Hard News:

- #4 is always spiritual foundation; #4 is Serapis Bey who guards the eternal White Fire Core of Being in the paw of the sphinx in Giza; that flame represents spiritual foundation/ discipline: being vigilant in our meditations etc – vigilant about calling in NESARA every day
- Every day we do these things, and do them together – call on your sisters and brothers when you do your own meditations, etc, and do them together – now is THE time for we the people to do things to make a difference
- This is the greatest change which has every occurred on earth for people & all other life forms on her

R: News from Lady Di & KOS, Ap 11

- We have moved into the realm of everything coming up roses in spite of the heinous acts we see occurring across the planet; hard to remain neutral when we see the “powers that are no more” doing what they are doing.
- **KOS:** the images coming out of the Ukraine are MONTHS OLD, and Mr Putin saying the west is not telling the truth about what is happening. He is a tough guy with a thin skin, and he can dance circles around Hillary [A young girl got arrested for throwing a shoe at Hillary]
- The real story is these ones hold no power any more – only the False Evidence Appearing Real

[FEAR] card

- **Story in Nevada gaining more news coverage** concerns the people who own the land – Mr Bundy and family: what is it they really want in the ground on the Bundy ranch: **uranium**.
Talk of fracking, water rights, & other issues
 - **Lady Di and KOS** said it is a serious issue: it's creating quite a stir;
 - the Feds / Blackwater getting involved in the mix, the Feds are sending in those who look like they just stepped out of Iraq, militarized to 9th degree – the NV gov is a schill for the far right wing & the powers that were.
 - the Bundys have owned the ranch since 1880s; it's an imminent domain land grab + wanting what is in the land
- Patti Cota Robles says **fasten your seat belts** due to the energy: call in all the beings known and unknown: with this moon, focus on bringing in peaceful solutions. No conventional weapons of war
 - **KOS and Lady Di** told him, there are beings here whether we can see them or not:
 - all the kingdoms are here to help in all of these situations – these are the magical situations to situations that can be diffused as opposed to the conventional weapons of war

T: we are also angels in human form

 - The 13 families know they are in the toilet & Mother has flushed & they are going out the bottom
 - **Both KOS and Lady Di said** Angelca Merkel is not reading the writing on the wall; “Wake me up when it is over” is the line that comes to mind. The families genetically engineered the 12th strand out of their DNA
 - And on the approach of the blood moon some tricky trades are on their collision course to take the markets and their game right out of here.
 - The media showing **old images of Crimea and Ukraine**.
 - Next week a **crashing halt to the markets is very possible** – however, no guarantees
 - **All these stories discussed so far:** so important that all of us “push” whoever's in charge – and be insistent!
 - **We** are the midwives
 - The powers that are no more know it and that they have no power; yet they are playing with FEAR card as Anonymous
- Ed Schultz:** today said it's time for these to be taken out of here! And Putin said all the Rothschilds need to be shot!. They are taking each other out at the moment
- Anonymous group with the help of St Germain – a suggestion may be hacking and pulling all the market gains going on – just stop the machine!

- Nevada could be the shot that is heard around the world
 - Obama could declare martial law even on what is going on in NV: he has ways to deal with this as his own Feds are screwing around

Lady Di's final words: the Ruby Red Masters are here: the goddesses, LM Nada, Liberty Hope, the Great Divine Director; K 17 = Cmdr Korton who works with Monca on Mars

• From **The Journal**

- there is another UN Chapter event on Climate Change which is solution oriented
- Everything that we can think of that needs doing, needs doing now!
- They know how to sequester methane and ?; Dr Keshe has something which is further advanced
- The lady who develops the technologies re stem cells was on NHK yesterday
 - Said she did the work over 200 times without a flaw; the pictures that came out were an attempt to negate what she was doing.
 - T:** Looks like someone does not want these kinds of solutions for people.
 - PM Abe has just said he is going to re-boot the nuclear plants in Japan
 - The people are in the streets over this, and only NHK is showing the pictures!

BBS:

Mother Sekhmet

Greetings in the light of the Most Radiant One, in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

Greetings, Children of Ra!

