Hard News:

- T:** talks about seeing the cup half full and that NESARA is nigh
- The pot has been stirred and people sometimes say you said that 40 years ago, 30 years ago, 20 years ago, 10 years ago; that kind of comment really negates the gifts and the work that has been done on behalf of us, things that we know about and don't know about
 - There is only one solution: to change the venue across the board & that the powers that were take a step down and watch how it is done
 - The Dalai Llama came to New Mexico, Santa Fe to speak to Barack talked to him for an hour today! about ethics and how to develop a moral framework around the issues. This IS about the power of positive thought : see the cauldron of contributions filled each week.
 - Those who have a little bit more, it is recommended that they dip into their pockets and give more as there has been an extreme in the US & around the world that has never been like this before: 85 people have more than half of the population of the planet!
 - 50% of people of colour are out of work in the US; 25% who are not of the elite and not of colour are out of work – people have tried and tried and and there are not jobs, so a lot of people have dropped off the rolls
 - 12% of people not of colour – more like 25%
 - all things considered, with NESARA being nigh, and the naughty ones get an A+, and this seeing things with hopelessness by those in the Light [is not helping]; make an extra effort to make a love

donation, and make an effort to bring new people. A lot of people can be touched at the moment.

- Another article about the dinar revaluation happening; someone named Exogen who is on the dinar calls Talking about global refinancing
- R: spoke with the Dalai Llama and KOS** – told them about the article;
 - **KOS said it is Faction 2** and, as Max said recently, the 7 banksters who are gone has to do with the financial collapse going on
 - George Soros made a bet with some folks that the markets will crash within the next 6 weeks
 - **Dalai Llama** said “Lord Rama, your father's here, in orbit right now”
- This is a big deal, with all that is going on, and all the fiascos; as D'yanna said, so many people are ready to leave right now – and Rama has been feeling the intensity & the heaviness going on the planet
- The issues are, as said by Randi Rhodes, Ed Schultz: **it is open season on people of colour & It has to do with the #1 issue:** Mr 19.5* is moving us forward in spite of the stories
- Jeremy Scahill's scathing report on **Democracy Now:** he us up for an Academy Award for his movie – it is not Obama, but the tin soldiers surrounding Obama who chose not to follow the Law of the One
 - all the corruption is being exposed :
 - a CA state senator just indicted for \$100,000 on Al Jazeera
 - there is bribe/corruption in CT & other states: senators, etc indicted for playing with dinars
- This goes to the highest level of the “powers that were”: they are so desperate they want to do something to create a global destruction:
 - the Forces of Light have put the laser beam on those ones, and the beam is focussed on their heart. This story is kinda hard to deal with – they made a conscious choice to come into this life and wear the dark hat
- Courtney Brown is a remote viewer; KOS said he is correct on many levels, but does not have all the pieces; someone else they know who got struck by lightening – the remote viewers have seen things, some of what they have seen Rama cannot say yeah or nay about it:
 - Ashtar has said **EXTINCTION LEVEL EVENTS ON THIS PLANET ARE CANCELLED.**
- Yet there are other things like the collapse of civilization; we cannot go any further when 85 people own most of the wealth and the rest are going down the tubes – yet they do not really have that money: just playing pretned.
- There is an 8th banker has left the planet: has to do with things going on in Sochi, what is going on in Ukraine; Putin hosting Snowden who is in an undisclosed location. There are so many highly credible whistleblowers who have said things that have never been said before.
- A lady on Al Jazeera this evening: she really challenged Al Jazeera – she's an American citizen who has gone back and forth to Venezuela so people can observe that something is changing as the “powers that were” are being caught

- R: listen to Randi Rhodes on Randi Rhodes.com** – tore Kansas a new one, as well as Jan Brewer for violating the constitution.
- Kansas, like AZ, by legislating against people of colour, gays
 - R spoke to David Corn of Mother Jones.com who said that Mitt Romney has joined the lunatic fringe Clown Car and Ted Nugent who made an outright threat against Hillary
 - Ted Nugent is going to get a vist from some White Knights; may not be free much longer
 - David Corn said that people making comments about Bill or Hillary may not find themselves in the body for very long – don't be surprised if you see Ted disappear
 - David Corn spoke of Mitt Romney saying that Obama was not a real American

Audio: About Venezuela 1st hour of Al Jazeera [1st segment of the part called NEWS]

An interview in which the interviewer, anchor person for the Al Jazeera takes an aggressive stance, and the reporter handled it beautifully. [We need to see a great deal more of this kind of reporting and approach.]

