R: We are so close to this happening, and at the same time looks like things are going to *** in a hand basket! Everything happening with Obama and the criminal congress – the night of the inauguration – Thom Hartmann has been calling them treasonists

2013, Nov 25 [Eric Cantor & GOP Leaders Plot to Sabotage US Economy in Secret Meeting](#)

I think we should all remember that on January 20, 2009 (inauguration day) GOP House Leaders & GOP Senators plotted to sabotage the US Economy with Newt Gingrich and GOP Propaganda Minister Frank Luntz.

Here are the Facts:

FACT 1. In Robert Draper's book, "*Do Not Ask What Good We Do: Inside the U.S. House of Representatives*" Draper wrote that **on inauguration night, 2009, during a four hour, "invitation only" meeting with GOP Hate-Propaganda Minister, Frank Luntz, the below listed Senior GOP Law Writers literally plotted to sabotage, undermine and destroy America's Economy. [SEE BELOW]**

- T: The Republicans thought they would walk away with the election; they literally hijacked 10 Million votes BY RIGGING THE MACHINES; ON TOP OF THIS, Obama won by 5 million votes – which means he won by 15 million votes – and this is not common knowledge. and will be revealed.
- T: Obama only had 72 days after his win before it was totally rigged up – Brown's winning Kennedy's seat was rigged too – took 100 years to get the Affordable Care Act. The Congress committed treason before he began his first time in office.
- T: tells Annie Rose that the dinar and the dong will never be paid out because the whole program was snatched from the people by the Grams who are treasonous and handed to the head of the IMF
- Christine LaGarde is a male, a reptile and an archon: they have powers other reptiles do not have – they can use their 3rd eye and their voice and tone a tone that can destroy a planet.
 - The White Knights Faction 3 in charge of the transformation of the world economy will not let these moneys revalue; they have eclipsed this reptile's power although the arrogance is beyond belief!
 - All of them who appear to have so much money, do not – June 30th was the 17th week that the global economy collapsed – we have been inside NESARA law since Nov 1st, 2008
 - The Bank of International Settlements which represents all the money there is in the entire world economy completely zeroed out between Oct 1st – 31st 2008 – so on Nov 1st, 2008, we went inside NESARA law – it has not been enacted which means the public has not been informed of this
 - The Faction 3 White Knights are giving them all the rope they need since NESARA law went into effect
 - On March 9th, 1999, a 220 page bill was placed in front of Congress to be considered to be turned into law; Bush Sr snatched it before anyone got to see it and shared it with his Nazi collaborator friends; we have been the 4th Reich since 1949 along with the European Union - 4th Reich in N America and Europe. The secret gov't is the United Nations which is really the entire city NYC
 - St Germain has all the money – he has gold worth a number with 40 zeros behind it the dollar has already gone bye-bye along with everyone else's money
 - Return your dinars and dongos to where you got them; get your money back
 - Important to clean your space of that energy: that money keeps the Black Ops going!
- KOS is always telling us: **Can't serve two masters!**

- R: **Sam Seder, Ring of Fire**, had on Larry of Larry, Curly and Mo, and Lee Camp of Redacted Tonight
- Lee Camp even more ridiculous than Jon Stewart or Colbert or Bill Maher – certainly calls it as it is
 - They were talking of the Gov of Maine who is a complete racist, having meetings with local groups of so-called “sovereign citizens” who are tea party folks, funded by the Koch Bros, who are plotting insurrection and sedition against Obama. They are planning to take out the N man out of the White House
 - Chris Christie, Rick Scott, Scott Walker, Rick Synder, Kasich of Ohio – they are all doing the same thing!
 - Thom Hartmann said that Indiana did not used to be Republican – it was stolen.
 - Having been drafting their ideas of judicial review; a lot of governors tied themselves to the dinar project – millions got involved with this thing: Sam and Larry and Lee were laughing - how can you trust a bunch of intergalactic criminals who never tell you the truth? Talked of the cryptic note Christine Lagarde put out, about July 20th, talking of the high potential value that could be reached. That money is complete fluff – only looks good for those who think they are in charge.

Will have a 10% discount of purchase of BioAge products - "stargate" is the coupon code!

His subject is generally the fears we have about, say, Fukushima, and turn this into a spiritual topic.
People are moving from the west coast to the east coast because of the plume moving in
Wants to talk about the fear and how it affects us; being aware and knowing that knowledge is power – understanding the politics and the way things work makes you fearless.

