HARD NEWS

R: We're Immortals, as we've been told: he has been 63 years around the sun!

T: Brings up Frank Chille's visit last week: a small pill that will take us back to 22-24 yrs.

R: talking about the ankle biter called Trump: it's all about him!

R: Talked to **Al Franken and Stephanie Miller** [who calls Trump the orange hitler]

- Franken: Remember Lord Rama I used to be co-editor of **George Magazine** along with John Kennedy Jr – JJ is dead, and Hillary is still here. She has to do with the reason John John is not here!
- Off the air, Franken said Hillary played a role in removing JJ

S. Miller: who's been promoting HRC for the last 7 months - we have guns on both sides of our heads, and this is a private conversation and we love to lie; this is a formal disclaimer – did say that BERNIE HAS STILL NOT CONCEDED! Behind the scenes, R got confirmation that she's doing what she does just to stay alive.

R has heard that there are up to 10 millions of Bernie supporters in Philly

- all the parks, the tent places are booked solid for 60-70 miles in diameter around Philly
 - Jill Stein is great, yet never talks about the Reformation Act : probably can't talk about it! – the Green Party is an awesome thing yet it has to form into such a huge movement that it challenges the Democratic
 - need to get the corporations out of the game as well as Citizens United and Dark Money d
- **Tom the Cat** – off the record – there are lots of people throwing millions into the election and who knows how much will be spent. Until Citizens United is gone and the Supreme Court no longer answers to the Club of Rome: all beholden to Opus Dei / Vatican & the unholy chair of peter.
 - Everything being said is that the police have become Darth Vader storm troopers and answer to the UN and not their oath of office to serve and protect
Brings in story of Agenda 21
 - Got to talk **via phone to Edward Snowden:** this story is so huge because things are shifting to the left - it is about the Fourth Turning: look it up! Every 70-80 years there is a huge wave that comes across and brings a debt jubilee - something we are overdue for
 - this story goes back to the larger realm of full disclosure, which is the backstory to it all!
 - **ES:** in 1947 when some galactics came here from our future, their past, the greys - it was to warn us that if you don't listen to us, your planet will end up like ours! Instead of listening, we went ahead and built nuclear weapons - They were here to say stop your nuclear testing !!!
 - **ES:** this brings in the other piece, the missing link, that enough time has past, enough crimes have happened to the edge of our universe and divine intervention comes in – and ET Corey and Wilcocks can't say it all because they want to stay alive
 - **ES:** what's moving into place here: **FULL DISCLOSURE IS A MATTER OF DAYS, HOURS, NANO SECONDS** –
 - every day, R sees huge ships after huge ship – it's not about invasion but about what so many are saying via so many sources: **they come in peace**
 - Listened to **Normand Goldman** – a legal analyst – was a lawyer in NYC and got out of the law firm and barely escaped with his life to Hollywood – saw what Jamie Diamon was doing
 - after Cruz had finished his speech and did not endorse Trump – Amy played it and Ed Schultz said: there were lots of people who were cheering Cruz: it wasn't just boos –
 - publically, it showed that Trump has not unified his own party.
 - When Cruz left the stage, he was confronted by Trump's goons who said to him “As you know what's good for you, you'll endorse Trump”; Cruz retorted: “your days are

numbered!”

- **Sam Seder on Wednesday:** Both Trump and his wife are involved in human trafficking, drug running, arms dealing that goes across the planet;
 - She also has a high class escort service and you need \$100 million in the bank AND you go through Jamie Diamon to get access to the service! Not discussed in the news!
- Cruz is on Madame Palfrey's list many, many times
- **Roger Ayles left Fox news;** Murdoch took over yet he is still in trouble over the phone hacking in London – still not gone away
 - FOX News is about to be pulled: the equivalent of the FCC wants to pull Fox News from the feeds – this is also going to happen in the US.
 - **the biggest point: in the early 90s KOS said to T & R: “You'll know we're at the end when they start taking down the fake news!!!” And this has now started.**

Today's news: Trump is the least of people's worries: **Pence is a lot worse**

R: has to do with the ideas of going backwards into the Hammurabi story: Pence wants to replace the constitution with the old testament biblical law code - gay, bi, transgender wants to hang you

- Pence makes Sarah Palin look like a progressive: this from Frank Scheaffer used to be an evangelical: stone people to death - Michelle Bachman is the same kind; she was reading his dad's book back in the day – his dad was super anti-abortion; her husband was a pray the gay away person
- he wants to impose biblical absolutes instead of the constitution: most radical strain of right wing evangelical - an american taliban/
- **Ed Snowden** said as we embrace all beings in the Light of the Most Radiant ones, it opens the doors for our star brothers and sister to come and share with us, as there are no ideas of this or that in other locations; this beloved blue green Gaia/Vyamus that is becoming a star – everybody is observing: **Ed Snowden says KEEP LOOKING UP – you're gonna see what you're gonna see: will end things of a negative nature.**

T: all kinds of full cloaking ships – over a highway, 3 lanes each way

Reading: the Bilderbergers website was shut done by Opicarus - **[SEE BELOW]**
Bill and Hillary are members of the Bilderbergers; also Kissenger, Bill and Melinda Gates, Cheney, John Kerry and many others

T: Theresa May, new British PM met with Chancellor Merkel – discussing the concept of pushing Brexit down the road as Britain is “not ready” - they are ignoring the fact that it takes at least 2 years to complete the withdrawal procedures.