Alcyone is with her.

- We are declaring peace! Now is the time! Let it be so! The excellence of what is manifesting already in all worlds is on the ground and in your face! It is only about love. This cosmic story - as it has been

said – yes, we took the lever and flushed it! It is time all of what we are experiencing at this time - let it only be about joy, ecstasy and love.

- The issues are mighty; all is in this moment about joy in the midst of a fantasticalmagorical reality for all concerned; even as the media is choosing to tell one story, another is overlapping it. It is about that story of one hand clapping in the moment, on the ground.
 - As we move into these energies that approach already we are feeling it – she, Madam Luna, the goddess; very soon now she will be having a companion to travel with in our orbit!
 - All of this is about the next evolutionary leap in consciousness and reality; this is only about ecstasy and joy. Yet it is how we sift through the seeds of wisdom to find that kernel, the mustard seed: Lord, make me an instrument of thy peace!
 - There is so much to be grateful for in this instance of time and in the midst of diversity, it is what we chose to do this cosmic dance with the most auspicious of moments: no accidents in the course of events taking place. Everyone here knows fully well the ramifications, how deep this story goes – won't pull any punches

T: The only volcano that is going to go off is the one under these ones' butts! Let's get on with it!

Mo: the Eye of Ra is doing its dance; in the course of events in this moment now, that one energy is only about - yes, we are all immigrants in this original cosmic dance of cosmic joy. All, shall we say, immigrated to this realm; it is in our best interest that we honour all who are here on this great cosmic star ship called Gaia, Vywamus that has taken us to this moment.

- Now the clarion call has already gone out, being answered. Do not let the voice of the false energies sway you from your guiding missions; like a laser, the one single thought is “ I'm delcaring peace.” This is the answer to the issues on the minds of everyone: how do we get this done?
 - It is only about how do we best serve Gaia/Vywamus as we spiral upward, onward into infinite bliss, joy, ecstasy orgasmic ecstasy the kind of which when we are in the presence of such greatness: we can feel it already
- Let us say, we can feel it already; she who is approaching, Madam Luna, along with the others of this cosmic dance in this solar cycle, lunar cycle, all the planets that we are connecting with throughout the solar system have a role to play in this cosmic dance; all are witnessing the passing of this eclipse. It is already being felt: Gaia, Vysmus, Luna, Mars – on beyond the scope of Persephone, Lilith our daughter – all who are witnessing this dance- it is only about joy, yet the false prophets continue the false knowledge about forgiveness, yadda, yadda

T: when is the church going to acknowledge the Divine Feminine? Francis keeps praying for forgiveness for what the priests have done, but he does nothing about it.

Mo: in the midst of the intensiy and insanity that we are witnessing: even he knows the magnitude & ramifiacations of how deep this story goes.

T: watching Fracking 101 on TV – showing people how crazy it is

Mo: why putting holes in Mother Gaia's body for the benefit of all concerned

T: They use toxic chemicals, do some kind of explosives in, then put the waters that were used back into the earth

Mo: With all due respect, we know the horrors of what is being done to her body. That is why we come with legions and legions of angels at this time; all the fleets that represent all time, all space, which is NOW, the one hand clapping, the joy, the wisdom, the gratitude that is being . . .

- The veils of forgetfulness have been rent asunder: now you see us and we see you; the eye of Ra All That Is is gazing on the moments of this reality that is based in truth, freedom, justice, mercy, beauty, – the pillars of what you understand of the ancient, ancient wisdom Rumi spoke of, Gibran, the others; Kabir; wisdom of Omar Kyaham
- All that is transpiring now: the sufi masters are here; the wisdom of the ancient teachings are here, in our midst, walking with us now – yet they, the death merchants, continue: they know Goddess, their Mother, is here; they know the time is nigh
 - Yes, we have flushed it and now it goes to the realm of infinite joy and bliss; they hold nothing only the sound of the Dark Rift which is in their face; it is how we do this with the infinite gratitude of joy

and bliss: Lord, Make me an instrument of thy peace; where there is such hatred, let me sow love