Reads from the introduction of a book:

Green Intelligence: Creating Environments that Protect Human Health – by John Wargo, teacher at Yale Dep't of Environmental Studies and

- EPA maintains a registry of 32 million organic and inorganic chemicals, 14 million of which are commercially available – you can buy, sell and use them in various concoctions
 - They are traded internationally
- Pesticide manufacturers are 5% of the industry and market 20,000 compounds. In the US, 300 alone exceed 1 billion pounds annually of marketing [and polluting]
 - when you get into the mixing of these chemicals, the numbers rise astronomically
- The idea that we have an EPA and a CDC have not a chance in the world to manage more than the tip of the iceberg.
- So he is talking of the potential for metabolic diseases in human beings across the US and the planet – we have endless names for how people feel and giving the conditions names and saying "oh, you have . . ." is not helpful because each person is unique.
- Talks of an ad he has been seeing on TV: buying a cesium eliminator to protect yourself in case something happens – to follow that logic, you should buy something for every one of the 30 million chemicals just in case something happens!
- The reality is that we have been affected by nuclear debris for over 50 years and this is only 1 of 32 million items – and there is no test for this.
- John Wargo says there is not a chance of the EPA monitoring all the chemicals and their derivatives
- We bathe in a soup of chemicals; to be aware that we are light beings means we can be safer - this has been happening for a long, long time and the people on earth are surviving though there is a lot of suffering.
 - yet lots of people sail through life – they are not vegan or anything; others who eat well suffer – how come?
- We want to protect ourselves as much as possible: the Dr Oz method is to take a supplement for everything; wear gloves; wash your hands; keep washing the counter – etc etc etc. As kids we played in the dirt and built up our immune systems and survived.
- Can handle it all by raising our bodily resonance
 - Talks about his experience of learning about Jesus and his background, what Roland has learned
 - Jesus walked among the lepers, not afraid of touching sick people; ate properly, walked long distances
 - His frequency was very strong
- Eat a lot of raw foods, little or no meat or dairy; nuts,
- We are made of minerals and trace – we replenish ourselves with light from the sun and from our foods
food is fuel
- We also want to eat alkaline: no red meat which stays in our intestinal tract, especially as we get older the ability to digest gets weaker: we self-intoxicate if we eat this – the phenomenon going on in our digestive tract is also going on in our cells
 - we end up with fat around our organs, the same plaque forms at a microscopic level in our brain
 - Eating too much meat
- We want to eat a high energy diet; plant food passes through the body much more readily + lots of water – we want our bodies to be as clean as possible

- Exercise increases oxygenation; meditation always helps; catching your breath and breathing in oxygen is critical – not about building muscle, but about getting energy flowing – walking, running, tai chi and so on.
- Constantly hydrating ourselves
- Highly recommends certain ways of eating, certain kinds of food that will reduce the burden the bio super food: part of the plant system – it's efficient because of its make-up of micro algae

Discusses the **value of the bio super foods**, and how they work: viruses do not like high frequencies and the bio super foods help with this – no medication involved, this is all about food

Difference between #1, #2, #3 formulas

- Formulas 1, 2, 3: all contain the red and green algae
 - 2 green algae in each: they are the basic components of nutrition;
 - 1 red algae have higher levels of Caritanoides
 - more and more of the red component so the yielding of the energy is faster and more intense as you go from 1 to 2 to 3

F 1 - Not everyone needs the intensity of formula 3; babies do well with Formula 1

F 2 – Teenagers and adults

F 3 – for chronic conditions: cancers, chronic fatigue; chronic inflammation and a history of conditions like low energy and such

- **Instructions** say take 1-12 capsules: **6 is the minimum/ day**; take them during the day, not all at once.
 - Taking the capsules helps wake up the hypothalamus which governs everything
 - Some people choose to take 1/3 of a capsule hourly at the time to extend the life of the bottle; this works
 - These tablets are food so you cannot make a mistake
 - Alternating F2 and F3 is a good way to save money: taking an F2 or an F3 is like cranking the engine first thing in the morning; an hour later, hypothalamus starts to slow down a bit so take another one

Question: about virus – ebola in NW Africa – almost 800 people affected, almost 500 have died – people being told it's fatal, period!