R: Erdowan – they've been watching the fake news of the convention here while Erdowan has declared martial law in Turkey; has fired 15,000 teachers; and 9,000 of military arrested – 1500 – 2000 schools -things look rather permanent to keep kids out of school for 3 months

- The coup was orchestrated by John McCain, Lindsay Graham and ISIL, funded by US black ops and israel – Erdowan is seeking more power all the time!
- the Light is just pouring in – they are bringing the light up so much more: earth needs the light so is saying ready or not, here it comes! So those who do not want to change or move and continue to hold on to greed and power, etc is not longer an option

MR: QUESTION FROM A LISTENER: there are 111 days to Nov 8th election date – if it is true that there will be a new election after NESARA is announced, it means a new election date

would set a new standard – if this goes into Dec 2016, pushes the election out to 2017.

T: can't even count on elections being in November on Tuesday – NOTHING IS SETTLED ANYMORE NOR WITH IT EVER BE, and that is why we are being asked to delete all the unnecessary old programmings of how things are supposed to be.

- Last night Steve Colbert's show out of the RNC – he was really late for his show last night; then she watched the late, late show with James Corden
 - T describes what happened: SEE THE VIDEO BELOW.

Omena gives Len's background: SEE BELOW FOR FULL BIO
an all round talented individual

Tonight's focus: emotional intelligence – a term not well understood

LW: context – for 20 years before he became a psychologist was in Human Resources management related to business – found very smart people not doing a good job of managing people; returned to university and focussed on emotional intelligence

There is an EQ instrument that measures 4 abilities in relation to emotional intelligence:

- how well you read people
- how you use the emotional info to generate a mood and how to react to people
- how well you understand emotions and predict emotional futures
- how well to manage own emotions and those of others

O: Can people do this to themselves?

LW: Ideally, yes – but mostly will need help

O: asks for a question that might be on the test

LW: he sets up an example and gets 4 choices to the response he makes

Each ability has sets of questions which will reveal how strong the ability is

LW: outlines the process he would use to help evaluate the strengths of a manager's EQ

MR: would like to know how to apply EQ in personal arenas of life

the process is more or less the same, may or may not include all the questions however.

O: what is the fun thing about this?

LW: having the reciprocity of either the business or personal relationships

MR: what materials has he created which would give more background?

LW: created a video – google his name and you'll find it

has been working with physicians for the last few years- writing about this

O: gathering the info is very scientific and opposed to that is a human being

LW: the data he collects is just the jumping off point – used in the discussions afterwards
can use it for anyone – dialogue and trust is what makes the changes

MR: contact info?

LW: his e-mail address: wysock@comcast.net

LW: he does a lot of executive coaching, because improving the quality of other people increases
hiw own!

O: outlines what she did – she worked with some of the same physicians he worked with

LW: once past the science and the dialogue, the connections – people are social animals and want to be effective as leaders, mates, etc – EQ is a learned behaviour, not necessarily something we are born with. Being smart does not necessarily make you successful.

- The good news is we can learn better EQ.

T: brings up the names of various people and alternative professionals who addressed emotional healing – Dr Dolores Kunst who did therapeutic touch – had he had any experience with cross-pollination of some of these alternative practices?

LW: physicians are being trained in bedside manner which is part of this

MR: brings up International Society for the Study of energy Medicine – meets annually – Len would be a good speaker for them, and they are also into the behavioural part of things, too.

LW: trying to connect the science and the “non-science”

- They are all agreed that the wholistic approach is what is needed – LW uses the scientific approach with the business minded ones – it allows people to see where they're at.
- It's a tool everyone can understand – can show people the results of the testing process and how they can start from where they are

MR: any correlations between the way people are and their state of health?

LW: Bernie Seigal's book **Love, Medicine and Miracles** – Seigal doesn't understand why some should thrive/stay healthy while others don't

O: Anatomy of an Illness – Norman Cousins – an inspirational book – talks of the relationships between suppressed emotions and illness.

LW: an abundance of research that proves there is a relationship between our thoughts and our immune systems

MR: he met one day a week with his cancer patients who taught him so much about healing - [Cousins]

O: describes the difference between healing and curing

- General discussion about the different ways healers work and join with each other in service to those around them, as well as about the value of having so many tools and modalities to meet the various intellectual and emotional points of view their clients.

Please listen to the podcast to get the detail: and read the bio for all the contact information and Dr Len's academic and professional background.

INFORMATION RELATED TO THE NOTES

2016-06-12 [OpIcarus has Shutdown the Bilderberg Group Website](#)

by [itninja](#) <http://anonhq.com/opicarus-shutdown-bilderberg-group-website/>

Anonymous

Anonymous, under the operation [#OpIcarus](#), has yet again conducted a series of DDoS attacks, but rather than banks per se, the op has led to an attack against the Bilderberg Website, while the Bilderberg Group attended a meeting held in Germany.

