AN EVENING OF AUTHENTIC SYNERGY,
SENSORY DELIGHT & BEAUTY...

Ian Somerhalder
President

The Influence Affair & Afterparty, held the day before Earth Day 2012, will be an intimate & exclusive gathering of tastemakers, influencers & celebrities to support the Foundation's efforts to improve our environment & the world we live in.

This evening is definitely not your typical benefit. You won't be smothered by stuffed shirts preaching conservation & you won't be eating handfuls of granola & hugging trees even though we do have a deep affinity for our green leafy pals out there. This event is a celebration of our efforts to Clean Up California in one day. Our Lets get Dirty Campaign united organizations, businesses and more than 2,000 schools to participate in this massive Clean Up effort. Funds from this event will benefit the development of ISF Youth Programs.

Your evening will begin with cocktails, followed by a sumptuous dinner menu filled with rich foods (yes, we're foodies). Aside from the incredible food, endless drinks, & entertainment, the uniting energies of this evening will be the catalyst for massive productivity. You don't want to miss it!

Benefit Tickets :
Dinner & After Party \$1,500
After Party \$500