- Tells the story about his clients in Colorado who got bitten by mosquito and contracted West Nile and were taken to hospital with headaches, etc; Only took a few days to get over it;
 - Others who were new clients were suffering – some were down and out for 6 months
- The reality is that bio super foods wake up the genius within: no matter what comes your way, can be dealt with
 - Thousands of his clients have no colds, flus or anything because they take bio super foods and he used to have colds 2x a year when he was 50; had chronic back and knee problems – now he runs marathons at 65.
 - Ebola is scary, that big a threat in North America – a good lifestyle of good sleep and good food and not mucus-producing foods like dairy or meat, particularly red meat
 - He says he's mostly vegetarian but not 100%; pinpoints dairy and meat as acid-forming.

- Life style and attitude have much to do with it! If you learn what a metabolic life is about, what is a virus and what is frequency, you can live without fear of these things.
- Shares a story of a client whose animals were infected with a virus; standard remedy was to kill the entire herd so the neighbours' herds were not affected. She fed the animals with Bio super food and two years later, they are still alive and well.

[Eric Cantor & GOP Leaders Plot to Sabotage US Economy in Secret Meeting](#)

by [keepemhonest](#)

<http://www.dailykos.com/story/2013/11/25/1258263/-Eric-Cantor-GOP-Leaders-Plot-to-Sabotage-US-Economy-in-Secret-Meeting>

I think we should all remember that on January 20, 2009 (inauguration day) GOP House Leaders & GOP Senators plotted to sabotage the US Economy with Newt Gingrich and GOP Propaganda Minister Frank Luntz.

Here are the Facts:

FACT 1. In Robert Draper's book, "*Do Not Ask What Good We Do: Inside the U.S. House of Representatives*" Draper wrote that **on inauguration night, 2009, during a four hour, "invitation only" meeting with GOP Hate-Propaganda Minister, Frank Luntz, the below listed Senior GOP Law Writers literally plotted to sabotage, undermine and destroy America's Economy.**

FACT 2: Draper wrote the guest list included:

The Guest List:

Frank Luntz - GOP Minister of Propaganda

Rep. Paul Ryan (R-WI)

Rep. Eric Cantor (R-VA)

Rep. Kevin McCarthy (R-CA),

Rep. Pete Sessions (R-TX),

Rep. Jeb Hensarling (R-TX),

Rep. Pete Hoekstra (R-MI)

Rep. Dan Lungren (R-CA),

Sen. Jim DeMint (SC-R),

Sen. Jon Kyl (AZ-R),

Sen. Tom Coburn (OK-R),

Sen. John Ensign (NV-R) and

Sen. Bob Corker (TN-R).

Non-lawmakers present **Newt Gingrich** - Failed GOP candidate for President

I'd like to know:

- 1) Why are media outlets continuing to interview these GOP Leaders who literally plotted, in secret, to undermine the United States?
- 2) Why are no media outlets demanding each one of these GOP leaders explain their involvement of plotting to undermine the US Economy?

FACT 3: Newt Gingrich confirms meeting took place in an [interview](#) with Al Sharpton's Politics Nation on June 12, 2012

SHARPTON: In fact, let's go to a book that Mr. Draper wrote about the night of the inauguration. There was a meeting at a hotel near the inaugural ball, about a mile away ... He writes about that night the plan was to show united and unyielding opposition to the president's economic policies ... And Draper writes that you told the group -- you, Newt Gingrich, "**You will**

remember this day...you will remember this day the seeds of 2012 were sown."

If there was a commitment from day one, before he ever took a seat behind the desk of the Oval Office, that everyone was going to obstruct him, then what he's done has been almost unbelievable, against those kind of odds, Speaker Gingrich.

NEWT: The first is, it was an important meeting and **I was glad and honored to be part of it ...** I said to Callista when we left the wall -- because we were at the Capitol for the inaugural. As we left, I said, you know, if he sticks to the kind of moderation and bipartisanship he's been describing, he will split the Republican Party. **He'll govern like Eisenhower and he'll get re-elected. Now this is -- this is the inaugural day.**

SHARPTON: I'm glad you admit you had it.

http://www.youtube.com/watch?v=yd0fVf5CsCc&feature=player_embedded

FACT 4: Two months after **Paul Ryan's covert meeting** where they plotted to sabotage the US Economy, in March 2009, Rep. **Pete Sessions said Republicans should follow the model of the Taliban** in its battles against President Obama.