- Hugo Chavez was in power for 14 hours, and the US killed him the 2nd time he was President

- Chavez was Bolivar re-incarnated.
 - The Dalai Llama will be in US speaking on ethics and moral issues
- To those using social networks: make sure your tone is about the “cup half full”

T: The Central Valley project – in California – announced today; the Central Valley is the breadbasket for the US.

- Last year the CVP gave the farmers 20% of what they wanted
- This year, they get nothing!
- We must contemplate what can be done about this, as there will not be enough to feed everybody
 - This is part of the sinister plan of the “powers that were” and send them love.

Conference Call

Caller: asking about putting good sources of information on 2013 Roundtable: recommended website to read for true information. Lots of stuff to read: lots is conflicting; lots is disinfo

T: Commander – Penny is taking notes on all the conference calls and radio shows

Caller: Hope Girl – has a quantum energy – based on Tesla's work: is she above board?

R: Hope Girl has a lot of good stuff: read between the lines – there are some glitches and use your higher intuition.

Caller: reading Jean Haines – some interesting, some BS

- Refers to the bio resonance article

T: KOS said about Neil Keenan: good intentions paved the way to hell – he got in bed with members of Congress and others: took \$ and got more and more into the idea that the end justifies the means

Caller: is this the same thing that happened with Drake?

T: yes and no: Drake had a racist attitude against Obama – even went for insurrection against the gov't

Caller: only reason he asked about recommended sites, he wastes a lot of time and has to use the delete button on his brain!

- His dog is getting better after the operation. She is almost 11 years old.
- Met someone via Helan Andrasko who does clearing and other energy work – in Santa Fe.

Caller: found some good used books:

- Thom Hartmann's one on collapse of economy in 2016 – except it's happening now
- Also, one on Merriweather Lewis and Clark ; Grandfather of Lewis lived beside Jefferson
 - Madison was related to Rothschild and Jefferson borrowed money from Madison and that's the beginning of the banking system in US

T: The report of the person on Al Jazeera is possible because those ones don't have any money!

- And they are now killing their own – 8th banker just “suicided”

Caller: tonight is the last night of the Dragonfly portal; has been working on affirmations

T: tells her about watching the movie “Dragonfly” on YouTube with Kevin Costner

- KC knows all about NESARA; got his blessings around 2002

T tells caller: A Dream sees The Exodus – name of Ch 29 of **When Rocks Cry Out**

The words in the Old Testament are coded, and the meanings have to be sussed out

Caller: found out about the conehead people – there is an American in Peru who has researched

- And found that some the skulls which have been perienated have fewer holes

T: Norman Seely trained Carolyn Myss in the intuitive medical approach

- **Star Trek the Next Generation** with Patrick Stewart 1987 – 1990
 - Ashtar told Rama that the Stewart as Ashtar is the closest thing to who Ashtar is
 - Talk of when Star Trek movies are on – can be on cable or satellite or **YouTube**

R: On YouTube, some of what he has played has found comments on 9/11, racism,

T: the episodes are related to the topics going on in the 3D world

R: a Star Trek movie called **Insurrection**: Captain Picard and the crew had to save the people and to do it broke the Prime Directive because a rogue group wanted to take over the planet & move the people

- Picard and the others outwitted the rogue group by means of a shield

Caller: those ones are still playing the game of being the bad boys
T: but this time the whole group gets cleaned up!