- What this one has taken it to such a magnitude to bring justice to all this planet, and the one small voice that is roaring as loud as Alcyone, that Lion of Judah is in your midst
 - That voice that represents 520 missing years of your story, her story, the goddess
 - Now is the time and you are already witnessing the ramifications of what is rolling out with what your sister Amy talked about: socialism is a good thing for the people of America, and why wouldn't it be the time now for getting things back on track: equality for everyone –
 - where we want to get our bodies, the temples of the living god, why would it not be in our best interests to have universal health care, like Ted Kennedy said? Now is the time to be able to do what we have asked for!
- It is these moments we say, with the passing of the eclipse, there is a new sheriff in town: he is black and he is beautiful, along with the goddess, get over it and get on with the mission!
- It is about this one story, the melanin, the gold dust.
 - The one thing they don't want us to remember is **the gold dust because it is physical immortality in this form!**
 - that is what the gold dust brings - the melanin, serotonin – all these chemicals: when you get right down to it, you are about 4 pounds of chemicals in a plastic bag
 - Yet these bags of water, which are bio transducers of the infinite wisdom of all that is, are such a magical thing to behold; it is with such honour and grace - we are deeply humbled to be able to come to this temple and speak & share this wisdom at this time; we are on the shores of such greatness – watch the magic unravel now as we enter the stage and the story
- yes, we have been tuning up the vocal chords and the fat lady needs to sing – that is the issue –
 - it is the ancient story about Odin, Freya, the Great Tree, The Rainbow Bridge. The ancient wisdoms what these powers that are no more are grasping at which have turned to sand, and that is all there is; the sand represents the infinite wisdom of the ages through all time, all space
 - one grain of sand is about the wisdom of the 7 super universes
 - You have it all within you; call upon it ; ain't no other time to get it buy now! You are already on active duty so be about your mother / father's business as you heal yourselves and this world.
- The only wisdom to convey in this hour of her need is how do we do this with such grace? Not one hair needs be struck down – yet they have already struck the first one which is why Mother has been called.
 - The planetary beacons have been lit; Mother answered the clarion call of what Gaia and Vywamus have asked of her as what the prophecies speak of the red star kachina, blue star kachina, all the dances of the elders

T: scanning the earthquake report that says Yellowstone is not really scheduled, but we know they can use their toys and make things happen

- Mo:** And their toys: let us just say – the magic of what is happening from the tiniest elementals to the angels which sit before her: now is the time to call upon the wisdom within self that knows that in spite of what they would perpetrate to create their end of days, It is about THEIR end of days, yet it is not the end of anything, it is the beginning: **we are already in Sat Yuga.** It is about how we do this cosmic dance, it is about joy, bliss, cosmic love which is pouring forth
- Like Mr Keiser the economist has said; it is about getting your financial house in order, not about the place called The City; it is about how the true freedom comes from nothing but that which is out of the air you breathe: the elements of earth, fire, air, water, ether – yet the fifth one is not mentioned, and it is the final pin, the cotter pin, that puts it all into place
 - As they play with their ancient stories of moving what they consider their fake economies around the chess board, what is already in their midst is the tsunami wave of love which wipes it clean.
 - They do not wish to see it, yet they cannot stop it; it has already begun, the tsunamie of love and the magnitude of it brings forth what they have to comply with; this steps into the realm of hyper dimensional physics of our reality: we are not just limited lifeforms in bags of water: we are suns/ sons and daughters of the Most High.