In the March 2009 interview with [National Journal](#) Rep Sessions said:

"Taliban Insurgency, we understand perhaps a little bit more because of the Taliban. Insurgency is the way they went about systematically understanding how to **disrupt and change a person's entire processes**. And these **Taliban** -- is an example of how you go about to change a person from their messaging to their operations to their frontline message. **And we need to understand that Insurgency may be required when [dealing with] the other side"**

~Rep Pete Sessions, March 2009 to National Journal

Rep Pete Sessions went on to say:

"If they [democrats] do not give us those options or opportunities then **we will then become Insurgency** ... I think **Insurgency is a mindset** and an attitude that we're going to have to search for and find ways to get our message out and to be prepared to see things for what they are, **rather than trying to do something about them"**

FACT 5: Also, at the January 20, 2009 meeting they plotted to **suddenly stop** supporting any Stimulus Legislation, even though, they **all** supported Bush/Cheney Stimulus legislation.

At the meeting, **Rep Kevin McCarthy** said,
"We've gotta challenge them on every single bill."

"Show united and unyielding opposition to the president's economic policies."

FACT 6: Remember, these same Republican members of Congress supported the very Bush/Cheney policies that caused America to teeter on the brink of the 2nd Great Depression and caused the 2007 US Economic Meltdown.

Here's how they **all** voted:

-- "Yes" to Bush/Cheney January 2008 Stimulus

- "Yes" to Bush/Cheney bailing out Bear Stern
- "Yes" to Bush/Cheney bailing out AIG
- "Yes" to Bush/Cheney TARP (sept 2008)
- "Yes" to Bush/Cheney TARP (oct 2008)

And these same Republican members of Congress:

Supported Bush/Cheney keeping cost of two wars out of the Budget.

Supported Bush/Cheney spending \$4Trillion while giving Top 1% Tax Cuts; ignoring the fact that **taxes pay for wars**.

Not only did these Senior members of Congress plot to destroy the American Economy more than it already was destroyed? They actually carried out their mission:

Every one of these Senior members of Congress have threatened **Government Shutdown** over things like:

- Funding planned parenthood,
- Raising the Debt Ceiling which, in-and-of-itself, would cause US Economic turmoil.

FACT 7: During the Debt Ceiling negotiations, **Eric Cantor and Sen. Jon Kyl** abruptly walked out of negotiations and refused to renew discussions with Democrats. As a result, America's credit rating was lowered which put a smile on Republican's faces.

FACT 8: Meanwhile, the 2009 Sabotage the U.S. Economy covert meeting members, **Senators:** Jim DeMint, Jon Kyl, Tom Coburn, John Ensign, and Bob Corker have:

- **Filibustered** more Bills (over 300) than any Congress combined in US History.
- **Voted NO** on every single piece of Legislation brought to the Floor including:
NO on Al Franken's Anti-Rape Amendment,
NO on Lilly Ledbetter,
NO on Fair Pay Act,
NO on Anti-Outsourcing Bill (2010)

FACT 9: The House members who attended the 2009 Sabotage America meeting have been busy rejecting legislation that helps victims of natural disaster.

Representatives: Paul Ryan, Eric Cantor, Kevin McCarthy, Rep. Pete Sessions, Jeb Hensarling, Pete Hoekstra and Dan Lungren have voted **NO** on every single piece of Legislation including:

NO on increasing FEMA during natural disasters.

FACT 10: Paul Ryan and these other same failed Congressmen have been on tv constantly chanting the [lie](#) that they were guilty of ... the lie that "President Obama's policies undermine the US Economy."

FACT 11: Other Legislation used to sabotage US Economy

Paul Ryan and the Republicans in Congress refused to negotiate or even discuss passing

President Obama's **American Jobs Act** that independent economists claim would create 1.3 million new jobs

Gawd forbid Eric Cantor, Paul Ryan or Kevin McCarthy support an actual Bill that would put people to work building needed infrastructure and provide funds to pay to rehire hundreds of thousands of teachers, firefighters, police officers and other public service workers that have been laid off in droves by cash-starved states.

