current "toxic status" of the media. Co-founder of watchdog media outlet The Intercept,

Greenwald is also the author of *With Liberty and Justice for Some*. The School of Writing (<http://www.newschool.edu/writing>) at The New School (<http://www.newschool.edu>) and Haymarket Books (<http://www.haymarketbooks.org>) present a reading and conversation with Siddhartha Deb, and acclaimed novelist and essayist Arundhati Roy on the occasion of the launch of her new book *Capitalism: A Ghost Story* (Haymarket Books).

From the poisoned rivers, barren wells, and clear-cut forests, to the hundreds of thousands of farmers who have committed suicide to escape punishing debt, to the hundreds of millions of people who live on less than two dollars a day, there are ghosts nearly everywhere you look in India. India is a nation of 1.2 billion, but the country's 100 richest people own assets equivalent to one-fourth of India's gross domestic product. *Capitalism: A Ghost Story* examines the dark side of democracy in contemporary India, and shows how the demands of globalized capitalism has subjugated billions of people to the highest and most intense forms of racism and exploitation.

Arundhati Roy was born in 1959 in Shillong, India. She studied architecture in New Delhi, where she now lives. She has worked as a film designer and screenplay writer in India. Roy is the author of the novel **The God of Small Things**, for which she received the 1997 Booker Prize. The novel has been translated into dozens of languages worldwide. She has also written several non-fiction books, including **The Cost of Living, Power Politics, War Talk, An Ordinary Person's Guide to Empire**, and **Public Power in the Age of Empire**. Roy was featured in the BBC television documentary *Dam/age*, which is about the struggle against big

dams in India. A collection of interviews with Arundhati Roy by David Barsamian was published as *The Checkbook and the Cruise Missile*. She is a contributor to the Verso anthology *Kashmir: The Case for Freedom*. Her newest books are **Field Notes on Democracy: Listening to Grasshoppers** and **Capitalism: A Ghost Story**, published by Haymarket Books, and *Walking with the Comrades*, published by Penguin. Roy is the recipient of the 2002 Lannan Foundation Cultural Freedom Prize.

Siddhartha Deb, who teaches creative writing at The New School, is the author of two novels: *The Point of Return*, which was a 2003 New York Times Notable Book of the Year, and *An Outline of the Republic*. His reviews and journalism have appeared in *The Boston Globe*, *The Guardian*, *Harper's Magazine*, *The Nation*, *New Statesman*, *n+1*, and *The Times Literary Supplement*. He is also the author of *The Beautiful and the Damned: A Portrait of the New India*.

It's a full Moon in Capricorn with the Sun moving through Cancer that will help shine the light on the deeper, unconscious feelings and issues that serve to hold and maintain our identities. As much as we may want to change or think that we have, we can be fooling ourselves until our childhood (and past life) wounds are healed. May this week open, cleanse, and heal your deepest fears to empower you to rise up to new heights of self expression as the Sun/Jupiter soon move into Leo. Injoy!

In this episode of the Keiser Report, Max Keiser and Stacy Herbert discuss the one-two punch of cryptobullion. They also discuss the crowd coming together to fight fracking in Texas (for fear of ever-increasing magnitude earthquakes) and Canadians delivering water for Detroit because 'our water is their water.' In the second half, Max interviews Tina Rothery - aka Tina Louise - about the 'implied inevitability' of fracking and how Centrica and Cuadrilla are 'squatting' in order to prevent anti-fracking activists from doing the same.

281 pimps mass arrest, Detroit's humanitarian water crisis & 5 censored books

http://img.rt.com/files/episode/29/16/00/00/bts2506_480p.mp4?event=download

Abby Martin reports on a recent week-long FBI sting that rescued 168 children subjected to the sex trade. President Obama's criticism of US maternity leave policy and how the US stacks up against other countries on this issue. RT's Meghan Lopez talks about the recent announcement by Detroit's Water and Sewerage Department threatening to cut off the water to nearly 50 percent of the city's population. Finally, NYU Media Studies Professor Mark Crispin Miller lists five historical books that have been actively suppressed and hidden from the American public.