Caller1: got an e-mail from some one about how to neutralize chemtrails – will pass it on

R: a website www.orgonix.com they make chem trail busters to wear around your neck
Put different flakes and other metals in them

Caller: “how to build a chem buster and . . . “

Mother

Greetings, in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we ask for a boost of love vibrations for all so that the veil of forgetfulness is completely removed, so there is no need for despair - Let's include the good, the bad and the ugly from all levels

Greetings, Children of Ra.

- Indeed where there is despair, hope: Lord, make me an instrument of thy peace in this most precious time of what is unravelling here.
- As we all know, we are here in your midst; Nibiru is in the sphere of your influence; Ashtar is here;
 - all that is happening is about this moment of hope that heals the Planet Earth.
 - And we can say with great certainty, all that is happening for all beings is - the time is nigh!
- Now we come; we come in peace yet there are many stories about what Nibiru brings, and the foment of stories about destruction extinction level events. We are here to dispel these fallacies;
 - your planet, Gaia, Vymaus is moving up in octaves and it is there for all to see. Your beingness, the Tem[ple of the Living God –all that is happening: the great reversal of this time, what we have asked for, and in the same breath, we can say our wayward children, as we lovingly call them, of ulterior motives, even unto the latest hour; the left hand path is what they do best and they seem to be on the fast track that according to the Hopi Prophecy, is the zig zap path that leads to nowhere.
- And it is the ancient ancient story that is her story: all the people that represent the one-hearted people, the good red road that we're on and equality is the order of the day.
 - We are here to dispel the issues that as we [the people] have quite a challenge on our hands – how to heal a planet in a very short moment, and we can just say it is about the nano seconds that are in the midst of each moment which may seem to us like an eternity yet it is so rapidly: it is here and she is here and the final moments of their day int he son is eclipsed by the stories that have to do with the evolutionary leap in consciousness for woman kind, man kind, all of us in the mix, equality for all forms of divne creation.
 - This is the biggest issue of the moment that “they” meaning her wayward children, have an agenda that has ultimately failed.
- As we are experiencing moments of such intensiy that it may seem that we are on the balcony of life, and there are moments when we consider “should I jump or should I stay around for the best”.
 - She say back away from the railing; get off the railing - it is about the moments of eternal life; there are only that we have asked to be here in the mix of these intenes moments that go from agony to ecstasy and theese tempels of the living god are going into alignmet because we asked to be a part of t is divine cycle – Lord, make me an instrument of thy peace:
 - This is the greatest mission that we / you – we are all One; as we greet you, you are greeting us – we are All One on this great barge crossing the river. It is as the eldersof the Hopi Prophecy say “Now is the time, Now is the hour, Let the people know we are here; the ships are in your midst. Nothing that say or do can stop or will stop our ascencsion and that is why it is so intense at this

time simply because we asked to be in the midst.

- Where there is such despair, we [seh] bring hope: we asked to be the salvation for this planet – so be it, and so it is!
- How this comes about is taking our life stream in our heart, calling upon our mighty I AM that I AM, knowing in this moment that we are eternal and always shall be; it is our destiny; yet and we use the word because there is some of this fluctuation going on, trepidation going on: are you real? Is it just because we have heard so many stories about You?
 - Yes, it is a fact of the matter: there are so many facets that are coming into completion cycle – maybe one or two more pieces to be put into place and then all done!
- And it is being done right now – and simply because you asked. And as the elders of 2nd, 3rd Mesa speak you are in the raiver, and as you let go into the river: don't hold back – just go with the flow; float down the river. The red star kachina, the blue star kachina – we are a;; here:
 - It is not about destruction; it is about healing of the most wonderfu kind, and how we do this with such magnificence, grace and love
 - the ones who are coming forth and speaking truth to power in the midst of such atrocities and have taken over - here we get our news and our informational
 - The women of Pussy Riot have stood in the face of the great bear of Russia and shamed him to such a degree – look at the face of Mr Putin: is this how you treat the people of Mother Russia?
 - Where truth to power is spoken and the only way it can be shared is with gulags, whippings, and the idea that you choose to marry your partner who is the same gender, it is a crime in Russia?
- And as the lunatic fringe io the Crazy Clown Car in the US would discrimante against people of same sex marriage: you go to Applebees or the International House of Pancakes and they refust to serve you because you are the same sex – where is the justice?
 - This is why we show up now – we free all slaves wherever they are in the Universe of Nebadon.
 - And the last vestiges of this ancient ancient slave trade wheter it is off planet or here, we are here to free the slaves. Jim Crow is dead, yet they want to resurrect him and create new Jim Crow laws.