FACT 12: Paul Ryan and Republicans blocked **President Obama's 2012 Anti-Outsourcing Bill** - which is a Bill to discourage the outsourcing of American jobs. Naturally, journalists in India celebrated GOP efforts to undermine American Workers.

http://www.youtube.com/watch?v=EOjJuQxvPR4&feature=player_embedded

FACT 13: The [Washington Post](#) reported that Republicans have made it clear that the Federal Reserve would face fierce Republican criticism if it takes further actions to stimulate the economy before the election. The Washington Post wrote that,

Republicans... have expressed deep concern about measures taken by the Fed to support the economy -- and could be doubly upset if new efforts goose the stock market and are perceived to work in favor of President Obama's re-election.

Bottom Line: The media has failed ... completely failed ... to acknowledge and report that on January 20, 2009, before President Obama ever took a seat behind the desk of the Oval Office, Paul Ryan, Eric Cantor, Kevin McCarthy & other GOP Leaders literally plotted to sabotage the U.S Economy by obstructing 'the People's' work.

The People should be told the facts about that 4 hour covert meeting so the next time they know the GOP motives when they hear the GOP leaders bitch & moan & spew their BS propaganda -- talking points.

On January 20, 2009, House GOP Leaders & GOP Senators became Traitors against America. It will truly be a god-damn shame if voters are not told of what GOP Leaders did at that 4 hour covert meeting on January 20, 2009. All voters should see the depth the GOP will go in order to screw the American workers and f'ck over America in general.

P.S. In considering whether or not these GOP leaders who plotted to undermine America were "Traitors" I looked up the definition and decided -- yes -- in my view the GOP Leaders who met in a secret meeting to plot to undermine the United States are Traitors whose subversive actions were plotted to intentionally weaken the power of the United States.

[Under Article III](#), Section 3, of the Constitution, any person who levies war against the United States or adheres to its enemies by giving them Aid and Comfort has committed treason within the meaning of the Constitution. The term aid and comfort refers to any act that manifests a betrayal of allegiance to the United States, such as furnishing enemies with arms, troops, transportation, shelter, or classified information. **If a subversive act has any tendency to weaken the power of the United States to attack or resist its enemies, aid and comfort has been given**

Missing 13th Amendment
To The
United States Constitution
By The Pen

Reprinted from the
Oregon Observer for April 1997
with permission

[Note: See [Becraft on the Missing 13th. Forest](#)]

In 1983 David Dodge and Tom Dunn were searching for evidence of government corruption in public records in a Belfast Library on the coast of Maine. They uncovered probably the most explosive evidence ever uncovered in our history. They uncovered the United States Constitution printed in 1825, which was to prohibit lawyers from serving in Government.

Extensive research since then has uncovered the following:

- 1.) The unlawful removal of a ratified 13th Amendment from the US Constitution.**
- 2.) The Amendment had been printed in at least 18 separate publications by 11 different states and territories from 1819 to 1868.**
- 3.) The Amendment was secretly removed from documents by a group of lawyers and bankers. In its place was entered the slave Amendment, which was the 14th amendment, which was changed to the 13th Amendment. All of this occurred during the turmoil of the civil war.**
- 4.) Since the Amendment was not lawfully repealed, it is still the law of the land.**
- 5.) Colorado printed the correct 13th Amendment in 1668.** [This probably should read 1868.]

The following is why the Amendment was written and what the meaning is: (Keep in mind we had just fought the Revolutionary War.) The "title of nobility" and words such as "nobility," "honour," "emperor," "king," "esquire" and "prince" normally would lead you, today, to dismiss this Amendment.

Just Read More

The "title of nobility" was prohibited in both Article VI of the Articles of Confederation (1777) and in Article I, Sec. 9 of the Constitution of the United States (1788). Although already prohibited by the Constitution, an additional "title of nobility" amendment was proposed in 1789, again in 1810 and was finally ratified in 1819 (The 13th Amendment to the constitution).

Here is the reason why. According to the Tennessee laws 1715-1820, Vol. 11, p. 774, in the 1794 Jay Treaty, the United States agreed to pay 600,000 pounds sterling to King George III, as reparations for the American Revolution. The Senate ratified the treaty in secret session and ordered that it not be published. When Benjamin Franklin's grandson published it, Congress was outraged and passed the Alien and Sedition Acts (1798) so Federal judges could prosecute editors and publishers for reporting the truth about the government. We had whipped the British and now our Senators had been bribed to serve the British Monarchy and betray the American people. That is subversion.