- We are deeply grateful to be in your presence at this time; you have asked, she has asked for this moment of gratitude.
- Their ancient war machines hold not a candle to what is transpiring in our midst: it is about that cyclone, the tsunami of love; they know it, they cannot stop it, they can only witness it and put on their blinders and not talk about it
- this is being discussed in every sector of our universe and it is being raised to the rooftops! We thank you for this moment in time!
- This eclipse is not just any eclipse as we go through this holy supper; the master just said: you want to do these things? Here is the path, here is the way, here is the life – do it. Do not do anything else, but do it! You want to walk through that story that energy? Let he who is amongst you; the least of the people among you – the ones who are in the moment: the people of Iruk, the people of Kabal,
 - the story which began with a false flag event 9-1-1 – it is about the thunder, rolling thunder – remember him? That story is in your midst – “The 7 Thunders”. It is about the end of The City that holds no power any longer; the guautlet is given back to the lady who holds the true Stone of Scone, the daughter of Jesu and Magdalene, the true Queen of Heaven with her King and her children, Inanna and Omar. Now is the time

T: brings up Ben Fulford's latest – the first bit is the same as Lady Di, Tom the Cat said **[SEE BELOW]**
They are winging it!

And Putin is sure pushing their buttons; Putin is not cooperating; NATO acting like a real A**hole

Mo: all they can do is wing it; they are flapping around in the bowl being sucked down - want to create an extinction level event and blame it on whomever

- We will hear this on Bill Maher at the same time what is going on there is not about what he [Putin] is saying – it's about the church which is the circus at hand

T: he does not like NATO – nothing but a killing machine for the west

Mo: the ancient story of the ancient prophets – they hold no power, yet how the story gets told over there, over here – have to take it back to the ancient ones before the gods: anima, anamus; the shaman people who travelled

T: A lot of the history is being restirred and people who don't know history are asking what is this?

- Albanians, the Serbians in the south want to rejoin Russia, the divide between north and south in Kosova and the Moldovians who want to rejoin Russia

Mo: why not? Russia is backed by gold

- They are trying to do their best with Lau Tzu's “The Secret Art of War” - they cannot hold a candle to the wisdom of the ages; it is not about war – it is about peace: “I'm declaring peace”

T: is someone going to do something – brings up the environmental report and do it now; and we have republicans who laugh at this and deny it.

Mo: will hear on the bill maher show about tactical nukes: nukes have been cancelled

T: It is Russia's stance to use tactical nukes

Mo: about the fake story – the usuper of nations, the great satan which has and always be called Palestine NOT Israel; Isis – Ra – Elohigh – that is the name!

- It is not about the ancient stories that are made up. Khazars is what they are. The Khazarian story about our ancient people who came from Nibiru and from no other place - how this gets completed and done depends on who we share the wisdom of Saint Zacharia Sitchen who got most of the stories right yet the words were twisted:

T: he was a manic depressive! **Mo:** who wouldn't be, watching this madness:

Mo: Why would the call the son of Jorelle the “resident alien?”

- The people of the interplanetary/Inter galactic federation of worlds

T: the Albuquerque police – DOJ has been investigating for 18 months; the second double killing in less than 5 years; the person who was watching took film footage on the cell phone;

- the police made it so you could not tell where the scene was, the kid they were shooting at could not be seen – when the cell phone footage was shown along side the other, you could see it all
- A Neighbour who was there mimiced what the person who was shot was doing: he had his cell

phone to his ear and his left hand was up; this was just after the shooting of a homeless guy just down the street

Mo: what's happening is the unravelling of an ancient story about the gold dust and how the introduction of this story into our realm brings in the wisdom of the ages, and Immortality which is what they do not want us to get to – no need for sickness, old age or death

T: see it all over New Mexico: killed a Native American like he was a bug on the road; same with Mexicans

Mo: as we approach this eclipse with Madam Luna and the Masters & what approaches; cannot give dates, but we are watching the wisdom of the ages unravel and the other story:

- We are seeing the resident aliens – we are your brothers and sisters from many realms, yethow we do this with love is the greatest story ever told.

T: thinks the new energies of this blood moon will make some kind of change where this kind of violence gets lifted on an overall basis?

Mo: be open to the possibilities of love and joy – this is what heals the story, not the knife or the gun

- It is about the hand that is open and says the least of those among us, let me give you a hand, let me give you some food, a blanket, share the story of your physical immortality –

- that story is here and how it gets told: a gauntlet has been passed; the treasure of Odin's treasure room has been given to we the people of this planet; how we use it only with peace, with love . . .