T: now we have a new Jim crow

Mo: it matters not whether you swim or fly or walk on 2 legs, 4 legs, 8 legs – we are all one in the eyes of Creator Source, and we have a right to exist in the eyes of the 7 Super Universes.

- The issues at hand are quite intense; they are in the context of our latest news - of what Amy Goodman said this morning creates heaviness in the heart - that they have created open hunting season on people of colour – amy was talking of police walking up to the door, knilocking and when the door was answered, shooting them dead!

T: It is also about the fact that people do not know that the police do not keep recoreds so they cannot be prosecuted – someone shot a young man dead on the L-track because he thought the kid had a taser! All he got was a slap on the wrist.

- We have a lot of things to fix, and we need a lot of people who are self-aware enough to bring in the spiritual law so there can be no more shenanigans and have the wherewithal to teach the loving presence and know the law and be able to talk and teach – this kind of energy can enlighten
T refers to the reporter on al Jazeera and how she handled the presenter.

Mo: this story is about trhe one-hearted people of Kennet, the black land.

Read the book called The Rocks Cry Out as the Bible is skewed, the maps have been skewed..

T: actually, the language in the bible is coded – and the author found out how it worked. This is not exactly skewed; it is about how things are taught & the way things have been left out; it is non-literal

Mo: She and her people come as visitors from our future, which is her past. The wisdom they hold, we [as human beings]also hold; yet it is about this wisdom we seemingly lack, even as we have it within us.

- The very essence of what we are: she calls it the mitochlorians, the Force – we call it mitrochondria - it is the Goddess; we are are gods, goddesses of the most high; we are Elohim returning to Elohih; we are the ones asking to come back at the end of these grand cycles.
- .We are at an end of the serendipity cycle: all that is transpiring here in the moment is the one

issue that is the key to this: it is about love as Commander Sananda Kumara said:

- How can I best serve Creator Source? By doing what is the mission here: – make me an instrument of thy peace, to go forth and share the wisdom of what that peace is:
- It is - Blessed are the peace makers for we shall inherit the earth. That is the order of all things in the moment: it is already happening and this is why the intensity is at a fever pitch.
- As we close out this cycle and enter March Madness, the green horse is a wild stallion and we ride him bareback like Gandalf the White on Shadowfax who can fly all the way to sun and beyond.
- This is the story of - let us just say - the horsemen, horsewomen – how this is brought in the midst of our awareness with all good things. There is a right relationship with the energies of what this horse medicine brings – take a lesson from the riders of Rohan, King Theoden

T: on Thom Hartmann, talked about the laws about the horses

- They have found 2-3 horses in a canyon in California that are ancient, ancient – 10s of thousands of years old. Horses are super smart, highly intuitive and ride like the wind.

Mo: they know what we are thinking as we approach with them, and they know our energy fields:

They know if we are coming from a place of balance or not. They will let us know by their actions Be aware it is always about having the divine mastery of being Creator gods – we asked to be here to experience all the magic and wonderment of this creation story as we created this all together long ago in a galaxy not so far away. As we comprehend the mythical stories that are not myth for example the story of Star Wars goes so deep, it is in our cellular memory; the ancient story being played out now: the holy order of Jedi is here – just remember to use the Force.

T: they received an article which compares what is happening in Ukraine and in Venezuela – there is a connection

Mo: Greg Palast sent Rama a video called “The Murder of Hugo Chavez” and about the energy weapons and the so-called ancient technologies of death which are approaching the sidereal weapons of Star Wars: still needs to look at the movie; it is about the fact that they used energy weapons against Hugo Chavez to give him cancer.