The United States Bank had been opposed by the Jeffersonians from the start, but the Federalists (the pro-monarch party) won out in its establishment. The initial capitalization was \$10,000,000 with 80% owned by foreign bankers. Since the bank was authorized to lend up to \$20,000,000 (double its paid capital) it was a profitable deal for both the government and the bankers, since they could lend and collect interest (usury) on \$10,000,000 that did not exist.

The European bankers outfoxed the government and by 1796 the government owed the bank \$6,200,000 and was forced to sell its shares. (By 1802, the U S government owned no stock in the United States Bank).

The power and ability of the banks to influence representative government by economic manipulation and outright bribery was exposed in 1811, when it was discovered European banking owned 80% of the bank. Congress refused to renew the bank charter, which led to the withdrawal of \$7,000,000 by European investors. This caused a recession and the War of 1812.

There is a book in the Library of Congress Law Library called **2 VA LAW. This reveals the overthrow of the constitutional government by secret agreements engineered by the lawyers. That is one of the reasons for the 13th Amendment.**

Seeking to rule the world and destroy the United States, bankers committed many crimes. To escape prosecution bankers hired and formed alliances with the best lawyers and judges money could buy. This alliance originally forged in Europe and Great Britain, spread to the colonies and into the newly formed United States of America.

Despite their criminal foundation, these alliances, forged in Europe, generated wealth and, ultimately, respectability. Like a modern unit of organized crime, English bankers and lawyers wanted to be admired as "legitimate businessmen." As their criminal fortunes grew, so did their usefulness. So the British monarch legitimized these thieves by granting them "titles of nobility."

Historically, the British peerage system referred to knights as "Esquires" and those who bore the knight's shields as "Esquires." As physical violence gave way to civilized means of theft, the pen grew mightier and more profitable. So those bankers and lawyers came to hold "titles of nobility." The most common title was "Esquire" as is used today by lawyers.

In Colonial America, attorneys trained attorneys but most held no "title of nobility" or "honor." There was no requirement that one be a lawyer to hold the position of district attorney, attorney general, or judge. A citizen's "counsel of choice" was not restricted to a lawyer and there was no state or federal bar association. The only organization that certified lawyers was the International Bar Association, chartered by the King of England, head-quartered in London, and **closely associated with the international banking system**. Lawyers admitted to the IBA received the rank of "Esquire," a "title of nobility."

"Esquire" was the principle title of nobility which the 13th Amendment sought to prohibit, thus prohibiting the holding of office in America by bankers' lawyers with an "Esquire" behind their names who were agents of the monarchy and European bankers.

Article 1, Sect. 9 of the Constitution sought to prohibit the International Bar Association or any other agency from granting titles of nobility. The Constitution was ignored and agents of the monarchy continued to infiltrate and influence the government as in the Jay Treaty and the US Bank charter incidents. Therefore, a "title of nobility" amendment that specified a penalty (loss of citizenship) was proposed in 1789 and again in 1810. **The meaning of the amendment is seen in its intent to prohibit persons having titles of nobility and loyalties to foreign governments and bankers from voting, holding public office or using their skills to subvert the government.**

The missing amendment is referred to as the "title of nobility" Amendment, but the second prohibition against "honour" (honor), may be more significant.

The archaic definition of "honor," as used in the 13 Amendment, meant anyone obtaining or having an advantage or privilege over another." A contemporary example of "honor" granted to only a few Americans is the privilege of being a judge. Lawyers can be judges and exercise the attendant privileges and powers non-lawyers can not.

By prohibiting "honors" the Amendment prohibits any advantage or privilege that would grant some citizens an unequal opportunity to achieve or exercise political power. The second meaning (intent) of the 13 Amendment is to ensure political equality among all American citizens, by prohibiting anyone, even government officials, from claiming or exercising special privilege or power (an "honor") over other citizens.

For example, anyone who had a specific "immunity" from lawsuits which were not afforded to **all** citizens, would be enjoying a separate privilege, and "honor" and would therefore forfeit his right to vote or hold public office. Just think of the "immunities" from lawsuits that your judges, lawyers, politicians, and bureaucrats currently enjoy. Or "special interest" legislation your government passes. "Special interests" are simply euphemisms for "special privileges" or Honors.