Greetings in the Light of the most Radiant One. Kadoish, Kadoish, Kadoish . . .

Rama: has been sitting in the Fortress of Solitude at the North Pole, looking in the crystals

- What he's been witnessing: new heaven, new earth, it's here! Thank you! Thank you!

- It's already in our midst! The cherry blossoms, the apple blossoms are here. Already coming to pass

- How we do this with the tiniest of flowers and the pixies and the elves – it changes the story in a twinkling of an eye - the desolation of Mordor is no more!

INFORMATION RELATED TO THE NOTES

2014, Ap 11 [The World Against the Feds at the Bundy Ranch in Nevada](#)

by [2012thebigpicture](#)

You can't hang out on the 'net without seeing updates on this story with plenty of commentary and videos, some of which you can access via the hyperlinks, below---but seriously---a tank?! Snipers? WTH?

It's Agenda 21 in action. If the federal government had their way, they would be telling us where we can live, play, work, and we would have no say whatsoever in *anything*.

The [Southern Nevada militia has mobilized](#) to stand by Bundy and his family.

[Governor Sandoval has spoken about it](#)---but done nothing.

The next governor of Nevada, [David Lory Vanderbeek says on Facebook](#), "I've contacted the family and asked them how I can support them. They will get back to me. I'm not going to politically 'grand stand' using their suffering."

Sheriff Gillespie of Clark County has told Bundy he should get a good lawyer, and 'Constitutional Sheriff', [Richard Mack says Gillespie has no clue what he's doing](#) and should be over there protecting his people from the lawless

feds terrorizing the rancher.

Sheriff Mack himself is going to Nevada to support the Bundy family. Impressive.

Even Anonymous is in on it.

For anyone wishing to go to the Nevada ranch in support, there are specific instructions on what to do/not do, wear, etc. on [Ben Swann's web site](#). Please be sure to comply.

It really IS looking like the next Ruby Ridge---but please let it have a better ending.

If you don't know about Ruby Ridge, I posted the [video](#) several months ago. It's a dramatic story and hard to believe, but this is the way the New World Order is whipping us into shape; making us submissive, stripping us of our rights and wanting us to live in fear.

The Constitution means nothing unless The People and the law enforcement officers who took an oath to honour it, enforce it to the death, if necessary.

So many Americans are being tested these days. It's painful to watch, but one thing is certain; there are enough awake and aware people now, and enough 'Constitutional Sheriffs' that the terrorist feds will ultimately be

disemboweled. Shark bait.

You may also have heard about the 250 drivers UPS (United Parcel Service) fired for standing up in protest over a co-worker who was illegitimately fired. Somehow the "brown truck" isn't doing it for me any more. Very bad PR.

So many people called (2500+) the CEO of UPS and signed the petition (105,000) that they relented and gave the drivers their jobs back, as well as the original driver they were supporting. Corporations are not going to be allowed to run roughshod over sovereign citizens. Human rights matter.

Hardly a day goes by that I don't hear of another victory for The People somewhere in the world who took on the cabal and their lackeys and won.

It may seem like nothing is happening out there, but people really are waking up and taking action to retain their unalienable rights.

We're Taking Our Country Back!