The books discussed:

The Phoenix Program – Douglas Valentine

- tells of the terror program in viet Nam
- this became a kind of template on war on terror in current US:
 - it is now OK to assassinate Us Citizens
 - It is now OK to put people in jail without just cause
- a well-documented, solid scholarly work
- the author was essentially black-listed.

[This is an Authors Guild/BIP title. Please use Authors Guild/BIP specs. "An important work." John Prados, author of President's Secret Wars "This definitive account of the Phoenix program, the US attempt to destroy the Viet Cong through torture and summary execution, remains sobering reading for all those trying to understand the Vietnam War and the moral ambiguities of Americas Cold War victory. Though carefully documented, the book is written in an accessible style that makes it ideal for readers at all levels, from undergraduates to professional historians." Alfred W.

McCoy, author of *The Politics of Heroin: CIA Complicity in the Global Drug Trade* – amazon.com]

The Lords of Creation – Frederick Lewis Allen – 1935

- About the economic system – he predicted all that is going on now
- his other popular histories sold well
- A very readable account of the 1%

[An acclaimed classic detailing the economic history of America in the late nineteenth and early twentieth centuries and exposing the capitalist giants who changed the world

Frederick Lewis Allen's insightful financial history of the United States—from the late 1800s through the stock market collapse of 1929—remains a seminal work on what brought on America's worst economic disaster: the Great Depression. In the decades following the Civil War, America entered an era of unprecedented corporate expansion, with ultimate financial power in the hands of a few wealthy industrialists who exploited the capitalist system for everything it was worth. The Rockefellers, Fords, Morgans, and Vanderbilts were the "lords of creation" who, along with like-minded magnates, controlled the economic destiny of the country, unrestrained by regulations or moral imperatives. Through a combination of foresight, ingenuity, ruthlessness, and greed, America's giants of industry remolded the US economy in their own preferred image. In so doing, they established their absolute power and authority, ensuring that they—and they alone—would control the means of production, transportation, energy, and commerce—thereby setting the stage for the most devastating global financial collapse in history.

As Gretchen Morgenson thoughtfully states in her introduction, "It is not immediately clear why the frequency and severity of financial scandals is increasing in the United States. What is clear is that we need to understand the origins of these disasters, as well as the policies and people that bring them on. . . . While distant actions may seem unrelated to current events, rereading about the past almost always provides surprising insights into the present."

The Lords of Creation, first published in the midst of the Great Depression, when the financial catastrophe was still painfully fresh, is a fascinating story of bankers, railroad tycoons, steel magnates, speculators, scoundrels, and robber barons. It is a tale of innovation and shocking exploitation—and a sobering reminder that history can indeed repeat itself. Amazon.com]

Blowback – Christopher Simpson

- about Operation Paperclip
- the first history of the U S recruitment of Nazis

Blowback: America's Recruitment of Nazis and Its Destructive Impact on Our Domestic and Foreign Policy (Forbidden Bookshelf)

[The true story of how US intelligence organizations employed Nazi war criminals in clandestine warfare and propaganda against the USSR, anticolonial revolutionaries, and progressive movements worldwide that were claimed to be Soviet pawns; includes a new, previously suppressed introduction by the author on the CIA's declassification of Nazi-related records

Even before the final shots of World War II were fired, another war began—a cold war that pitted the United States against its former ally, the Soviet Union. As the Soviets consolidated power in Eastern Europe, the CIA scrambled to gain the upper hand against new enemies worldwide. To this end, senior officials at the CIA, National Security Council, and other elements of the emerging US national security state turned to thousands of former Nazis, Waffen Secret Service, and Nazi collaborators for propaganda, psychological warfare, and military operations. Many new recruits were clearly responsible for the deaths of countless innocents as part of Adolph Hitler's "Final Solution," yet were whitewashed and claimed to be valuable intelligence assets. Unrepentant mass murderers were secretly accepted into the American fold, their crimes forgotten and forgiven with the willing complicity of the US government.