Without their current personal immunities (honors), your judges and IRS agents would be unable to abuse common citizens without fear of legal liability. Your entire government would have to conduct itself according to the same standards of decency, respect, law, and liability as the rest of the nation. Your government's ability to systematically coerce and abuse the public would be all but eliminated under the 13th Amendment.

Now you know why the bankers and lawyers secretly replaced the 13th amendment. Had they not, you would have the government our founding fathers intended when they passed the 13th Amendment, a government of the people, by the people, and for the people, a government whose members were truly accountable to the people; a government that could not systematically exploit its own people.

The 13th Amendment was ratified as follows:

Maryland, Dec. 25, 1810	Tennessee, Nov. 21, 1811
Kentucky, Jan 31, 1811	Georgia, Dec. 13, 1811

Ohio, Jan 31, 1811	North Carolina, Dec.23, 1811
Delaware, Feb 2, 1811	Massachusetts, Feb. 27, 1812
Pennsylvania, Feb. 6, 1811	New Hampshire, Dec. 10, 1812
New Jersey, Feb. 13, 1811	Virginia, March 10, 1819
Vermont, Oct 24, 1811	

The War of 1812 broke out with England. By the time the war ended in 1814 the British had burned the capitol, the library of congress, and most of the records of the first 38 years of government.

Then Virginia ratified the 13th Amendment on March 10, 1819. This completed the 13 states required to ratify an amendment. (Virginia Legislature Act No. 260, Virginia Archives of Richmond, file, page 299, micro-film). It was published by printing 4,000 copies, triple the usual order, with instructions to send a copy to President James Monroe, James Madison and Thomas Jefferson.

Then it was shown as an amendment to the Constitution.

The 14th amendment was the slavery amendment. Now the 13th Amendment is missing.

Word spread of the ratification and the following occurred:

- Rhode Island and Kentucky published the new Amendment in 1822.
- Ohio first published it in 1824.
- Maine ordered 10,000 copies of the Constitution with the 13th Amendment for school use in 1824 and again in 1831 for the Census Edition.
- Indiana Revised Laws of 1831 published the 13th article on page 20, Northwestern Territories in 1833.
- Ohio Published it in 1831 and again 1833.
- Wisconsin Territory in 1839.
- Iowa Territory in 1843.
- Ohio again in 1848.
- Kansas Statutes in 1855.
- Nebraska Territory 1855, 1856, 1857, 1858, 1859 and 1860.
- Colorado Territory printed the U. S Constitution in its Statutes publication showing the 13th Amendment in 1868.

It's there. Just get into your dusty historical records and you will find that your state had it and now you are being robbed of your God given right to the 13th Amendment. You are now a peasant.

Article XIII of the 13th Amendment

"1.) If any citizen of the United States shall accept, claim, receive, or retain, any title of nobility or

honor, or shall, without the consent of congress, accept and retain any present, pension, office or emolument of any kind whatever, from any emperor, king, prince, or foreign power, such person shall cease to be a citizen of the United States, and shall be incapable of holding any office of trust or profit under them, or either of them. "

If any citizen of the United States shall accept, claim, receive, or retain, any title of nobility or honor ----

Do you call your judge, "your honor?"

Ask your Lawyer what that Esq. or Esquire means at the end of his name.

Your judges are immune to prosecution. Your judge is your honor and God. If you do not believe it go to court and watch and listen.

Your politicians abuse you, steal from you and make themselves immune to prosecution.

Your government abuses you, poisons you with radioactive waste and takes away your freedom.

The IRS abuses you. The IRS is not a Federal Agency but a collection agency for the Fed Bank, yet people of special privilege. The Fed Bank is owned by a majority, and those being foreign investors.

The 16th Amendment

was never ratified

The 16th Amendment to the Constitution was never ratified by the required states. But even if it had, it says there are

only three ways you can be taxed:

a.) Import tax	b.) Export tax	c.) Excise tax (Sales tax)
-----------------------	-----------------------	-----------------------------------

Take a look at an IRS levy form and you will find it starts with B, C, D, etc. You might wonder where (A) is. Well,

(A) says the only people that can be taxed

by income tax are Federal Employees.

An agreement made back at the beginning of Government was if you are a Federal Employee you agree to a kick back tax when you go to work for them. **Thank God for people like David M. Dodge.**