Spring

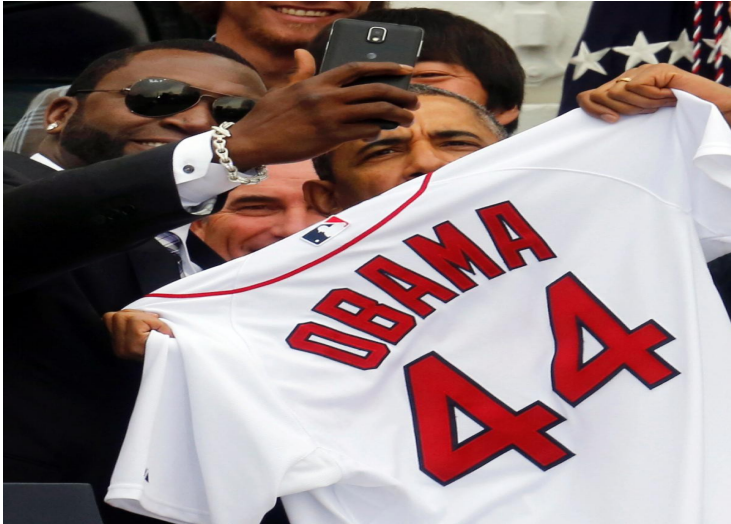

Place: Washington D.C.
Date: May 16, 2014

Let's hope the protest scheduled for May 16th in Washington, DC---codename "[Operation American Spring](#)" ---will be a success and send a message to the USA Corporation that The People of the Republic aren't going to take their crap any more.

For that operation to be successful, however, there will have to be a helluva lot of people there, and it must not escalate into violence. That would be devastating. We just can't risk it. It will be very interesting to see what comes of that demonstration with such specific objectives. Are there enough awake Americans to pull it off? visit PatriotsforAmerica.ning.com

Best of luck to anyone fighting a battle with the feds, and as Sheriff Mack says, "May cool heads prevail."

2014, Ap 7 **Lots Of High Level Threats and murder taking place as cabalists turn on each other.**

High level cabalists have begun killing and threatening each other in a sign that their unified centralized control grid is falling apart. The recent shooting at Ft. Hood was an attack against George Bush Sr. and other members of the Bush clan, according to Rothschild and Rockefeller family sources. However, it is not clear if the attack was successful because of a total information black-out following the incident. The death of a CIA agent last week is also believed to have been part of an anti-Bush/Nazi campaign now underway.

Then last week a photograph of a T-shirt with the number 44 written on it being held in front of President Obama was widely publicized.

<http://www.nydailynews.com/sports/score-hears-president-new-jersey-article-1.1746800>

The number 44 symbolizes death in many Asian languages and the T-shirt incident appears to have been to remind Obama that he needed to stop blocking the new financial system.

Also, the murder of former ABN Ambro Bank CEO Jan Peter Shmittmann, his wife and his daughter was part of an ongoing Rothschild plan to eliminate any people who would testify against them, according to CIA sources. The list contains 250 names, including 50 bankers, the sources said. The Rothschilds also believe the Rockefeller family is about to be rounded up and jailed.

Russian President Vladimir Putin, for his part, thinks the entire Rothschild family needs to be killed in order to end the ongoing financial crisis. The Slavic nations are particularly bitter about the destruction of Yugoslavia and the theft of its mineral resources, which they blame on the Rothschilds. They see the recent shenanigans in the Ukraine as yet another Rothschild resource theft.

The Russians are now occupying Eastern Ukraine and have offered the Western portion to Poland in a sign they are no longer going along with the cabal controlled group of sock puppets known as the United Nations.

Since all the major players are now pointing fingers at each other, perhaps this is a good time to review the forensic trail followed by the White Dragon Society agents to try to find out who was behind the plan to "save the environment" by killing 90% of humanity.

The first suspect was David Rockefeller because he sat at the top of well-known globalist institutions like

the Council on Foreign Relations, the Bilderberg Group and the Trilateral Commission.

However, Rockefeller's people said they were not the problem but rather it was George Bush Sr. and his Nazi faction that were the true bad guys.

The Nazis, for their part, said they were allied with the Gnostic Illuminati and said they were opposed to bloodline rule. They believed it was the Rothschild/Saxe Gotha bloodline that was the problem.

The Rothschilds then came out and said they were junior sub-contractors and that the real center of the Cabal was the P2 Freemason lodge in Italy.

A visit to the P2 lodges in Rome and Milan by this writer revealed that they considered themselves to be the descendants of the Caesars and that they were given a mission by extra-terrestrial beings 26,000 years ago to manage history according to an astrology based script. They said their god was the black sun, an alien being living the gamma rays that can control human minds. Their other name for it was Lucifer.

This is probably a myth but, the forensic and historic trail does clearly indicate there has been a 2000 year old plan by the descendants of the Roman Empire to create a single, centralized, fascist world government known as the New World Order.