Blowback is the first thorough, scholarly study of the US government's extensive recruitment of Nazis and fascist collaborators right after the war. Although others have approached the topic since, Simpson's book remains the essential starting point. The author demonstrates how this secret policy of collaboration only served to intensify the Cold War and has had lasting detrimental effects on the American government and society that endure to this day.

Closing: Rama Kabir: the poet saint and weaver; a documentary Uploaded 11 Sep 2007

<https://www.youtube.com/watch?v=hxsvejXYj2s>

To see the complete documentary go to: <http://www.petermalakoff.com/kabir.html>
KABIR was the great poet saint and weaver of medieval India. I always loved his poetry. During the winter of 2004 I lived in Benaras. and visited and photographed the world of the Julahas, the Muslim weaving community in which he lived and worked.

Although now it seems obvious, it was a delightful discovery for me to find so much of Kabirs imagery and metaphors to be drawn from the world in which he lived. Visiting both Benaras and the weavers gave me a better taste of the flavors of which he speaks and the images of which his metaphors are made. I believe it will allow anyone to see more deeply into his poetry.

The full 30 minute movie which you can see on my website, will give you a brief look and feel of Kabirs life and take you on a visit to the world he lived in- the world of the weavers in Benaras. Throughout the movie are many poems of Kabir, most of them taken from Robert Blys translation.

The Oracle Report, Saturday, July 12 – Sunday, July 13, 2014

Full Moon Phase: illumination

Moon in Capricorn/Aquarius

Ruling Mahavidya: Dhumavati (Goddess of Death) and Kali (The Destroyer)

Skill: open your eyes to what the Full Moon illuminates for you

Negative Imprint: anger, jealousy, projection of issues onto others

Positive Imprint: taking good care of people and things including ourselves

The energetics of this lunar month focus on bringing us liberation – freedom – from something that has blocked us. With the Full Moon, we have fullest light to become enlightened to what that is. We look back to what has transpired for us since the New Moon on June 27th. From what are you being released? What is changing? Is it your mind? Is it your heart?

Full Moon phases bring the fullest expression of the energy imprinted back at New Moon phases. Things reach a head during Full Moons. A fever often stirs.

Full Moon phase energy is closely associated with three people - particularly love triangles. The Sabian symbols for the Full Moon phase repeatedly emphasize the number 3. This will manifest in various ways. You could have an unusual sighting of three animals, see an unusual animal three times, be the odd person out, or triangulate a destination. It can show up in any way. This energetic signature will be present for the rest of this lunar month. It's a signal to us and usually coincides with thinking about or being in the middle of a certain situation. This situation is undergoing shift and change. Remember that this month, things that have been coming apart, loosening up, or breaking apart are in an accelerated process of decline.

And, as discussed yesterday at the end of the audio recording posted above at www.oraclereport.com, the other question that presents itself for consideration for the remainder of the month is What has been forbidden to you? The Wisdom Goddess Dhumavati wields this question for our instruction as the Moon wanes back to darkness and rebirth. Things that have seemed unattainable, unthinkable, unbelievable, or undoable perhaps are not so much so. The point is to liberate our minds to at least entertain the idea. It may seem quite radical to you based on previous beliefs.

One other thing to keep in mind as we continue under the heavy Mars/Eris energy of aggression, conflict, battle (and personal revelation) is that the Moon will aspect Jupiter around 10:30 pm ET Saturday / 02:30 am UT Sunday – just before the Moon moves into Aquarius. This is the last time the Moon will aspect Jupiter while Jupiter is in Cancer. When the Moon moves into Aquarius and as it transits through Aquarius for a couple of days, shadow sides will be activated (“Black Moon days” as I call them). This is because the Black Moon is in Leo, and triggers not only Leo but also Aquarius. Wise owls who are Leos and Aquarians and those with the Black Moon in Leo and Aquarius will feel this most intensely. Themes involving caretaking, being appreciated, and recognized are present Saturday and morph into themes involving change, order, and status Sunday. If the energy gets to be too much, go outside and reconnect with nature. Ask for assistance.

Happy Full Moon, everyone!