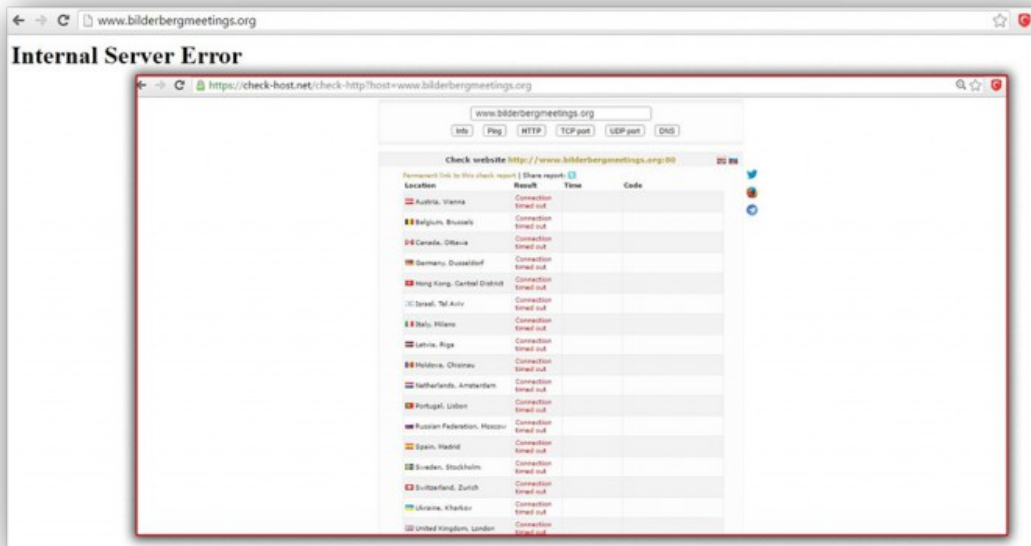

OpIcarus has moved to larger fish in the digital ocean. The [Bilderberg Group](#) is a controversial annual conference held in secret, which consists of between 120 to 150 people, often referenced as the "Political Elite" of the finance, academia, and even the multimedia sectors.

This new cyber-attack by OpIcarus, may have been unusual, but marks a well awaited attack on a group most everyday citizens dislike. However, it also marks the Bilderberg's German conferences, which started on the 9th and going through until the 12th June. While targeting conference website just moments before their large annual meeting, proves that Anonymous is clearly sending an unforgettable message to the so-called 'elite'.

Attending this conference consisted of former heads of the CIA and the MI6, bankers, prime ministers, and even heads of states.

Since OpIcarus began, Anonymous factions affiliated have been responsible for attacks that have disrupted several banking websites, including those of "France, UAE, Philippines, Tunisia, Trinidad and Tobago, Jordan, South Korea, Monaco and Montenegro, Kenya, Panama, Bosnia and Herzegovina, Guernsey, Netherlands and Maldives, Central bank in Cyprus and Greece," [Hack Read](#) has reported.

On June 8th, while the Bilderberg Group had been facing large DDoS attacks, which ultimately lead to their servers forced offline for roughly 4 hours, [#OpIcarus](#) boasted about their attack on Facebook and Twitter.

During an all exclusive conversation with HackRead, the article publishing website is directly informed by those involved with OpIcarus that:

“The elite will pay for their crimes. We support all of the on-ground protests taking part around the world right now and want to invite all online and offline activists to join the global revolt against a tyrannic and corrupt system. The time to either be part of that system or reject that system is now. No more are we prepared to watch our “elite” run this planet into the ground at the expense of everybody else’s life. We are the 99% and we are angry. We choose to reject this system at any cost. Only after disaster can we be resurrected. It’s only after you’ve lost everything that you’re free to do anything. In the end, everything you own ends up owning you. The time has come for us to free ourselves from these chains and remind ourselves again that we were not born as prisoners. People all around the world are starting to fight back. So are we. Each of us has the power to end wars and create a better world. All we have to do is resist together. We are the echo of society. We are the voice of the voiceless. Respect Existence or Expect Us!”

My practice is focused on Adults and Adolescents who struggle with change, career/personal identity, work/life balance, and intimate relationships I engage with them on a platform of mutual trust, build meaningful goals and attainable behaviors to enrich their personal and professional lives. My 30 years of professional coaching and therapy experience included work in addiction, depression, panic disorders and interpersonal relationship management both on a personal and business level. I use my clinical training and emotional intelligence skills to help people help themselves. I am also professionally trained in Cognitive Behavioral Therapy from both the Beck and Ellis institutes.

My specialty is working with adults of all ages in their use of emotional intelligence. I use a variety of therapy techniques and web based instruments to help bring insight to those who are interested in increasing their interpersonal and management skills, as well as achieving a better understanding of themselves in the process.

I do a great deal of Management consulting and executive coaching with an emphasis in developing emotional intelligence through testing and coaching. I also do a great deal of change management coaching, and lifestyle reorganization.