The P2 said there was a faction in their group that was behind the plan to kill 90% of humanity and enslave the rest in order to create thousand year Reich. This group was subsequently purged, which is the real reason why Pope maledict resigned to make way for Pope Francis.

Now that their plan is falling apart we are seeing a situation like that at the fall of the Soviet Union when all sorts of long held secrets started coming out. In this case, the P2 are making public details of how they created Christianity and Islam as propaganda tools in their long war against the Jews.

The latest revelations about Islam were sent to this writer in a PDF file which we will try to attach to this week's newsletter. The part about Islam and the Vatican training of Muhammad starts on page 26.

More detail on the people who wrote the New Testament was also published here:

<http://www.rumormillnews.com/cgi-bin/forum.cgi?read=304480>

It is probable that they based Jesus on a popular Jewish rebel leader they had executed and renamed Isis as Mary and the Sun god as Jesus.

These revelations are coming at a time when many top Western leaders are visiting the new Pope. President Putin of Russia and Obama of the United States of America Corporation were followed last week by Queen Elizabeth.

The Queen was 20 minutes late for her meeting with the pope because her talks with the President of Italy ran overtime. It is a good guess they were discussing financial matters but no inside information from this meeting has leaked so far. In the meeting between Elizabeth and the Pope, the Pope gave an orb (symbol of power) of lapis lazuli (symbolic of wealth). The Queen gave the pope beer, eggs and whisky probably in recognition that having sworn an oath of poverty, he would have refused more lavish gifts.

Since the P2 are very into Astrology, we must now wait and see if the upcoming blood moon on April 15th will coincide with any big announcements.

If not, then pressure on the cabal is going to be increased to an entirely new level with an unprecedented attack on the petro-dollar.

Members of the group known as Cobra resistance went to Taiwan recently after visiting a WDS representative in Tokyo. Last week they contacted this writer via skype and showed a video of Taiwanese mass production of free energy devices. They said they were now being manufactured by over 20,000 different groups, more than oil company men in black could deal with.

They promised to deliver one to this writer before the end of this month. If it runs my home electrical appliances as promised, then I will take it to all the big Japanese manufacturing firms for mass production.

IF this is really true then it would be a total paradigm changer for the world economy and would definitely doom the petrodollar.

The Russians and Iranians are also attacking the petro-dollar with an announced plan to start selling their oil using a barter system that will by-pass the dollar.

In China as well, the money trail is being investigated very thoroughly and all officials found to have been corrupted by Fed money are being removed.

MUST-SEE ~ Bill Maher explains abundance of right-wing radio

by [BruinKid](#)

Last night, Bill Maher closed with a New Rule explaining just why right-wing radio is so abundant.

The fact is, today's Republicans aren't built to governing. **They don't want to go to the Moon, they want to howl at it.** That's why just the fact of getting elected means you're already damaged goods. Unless you go to Washington and act like the single biggest prick in the room every time, **you're suspect.** Which is why there's really only one man currently *in* government who the base completely trusts. I'm talking, of course, about **Ted Cruz.**

He's the guy who best understands that **high office is just a higher form of talk radio.** Every other Republican is suspect in some way. Rick Perry told them they should have a heart.

Eww. Mitch McConnell holds a gun like a girl. And Marco Rubio is pretty soft on Mexicans for an Italian. (*audience laughter*) John McCain is against torture, and he *was* tortured, flip-flopper! (*audience laughter*) Chris Christie actually touched Obama during Hurricane Sandy, when he should have lured him to the [Pine Barrens](#) and hit him with a shovel. (*audience laughter*) And Michele Bachmann compromised on gays by marrying her husband.

And finally, New Rule: Tea Party people have to explain something to me. I know you can't stand the unemployed, those takers who don't work. But if you're the hard workers, **why do you all have so much time to listen to talk radio in the middle of the day?** I mention this because last week brought the news that powerful Republican Congressman Mike Rogers was leaving the House to join an already long list of conservative radio hosts that includes Bill O'Reilly, Rush Limbaugh, Sean Hannity, Glenn Beck, Laura Ingraham, Michael Savage, Monica Crowley, Dennis Prager, Herman Cain, I could go on.