(Note: The power of the number 3 is highly occultic. Three 3's – as in 333, 3:33, etc. - are triple empowered. The wisdom associated with triple 3's can be used for malefic or benefic purposes. When you see it, it is not necessarily positive. In fact, the Mahavidyas have instructed that it is a signal that Archons are seeking to interfere and are making their purposes known. All it means is that we make certain we follow our normal routine of protective measures. Praying to the directions (as described in Native American shamanism in particular) – the “Medicine Wheel of Protection” - is a pre-eminent practice. It invokes a sphere around us that is sovereign. It makes a complete circuit between the Earth, the heavens, and ourselves. I have learned this the hard way, so I can attest that it works and it works very, very well. If you see a 333, there is no need to fear. It is merely a signal.)

FULL MOON Super Moon in Capricorn is here and this one promises to be potent and revelatory. With the Sun in Cancer, the archetype of the Mother, and the Moon in Capricorn, the archetype of the Father, the sacred balance and dynamism of the two becomes illuminated.

Take time to ground and reflect as the energy as of late has been emotional and streamed with karmic reflections. Illumination brings revelation but we must then have the courage to address so we can complete the karmic lesson and move more lightly into our future. Energy will shift next week, but for now must tend to the present and what is being illuminated!

Here are the MYSTIC MAMMA Astral Insights form the most tuned in readers of the planetary movements.

First astrologer **Stephanie Gailing from Planet Apothecary:**

“Issues of security are brought to the forefront during the Capricorn Full Moon. It urges us to look at our life through the lens of the questions, ‘Where do I feel at home?’ and ‘How can I feel more safe and protected regardless of where I am?’

“In pure Capricorn fashion, these aren’t light-hearted questions, but they are ones whose answers can provide us with the riches of insight to live a more integrated and productive life.

“What’s also highlighted during this Full Moon is the importance of maintaining a balanced sense of perspective. Cancer inspires us to both feel as well as value our feelings. It has flowing, soft, and undulating energy.

“Capricorn, on the other hand, is not focused on feelings but rather on diligent and responsible approaches to accomplishing tangible outcomes. The question becomes how the nurturer (Cancer) and the achiever (Capricorn) can co-exist.

“One way it can be done is that instead of wallowing in our emotions, we take a serious look at them, inventorying what they may be revealing. Once insights are gleaned, see what practical ways you take action to structure facets of your life so that they will further nourish you.

“Also, with this Full Moon, we are reminded that while the past is essential, it’s important not to get stuck in it. What came before may be an integral part of who you are but don’t let it pull you from the joys of the present.”

From the insightful **Molly Hall from Astrology/About.com:**

“Here we go again — it’s a crescendo of the ongoing cosmic big squeeze, and with very active, cardinal forces... There’s raw, instigating Aries and Mars energy, but the tones belted out in this opera of change come from deep soulful repositories and concern the big questions. A peak of the Capricorn instinct, with the Full Moon, spins around themes of life’s work and/or calling.”

“...The angles to the luminaries (Sun and Moon) foretell a mortal struggle to persevere through the crisis of growth... There’s agitating pressure from all sides. And huge rewards and leaps if you dig down deep, and find hidden reserves of strength.

“Your character is fortified by creatively adapting to the demands of the times. Full Moons are revelatory — what will be revealed?

“By being alert and active in the current ordeals of your life, there’s light at the end of the Full Moon tunnel. The Capricorn Moon is imbued with Pluto’s near-supernatural knowing, for potential clear seeing into the shadowy terrain.

“What’s standing out here, is that it’s one to lift out buried treasures within. And to unlock hidden pockets of pure creativity and vitality.

“The overall forecast is for firming up resolve, and growing in your personal authenticity. In a time of flabby integrity, the one that is determined to live their value, knows true personal power.”

“...At the Full Moon, we’re drawn into the karma-heavy, rich, musty, earthy caves of the planetary past — and can find the wisdom of the ages there...”

“The Full Moon in this wise old sign takes us to the depths and the peaks. It’s a particular kind of sight, one where you might get the thousand yard stare. You’re watching with a knowing that includes the intellect, but is so much more.”

