

**Love Scripture Truth
but
Disillusioned
with
Churchianity?**

There is a better way!

Are you disgusted with the high-pressure revivalism, cheap emotionalism, mass psychology and religious hypocrisy? We encourage believers to enjoy the simplicity and sufficiency of the first Century followers of Messiah as outlined in the Scriptures.

We will be glad to visit with you at your home, tell you where Scripture Studies are being held in your area, or direct you to online studies and communities.

At these meetings an experienced teacher will endeavor to answer Scripture questions on whatever subject you may be interested in, as truthfully and Scripturally as he knows how. As many questions will be entertained at each meeting as time will permit. When you come, bring your Scriptures—and bring a friend!