T: as far as she understands, it is like a radiation kind of thing and can be used over quite a distance.

- Reads a few sentences: The Rise of the Anti – Governments – Flash Mobs”
- Sen McCain and Sen Murray were there; she also said something about Shinzo Abe and McCain laid down the plans of how to do this – used the tactics of the Japanese group [Yaku Sadd] and of the CIA. They are using these kinds of things to kill people to make people comply – and the people know that they will never turn back will not!

Mo: she comes at the beginning and end of every yuga to level the playing field!

- We are all ONE, and Alcyone, her twin flame, decided to play this cosmic test with life, the Universe and everything when we all began this story: we said “In loving presence Father and Mother god, teach us how to love; teach us how to create.” And here we are – full circle!
- We know how to create and to un-create; this is the time we set aside the weapons of war: leave them at the door. And come to the Round Table and we will talk about how to heal this story.

T: Thom Hartmann's guest talked about the components of the future technologies – need to look into the future and guide our new cities into being, and all the levels to take into consideration that what we have begun, we do have to reverse. We first have to set out intentions and then we have to learn the true higher law, the divine teachings

- We see Mother again on the 28th which is next Friday – New Moon time -

Mo: As we remember in the movie, **Rise of the Guardians**, Jack Frost and his friends show up with the energies of the March Hare who stamps his foot and says “We'll show what it's about – the Easter bunny is real.”

- All the ancient stories about the magical kingdoms – the unicorns are here, and all the beings – Sagittarius, Pegasus; the folks from the Pegasus Constellation are already here: they bring the wisdom of what that represents in the constellation Pegasus.
- There are so many civilizations that have never ever experienced war; it is unknown to them it is

alien to them: we are ALL ONE, and we do this with great respect, dignity, with the 5 pillars of wisdom that the Mahdi brings: he is already here and he brings the wisdom of the ages.

- Now is the time for peace; now is the time for love. This is done by getting on with the mission – how we can make a difference in whatever we are doing to bring an instrument of thy peace: the people have the power!
- Greetings in the light! Kadoish, Kadoish, kadoish

R: He was at the Antares Arcturus Midway Station, taking with Metatron and Neptha el Ra.

- The frequencies that are coming in – so humbling to being in the presence of such love.
- This planet is on the edge of such a radical shift – for the better! Metatron and his beloved said if you think it is hot now, just wait! The planet is already in a higher frequency octave!
- All the ancient **power points, the grids, the leylines, the vortexes are all up to full power with the zero point modules**

T: Did Metatron say we could use the ziggaurats to open up and completely transmute the air and the radiation, etc?

R: yes; he also said that as we may go on line and look at the local Iraqi newspapers, we may see pictures of ships getting energized at the ziggaurats and sharing that energy with the people who are living in the stone age – they have nothing, like in Afghanistan.

- It is going from the Stone Age to George Jetson
- What he saw at the Midway station; we are at the next moment – as the March Madness begins, we are going to see our friends from all the dimensions show up.

T: Along with new beginnings we will see the decapitation of the old

R: yes, as Rachel Maddow says, the Crazy Clown Car – the people on it are losing it and if I hold on to the idea of continuity, if I hold on to what I know as tangible, i might hold on to a semblance of sanity.

- IT is gone! Give it up! **The compromise is give yourself to love!**

T: “Open up your heart to the tears and laughter “

- What they didn't enunciate about the message yesterday was that KOS called

- *KOS called Randi Rhodes on Feb 20 and said:*

• “ I AM a secret service agent and I have a message for the world, Mr Rush Limbaugh; Mr Ted Nugent, Mr Bill O'Reilly, Sen John McCain; Sen Corker – you are being investigated by the Secret Service for being Nazi collaborators.”

- And he hung up

- **Randi Rhodes said:** “Out of the mouths of the people who are protecting us”

- And then she went to break!