From astrologer **April Elliot Kent from Moonscircles.com:**

“The Capricorn New Moon falls near the beginning of each calendar year. At midyear, the Capricorn Full Moon is its mirror image, the response to its call...”

“This year began with a New Moon tightly conjunct Pluto, square Mars and Uranus. That was a harsh chart. It all but guaranteed a year in which skeletons tumbled out of closets and ulterior motives and ruthless ambitions were released into the general population like a rapidly mutating virus. A series of frustrating retrograde planets in the first half of the year ensured we would have to work very hard, against incredible odds, to accomplish the smallest things; even harder to nudge the dial monitoring our soul’s growth even one point into the black.

“This Full Moon, hovering again near the same celestial companions, signals a turning point. After six long months, we wish to squirm out from under Capricorn’s stern and melancholy thumb. Whatever your

prison, you are gearing up for a daring jailbreak. New Year's resolutions about earning more money, getting in shape, or finishing a novel seem a little trivial next to the overwhelming desire to end whatever is hurting us."

"The Sun in Cancer, approaching a conjunction to Jupiter, is like a lovely and gentle mother who assures us...that it will all work out fine in the end. But the Moon in Capricorn is not in the habit of going easy on us."

From the **always inspiring Kelley Rosano:**

"The Capricorn Full Moon on July 12 is a Super Moon. This means the Full Moon is closest to the earth and in direct alignment with the sun and the Earth. This makes the Full Moon extra intense and potent..."

"Change or be changed is the message of the hour. Capricorns know this better than anyone. Just ask one.

"The Sun is in Cancer. Cancer rules your emotional, needs. It is the feminine principal of receptivity and compassion. Capricorn rules your ambition and success in the world.

"The Capricorn Full Moon will bring to light where you may have gone too far in one area...The Capricorn Full Moon is calling you to balance your needs."

"...You can meet your own needs finally. What you need is not outside of you...."

1. Do you need to establish better boundaries?
2. Practice healthy selfishness. When you put your soul first, you are in the driver seat of your life. You are the captain of your ship. It is the only way to lift your vibration and merge with Creator.
3. Raise your personal standards. If you are feeling needy, own it. But, don't let it drive your choices. Or, you may attract in needy people who are using you to avoid the work they need to be doing with Self.

"The Full Moon in Capricorn empowers you to be your own authority. You are the authority of your life. Own your power. Do not give it away to others, the job, and so on. You want to empower yourself. Recognize your limitations and use them as your ally. Your limitations then become your strength."

From the wonderful Patricia Liles from The Power Path:

It will take a great deal of presence, neutrality, and allowing to embrace the challenging realignment of energies that we are transitioning through on the micro and macro levels.

"Much of these lessons will come through the experiences we create for ourselves to learn to balance the Masculine and Feminine influences in our lives. We are forgiving what has gone before and letting it go. Easily said, but a Big piece of our current spiritual work.

"Actually, there is every frequency of experience available in this chart from the highest to the lowest; it is a matter of choice from which frequency you choose to nourish yourself. It is the lesson of our times. It is the lesson of this Moon. Are you going with a balanced expression of inner and outer – knowing your own needs (Cancer) and at the same times considering the needs of the other (Capricorn)– the family, community, society? "

And from always insightful **Dipali Desai and her Celestial Space Astrology:**

“The Sun in Cancer ‘Opposition’ to Moon in Capricorn, suggests the key is to restore balance and equilibrium between personal needs and professional needs. There may be relevant issues around ‘father/mother’ dynamic both physical parents as well as Inner Archetypes. Where is the conflict? What heals? How to create harmony? “

“...Under the Full Moon in Capricorn, many things may be highlighted and you may see the tangible area or areas which need the care, comfort and adjustment. The Full Moon in Capricorn’s potential is achieving long-term emotional mastery, and tangible results that are of the highest quality.

“Perhaps this will inspire you to make a more grounded commitment for lasting change and therefore have realistic expectations of incorporating new habits and ways that are loving, healthy and are full of integrity.

“Patience is essential now to handle or manage any emotional waves that are arising. The issue(s) is there to bring important insight and awareness. Be responsible for your emotions rather than projecting them onto others. They are not responsible for your happiness — you are.