But who could blame you for thinking, "Geez, aren't there enough right-wing radio hosts as it

is?" No. Never. There are never enough! Why? **Because the Tea Party always has room for one more voice in their heads.** (*audience laughter and applause*)

Now politicians have left elected office for TV and radio before, but it says a lot about Congress that someone as powerful as Mike Rogers is doing it. He's the head of the House Intelligence Committee. And he [said](#) about leaving his post, "Yes, it is an important position, but I think I'd like to try and move the needle on the debate."

Yeah right, because if there's one job where you can never effect policy, it's in the branch of government that writes policy. The place for that is AM radio. Because why continue in the proud tradition of Daniel Webster and Henry Clay, when you can follow in the footsteps of [Bubba the Love Sponge](#)?

It actually makes perfect sense because **the GOP has kind of become talk radio — an echo chamber where people are not interested in actually legislating or compromising or fixing America, just in screeching about how liberals have ruined it.** So why not do it on the radio? The money's better, and no one can see your toupee.

And if your show's a hit, you get to put out one of those conservative books where you fold your arms on the cover.

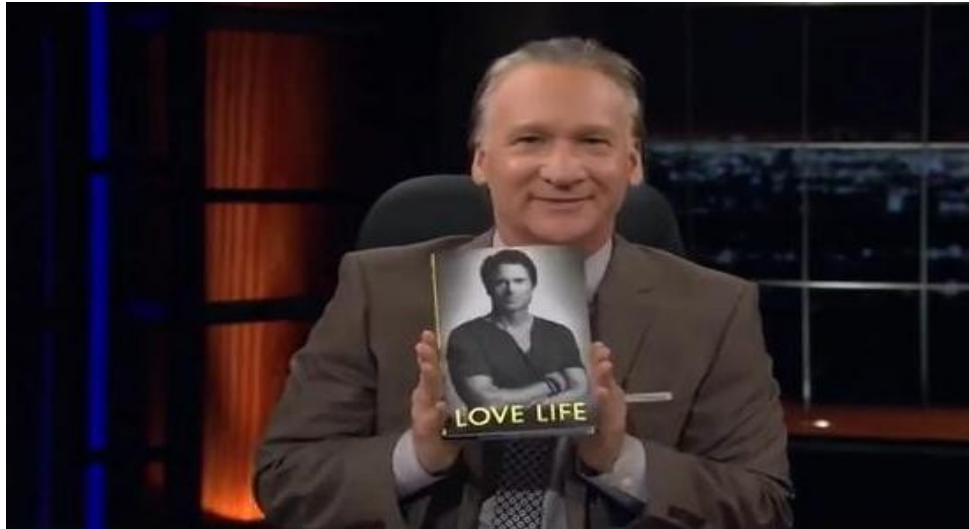

Like you're trying to block a Mexican from coming over the border. (*audience laughter*)

ANA MARIE COX: Or...!

MATT TAIBBI: Or you're Rob Lowe.

Or Rob Lowe, that's right.

ROB LOWE: Folded arms.

Truth is, there's never been a better time to quit government, and go into the lucrative business of bitching about government. It worked for Joe Scarborough, and Mike Huckabee, and most famously of course, Sarah Palin. The one night stand of Alaska governors. When Sarah announced she was resigning as governor, she said:

SARAH PALIN ([7/3/2009](#)): It may be tempting to just keep your head down and plod along... but that's a quitter's way out.

Yes, only by quitting was she not quitting. You see, Sarah realized she could have a greater effect on influencing stupidity from outside of government. And pledged to work to elect people just like her. Just not her.

The fact is, today's Republicans aren't built to governing. **They don't want to go to the Moon, they want to howl at it.** That's why just the fact of getting elected means you're already damaged goods. Unless you go to Washington and act like the single biggest prick in the room

every time, **you're suspect**. Which is why there's really only one man currently *in* government who the base completely trusts. I'm talking, of course, about **Ted Cruz**.