“Step by step the goal is accomplished. With the Full Moon in Capricorn, it is imperative to learn to mature emotional responses and be responsible for one’s own emotional well-being and life. This may bring up opportunity to re-organize things including daily schedule, and how much time you give to care for your emotional well-being in a practical way.

“...Both Mercury in Gemini (re-enters Cancer) and Jupiter in Cancer (moving into Leo) are on the brink of changing signs. This is helpful to know as the next two weeks bring a surge of faster, bigger movement of opportunities, activities and growth. By the end of July 2014, there may be a feeling or sense of a change in the air and some fiery energy to activate things. Changes are happening now!”

Cardinal Egan

<http://vaticanassassinsarchive.com/egan.htm>

The power of the Archbishop of New York has not diminished but rather grown. Today, the man who wields the power of Cardinal Spellman from "the Powerhouse" in New York - St. Patrick's Cathedral (across the street from Rockefeller Center) - and continues to suppress the truth about the assassination of President Kennedy by virtue of his Oath as a Cardinal, is the arch-conspirator, traitor to his American countrymen and master of the infamous, Jesuit-trained agitator, high-level Freemason and CFR member, former President Bill Clinton, and now master of Skull and Bones member, President George W. Bush, (whose father, George H. W. Bush, is also a high-level Freemason, a former Director of both the CFR and CIA, as well as a participant in the Kennedy Assassination),

Edward Cardinal Egan !
"Archbishop of the Capital of the World"
whose master is

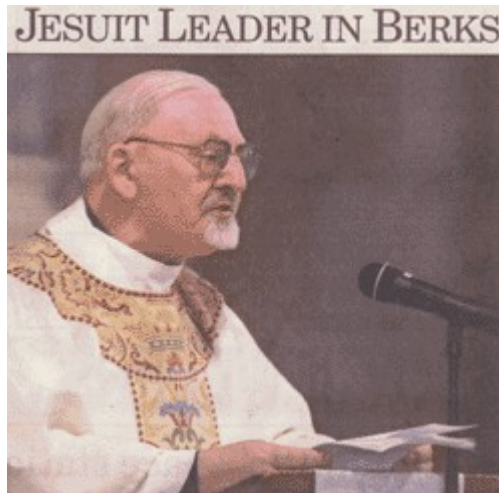

Pope John Paul II
"Governor of the World"
whose master is

Peter Hans Kolvenbach, 1929 - Feb. 2009
 Twenty-ninth Superior General of the Jesuits, 1983 - Feb. 2009
 Fluent in 8 Languages Having Spent 17 Years in the Middle East
 Sovereign over the Pope

This photo, taken from the October 14, 2000 edition of the Reading Eagle, is of the Jesuit General, Peter-Hans Kolvenbach, at the Jesuit Center in Wernersville, Pennsylvania.

Remembering that he is the master of Pope John Paul II, Archbishop Edward Cardinal Egan of New York, and President "elect" George W. Bush (of the Bush crime family descending from England's House of Stuart), as well as the petty military dictators of Communist Russia and China, we would do well to meditate on the words of Napoleon recorded in his Memoirs - the Emperor having been betrayed into the hands of his captors by his Jesuit masters - while imprisoned on the island of St. Helena in the middle of the South Atlantic Ocean:

"The Jesuits are a military organization, not a religious order. Their chief is a general of an army, not the mere father abbot of a monastery. And the aim of this organization is POWER. Power in its most despotic exercise. Absolute power, universal power, power to control the world by the volition of a single man..."

The General of the Jesuits insists on being master, sovereign, over the sovereign. Wherever the Jesuits are admitted they will be masters, cost what it may... Every act, every crime, however atrocious, is a

meritorious work, if committed for the interest of the Society of the Jesuits, or by the order of the general."

Cardinal Egan, a staunch supporter of the "infallible" Pope's Temporal Power and the Jesuit General's evil Council of Trent, will continue the Great Jesuit Cover-up, even as his predecessors, Cardinals Spellman, Cooke and O'Connor. This power is exercised through New York's Council on Foreign Relations, as both former Presidential candidates, Albert Gore and George W. Bush are under its control. Both candidates were also present (along with former President Bill Clinton and his wife Hillary) during Cardinal O'Connor's funeral overseen by the Knights of Malta at St. Patrick's Cathedral.

President and Mrs. Clinton were flanked by presidential candidates George W. Bush (left) and Al Gore - none of whom were Roman Catholics - at the funeral Mass for their political boss, John Cardinal O'Connor.

Of this Jesuit power over statesmen through the Pope and his hierarchy, M.F. Cusack wrote in her 1896 masterpiece, *The Black Pope*, on page 106:

"It is here that the tremendous power of the Church makes itself felt. It is through this [Jesuit] 'direction' that statesmen are compelled to act, not for the benefit of the country to which they belong, but for the benefit of the Church, which controls them. It is here that matters of the most secret nature are discussed and decided [like the present Crusade against Islam, the attack into Afghanistan commencing on the anniversary of the naval Battle of Lepanto when the Armada of the Pope's Knights of Malta destroyed the Armada of the Islamic Ottoman Turks on October 7, 1571]. It is here that alliances...are arranged, and political treaties are agreed on."

Hopefully, the Jesuit Order, in control of the Archbishop with his Network of Vatican Assassins, will be brought to justice for the cold-blooded murder of President Kennedy and for continuing the Great Jesuit Cover-up of his death. This includes the most recent murder of John F. Kennedy, Jr. along with his beautiful wife, Carolyn Bessette and her sister, Lauren. Justice will only be done when the Jesuit presence has been purged from the Justice Department in control of the FBI - Rome's Holy Office of the Inquisition within the American Empire.

And why was JFK, Jr. along with his innocent passengers, murdered? According to Tom Kuncel in the August 31, 1999 issue of the *National Examiner*, JFK, Jr. had,

"...recently launched an all out investigation, to find his father's real killer."

[For John had said in his own words:]

"I want to know who killed my father. I want there to be absolutely no doubt."

Nicolini, in his *History of the Jesuits* published in 1854, gives us further light, declaring on page 269:

"...one of the most prominent characteristics of Jesuitism, [is] never to forgive an injury, and to persecute the remotest descendants for the offences they may have received from their ancestors."

Therefore, the following chart contained in Vatican Assassins: Wounded In The House Of My Friends is humbly given on behalf of the Kennedy and Bessette families. They must know the same savage Jesuit power that killed President Kennedy, mercilessly murdered their three darlings in the prime of their young lives. The same has been done to Princess Diana; for, the Jesuits would never permit the Moslem offspring of her union with an Arab prince to be an heir to the British throne. That throne may only be occupied by a monarch loyal to the Jesuits' "infallible" Pope of Rome - a loyalty that has been unbroken from the wicked King George III, whose Prime Minister was the Jesuit Lord Shelburne, to the present Queen Elizabeth II. For uniting with Dodi Fayed, the "Moslem dog" or "Moslem wog" as the English nobles would call him, Princess Diana was buried out of public view at Althorp Park in Northamptonshire, on a small island in the middle of a pond, where only pet dogs had previously been buried!

As you examine the chart dear reader, picture in your mind's eye the faces of President Kennedy, Princess Diana, John F. Kennedy, Jr., Carolyn and Lauren Bessette. Then may your heart be strengthened to do you duty in exposing the criminal Papal Knights manning that great Sword of the Jesuit General - the Vatican's International Intelligence Community,

"...whose points are everywhere and whose hilt is in Rome."

Dear fellow soldier in Christ, having been born-again by the will of God, remember the Words of God spoken through the great King Solomon:

"The wicked flee when no man pursueth:
but the righteous are bold as a lion."
- Proverbs 28:1

"The fear of man bringeth a snare:
but whoso putteth his trust in the Lord shall be safe."
- Proverbs 29:25

"The Lord is my light and my salvation;
whom shall I fear?
The Lord is the strength of my life;
of whom shall I be afraid?"
- Psalms 27:1
